The Exchange Offer will expire at 5:00 p.m., New York City time, on [            ], unless extended.

Pass Through Certificates, Series 1997-1 (the "New Certificates"), which have been registered under the Securities Act of 1933, as amended (the "Securities Act"), pursuant to a Registration Statement of which this Prospectus is a part, are hereby offered, upon the terms and subject to the conditions set forth in this Prospectus and the accompanying letter of transmittal (the "Letter of Transmittal" and, together with this Prospectus, the "Exchange Offer"), in exchange for an equal principal amount of outstanding Pass Through Certificates, Series 1997-1 (the "Old Certificates"), of which \$707,302,000 aggregate principal amount is outstanding as of the date hereof. The New Certificates and the Old Certificates are collectively referred to herein as the "Certificates".

Any and all Old Certificates that are validly tendered and not withdrawn on or prior to 5:00 P.M., New York City time, on the date the Exchange Offer expires, which will be [            ] (30 calendar days following the commencement of the Exchange Offer) unless the Exchange Offer is extended (such date, including as extended, the "Expiration Date") will be accepted for exchange. Tenders of Old Certificates may be withdrawn at any time prior to 5:00 P.M., New York City time, on the Expiration Date. The Exchange Offer is not conditioned upon any minimum principal amount of Old Certificates being tendered for exchange. Old Certificates may be tendered only in integral multiples of \$1,000. See "The Exchange Offer".

The New Certificates will be entitled to the benefits of the same Pass Through Trust Agreements (as defined herein) which govern the Old Certificates and will govern the New Certificates. The New Certificates will have terms identical in all material respects to the Old Certificates except that the New Certificates will not contain terms with respect to transfer restrictions or interest rate increases as described herein and the New Certificates will be available only in book-entry form. See "The Exchange Offer" and "Description of New Certificates".

Each Certificate represents a fractional undivided interest in one of the four Continental Airlines 1997-1 Pass Through Trusts (the "Class A Trust", the "Class B Trust", the "Class C-I Trust" and the "Class C-II Trust", the Class C-I Trust and the Class C-II Trust being referred to together as the "Class C Trusts" and all such trusts being referred to collectively as the "Trusts") formed pursuant to four separate pass through trust agreements (the "Pass Through Trust Agreements") between Continental Airlines, Inc. ("Continental" or the "Company") and Wilmington Trust Company (the "Trustee"), as trustee under each Trust. Pursuant to an intercreditor agreement, (i) the Certificates of the Class B Trust are subordinated in right of payment to the Certificates of the Class A Trust and (ii) the Certificates of the Class C Trusts are subordinated in right of payment to the Certificates of the Class B Trust. Payments of interest on the Certificates issued by each Trust are supported by two separate liquidity facilities for the benefit of the holders of

such Certificates, such facilities provided initially by ABN AMRO Bank N.V., a Dutch bank acting through its Chicago branch ("ABN AMRO"), and ING Bank N.V., a Dutch bank ("ING" and, together with ABN AMRO, the "Liquidity Providers") in an amount sufficient to pay interest thereon at the applicable interest rate for such Certificates on up to three successive semiannual distribution dates (except that the liquidity facilities will not cover interest payable on the Deposits by the Depositary referred to below).

The Trusts were established for the purpose of acquiring equipment notes (the "Equipment Notes") expected to be issued in connection with the financing of the purchase of eight Boeing 757-224 aircraft, eighteen Boeing 737-524 aircraft and four Boeing 737-724 aircraft (collectively, the "Aircraft"), which are scheduled for delivery during the period March 1997 through February 1998, with the final delivery for purposes of purchase by the Trusts no later than March 31, 1998 (or June 30, 1998 under certain circumstances) (the "Delivery Period"). The Equipment Notes will be issued, at Continental's election, either (i) on a non-recourse basis by the trustees of separate owner trusts (each, an "Owner Trustee") in connection with separate leveraged lease transactions, in which case the applicable Aircraft will be leased to Continental (collectively, the "Leased Aircraft"), or (ii) on a recourse basis by Continental in connection with separate secured loan transactions, in which case the applicable Aircraft will be owned by Continental (collectively, the "Owned Aircraft"). The Equipment Notes in respect of each Aircraft will be issued in three series (the "Series A Equipment Notes", the "Series B Equipment Notes" and the "Series C Equipment Notes"). The Class A Trust, the Class B Trust and the Class C-I Trust (or, if the Deposits relating to the Class C-I Trust have been fully withdrawn, the Class II Trust) will purchase the series of Equipment Notes issued with respect to each Aircraft that has an interest rate equal to the interest rate applicable to the Certificates issued by such Trust. If any funds remain as Deposits relating to any Trust at the end of the Delivery Period or, if earlier, upon the acquisition by the Trusts of the Equipment Notes with respect to all of the Aircraft (the "Delivery Period Termination Date"), such funds will be withdrawn by the Escrow Agent and distributed, with accrued and unpaid interest thereon, to the Certificateholders (as defined herein) of such Trust after at least 20 days' prior notice. In addition, such distribution will include a premium payable by Continental (i) in the case of the holders of the Certificates issued by the Class A Trust, the Class B Trust and the Class C-I Trust, equal to the Deposit Make-Whole Premium (as defined herein) with respect to the aggregate amount of funds so distributed (excluding accrued interest) and (ii) in the case of the holders of the Certificates issued by the Class C-II Trust, equal to the Class C-II Premium (as defined herein) with respect to such aggregate amount. Since the Deposits relating to the Class C-II Trust will be the last to be utilized with respect to the purchase of Equipment Notes and the maximum principal amount of Equipment Notes may not be issued, there is a greater likelihood that such a distribution will be required with respect to the Certificates issued by the Class C-II Trust than the Certificates issued by the other Trusts. Prior to the date of this Prospectus, Equipment Notes with respect to two Leased Aircraft have been issued.

The cash proceeds of the initial offering of Old Certificates by each Trust were paid to First Security Bank, N.A., as escrow agent (the "Escrow Agent"), under an Escrow and Paying Agent Agreement for the benefit of the holders of Certificates issued by such Trust (each, an "Escrow Agreement"). The Escrow Agent caused such cash proceeds to be deposited (each, a "Deposit") with Credit Suisse First Boston, New York branch (the "Depositary"), in accordance with the Deposit Agreement relating to such Trust (each, a "Deposit Agreement"). Pursuant to each Deposit Agreement, the Depositary will pay for distribution to the holders of Certificates issued by each Trust on each semiannual distribution date an amount equal to interest accrued on the Deposits relating to such Trust during the applicable interest period at a rate per annum equal to the interest rate applicable to the Certificates issued by such Trust. Upon each delivery of an Aircraft during the Delivery Period, the Trustee for the Class A Trust, the Class B Trust and the Class C-I Trust (or, if the Deposits relating to the Class C-I Trust have been fully withdrawn, the Class C-II Trust) will cause to be withdrawn from the Deposits relating to such Trust funds sufficient to purchase the Equipment Note of the series applicable to such Trust issued with respect to such Aircraft.

The Equipment Notes issued with respect to each Aircraft will be secured by a security interest in such Aircraft and, in the case of each Leased Aircraft, by an assignment of the lease relating thereto, including the right to receive rentals payable with respect to such Leased Aircraft by Continental. Although neither the

Certificates nor the Equipment Notes issued with respect to the Leased Aircraft are direct obligations of, or guaranteed by, Continental, the amounts unconditionally payable by Continental for lease of the Leased Aircraft will be sufficient to pay in full when due all amounts required to be paid on the Equipment Notes issued with respect to the Leased Aircraft held in the Trusts. The Equipment Notes issued with respect to the Owned Aircraft will be direct obligations of Continental.

All of the Equipment Notes held in each Trust will accrue interest at the applicable rate per annum for the Certificates issued by such Trust, payable on April 1 and October 1 of each year, commencing on October 1, 1997 or, if later, the first such date to occur after initial issuance thereof. The Deposits relating to each Trust accrue interest at the applicable rate per annum for the Certificates issued by such Trust, payable on April 1 and October 1 of each year, commencing on October 1, 1997, until the Deposits have been fully withdrawn. The scheduled payments of interest on the Equipment Notes and on the Deposits with respect to each Trust, taken together, will be sufficient to pay an amount equal to accrued interest on the outstanding Certificates issued by such Trust at the rate per annum applicable thereto. Such interest will be distributed to Certificateholders of such Trust on each such date, subject, in the case of interest payments made pursuant to the Equipment Notes, to the Intercreditor Agreement (as defined herein). See "Description of the New Certificates -- General" and "-- Payments and Distributions". The New Certificates will accrue interest at the applicable per annum rate for such Trust, from the last date on which interest was paid on the Old Certificates surrendered in exchange therefor. See "The Exchange Offer -- Interest on New Certificates".

Scheduled principal payments on the Equipment Notes held in each Trust will be passed through to the Certificateholders of each such Trust on April 1 and October 1 in certain years, commencing on April 1, 1998. Such Payments will be made, subject to certain assumptions, in accordance with the principal repayment schedule set forth below under "Description of the New Certificates -- Pool Factors", in each case subject to the Intercreditor Agreement.

On the earlier of (i) the first Business Day (as defined herein) after March 31, 1998 or, if later, the fifth Business Day after the Delivery Period Termination Date and (ii) the fifth Business Day after the occurrence of a Triggering Event (as defined herein) (such Business Day, the "Transfer Date"), each of the Trusts established at the time of the original issuance of the Certificates (the "Original Trusts") will transfer and assign all of its assets and rights to a newly-created successor trust with substantially identical terms (each, a "Successor Trust"). The institution acting as Trustee of each of the Original Trusts (each, an "Original Trustee") will also act as Trustee of the corresponding Successor Trust (each, a "New Trustee"), and each New Trustee will assume the obligations of the Original Trustee under each transaction document to which such Original Trustee was a party. Upon the effectiveness of such transfer, assignment and assumption, each of the Original Trusts will be liquidated and each of the Certificates will represent the same percentage interest in the Successor Trust as it represented in the Original Trust immediately prior to such transfer, assignment and assumption. Unless the context otherwise requires, all references in this Prospectus to the Trusts, the Trustees, the Pass Through Trust Agreements and similar terms shall be applicable with respect to the Original Trusts until the effectiveness of such transfer, assignment and assumption and thereafter shall be applicable with respect to the Successor Trusts.

Each Class of New Certificates will be represented by one or more permanent global Certificates in fully registered form, which will be deposited with the Trustee as custodian for and registered in the name of a nominee of DTC. Beneficial interests in the permanent global Certificates will be shown on, and transfers thereof will be effected through, records maintained by DTC and its participants.

Based on interpretations by the staff of the Securities and Exchange Commission (the "Commission"), as set forth in no-action letters issued to third parties, including Exxon Capital Holdings Corporation, SEC No-Action Letter (available April 13, 1989) (the "Exxon Capital Letter"), Morgan Stanley & Co. Incorporated, SEC No-Action Letter (available June 5, 1991) (the "Morgan Stanley Letter") and Shearman & Sterling, SEC No-Action Letter (available July 2, 1993) (the "Shearman & Sterling Letter") (collectively, the "Exchange Offer No-Action Letters"), the Company believes that the New Certificates issued pursuant to the Exchange Offer may be offered for resale, resold or otherwise transferred by holders thereof (other than a broker-dealer who acquires such New Certificates directly from the Trustee for resale

pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act or any holder that is an "affiliate" of the Company as defined under Rule 405 of the Securities Act), without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such New Certificates are acquired in the ordinary course of such holders' business and such holders are not engaged in, and do not intend to engage in, a distribution of such New Certificates and have no arrangement with any person to participate in a distribution of such New Certificates. By tendering the Old Certificates in exchange for New Certificates, each holder, other than a broker-dealer, will represent to the Company that: (i) it is not an affiliate of the Company (as defined under Rule 405 of the Securities Act) nor a broker-dealer tendering Old Certificates acquired directly from the Company for its own account; (ii) any New Certificates to be received by it will be acquired in the ordinary course of its business; and (iii) it is not engaged in, and does not intend to engage in, a distribution of such New Certificates and has no arrangement or understanding to participate in a distribution of the New Certificates. If a holder of Old Certificates is engaged in or intends to engage in a distribution of the New Certificates or has any arrangement or understanding with respect to the distribution of the New Certificates to be acquired pursuant to the Exchange Offer, such holder may not rely on the applicable interpretations of the staff of the Commission and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. Each broker-dealer that receives New Certificates for its own account pursuant to the Exchange Offer (a "Participating Broker-Dealer") must acknowledge that it will deliver a prospectus in connection with any resale of such New Certificates. The Letter of Transmittal states that by so acknowledging and by delivering a prospectus, a Participating Broker-Dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This Prospectus, as it may be amended or supplemented from time to time, may be used by a Participating Broker-Dealer in connection with resales of New Certificates received in exchange for Old Certificates where such Old Certificates were acquired by such Participating Broker-Dealer as a result of market-making activities or other trading activities. Pursuant to the Registration Rights Agreement, the Company has agreed that starting on the Expiration Date it will make this Prospectus available to any Participating Broker-Dealer for use in connection with any such resale. See "Plan of Distribution."

The Company will not receive any proceeds from this offering. The Company has agreed to pay the expenses of the Exchange Offer. No underwriter is being utilized in connection with the Exchange Offer.

THE EXCHANGE OFFER IS NOT BEING MADE TO, NOR WILL THE COMPANY ACCEPT SURRENDERS FOR EXCHANGE FROM, HOLDERS OF OLD CERTIFICATES IN ANY JURISDICTION IN WHICH THE EXCHANGE OFFER OR THE ACCEPTANCE THEREOF WOULD NOT BE IN COMPLIANCE WITH THE SECURITIES AND BLUE SKY LAWS OF SUCH JURISDICTION.

