**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(UNAUDITED)**

In our opinion, the unaudited consolidated financial statements included herein contain all adjustments necessary to present fairly our financial position, results of operations and cash flows for the periods indicated. Such adjustments, other than nonrecurring adjustments that have been separately disclosed, are of a normal, recurring nature. We recorded \$11 million of depreciation expense during the quarter ended March 31, 2010 that relates to prior periods, the impact of which is not material to any individual prior period or our expected annual results for 2010.

The accompanying consolidated financial statements should be read in conjunction with the consolidated financial statements and the notes thereto contained in our Annual Report on Form 10-K for the year ended December 31, 2009 (the "2009 Form 10-K"). Due to seasonal fluctuations common to the airline industry, our results of operations for the periods presented are not necessarily indicative of the results of operations to be expected for the entire year. As used in these Notes to Consolidated Financial Statements, the terms "Continental," "we," "us," "our" and similar terms refer to Continental Airlines, Inc. and, unless the context indicates otherwise, its consolidated subsidiaries.

**NOTE 1 – ADOPTED AND RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS**

Variable Interest Entities. In June 2009, the Financial Accounting Standards Board ("FASB") issued guidance to change financial reporting by enterprises involved with variable interest entities ("VIEs"). The standard replaces the quantitative-based risks and rewards calculation for determining which enterprise has a controlling financial interest in a VIE with an approach focused on identifying which enterprise has the power to direct the activities of a VIE and the obligation to absorb losses of the entity or the right to receive the entity's residual returns. This accounting standard became effective for us on January 1, 2010. The adoption of this pronouncement did not have any effect on our consolidated financial statements.

Revenue Arrangements with Multiple Deliverables. In October 2009, the FASB issued guidance that changes the accounting for revenue arrangements with multiple deliverables. The guidance requires an entity to allocate consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices and eliminates the use of the residual method of allocation. The guidance establishes a hierarchy for determining the selling price of a deliverable, based on vendor-specific objective evidence, third-party evidence or estimated selling price. In addition, this guidance expands required disclosures related to a vendor's multiple-deliverable revenue arrangements. This accounting standard is effective for us on January 1, 2011 and may change our accounting for the sale of frequent flyer mileage credits. We may elect to adopt this guidance through either prospective application for revenue arrangements entered into, or materially modified, after the effective date or retrospective application to all applicable revenue arrangements for all periods presented. We are currently evaluating the requirements of this pronouncement and have not determined the impact, if any, that adoption of this standard will have on our consolidated financial statements.

**NOTE 2 – LOSS PER SHARE**

Because we incurred a net loss in the three months ended March 31, 2010 and 2009, basic and diluted loss per share for each period were calculated as our net loss divided by the weighted average shares outstanding. Approximately 24 million and 13 million potential shares of our common stock related to convertible debt securities

---

were excluded from the computation of diluted loss per share in the three months ended March 31, 2010 and 2009, respectively, because they were antidilutive. In addition, approximately eight million weighted average options to purchase shares of our common stock were excluded from the computation of diluted loss per share for the three months ended March 31, 2010 and 2009 because the effect of including the options would have been antidilutive.

### NOTE 3 – FLEET INFORMATION

As of March 31, 2010, our operating fleet consisted of 333 mainline jets and 253 regional aircraft. The 333 mainline jets are operated exclusively by us, while the 253 regional aircraft are operated on our behalf by other operators under capacity purchase agreements.

We own or lease 274 regional jets. Of these, 208 are leased or subleased to ExpressJet Airlines, Inc. (“ExpressJet”) and operated on our behalf under a capacity purchase agreement with ExpressJet, 41 are subleased to other operators but are not operated on our behalf and 25 are temporarily grounded. Additionally, our regional operating fleet includes 45 regional jet and turboprop aircraft owned or leased by third parties that are operated on our behalf by other operators under capacity purchase agreements.

The following table summarizes our operating fleet (aircraft operated by us and by others on our behalf) as of March 31, 2010:

- (a) Excludes eight grounded Boeing 737-500 aircraft (two owned and six leased) and eight grounded owned Boeing 737-300 aircraft. Also excludes one leased 757-300 aircraft delivered but not yet placed into service.
- (b) Excludes 25 ERJ-135 aircraft that are temporarily grounded and 15 ERJ-145XR aircraft, 21 ERJ-145 aircraft and five ERJ-135 aircraft that are subleased to other operators, but are not operated on our behalf.
- (c) Operated by Chautauqua Airlines, Inc. (“Chautauqua”) under a capacity purchase agreement.
- (d) Operated by Colgan Air, Inc. (“Colgan”) under a capacity purchase agreement.
- (e) Operated by Champlain Enterprises, Inc. (“CommutAir”) under a capacity purchase agreement.

Substantially all of the aircraft and engines we own are subject to mortgages.

Mainline Fleet Activity. During the first quarter of 2010, we placed into service two leased Boeing 757-300 aircraft. An additional leased Boeing 757-300 aircraft will be placed into service in April 2010. We removed three Boeing 737-500 aircraft and three Boeing 737-300 aircraft from service during the first quarter of 2010. We have no Boeing 737-300 aircraft remaining in our operating fleet as of March 31, 2010.

Regional Fleet Activity. In December 2009, we agreed with ExpressJet to amend our capacity purchase agreement to permit ExpressJet to fly eight ERJ-145 aircraft for another carrier under a capacity purchase agreement. These eight aircraft are subleased from us and were previously flown for us under our capacity purchase agreement. As of March 31, 2010, six of these aircraft had been removed from service for us. The remaining two aircraft will be removed from service for us during the second quarter of 2010. The subleases have an average initial term of two and one-half years.

Firm Order and Option Aircraft. As of March 31, 2010, we had firm commitments to purchase 86 new aircraft (58 Boeing 737 aircraft, three Boeing 777 aircraft and 25 Boeing 787 aircraft) scheduled for delivery from 2010 through 2016, with an estimated aggregate cost of \$5.1 billion including related spare engines. In addition to our firm order aircraft, we had options to purchase a total of 98 additional Boeing aircraft as of March 31, 2010.

We are currently scheduled to take delivery of two Boeing 777 aircraft and 12 Boeing 737 aircraft through the end of 2010. Due to issues arising out of the governmental certification process used by the manufacturer of the coach seats on the Boeing 777 aircraft and the coach and first class seats on the Boeing 737 aircraft scheduled for delivery this year, we have incurred delays and expect to continue to incur delays of up to six months for most of the aircraft scheduled for delivery in 2010. While this seat manufacturer also provided the seats installed on most of the Boeing aircraft currently in our fleet, we do not believe these issues will have a material impact on our ability to continue to operate any of the aircraft in our fleet based on information currently available to us.

#### **NOTE 4 – FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS**

Accounting rules for fair value clarify that fair value is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants based on the highest and best use of the asset or liability. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. FASB Accounting Standards Codification (“ASC”) Topic 820 requires us to use valuation techniques to measure fair value that maximize the use of observable inputs and minimize the use of unobservable inputs. These inputs are prioritized as follows:

---

- Level 1: Observable inputs such as quoted prices for identical assets or liabilities in active markets  
Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets or liabilities or market-corroborated inputs  
Level 3: Unobservable inputs for which there is little or no market data and which require us to develop our own assumptions about how market participants would price the assets or liabilities

The valuation techniques that may be used to measure fair value are as follows:

- (A) Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities  
(B) Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about those future amounts, including present value techniques, option-pricing models and excess earnings method  
(C) Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost)

Assets (liabilities) measured at fair value on a recurring basis include (in millions):

The determination of fair value of each of these items is discussed below:

**Cash, Cash Equivalents and Restricted Cash.** Cash, cash equivalents and restricted cash consist primarily of U.S. Government and Agency money market funds and other AAA-rated money market funds with original maturities of three months or less. The original cost of these assets approximates fair value due to their short-term maturity.

**Short-Term Investments Other than Auction Rate Securities.** Short-term investments other than auction rate securities primarily consist of certificates of deposit placed through an account registry service ("CDARS") and automobile and equipment loan-related asset-backed securities. The fair values of these investments are based on observable market data.

**Student Loan-Related Auction Rate Securities.** At March 31, 2010, we held student loan-related auction rate securities with a fair value of \$164 million and a par value of \$209 million. These securities were classified as follows (in millions):

	Fair Value	Par Value	Amortized Cost
Short-term investments:			
Available-for-sale	\$117	\$145	\$116
Trading	47	64	N/A
Total	<u>\$164</u>	<u>\$209</u>	

These securities are variable-rate debt instruments with contractual maturities generally greater than ten years and whose interest rates are reset every seven, 28 or 35 days, depending on the terms of the particular instrument. These securities are secured by pools of student loans guaranteed by state-designated guaranty agencies and reinsured by the U.S. government. All of the auction rate securities we hold are senior obligations under the applicable indentures authorizing the issuance of the securities. We estimated the fair value of these securities to be \$164 million at March 31, 2010, taking into consideration the limited sales and offers to purchase such securities

and using internally-developed models of the expected future cash flows related to the securities. Our models incorporated our probability-weighted assumptions about the cash flows of the underlying student loans and discounts to reflect a lack of liquidity in the market for these securities.

In addition, in 2008, one institution granted us a put right permitting us in 2010 to sell to the institution at their full par value certain auction rate securities. The institution has also committed to loan us 75% of the market value of these securities at any time until the put right is exercised. As of March 31, 2010, we held auction rate securities with a par value of \$64 million that were subject to the put right. The put right is recorded at fair value in prepayments and other assets on our consolidated balance sheet. We determined the fair value based on the difference between the risk-adjusted discounted expected cash flows from the underlying auction rate securities without the put right and with the put right being exercised in 2010. We have classified the underlying auction rate securities as trading securities and elected the fair value option under the Fair Value Subsections of ASC Topic 825-10, "Financial Instruments," for the put right, with changes in the fair value of the put right and the underlying auction rate securities recognized in other non-operating income (expense) currently.

During the first quarter of 2010, we sold, at par, auction rate securities having a par value of \$42 million. Certain of these auction rate securities were subject to the put right discussed above. We recognized gains on the sales using the specific identification method and recorded losses on the cancellation of any related put rights. The net gains are included in other non-operating income (expense) in our consolidated statement of operations and were not material.

We continue to monitor the market for auction rate securities and consider its impact, if any, on the fair value of our investments. If current market conditions deteriorate further, we may be required to record additional losses on these securities.

Fuel Derivatives. We determine the fair value of our fuel derivatives by obtaining inputs from a broker's pricing model that is based on inputs that are either readily available in public markets or can be derived from information available in publicly quoted markets. We verify the reasonableness of these inputs by comparing the resulting fair values to similar quotes from our counterparties as of each date for which financial statements are prepared. For derivatives not covered by collateral, we also make an adjustment to incorporate credit risk into the valuation. Due to the fact that certain of the inputs utilized to determine the fair value of the fuel derivatives are unobservable (principally volatility of crude oil prices and the credit risk adjustments), we have categorized these option contracts as Level 3.

Foreign Currency Forward Contracts. We determine the fair value of our foreign currency derivatives by comparing our contract rate to a published forward price of the underlying currency, which is based on market rates for comparable transactions.

Unobservable Inputs. The reconciliation of our assets (liabilities) measured at fair value on a recurring basis using unobservable inputs (Level 3) is as follows (in millions):

Other Financial Instruments. Other financial instruments that are not subject to the disclosure requirements of ASC Topic 820 are as follows:

- Debt. The fair value of our debt with a carrying value of \$6.0 billion at March 31, 2010 was approximately \$5.9 billion. These estimates were based on either market prices or the discounted amount of future cash flows using our current incremental rate of borrowing for similar liabilities.
- Accounts Receivable and Accounts Payable. The fair values of accounts receivable and accounts payable approximated carrying value due to their short-term maturity.

#### NOTE 5 - HEDGING ACTIVITIES

As part of our risk management program, we use a variety of derivative financial instruments to help manage our risks associated with changes in fuel prices and foreign currency exchange rates. We do not hold or issue derivative financial instruments for trading purposes.

We are exposed to credit losses in the event of non-performance by issuers of derivative financial instruments. To manage credit risks, we select issuers based on credit ratings, limit our exposure to any one issuer under our defined guidelines and monitor the market position with each counterparty.

**Fuel Price Risk Management.** We routinely hedge a portion of our future fuel requirements, provided the hedges are expected to be cost effective. We have historically entered into swap agreements, purchased call options or costless collar arrangements to protect us against sudden and significant increases in jet fuel prices. We typically conduct our fuel hedging activities using a combination of crude oil, jet fuel and heating oil contracts. We strive to maintain fuel hedging levels and exposure generally comparable to that of our major competitors, so that our fuel cost is not disproportionate to theirs.

As of March 31, 2010, our projected consolidated fuel requirements for the remainder of 2010 and the first quarter of 2011 were hedged as follows:

	Maximum Price		Minimum Price	
	% of Expected Consumption	Weighted Average Price (per gallon)	% of Expected Consumption	Weighted Average Price (per gallon)
<b>Remainder of 2010</b>				
WTI crude oil swaps	10%	\$1.83	10%	\$1.83
WTI crude oil call options	14	\$2.25	N/A	N/A
Total	<u>24%</u>		<u>10%</u>	
<b>First Quarter of 2011</b>				
WTI crude oil call options	2%	\$2.33	N/A	N/A

We account for our fuel derivatives as cash flow hedges and record them at fair value in our consolidated balance sheet with the change in fair value, to the extent effective, being recorded to accumulated other comprehensive income (loss) ("accumulated OCI"), net of applicable income taxes. Fuel hedge gains (losses) are recognized as a component of fuel expense when the underlying fuel hedged is used. The ineffective portion of our fuel hedges is determined based on the correlation between jet fuel and crude oil or heating oil prices and is included in nonoperating income (expense) in our consolidated statement of operations.

When our fuel hedges are in a liability position, we may be required to post cash collateral with our counterparties. We were not required to post any such collateral at March 31, 2010 or December 31, 2009. At March 31, 2009, we had posted cash collateral with our counterparties totaling \$168 million and granted a lien in favor of a counterparty on one Boeing 777-200 aircraft in lieu of posting an additional \$63 million in cash. The cash collateral is reported in prepayments and other current assets in our consolidated balance sheet.

**Foreign Currency Exchange Risk Management.** We have historically used foreign currency average rate options and forward contracts to hedge against the currency risk associated with our forecasted Japanese yen, British pound, Canadian dollar and euro-denominated cash flows. The average rate options and forward contracts have only nominal intrinsic value at the date contracted. At March 31, 2010, we had forward contracts outstanding to hedge 34% of our projected Japanese yen-denominated cash inflows, primarily from passenger ticket sales, through 2010.

We account for these instruments as cash flow hedges. They are recorded at fair value in our consolidated balance sheet with the offset to accumulated OCI, net of applicable income taxes and hedge ineffectiveness, and are recognized as passenger revenue in the month of sale. We measure hedge effectiveness of average rate options and forward contracts based on the forward price of the underlying currency. Hedge ineffectiveness, if any, is included in other nonoperating income (expense) in our consolidated statement of operations.

**Quantitative Disclosures.** All of our derivative instruments were designated as cash flow hedges and were reported in our consolidated balance sheet as follows (in millions):

	Asset Derivatives (1)			Liability Derivatives (2)		
	March 31, 2010	December 31, 2009	March 31, 2009	March 31, 2010	December 31, 2009	March 31, 2009

**NOTE 7 – STOCK-BASED COMPENSATION AND EMPLOYEE BENEFIT PLANS**

Profit Based RSU Awards. In February 2010, we issued 1.4 million profit based restricted stock unit (“RSUs”) awards, which can result in cash payments to our officers upon the achievement of specified profit sharing-based performance targets. The performance period for these awards is January 1, 2010 through December 31, 2012. These awards have cumulative profit sharing performance targets ranging from \$4 million to \$120 million and payment percentages ranging from 25% to 200%. The cash hurdle associated with these awards is \$2.2 billion. These awards were issued pursuant to our Incentive Plan 2010, which is subject to stockholder approval at our annual meeting of stockholders to be held on June 9, 2010. Accordingly, we recognized no expense related to the awards in the three months ended March 31, 2010.

Stock-Based Compensation Expense. Total stock-based compensation expense (credit) included in wages, salaries and related costs for the three months ended March 31, 2010 and 2009 was \$9 million and \$(24) million, respectively. As of March 31, 2010, \$3 million of compensation cost attributable to future service related to unvested employee stock options had not yet been recognized. This amount will be recognized in expense over a weighted-average period of 1.3 years.

