(Address of principal executive offices)

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Directors  
of United Air Lines, Inc.:

We have audited the accompanying statement of net assets available for plan benefits of the United Air Lines, Inc. Pilots' Directed Account Retirement Income Plan as of November 30, 1995 and 1994, and the related statement of changes in net assets available for plan benefits for the years then ended. These financial statements and supplementary schedules referred to below are the responsibility of the Plan Administrator. Our responsibility is to express an opinion on these financial statements and supplementary schedules based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan Administrator, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the United Air Lines, Inc. Pilots' Directed Account Retirement Income Plan as of November 30, 1995 and 1994, and the changes in its net assets available for plan benefits for the years then ended in conformity with generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of reportable transactions or series of transactions and the supplemental schedule of plan assets are presented

for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

UNITED AIR LINES, INC.

PILOTS' DIRECTED ACCOUNT RETIREMENT INCOME PLAN  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

This description is for general information purposes only. Participants should refer to their summary plan description and individual employee benefit statement for detailed benefit information.

a. General and Plan Participants

United Air Lines, Inc. ("United") established the Pilots' Variable Benefit Retirement Income Plan ("Variable Plan") in 1955 to provide retirement income and other benefits for the pilots of United. On September 1, 1982 the Variable Plan was amended and restructured, retroactive to February 1, 1981, and for active participants is now known as the United Air Lines, Inc. Pilots' Directed Account Retirement Income Plan (the "Directed Account Plan" or "Plan"). All active participants in the Variable Plan automatically became participants in the Directed Account Plan. Therefore, after these actions, the Variable Plan covered essentially only retired participants and the Directed Account Plan covered only active participants. The transition from the Variable Plan to the Directed Account Plan did not constitute a termination of the Variable Plan. The Plan is a defined contribution plan and is subject to the Employee Retirement Income Security Act of 1974, as amended.

United pilots are eligible to become participants in the Plan on the first anniversary of their initial employment.

b. Directed Account Plan Investment Options

Participants are able to individually allocate their account balances among ten different investment funds. The investment funds consist of the Money Market Fund, the UAL Corporation Stock Fund, the Short-Term Government Securities Fund, the Intermediate/Long-Term Bond Fund, the Government Bond Fund, and five Equity Funds. If a participant does not allocate his account balance among the investment funds, his balance will be invested in the Money Market Fund. Participants may reallocate their fund balances or change their future contribution allocation daily. Automatic daily reallocation is accomplished in several Balanced Funds that invest in the other investment funds in predetermined portions.

Participants may invest in the UAL Stock Fund only through transfers from the Money Market Fund. Existing balances from Company contributions, rollover contributions from qualified defined contribution plans and earnings from both may be invested in the UAL Stock Fund.

On July 12, 1994, UAL Corporation underwent a recapitalization under Section 368(a)(1)(E) of the Internal Revenue Code of 1986, pursuant to which the shareholders engaged in a recapitalization exchange with UAL Corporation. Each share of Old Common Stock was exchanged for a package consisting of one half of a share of New Common Stock and \$84.81 in cash. The cash consideration received by the Trustee on behalf of Plan participants was used to purchase additional shares of New Common Stock or, at the direction of Plan participants, was transferred to other investment funds. Pursuant to the terms of the recapitalization, fund transfers into the UAL Stock Fund were temporarily suspended from July 12, 1994 to July 19, 1994 and from January 12, 1995 to March 15, 1995. On May 20, 1996 (with a May 6, 1996 record date), UAL Common Stock underwent a 4 for 1 stock split. Shares held in the UAL Stock Fund were adjusted accordingly.

c. Contributions and Vesting

Prior to July 12, 1994, United contributed 9% of a pilot's earnings to the Plan. In connection with the July 12, 1994 recapitalization, this contribution was reduced to 1%. Company contributions on behalf of a participant are allocated directly to each participant's account. Pilots may also elect to voluntarily contribute, in multiples of 1%, any percentage, up to 50% (subject to the 25% overall limit discussed below) of each paycheck received. Pilots immediately vest in company and voluntary contributions.

Pilot voluntary contributions to the Plan can be made, subject to a maximum of \$9,240 in 1995 and \$9,500 in 1996, on a pretax basis as permitted by Section 401(k) of the Internal Revenue Code. Lower limits may apply to certain highly compensated participants if the Plan does not pass certain nondiscrimination tests required by law. During each calendar year a pilot's voluntary contributions will be changed from a pretax basis to an after tax basis if the pilot elects and if the legal limit for pretax contributions is exceeded. Section 415 of the Internal Revenue Code limits the total amount of contributions from all sources to the lesser of 25% of annual pension earnings or \$30,000.

Contributions to the Plan include \$330,734 and \$470,736 for 1995 and 1994, respectively, which were transferred from other qualified plans as rollovers under Internal Revenue Code Section 401(a).

d. Withdrawals

Withdrawals from the Plan may be made as follows, as applicable to the participant's eligibility, amount requested, and existing balances:

Participants who have separated from service (for reasons other than death) may elect payment in the form of a lump sum, periodic distributions, irregular partial distributions, or through the purchase of an annuity. Distributions may also be directly rolled over into an IRA or qualified plan.

Withdrawals are normally made in the form of a fixed life annuity, if the participant is unmarried, or a 50% contingent annuity with the spouse as the contingent annuitant, if the participant is married. Spousal consent is required if the participant elects to take a distribution in the form of a lump sum payment, periodic distributions, irregular partial distributions, and other forms of annuities. Participants are able to defer the distribution of the account until April 1 of the next calendar year after reaching age 70-1/2.