Prior to the Exchange Offer, there has been no public market for the New Certificates. If such market were to develop, the New Certificates could trade at prices that may be higher or lower than their principal amount. Neither Continental nor any Trust has applied or intends to apply for listing of the New Certificates on any national securities exchange or otherwise. One or more of Credit Suisse First Boston, Morgan Stanley & Co. Incorporated, Chase Securities Inc. and Goldman, Sachs & Co. (the "Initial Purchasers") have previously made a market in the Old Certificates and Continental has been advised that one or more of the Initial Purchasers presently intend to make a market in the New Certificates, as permitted by applicable laws and regulations, after consummation of the Exchange Offer. None of the Initial Purchasers is obligated, however, to make a market in the Certificates, and any such market making activity by an Initial Purchaser may be discontinued at any time without notice at the sole discretion of such Initial Purchaser. There can be no assurance as to the liquidity of the public market for the Certificates or that any active public market for the Certificates will develop or continue. If an active public market does not develop or continue, the market prices and liquidity of the Certificates may be adversely affected. See "Risk Factors -- Risk Factors Relating to the Certificates and the Offering -- Absence of an Established Market."

## THE COMPANY

Continental Airlines, Inc. is a major United States air carrier engaged in the business of transporting passengers, cargo and mail. Continental is the fifth largest United States airline (as measured by revenue passenger miles in the first four months of 1997) and, together with its wholly owned subsidiary, Continental Express, Inc. ("Express"), and its 91%-owned subsidiary, Continental Micronesia, Inc. ("CMI"), each a Delaware corporation, serves 188 airports worldwide.

The Company operates its route system primarily through domestic hubs at Newark, Houston Intercontinental and Cleveland, and a Pacific hub on the island of Guam. Each of Continental's three domestic hubs is located in a large business and population center, contributing to a high volume of "origin and destination" traffic. The Guam hub is strategically located to provide service from Japanese and other Asian cities to popular resort destinations in the western Pacific. Continental is the primary carrier at each of these hubs, accounting for 54%, 79%, 53% and 68% of average daily jet departures, respectively.

Continental directly serves 129 U.S. cities, with additional cities (principally in the western and southwestern United States) connected to Continental's route system under agreements with America West Airlines, Inc. ("America West"). Internationally, Continental flies to 59 destinations and offers additional connecting service through alliances with foreign carriers. Continental operates 70 weekly departures to 7 European cities and markets service to 8 other cities through code-sharing agreements. Continental commenced service from Newark to Dusseldorf, Germany on March 19, 1997, and from Newark to Lisbon, Portugal on May 1, 1997. Continental plans to add service from Newark to Vancouver, British Columbia on June 12, 1997, to Birmingham, England on July 1, 1997 and to Sao Paulo and Rio de Janeiro, Brazil on July 10, 1997. In addition, during 1996 Continental entered into agreements with Air France for a joint marketing arrangement that will involve service from Newark and Houston to Paris (scheduled to commence in the third quarter 1997), subject to governmental approval, and Aeroflot Russian International Airlines ("Aeroflot") for a joint marketing arrangement that will involve service from Newark to Moscow (scheduled to commence in the second quarter of 1998), subject to governmental approval. Also during 1996, Continental entered into an agreement with Alitalia Airlines ("Alitalia") to expand the companies' existing code-share relationship to include additional flights between the United States and Italy, which is expected to commence in the second quarter of 1997. In addition, Continental recently announced the execution of a memorandum of understanding for a code-share arrangement with Virgin Atlantic Airways Limited ("Virgin") involving the carriers' Newark/New York-London routes and eight other routes flown by Virgin between the United Kingdom and the United States. Continental is one of the leading airlines providing service to Mexico and Central America, serving more destinations there than any other United States airline. In addition, Continental flies to four cities in South America. Through its Guam hub, Continental provides extensive service in the western Pacific, including service to more Japanese cities than any other United States carrier.

The Company is a Delaware corporation. Its executive offices are located at 2929 Allen Parkway, Suite 2010, Houston, Texas 77019, and its telephone number is (713) 834-2950.

## THE EXCHANGE OFFER

## Registration Rights

Agreement..... The Old Certificates were issued on March 21, 1997 to the Initial Purchasers. The Initial Purchasers placed the Old Certificates with institutional investors. In connection therewith, the Company, the Depository, the Trustee under each of the Trusts, and the Initial Purchasers entered into the Registration Rights Agreement providing, among other things, for the Exchange Offer. See "The Exchange Offer".

The Exchange Offer..... New Certificates are being offered in exchange for an equal principal amount of Old Certificates. As of the date hereof, \$707,302,000 aggregate principal amount of Old Certificates are outstanding. Old Certificates may be tendered only in integral multiples of \$1,000.

## Resale of New

Certificates..... Based on interpretations by the staff of the Commission, as set forth in no-action letters issued to third parties, including the Exchange Offer No-Action Letters, the Company believes that the New Certificates issued pursuant to the Exchange Offer may be offered for resale, resold or otherwise transferred by holders thereof (other than a broker-dealer who acquires such New Certificates directly from the Trustee for resale pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act or any holder that is an "affiliate" of the Company as defined under Rule 405 of the Securities Act), without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such New Certificates are acquired in the ordinary course of such holders' business and such holders are not engaged in, and do not intend to engage in, a distribution of such New Certificates and have no arrangement with any person to participate in a distribution of such New Certificates. By tendering the Old Certificates in exchange for New Certificates, each holder, other than a broker-dealer, will represent to the Company that: (i) it is not an affiliate of the Company (as defined under Rule 405 of the Securities Act) nor a broker-dealer tendering Old Certificates acquired directly from the Trustee for its own account; (ii) any New Certificates to be received by it were acquired in the ordinary course of its business; and (iii) it is not engaged in, and does not intend to engage in, a distribution of such New Certificates and has no arrangement or understanding to participate in a distribution of the New Certificates. If a holder of Old Certificates is engaged in or intends to engage in a distribution of the New Certificates or has any arrangement or understanding with respect to the distribution of the New Certificates to be acquired pursuant to the Exchange Offer, such holder may not rely on the applicable interpretations of the staff of the Commission and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. Each Participating Broker-Dealer that receives New Certificates for its own account pursuant to the Exchange Offer must acknowledge that it will deliver a prospectus in connection with any resale of such New Certificates. The Letter of Transmittal states that by so acknowledging and by delivering a prospectus, a Participating Broker-Dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This Prospectus, as it may be amended

or supplemented from time to time, may be used by a Participating Broker-Dealer in connection with resales of New Certificates received in exchange for Old Certificates where such Old Certificates were acquired by such Participating Broker-Dealer as a result of market-making activities or other trading activities. The Company has agreed that, starting on the Expiration Date and ending on the close of business 180 days after the Expiration Date, it will make this Prospectus available to any Participating Broker-Dealer for use in connection with any such resale. See "Plan of Distribution." To comply with the securities laws of certain jurisdictions, it may be necessary to qualify for sale or register the New Certificates prior to offering or selling such New Certificates. The Company has agreed, pursuant to the Registration Rights Agreement and subject to certain specified limitations therein, to register or qualify the New Certificates for offer or sale under the securities or "blue sky" laws of such jurisdictions as may be necessary to permit the holders of New Certificates to trade the New Certificates without any restrictions or limitations under the securities laws of the several states of the United States.

Consequences of Failure to  
Exchange Old  
Certificates.....

Upon consummation of the Exchange Offer, subject to certain exceptions, holders of Old Certificates who do not exchange their Old Certificates for New Certificates in the Exchange Offer will no longer be entitled to registration rights and will not be able to offer or sell their Old Certificates, unless such Old Certificates are subsequently registered under the Securities Act (which, subject to certain limited exceptions, the Company will have no obligation to do), except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. See "Risk Factors -- Risk Factors Relating to the Certificates and the Offering -- Consequences of Failure to Exchange" and "The Exchange Offer -- Terms of the Exchange Offer".

Expiration Date.....

5:00 p.m., New York City time, on [ ] (30 calendar days following the commencement of the Exchange Offer), unless the Exchange Offer is extended, in which case the term "Expiration Date" means the latest date and time to which the Exchange Offer is extended.

Interest on the New

Certificates.....

The New Certificates will accrue interest at the applicable per annum rate for such New Certificates set forth on the cover page of this Prospectus, from the date on which the Old Certificates were originally issued.

Conditions to the Exchange  
Offer.....

The Exchange Offer is not conditioned upon any minimum principal amount of Old Certificates being tendered for exchange. However, the Exchange Offer is subject to certain customary conditions, which may be waived by the Company. See "The Exchange Offer -- Conditions". Except for the requirements of applicable federal and state securities laws, there are no federal or state regulatory requirements to be complied with or obtained by the Company in connection with the Exchange Offer.

Procedures for Tendering Old Certificates.....	Each holder of Old Certificates wishing to accept the Exchange Offer must complete, sign and date the Letter of Transmittal, or a facsimile thereof, in accordance with the instructions contained herein and therein, and mail or otherwise deliver such Letter of Transmittal, or such facsimile, together with the Old Certificates to be exchanged and any other required documentation to the Exchange Agent (as defined herein) at the address set forth herein or effect a tender of Old Certificates pursuant to the procedures for book-entry transfer as provided for herein. See "The Exchange Offer -- Procedures for Tendering" and "-- Book Entry Transfer".
Guaranteed Delivery Procedures.....	Holders of Old Certificates who wish to tender their Old Certificates and whose Old Certificates are not immediately available or who cannot deliver their Old Certificates and a properly completed Letter of Transmittal or any other documents required by the Letter of Transmittal to the Exchange Agent prior to the Expiration Date may tender their Old Certificates according to the guaranteed delivery procedures set forth in "The Exchange Offer -- Guaranteed Delivery Procedures".
Withdrawal Rights.....	Tenders of Old Certificates may be withdrawn at any time prior to 5:00 p.m., New York City time, on the Expiration Date. Acceptance of Old Certificates and Delivery of New Certificates.....	Subject to certain conditions, any and all Old Certificates which are properly tendered in the Exchange Offer prior to 5:00 p.m., New York City time, on the Expiration Date will be accepted for exchange. The New Certificates issued pursuant to the Exchange Offer will be delivered promptly following the Expiration Date. See "The Exchange Offer -- Terms of the Exchange Offer".
Certain Tax Considerations.....	The exchange of New Certificates for Old Certificates will not be a sale or exchange or otherwise a taxable event for Federal income tax purposes. See "Certain Federal Income Tax Considerations".
Exchange Agent.....	Wilmington Trust Company is serving as exchange agent (the "Exchange Agent") in connection with the Exchange Offer.
Fees and Expenses.....	All expenses incident to the Company's consummation of the Exchange Offer and compliance with the Registration Rights Agreement will be borne by the Company. See "The Exchange Offer -- Fees and Expenses".
Use of Proceeds.....	There will be no cash proceeds payable to Continental from the issuance of the New Certificates pursuant to the Exchange Offer. The proceeds from the sale of the Old Certificates issued by each Trust were deposited with the Depository on behalf of the Escrow Agent for the benefit of the Certificateholders of such Trust. Such proceeds will be used to purchase Equipment Notes during the Delivery Period issued,

at Continental's election, either (i) by the Owner Trustees to finance the purchase of the Leased Aircraft or (ii) by Continental to finance the purchase of the Owned Aircraft. Prior to the date of this Prospectus, two Boeing 757-224 Aircraft have been delivered, and funds were withdrawn from the Deposits to purchase Equipment Notes in respect of such Aircraft in the aggregate principal amount of \$74.4 million. See "Use of Proceeds".

#### TERMS OF CERTIFICATES

The Exchange Offer relates to the exchange of up to \$707,302,000 aggregate principal amount of Old Certificates for up to an equal aggregate principal amount of New Certificates. The New Certificates will be entitled to the benefits of and will be governed by the same Pass Through Trust Agreements that govern the Old Certificates. The form and terms of the New Certificates are the same in all material respects as the form and terms of the Old Certificates, except that the New Certificates do not provide for interest rate increases relating to failure to implement the Exchange Offer and will not bear legends restricting transfer. See "Description of New Certificates".

Trusts..... Each of the Continental Airlines 1997-1A Pass Through Trust, the Continental Airlines 1997-1B Pass Through Trust, the Continental Airlines 1997-1C-I Pass Through Trust and the Continental Airlines 1997-1C-II Pass Through Trust has been formed pursuant to one of the four separate Pass Through Trust Agreements that were entered into between the Company and Wilmington Trust Company, as trustee under each Trust. Each Trust is a separate entity. On the Transfer Date, each of the Original Trusts will transfer and assign all of its assets and rights to a substantially identical Successor Trust, and the New Trustee thereof will assume the obligations of the related Original Trustee under each transaction document to which such Original Trustee was a party. Upon effectiveness of such transfer, assignment and assumption, each of the Original Trusts will be liquidated and each of the New Certificates will represent the same interest in the Successor Trust as it represented in the Original Trust immediately prior to such transfer and assignment.

Certificates Offered..... Pass Through Certificates issued by each Trust, representing fractional undivided interests in such Trust. The New Certificates issued by the Class A Trust, the Class B Trust, the Class C-I Trust and the Class C-II Trust are referred to herein as the "Class A Certificates", the "Class B Certificates", the "Class C-I Certificates", and the "Class C-II Certificates", respectively, and the Class C-I Certificates and the Class C-II Certificates, which are of equal rank under the Intercreditor Agreement, are referred to herein collectively as the "Class C Certificates". The Class C-I Trust and Class C-II Trust will each acquire Series C Equipment Notes, although the Deposits relating to the Class C-I Trust will be utilized for such purpose prior to the Deposits relating to the Class C-II Trust. Accordingly, there is a greater likelihood that a special distribution that will reduce the Pool Balance for the Class C-II Certificates will be required than with respect to the Certificates issued by the other Trusts. See "Description of the Deposit Agreements -- Unused Deposits".