---

**Defined Benefit Pension and Retiree Medical Plans.** Net periodic defined benefit pension and retiree medical benefits expense for the three months ended March 31 included the following components (in millions):

	Defined Benefit Pension		Retiree Medical Benefits	
	2010	2009	2010	2009
Service cost	\$ 16	\$16	\$ 3	\$ 3
Interest cost	40	38	3	4
Expected return on plan assets	(28)	(22)	-	-
Amortization of unrecognized net actuarial (gain) loss	22	28	(1)	(1)
Amortization of prior service cost	3	2	5	5
Net periodic benefit expense	<u>\$ 53</u>	<u>\$62</u>	<u>\$10</u>	<u>\$ 11</u>

During the first quarter of 2010, we contributed \$34 million to our tax-qualified defined benefit pension plans and on April 8, 2010 we contributed an additional \$40 million to the plans. Our remaining minimum funding requirements during calendar year 2010 are approximately \$50 million.

**Defined Contribution Plans.** Our defined contribution 401(k) employee savings plans cover substantially all employees. Company matching contributions are made in cash. Total expense for all defined contribution plans, including two pilot-only plans, was \$26 million and \$25 million for the three months ended March 31, 2010 and 2009, respectively.

#### **NOTE 8 - SPECIAL CHARGES**

Special charges for the three months ended March 31 were as follows (in millions):

	2010	2009
Aircraft-related charges, net	\$ 6	\$ 4
Severance	4	-
Total special charges	<u>\$10</u>	<u>\$ 4</u>

The special charges all relate to our mainline segment unless otherwise noted.

In the first quarter of 2010, we recorded \$6 million of aircraft-related charges related to grounded Boeing 737-300 aircraft, which is net of gains on the sale of two Boeing 737-500 aircraft to a foreign buyer.

During the first quarter of 2010, we announced plans to eliminate 600 reservation positions due to a continued decline in the number of customers calling our reservation center. We also announced plans to eliminate 150 ground handling workers at seven cities served by our regional operations where ground handling functions will be performed by third parties. We recorded a charge of \$4 million for severance and other costs in connection with these reductions in force and furloughs, including \$2 million related to our regional operations.

In the first quarter of 2009, we recorded a \$4 million charge for future lease costs and return conditions on a permanently grounded Boeing 737-300 aircraft.

Accrual Activity. Activity related to the accruals for severance and associated continuing medical coverage costs and future lease payments on unused facilities is as follows (in millions):

	Severance/ Medical Costs	Unused Facilities
Balance, December 31, 2009	\$14	\$26
Accrual	4	-
Payments	(5)	(1)
Balance, March 31, 2010	<u>\$13</u>	<u>\$25</u>

Cash payments related to the accruals for severance and associated continuing medical coverage costs will be made through the third quarter of 2011. Remaining lease payments on unused facilities will be made through 2018.

#### **NOTE 9 - INCOME TAXES**

Our effective tax rates differ from the federal statutory rate of 35% primarily due to the following: changes in the valuation allowance, expenses that are not deductible for federal income tax purposes and state income taxes. We are required to provide a valuation allowance for our deferred tax assets in excess of deferred tax liabilities because we have concluded that it is more likely than not that such deferred tax assets will ultimately not be realized. As a result, our pre-tax losses for the first quarter of 2010 were not reduced by any tax benefit.

Section 382 of the Internal Revenue Code ("Section 382") imposes limitations on a corporation's ability to utilize NOLs if it experiences an "ownership change." In general terms, an ownership change may result from transactions increasing the ownership of certain stockholders in the stock of a corporation by more than 50 percentage points over a three-year period. In the event of an ownership change, utilization of our NOLs would be subject to an annual limitation under Section 382 determined by multiplying the value of our stock at the time of the ownership change by the applicable long-term tax-exempt rate (which is 4.03% for March 2010). Any unused annual limitation may be carried over to later years. The amount of the limitation may, under certain circumstances, be increased by the built-in gains in assets held by us at the time of the change that are recognized in the five-year period after the change. If we were to have an ownership change as of March 31, 2010 under current conditions, our annual NOL utilization could be limited to \$123 million per year, before consideration of any built-in gains.

#### **NOTE 10 - SEGMENT REPORTING**

We have two reportable segments: mainline and regional. The mainline segment consists of flights using larger jets while the regional segment currently consists of flights with a capacity of 79 or fewer seats. As of March 31, 2010, the regional segment was operated by ExpressJet, Chautauqua, CommutAir and Colgan through capacity purchase agreements.

We evaluate segment performance based on several factors, of which the primary financial measure is operating income (loss). However, we do not manage our business or allocate resources based on segment operating profit or loss because (1) our flight schedules are designed to maximize revenue from passengers flying, (2) many operations of the two segments are substantially integrated (for example, airport operations, sales and marketing, scheduling and ticketing) and (3) management decisions are based on their anticipated impact on the overall network, not on one individual segment.

Financial information for the three months ended March 31 by business segment is set forth below (in millions):

	2010	2009
<b>Operating Revenue:</b>		
Mainline	\$2,676	\$2,529
Regional	493	433
Total Consolidated	<u>\$3,169</u>	<u>\$2,962</u>
<b>Operating Income (Loss):</b>		
Mainline	\$ 23	\$ 63
Regional	(74)	(118)
Total Consolidated	<u>\$ (51)</u>	<u>\$ (55)</u>
<b>Net Loss:</b>		
Mainline	\$ (69)	\$ (15)
Regional	(77)	(121)
Total Consolidated	<u>\$ (146)</u>	<u>\$ (136)</u>

The amounts in the table above are presented on the basis of how our management reviews segment results. Under this basis, the regional segment's revenue includes a pro-rated share of our ticket revenue for segments flown by regional carriers and expenses include all activity related to the regional operations, regardless of whether the costs were paid directly by us or to the regional carriers.

#### **NOTE 11 - COMMITMENTS AND CONTINGENCIES**

Aircraft Purchase Commitments. As of March 31, 2010, we had firm commitments to purchase 86 new aircraft (58 Boeing 737 aircraft, three Boeing 777 aircraft and 25 Boeing 787 aircraft) scheduled for delivery from 2010 through 2016, with an estimated aggregate cost of \$5.1 billion including related spare engines. We are currently scheduled to take delivery of two Boeing 777 aircraft and 12 Boeing 737 aircraft through the end of 2010. In addition to our firm order aircraft, we had options to purchase a total of 98 additional Boeing aircraft as of March 31, 2010.

We have obtained financing for the two Boeing 777 aircraft and nine of the Boeing 737 aircraft to be delivered in 2010, provided that they are delivered by August 31, 2010. We expect the 11 aircraft to be delivered by such date. However, we do not have backstop financing or any other financing currently in place for the balance of the Boeing aircraft on order. Further financing will be needed to satisfy our capital commitments for our firm aircraft and other related capital expenditures. We can provide no assurance that backstop financing or any other financing not already in place for our aircraft deliveries will be available to us when needed on acceptable terms or at all. Since the commitments for firm order aircraft are non-cancelable, and assuming no breach of the agreement by Boeing, if we are unable to obtain financing and cannot otherwise satisfy our commitment to purchase these aircraft, the manufacturer could exercise its rights and remedies under applicable law, such as seeking to terminate the contract for a material breach, selling the aircraft to one or more other parties and suing us for damages to recover any resulting losses incurred by the manufacturer.

Financings and Guarantees. We are the guarantor of approximately \$1.7 billion in aggregate principal amount of tax-exempt special facilities revenue bonds and interest thereon, excluding the US Airways contingent

liability described below. These bonds, issued by various airport municipalities, are payable solely from our rentals paid under long-term agreements with the respective governing bodies. The leasing arrangements associated with approximately \$1.5 billion of these obligations are accounted for as operating leases, and the leasing arrangements associated with approximately \$190 million of these obligations are accounted for as capital leases.

We are contingently liable for US Airways' obligations under a lease agreement between US Airways and the Port Authority of New York and New Jersey related to the East End Terminal at LaGuardia airport. These obligations include the payment of ground rentals to the Port Authority and the payment of other rentals in respect of the full amounts owed on special facilities revenue bonds issued by the Port Authority having an outstanding par amount of \$109 million at March 31, 2010 and a final scheduled maturity in 2015. If US Airways defaults on these obligations, we would be obligated to cure the default and we would have the right to occupy the terminal after US Airways' interest in the lease had been terminated.

We also had letters of credit and performance bonds relating to various real estate, customs, and aircraft financing obligations at March 31, 2010 in the amount of \$108 million. These letters of credit and performance bonds have expiration dates through April 2014.

General Guarantees and Indemnifications. We are the lessee under many real estate leases. It is common in such commercial lease transactions for us as the lessee to agree to indemnify the lessor and other related third parties for tort liabilities that arise out of or relate to our use or occupancy of the leased premises and the use or occupancy of the leased premises by regional carriers operating flights on our behalf. In some cases, this indemnity extends to related liabilities arising from the negligence of the indemnified parties, but usually excludes any liabilities caused by their gross negligence or willful misconduct. Additionally, we typically indemnify such parties for any environmental liability that arises out of or relates to our use of the leased premises.

In our aircraft financing agreements, we typically indemnify the financing parties, trustees acting on their behalf and other related parties against liabilities that arise from the manufacture, design, ownership, financing, use, operation and maintenance of the aircraft and for tort liability, whether or not these liabilities arise out of or relate to the negligence of these indemnified parties, except for their gross negligence or willful misconduct.

We expect that we would be covered by insurance (subject to deductibles) for most tort liabilities and related indemnities described above with respect to real estate we lease and aircraft we operate.

In our financing transactions that include loans, we typically agree to reimburse lenders for any reduced returns with respect to the loans due to any change in capital requirements and, in the case of loans in which the interest rate is based on the London Interbank Offered Rate ("LIBOR"), for certain other increased costs that the lenders incur in carrying these loans as a result of any change in law, subject in most cases to certain mitigation obligations of the lenders. At March 31, 2010, we had \$1.4 billion of floating rate debt and \$272 million of fixed rate debt, with remaining terms of up to ten years, that is subject to these increased cost provisions. In several financing transactions involving loans or leases from non-U.S. entities, with remaining terms of up to ten years and an aggregate carrying value of \$1.5 billion, we bear the risk of any change in tax laws that would subject loan or lease payments thereunder to non-U.S. entities to withholding taxes, subject to customary exclusions.

We may be required to make future payments under the foregoing indemnities and agreements due to unknown variables related to potential government changes in capital adequacy requirements, laws governing LIBOR based loans or tax laws, the amounts of which cannot be estimated at this time.

---

Credit Card Processing Agreement. The covenants contained in our domestic bank-issued credit card processing agreement with Chase Bank USA, N.A. (“Chase”) require that we post additional cash collateral if we fail to maintain (1) a minimum level of unrestricted cash, cash equivalents and short-term investments, (2) a minimum ratio of unrestricted cash, cash equivalents and short-term investments to current liabilities of 0.25 to 1.0 or (3) a minimum senior unsecured debt rating of at least Caa3 and CCC- from Moody’s and Standard & Poor’s, respectively.

Under the terms of our credit card processing agreement with American Express, if a covenant trigger under the Chase processing agreement requires us to post additional collateral under that agreement, we would be required to post additional collateral under the American Express processing agreement. The amount of additional collateral required under the American Express processing agreement would be based on a percentage of the value of unused tickets (for travel at a future date) purchased by customers using the American Express card. The percentage for purposes of this calculation is the same as the percentage applied under the Chase processing agreement, after taking into account certain other risk protection maintained by American Express.

Under these processing agreements and based on our current air traffic liability exposure (as defined in each agreement), we would be required to post collateral up to the following amounts if we failed to comply with the covenants described above:

- a total of \$72 million if our unrestricted cash, cash equivalents and short-term investments balance falls below \$2.0 billion;
- a total of \$222 million if we fail to maintain the minimum unsecured debt ratings specified above;
- a total of \$422 million if our unrestricted cash, cash equivalents and short-term investments balance (plus any collateral posted at Chase) falls below \$1.4 billion or if our ratio of unrestricted cash, cash equivalents and short-term investments to current liabilities falls below 0.25 to 1.0; and
- a total of \$921 million if our unrestricted cash, cash equivalents and short-term investments balance (plus any collateral posted at Chase) falls below \$1.0 billion or if our ratio of unrestricted cash, cash equivalents and short-term investments to current liabilities falls below 0.22 to 1.0.

The amounts shown above are incremental to the current collateral we have posted with these companies. We are currently in compliance with all of the covenants under these processing agreements.

Credit Ratings. At March 31, 2010, our senior unsecured debt was rated B3 by Moody’s and CCC+ by Standard & Poor’s. These ratings are significantly below investment grade. Due to our current credit ratings, our borrowing costs are higher and our financing options are more limited than borrowers with investment grade credit ratings. Additional downgrades in our credit ratings could further increase our borrowing costs and reduce the availability of financing to us in the future. We do not have any debt obligations that would be accelerated as a result of a credit rating downgrade. However, as discussed above, we would have to post additional collateral of approximately \$222 million under our Chase and American Express processing agreements if our senior unsecured debt rating were to fall below Caa3 as rated by Moody’s or CCC- as rated by Standard & Poor’s. The insurer under our workers’ compensation program has the right to require us to post up to \$32 million of additional collateral under a number of conditions, including based on our current senior unsecured debt rating, which is currently at the minimum of B3 as rated by Moody’s and below the minimum of B- as rated by Standard & Poor’s. We could also be required to post a higher amount of collateral with our fuel hedge counterparties if our credit ratings were to fall, or if our unrestricted cash, cash equivalents and short-term investments balance fell below certain specified levels, and our fuel hedges were in a liability position. In such a case, the total amount of the collateral that we might be required to post at any time would be up to the amount of our liability to our respective counterparties under the related derivative instruments. Our fuel hedging agreement with one counterparty also requires us to post additional

---

collateral of up to 10% of the notional amount of our hedging contracts with that counterparty if our senior unsecured debt rating by Moody's or Standard & Poor's is below B3 or B-, respectively. Our fuel derivative contracts do not contain any other credit risk-related contingent features, other than those related to a change in control.

Employees. As of March 31, 2010, we had approximately 41,385 employees. Due to the number of part-time employees and adjusting for overtime, we had an average of 39,365 full-time equivalent employees for the three months ended March 31, 2010. Including the fleet service employees discussed below, approximately 60% of our full-time equivalent employees are represented by unions.

On February 12, 2010, the National Mediation Board informed us that our fleet service employees had voted in favor of representation by the International Brotherhood of Teamsters (Teamsters). The election covers approximately 7,600 employees, or 6,340 full-time equivalent ramp, operations and cargo agents. We will negotiate a collective bargaining agreement with the Teamsters covering our fleet service employees.

On March 18, 2010, we announced that we had reached a tentative agreement on a new four-year labor contract with the Transport Workers Union ("TWU") that represents our dispatchers, which agreement our dispatchers ratified on April 20, 2010.

Most of our collective bargaining agreements are currently amendable or become amendable in 2010. The collective bargaining agreements with our pilots, mechanics and certain other work groups became amendable in December 2008 and those with our flight attendants and CMI mechanics became amendable in December 2009. With respect to our workgroups with amendable contracts, we have been meeting with representatives of the applicable unions to negotiate amended collective bargaining agreements with a goal of reaching agreements that are fair to us and to our employees. We cannot predict the outcome of our ongoing negotiations with our unionized workgroups, although significant increases in the pay and benefits resulting from new collective bargaining agreements could have a material adverse effect on us. Furthermore, there can be no assurance that our generally good labor relations and high labor productivity will continue.

Environmental Matters. At March 31, 2010, we had an accrual for estimated costs of environmental remediation throughout our system of \$30 million, based primarily on third-party environmental studies and estimates as to the extent of the contamination and nature of the required remedial actions. We have evaluated and recorded this accrual for environmental remediation costs separately from any related insurance recovery. We did not have any receivables related to environmental insurance recoveries at March 31, 2010. Based on currently available information, we believe that our accrual for potential environmental remediation costs is adequate, although our accrual could be adjusted in the future due to new information or changed circumstances. However, we do not expect these items to materially affect our results of operations, financial condition or liquidity. We are continuing environmental remediation of jet fuel contamination on and near our aircraft maintenance hangar leasehold in Los Angeles, which began in 2005 under a work plan approved by the Los Angeles Regional Water Quality Control Board and our landlord, Los Angeles World Airports. Solvent contamination also exists on and near this site and, if we were found responsible for this contamination and environmental remediation were required, we could incur additional costs.

