**Explanation of Responses:**

- Each share unit represents the economic equivalent of one share of common stock. At time of settlement, Reporting Person will receive a cash payment equal to the number of share units multiplied by the average of the high and low sale prices of a share of the Company's common stock on the date of settlement.
- Additional share units accrue when and as dividends are paid on the Company's common stock. The number of share units accrued will be equal to the dollar amount of dividends that would be payable if the share units were actual shares of common stock, divided by the average of the high and low sale prices of a share of the Company's common stock on the date dividends are paid.
- Delivery of a cash payment in settlement of the share units will be made on June 9, 2012.