Escrow Receipts.....	The holders of the Certificates are entitled to certain rights with respect to the Deposits. Such rights are evidenced by escrow receipts ("Escrow Receipts") which are affixed to each Certificate. Any transfer of a Certificate will have the effect of transferring the corresponding rights in the affixed Escrow Receipt. All payments to the holders of Certificates in respect of the Deposits and the Escrow Receipts relating to a Trust (i) will not constitute Trust Property of such Trust and (ii) will be deemed for all purposes of this Prospectus to be payments to such holders of Certificates in their capacity as holders of Escrow Receipts.
Subordination Agent, Trustee, Paying Agent and Loan Trustee.....	Wilmington Trust Company acts (i) as subordination agent under the Intercreditor Agreement (the "Subordination Agent"), (ii) as Trustee, paying agent and registrar for the Certificates of each Trust, (iii) as paying agent on behalf of the Escrow Agent in respect of each Trust (the "Paying Agent") and (iv) as Loan Trustee, paying agent and registrar for each series of Equipment Notes.
Escrow Agent.....	First Security Bank, National Association, acts as Escrow Agent under each Escrow Agreement.
Depository.....	Credit Suisse First Boston, a bank organized under the laws of Switzerland, acting through its New York branch, acts as Depository under each Deposit Agreement.
Liquidity Providers.....	ABN AMRO Bank N.V., a Dutch bank acting through its Chicago branch ("ABN AMRO"), and ING Bank N.V., a Dutch bank ("ING" and, together with ABN AMRO, the "Liquidity Providers"), have each provided a separate liquidity facility for the benefit of the holders of each Class of Certificates.
Trust Property.....	The property of each Trust (the "Trust Property") consists of (i) the rights of such Trust to acquire Equipment Notes under the Note Purchase Agreement issued, at Continental's election in connection with the delivery of each Aircraft during the Delivery Period, either (a) on a nonrecourse basis by an Owner Trustee in each separate leveraged lease transaction with respect to each Leased Aircraft to finance the purchase of such Leased Aircraft by the Owner Trustee, in which case the applicable Leased Aircraft will be leased to Continental, or (b) on a recourse basis by Continental in connection with each separate secured loan transaction with respect to each Owned Aircraft, if any, to finance the purchase of such Owned Aircraft by Continental, (ii) Equipment Notes acquired under the Note Purchase Agreement (consisting, as of the date of this Prospectus, of \$74.4 million principal amount issued with respect to two Boeing 757-224 Aircraft in leveraged lease transactions), (iii) the rights of such Trust under the related Escrow Agreement (including the right to request the Escrow Agent to withdraw from the Depository funds sufficient to enable such Trust to purchase Equipment Notes on the delivery of each Aircraft during the Delivery Period), (iv) the rights of such Trust under the Intercreditor Agreement (including all monies receivable in respect of such rights), (v) all monies receivable under the Liquidity Facility for such Trust and (vi) funds from time to time deposited with the

Trustee in accounts relating to such Trust. Rights with respect to Deposits or under the Escrow Agreement relating to a Trust, except for the right to request withdrawals for the purchase of Equipment Notes, will not constitute Trust Property of such Trust. The Equipment Notes with respect to each Leased Aircraft will be issued in three series under an Indenture (each, a "Leased Aircraft Indenture") between the applicable Owner Trustee and the indenture trustee thereunder (the "Leased Aircraft Trustee"). The Equipment Notes with respect to each Owned Aircraft will be issued in three series under an Indenture (the "Owned Aircraft Indenture" and, together with the other Owned Aircraft Indentures and the Leased Aircraft Indentures, the "Indentures") between Continental and the indenture trustee thereunder (the "Owned Aircraft Trustee" and, together with the other Owned Aircraft Trustees and the Leased Aircraft Trustees, the "Loan Trustees"). The Class A Trust, the Class B Trust and the Class C-I Trust (or, if the Deposits relating to the Class C-I Trust have been fully withdrawn, the Class C-II Trust) each will acquire, pursuant to a certain Note Purchase Agreement (the "Note Purchase Agreement"), the series of Equipment Notes issued with respect to each of the Aircraft having an interest rate equal to the interest rate applicable to the Certificates issued by such Trust. The maturity dates of the Equipment Notes acquired by each Trust will occur on or before the final expected Regular Distribution Date applicable to the Certificates issued by such Trust. Any Deposits relating to a Trust not used to acquire Equipment Notes by the Delivery Period Termination Date will be distributed to the holders of Certificates issued by such Trust, together with accrued and unpaid interest thereon and a premium, as a special distribution. See "Description of the Deposit Agreements -- Unused Deposits".

(1) Determined as of April 1, 1998, the first Regular Distribution Date after the scheduled Delivery Period Termination Date, assuming that all Aircraft are delivered prior to such date, that the maximum principal amount of Equipment Notes is issued with respect to all Aircraft and that the aggregate appraised Aircraft value is \$1,081,740,200 (which assumes depreciation of 2% of the initial appraised value for Aircraft delivered before April 1, 1997, although actual depreciation may differ). The appraised value is only an estimate and reflects certain assumptions. See "Description of the Aircraft and the Appraisals -- The Appraisals". The Mandatory Economic Terms require that the initial loan to aircraft value, based on the foregoing appraisals, for each Aircraft as of its delivery date be not in excess of 41% in the case of the Series A Equipment Notes, 55% in the case of Series B Equipment Notes and 69.99%, 66.19% and 66.25% in the case of the Series C Equipment Notes with respect to the Boeing 757-224 Aircraft, the Boeing 737-524 Aircraft and the Boeing 737-724 Aircraft, respectively. Because the aggregate principal amount of all of the Equipment Notes will not exceed the aggregate face amount of the Certificates, the maximum initial loan to aircraft value for all of the Series C Equipment Notes will be less than the foregoing maximums, which are applicable to the Series C Equipment Note or Notes issued with respect to each Aircraft.

(2) The benefits of Section 1110 of the U.S. Bankruptcy Code are available to the Loan Trustees.

(3) For each Class of Certificates, the initial amount of the Liquidity Facilities, taken together, will cover three consecutive semiannual interest payments (without regard to any future payments of principal on such Certificates), except that the Liquidity Facilities with respect to each Trust will not cover interest payable by the Depository on the Deposits relating to such Trust. The scheduled payments of interest on the Equipment Notes and on the Deposits relating to a Trust, taken together, will be sufficient to pay accrued interest on the outstanding Certificates issued by such Trust at the rates per annum applicable thereto. In aggregate for Class A, B, C-I and C-II Certificates, the amount of the Liquidity Facilities at April 1, 1998, the first Regular Distribution Date after the scheduled Delivery Period Termination Date, assuming that Equipment Notes in the maximum principal amount with respect to all Aircraft are acquired by the Trusts and that all interest and principal due on or prior to April 1, 1998 is paid, will be \$78,240,755.

(1) Reflects the scheduled delivery months under Continental's purchase agreement with the manufacturer. Aircraft 118 and 119 have been delivered. The actual delivery date for the other Aircraft may be subject to delay. See "Description of the Aircraft and the Appraisals -- Deliveries of Aircraft". Continental has the option to substitute other Boeing 757-224, 737-524 or 737-724 aircraft in the event that the delivery of any Aircraft is expected to be delayed for more than 30 days after the month scheduled for delivery or beyond the Delivery Period Termination Date. See "Description of the Aircraft and the Appraisals -- Substitute Aircraft".

(2) Except in the case of Aircraft 118 and 119 (which have been delivered), reflects the initial maximum principal amount as of the date of original issuance, which principal amount may be less with respect to an Aircraft depending on the circumstances of the financing of such Aircraft. The Mandatory Economic Terms require that the maximum aggregate principal amount of the Equipment Notes issued with respect to all Boeing 757-224 Aircraft not exceed \$300,800,000, all Boeing 737-524 not exceed \$331,200,000 and all Boeing 737-724 Aircraft not exceed \$97,600,000. The aggregate principal amount of all Equipment Notes will not exceed the aggregate face amount of the Certificates.

(3) The appraised value of each Aircraft set forth above is based upon varying assumptions and methodologies and reflects the lesser of the average and median values of such Aircraft as appraised by three independent appraisal and consulting firms: Aircraft Information Services, Inc. ("AISI"), BK Associates, Inc. ("BK") and Morten Beyer and Associates, Inc. ("MBA") (collectively, the "Appraisers"), determined as of February 25, 1997, January 8, 1997 and February 21, 1997, respectively, and projected as of the scheduled delivery month of each Aircraft. An appraisal is only an estimate of value and should not be relied upon as a measure of realizable value. See "Risk Factors -- Appraisals and Realizable Value of Aircraft" and "Description of the Aircraft and the Appraisals".

## LOAN TO AIRCRAFT VALUE RATIOS

The following table sets forth loan to Aircraft value ratios ("LTVs") for each Class of Certificates as of the April 1 Regular Distribution Dates that occur after the scheduled Delivery Period Termination Date, assuming that Equipment Notes of each series in the maximum principal amount for all of the Aircraft are acquired by the Trusts prior to the Delivery Period Termination Date. The LTVs for any Class of Certificates as of dates prior to the Delivery Period Termination Date are not meaningful, since the Trust Property will not include during such period all of the Equipment Notes expected to be acquired by the Trusts. See "Description of the New Certificates -- General". The LTVs for each Class of Certificates were obtained for each such Regular Distribution Date by dividing (i) the expected Pool Balance of such Class of Certificates together in each case with the expected Pool Balance of all other Classes of Certificates senior or equal in right of payment to such Class of Certificates under the Intercreditor Agreement determined immediately after giving effect to the distributions expected to be made on such Regular Distribution Date, by (ii) the assumed value of all of the Aircraft (the "Assumed Aggregate Aircraft Value") on such Regular Distribution Date based on the assumptions set forth below. The Pool Balances and resulting LTVs are subject to change if, among other things, the aggregate principal amount of the Equipment Notes acquired by the Trusts is less than the maximum permitted by the Mandatory Economic Terms or Equipment Notes with respect to any Aircraft are purchased by the Trusts in other than the month currently scheduled for delivery of such Aircraft. See "Description of the New Certificates -- Pool Factors".

The following table is based on the assumption that the value of each Aircraft included in the Assumed Aggregate Aircraft Value opposite the initial Regular Distribution Date included in the table depreciates by approximately 2% of the initial appraised value per year until the fifteenth year after the year of delivery of such Aircraft and by approximately 4% of the initial appraised value per year thereafter. Other rates or methods of depreciation would result in materially different LTVs and no assurance can be given (i) that the depreciation rates and method assumed for the purpose of the table are the ones most likely to occur or (ii) as to the actual future value of any Aircraft. Although the table is compiled on an aggregate basis, it should be noted that, since the Equipment Notes are not cross-collateralized with respect to the Aircraft, the excess proceeds realized from the disposition of any particular Aircraft would not be available to offset shortfalls on the Equipment Notes relating to any other Aircraft. Therefore, upon the occurrence of an Indenture Default, even if the Aircraft as a group could be sold for more than the total amounts payable in respect of all of the outstanding Equipment Notes, if certain Aircraft were sold for less than the total amount payable in respect of the related Equipment Notes, there would not be sufficient proceeds to pay all Classes of Certificates in full. See "Description of the Equipment Notes -- Loan to Value Ratios of Equipment Notes" for examples of LTVs for the Equipment Notes issued in respect of individual Aircraft, which may be more relevant in a default situation than the aggregate values shown in the following table. Thus, the table should not be considered a forecast or prediction of expected or likely LTVs but simply a mathematical calculation based on one set of assumptions. In addition, the initial appraised value of each Aircraft was based upon the lesser of the average and the median value of each Aircraft as appraised by the Appraisers, as of the respective date of their appraisals and projected as of the scheduled delivery month of each such Aircraft. No assurance can be given that such value represents the realizable value of any Aircraft. See "Risk Factors -- Risk Factors Relating to the Certificates and the Offering -- Appraisal and Realizable Value of Aircraft" and "Description of the Aircraft and the Appraisals -- The Appraisals".

## CASH FLOW STRUCTURE

Set forth below is a diagram illustrating the structure for the offering of the Certificates and certain cash flows.

## [FLOW CHART]

- (1) Each Leased Aircraft will be subject to a separate Lease and the related Indenture; each Owned Aircraft will be subject to a separate Indenture.
- (2) Funds held as Deposits relating to each Trust will be withdrawn to purchase Equipment Notes on behalf of such Trust from time to time during the Delivery Period. If any funds remain as Deposits with respect to any Trust at the Delivery Period Termination Date, such funds will be withdrawn by the Escrow Agent and distributed to the holders of the Certificates issued by such Trust, together with accrued and unpaid interest thereon and a premium. No interest will accrue with respect to the Deposits after they have been fully withdrawn.
- (3) The initial amount of the Liquidity Facilities for each Trust, taken together, will cover three consecutive semiannual interest payments with respect to each Trust, except that the Liquidity Facilities will not cover interest payable by the Depositary on the Deposits relating to such Trust. The scheduled payments of interest on the Equipment Notes and on the Deposits relating to a Trust, taken together, will be sufficient to pay an amount equal to accrued interest on the outstanding Certificates issued by such Trust at the rate per annum applicable thereto.

## THE NEW CERTIFICATES

## Certificates;

Denominations..... The New Certificates of each Trust will be issued in a minimum denomination of \$1,000 and in integral multiples thereof. See "Description of the New Certificates -- General".

## Regular Distribution

Dates..... April 1 and October 1, commencing October 1, 1997.

## Special Distribution

Dates..... Any Business Day on which a Special Payment is to be distributed.

## Record Dates.....

The fifteenth day preceding a Regular Distribution Date or a Special Distribution Date.

## Distributions.....

All payments of principal, premium (if any) and interest received by the Trustee on the Equipment Notes held in each Trust and all payments of interest on the Deposits relating to each Trust will be distributed by the Trustee (in the case of the Equipment Notes) or by the Paying Agent (in the case of the Deposits) to the holders of the Certificates (the "Certificateholders") of such Trust, subject in the case of payments on the Equipment Notes to the provisions of the Intercreditor Agreement. Such payments of interest are scheduled to be received by the Trustee of each Trust on April 1 and October 1, commencing on October 1, 1997. Payments of principal of the Equipment Notes are scheduled to be received on April 1 and October 1 in certain years, commencing April 1, 1998. Payments of principal, premium (if any) and interest resulting from the early redemption or purchase (if any) of the Equipment Notes held in any Trust will be distributed to the Certificateholders of such Trust on a Special Distribution Date after not less than 20 days' notice to such Certificateholders of such Trust, subject to the provisions of the Intercreditor Agreement. If any funds remain as Deposits with respect to any Trust at the Delivery Period Termination Date, they will be withdrawn by the Escrow Agent for such Trust and distributed, with accrued and unpaid interest thereon, plus a premium payable by Continental (i) in the case of the holders of Certificates issued by the Class A Trust, the Class B Trust and the Class C-I Trust, equal to the Deposit Make-Whole Premium with respect to the aggregate amount of funds so distributed (excluding accrued interest) and (ii) in the case of the holders of Certificates issued by the Class C-II Trust, equal to the Class C-II Premium with respect to such aggregate amount, to the Certificateholders of such Trust on a Special Distribution Date after not less than 20 days' notice to such Certificateholders. Payments in respect of Deposits will not be subject to the Intercreditor Agreement. For a discussion of distributions with respect to unused Deposits upon the occurrence of a Triggering Event, see "Description of the Deposit Agreements -- Distribution Upon Occurrence of Triggering Event", and for a discussion of distributions by the Trusts upon an Indenture Default, see "Description of the New Certificates -- Indenture Defaults and Certain Rights Upon an Indenture Default".