Legal Proceedings. During the period between 1997 and 2001, we reduced or capped the base commissions that we paid to domestic travel agents, and in 2002 we eliminated those base commissions. These actions were similar to those also taken by other air carriers. We are a defendant, along with several other air carriers, in two lawsuits brought by travel agencies that purportedly opted out of a prior class action entitled Sarah Futch Hall d/b/a Travel Specialists v. United Air Lines, et al. (U.S.D.C., Eastern District of North Carolina), filed on

---

June 21, 2000, in which the defendant airlines prevailed on summary judgment that was upheld on appeal. These similar suits against Continental and other major carriers allege violations of antitrust laws in reducing and ultimately eliminating the base commissions formerly paid to travel agents and seek unspecified money damages and certain injunctive relief under the Clayton Act and the Sherman Anti-Trust Act. The pending cases, which currently involve a total of 90 travel agency plaintiffs, are Tam Travel, Inc. v. Delta Air Lines, Inc., et al. (U.S.D.C., Northern District of California), filed on April 9, 2003 and Swope Travel Agency, et al. v. Orbitz LLC et al. (U.S.D.C., Eastern District of Texas), filed on June 5, 2003. By order dated November 10, 2003, these actions were transferred and consolidated for pretrial purposes by the Judicial Panel on Multidistrict Litigation to the Northern District of Ohio. On October 29, 2007, the judge for the consolidated lawsuit dismissed the case for failure to meet the heightened pleading standards established earlier in 2007 by the U.S. Supreme Court's decision in Bell Atlantic Corp. v. Twombly. On October 2, 2009, the U.S. Court of Appeals for the Sixth Circuit affirmed the trial court's dismissal of the case. On December 18, 2009, the plaintiffs' request for rehearing by the Sixth Circuit *en banc* was denied. On March 18, 2010, the plaintiffs filed a Petition for a Writ of Certiorari with the U.S. Supreme Court. The plaintiffs in the Swope lawsuit, encompassing 43 travel agencies, have also alleged that certain claims raised in their lawsuit were not, in fact, dismissed. The trial court has not yet ruled on that issue. In the consolidated lawsuit, we believe the plaintiffs' claims are without merit, and we intend to defend vigorously any appeal. Nevertheless, a final adverse court decision awarding substantial money damages could have a material adverse effect on our results of operations, financial condition or liquidity.

We and/or certain of our subsidiaries are defendants in various other pending lawsuits and proceedings and are subject to various other claims arising in the normal course of our business, many of which are covered in whole or in part by insurance. Although the outcome of these lawsuits and proceedings (including the probable loss we might experience as a result of an adverse outcome) cannot be predicted with certainty at this time, we believe, after consulting with outside counsel, that the ultimate disposition of such suits will not have a material adverse effect on us.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

*This quarterly report on Form 10-Q contains forward-looking statements that are not limited to historical facts, but reflect our current beliefs, expectations or intentions regarding future events. All forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. For examples of such risks and uncertainties, please see the risk factors set forth in Part I, Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2009 (the "2009 Form 10-K") and in our reports and registration statements filed from time to time with the Securities and Exchange Commission ("SEC"), which identify important matters such as the potential for significant volatility in the cost of aircraft fuel, the consequences of our high leverage and other significant capital commitments, our high labor and pension costs, delays in scheduled aircraft deliveries, service interruptions at one of our hub airports, disruptions to the operations of our regional operators, disruptions in our computer systems, and industry conditions, including continuing weakness in the U.S. and global economies, the airline pricing environment, terrorist attacks, regulatory matters, excessive taxation, industry consolidation and airline alliances, the availability and cost of insurance, public health threats and the seasonal nature of the airline business. We undertake no obligation to publicly update or revise any forward-looking statements to reflect events or circumstances that may arise after the date of this report, except as required by applicable law.*

## OVERVIEW

We are a major United States air carrier engaged in the business of transporting passengers, cargo and mail. We are the world's fifth largest airline as measured by the number of scheduled miles flown by revenue passengers in 2009. Including our wholly-owned subsidiary, Continental Micronesia, Inc. ("CMI"), and regional flights operated on our behalf under capacity purchase agreements with other carriers, we operate more than 2,200 daily departures. As of March 31, 2010, we flew to 118 domestic and 125 international destinations and offered additional connecting service through alliances with domestic and foreign carriers.

General information about us can be found on our website, [continental.com](http://continental.com). Electronic copies of our annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K, as well as any amendments to those reports, are available free of charge through our website as soon as reasonably practicable after we file them with, or furnish them to, the SEC.

We recorded a net loss of \$146 million for the three months ended March 31, 2010, as compared to a net loss of \$136 million for the three months ended March 31, 2009. Our net loss in both periods was primarily due to weakness in demand resulting from the global recession. Excluding special items, we recorded a net loss of \$136 million for the three months ended March 31, 2010, compared to a net loss of \$132 million for the three months ended March 31, 2009. Net loss excluding special items is significant because it provides management and investors the ability to measure and monitor our performance on a consistent basis. Special items relate to activities that are not central to our ongoing operations or are unusual in nature. A reconciliation of our net loss to the non-GAAP financial measure of net loss excluding special items is provided at the end of this Item.

### First Quarter Financial Highlights

- Passenger revenue and cargo revenue increased 7.1% and 20.0%, respectively, during the first quarter of 2010 as compared to the first quarter of 2009 primarily due to increasing demand resulting from improving economic conditions.
- We recorded an operating loss of \$51 million during the first quarter of 2010 as compared to an operating loss of \$55 million in the first quarter of 2009, due primarily to weakness in demand resulting from the global recession.
- Unrestricted cash, cash equivalents and short-term investments totaled \$3.2 billion at March 31, 2010.

### First Quarter Operational Highlights

- Consolidated traffic increased 5.7% and capacity remained essentially flat during the first quarter of 2010 as compared to the first quarter of 2009, resulting in a record first quarter load factor of 79.5%.
  - We recorded a U.S. Department of Transportation ("DOT") on-time arrival rate of 78.4% for Continental mainline flights and a mainline segment completion factor of 98.3% for the first quarter of 2010, compared to a DOT on-time arrival rate of 76% and a mainline segment completion factor of 99.2% for the first quarter of 2009. Our operating results for the first quarter of 2010 were adversely impacted by severe winter weather, particularly at our New York hub at Newark Liberty International Airport during February.
-

- We began to offer customers the option of purchasing premium seat assignments for unreserved economy-class seats with extra legroom and announced plans to offer food for purchase in the economy cabin on select flights to U.S., Canadian and Latin American destinations beginning in fall 2010.
- We completed the installation of flat-bed seats on seven of our Boeing 777 aircraft and four of our Boeing 757-200 aircraft.

## **Outlook**

The severe global economic recession significantly diminished the demand for air travel beginning in the fourth quarter of 2008 and disrupted the global capital markets, resulting in a difficult financial environment for U.S. network carriers. Although we have seen some indications that the airline industry may be experiencing the early stages of a recovery, we cannot predict how quickly or fully demand for air travel will recover, and continued weakness in such demand would hinder our ability to achieve and sustain profitability. Moreover, we continue to experience significant volatility in jet fuel prices, which rose to an 18 month high in April 2010. Higher fuel prices will also impair our ability to achieve and sustain profitability if we are unable in the current economic environment to raise fares or other fees sufficiently to offset fully our increased costs.

Set forth below is a discussion of the principal matters that we believe could currently impact our financial and operating performance outlook and cause our results of operations in future periods to differ materially from our historical operating results and/or from our anticipated results of operations described in our forward-looking statements.

Economic Conditions. The severe economic recession in the U.S. and global economies had a significant negative impact on the demand for air carrier services beginning in the fourth quarter of 2008. Passenger revenue in 2009 for U.S. airlines, as reported by the Air Transport Association of America, declined 18% compared to 2008. The decline in demand for air travel in 2008 and 2009 disproportionately reduced the volume of high-yield traffic, as many business travelers either curtailed their travel or purchased lower yield economy tickets. Although recent improvements in corporate bookings and revenue trends suggest that the airline industry may be experiencing the early stages of a recovery, we cannot predict how quickly or fully demand for air travel will recover. If global economic conditions fail to improve or worsen, resulting in continuing demand weakness and reduced revenues, we may be unable to offset the reduced revenues fully through further cost and capacity reductions or other measures.

In addition to its effect on demand for our services, the global economic recession severely disrupted the global capital markets, resulting in a diminished availability of financing and higher cost for financing that was obtainable. Although access to the capital markets has improved over the past several months, if economic conditions again worsen or these markets experience further disruptions, we may be unable to obtain financing on acceptable terms (or at all) to refinance certain maturing debt we would normally expect to refinance and to satisfy future capital commitments.

Fuel Costs. Fuel costs have been very volatile in recent years and have been increasing in 2010, reaching an 18 month high in April 2010. Our average consolidated (mainline and regional) jet fuel price per gallon including related taxes increased to \$2.15 in the first quarter of 2010 from \$1.82 in the first quarter of 2009. If fuel prices continue to rise significantly, we may be unable to raise fares or other fees sufficiently to offset fully our increased costs.

In an effort to address the risk of rising fuel prices, we routinely hedge a portion of our fuel requirements. However, a precipitous decline in crude oil prices, as experienced during the second half of 2008, may result in significant costs to us in cases where our hedging arrangements obligate us to make payments to the counterparties to the

---

extent that the price of crude falls below the applicable agreed-upon amounts. As of March 31, 2010, we have hedged 24% of an expected fuel requirements for the remainder of 2010.

Based on our expected fuel consumption in 2010, a one dollar change in the price of a barrel of crude oil would change our annual fuel expense by approximately \$40 million, assuming no changes to the refining margins and our fuel hedging program. We believe that our modern, fuel-efficient fleet continues to provide us with a competitive advantage relative to our peers and a long-term hedge against rising fuel prices.

Industry Consolidation. We are facing stronger competition from carriers that have participated in industry consolidation, including as a result of the merger of Delta and Northwest in 2008, which changed the competitive environment for us and the airline industry. Further consolidation could adversely affect our competitive position, as our competitors have the opportunity through consolidation to significantly expand the reach of their networks, which is of primary importance to business travelers, and to achieve cost reductions by eliminating redundancy in their operations. In addition, if United were to merge with another carrier, it could threaten the antitrust immunity granted to us by the DOT. Although we cannot predict whether any consolidation transactions will occur, we regularly review our strategic options and will act in the best interests of our stockholders, employees, customers and the communities we serve.

Revenue-Generating and Cost Saving Measures. We are implementing a number of measures to raise revenues and reduce costs. During the first quarter of 2010 we began to offer customers the option of purchasing premium seat assignments for unreserved economy-class seats with extra legroom and we announced that we will begin to offer food for purchase in the economy cabin on select flights to U.S., Canadian and Latin American destinations.

Going forward, we intend to offer for purchase additional products and services relating to air travel that will permit customers to select product offerings that they wish to consume and pay for, and decline other product offerings that they do not wish to consume or pay for. Some of the new product and service offerings will represent enhanced choice among various attributes of our current product, and others will represent new product or service offerings. The revenue that we derive from these products and services, which is generally referred to as ancillary revenue, typically has higher margins than that of our core product and is an important element of our strategy to return to profitability and sustain that profitability.

Additionally, we will continue to invest in technology designed to assist customers with self-service. We believe that many of our customers desire more control over their travel experience, and wish to use tools that will permit them to do so through all phases of travel, from pre-purchase to post-flight. We will also invest in technology designed to help us make better operational decisions and more efficiently assist customers at airports, while lowering our operating costs.

During the first quarter of 2010, we announced plans to eliminate 600 reservation positions due to a continued decline in the number of customers calling our reservation center. We also announced plans to eliminate 150 ground handling workers at seven cities served by our regional operations where ground handling functions will be performed by third parties.

Capacity. We expect only modest capacity growth for 2010, with our consolidated and mainline capacity to increase between 0.5% and 1.5%, with mainline domestic capacity down 0.5% to 1.5% and mainline international capacity increasing between 2.0% and 3.0%. The international increase is primarily due to the run-rate of international routes added in 2009 and the restoration of our full schedule to Mexico following our capacity reduction in 2009 related to the H1N1 virus.

---

Our future ability to grow our capacity could be adversely impacted by manufacturer delays in aircraft deliveries. Due to issues arising out of the governmental certification process used by the manufacturer of the coach seats on the Boeing 777 aircraft and the coach and first class seats on the Boeing 737 aircraft scheduled for delivery this year, we have incurred delays and expect to continue to incur delays of up to six months for most of the aircraft scheduled for delivery in 2010. We currently expect the first of our 25 Boeing 787 aircraft to be delivered in the second half of 2011.

Star Alliance. On October 27, 2009, we joined Star Alliance and implemented code-sharing and reciprocity of frequent flier programs, elite customer recognition and airport lounge use with United, Lufthansa, Air Canada and other Star Alliance members.

On July 10, 2009, the DOT approved our application to join United and a group of eight other carriers within Star Alliance that already hold antitrust immunity. This approval enables us, United and these other immunized Star Alliance carriers to work closely together to deliver highly competitive international flight schedules, fares and service and provides competitive balance to antitrust-immunized carriers in SkyTeam. Additionally, we, United, Lufthansa and Air Canada have received final DOT approval to establish a trans-Atlantic joint venture to create a more efficient and comprehensive trans-Atlantic network for our respective customers, offering those customers more service, scheduling and pricing options and establishing a framework for similar joint ventures in other regions of the world. The DOT's approval of antitrust immunity is subject to certain conditions and limitations that are not expected to diminish materially the benefits of our participation in Star Alliance or the trans-Atlantic joint venture. On December 23, 2009, we, United and ANA filed an application with the DOT for antitrust immunity to enable the three carriers to establish a trans-Pacific joint venture, offering similar benefits to our trans-Pacific customers. We are seeking a modification to our pilot collective bargaining agreement to permit us to engage in revenue sharing with a domestic air carrier, which is a component of the proposed joint ventures.

The full implementation of some of the arrangements relating to Star Alliance requires the approval of domestic and foreign regulatory agencies. These agencies may deny us necessary approvals, delay certain approvals or, in connection with granting any such approvals, impose requirements, limitations or costs on us or on other Star Alliance members, or require us or them to divest slots, gates, routes or other assets. In certain cases, such actions could prevent us from consummating the transactions contemplated by our alliance agreements.

Closure of European Airspace. In April 2010, the volcanic ash from an eruption in Iceland necessitated the closing of a significant portion of the airspace over Europe, denying airlines access to most of Europe's largest airports for several days. As a result of this eruption and the closure of European airspace, airlines serving affected airports cancelled tens of thousands of flights and, according to the International Air Transport Association, lost in excess of \$200 million per day in total revenue. Although this eruption had a disproportionately larger impact on European carriers, including several of our Star Alliance partners, we estimate that our revenues were reduced by approximately \$24 million through April 21, 2010 due to our cancellation of hundreds of flights. Further eruptions by this Icelandic volcano or others having a similar effect could have a material adverse effect on us directly, due to lost revenue from flight cancellations, and indirectly, as a result of flight cancellations or similar actions taken by other members of Star Alliance.

Labor Costs. Our ability to achieve and sustain profitability also depends on continuing our efforts to implement and maintain a more competitive cost structure. On February 12, 2010, the National Mediation Board informed us that our fleet service employees had voted in favor of representation by the Teamsters. The election covers approximately 7,600 employees, or 6,340 full-time equivalent ramp, operations and cargo agents. We will negotiate a collective bargaining agreement with the Teamsters covering our fleet service employees.

---

On March 18, 2010, we announced that we had reached a tentative agreement on a new four-year labor contract with the TWU that represents our dispatchers, which agreement our dispatchers ratified on April 20, 2010.

Most of our collective bargaining agreements are currently amendable or become amendable in 2010. The collective bargaining agreements with our pilots, mechanics and certain other work groups became amendable in December 2008 and those with our flight attendants and CMI mechanics became amendable in December 2009. With respect to our workgroups with amendable contracts, we have been meeting with representatives of the applicable unions to negotiate amended collective bargaining agreements with a goal of reaching agreements that are fair to us and to our employees. Negotiations often take considerable time. For example, we began negotiating with our pilots' union in February 2007, and we received their first economic proposal in December 2009. We cannot predict the outcome of our ongoing negotiations with our unionized workgroups, although significant increases in the pay and benefits resulting from new collective bargaining agreements could have a material adverse effect on us. Furthermore, there can be no assurance that our generally good labor relations and high labor productivity can continue.

## RESULTS OF OPERATIONS

The following discussion provides an analysis of our results of operations and reasons for material changes therein for the three months ended March 31, 2010 as compared to the corresponding period in 2009.