Distributions of accounts due to death of a participant may be taken by the participant's beneficiary in the form of a lump sum payment or through the purchase of an annuity. The participant's surviving spouse, if any, is automatically the beneficiary of half of the account, unless the spouse waives this right.

In-service withdrawals for participants, who are actively employed or are absent due to reasons of illness (other than grounded status), layoff, or approved leave of absence and maintain an employer-employee relationship with United Air Lines, Inc., are permitted as follows:

- Discretionary withdrawals of post-tax contributions and earnings
- Hardship withdrawals from 401(k) account, subject to restrictions described in the Plan
- After reaching age 59-1/2, subject to certain requirements specified in the Plan, all or a portion of the participant's 401(k) account may be withdrawn
- Upon reaching age 70-1/2, minimum distributions required under Internal Revenue Code 401(a)(9) must be taken no later than April 1 following the calendar year that the participant has reached age 70-1/2.

In the case that a participant's account has never exceeded \$3,500, total distribution of the account will be made in a lump sum payment upon termination of employment or death.

Generally, withdrawals are allocated pro-rata to the balances of each of the investment funds in the participant's account.

Alternatively, the participant may specify which fund(s) that distribution is made from. Distributions from UAL Stock Fund, may be made in cash, or in whole shares of UAL Corporation common stock, with fractional shares distributed in cash.

e. Plan Termination Provisions

If the Plan is terminated, all amounts credited to a participant's account at the time of termination shall be retained in the Trust and will be distributed in accordance with the normal distribution rules of the Plan.

f. Trustee

The Frank Russell Trust Company serves as Plan trustee.

2. SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Accounting

The financial statements are presented on the accrual basis.

b. Investments

Domestic investments are stated at fair value, generally, as determined by market prices quoted on U.S. securities exchanges. The fair value of foreign securities and foreign currency deposits is based on market prices quoted on foreign securities exchanges and this value is converted to U.S. dollars using the exchange rate in effect at plan year-end. Assets in the UAL Stock Fund are invested in UAL Corporation common stock and are valued at market prices quoted on the New York Stock Exchange ("NYSE"). Transfers into the UAL Stock Fund are made as of the close of the NYSE on the 15th of the month or the first business day thereafter.

c. Net Appreciation (Depreciation) in Value of Investments

Net appreciation or depreciation in value of investments includes realized and unrealized gains and losses. Realized and unrealized gains and losses are calculated as the difference between fair value at December 1, or date of purchase if subsequent to December 1, and fair value at date of sale or the current year-end. The unrealized gain or loss on investments represents the difference between fair value at December 1, or date of purchase, and the fair value at the date of sale or the current year-end plus, where applicable, the change in the exchange rate between the U.S. dollar and the foreign currency in which the assets are denominated from December 1, or the date of purchase, to the date of sale or the current year-end.

d. Plan Expenses

Management fees are paid to the trustee based upon investment fund balances. Brokerage and other investment fees are included in the cost of the related security. United performs certain administrative functions for the Plan without charge.

3. INVESTMENT ADMINISTRATION

Plan assets are invested by a group of investment managers. The investment managers buy or sell securities on behalf of the Plan, in accordance with the investment objectives and guidelines established for each of the ten different investment funds.

As of November 30, 1995, the investment managers were as follows:

Money Market Fund	- Frank Russell Trust Company
UAL Stock Fund	- Frank Russell Trust Company
Short-Term Government Securities Fund	- Pacific Investment Management Company
Intermediate/Long-Term Bond Fund	- Sanford C. Bernstein & Co., Inc.
Government Bond Fund	- Frank Russell Trust Company
Income/Value Equity Fund	- Brandywine Asset Management - Dodge & Cox, Inc.
Growth Equity Fund	- Alliance Capital Management - Jundt Associates, Inc.
Small Cap Equity Fund	- Jacobs Levy Equity Management, Inc. - Peregrine Capital Management - Turner Investment Partners, Inc.
International Equity Fund	- Capital Guardian Trust Company - Rowe Price-Fleming International, Inc. - The Boston Company Asset Management, Inc.
S & P 500 Index Fund	- Panagora Asset Management

4. TAX STATUS

The Plan obtained its latest determination letter on August 8, 1986. The Internal Revenue Service stated that the Plan, as written, was in compliance with the requirements of the Internal Revenue Code and that the trust was tax exempt. The Plan has been amended since receiving the determination letter and a revised determination letter has been requested from the Internal Revenue Service.

#### 7. SUBSEQUENT EVENT

On December 11, 1995, two additional options were added to the Pilots' Directed Account Retirement Income Plan. The Mutual Fund Option allows participants to invest in a wide range of mutual funds publicly traded on the NYSE. There is no minimum investment required for this option, however all investments must be transferred to and from the Money Market Fund. The Schwab Personal Choice Retirement Account is an individual brokerage account and allows the participant to invest in more than 850 mutual funds, stocks listed on every major US exchange, money market funds, and bonds and other fixed-income investments. There is a required minimum initial investment of \$1,000. Like the Mutual Fund Option, all investments must be transferred to and from the Money Market Fund. These options were added to provide participants with the opportunity to assume greater responsibility for their investments. Participants who choose to invest in these options must sign a disclaimer which states that he/she will accept the liability of any potential losses.