## Events of Default.....

Events of default under each Pass Through Trust Agreement (each, a "PTC Event of Default") are the failure to pay within 10 Business Days of the due date thereof: (i) the outstanding Pool Balance of the applicable Class of Certificates on the Final Maturity Date for such Class or (ii) interest due on such Certificates on any distribution date (unless the Subordination Agent shall have made Interest Drawings

with respect to the applicable Class of Certificates, or drawings on the Cash Collateral Account for such Class of Certificates, in an aggregate amount sufficient to pay such interest and shall have distributed such amount to the Trustee entitled thereto). The Final Maturity Date for the Class A Certificates is October 1, 2016, for the Class B Certificates is October 1, 2014, for the Class C-I Certificates is October 1, 2008 and for the Class C-II Certificates is October 1, 2008. Any failure to make expected principal distributions on any Class of Certificates on any Regular Distribution Date (other than the Final Maturity Date) will not constitute a PTC Event of Default with respect to such Certificates.

Purchase Rights of Certificateholders..... Upon the occurrence and during the continuation of a Triggering Event, (i) the Class B Certificateholders shall have the right to purchase all, but not less than all, of the Class A Certificates and (ii) the Class C Certificateholders shall have the right to purchase all, but not less than all, of the Class A Certificates and the Class B Certificates, in each case at a purchase price equal to the Pool Balance of the relevant Class or Classes of Certificates plus accrued and unpaid interest thereon to the date of purchase without premium but including any other amounts due to the Certificateholders of such Class or Classes.

"Triggering Event" means (x) the occurrence of an Indenture Default under all Indentures resulting in a PTC Event of Default with respect to the most senior Class of Certificates then outstanding, (y) the acceleration of all of the outstanding Equipment Notes (provided that during the Delivery Period the aggregate principal amount thereof exceeds \$280 million) or (z) certain bankruptcy or insolvency events involving Continental.

Successor Trusts..... On the Transfer Date, each of the Original Trusts will transfer and assign all of its assets and rights to a newly-created, substantially identical Successor Trust, except that (i) the Successor Trusts will not have the right to purchase new Equipment Notes and (ii) Delaware law will govern the Original Trusts and New York law will govern the Successor Trusts. The institution acting as Original Trustee for an Original Trust will also act as the New Trustee of the corresponding Successor Trust, and the New Trustee of each Successor Trust will assume the obligations of the related Original Trustee under each transaction document to which such Original Trustee was a party. Upon effectiveness of such transfer, assignment and assumption, each of the Original Trusts will be liquidated and each of the Certificates will represent the same interest in the Successor Trust as it represented in the Original Trust immediately prior to such transfer and assignment.

Escrow Agreements..... Each Escrow Agent, each Paying Agent, each Trustee and the Initial Purchasers have entered into a separate Escrow Agreement for the benefit of the Certificateholders of each Trust. Pursuant to each Escrow Agreement, on the initial issuance date of the Old Certificates (the "Issuance Date"), the cash proceeds of the offering of Old Certificates of each Trust were deposited on behalf of the Escrow Agent for the benefit of the holders of such Certificates with the Depositary as Deposits relating to such Trust. The Escrow Agent of each Trust has been given irrevocable instructions (i) to permit the

Trustee of such Trust to cause funds to be withdrawn from such Deposits on or prior to the Delivery Period Termination Date for the purpose of enabling such Trustee to purchase Equipment Notes on and subject to the terms and conditions of the Note Purchase Agreement and (ii) to direct the Depository to pay interest on the Deposits accrued in accordance with the Deposit Agreement to the Paying Agent for distribution to the Certificateholders of such Trust. See "Description of the Escrow Agreements".

Deposit Agreements and the  
 Depository.....

The Escrow Agent with respect to each Trust has entered into a separate Deposit Agreement with the Depository relating to such Trust pursuant to which the Depository established separate accounts into which the proceeds of the sale of the Old Certificates of such Trust were deposited, from which the Escrow Agent, upon request from the Trustee of such Trust, will make withdrawals and into which such Trustee will make re-deposits during the Delivery Period. Pursuant to the Deposit Agreement with respect to each Trust, on each Regular Distribution Date the Depository will pay to the Paying Agent on behalf of the applicable Escrow Agent, for distribution to the Certificateholders of such Trust, an amount equal to interest accrued on the Deposits relating to such Trust during the relevant interest period at a rate per annum equal to the interest rate applicable to the Certificates issued by such Trust. The interest rates payable on the Deposits are subject to change under certain circumstances described in "The Exchange Offer -- Terms of the Exchange Offer -- General" to the same extent as the interest rates for the Equipment Notes. Upon each delivery of an Aircraft during the Delivery Period, the Trustees for the Class A Trust, the Class B Trust and the Class C-I Trust (or, if the Deposits relating to the Class C-I Trust have been fully withdrawn, the Class C-II Trust) will request the Escrow Agent relating to such Trust to withdraw from the Deposits relating to such Trust funds sufficient to enable the Trustee of such Trust to purchase the Equipment Note of the series applicable to such Trust issued with respect to such Aircraft. Accrued but unpaid interest on all such Deposits withdrawn to purchase Equipment Notes will be paid on the next Regular Distribution Date. Any portion of any withdrawn Deposit which is not used to purchase such Equipment Note will be re-deposited with the Depository. If any funds remain as Deposits with respect to any Trust at the Delivery Period Termination Date, they will be withdrawn by the Escrow Agent and distributed, together with accrued and unpaid interest thereon and a premium payable by Continental, to the Certificateholders of such Trust. The Deposits relating to each Trust and interest paid thereon are not subject to the subordination provisions of the Intercreditor Agreement and are not available to pay any other amount in respect of the Certificates.

Credit Suisse First Boston, New York Branch acts as the Depository. Credit Suisse First Boston is a Swiss bank and is one of the largest banking institutions in the world, with total consolidated assets of approximately Sfr 412 billion (\$307 billion) and total consolidated shareholders' equity of approximately Sfr 9.7 billion (U.S. \$7.2 billion) in each case as of December 31, 1996, on a pro forma basis. Credit Suisse First Boston has long-term unsecured debt ratings of

Aa3 from Moody's and AA from Standard & Poor's and short-term unsecured debt ratings of P-1 from Moody's and A-1+ from Standard & Poor's. See "Description of the Deposit Agreements -- Depositary".

Unused Deposits..... The Trustees' obligations to purchase the Equipment Notes issued with respect to each Aircraft are subject to satisfaction of certain conditions, and no assurance can be given that all such conditions will be satisfied. See "Description of the New Certificates -- Obligation to Purchase Equipment Notes". All of the Aircraft are scheduled to be delivered by February 1998, although the delivery of any Aircraft may be subject to delay. See "Description of the Aircraft and the Appraisals -- Deliveries of Aircraft". The Delivery Period expires on March 31, 1998 (or June 30, 1998 under certain circumstances discussed in "Description of the Aircraft and the Appraisals -- Deliveries of Aircraft"). In addition, depending on the circumstances of the financing of each Aircraft, the maximum aggregate principal amount of Equipment Notes may not be issued. If any funds remain as Deposits with respect to any Trust at the Delivery Period Termination Date, they will be withdrawn by the Escrow Agent for such Trust and distributed, with accrued and unpaid interest thereon, plus a premium payable by Continental (i) in the case of the holders of Certificates issued by the Class A Trust, the Class B Trust and the Class C-I Trust, equal to the Deposit Make-Whole Premium with respect to the aggregate amount of funds so distributed (excluding accrued interest) and (ii) in the case of the holders of Certificates issued by the Class C-II Trust, equal to the Class C-II Premium with respect to such aggregate amount, to the Certificateholders of such Trust after at least 20 days' prior written notice. See "Description of the Deposit Agreements -- Unused Deposits".

Obligation to Purchase  
Equipment Notes..... The Trustees are obligated to purchase the Equipment Notes issued with respect to each Aircraft during the Delivery Period, subject to the terms and conditions of the Note Purchase Agreement. Under the Note Purchase Agreement, Continental has the option of entering into a leveraged lease financing or a secured debt financing with respect to each Aircraft. The Note Purchase Agreement provides for the relevant parties to enter into (i) with respect to each Leased Aircraft, a Participation Agreement, a Lease and a Leased Aircraft Indenture relating to the financing of such Leased Aircraft and (ii) with respect to each Owned Aircraft, a Participation Agreement and an Owned Aircraft Indenture relating to the financing of such Owned Aircraft (any such Participation Agreement, a "Participation Agreement"). The description of such agreements in this Prospectus is based on the forms of such agreements contemplated by the Note Purchase Agreement. In the case of a Leased Aircraft, the terms of the agreements actually entered into may differ from the forms of such agreements and, consequently, may differ from the description of such agreements contained in this Prospectus. However, under the Note Purchase Agreement, the terms of such agreements are required to (i) contain the Mandatory Document Terms and (ii) not vary the Mandatory Economic Terms. In addition, Continental is obligated (i) to certify to the Trustees that any such modifications do not materially and

adversely affect the Certificateholders and (ii) to obtain written confirmation from each Rating Agency that the use of versions of such agreements modified in any material respect will not result in a withdrawal, suspension or downgrading of the rating of any Class of Certificates. Further, under the Note Purchase Agreement, it is a condition precedent to the obligation of each Trustee to purchase the Equipment Notes related to the financing of an Aircraft that no Triggering Event shall have occurred. The Trustees will have no right or obligation to purchase Equipment Notes after the Delivery Period Termination Date. See "Description of the New Certificates -- Obligation to Purchase Equipment Notes".

#### Equipment Notes

- (a) Interest..... The Equipment Notes held in each Trust will accrue interest at the applicable rate per annum for the Certificates issued by such Trust set forth on the cover page of this Prospectus, payable on April 1 and October 1 of each year, commencing on October 1, 1997, or, if later, the first such date to occur after initial issuance thereof, and such interest payments will be passed through to Certificateholders of such Trust on each such date until the final distribution date for such Certificates, in each case, subject to the Intercreditor Agreement. Interest is calculated on the basis of a 360-day year consisting of twelve 30-day months. See "Description of the Equipment Notes -- Principal and Interest Payments". The interest rates for the Equipment Notes are subject to change under certain circumstances described in "The Exchange Offer -- Terms of the Exchange Offer -- General".
- (b) Principal..... Scheduled principal payments on the Equipment Notes held in each Trust will be passed through to the Certificateholders of each such Trust on April 1 and October 1 in certain years, commencing on October 1, 1997, in each case, subject to the Intercreditor Agreement. See "Description of the New Certificates -- Pool Factors" and "Description of the Equipment Notes -- Principal and Interest Payments".
- (c) Redemption and Purchase.....
- (i) The Equipment Notes issued with respect to an Aircraft will be redeemed in whole upon the occurrence of an Event of Loss with respect to such Aircraft if such Aircraft is not replaced by Continental under the related Lease (in the case of a Leased Aircraft) or under the related Owned Aircraft Indenture (in the case of an Owned Aircraft), in each case at a price equal to the aggregate unpaid principal thereof, together with accrued interest thereon to, but not including, the date of redemption, but without any premium.
- (ii) All of the Equipment Notes issued with respect to any Aircraft may be redeemed prior to maturity at a price equal to the aggregate unpaid principal thereof, together with accrued interest thereon to, but not including, the date of redemption, plus, if such redemption is made prior to April 1, 2010 in the case of the Series A Equipment Notes, April 1, 2007 in the case of the Series B Equipment Notes and April 1, 2003 in the case of the Series C Equipment Notes (with respect to any such Series, its "Premium Termination Date"), a Make-Whole Premium. See "Description of the Equipment Notes -- Redemption" for

a description of the manner of computing such Make-Whole Premium and the circumstances under which the Equipment Notes may be so redeemed.

(iii) If, with respect to a Leased Aircraft, (x) one or more Lease Events of Default shall have occurred and be continuing, (y) in the event of a bankruptcy proceeding involving Continental, (A) during the Section 1110 Period, the trustee in such proceeding or Continental refuses to assume or agree to perform its obligations under the related Lease or (B) at any time after assuming or agreeing to perform such obligations, such trustee or Continental ceases to perform such obligations such that the stay period applicable under the U.S. Bankruptcy Code comes to an end or (z) the Equipment Notes with respect to such Aircraft have been accelerated or the Leased Aircraft Trustee with respect to such Equipment Notes takes action or notifies the applicable Owner Trustee that it intends to take action to foreclose the lien of the related Leased Aircraft Indenture or otherwise commence the exercise of any significant remedy under such Indenture or the related Lease, then in each case all, but not less than all, of the Equipment Notes issued with respect to such Leased Aircraft may be purchased by the Owner Trustee or Owner Participant on the applicable purchase date at a price equal to the aggregate unpaid principal thereof, together with accrued interest thereon to, but not including, the purchase date, but without any premium (provided that a Make-Whole Premium shall be payable if such Equipment Notes are to be purchased pursuant to clause (x) above when a Lease Event of Default shall have occurred and be continuing for less than 120 days). Continental, as owner of the Owned Aircraft, will have no comparable right under any Owned Aircraft Indenture to purchase the Equipment Notes under such circumstances.