### Consolidated Results of Operations

Statistical Information. Certain statistical information for our consolidated operations for the three months ended March 31 is as follows:

	2010	2009	% Increase (Decrease)
Passengers (thousands) (1)	14,535	14,408	0.9 %
Revenue passenger miles (millions) (2)	20,919	19,790	5.7 %
Available seat miles (millions) (3)	26,316	26,323	-
Passenger load factor (4)	79.5%	75.2%	4.3 pts.
Passenger revenue per available seat mile (cents)	10.65	9.94	7.1 %
Total revenue per available seat mile (cents)	12.04	11.25	7.0 %
Average yield per revenue passenger mile (cents) (5)	13.40	13.23	1.3 %
Cost per available seat miles (cents)	12.23	11.46	6.7 %
Cost per available seat mile excluding special charges and aircraft fuel and related taxes (cents) (6)	8.95	8.65	3.5 %
Average price per gallon of fuel, including fuel taxes	\$2.15	\$1.82	18.1 %
Fuel gallons consumed (millions)	398	403	(1.2)%
Average full-time equivalent employees	39,365	40,320	(2.4)%

- 
- (1) The number of revenue passengers measured by each flight segment flown.
  - (2) The number of scheduled miles flown by revenue passengers.
  - (3) The number of seats available for passengers multiplied by the number of scheduled miles those seats are flown.
  - (4) Revenue passenger miles divided by available seat miles.
  - (5) The average passenger revenue received for each revenue passenger mile flown.
  - (6) See "Reconciliation of GAAP to non-GAAP Financial Measures" at the end of this item.
-

**Results of Operations.** We recorded a net loss of \$146 million in the first quarter of 2010 as compared to a net loss of \$136 million in the first quarter of 2009. We consider a key measure of our performance to be operating income (loss), which was a loss of \$51 million for the first quarter of 2010, as compared to a loss of \$55 million for the first quarter of 2009. Significant components of our consolidated operating results for the three months ended March 31 are as follows (in millions, except percentage changes):

	2010	2009	Increase (Decrease)	% Increase (Decrease)
Operating Revenue	\$3,169	\$2,962	\$207	7.0 %
Operating Expenses	3,220	3,017	203	6.7 %
Operating Loss	(51)	(55)	(4)	(7.3)%
Nonoperating Income (Expense)	(95)	(81)	14	17.3%
Net Loss	<u>\$ (146)</u>	<u>\$ (136)</u>	<u>\$ 10</u>	7.4%

Each of these items is discussed in the following sections.

**Operating Revenue.** The table below shows components of operating revenue for the quarter ended March 31, 2010 and period to period comparisons for operating revenue, available seat miles ("ASMs") and passenger revenue per available seat mile ("RASM") by geographic region for our mainline and regional operations:

	Revenue (in millions)	Percentage Increase (Decrease) in First Quarter 2010 vs First Quarter 2009		
		Revenue	ASMs	RASM
<b>Passenger revenue:</b>				
Domestic	\$1,104	3.1%	(1.7)%	4.9 %
Trans-Atlantic	520	9.4%	(5.3)%	15.6 %
Latin America	439	4.4%	5.2 %	(0.8)%
Pacific	259	11.6%	15.5 %	(3.4)%
Total Mainline	2,322	5.6%	0.2 %	5.4 %
Regional	481	14.8%	(1.6)%	16.7 %
Total	2,803	7.1%	-	7.1 %
Cargo	102	20.0%		
Other	264	1.5%		
Operating Revenue	<u>\$3,169</u>	7.0%		

Passenger revenue increased in the first quarter of 2010 as compared to the first quarter of 2009 due to increased traffic and higher RASM. The increased revenue is a result of the improving economic conditions in the U.S. and globally.

Cargo revenue increased due to increased freight volume. Other revenue increased due to higher fees for checking bags.

**Operating Expenses.** The table below shows period-to-period comparisons by type of operating expense for our consolidated operations for the three months ended March 31 (in millions, except percentage changes):

	2010	2009	Increase (Decrease)	% Increase (Decrease)
Aircraft fuel and related taxes	\$ 854	\$ 735	\$119	16.2 %
Wages, salaries and related costs	796	765	31	4.1 %
Aircraft rentals	229	237	(8)	(3.4)%
Landing fees and other rentals	213	209	4	1.9 %
Regional capacity purchase, net	201	213	(12)	(5.6)%
Distribution costs	171	156	15	9.6 %
Maintenance, materials and repairs	147	153	(6)	(3.9)%
Depreciation and amortization	134	111	23	20.7 %
Passenger services	93	88	5	5.7 %
Special charges	10	4	6	NM
Other	372	346	26	7.5 %
Total	<u>\$3,220</u>	<u>\$3,017</u>	<u>\$203</u>	6.7 %

NM = Not Meaningful

Operating expenses increased 6.7% primarily due to the following:

- Aircraft fuel and related taxes increased due to an 18.1% increase in consolidated jet fuel prices, partially offset by a decrease in gallons consumed. Our average jet fuel price per gallon including related taxes increased to \$2.15 in the first quarter of 2010 from \$1.82 in the first quarter of 2009. Our average jet fuel price includes gains related to our fuel hedging program of \$0.01 per gallon in the first quarter of 2010, compared to losses of \$0.35 per gallon in the first quarter of 2009.
- Wages, salaries and related costs increased primarily due to higher variable compensation expense in 2010. We recorded a \$24 million net credit in stock-based compensation expense in the first quarter of 2009, primarily related to our profit based RSU awards.
- Aircraft rentals decreased due to the retirement of leased Boeing 737 aircraft in 2009 and the first quarter of 2010.
- Regional capacity purchase, net, includes expenses related to our capacity purchase agreements. Our most significant capacity purchase agreement is with ExpressJet. We also have agreements with Chautauqua, Colgan and CommutAir. Capacity purchase expenses decreased due to capacity reductions.
- Distribution costs increased due to higher credit card discount fees, booking fees and travel agency commissions, all of which resulted from increased passenger revenue.

- Depreciation and amortization expense increased in 2010 due to higher capitalizable project costs and increased depreciation from new aircraft placed in service during 2009. In addition, we recorded \$11 million of depreciation expense during the quarter ended March 31, 2010 that relates to prior periods.
- Special charges. See Note 8 to our consolidated financial statements contained in Item 1 of this report for a discussion of the special charges.
- Other operating expenses increased due to higher OnePass reward expenses in 2010 and the receipt in 2009 of insurance settlements related to Hurricane Ike, which reduced other operating expenses in 2009.

Nonoperating Income (Expense). Nonoperating expense increased \$14 million in the first quarter of 2010 compared to the first quarter of 2009 primarily as a result of foreign currency losses, a portion of which related to the Venezuelan currency devaluation in the first quarter of 2010.

Income Taxes. Our effective tax rates differ from the federal statutory rate of 35% primarily due to the following: changes in the valuation allowance, expenses that are not deductible for federal income tax purposes and state income taxes. We are required to provide a valuation allowance for our deferred tax assets in excess of deferred tax liabilities because we have concluded that it is more likely than not that such deferred tax assets will ultimately not be realized. As a result, our pre-tax losses for the first quarter of 2010 were not reduced by any tax benefit.

### **Segment Results of Operations**

We have two reportable segments: mainline and regional. The mainline segment consists of flights to cities using larger jets while the regional segment currently consists of flights with a capacity of 79 or fewer seats. As of March 31, 2010, the regional segment was operated by ExpressJet, Chautauqua, CommutAir and Colgan through capacity purchase agreements. Under these agreements, we purchase all of the capacity related to aircraft covered by the contracts and are responsible for setting prices and selling all of the related seat inventory. In exchange for the regional carriers' operation of the flights, we pay the regional carriers for each scheduled block hour based on agreed formulas. Under the agreements, we recognize all passenger, cargo and other revenue associated with each flight, and are responsible for all revenue-related expenses, including commissions, reservations and catering.

We evaluate segment performance based on several factors, of which the primary financial measure is operating income (loss). However, we do not manage our business or allocate resources based on segment operating profit or loss because (1) our flight schedules are designed to maximize revenue from passengers flying, (2) many operations of the two segments are substantially integrated (for example, airport operations, sales and marketing, scheduling and ticketing), and (3) management decisions are based on their anticipated impact on the overall network, not on one individual segment.

The reported results of our regional segment do not reflect the total contribution of the regional segment to our system-wide operations. The regional segment generates revenue for the mainline segment as it feeds passengers from smaller cities into our hubs. The variances in specific line items for the regional segment reflect generally the same factors discussed under consolidated results of operations.

## **LIQUIDITY AND CAPITAL RESOURCES**

### **Current Liquidity**

As of March 31, 2010, we had \$3.2 billion in unrestricted cash, cash equivalents and short-term investments, which is \$297 million higher than at December 31, 2009. At March 31, 2010, we also had \$164 million of restricted cash, cash equivalents and short-term investments, which is primarily collateral for estimated future workers' compensation claims, credit card processing contracts, letters of credit and performance bonds. Restricted cash, cash equivalents and short-term investments at December 31, 2009 also totaled \$164 million.

As is the case with many of our principal competitors, we have a high proportion of debt compared to our capital. We have a significant amount of fixed obligations, including debt, aircraft leases and financings, leases of airport property and other facilities and pension funding obligations. At March 31, 2010, we had approximately \$6.2 billion of debt and capital lease obligations, including \$1.9 billion that will come due by the end of 2011 (consisting of \$0.8 billion during the remainder of 2010 and \$1.1 billion during 2011). In addition, we have substantial non-cancelable commitments for capital expenditures, including the acquisition of new aircraft and related spare engines.

We do not currently have any undrawn lines of credit or revolving credit facilities and most of our otherwise readily financeable assets are encumbered. The global economic recession severely disrupted the global capital markets, resulting in a diminished availability of financing and higher cost for financing that was obtainable. Although access to the capital markets has improved over the past several months, we cannot give any assurances that we will be able to obtain additional financing or otherwise access the capital markets in the future on acceptable terms (or at all). We must achieve and sustain profitability and/or access the capital markets to meet our significant long-term debt and capital lease obligations and future commitments for capital expenditures, including the acquisition of aircraft and related spare engines.

### **Sources and Uses of Cash**

Operating Activities. Cash flows provided by operations for the three months ended March 31, 2010 were \$431 million compared to \$110 million in the same period in 2009. The increase in cash flows provided by operations in 2010 compared to 2009 is primarily the result of higher advance ticket sales in 2010.

---

Investing Activities. Cash flows provided by (used in) investing activities for the three months ended March 31 were as follows (in millions):

	2010	2009	Cash Increase (Decrease)
Capital expenditures	\$(80)	\$(86)	\$ 6
Aircraft purchase deposits (paid) refunded, net	(52)	27	(79)
Proceeds from sales of short-term investments, net	24	41	(17)
Proceeds from sales of property and equipment	24	5	19
Decrease (increase) in restricted cash, cash equivalents and short-term investments	-	17	(17)
Other cash flows from investing activities	-	(1)	1
<b>Total</b>	<b>\$(84)</b>	<b>\$ 3</b>	<b>\$(87)</b>

We have substantial commitments for capital expenditures, including for the acquisition of new aircraft. As of March 31, 2010, we had firm commitments to purchase 86 new Boeing aircraft scheduled for delivery from 2010 through 2016, with an estimated aggregate cost of \$5.1 billion including related spare engines. In addition to our firm order aircraft, we had options to purchase a total of 98 additional Boeing aircraft as of March 31, 2010.

Projected net capital expenditures for 2010 are as follows (in millions):

Fleet related (excluding aircraft to be acquired through the issuance of debt)	\$265
Non-fleet	140
Net capital expenditures	405
Aircraft purchase deposits	20
Projected net capital expenditures	\$425

Projected fleet expenditures include the portion of the aircraft purchase price in excess of financings, flight simulator data packages related to Boeing 787 aircraft, aircraft reconfigurations and other product enhancements including winglet installations, flat-bed BusinessFirst seats and in-seat power installations. Projected non-fleet capital expenditures are primarily for Star Alliance-related costs and technology and terminal enhancements. While some of our projected capital expenditures are related to projects we have committed to, a significant number of projects can be deferred. Should economic conditions warrant, we will reduce our capital expenditures, and expect to be able to do so without materially impacting our operations.

We paid net aircraft purchase deposits in the first quarter of 2010 related to future deliveries. During the first quarter of 2009, we received net purchase deposit refunds related to deliveries during the first quarter of 2009.

We sold two Boeing 737-500 aircraft to a foreign buyer in the first quarter of 2010 for cash proceeds of \$19 million (in addition to deposits received in 2008 on these aircraft).

Financing Activities. Cash flows used in financing activities for the three months ended March 31 were as follows (in millions):

	2010	2009	Cash Increase (Decrease)
Payments on long-term debt and capital lease obligations	\$(151)	\$(98)	\$(53)
Proceeds from issuance of long-term debt, net	109	26	83
Proceeds from issuance of common stock purchase to stock plans	10	4	6
Total	<u>\$ (32)</u>	<u>\$ (68)</u>	<u>\$ 36</u>

Cash flows used in financing activities decreased due to higher debt issuances in the first quarter of 2010, partially offset by higher debt payments.

On December 30, 2009, we entered into an amendment of our Debit Card Marketing Agreement with JPMorgan Chase Bank, N.A. ("JP Morgan Chase") under which JP Morgan Chase purchases frequent flyer mileage credits to be earned by OnePass members for making purchases using a Continental branded debit card issued by JP Morgan Chase. We received a payment of \$40 million in January 2010 for the advance purchase of frequent flyer mileage credits beginning January 1, 2016, or earlier in certain circumstances. The purchase of mileage credits has been treated as a loan from JP Morgan Chase with an implicit interest rate of 5.5% and is reported as long-term debt in our consolidated balance sheet.

In November 2009, we obtained financing for eight currently-owned Boeing aircraft, nine new Boeing 737-800 aircraft and two new Boeing 777 aircraft. We applied a portion of this financing to refinance one Boeing 737-800 aircraft and one Boeing 777-200 aircraft during the first quarter of 2010 and recorded related debt of \$66 million. The remaining aircraft are expected to be refinanced or delivered, as applicable, by August 31, 2010. In connection with this financing, enhanced equipment trusts raised \$644 million through the issuance of two classes of enhanced equipment trust certificates. Class A certificates, with an aggregate principal amount of \$528 million, bear interest at 7.25% and Class B certificates, with an aggregate principal amount of \$117 million, bear interest at 9.25%. The proceeds from the sale of the certificates are initially being held by a depository in escrow for the benefit of the certificate holders until we issue equipment notes to the trust, which will purchase such notes with a portion of the escrowed funds. These escrowed funds are not guaranteed by us and are not reported as debt on our consolidated balance sheet because the proceeds held by the depository are not our assets. Any unused proceeds will be distributed directly to the certificate holders. Principal payments on the equipment notes and the corresponding distribution of these payments to certificate holders will begin in November 2010 and will end in November 2019 for Class A certificates and in May 2017 for Class B certificates.

We do not have backstop financing or any other financing currently in place for the balance of the Boeing aircraft on order. Further financing will be needed to satisfy our capital commitments for our firm order aircraft and other related capital expenditures. We can provide no assurance that the backstop financing or any other financing not already in place for our aircraft deliveries will be available to us when needed on acceptable terms or at all. Since the commitments for firm order aircraft are non-cancelable, and assuming no breach of the agreement by Boeing, if we are unable to obtain financing and cannot otherwise satisfy our commitment to purchase these aircraft, the manufacturer could exercise its rights and remedies under applicable law, such as seeking to terminate the contract for a material breach, selling the aircraft to one or more other parties and suing us for damages to recover any resulting losses incurred by the manufacturer.

## Other Liquidity Matters

See the indicated notes to our consolidated financial statements contained in Item 1 of this report for the following other matters affecting our liquidity and commitments.

Fuel hedges	Note 5
Pension obligations	Note 7
Guarantees and indemnifications, credit card processing agreements, credit ratings and environmental liabilities	Note 11

## Reconciliation of GAAP to non-GAAP Financial Measures

Non-GAAP financial measures are presented because they provide management and investors the ability to measure and monitor our performance on a consistent basis. Special items relate to activities that are not central to our ongoing operations. A reconciliation of net loss to the non-GAAP financial measure of net loss excluding special items for the three months ended March 31 is as follows (in millions):

	<u>2010</u>	<u>2009</u>
Net loss – GAAP	\$(146)	\$(136)
Special charges:		
Aircraft-related charges, net	6	4
Severance	4	-
Net loss excluding special items – non-GAAP	<u>\$(136)</u>	<u>\$(132)</u>

---

Cost per available seat mile (CASM) is a common metric used in the airline industry to measure an airline's cost structure and efficiency. CASM trends can be distorted by items that are not central to our ongoing operations. Additionally, both the cost and availability of fuel are subject to many economic and political factors beyond our control. CASM excluding special charges and aircraft fuel and related taxes provides management and investors the ability to measure our cost performance absent special items and fuel price volatility. A reconciliation of GAAP operating expenses used to determine CASM to the non-GAAP operating expenses used to determine CASM excluding special charges and aircraft fuel and related taxes for the three months ended March 31 is as follows (in millions, except CASM amounts):

	2010	2009
<b>Mainline cost per available seat mile excluding special charges and aircraft fuel and related taxes:</b>		
Operating expenses – GAAP	\$2,653	\$ 2,466
Special charges:		
Aircraft-related charges, net	6	4
Severance	2	-
Aircraft fuel and related taxes	707	610
Operating expenses excluding above items – non-GAAP	<u>\$ 1,938</u>	<u>\$ 1,852</u>
Available seat miles – mainline	23,393	23,352
CASM – GAAP (cents)	11.34	10.56
CASM excluding special charges and aircraft fuel and related taxes – non-GAAP (cents)	8.29	7.93
<b>Consolidated cost per available seat mile excluding special charges and aircraft fuel and related taxes:</b>		
Operating expenses – GAAP	\$3,220	\$3,017
Special charges:		
Aircraft-related charges, net	6	4
Severance	4	-
Aircraft fuel and related taxes	854	735
Operating expenses excluding above items – non-GAAP	<u>\$ 2,356</u>	<u>\$ 2,278</u>
Available seat miles – consolidated	26,316	26,323
CASM – GAAP (cents)	12.23	11.46
CASM excluding special charges and aircraft fuel and related taxes – non-GAAP (cents)	8.95	8.65

### Item 3. Quantitative and Qualitative Disclosures about Market Risk.

There have been no material changes in market risk from the information provided in Item 7A. "Quantitative and Qualitative Disclosures About Market Risk" in our 2009 Form 10-K except as follows:

Aircraft Fuel. As of March 31, 2010, our projected consolidated fuel requirements for the remainder of 2010 and the first quarter of 2011 were hedged as follows:

	Maximum Price		Minimum Price	
	% of Expected Consumption	Weighted Average price (per gallons)	% of Expected Consumption	Weighted Average price (per gallons)
<b>Remainder of 2010</b>				
WTI crude oil swaps	10%	\$1.83	10%	\$1.83
WTI crude oil call options	14	\$2.25	N/A	N/A
	<u>24%</u>		<u>10%</u>	
<b>First Quarter of 2011</b>				
WTI crude oil call options	2%	\$2.33	N/A	N/A

At March 31, 2010, the fair value of our fuel derivatives was \$38 million and is included in prepayments and other current assets in our consolidated balance sheet. We estimate that a 10% decrease in the price of crude oil at March 31, 2010 would decrease the fair value of the fuel derivatives outstanding at that date by approximately \$40 million.

Foreign Currency. At March 31, 2010, we had forward contracts outstanding to hedge 34% of our projected Japanese yen-denominated cash inflows, primarily from passenger ticket sales, for the remainder of 2010. At March 31, 2010, the fair value of our foreign currency hedges was \$4 million and is included in prepayments and other current assets in our consolidated balance sheet. We estimate that a uniform 10% strengthening in the value of the U.S. dollar relative to the Japanese yen at March 31, 2010 would increase the fair value of our yen hedges by \$5 million and increase our underlying exposure by \$21 million, resulting in a net loss of \$16 million.

### Item 4. Controls and Procedures.

Management's Conclusion on the Effectiveness of Disclosure Controls and Procedures. As required by Rule 13a-15(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), we have evaluated, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this Form 10-Q. Our disclosure controls and procedures are designed to provide reasonable assurance that the information required to be disclosed by us in reports that we file under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure and is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC. Based upon the evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures were effective as of March 31, 2010 at the reasonable assurance level.

---

Changes in Internal Controls. There was no change in our internal control over financial reporting during the quarter ended March 31, 2010 that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## PART II - OTHER INFORMATION

### Item 1. Legal Proceedings.

During the period between 1997 and 2001, we reduced or capped the base commissions that we paid to domestic travel agents, and in 2002 we eliminated those base commissions. These actions were similar to those also taken by other air carriers. We are a defendant, along with several other air carriers, in two lawsuits brought by travel agencies that purportedly opted out of a prior class action entitled Sarah Futch Hall d/b/a/ Travel Specialists v. United Air Lines, et al. (U.S.D.C., Eastern District of North Carolina), filed on June 21, 2000, in which the defendant airlines prevailed on summary judgment that was upheld on appeal. These similar suits against Continental and other major carriers allege violations of antitrust laws in reducing and ultimately eliminating the base commissions formerly paid to travel agents and seek unspecified money damages and certain injunctive relief under the Clayton Act and the Sherman Anti-Trust Act. The pending cases, which currently involve a total of 90 travel agency plaintiffs, are Tam Travel, Inc. v. Delta Air Lines, Inc., et al. (U.S.D.C., Northern District of California), filed on April 9, 2003 and Swope Travel Agency, et al. v. Orbitz LLC et al. (U.S.D.C., Eastern District of Texas), filed on June 5, 2003. By order dated November 10, 2003, these actions were transferred and consolidated for pretrial purposes by the Judicial Panel on Multidistrict Litigation to the Northern District of Ohio. On October 29, 2007, the judge for the consolidated lawsuit dismissed the case for failure to meet the heightened pleading standards established earlier in 2007 by the U.S. Supreme Court's decision in Bell Atlantic Corp. v. Twombly. On October 2, 2009, the U.S. Court of Appeals for the Sixth Circuit affirmed the trial court's dismissal of the case. On December 18, 2009, the plaintiffs' request for rehearing by the Sixth Circuit *en banc* was denied. On March 18, 2010, the plaintiffs filed a Petition for a Writ of Certiorari with the U.S. Supreme Court. The plaintiffs in the Swope lawsuit, encompassing 43 travel agencies, have also alleged that certain claims raised in their lawsuit were not, in fact, dismissed. The trial court has not yet ruled on that issue. In the consolidated lawsuit, we believe the plaintiffs' claims are without merit, and we intend to vigorously defend any appeal. Nevertheless, a final adverse court decision awarding substantial money damages could have a material adverse effect on our results of operations, financial condition or liquidity.

### Item 1A. Risk Factors

Part 1, Item 1A, "Risk Factors," of our 2009 Form 10-K includes a detailed discussion of our risk factors. Additional risks and uncertainties not currently known to us, or that we currently deem to be immaterial, also may materially adversely affect our business, financial condition and future results.

**Airlines may continue to participate in industry consolidation or alliances, which could have a material adverse effect on us.** We are facing stronger competition from carriers that have participated in industry consolidation, including as a result of the merger of Delta and Northwest in 2008, which changed the competitive environment for us and the airline industry. Further consolidation could adversely affect our competitive position, as our competitors have the opportunity through consolidation to significantly expand the reach of their networks, which is of primary importance to business travelers, and to achieve cost reductions by eliminating redundancy in their operations. In addition, if United were to merge with another carrier, it could threaten the antitrust immunity granted to us by the DOT. Although we cannot predict whether any consolidation transactions will occur, we regularly review our strategic options and will act in the best interests of our stockholders, employees, customers and the communities we serve.

---

**Airlines may enter into new alliances or joint ventures, or modify existing alliances or joint ventures, which could have a material adverse effect on us.** We are facing stronger competition from expanded airline alliances and joint ventures. Through participation in airline alliances and/or joint ventures, carriers granted anti-trust immunity by the appropriate regulatory authorities are able to coordinate their routes, pool their revenues and costs and enjoy other mutual benefits, such as frequent flier program reciprocity, achieving many of the benefits of consolidation. For example, in 2009, Air France-KLM, Delta and Northwest launched a new trans-Atlantic joint venture among those airlines that involves coordination of routes, fares, schedules and other matters among those airlines, Alitalia and CSA Czech Airlines. American Airlines, British Airways and Iberia have received tentative DOT approval of their application for anti-trust immunity for a similar trans-Atlantic joint venture, which would also involve many of the same benefits. There may be additional changes in airline alliances and/or joint ventures in the future, any of which could result in one or more alliances with more extensive route networks and/or lower cost structures than currently exist, impairing our ability to realize the expected benefits from our alliance relationships and having a material adverse effect on us.

**Our results of operations fluctuate due to seasonality and other factors affecting the airline industry.** Due to greater demand for air travel during the summer months, revenue in the airline industry in the second and third quarters of the year is generally stronger than revenue in the first and fourth quarters of the year for most U.S. air carriers. Our result of operations are also impacted by numerous other factors that are not necessarily seasonal, including excise and similar taxes, weather and air traffic control delays, as well as geological events and natural disasters. For example, in April 2010, the volcanic ash from an eruption in Iceland necessitated the closing of a significant portion of the airspace over Europe, denying us access to most of Europe's largest airports for several days. We estimate that our revenues were reduced by approximately \$24 million through April 21, 2010 due to our cancellation of hundreds of flights. As a consequence of these factors, many of which are unpredictable, our operating results for a quarterly period are not necessarily indicative of operating results for an entire year, and historical operating results are not necessarily indicative of future operating results.

## CONTINENTAL AIRLINES, INC.

LONG TERM INCENTIVE AND RSU PROGRAM  
(as amended and restated through March 11, 2010)**I. PURPOSE OF PROGRAM**

**1.1 Purpose.** This Continental Airlines, Inc. Long Term Incentive and RSU Program (the “Program”) has been adopted by the Human Resources Committee of the Board of Directors of Continental Airlines, Inc., a Delaware corporation (the “Company”), to implement in part the Performance Award provisions of the Continental Airlines, Inc. Incentive Plan 2010 (as amended from time to time, the “Incentive Plan 2010”), and is intended to provide a method for attracting, motivating, and retaining key employees to assist in the development and growth of the Company and its Subsidiaries. The Program and Awards hereunder shall be subject to the terms of the Incentive Plan 2010, including the limitations on the maximum amount of compensation that may be paid with respect to Performance Awards (as such term is defined in the Incentive Plan 2010) as provided therein.

**II. DEFINITIONS AND CONSTRUCTION**

**2.1 Definitions.** Where the following words and phrases are used in the Program, they shall have the respective meanings set forth below, unless the context clearly indicates to the contrary:

(a) “Administrator” means the Committee or the Chief Executive Officer of the Company (if the Chief Executive Officer is a director of the Company), subject to the provisions of Section 3.1.

(b) “Award” means, with respect to each Participant for a Performance Period, such Participant’s opportunity to earn a Payment Amount for such Performance Period, upon the satisfaction of the terms and conditions of the Program. Awards shall relate to an LTIP Performance Target (“LTIP Awards”) or a Profit Based RSU Performance Target (“Profit Based RSU Awards”). Awards hereunder constitute Performance Awards (as such term is defined in the Incentive Plan 2010) under the Incentive Plan 2010.

(c) “Award Notice” means a written notice issued by the Company to a Participant evidencing such Participant’s receipt of an Award with respect to a Performance Period.

(d) “Base Amount” means, with respect to a Participant, the sum of (i) the Participant’s base annual salary payable by the Company or a Subsidiary, plus (ii) an additional amount equal to the amount described in clause (i) multiplied by the Participant’s Base Amount Multiple.

(e) “Base Amount Multiple” means, with respect to a Participant who receives an LTIP Award for an LTIP Performance Period, the percentage established by the Committee as the Base Amount Multiple with respect to such Award pursuant to Section 3.1.

(f) “Basis Point” means one one-hundredth of one percent (0.01%).

(g) “Board” means the Board of Directors of the Company

(h) “Cash Hurdle” means, with respect to an LTIP Performance Period or a Profit Based RSU Performance Period, the dollar amount established by the Committee as the Cash Hurdle with respect to such Performance Period pursuant to Section 3.1, and achievement of the Cash Hurdle means (i) in the case of an LTIP Performance Period, that the Company’s cash, cash equivalents and short term investments (excluding restricted cash, cash equivalents and short term investments) at the end of such Performance Period, as reflected on the regularly prepared and publicly available balance sheet of the Company and its consolidated subsidiaries prepared in accordance with applicable accounting rules, is equal to or greater than the dollar amount established by the Committee as the Cash Hurdle for such Performance Period, and (ii) in the case of a Profit Based RSU Performance Period, that the Company’s cash, cash equivalents and short term investments (excluding restricted cash, cash equivalents and short term investments) at the end of the Fiscal Year prior to the applicable Specified Payment Date (the “Cash Hurdle Measurement Date”), as reflected on the regularly prepared and publicly available balance sheet of the Company and its consolidated subsidiaries prepared in accordance with applicable accounting rules, is equal to or greater than the dollar amount established by the Committee as the Cash Hurdle for such Performance Period.

(i) “Change in Control” means a “Change in Control” as defined in the Incentive Plan 2010 as in effect on the date the Incentive Plan 2010 is approved by the stockholders of the Company.

(j) “Code” means the Internal Revenue Code of 1986, as amended.

(k) “Committee” means a committee of the Board comprised solely of two or more outside directors (within the meaning of the term “outside directors” as used in section 162(m) of the Code). Such committee shall be the Human Resources Committee of the Board unless and until the Board designates another committee of the Board to serve as the Committee.

(l) “Company” means Continental Airlines, Inc., a Delaware corporation.

(m) “Company Stock” means the Class B common stock, par value \$0.01 per share, of the Company.

(n) “Cumulative Profit Sharing Pool” means, with respect to the last day of a Fiscal Year in a Profit Based RSU Performance Period, the aggregate amount of the Profit Sharing Pools, if any, for such Fiscal Year and for all prior Fiscal Years in such Profit Based RSU Performance Period.

(o) “Cumulative Profit Sharing Pool Target” means, with respect to a Profit Based RSU Performance Period, the dollar amount established by the Committee as the Cumulative Profit Sharing Pool Target with respect to such Performance Period pursuant to Section 3.1. The Committee may set multiple levels (including through interpolation) for the Cumulative Profit Sharing Pool Target that may apply to a single Profit Based RSU Performance Period (and each such level is referred to herein as a “Cumulative Profit Sharing Pool Target Level”), and the Payout Structure relating to the Profit Based RSU Award for

such Performance Period may specify different Profit Based RSU Payment Percentages depending on the Cumulative Profit Sharing Pool Target Level achieved (including the interpolation of Profit Based RSU Payment Percentages if the Cumulative Profit Sharing Pool Target Levels include interpolated levels). Achievement of a Cumulative Profit Sharing Pool Target means that, as of the last day of a Fiscal Year in the Profit Based RSU Performance Period, the Cumulative Profit Sharing Pool equals or exceeds a Cumulative Profit Sharing Pool Target Level that has not been so achieved as of the last day of any prior Fiscal Year in such Profit Based RSU Performance Period (and the Cumulative Profit Sharing Pool Target shall be deemed achieved for such Fiscal Year only with respect to the highest such Cumulative Profit Sharing Pool Target Level so achieved for such Fiscal Year).

(p) “Disability” or “Disabled” means, with respect to a Participant, that such Participant is, by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, receiving income replacement benefits for a period of not less than three months under an accident and health plan covering employees of such Participant’s employer.

(q) “EBITDAR” means, with respect to the Company and each company in the Industry Group and each LTIP Performance Period, the aggregate earnings of the Company or such company and its consolidated subsidiaries during the Performance Period, determined prior to the charges, costs, and expenses associated with interest, income taxes, depreciation, amortization, and aircraft rent. EBITDAR shall be determined based on the regularly prepared and publicly available statements of operations of the Company and each company in the Industry Group prepared in accordance with applicable accounting rules (and if necessary to determine certain items, based on Form 41 data filed by the Company or such company with the Department of Transportation); provided, however, that EBITDAR shall be adjusted to exclude (i) non-operating income or expense, (ii) write-offs of assets (including aircraft and associated parts), (iii) one-time gains or losses from the disposal of assets, and (iv) any other item of gain, loss, or expense determined to be special, extraordinary or unusual in nature or infrequent in occurrence, in each case under clauses (i), (ii), (iii) and (iv) as determined by the Committee in accordance with applicable accounting rules. If the fiscal year of a company in the Industry Group is not the calendar year, then such company’s EBITDAR for an LTIP Performance Period shall be determined based upon the fiscal quarters of such company that coincide with the fiscal quarters contained in such Performance Period. Further, if a company in the Industry Group provides publicly available statements of operations with respect to its airline business that are separate from the statements of operations provided with respect to its other businesses, then such company’s EBITDAR shall be determined based solely upon the separately provided statements of operations pertaining to its airline business.

(r) “EBITDAR Margin” means, with respect to the Company and each LTIP Performance Period, the cumulative EBITDAR for the Company for such Performance Period divided by the Company’s cumulative revenues (determined on a consolidated basis based on the regularly prepared and publicly available statements of operations of the Company prepared in accordance with applicable accounting rules) over such Performance Period; provided, however, that, such cumulative revenues shall be adjusted to exclude any item determined to be special, extraordinary or unusual in nature or infrequent in occurrence as determined by the Committee in accordance with applicable accounting rules.

(s) “Eligible Employee” means any individual who is a staff vice president or more senior officer of the Company or a Subsidiary.