(d) Security..... The Equipment Notes issued with respect to each Aircraft will be secured by a security interest in such Aircraft and, in the case of each Leased Aircraft, by an assignment to the related Leased Aircraft Trustee of certain of the related Owner Trustee's rights under the Lease with respect to such Aircraft, including the right to receive payments of rent thereunder, with certain exceptions. The Equipment Notes will not be cross-collateralized and, consequently, the Equipment Notes issued in respect of any one Aircraft are not secured by any of the other Aircraft or the Leases related thereto. There will not be cross-default provisions in the Indentures or in the Leases (unless, in the case of a Lease, otherwise agreed between an Owner Participant and Continental). Consequently, events resulting in an Indenture Default under any particular Indenture may or may not result in an Indenture Default occurring under any other Indenture, and a Lease Event of Default under any particular Lease may or may not constitute a Lease Event of Default under any other Lease. If the Equipment Notes issued with respect to one or more Aircraft are in default and the Equipment Notes issued with respect to the remaining Aircraft are not in default, no remedies will be exercisable under the Indentures with respect to such remaining Aircraft. See "Description of the Equipment Notes -- Security" and "-- Indenture Defaults, Notice and Waiver".

Although the Equipment Notes issued in respect of the Leased Aircraft are not obligations of, or guaranteed by, Continental, the amounts unconditionally payable by Continental for lease of the Leased Aircraft will be sufficient to pay in full when due all scheduled amounts required to be paid on the Equipment Notes issued in respect of the Leased Aircraft. The Equipment Notes issued in respect of the Owned Aircraft will be direct obligations of Continental. See "Description of the Equipment Notes -- General".

- (e) Section 1110  
Protection..... It is a condition to the Trustees' obligation to purchase Equipment Notes with respect to each Aircraft that outside counsel to Continental, which is expected to be Hughes Hubbard & Reed LLP, provide its opinion to the Trustees that (i) if such Aircraft is a Leased Aircraft, the Owner Trustee, as lessor under the Lease for such Aircraft, and the related Leased Aircraft Trustee, as assignee of such Owner Trustee's rights under such Lease pursuant to the related Leased Aircraft Indenture, will be entitled to the benefits of Section 1110 of the U.S. Bankruptcy Code with respect to the airframe and engines comprising such Aircraft or (ii) if such Aircraft is an Owned Aircraft, the Owned Aircraft Trustee will be entitled to the benefits of Section 1110 of the U.S. Bankruptcy Code with respect to the airframe and engines comprising such Aircraft. See "Description of the Equipment Notes -- Remedies" for a description of such required opinion and certain assumptions permitted to be contained therein.
- (f) Ranking..... Series B Equipment Notes issued in respect of any Aircraft will be subordinated in right of payment to Series A Equipment Notes issued in respect of such Aircraft, and Series C Equipment Notes issued in respect of such Aircraft will be subordinated in right of payment to such Series B Equipment Notes. On each Distribution Date, (i) payments of interest and principal due on Series A Equipment Notes issued in respect of any Aircraft will be made prior to payments of interest and principal due on Series B Equipment Notes issued in respect of such Aircraft and (ii) payments of interest and principal due on such Series B Equipment Notes will be made prior to payments of interest and principal due on Series C Equipment Notes issued in respect of such Aircraft.
- (g) Owner Participant.... Continental currently intends to lease all of the Aircraft. Continental has obtained commitments of certain companies to act as the owner participant ("Owner Participant") with respect to the leveraged leases for all of the Aircraft and, in certain cases, is seeking alternative commitments on more favorable terms. The existing commitments are subject to satisfaction of certain conditions with respect to each Aircraft and, in certain cases, Continental may elect to terminate such commitments with respect to certain Aircraft. Accordingly, Continental may select one or more other Owner Participants for some or all of such Aircraft or finance such Aircraft as Owned Aircraft rather than Leased Aircraft. Each Owner Participant will have the right to sell, assign or otherwise transfer its interests as Owner Participant in any of such leveraged leases, subject to the terms and conditions of the relevant Participation Agreement and related documents. See "Risk Factors -- Risk Factors Relating to the Certificates and the Offering -- Owner Participant; Revisions to Agreements".

Liquidity Facilities..... Each Liquidity Provider and the Subordination Agent have entered into a separate revolving credit agreement (each, a "Liquidity Facility") with respect to each of the Trusts. Under the Liquidity Facilities with respect to any Trust, the Liquidity Providers will, if necessary, make advances ("Interest Drawings") in an aggregate amount (the "Required Amount") sufficient to pay interest on the Certificates of such Trust on up to three successive semiannual Regular Distribution Dates (without regard to any future payments of principal on such Certificates) at the respective interest rates shown on the cover page of this Prospectus (plus an additional margin specified by the Registration Rights Agreement, if applicable) for such Certificates (the "Stated Interest Rates"), except that the Liquidity Facilities with respect to each Trust will not cover interest payable by the Depository on the Deposits relating to such Trust. Each of the two Liquidity Facilities with respect to each Trust cover 50% (the "Stated Portion") of the Required Amount for such Trust. The initial Required Amount under the Liquidity Facilities on April 1, 1998, the first Regular Distribution Date after the scheduled Delivery Period Termination Date, for the Class A Certificates, the Class B Certificates, the Class C-I Certificates and the Class C-II Certificates, assuming that Equipment Notes in the maximum principal amount with respect to all of the Aircraft are acquired by the Trusts and that all interest and principal due on or prior to April 1, 1998 is paid, will be \$48,564,521, \$16,426,917, \$12,155,173 and \$1,094,144, respectively. Interest Drawings under the relevant Liquidity Facilities will be made promptly after any Regular Distribution Date if, after giving effect to the subordination provisions of the Intercreditor Agreement, there are insufficient funds available to the Subordination Agent to pay interest on any Class A, B, C-I or C-II Certificates; provided, however, that on any date the maximum amount available under a Liquidity Facility with respect to any Trust to fund any shortfall in interest due on the Certificates of such Trust will not exceed an amount equal to the Stated Portion of the then Required Amount of such Liquidity Facility less the aggregate amount of each Interest Drawing outstanding under such Liquidity Facility at such time (the "Maximum Available Commitment"). The Liquidity Facilities for any Class of Certificates do not provide for drawings thereunder to pay for principal of or premium on the Certificates of such Class, any interest on the Certificates of such Class in excess of the Stated Interest Rates, or principal of or interest or premium on the Certificates of any other Class.

Upon each Interest Drawing under any Liquidity Facility, the Subordination Agent is obligated to reimburse (to the extent that the Subordination Agent has available funds therefor) the Liquidity Provider for the amount of such drawing. Such reimbursement obligation and any other amounts owing to the Liquidity Provider under each Liquidity Facility or certain other agreements (the "Liquidity Obligations") ranks pari passu with the Liquidity Obligations relating to all other Liquidity Facilities and ranks senior to the Certificates in right of payment. Upon reimbursement in full of the Interest Drawings, together with any accrued interest thereon, under any Liquidity Facility, the Maximum Available Commitment under such Liquidity Facility will be reinstated to the Stated Portion of the then Required

Amount of such Liquidity Facility; provided that the amount will not be so reinstated if (i) a Liquidity Event of Default shall have occurred and be continuing and (ii) less than 65% of the aggregate outstanding principal amount of all Equipment Notes are Performing Equipment Notes.

"Performing Equipment Note" means an Equipment Note with respect to which no payment default has occurred and is continuing; provided that in the event of a bankruptcy proceeding involving Continental under the U.S. Bankruptcy Code, (i) any payment default existing during the 60-day period under Section 1110(a)(1)(A) of the U.S. Bankruptcy Code (or such longer period as may apply under Section 1110(b) of the U.S. Bankruptcy Code) (the "Section 1110 Period") shall not be taken into consideration, unless during the Section 1110 Period the trustee in such proceeding or Continental refuses to assume or agree to perform its obligations under the Lease related to such Equipment Note (in the case of a Leased Aircraft) or under the Owned Aircraft Indenture related to such Equipment Note (in the case of an Owned Aircraft), and (ii) any payment default occurring after the date of the order of relief in such proceeding shall not be taken into consideration if such payment default is cured under Section 1110(a)(1)(B) of the U.S. Bankruptcy Code before the later of 30 days after the date of such default or the expiration of the Section 1110 Period.

If at any time the short-term unsecured debt rating of any Liquidity Provider issued by either Rating Agency is lower than the Threshold Rating, each Liquidity Facility provided by such Liquidity Provider will be required to be replaced by a financial institution having such unsecured debt ratings issued by both Rating Agencies that are equal to or higher than the Threshold Rating. If any such Liquidity Facility is not replaced within 10 days after notice of the downgrading, such Liquidity Facility will be drawn in full up to the then Maximum Available Commitment (the "Downgrade Drawing") and the proceeds will be deposited into a cash collateral account (the "Cash Collateral Account") for the related Class of Certificates and used for the same purposes and under the same circumstances and subject to the same conditions as cash payments of Interest Drawings under such Liquidity Facility would be used. In addition, the Intercreditor Agreement provides for the replacement or extension of either Liquidity Facility for any Class of Certificates which is scheduled to expire prior to the date that is fifteen days after the Final Maturity Date for such Class. If such Liquidity Facility cannot be so replaced or extended by the date that is 25 days prior to the then scheduled expiration date of such Liquidity Facility, such Liquidity Facility will be drawn in full up to the then Maximum Available Commitment (the "Non-Extension Drawing") and the proceeds will be deposited in the Cash Collateral Account for the related Class of Certificates and used for the same purposes and under the same circumstances and subject to the same conditions as cash payments of Interest Drawings under such Liquidity Facility would be used. Each initial Liquidity Facility is scheduled to expire on the 364th day after the Issuance Date, subject to annual extensions by mutual agreement.

Upon receipt by the Subordination Agent of a Termination Notice with respect to any Liquidity Facility from the applicable Liquidity Provider (given as described in "Description of the Liquidity Facilities -- Liquidity Events of Default"), the Subordination Agent shall request a final drawing (the "Final Drawing") under such Liquidity Facility in an amount equal to the then Maximum Available Commitment thereunder and shall hold the proceeds thereof in the Cash Collateral Account for the related Trust to be used for the same purposes and under the same circumstances, and subject to the same conditions, as cash payments of Interest Drawings under such Liquidity Facility would be used. All amounts on deposit in the Cash Collateral Account for any Trust that are in excess of the Required Amount will be paid to the Liquidity Providers.

Continental may, at its option, with or without cause, arrange for a replacement facility to replace either Liquidity Facility for any Trust, subject to certain conditions. If such replacement facility is provided at any time after a Downgrade Drawing or Non-Extension Drawing under such Liquidity Facility, the funds on deposit with respect to such Liquidity Facility in the Cash Collateral Account for such Trust will be returned to the Liquidity Provider being replaced.

Notwithstanding the subordination provisions of the Intercreditor Agreement, the holders of the Certificates issued by each Trust will be entitled to receive and retain the proceeds of drawings under the Liquidity Facilities for such Trust. See "Description of the Liquidity Facilities".

#### Intercreditor Agreement

- (a) Subordination..... The Trustees, the Liquidity Providers and the Subordination Agent have entered into an agreement (the "Intercreditor Agreement") which provides as follows:
- (i) All payments made in respect of the Equipment Notes and certain other payments will be made to the Subordination Agent, which will distribute such payments in accordance with the provisions of paragraphs (ii) and (iii) below.
  - (ii) On any Regular Distribution Date or Special Distribution Date (each, a "Distribution Date"), so long as no Triggering Event shall have occurred (whether or not continuing), all payments received by the Subordination Agent in respect of the Equipment Notes and certain other payments shall be distributed in the following order: (1) payment of certain Liquidity Obligations; (2) payment of Expected Distributions to the holders of Class A Certificates; (3) payment of Expected Distributions to the holders of Class B Certificates; (4) payment of Expected Distributions to the holders of Class C Certificates; and (5) payment of certain fees and expenses of the Subordination Agent and the Trustees.

"Expected Distributions" means, with respect to the Certificates of any Trust on any Distribution Date (the "Current Distribution Date"), the sum of (x) accrued and unpaid interest on such Certificates (excluding interest, if any, payable with respect to the Deposits relating to such Trust) and (y) the difference between (A) the Pool Balance of such Certificates as of the immediately preceding Distribution Date

and (B) the Pool Balance of such Certificates as of the Current Distribution Date calculated on the basis that (i) the principal of the Equipment Notes held in such Trust has been paid when due (whether at stated maturity, upon redemption, prepayment or acceleration or otherwise) and such payments have been distributed to the holders of such Certificates and (ii) the principal of any Equipment Notes formerly held in such Trust that have been sold pursuant to the Intercreditor Agreement has been paid in full and such payments have been distributed to the holders of such Certificates, but without giving effect to any reduction in the Pool Balance as a result of any distribution attributable to Deposits.

(iii) Upon the occurrence of a Triggering Event and at all times thereafter, all payments received by the Subordination Agent in respect of the Equipment Notes and certain other payments shall be distributed in the following order: (1) to the Subordination Agent, the Trustees and certain other parties in payment of the Administration Expenses and to the Liquidity Providers in payment of the Liquidity Obligations; (2) to the holders of Class A Certificates in payment of Adjusted Expected Distributions; (3) to the holders of Class B Certificates in payment of Adjusted Expected Distributions; and (4) to the holders of Class C Certificates in payment of Adjusted Expected Distributions.

"Adjusted Expected Distributions" means, with respect to the Certificates of any Trust on any Distribution Date, the sum of (x) accrued and unpaid interest on such Certificates (excluding interest, if any, payable with respect to the Deposits relating to such Trust) and (y) the greater of:

- (A) the difference between (x) the Pool Balance of such Certificates as of the immediately preceding Distribution Date and (y) the Pool Balance of such Certificates as of the Current Distribution Date calculated on the basis that (i) the principal of the Equipment Notes other than Performing Equipment Notes (the "Non-Performing Equipment Notes") held in such Trust has been paid in full and such payments have been distributed to the holders of such Certificates, (ii) the principal of the Performing Equipment Notes held in such Trust has been paid when due (but without giving effect to any acceleration of Performing Equipment Notes) and such payments have been distributed to the holders of such Certificates and (iii) the principal of any Equipment Notes formerly held in such Trust that have been sold pursuant to the Intercreditor Agreement has been paid in full and such payments have been distributed to the holders of such Certificates, but without giving effect to any reduction in the Pool Balance as a result of any distribution attributable to Deposits, and
- (B) the amount of the excess, if any, of (i) the Pool Balance of such Class of Certificates as of the immediately preceding Distribution Date (less the amount of the Deposits for such Class of Certificates as of such preceding Distribution Date other than any portion of such Deposits thereafter used to acquire Equipment Notes pursuant to the Note Purchase Agreement), over (ii) the Aggregate LTV

Collateral Amount for such Class of  
Certificates for the Current Distribution Date;

provided that, until the date of the initial LTV  
Appraisals, clause (B) shall not apply.