(t) “Entry EBITDAR Margin” means, with respect to each LTIP Performance Period, the percentage determined by dividing (i) the cumulative EBITDAR of all companies in the Industry Group for such Performance Period by (ii) all such companies’ cumulative revenues (determined as provided in Section 2.1(r) with respect to the Company) over such Performance Period. If the fiscal year of a company in the Industry Group is not the calendar year, then such company’s cumulative revenues for an LTIP Performance Period shall be determined based upon the fiscal quarters of such company that coincide with the fiscal quarters contained in such Performance Period. Further, if a company in the Industry Group provides publicly available statements of operations with respect to its airline business that are separate from the statements of operations provided with respect to its other businesses, then such company’s cumulative revenues shall be determined based solely upon the separately provided statements of operations pertaining to its airline business.

(u) “Entry Level LTIP Percentage” means, with respect to each Participant who receives an LTIP Award for an LTIP Performance Period, the percentage established by the Committee as the Entry Level LTIP Percentage for such Participant with respect to such Award pursuant to Section 3.1.

(v) “Fiscal Year” means each 12-consecutive month period commencing on January 1.

(w) “Incentive Plan 2010” means the Continental Airlines, Inc. Incentive Plan 2010, as amended from time to time.

(x) “Industry Group” means, with respect to each LTIP Performance Period, the companies determined in accordance with the provisions of Article V for such Performance Period.

(y) “LTIP Performance Period” means each three-year period commencing on the first day of a calendar year that begins on or after January 1, 2010. Notwithstanding the foregoing, no new LTIP Performance Period shall commence on or after the date upon which a Change in Control occurs, unless otherwise determined by the Committee.

(z) “Market Value per Share” means, as of any specified date, the simple average of the closing sales prices of Company Stock in the principal securities market in which the Company Stock is then traded over the 20 most recent consecutive Trading Days ending on the last Trading Day preceding the specified date, adjusted appropriately by the Committee for any stock splits, stock dividends, reverse stock splits, special dividends or other similar matters occurring during or with respect to any relevant measurement period.

(aa) “Maximum Aggregate Payment Amount” means an amount equal to the product of (i) the Profit Based RSU Payment Percentage applicable to the highest Cumulative Profit Sharing Pool Target Level established by the Committee with respect to such Award multiplied by (ii) a dollar amount determined by the Committee in its sole discretion; provided, however, that the Committee may, in its sole discretion, determine whether or not to establish a Maximum Aggregate Payment Amount with respect to any particular RSU. The Maximum Aggregate Payment Amount, if any, with respect to an RSU subject to an outstanding Profit Based RSU Award shall be subject to appropriate adjustment by the Committee for any stock splits, stock dividends, reverse stock splits, special dividends or other similar matters relating to Company Stock occurring after the date of grant of such Award.

(bb) “Participant” means an Eligible Employee who has received an Award under the Program with respect to a Performance Period pursuant to Section 4.1.

(cc) “Payment Amount” (A) with respect to LTIP Awards means, with respect to each Participant and each LTIP Performance Period for which the LTIP Performance Target is satisfied, an amount equal to (i) such Participant’s Base Amount in effect as of the earlier of (1) the last day of such LTIP Performance Period, (2) the date of such Participant’s death, Disability or Retirement, or (3) the day immediately preceding the date upon which such Participant suffers a Qualifying Event on or after the occurrence of a Change in Control, multiplied by (ii) the Payout Percentage applicable to such Participant for such LTIP Performance Period, and (B) with respect to each Profit Based RSU Award and related Profit Based RSU Performance Period, means

each amount payable pursuant to Section 6.2(b), 6.3(b) and 6.4(b). Notwithstanding the foregoing, a Payment Amount may be pro-rated as provided in the Program.

(dd) "Payout Percentage" means, with respect to each Participant for an LTIP Performance Period for which the LTIP Performance Target is satisfied, a percentage, determined as of the earlier of (i) the last day of such Performance Period, (ii) the date of such Participant's death, Disability or Retirement, or (iii) the day immediately preceding the date upon which such Participant suffers a Qualifying Event on or after the occurrence of a Change in Control, equal to such Participant's Entry Level LTIP Percentage plus (A) if the Company's EBITDAR Margin with respect to such Performance Period exceeds the Entry EBITDAR Margin with respect to such Performance Period, an additional percentage equal to (x) such Participant's Target Level LTIP Percentage divided by (y) the difference between the Target EBITDAR Margin with respect to such Performance Period and the Entry EBITDAR Margin with respect to such Performance Period (expressed in Basis Points), for each Basis Point that the Company's EBITDAR Margin with respect to such Performance Period exceeds the Entry EBITDAR Margin with respect to such Performance Period, up to and including the Target EBITDAR Margin with respect to such Performance Period, and (B) if the Company's EBITDAR Margin with respect to such Performance Period exceeds the Target EBITDAR Margin with respect to such Performance Period, an additional percentage equal to (x) such Participant's Stretch Level LTIP Percentage divided by (y) the difference between the Stretch EBITDAR Margin with respect to such Performance Period and the Target EBITDAR Margin with respect to such Performance Period (expressed in Basis Points), for each Basis Point that the Company's EBITDAR Margin with respect to such Performance Period exceeds the Target EBITDAR Margin with respect to such Performance Period, up to and including the Stretch EBITDAR Margin with respect to such Performance Period.

(ee) "Payout Structure" means, with respect to each Profit Based RSU Performance Period, a Profit Based RSU Payment Percentage determined by the Committee to apply to each Cumulative Profit Sharing Pool Target Level relating to such Performance Period. The Payout Structure for each Profit Based RSU Performance Period shall be established by the Committee pursuant to Section 3.1.

(ff) "Performance Period" means an LTIP Performance Period or a Profit Based RSU Performance Period, as applicable or as the context requires.

(gg) "Performance Target" means (A) with respect to an LTIP Performance Period, that (1) the Cash Hurdle with respect to such Performance Period has been achieved, and (2) the Company's EBITDAR Margin with respect to such Performance Period equals or exceeds the Entry EBITDAR Margin with respect to such Performance Period (clauses (A)(1) and (2) together, the "LTIP Performance Target"), and (B) with respect to a Profit Based RSU Performance Period, that, as of the last day of a Fiscal Year in such Performance Period, the Cumulative Profit Sharing Pool Target for such Performance Period has been achieved (clause (B), the "Profit Based RSU Performance Target").

(hh) "Profit Based RSU Payment Percentage" means, with respect to each Profit Based RSU Performance Period, the percentage of the RSUs subject to the related Profit Based RSU Award for which payments may be made under the Program upon achievement of a particular Cumulative Profit Sharing Pool Target Level relating to such Performance Period. The Profit Based RSU Payment Percentages for a Profit Based RSU Performance Period shall be determined by the Committee in connection with the Committee's determination of the Payout Structure for such Performance Period.

(ii) "Profit Based RSU Performance Period" means each period established by the Committee pursuant to Section 3.1 that consists of one or more consecutive Fiscal Years that begin on or after January 1, 2010.

(jj) "Profit Sharing Pool" means, with respect to each Fiscal Year, the "Annual Award Pool" for such Fiscal Year determined under the Company's broad-based profit sharing plan (the "PSP") as in effect on the 90<sup>th</sup> day of the Profit Based RSU Performance Period that includes such Fiscal Year, calculated assuming that all workgroups (other than officers and management level employees at Grade 46 and above) are participating; provided, however, that any Minor Pool (as defined in the PSP) with respect to a Fiscal Year that ended prior to the beginning of any Profit Based RSU Performance Period shall not be included in the Profit Sharing Pool with respect to a Fiscal Year in such Performance Period.

(kk) "Program" means this Continental Airlines, Inc. Long Term Incentive and RSU Program, as amended from time to time.

(ll) "Qualifying Event" means, with respect to a Participant, the termination of such Participant's employment with the Company under circumstances which would permit such Participant to receive a Termination Payment or Monthly Severance Amount (as such terms are defined in such Participant's employment agreement), or similar payment, pursuant to any contract of employment between such Participant and the Company or any Subsidiary.

(mm) "Retirement," "Retires" or "Retired" means retirement of a Participant from employment with the Company pursuant to the provisions of the Continental Retirement Plan, as amended from time to time.

(nn) "RSUs" means the method of denominating Profit Based RSU Awards, which shall be granted in whole numbers and which are denominated in Company Stock for purposes of Incentive Plan 2010. The number of RSUs subject to an outstanding Profit Based RSU Award shall be subject to appropriate adjustment by the Committee for any stock splits, stock dividends, reverse stock splits, special dividends or other similar matters relating to Company Stock occurring after the date of grant of such Award and during or with respect to the applicable Performance Period.

(oo) "Section 16" means Section 16 of the Securities Exchange Act of 1934, as amended (including any successor section to the same or similar effect).

(pp) "Specified Payment Date" means, with respect to a Profit Based RSU Performance Target that is achieved for any Profit Based RSU Performance Period as of the last day of a Fiscal Year, (i) with respect to a payment under Section 6.2(b)(i) for such Fiscal Year, the first day of the 3<sup>rd</sup> month following the end of such Fiscal Year, (ii) with respect to a payment under Section 6.2(b)(ii) for such Fiscal Year, the first day of the 15<sup>th</sup> month following the end of such Fiscal Year, and (iii) with respect to a payment under Section 6.2(b)(iii) for such Fiscal Year, the first day of the 27<sup>th</sup> month following the end of such Fiscal Year. With respect to each Fiscal Year during a Profit Based RSU Performance Period for which a Profit Based RSU Performance Target is achieved, the Specified Payment Date referred to in clause (i) of the preceding sentence is referred to herein as the "First Specified Payment Date," the Specified Payment Date referred to in clause (ii) of the preceding sentence is referred to herein as the "Second Specified Payment Date," and the Specified Payment Date referred to in clause (iii) of the preceding sentence is referred to herein as the "Third Specified Payment Date." Notwithstanding the foregoing, a Specified Payment Date may be deferred as provided in Section 6.2(b).

(qq) "Stretch EBITDAR Margin" means, with respect to an LTIP Performance Period, the percentage established by the Committee to be the Stretch EBITDAR Margin with respect to such Performance Period pursuant to Section 3.1, which shall be expressed as the Target EBITDAR Margin plus that number of Basis Points established by the Committee pursuant to Section 3.1.

(m) “Stretch Level LTIP Percentage” means, with respect to each Participant who receives an LTIP Award for an LTIP Performance Period, the percentage established by the Committee as the Stretch Level LTIP Percentage for such Participant with respect to such Award pursuant to Section 3.1.

(ss) “Subsidiary” for purposes of participation in the Program means any entity (other than the Company) with respect to which the Company, directly or indirectly through one or more other entities, owns equity interests possessing 50 percent or more of the total combined voting power of all equity interests of such entity (excluding voting power that arises only upon the occurrence of one or more specified events).

(tt) “Target EBITDAR Margin” means, with respect to an LTIP Performance Period, the percentage established by the Committee to be the Target EBITDAR Margin with respect to such Performance Period pursuant to Section 3.1, which shall be expressed as the Entry EBITDAR Margin plus that number of Basis Points established by the Committee pursuant to Section 3.1.

(uu) “Target Level LTIP Percentage” means, with respect to each Participant who receives an LTIP Award for an LTIP Performance Period, the percentage established by the Committee as the Target Level LTIP Percentage for such Participant with respect to such Award pursuant to Section 3.1.

(vv) “Trading Day” means a day during which trading in securities generally occurs in the principal securities market in which Company Stock is traded.

**2.2 Number, Gender, Headings, and Periods of Time.** Wherever appropriate herein, words used in the singular shall be considered to include the plural, and words used in the plural shall be considered to include the singular. The masculine gender, where appearing in the Program, shall be deemed to include the feminine gender. The headings of Articles, Sections, and Paragraphs herein are included solely for convenience. If there is any conflict between such headings and the text of the Program, the text shall control. All references to Articles, Sections, and Paragraphs are to the Program unless otherwise indicated. Any reference in the Program to a period or number of days, weeks, months, or years shall mean, respectively, calendar days, calendar weeks, calendar months, or calendar years unless expressly provided otherwise.

### **III. ADMINISTRATION**

**3.1 Administration by the Administrator.** The Program shall be administered by the Administrator, so that (i) Awards made to, and the administration (or interpretation of any provision) of the Program as it relates to, any person who is subject to Section 16, shall be made or effected by the Committee, and (ii) Awards made to, and the administration (or interpretation of any provision) of the Program as it relates to, any person who is not subject to Section 16, shall be made or effected by the Chief Executive Officer of the Company (or, if the Chief Executive Officer is not a director of the Company, the Committee), unless the Program specifies that the Committee shall take specific action (in which case such action may only be taken by the Committee) or the Committee (as to any Award described in this clause (ii) or the administration or interpretation of any specific provision of the Program) specifies that it shall serve as Administrator. Notwithstanding the foregoing, the Committee may from time to time in its discretion put any conditions and restrictions on the powers that may be exercised by the Chief Executive Officer of the Company in his or her capacity as Administrator. The action of a majority of the members of the Committee will be the act of the Committee.

The Committee may from time to time in its discretion establish in writing for purposes of the Program a Profit Based RSU Performance Period that consists of one or more consecutive Fiscal Years. The Committee shall, within 90 days after the first day of each Performance Period commencing on or after January 1, 2010 (but in no event after the date required for a performance goal to be considered preestablished under section 162(m) of the Code), establish in writing for purposes of the Program: (i) for LTIP Awards, (A) the applicable Target EBITDAR Margin and Stretch EBITDAR Margin (such that at all times the Stretch EBITDAR Margin shall be higher than the Target EBITDAR Margin, which in turn shall be higher than the Entry EBITDAR Margin) and the Cash Hurdle for each such Performance Period and (B) the Base Amount Multiple, Entry Level LTIP Percentage, Target Level LTIP Percentage and Stretch Level LTIP Percentage for each Participant with respect to such Performance Period, and (ii) for Profit Based RSU Awards, the Cash Hurdle, the Cumulative Profit Sharing Pool Target Levels (including the Cumulative Profit Sharing Pool Target Level that shall apply for purposes of Section 6.4(b)), the related Payout Structure for such Performance Period and the Maximum Aggregate Payment Amount, if any, applicable to the RSUs subject to such Award. The targets and other amounts established by the Committee pursuant to the preceding sentence shall in each case be subject to adjustment as determined by the Committee in its discretion as a result of changes in accounting principles and other significant extraordinary items or events; provided that in respect of any Award intended to qualify as performance-based compensation within the meaning of section 162(m) of the Code, such adjustments may only be made if and to the extent permitted by section 162(m) of the Code.

**3.2 Powers of the Administrator.** The Administrator shall supervise the administration and enforcement of the Program according to the terms and provisions hereof and shall have the sole discretionary authority and all of the powers necessary to accomplish these purposes. The Administrator (which shall be limited solely to the Committee with respect to clauses (e), (f), (g), (h), (i) and (j) below and as described in clause (c) below) shall have all of the powers specified for it under the Program, including, without limitation, the power, right, or authority: (a) to designate an Eligible Employee as a Participant with respect to a Performance Period at any time prior to the last day of such period, (b) from time to time to establish rules and procedures for the administration of the Program, which are not inconsistent with the provisions of the Program or the Incentive Plan 2010, and any such rules and procedures shall be effective as if included in the Program, (c) to construe in its discretion all terms, provisions, conditions and limitations of the Program and any Award, and to determine the number of RSUs subject to a Profit Based RSU Award to a Participant (which determination with respect to any person who is subject to Section 16 shall be made only by the Committee), (d) to correct any defect or to supply any omission or to reconcile any inconsistency that may appear in the Program in such manner and to such extent as the Administrator shall deem appropriate, (e) to determine the Target EBITDAR Margin, the Stretch EBITDAR Margin, the Cumulative Profit Sharing Pool Target Levels and the Participant Base Amount Multiples, Entry Level LTIP Percentages, Target Level LTIP Percentages and Stretch Level LTIP Percentages with respect to each relevant Performance Period, (f) to determine the Cash Hurdle for each relevant Performance Period, (g) to determine the Payout Structure and the Maximum Aggregate Payment Amount, if any, for each Profit Based RSU Award, (h) to make determinations as to whether the Performance Targets for the various Performance Periods were satisfied, (i) to make determinations as to whether the Cash Hurdles for the various Profit Based RSU Performance Periods were satisfied, (j) to certify in writing, prior to the payment of any amount under the Program with respect to a Performance Period, whether the Performance Targets relating to such Performance Period and any other material terms of the Program have in fact been satisfied, and (k) to make all other determinations necessary or advisable for the administration of the Program. The Administrator may correct any defect or supply any omission or reconcile any inconsistency in the Program or in any Award or Award Notice in the manner and to the extent it shall deem expedient to carry it into effect.

**3.3 Administrator Decisions Conclusive; Standard of Care.** The Administrator shall, in its sole discretion exercised in good faith (which, for purposes of this Section 3.3, shall mean the application of reasonable business judgment), make all decisions and determinations and take all actions necessary in connection with the administration of the Program. All such decisions, determinations, and actions by the Administrator shall be final, binding, and conclusive upon all persons. However, in the event of any conflict in any such determination as between the Committee and the Chief Executive Officer of the Company, each acting in its or his capacity as Administrator of the Plan, the determination of the Committee shall be conclusive. The Administrator

shall not be liable for any action or determination taken or made in good faith or upon reliance in good faith on the records of the Company or information presented to the Administrator by the Company's officers, employees, or other persons (including the Company's outside auditors) as to matters the Administrator reasonably believes are within such other person's professional or expert competence. If a Participant disagrees with any decision, determination, or action made or taken by the Administrator, then the dispute will be limited to whether the Administrator has satisfied its duty to make such decision or determination or take such action in good faith. No liability whatsoever shall attach to or be incurred by any past, present or future stockholders, officers or directors, as such, of the Company or any of its Subsidiaries, under or by reason of the Program or the administration thereof, and each Participant, in consideration of receiving benefits and participating hereunder, expressly waives and releases any and all claims relating to any such liability.

#### **IV. PARTICIPATION AND AWARD NOTICES**

**4.1 Participation.** Each individual who is an Eligible Employee on the first day of a Performance Period shall automatically be a Participant and receive an Award with respect to such Performance Period, unless otherwise determined by the Administrator prior to the first day of the relevant Performance Period. LTIP Awards shall be made with respect to LTIP Performance Periods and Profit Based RSU Awards shall be made with respect to Profit Based RSU Performance Periods. Each individual who becomes an Eligible Employee after the first day of a Performance Period shall become a Participant and receive an Award with respect to such Performance Period only if such individual is selected prior to the last day of such Performance Period by the Administrator in its sole discretion for participation in the Program with respect to such Performance Period. Unless otherwise determined by the Administrator, Payment Amounts with respect to an LTIP Award for an individual who becomes a Participant with respect to such Award after the first day of the related Performance Period shall be pro-rated based on a fraction, the numerator of which is (except as otherwise provided in Section 6.3 or Section 6.4) the number of days during the period beginning on the date of such Participant's commencement of participation in the Program for such Performance Period and ending on the last day of such Performance Period, and the denominator of which is the total number of days in such Performance Period. In addition, unless otherwise determined by the Administrator, Payment Amounts under Section 6.2(b) with respect to an individual who becomes a Participant with respect to a Profit Based RSU Performance Period after the first day of such Performance Period shall be pro-rated based on a fraction, the numerator of which is (except as otherwise provided in Section 6.3) the number of days during the period beginning on the date of such Participant's commencement of participation in the Program for such Performance Period and ending on the date of the applicable payment under Section 6.2(b), and the denominator of which is (except as otherwise provided in Section 6.3) the number of days in the period beginning on the first day of the relevant Profit Based RSU Performance Period and ending on the date of the applicable payment under Section 6.2(b).

**4.2 Award Notices.** The Company shall provide an Award Notice to each Eligible Employee who becomes a Participant with respect to a Performance Period within 90 days after such Eligible Employee becomes such a Participant. With respect to Profit Based RSU Awards to a Participant, the Administrator shall determine in each case the number of RSUs subject to the Award as of the date of grant of the Award. Each Award Notice with respect to a Profit Based RSU Award shall specify (a) the Performance Period to which the Award relates, (b) the applicable Cumulative Profit Sharing Pool Target Levels and Cash Hurdle, (c) the number of RSUs subject to the Award as of the date of grant of the Award, and (d) the Payout Structure and the Maximum Aggregate Payment Amount, if any, applicable to the Award. Each Award Notice with respect to an LTIP Award shall specify (A) the Performance Period to which the Award relates, (B) the applicable Cash Hurdle, Target EBITDAR Margin and Stretch EBITDAR Margin, (C) the applicable Base Amount Multiple, and (D) the applicable Payout Percentages set forth in Section 2.1(dd) hereof with respect to the Participant applicable upon the date of grant of the Award.

#### **V. INDUSTRY GROUP**

**5.1 Initial Designation.** The Industry Group shall consist of Alaska Air Group, Inc., AMR Corporation, Delta Air Lines, Inc., Southwest Airlines Co., UAL Corporation, and US Airways Group, Inc.; provided, however, that (a) within 90 days after the first day of each LTIP Performance Period, the Committee may in its discretion add any United States certificated scheduled mainline air carrier to, or remove any such company from, the Industry Group for such Performance Period and (b) the Industry Group for each LTIP Performance Period shall be subject to adjustment as provided in Section 5.2.

**5.2 Adjustments to the Industry Group During an LTIP Performance Period.** Except as provided in clause (a) of the proviso to Section 5.1, no company shall be added to, or removed from, the Industry Group for an LTIP Performance Period during such period; provided, however, that a company shall be removed from the Industry Group for an LTIP Performance Period if (a) during such period, (i) such company ceases to maintain publicly available statements of operations prepared in accordance with applicable accounting rules, (ii) such company is not the surviving entity in any merger, consolidation, or other non-bankruptcy reorganization (or survives only as a subsidiary of an entity other than a previously wholly owned subsidiary of such company), (iii) such company sells, leases, or exchanges all or substantially all of its assets to any other person or entity (other than a previously wholly owned subsidiary of such company), or (iv) such company is dissolved and liquidated, or (b) more than 20% of such company's revenues (determined on a consolidated basis based on the regularly prepared and publicly available statements of operations of such company prepared in accordance with applicable accounting rules) for any fiscal year of such company that ends during such Performance Period are attributable to the operation of businesses other than such company's airline business and such company does not provide publicly available statements of operations with respect to its airline business that are separate from the statements of operations provided with respect to its other businesses.

#### **VI. AWARD PAYMENTS**

**6.1 Determinations and Certification by the Committee.** As soon as administratively feasible after the end of each LTIP Performance Period, and as soon as administratively feasible after the end of each Fiscal Year in a Profit Based RSU Performance Period, as the case may be, the Committee shall determine whether the applicable Performance Target for such Performance Period has been met (including, with respect to a Profit Based RSU Performance Period, the Cumulative Profit Sharing Pool Target Level, if any, that has been achieved) and whether any other material terms relating to the payment of the related Awards have been satisfied. As soon as administratively feasible on or before each Specified Payment Date under Section 6.2(b), the Committee shall determine whether the Cash Hurdle for any Cash Hurdle Measurement Date related to such Specified Payment Date has been met. The Committee's determination as to whether the applicable Performance Target for a Performance Period, the Cash Hurdle for a Cash Hurdle Measurement Date and any other material terms relating to the payment of the related Awards have been satisfied shall be certified by the Committee in writing (including by electronic mail transmission) and delivered to the Secretary of the Company. For purposes of the preceding sentence, approved minutes of the Committee meeting in which the certification is made shall be treated as a written certification. Notwithstanding the foregoing, each written certification by the Committee (including a certification by electronic email transmission) under this Section 6.1 shall be made by a date which will permit the Company to comply with the time of payment requirements of Sections 6.2 and 6.3 (after giving effect to the provisions of Section 6.7).

**6.2 Eligibility for Payment of Awards.** Subject to the delayed payment restrictions of Section 6.6, payments with respect to Awards shall be made as follows:

(a) **LTIP Awards.** Upon the Committee's written certification in accordance with Section 6.1 that the applicable LTIP Performance Target for an LTIP Performance Period and any other material terms relating to the payment of the related Awards have been satisfied, each Participant who has received an

Award with respect to the relevant Performance Period for which the related Performance Target and other material terms have been satisfied, who has remained continuously employed by the Company from the date he or she received such Award until the last day of such Performance Period and who has not surrendered such Award to the Company shall be entitled to the Payment Amount applicable to such Participant's Award for such Performance Period. Except as provided in Section 6.3(a) and Section 6.4(a), if a Participant's employment with the Company terminates for any reason whatsoever prior to the last day of an LTIP Performance Period, then such Participant shall not be entitled to receive any payment under the Program with respect to his or her Award for such Performance Period, unless otherwise determined by the Administrator or otherwise provided in the Participant's employment agreement with the Company. Payment of the amount to which a Participant becomes entitled pursuant to this Section 6.2(a) shall be made by the Company on or before the 15th day of the third calendar month following the end of the applicable Performance Period.

(b) **Profit Based RSU Awards.** If the Committee certifies in writing in accordance with Section 6.1 that a Profit Based RSU Performance Target has been achieved as of the last day of a Fiscal Year in a Profit Based RSU Performance Period, then each Participant who has received an Award with respect to such Performance Period for which the related Performance Target and other material terms (including the relevant Cash Hurdle for the Cash Hurdle Measurement Date) have been satisfied shall receive the following payments with respect to the achievement of such Performance Target as of the last day of such Fiscal Year, provided that such Participant remains continuously employed by the Company from the date he or she received such Award until the date of payment specified below:

(i) on the First Specified Payment Date for such Fiscal Year, a payment in an amount equal to (A) one third of the number of RSUs subject to such Award as of such Specified Payment Date multiplied by (B) the Profit Based RSU Payment Percentage applicable to the Cumulative Profit Sharing Pool Target Level achieved at the end of such Fiscal Year multiplied by (C) the Market Value per Share as of such First Specified Payment Date;

(ii) on the Second Specified Payment Date for such Fiscal Year, a payment in an amount equal to (A) one third of the number of RSUs subject to such Award as of such Specified Payment Date multiplied by (B) the Profit Based RSU Payment Percentage applicable to the Cumulative Profit Sharing Pool Target Level achieved at the end of such Fiscal Year multiplied by (C) the Market Value per Share as of such Second Specified Payment Date; and

(iii) on the Third Specified Payment Date for such Fiscal Year, a payment in an amount equal to (A) one third of the number of RSUs subject to such Award as of such Specified Payment Date multiplied by (B) the Profit Based RSU Payment Percentage applicable to the Cumulative Profit Sharing Pool Target Level achieved at the end of such Fiscal Year multiplied by (C) the Market Value per Share as of such Third Specified Payment Date.

Notwithstanding the foregoing, if the Cash Hurdle for the relevant Profit Based RSU Performance Period has not been achieved as of an applicable Specified Payment Date set forth above and been certified by the Committee in writing in accordance with Section 6.1, then such Specified Payment Date shall be deferred and shall be deemed to occur on the next annual anniversary date of the original Specified Payment Date for which the Committee certifies in writing in accordance with Section 6.1 that such Cash Hurdle was achieved; provided, however, that if such Cash Hurdle is not so achieved on or before the first day of the 87th month following the end of the Fiscal Year to which such Specified Payment Date relates, then no payment shall be made under this Section 6.2(b) for such Specified Payment Date with respect to the related Profit Based RSU Award. Except as provided in Section 6.3(b) and Section 6.4(b), if a Participant's employment with the Company terminates for any reason whatsoever prior to a payment date specified in this Section 6.2(b), then such Participant shall not be entitled to receive any payment with respect to his or her Profit Based RSU Award for such payment date or for any subsequent payment date, unless otherwise determined by the Administrator or otherwise provided in the Participant's employment agreement with the Company.

Notwithstanding the preceding provisions of this Section 6.2(b) or the provisions of Sections 6.3(b) and 6.4(b), in no event shall the aggregate payments under the Program to a Participant with respect to an RSU subject to a Profit Based RSU Award exceed an amount equal to the Maximum Aggregate Payment Amount, if any, applicable to such RSU. To the extent that any payment provided under the Program with respect to an RSU (determined without regard to the limitation described in the preceding sentence) would, together with all prior payments made with respect to such RSU, exceed the limitation described in the preceding sentence, then such excess shall not be paid under the Program and the holder of such RSU shall have no rights or entitlements to any such excess amount.

### **6.3 Death, Disability or Retirement.**

( a ) **LTIP Awards.** Except as provided in Section 6.4(a) and except as specifically provided in a Participant's employment agreement or retirement agreement with the Company, if during an LTIP Performance Period with respect to which a Participant has received an Award, such Participant dies or becomes Disabled or Retires, then as to such Participant only (i) the Administrator, with respect to each LTIP Performance Period that began prior to the date of such Participant's death, Disability or Retirement and which has not ended as of such date, shall as promptly as practicable determine (based on publicly available data with respect to each LTIP Performance Period that began prior to the date of such Participant's death, Disability or Retirement and which has not ended as of such date) the Company's EBITDAR Margin and the Entry EBITDAR Margin through the most recent practicable date and the Company's cash flow through the most recent practicable date, and the Company's resulting cash, cash equivalents and short term investments, excluding restricted cash, cash equivalents and short term investments at the most recent practicable date, and shall determine, based on such data and publicly available data with respect to the companies contained in the Industry Group (and, if deemed appropriate by the Administrator, annualizing or otherwise making assumptions with respect to any relevant data), whether the Company has achieved the relevant LTIP Performance Target through such most recent practicable date (and if so, the LTIP Performance Target shall be deemed to have been met, as to such Participant only), and (ii) the provisions of Sections 6.1 and 6.2(a) shall cease to apply with respect to each such Performance Period. Except as provided in Section 6.4(a) and except as specifically provided in a Participant's employment agreement or retirement agreement with the Company, with respect to each LTIP Performance Period that began prior to the date of such Participant's death, Disability or Retirement and which has not ended as of such date with respect to which the LTIP Performance Target has been satisfied in the manner described in clause (i) of the preceding sentence, such Participant (or, in the case of death, such Participant's estate) shall (A) receive a payment from the Company, within five business days after the determination by the Administrator referred to in clause (i) of the foregoing sentence (but in no event later than March 15 of the calendar year following the calendar year in which occurred the Participant's death, Disability or Retirement), equal to the relevant Payment Amount applicable to such Participant's LTIP Award for such LTIP Performance Period multiplied by a fraction, the numerator of which is the number of days during the period beginning on the date of such Participant's commencement of participation in the Program for such LTIP Performance Period and ending on the date such Participant died, became Disabled or Retired, and the denominator of which is the number of days in the entire LTIP Performance Period, and (B) not be entitled to any additional payment under the Program with respect to such LTIP Performance Period.

( b ) **Profit Based RSU Awards.** Except as provided in Section 6.4(b) and except as specifically provided in a Participant's employment agreement or retirement agreement with the Company, if during a Profit Based RSU Performance Period with respect to which a Participant has received an

Award (or after such Performance Period has ended but prior to the date such Participant has received all payments to which such Participant may have otherwise been entitled to under Section 6.2(b) if such Participant had continued to be employed by the Company), such Participant dies or becomes Disabled or Retires, then, as to such Participant only, such Participant shall receive a payment on the Applicable Specified Payment Date (as defined below) in an amount equal to the aggregate remaining individual payments (each, an "Individual Payment") that such Participant would have otherwise received with respect to such Award pursuant to the provisions of Section 6.2(b) determined as if such Participant had remained continuously employed by the Company until the applicable payment date and assuming that the Cash Hurdle applicable to each such Individual Payment was achieved at the earliest relevant time, except that:

(A) each such Individual Payment shall be multiplied by a fraction, the numerator of which is the number of days during the period beginning on the date of such Participant's commencement of participation in the Program for the relevant Profit Based RSU Performance Period and ending on the date such Participant died, became Disabled or Retired, and the denominator of which is the number of days in the period beginning on the first day of the relevant Profit Based RSU Performance Period and ending on the earliest date after the date such Participant died, became Disabled or Retired as of which payment of such Individual Payment could have been made under Section 6.2(b) (determined based upon the assumption that the Cash Hurdle applicable to such payment was satisfied); and

(B) no payments shall be made to or for the benefit of such Participant with respect to any Profit Based RSU Performance Target that is achieved with respect to a Fiscal Year that begins after the date of such Participant's death, Disability or Retirement.

For purposes of the preceding sentence, the "Applicable Specified Payment Date" means, with respect to each relevant Profit Based RSU Performance Period, the Specified Payment Date next occurring (and for which the Cash Hurdle was actually achieved) with respect to such Performance Period after the Fiscal Year in which the Participant died, became Disabled or Retired.

Notwithstanding the foregoing, except as specifically provided in a Participant's employment agreement or retirement agreement with the Company, (1) if a Change in Control occurs after the date of such Participant's death, Disability or Retirement, then each payment to which such Participant may still be entitled to pursuant to the preceding provisions of this Section 6.3(b) as of the date of such Change in Control that has not previously been paid to such Participant shall be paid to such Participant within five business days after the date of such Change in Control, and (2) each such payment shall be determined in the manner described in such provisions, except that the amount of such payment shall be based on the Market Value per Share as of the date of such Change in Control (rather than as of the date specified in Section 6.2(b)).