For purposes of calculating Expected Distributions  
or Adjusted Expected Distributions with respect  
to the Certificates of any Trust, any premium  
paid on the Equipment Notes held in such Trust  
that has not been distributed to the  
Certificateholders of such Trust (other than such  
premium or a portion thereof applied to the  
payment of interest on the Certificates of such  
Trust or the reduction of the Pool Balance of  
such Trust) shall be added to the amount of  
Expected Distributions or Adjusted Expected  
Distributions.

"Aggregate LTV Collateral Amount" for any Class of  
Certificates for any Distribution Date means the  
sum of the applicable LTV Collateral Amounts for  
each Aircraft, minus the Pool Balance for each  
Class of Certificates, if any, senior to such  
Class, after giving effect to any distribution on  
such Distribution Date of principal of the  
Equipment Notes held by the Trust or Trusts of  
such senior Class or Classes.

"LTV Collateral Amount" of any Aircraft for any  
Class of Certificates means, as of any  
Distribution Date, the lesser of (i) the LTV  
Ratio for such Class of Certificates multiplied  
by the Appraised Current Market Value of such  
Aircraft (or with respect to any such Aircraft  
which has suffered an Event of Loss under and as  
defined in the relevant Lease, in the case of a  
Leased Aircraft, or Indenture, in the case of an  
Owned Aircraft, the amount of the insurance  
proceeds paid to the related Loan Trustee in  
respect thereof to the extent then held by such  
Loan Trustee in respect thereof) and (ii) the  
outstanding principal amount of the Equipment  
Notes secured by such Aircraft after giving  
effect to any principal payments of such  
Equipment Notes on or before such Distribution  
Date.

"LTV Ratio" means for the Class A Certificates  
40.36%, for the Class B Certificates 54.03% and  
for the Class C Certificates 65.19%.

"Appraised Current Market Value" of any Aircraft  
means the lower of the average and the median of  
the most recent three Appraisals of such  
Aircraft. After a Triggering Event occurs and any  
Equipment Note becomes a Non-Performing Equipment  
Note, the Subordination Agent shall obtain  
Appraisals for the Aircraft (the "LTV  
Appraisals") as soon as practicable and  
additional LTV Appraisals on or prior to each  
anniversary of the date of such initial LTV  
Appraisals; provided that if the Controlling  
Party reasonably objects to the appraised value  
of the Aircraft shown in such LTV Appraisals, the  
Controlling Party shall have the right to obtain  
or cause to be obtained substitute LTV Appraisals  
(including LTV Appraisals based upon physical  
inspection of the Aircraft).

(b) Deposits..... Payments in respect of the Deposits are not subject  
to the subordination provisions of the  
Intercreditor Agreement.

(c) Intercreditor  
Rights..... Pursuant to the Intercreditor Agreement, the  
Trustees and the Liquidity Providers have agreed  
that, with respect to any Indenture at any given  
time, the Loan Trustee will be directed (a) in  
taking, or refraining

from taking, any action thereunder or with respect to the Equipment Notes issued thereunder by the holders of at least a majority of the outstanding principal amount of such Equipment Notes as long as no Indenture Default has occurred and is continuing thereunder and (b) subject to certain conditions, in taking, or refraining from taking, any action thereunder (including exercising remedies thereunder, such as acceleration of such Equipment Notes or foreclosing the lien on the Aircraft securing such Equipment Notes) by the Controlling Party insofar as an Indenture Default thereunder has occurred and is continuing.

"Controlling Party" with respect to any Indenture means: (x) the Class A Trustee; (y) upon payment of Final Distributions to the holders of Class A Certificates, the Class B Trustee; and (z) upon payment of Final Distributions to the holders of Class B Certificates, the Class C-I Trustee and the Class C-II Trustee, who have agreed to act together. See "Description of the New Certificates -- Indenture Defaults and Certain Rights Upon an Indenture Default" for a description of the rights of the Certificateholders of each Trust to direct the respective Trustees. Notwithstanding the foregoing, at any time after 18 months from the earlier to occur of (x) the date on which the entire available amount under any Liquidity Facility shall have been drawn (for any reason other than a Downgrade Drawing or a Non-Extension Drawing) and remain unreimbursed and (y) the date on which all Equipment Notes shall have been accelerated (provided that prior to the Delivery Period Termination Date the aggregate principal amount thereof exceeds \$280 million), the Liquidity Providers with at least two-thirds of unreimbursed Liquidity Obligations shall have the right to become the Controlling Party with respect to such Indenture. For purposes of giving effect to the foregoing, the Trustees (other than the Controlling Party) have irrevocably agreed (and the Certificateholders (other than the Certificateholders represented by the Controlling Party) shall be deemed to agree by virtue of their acquisition of Certificates) to exercise their voting rights as directed by the Controlling Party. For a description of certain limitations on the Controlling Party's rights to exercise remedies, see "Description of the Equipment Notes -- Remedies".

"Final Distributions" means, with respect to the Certificates of any Trust on any Distribution Date, the sum of (x) accrued and unpaid interest on such Certificates (excluding interest payable on the Deposits relating to such Trust) and (y) the Pool Balance of such Certificates as of the immediately preceding Distribution Date (less the amount of the Deposits for such Class of Certificates as of such preceding Distribution Date other than any portion of such Deposits thereafter used to acquire Equipment Notes pursuant to the Note Purchase Agreement).

- (i) Upon the occurrence and during the continuation of any Indenture Default under any Indenture, the Controlling Party may accelerate and sell all (but not less than all) of the Equipment Notes issued under such Indenture to any person, subject to the provisions of paragraph (ii) below. The proceeds of such sale will be distributed pursuant to the provisions of the Intercreditor Agreement.

- (ii) So long as any Certificates are outstanding, during nine months after the earlier of (x) the acceleration of the Equipment Notes under any Indenture or (y) the bankruptcy or insolvency of Continental, without the consent of each Trustee, (a) no Aircraft subject to the lien of such Indenture or such Equipment Notes may be sold, if the net proceeds from such sale would be less than the Minimum Sale Price for such Aircraft or such Equipment Notes, and (b) with respect to any Leased Aircraft, the amount and payment dates of rentals payable by Continental under the Lease for such Leased Aircraft may not be adjusted if, as a result of such adjustment, the discounted present value of all such rentals would be less than 75% of the discounted present value of the rentals payable by Continental under such Lease before giving effect to such adjustment, in each case, using the weighted average interest rate of the Equipment Notes issued under such Indenture as the discount rate.

"Minimum Sale Price" means, with respect to any Aircraft or the Equipment Notes issued in respect of such Aircraft, at any time, the lesser of (1) 75% of the Appraised Current Market Value of such Aircraft and (2) the aggregate outstanding principal amount of such Equipment Notes, plus accrued and unpaid interest thereon.

Certificates; Book-Entry

Registration..... The New Certificates of each Trust will be represented by one or more permanent global Certificates in definitive, fully registered form and registered in the name of Cede & Co. ("Cede"), as nominee of The Depository Trust Company ("DTC"). See "Description of the New Certificates -- Book Entry; Delivery and Form".

Method of Distribution.....

The persons in whose names the Certificates are registered will be treated as the owners of such Certificates for the purpose of receiving payments of principal of and interest on such Certificates, payments under the Escrow Agreements in respect of Deposits and for all other purposes whatsoever. Therefore, none of the Trustees, Continental, the Loan Trustees, the Liquidity Providers, the Subordination Agent, the Escrow Agents, the Paying Agents, the Owner Participants or the Owner Trustees has any direct responsibility or liability for distributions or payments to owners of beneficial interests in the Certificates (the "Certificate Owners"). Distributions by the Trustee and by the Paying Agent in respect of Certificates registered in the name of Cede, as nominee of DTC, including the final distribution of principal with respect to such Certificates of any Trust, will be made in same-day funds to DTC. DTC will in turn make distributions in same-day funds to those participants in DTC who are credited with ownership of such Certificates ("DTC Participants") in amounts proportionate to the amount of each such DTC Participant's respective holdings of beneficial interests in such Certificates. Corresponding payments by the DTC Participants to beneficial owners of such Certificates will be the responsibility of such DTC Participants, and Continental expects that they will be made in accordance with customary industry practices. The final distribution with respect to the Certificates of any Trust will be made only upon surrender and presentation thereof to the Trustee of such Trust. See "Description of the New Certificates--Book-Entry; Delivery and Form".

Federal Income Tax  
 Consequences..... The exchange of New Certificates for Old  
 Certificates will not be a sale or exchange or  
 otherwise a taxable event for Federal income tax  
 purposes.

ERISA Considerations..... In general, employee benefit plans subject to Title  
 I of the Employee Retirement Income Security Act  
 of 1974, as amended ("ERISA"), or Section 4975 of  
 the Internal Revenue Code of 1986, as amended  
 (the "Code") (or entities which may be deemed to  
 hold the assets of any such plan) will be  
 eligible to purchase the Class A Certificates  
 subject to the circumstances applicable to such  
 plans. Plans will not be eligible to purchase  
 Class B or Class C Certificates, except that such  
 Certificates may be acquired with the assets of  
 an insurance company general account that may be  
 deemed to constitute Plan assets if the  
 conditions of Prohibited Transaction Class  
 Exemption ("PTCE") 95-60 are satisfied. Holders  
 of Class B or Class C Certificates that tender  
 such Old Certificates in exchange for New  
 Certificates will be deemed to have represented  
 and warranted that either (i) no Plan assets have  
 been used to acquire and hold such Certificate or  
 (ii) the acquisition and holding of such  
 Certificate is exempt from the prohibited  
 transaction restrictions of ERISA and Section  
 4975 of the Code pursuant to PTCE 95-60. See  
 "ERISA Considerations". Each Plan fiduciary (and  
 each fiduciary for a governmental or church plan  
 subject to rules similar to those imposed on  
 Plans under ERISA) should consult with its legal  
 advisor concerning an investment in any of the  
 Certificates.

- (1) The \$128 million fleet disposition charge recorded in 1996 is associated primarily with the decision to accelerate the replacement of its DC-9-30, DC-10-10, 727-200, 737-100, and 737-200 aircraft. In connection with its decision to accelerate the replacement of such aircraft, the Company wrote down its Stage 2 aircraft inventory, that is not expected to be consumed through operations, to its estimated fair value and recorded a provision for costs associated with the return of leased aircraft at the end of their respective lease terms.
- (2) Includes a \$20 million cash payment in 1995 by the Company in connection with a 24-month collective bargaining agreement entered into by the Company and the Independent Association of Continental Pilots.
- (3) Includes a pre-tax gain of \$108 million (\$30 million after tax) on the series of transactions by which the Company and its subsidiary, Continental CRS Interests, Inc., transferred certain assets and liabilities relating to the computerized reservation business of such subsidiary to a newly-formed limited liability company and the remaining assets and liabilities were sold.
- (4) Includes a provision of \$447 million recorded in 1994 associated with the planned early retirement of certain aircraft and closed or underutilized airport and maintenance facilities and other assets.
- (5) Restricted cash and cash equivalents agreements relate primarily to workers' compensation claims and the terms of certain other agreements. In addition, CMI is required by its loan agreement to maintain certain minimum consolidated net worth and liquidity levels and is subject to restrictions on its ability to pay dividends to Continental, which effectively restrict the amount of cash available to Continental from CMI.
- (6) The sole assets of the Trust are Convertible Subordinated Debentures, with an aggregate principal amount of \$250 million, which bear interest at the rate of 8 1/2% per annum and mature on December 1, 2020. Upon repayment, the Continental-Obligated Mandatorily Redeemable Preferred Securities of Subsidiary Trust will be mandatorily redeemed.

## RISK FACTORS

Holders of Old Certificates should carefully consider the following risk factors, as well as other information set forth in this Prospectus, before tendering their Old Certificates in the Exchange Offer. The risk factors set forth below (other than "-- Risk Factors Relating to the Certificates and the Offering -- Consequences of Failure to Exchange") are generally applicable to the Old Certificates as well as the New Certificates.

## RISK FACTORS RELATING TO THE COMPANY

## Leverage and Liquidity

Continental has successfully negotiated a variety of agreements to increase its liquidity. Nevertheless, Continental remains more leveraged and has significantly less liquidity than certain of its competitors, several of whom have available lines of credit and/or significant unencumbered assets. Accordingly, Continental may be less able than certain of its competitors to withstand a prolonged recession in the airline industry.

As of March 31, 1997, Continental had approximately \$1.8 billion (including current maturities) of long-term debt and capital lease obligations and had approximately \$1.0 billion of minority interest, Continental-obligated mandatorily redeemable preferred securities of subsidiary trust, redeemable preferred stock and common stockholders' equity. Common stockholders' equity reflects the adjustment of the Company's balance sheet and the recording of assets and liabilities at fair market value as of April 27, 1993 in accordance with the American Institute of Certified Public Accountants' Statement of Position 90-7 -- "Financial Reporting by Entities in Reorganization Under the Bankruptcy Code" ("SOP 90-7").

During the first and second quarters of 1995, in connection with negotiations with various lenders and lessors, Continental ceased or reduced contractually required payments under various agreements, which produced a significant number of events of default under debt, capital lease and operating lease agreements. Through agreements reached with the various lenders and lessors, Continental cured all of these events of default. The last such agreement was put in place during the fourth quarter of 1995.

As of March 31, 1997, Continental had \$927 million of cash and cash equivalents, including restricted cash and cash equivalents of \$79 million. Continental does not have general lines of credit and has significant encumbered assets.

For 1997, Continental expects to incur cash expenditures under operating leases relating to aircraft of approximately \$624 million, compared to \$568 million for 1996 and approximately \$232 million relating to facilities and other rentals, compared to \$210 million in 1996. In addition, Continental has capital requirements relating to compliance with regulations that are discussed below. See "-- Risk Factors Relating to the Airline Industry -- Regulatory Matters".

As of March 31, 1997, Continental had firm commitments with The Boeing Company ("Boeing") to take delivery of a total of 126 jet aircraft during the years 1997 through 2003 with options for an additional 90 aircraft (exercisable subject to certain conditions). These new aircraft will replace older, less efficient Stage 2 aircraft and allow for growth of operations. The estimated aggregate cost of the Company's firm commitments for Boeing aircraft is approximately \$4.3 billion. The offering of the Old Certificates provides for the financing by the Company (either through leveraged leases or secured debt financings) of the debt portion of the acquisition cost of the 30 Aircraft (including two Aircraft delivered prior to the date of this Prospectus). In connection therewith, owner participants have committed to approximately \$160 million of equity financing underlying 22 of these aircraft (including two Aircraft delivered prior to the date of this Prospectus). Continental has additional firm commitments for approximately \$1.1 billion of backstop financing for its Boeing aircraft orders. Continental currently plans on financing the new Boeing aircraft with enhanced equipment trust certificates or similar financing, subject to availability and market conditions. However, further financing will be needed to satisfy Continental's capital commitments for other aircraft and other aircraft-related expenditures such as spare parts, simulators and related items (including for Express's new Embraer ("EMB") -145 aircraft described below). There can be no assurance that sufficient financing will be available for all aircraft and other capital expenditures not covered by firm financing commitments. Deliveries

of new Boeing aircraft are expected to increase aircraft rental, depreciation and interest costs while generating cost savings in the areas of maintenance, fuel and pilot training. Continental has also entered into agreements or letters of intent to lease two DC-10-30 aircraft and will take delivery of such aircraft in May 1997.

In September 1996, Express placed an order for 25 firm EMB-145 50-seat regional jets, with options for an additional 175 aircraft. Neither Express nor Continental will have any obligation to take such aircraft that are not financed by a third party and leased to the Company. However, if the Company fails to confirm the first tranche of 25 options by August 1997, the rent associated with the 25 firm aircraft will increase by an aggregate of \$33.6 million over the 16-year life of the leases. Express has taken delivery of six of the firm aircraft through the first quarter of 1997 and will take delivery of the remaining 19 firm aircraft through the second quarter of 1998. The Company expects to account for all of these aircraft as operating leases.

In July 1996, CMI consummated a \$320 million secured term loan financing with a group of banks and other financial institutions. The loan is secured by the stock of CMI and substantially all its unencumbered assets, consisting primarily of CMI's route authorities, and is guaranteed by Continental and AMI. The bank financing does not contain any restrictive covenants at the Continental parent level, and none of the assets of Continental Airlines, Inc. (other than its stock in AMI) is pledged in connection with the new financing.

As a result of the recent weakness of the yen against the dollar and increased fuel costs, CMI's operating earnings declined during the past three quarters as compared to similar periods in the prior year, and are not expected to improve materially absent a stronger yen or reduced fuel costs. The bank financing contains significant financial covenants relating to CMI, including maintenance of a minimum fixed charge coverage ratio, a minimum consolidated net worth and minimum liquidity, and covenants restricting CMI's leverage, its incurrence of certain indebtedness and its pledge of assets. The financial covenants also limit the ability of CMI to pay dividends to Continental. In January 1997, CMI elected to prepay \$25 million of principal amount of its bank financing rather than use such cash for other purposes. CMI may prepay additional amounts of its bank financing to remain in compliance with certain covenants contained in such financing.

In May 1997, Continental entered into a commitment letter with certain banks that contemplates the establishment of a \$500 million credit facility (the "\$500 Million Credit Facility"), of which \$275 million principal amount will be a term loan and \$225 million will be a revolving credit facility. The commitment letter contemplates that the proceeds of the term loan to Continental will be loaned to AMI, reloaned to CMI and used by CMI to repay its existing secured term loan described above. The new loan to CMI will be secured by substantially all of CMI's assets but will not contain any financial covenants relating to CMI other than covenants restricting CMI's incurrence of certain indebtedness and pledge of assets. AMI's rights with respect to its loan to CMI and Continental's rights with respect to its loan to AMI (as well as Continental's stock in AMI) will be pledged as collateral for Continental's loan under the \$500 Million Credit Facility. In addition, the \$500 Million Credit Facility will contain certain financial covenants applicable to Continental and will prohibit Continental from granting a security interest on certain of its international route authorities.

In April 1997 Continental entered into a \$160 million revolving credit facility with a group of banks (the "Predelivery Deposit Revolver") to finance predelivery deposits with respect to the acquisition of new Boeing 737 and 757 aircraft, which is secured by the purchase agreements with respect to such aircraft, including the Aircraft.

In February 1997, the Company began construction of a new hangar and improvements to a cargo facility at the Company's hub at Newark International Airport which is expected to be completed in the fourth quarter of 1997. The Company expects to finance these projects, which will cost approximately \$25 million, with tax-exempt bonds. In addition, the Company is also planning a facility expansion at Newark which would require, among other matters, agreements to be reached with the applicable airport authority.

In March 1997, the Company announced plans to expand its facilities at its Hopkins International Airport hub in Cleveland. The expansion, which will include a new jet concourse for the new regional jet service offered by Express, as well as other facility improvements, is expected to cost approximately \$120 million, which the Company expects will be funded principally by the issuance of a combination of tax-exempt special facilities revenue bonds and general airport revenue bonds by the City of Cleveland. In

connection therewith, the Company expects to enter into long-term leases with the City of Cleveland providing for the Company to make rental payments sufficient to service the tax-exempt bonds.

In April 1997, the Company announced plans to build a wide-body aircraft maintenance hangar in Honolulu, Hawaii at an estimated cost of \$24 million. Construction of the hangar, anticipated to be completed by the second quarter of 1998, is expected to be financed by tax-exempt special facilities revenue bonds issued by the State of Hawaii. In connection therewith, the Company expects to enter into long-term leases under which rental payments will be sufficient to service the related bonds.

In April 1997, the City of Houston (the "City") completed the offering of \$190 million aggregate principal amount of tax-exempt special facilities revenue bonds (the "IAH Bonds") payable solely from rentals paid by Continental under long-term lease agreements with the City. The IAH Bonds are unconditionally guaranteed by the Company. The proceeds from the IAH Bonds will be used to finance the acquisition, construction and installation of certain terminal and other airport facilities located at Continental's hub at George Bush Intercontinental Airport in Houston, including a new automated people mover system linking Terminals B and C and 20 aircraft gates in Terminal B into which Continental intends to expand its operations. The expansion project is expected to be completed by the summer of 1999.

In April 1997, Continental redeemed for cash all of the 460,247 outstanding shares of its Series A 12% Cumulative Preferred Stock held by an affiliate of Air Canada, a Canadian corporation, for \$100 per share plus accrued dividends thereon. The redemption price, including accrued dividends, totaled \$48 million.

#### Continental's History of Operating Losses

Although Continental recorded net income of \$74 million in the first quarter of 1997, \$319 million in 1996 and \$224 million in 1995, it had experienced significant operating losses in the previous eight years. In the long term, Continental's viability depends on its ability to sustain profitable results of operations.

#### Aircraft Fuel

Since fuel costs constitute a significant portion of Continental's operating costs (approximately 13.3% for the year ended December 31, 1996 and 14.8% for the three months ended March 31, 1997), significant changes in fuel costs would materially affect the Company's operating results. Jet fuel prices have increased significantly since December 31, 1995, although such prices have moderated recently. Fuel prices continue to be susceptible to international events, and the Company cannot predict near or longer-term fuel prices. The Company enters into petroleum option contracts to provide some short-term protection (generally three to six months) against a sharp increase in jet fuel prices. In the event of a fuel supply shortage resulting from a disruption of oil imports or otherwise, higher fuel prices or curtailment of scheduled service could result.

#### Labor Matters

The Company has recently begun collective bargaining agreement negotiations with its Continental Airlines and Express pilots whose contracts become amendable in July 1997 and October 1997, respectively. In addition, the Company's collective bargaining agreements with its CMI flight attendants and CMI mechanics and mechanic-related employees became amendable in September 1996 and March 1997, respectively. Negotiations are in progress to amend these two contracts. The Company believes that mutually acceptable agreements can be reached with all such employees, although the ultimate outcome of the negotiations is unknown at this time. The CMI agent-classification employees' collective bargaining agreement, which became amendable in March 1997, was ratified and approved in April 1997. The agreement, which becomes amendable in March 2001, provides for an 8.7% increase in wages over a four-year period.

#### Certain Tax Matters

The Company's United States federal income tax return for the year ended December 31, 1996 is expected to reflect net operating loss carryforwards ("NOLs") of \$2.3 billion that will expire through 2009 and federal investment tax credit carry forwards of \$45 million that will expire through 2001. For financial

reporting purposes, Continental began accruing tax expense on its income statement during the second quarter of 1996.

The Company had, as of December 31, 1996, deferred tax assets aggregating \$1.3 billion, including \$804 million of NOLs. The Company recorded a valuation allowance of \$694 million against such assets as of December 31, 1996. Realization of a substantial portion of the Company's remaining NOLs will require the completion by April 27, 1998 of transactions resulting in recognition of built-in gains for federal income tax purposes. The Company has consummated several such transactions and currently intends to consummate one or more additional transactions. If the Company were to determine in the future that such transactions will not be completed and if future income is not sufficient to recognize the benefit of previously completed transactions, an adjustment to the net deferred tax liability of up to \$85 million would be charged to income in the period such determination was made. In the event the Company recognizes additional tax benefits related to NOLs and investment tax credit carryforwards attributable to the Company's predecessor, Holdings, together with its operating subsidiaries, those benefits would be applied to reduce reorganizational value in excess of amounts allocable to identifiable assets and other intangibles to zero, and thereafter as an addition to paid-in capital.

As a result of NOLs, the Company will not pay United States federal income taxes (other than alternative minimum tax) until it has recorded approximately an additional \$1.1 billion of taxable income following December 31, 1996. Section 382 of the Internal Revenue Code ("Section 382") imposes limitations on a corporation's ability to utilize NOLs if it experiences an "ownership change." In general terms, an ownership change may result from transactions increasing the ownership of certain stockholders in the stock of a corporation by more than 50 percentage points over a three-year period. In the event that an ownership change should occur, utilization of Continental's NOLs would be subject to an annual limitation under Section 382 determined by multiplying the value of the Company's stock at the time of the ownership change by the applicable long-term tax-exempt rate (which is 5.64% for May 1997). Unused annual limitation may be carried over to later years, and the amount of the limitation may under certain circumstances be increased by the built-in gains in assets held by the Company at the time of the change that are recognized in the five-year period after the change. Under current conditions, if an ownership change were to occur, Continental's annual NOL utilization would be limited to approximately \$123 million per year.

#### Continental Micronesia

Because the majority of CMI's traffic originates in Japan, its results of operations are substantially affected by the Japanese economy and changes in the value of the yen as compared to the dollar. Appreciation of the yen against the dollar during 1994 and 1995 increased CMI's profitability while a decline of the yen against the dollar in 1996 reduced CMI's profitability. As a result of the recent weakness of the yen against the dollar and increased fuel costs, CMI's operating earnings declined during the past three quarters as compared to similar periods a year ago, and are not expected to improve materially absent a stronger yen or reduced fuel costs. The \$320 million financing consummated by CMI in July 1996 contains significant financial covenants relating to CMI, including maintenance of a minimum fixed charge coverage ratio, a minimum consolidated net worth and minimum liquidity, and covenants restricting CMI's leverage, its incurrence of certain indebtedness and its pledge of assets. The financial covenants also limit the ability of CMI to pay dividends to Continental. In January 1997, CMI elected to prepay \$25 million of principal amount of its bank financing rather than use such cash for other purposes. CMI may prepay additional amounts of its bank financing to remain in compliance with certain covenants contained in such financing. Continental has entered into a commitment letter that contemplates the establishment of a new credit facility under which CMI's existing bank financing will be repaid and financial covenants applicable to CMI eliminated. See "-- Risk Factors Relating to the Company -- Leverage and Liquidity".

To reduce the potential negative impact on CMI's dollar earnings, CMI, from time to time, purchases average rate options as a hedge against a portion of its expected net yen cash flow position. Any significant and sustained decrease in traffic or yields (including due to the value of the yen) to and from Japan could materially adversely affect Continental's consolidated profitability.

## Principal Stockholder

On November 21, 1996, Air Partners, L.P., a Texas limited partnership and major stockholder of the Company ("Air Partners"), exercised its right to sell to the Company, and the Company subsequently purchased, for \$50 million, warrants to purchase 2,614,379 shares of Class B common stock (representing a portion of the total warrants held by Air Partners) pursuant to an agreement entered into earlier in 1996 with the Company. As of April 30, 1997, Air Partners held approximately 9.5% of the common equity interest and 40.7% of the general voting power of the Company. If all the remaining warrants held by Air Partners had been exercised on April 30, 1997, approximately 19.6% of the common equity interest and 52.8% of the general voting power of the Company would have been held by Air Partners. Various provisions in the Company's Certificate of Incorporation and Bylaws currently provide Air Partners with the right to elect one-third of the directors in certain circumstances; these provisions could have the effect of delaying, deferring or preventing a change in the control of the Company.

## RISK FACTORS RELATING TO THE AIRLINE INDUSTRY

## Industry Conditions and Competition

The airline industry is highly competitive and susceptible to price discounting. The Company has in the past both responded to discounting actions taken by other carriers and initiated significant discounting actions itself. Continental's competitors include carriers with substantially greater financial resources (and in certain cases, lower cost structures), as well as smaller carriers with low cost structures. Airline profit levels are highly sensitive to, and during recent years have been severely impacted by, changes in fuel costs, fare levels (or "average yield") and passenger demand. Passenger demand and yields have been affected by, among other things, the general state of the economy, international events and actions taken by carriers with respect to fares. From 1990 to 1993, these factors contributed to the domestic airline industry's incurring unprecedented losses. Although fare levels have increased recently, fuel costs have also increased significantly. In addition, significant industry-wide discounts could be reimplemented at any time, and the introduction of broadly available, deeply discounted fares by a major United States airline would likely result in lower yields for the entire industry and could have a material adverse effect on the Company's operating results.