#### **6.4 Change in Control.**

(a) LTIP Awards. Upon the occurrence of a Change in Control, with respect to each Participant who is employed by the Company on the day immediately preceding the date of such Change in Control, (i) the LTIP Performance Targets, including achievement of the Stretch EBITDAR Margin, for each relevant Performance Period that began prior to the date of such Change in Control and which has not ended as of such date shall be deemed to have been satisfied, and (ii) the provisions of Sections 6.1, 6.2(a) and 6.3(a) shall cease to apply with respect to each such Performance Period.

If a Change in Control occurs during an LTIP Performance Period, then, on or before the Applicable Payment Date (as defined below) following the end of each calendar year in such LTIP Performance Period ending on or after the date of such Change in Control, each Retirement Eligible Participant (as defined below) with respect to such calendar year who has received an LTIP Award with respect to such LTIP Performance Period shall receive a payment from the Company equal to (i) the Payment Amount applicable to such Participant's LTIP Award for such LTIP Performance Period (determined as if such Participant had Retired on the last day of such calendar year) multiplied by a fraction, the numerator of which is the number of days during the period beginning on the date of such Participant's commencement of participation in the Program for such LTIP Performance Period and ending on the last day of such calendar year, and the denominator of which is the number of days in the entire LTIP Performance Period, minus (ii) the aggregate payments, if any, made to such Participant pursuant to this paragraph with respect to prior calendar years. For purposes of the preceding sentence, (A) the "Applicable Payment Date" with respect to a calendar year shall mean the fifteenth day of the third calendar month following the end of such year (or, in the case of the last calendar year in an LTIP Performance Period, such term shall mean the fifth business day after the end of such year), and (B) a Participant shall be considered a "Retirement Eligible Participant" with respect to a calendar year if such Participant was eligible to Retire during such year and did not suffer a Qualifying Event, die, become Disabled or Retire during such year.

If a Change in Control occurs and on the date thereof or thereafter during an LTIP Performance Period described in the first paragraph of this Section 6.4(a) a Participant who has received an LTIP Award with respect to such LTIP Performance Period suffers a Qualifying Event or subsequent to the Change in Control dies, becomes Disabled, or Retires, then, with respect to each such LTIP Performance Period, such Participant (or, in the case of death, such Participant's estate) shall (i) within five business days after the occurrence of the Qualifying Event, death, Disability or Retirement, receive a payment from the Company equal to (A) the Payment Amount applicable to such Participant's LTIP Award for such LTIP Performance Period multiplied by a fraction, the numerator of which is the number of days during the period beginning on the date of such Participant's commencement of participation in the Program for such LTIP Performance Period and ending on the date such Participant died, became Disabled, Retired or suffered the Qualifying Event, and the denominator of which is the number of days in the entire LTIP Performance Period, minus (B) the aggregate payments, if any, made or payable to such Participant pursuant to the second paragraph of this Section 6.4(a) with respect to calendar years that ended prior to the date of such Participant's Qualifying Event, death, Disability or Retirement, and (ii) not be entitled to any additional payment under the Program with respect to such LTIP Performance Period (other than any unpaid amount owed to such Participant pursuant to the second paragraph of this Section 6.4(a) with respect to a calendar year that ended prior to the date of such Participant's Qualifying Event, death, Disability or Retirement).

If a Change in Control occurs and a Participant who has received an Award with respect to an LTIP Performance Period described in the first paragraph of this Section 6.4(a) did not die, become Disabled, Retire or suffer a Qualifying Event during such Performance Period and such Participant remained continuously employed by the Company from the date he or she received such Award until the last day of such Performance Period, then, with respect to each such Performance Period, such Participant shall receive a payment from the Company within five business days after the last day of such Performance Period in an amount equal to (i) the Payment Amount applicable to such Participant's Award for such Performance Period, minus (ii) the aggregate payments, if any, made or payable to such Participant pursuant to the second paragraph of this Section 6.4(a) with respect to such Award.

(b) Profit Based RSU Awards. Upon the occurrence of a Change in Control, (i) the Cash Hurdle for each Profit Based RSU Performance Period that began prior to the date of such Change in Control and for which a potential for payment under Sections 6.2(b) or 6.3(b) exists as of the date of such Change in Control shall be deemed to have been satisfied, and (ii) the Profit Based RSU Performance Targets for each Profit Based RSU Performance Period that began prior to the date of such Change in Control and which has not ended as of such date shall be deemed to have been satisfied for the Fiscal Year in which the Change in Control occurs at the Cumulative Profit Sharing Pool Target Level established by the Committee for purposes of this Section 6.4(b) at the time of grant of the related Award (provided that this clause (ii) shall not be applicable with respect to any such Profit Based RSU Performance Period if

such Profit Based RSU Performance Target was satisfied in a Fiscal Year that ended prior to the Fiscal Year in which such Change in Control occurs at such Cumulative Profit Sharing Pool Target Level or a higher level). Notwithstanding any provision in the Program to the contrary, upon the occurrence of a Change in Control, no Profit Based RSU Performance Target may be achieved with respect to a Fiscal Year that begins after the date of such Change in Control, and no payments shall be made to or for the benefit of any Participant with respect to any Profit Based RSU Performance Target that would have otherwise been achieved for any such Fiscal Year.

If a Change in Control occurs, then the provisions of Sections 6.2(b) and 6.3(b) shall continue to apply to the Profit Based RSU Performance Periods described in the preceding paragraph with the following modifications:

- (i) certification by the Committee under Section 6.1 of the achievement of the relevant Profit Based RSU Performance Target and Cash Hurdle shall not be required;
- (ii) the Payment Amount described in Section 6.2(b) as of each applicable Specified Payment Date that occurs after the date of such Change in Control shall be based on the Market Value per Share as of the date of such Change in Control (rather than the Market Value per Share as of such Specified Payment Date); and
- (iii) if on or after the occurrence of such Change in Control and prior to receiving all payments pursuant to Section 6.2(b) with respect to such Profit Based RSU Performance Periods a Participant who has received a Profit Based RSU Award with respect to such Profit Based RSU Performance Periods suffers a Qualifying Event or subsequent to the Change in Control dies, becomes Disabled, or Retires, then such Participant (or, in the case of death, such Participant's estate) shall (A) within five business days after the occurrence of the Qualifying Event, death, Disability or Retirement, receive a payment from the Company equal to the aggregate of such remaining Payment Amounts, and (B) not be entitled to any additional payment under the Program with respect to such Payment Amounts; provided, however, that if a Participant who has received a Profit Based RSU Award with respect to such Profit Based RSU Performance Periods is eligible to Retire as of the date of such Change in Control or continues in employment with the Company after such Change in Control until the date such Participant first becomes eligible to Retire, and if such Participant does not suffer a Qualifying Event, die, become Disabled or Retire prior to such Participant's Applicable Retirement Date (as defined below), then the payments described in the preceding provisions of this clause (iii) shall not be made following such Participant's Retirement as provided above, but, rather, shall be made on or before the March 15 that next follows such Participant's Applicable Retirement Date.

For purposes of clause (iii) of the preceding sentence, a Participant's "Applicable Retirement Date" is the date that is five business days before March 15 of the calendar year next following the later of (x) the calendar year in which such Change in Control occurs or (y) the calendar year in which such Participant first became eligible to Retire.

**6.5 Form of Payment of Awards.** All payments to be made under the Program to a Participant with respect to an Award shall be paid in a single lump sum payment in cash; provided, however, that, to the extent permitted and subject to any limitations under the Incentive Plan 2010 and applicable laws and securities exchange rules, the Committee may, in its sole discretion, direct that payment of Profit Based RSU Awards be made either (a) in shares of Company Stock, but if and only if at the time of payment the Company has an effective registration statement under the Securities Act of 1933, as amended, covering the issuance of Company Stock under the Program, or (b) in a combination of cash and/or shares of Company Stock. If the Committee elects to direct the Company to pay all or a portion of a payment due for Profit Based RSU Awards in shares of Company Stock, then the number of shares of Company Stock shall be determined by multiplying (i) one third of the number of RSUs subject to such Award that are to be so paid in Company Stock by (ii) the Profit Based RSU Payment Percentage applicable to the Cumulative Profit Sharing Pool Target Level achieved with respect to the payment to be made in shares on the Specified Payment Date, rounding such number of shares down to the nearest whole share. Notwithstanding the preceding provisions of this Section 6.5, if a payment to be made under the Program to a Participant with respect to a Profit Based RSU Award is limited due to the application of the Program limitations relating to the Maximum Aggregate Payment Amount, then such payment may not be made in shares of Company Stock.

**6.6 Delayed Payment Restriction.** With respect to a Participant who is identified as a specified employee (within the meaning of section 409A(a)(2)(B)(i) of the Code and as determined by the Company in accordance with any of the methods permitted under the regulations issued under section 409A of the Code) and who is to receive a payment hereunder (which payment is not a "short-term deferral" for purposes of section 409A of the Code) on account of such Participant's separation from service (within the meaning of section 409A(a)(2)(A)(i) of the Code and applicable administrative guidance thereunder, but excluding a separation from service by reason of death or Disability), the payment to such Participant shall not be made prior to the earlier of (a) the date that is six months after the Participant's termination of employment or (b) the date of death of the Participant. In such event, any payment to which the Participant would have otherwise been entitled during the first six months following the Participant's termination of employment (or, if earlier, prior to the Participant's date of death) shall be accumulated and paid in the form of a single lump sum payment to the Participant on the date that is six months after the Participant's termination of employment or to the Participant's estate on the date of the Participant's death, as applicable.

**6.7 Time of Payment Obligations.** Any obligation hereunder to make a payment on a specified date shall be deemed to have been satisfied in the event that such payment is made within five business days after such specified date; provided, however, that, with respect to a payment that is intended to qualify as a "short-term deferral" under section 409A of the Code, in no event shall such payment be made later than the date required in order for such payment to so qualify.

## **VII. TERMINATION AND AMENDMENT OF PROGRAM**

**7.1 Termination and Amendment.** Subject to the terms of this Section 7.1, the Committee may amend the Program at any time and from time to time, and the Committee may at any time terminate the Program (in its entirety or as it applies to one or more specified Subsidiaries) with respect to Performance Periods that have not commenced as of the date of such Committee action; provided, however, that, (a) except as provided in the following sentence, the Program may not be amended in a manner that would impair the rights of any Participant with respect to any outstanding Award without the consent of such Participant, and (b) to the extent required by section 409A of the Code, the Program may not be amended or terminated in a manner that would give rise to an impermissible acceleration of the time or form of a payment of a benefit under the Program pursuant to section 409A(a)(3) of the Code and any regulations or guidance issued thereunder. Notwithstanding anything in the Program or an Award Notice to the contrary, if the Committee determines that the terms of the Program and/or any Award Notice do not, in whole or in part, satisfy the requirements of section 409A of the Code (or the requirements for an exemption to the application of section 409A of the Code), then the Committee, in its sole discretion, may unilaterally modify the Program and any such Award Notice in such manner as it deems appropriate to comply with such section and any regulations or guidance issued thereunder (or to qualify for an exemption to the application of such section). No Participant's participation herein may be terminated in contemplation of or in connection with a Change in Control. The Program may not be amended or terminated in contemplation of or in connection with a Change in Control unless adequate and effective provision for the making of all payments otherwise payable pursuant to Section 6.4 of the Program (as in effect on the date of the adoption of the Program by the Committee) with respect to such Change in Control shall be made in connection with any such amendment or

termination. The Committee shall remain in existence after the termination of the Program for the period determined necessary by the Committee to facilitate the termination of the Program and the payment of any outstanding Awards hereunder, and all provisions of the Program that are necessary, in the opinion of the Committee, for equitable operation of the Program during such period shall remain in force.

## **VIII. MISCELLANEOUS PROVISIONS**

**8.1 No Effect on Employment Relationship.** Except as expressly provided otherwise herein, for all purposes of the Program, a Participant shall be considered to be in the employment of the Company as long as he or she has not incurred a separation from service with the Company and its affiliates within the meaning of section 409A(a)(2)(A)(i) of the Code and applicable administrative guidance issued thereunder; provided, however, that whether such a separation from service has occurred shall be determined based upon a reasonably anticipated permanent reduction in the level of bona fide services to be performed to no more than 20% (or 49% if the Participant will no longer serve as an officer of the Company) of the average level of bona fide services provided in the immediately preceding 36 months. Nothing in the adoption of the Program, the grant of Awards, or the payment of amounts under the Program shall confer on any person the right to continued employment by the Company or any Subsidiary or affect in any way the right of the Company (or a Subsidiary, if applicable) to terminate such employment at any time. Unless otherwise provided in a written employment agreement, the employment of each Participant shall be on an at-will basis, and the employment relationship may be terminated at any time by either the Participant or the Participant's employer for any reason whatsoever, with or without cause. Any question as to whether and when there has been a termination of a Participant's employment for purposes of the Program, and the reason for such termination, shall be determined solely by and in the discretion of the Administrator, and its determination shall be final, binding, and conclusive on all parties.

**8.2 Prohibition Against Assignment or Encumbrance.** No Award or other right, title, interest, or benefit hereunder shall ever be assignable or transferable, or liable for, or charged with any of the torts or obligations of a Participant or any person claiming under a Participant, or be subject to seizure by any creditor of a Participant or any person claiming under a Participant. No Participant or any person claiming under a Participant shall have the power to anticipate or dispose of any Award or other right, title, interest, or benefit hereunder in any manner until the same shall have actually been distributed free and clear of the terms of the Program. Payments with respect to an Award shall be payable only to the Participant (or (a) in the event of a Disability that renders such Participant incapable of conducting his or her own affairs, any payment due under the Program to such Participant shall be made to his or her duly appointed legal representative and (b) in the event of the death of a Participant, any payment due under the Program to such Participant shall be made to his or her estate). Notwithstanding the preceding provisions of this paragraph, the Administrator shall comply with the terms of any qualified domestic relations order (as defined in the Incentive Plan 2010) providing for the transfer or assignment of all or any portion of a Participant's interest under the Program. The provisions of the Program shall be binding on all successors and permitted assigns of a Participant, including without limitation the estate of such Participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of the Participant's creditors.

**8.3 Unfunded, Unsecured Program.** The Program shall constitute an unfunded, unsecured obligation of the Company to make payments of incentive compensation to certain individuals from its general assets in accordance with the Program. Each Award granted under the Program merely constitutes a mechanism for measuring such incentive compensation and does not constitute a property right or interest in the Company, any Subsidiary, or any of their assets. Neither the establishment of the Program, the granting of Awards, nor any other action taken in connection with the Program shall be deemed to create an escrow or trust fund of any kind.

**8.4 No Rights of Participant.** No Participant shall have any security or other interest in any assets of the Company or any Subsidiary or in Company Stock as a result of participation in the Program (except after payment thereof to the Participant). Participants and all persons claiming under Participants shall rely solely on the unsecured promise of the Company set forth herein, and nothing in the Program, an Award or an Award Notice shall be construed to give a Participant or anyone claiming under a Participant any right, title, interest, or claim in or to any specific asset, fund, entity, reserve, account, or property of any kind whatsoever owned by the Company or any Subsidiary or in which the Company or any Subsidiary may have an interest now or in the future; but each Participant shall have the right to enforce any claim hereunder in the same manner as a general creditor. Neither the establishment of the Program nor participation hereunder shall create any right in any Participant to make any decision, or provide input with respect to any decision, relating to the business of the Company or any Subsidiary.

**8.5 Tax Withholding.** The Company and the Subsidiaries shall deduct and withhold, or cause to be withheld, from a Participant's payment, including the delivery of Company Stock, made under the Program, or from any other payment to such Participant, an amount necessary to satisfy any and all tax withholding obligations arising under applicable local, state, federal, or foreign laws associated with such payment. The Company and the Subsidiaries may take any other action as may in their opinion be necessary to satisfy all obligations for the payment and withholding of such taxes.

**8.6 No Effect on Other Compensation Arrangements.** Nothing contained in the Program or any Participant's Award or Award Notice shall prevent the Company or any Subsidiary from adopting or continuing in effect other or additional compensation arrangements affecting any Participant. Nothing in the Program shall be construed to affect the provisions of any other compensation plan or program maintained by the Company or any Subsidiary.

**8.7 Subsidiaries.** The Company may require any Subsidiary employing a Participant to assume and guarantee the Company's obligations hereunder to such Participant, either at all times or solely in the event that such Subsidiary ceases to be a Subsidiary.

**8.8 Governing Law.** The Program shall be construed in accordance with the laws of the State of Texas.

**CERTIFICATION**

I, Jeffery A. Smisek, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Continental Airlines, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