The airline industry has consolidated in past years as a result of mergers and liquidations and may further consolidate in the future. Among other effects, such consolidation has allowed certain of Continental's major competitors to expand (in particular) their international operations and increase their market strength. Furthermore, the emergence in recent years of several new carriers, typically with low cost structures, has further increased the competitive pressures on the major United States airlines. In many cases, the new entrants have initiated or triggered price discounting. Aircraft, skilled labor and gates at most airports continue to be readily available to start-up carriers. Competition with new carriers or other low cost competitors on Continental's routes could negatively impact Continental's operating results.

## Regulatory Matters

In the last several years, the United States Federal Aviation Administration (the "FAA") has issued a number of maintenance directives and other regulations relating to, among other things, retirement of older aircraft, security measures, collision avoidance systems, airborne windshear avoidance systems, noise abatement, commuter aircraft safety and increased inspections and maintenance procedures to be conducted on older aircraft. The Company expects to continue incurring expenses for the purpose of complying with the FAA's noise and aging aircraft regulations. In addition, several airports have recently sought to increase substantially the rates charged to airlines, and the ability of airlines to contest such increases has been restricted by federal legislation, DOT regulations and judicial decisions.

Management believes that the Company benefited in the first quarter of 1996 and 1997 from the expiration of the aviation trust fund tax (the "ticket tax"). The ticket tax was reinstated on March 7, 1997. Management believes that the ticket tax has a negative impact on the Company, although neither the amount of such negative impact directly resulting from the imposition of the ticket tax, nor the benefit realized by its expiration can be precisely determined.

Additional laws and regulations have been proposed from time to time that could significantly increase the cost of airline operations by imposing additional requirements or restrictions on operations. Laws and regulations have also been considered that would prohibit or restrict the ownership and/or transfer of airline routes or takeoff and landing slots. Also, the availability of international routes to United States carriers is regulated by treaties and related agreements between the United States and foreign governments that are amendable. Continental cannot predict what laws and regulations may be adopted or their impact, but there can be no assurance that laws or regulations currently proposed or enacted in the future will not adversely affect the Company.

#### Seasonal Nature of Airline Business

Due to the greater demand for air travel during the summer months, revenue in the airline industry in the third quarter of the year is generally significantly greater than revenue in the first quarter of the year and moderately greater than revenue in the second and fourth quarters of the year for the majority of air carriers. Continental's results of operations generally reflect this seasonality, but have also been impacted by numerous other factors that are not necessarily seasonal, including the extent and nature of competition from other airlines, fare wars, changing levels of operations, fuel prices, foreign currency exchange rates and general economic conditions.

#### RISK FACTORS RELATING TO THE CERTIFICATES AND THE OFFERING

##### Consequences of Failure to Exchange

Holders of Old Certificates who do not exchange their Old Certificates for New Certificates pursuant to the Exchange Offer will continue to be subject to the restrictions on transfer of such Old Certificates as set forth in the legend thereon as a consequence of the issuance of the Old Certificates pursuant to exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the Old Certificates may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. The Company does not currently anticipate that it will register the Old Certificates under the Securities Act. To the extent that Old Certificates are tendered and accepted in the Exchange Offer, the trading market for untendered and tendered but unaccepted Old Certificates could be adversely affected.

##### Appraisals and Realizable Value of Aircraft

Appraisals in respect of the Aircraft (without physical inspection thereof) have been prepared by AISI, BK and MBA, and such appraisals are based on varying assumptions and methodologies which differ among the Appraisers. The Appraisers have delivered letters summarizing their respective reports, copies of which are annexed to this Prospectus as Appendix II. See "Description of the Aircraft and the Appraisals -- The Appraisals". The appraised value of each Aircraft, and accordingly the initial aggregate Aircraft value as referred to herein, is based upon the lesser of the average and median value of such Aircraft as appraised by the Appraisers and projected as of the scheduled delivery month of such Aircraft. Such aggregate appraised values also assume depreciation of approximately 2% of the initial appraised value for Aircraft delivered more than one year prior to the scheduled Delivery Period Termination Date (although no assurance can be given as to the actual market value rate of depreciation, which may differ from 2% during such period). Appraisals that are based on different assumptions and methodologies may result in valuations that are materially different from those contained in the appraisals of the Appraisers. An appraisal is only an estimate of value, is not indicative of the price at which an Aircraft may be purchased from the manufacturer and should not in any event be relied upon as a measure of realizable value; the proceeds realized upon a sale of any Aircraft may be less than the appraised value thereof. In particular, the appraisals are estimates of values as of future delivery dates. The value of the Aircraft in the event of the exercise of remedies under the applicable Indenture will depend on market and economic conditions, the supply of aircraft, the availability of buyers, the condition of the Aircraft and other factors. Accordingly, there can be no assurance that the proceeds realized upon any such exercise with respect to the Equipment Notes and the Aircraft pursuant to the applicable Pass Through

Trust Agreement and the applicable Indenture would be sufficient to satisfy in full payments due on the Certificates.

#### Priority of Distributions; Subordination

Pursuant to the Intercreditor Agreement to which the Trustees, the Subordination Agent and the Liquidity Providers are parties, on each Distribution Date, so long as no Triggering Event shall have occurred, all payments in respect of Equipment Notes received by the Subordination Agent will be distributed in the following order: (1) payment of certain Liquidity Obligations to the Liquidity Providers; (2) payment of Expected Distributions to the holders of Class A Certificates; (3) payment of Expected Distributions to the holders of Class B Certificates; (4) payment of Expected Distributions to the holders of Class C Certificates; and (5) payment of certain fees and expenses of the Subordination Agent and the Trustees.

In addition, upon the occurrence of a Triggering Event and at all times thereafter, all payments received by the Subordination Agent in respect of the Equipment Notes and certain other payments will be distributed under the Intercreditor Agreement in the following order: (1) to the Subordination Agent, the Trustee and certain other parties in payment of the Administration Expenses and to the Liquidity Providers in payment of the Liquidity Obligations; (2) to the holders of Class A Certificates in payment of Adjusted Expected Distributions; (3) to the holders of Class B Certificates in payment of Adjusted Expected Distributions; and (4) to the holders of Class C Certificates in payment of Adjusted Expected Distributions.

The priority of distributions after a payment default under any Equipment Note will have the effect in certain circumstances of requiring the distribution to more senior Classes of Certificates of payments received in respect of one or more junior series of Equipment Notes. If this should occur, the interest accruing on the remaining Equipment Notes would in the aggregate be less than the interest accruing on the remaining Certificates because such Certificates include a relatively greater proportion of junior Classes with relatively higher interest rates. As a result of this possible interest shortfall, the holders of one or more junior Classes of Certificates may not receive the full amount due them after a payment default under any Equipment Note even if all Equipment Notes are eventually paid in full.

Payments in respect of the Deposits are not subject to the subordination provisions of the Intercreditor Agreement.

#### Control over Collateral; Sale of Collateral

Pursuant to the Intercreditor Agreement, the Trustees and the Liquidity Providers have agreed that, with respect to any Indenture at any given time, the Loan Trustee will be directed (a) in taking, or refraining from taking, any action thereunder by the holders of at least a majority of the outstanding principal amount of the Equipment Notes issued thereunder as long as no Indenture Default has occurred and is continuing thereunder and (b) subject to certain conditions, in exercising remedies thereunder (including acceleration of such Equipment Notes or foreclosing the lien on the Aircraft securing such Equipment Notes) insofar as an Indenture Default has occurred and is continuing by the Controlling Party. See "Description of the New Certificates -- Indenture Defaults and Certain Rights Upon an Indenture Default" for a description of the rights of the Certificateholders of each Trust to direct the respective Trustees. Notwithstanding the foregoing, at any time after 18 months from the earlier to occur of (x) the date on which the entire available amount under any Liquidity Facility shall have been drawn (for any reason other than a Downgrade Drawing or a Non-Extension Drawing) and remain unreimbursed and (y) the date on which all Equipment Notes shall have been accelerated (provided that prior to the Delivery Period Termination Date the aggregate principal amount thereof exceeds \$280 million), the Liquidity Providers with at least two-thirds of the unreimbursed Liquidity Obligations shall have the right to elect to become the Controlling Party with respect to such Indenture. For purposes of giving effect to the foregoing, the Trustees (other than the Controlling Party) shall irrevocably agree, and the Certificateholders (other than the Certificateholders represented by the Controlling Party) shall be deemed to agree by virtue of their purchase of Certificates, to exercise their voting rights as directed by the Controlling Party. For a description of certain limitations on the Controlling Party's rights to exercise remedies, see "Description of the Equipment Notes -- Remedies".

Upon the occurrence and during the continuation of any Indenture Default under any Indenture, the Controlling Party may accelerate and, subject to the provisions described in the last sentence of this paragraph, sell all (but not less than all) of the Equipment Notes issued under such Indenture to any person. The market for Equipment Notes at the time of the existence of any Indenture Default may be very limited, and there can be no assurance as to the price at which they could be sold. If the Controlling Party sells any such Equipment Notes for less than their outstanding principal amount, certain Certificateholders will receive a smaller amount of principal distributions than anticipated and will not have any claim for the shortfall against Continental, any Owner Trustee, any Owner Participant or any Trustee. So long as any Certificates are outstanding, during nine months after the earlier of (x) the acceleration of the Equipment Notes under any Indenture and (y) the bankruptcy or insolvency of Continental, without the consent of each Trustee, (a) no Aircraft subject to the lien of such Indenture or such Equipment Notes may be sold, if the net proceeds from such sale would be less than the Minimum Sale Price for such Aircraft or such Equipment Notes, and (b) with respect to any Leased Aircraft, the amount and payment dates of rentals payable by Continental under the Lease for such Leased Aircraft may not be adjusted, if, as a result of such adjustment, the discounted present value of all such rentals would be less than 75% of the discounted present value of the rentals payable by Continental under such Lease before giving effect to such adjustment, in each case, using the weighted average interest rate of the Equipment Notes issued under such Indenture as the discount rate.

The Equipment Notes are not cross-collateralized and, consequently, proceeds from the sale of an Aircraft in excess of the amounts due on Equipment Notes related to such Aircraft will not be available to cover losses, if any, on any other Equipment Notes.

#### Owner Participant; Revisions to Agreements

Continental has obtained commitments of certain companies to act as the Owner Participant with respect to the leveraged leases for all of the Aircraft and, in certain cases, is seeking alternative commitments on more favorable terms. The existing commitments are subject to satisfaction of certain conditions with respect to each Aircraft and, in certain cases, Continental may elect to terminate such commitments with respect to certain Aircraft. Accordingly, Continental may select one or more other Owner Participants for some or all of such Aircraft or finance such Aircraft as Owned Aircraft rather than Leased Aircraft. Such Owner Participants may request revisions to the forms of the Participation Agreement, the Lease and the Leased Aircraft Indenture that are contemplated by the Note Purchase Agreement, so that the terms of such agreements applicable to any particular Leased Aircraft may differ from the description of such agreements contained in this Prospectus. However, under the Note Purchase Agreement, the terms of such agreements are required to (i) contain the Mandatory Document Terms and (ii) not vary the Mandatory Economic Terms. In addition, Continental is obligated (i) to certify to the Trustee that any such modifications do not materially and adversely affect the Certificateholders and (ii) to obtain written confirmation from each Rating Agency that the use of versions of such agreements modified in any material respect will not result in a withdrawal, suspension or downgrading of the rating of any Class of Certificates. See "Description of the New Certificates -- Obligation to Purchase Equipment Notes".

Each Owner Participant will have the right to sell, assign or otherwise transfer its interests as Owner Participant in any of such leveraged leases, subject to the terms and conditions of the relevant Participation Agreement and related documents.

#### Unused Deposits

The Trustees' obligations to purchase the Equipment Notes issued with respect to each Aircraft are subject to satisfaction of certain conditions at the time of delivery, as set forth in the Note Purchase Agreement. See "Description of the New Certificates -- Obligation to Purchase Equipment Notes". Since the Aircraft are scheduled for delivery from time to time during the Delivery Period, no assurance can be given that all such conditions will be satisfied at the time of delivery for each Aircraft. Moreover, since the Aircraft will be newly manufactured, their delivery as scheduled is subject to delays in the manufacturing process and to the manufacturer's right to postpone deliveries under its agreement with Continental. See "Description of the Aircraft and Appraisals -- Deliveries of Aircraft". Depending on the circumstances of the financing of

each Aircraft, the maximum aggregate principal amount of Equipment Notes may not be issued. In addition, Continental's obligations to Boeing relating to the ordered aircraft and under the Predelivery Deposit Revolver are secured by Continental's purchase agreement with Boeing relating to the Aircraft. Accordingly, if Continental should breach its obligations secured thereby, the secured parties could exercise remedies and prevent delivery of Aircraft to Continental. If any funds remain as Deposits with respect to any Trust at the Delivery Period Termination Date, they will be withdrawn by the Escrow Agent and distributed, with accrued and unpaid interest thereon, plus a premium payable by Continental (i) in the case of the holders of the Certificates issued by the Class A Trust, the Class B Trust and the Class C-I Trust, equal to the Deposit Make-Whole Premium with respect to the aggregate amount of funds so distributed (excluding accrued interest) and (ii) in the case of the holders of the Certificates issued by the Class C-II Trust, equal to the Class C-II Premium with respect to such aggregate amount, to the Certificateholders of such Trust. See "Description of the Deposit Agreements -- Unused Deposits".

#### Special Distributions to Class C-II Certificateholders

The Deposits relating to the Class C-I Trust will be utilized to purchase Series C Equipment Notes prior to the utilization of Deposits relating to Class C-II Trust. If any funds remain as Deposits with respect to any Trust at the Delivery Period Termination Date, they will be withdrawn by the Escrow Agent and distributed, together with accrued and unpaid interest thereon and a premium, to the Certificateholders of such Trust. See "--Unused Deposits". As a result, there is a greater likelihood that a special distribution that will reduce the Pool Balance of the Class C-II Certificates will be required than with respect to the other Certificates. In addition, to the extent that the Class C-II Trust acquires Series C Equipment Notes, such Equipment Notes will relate to fewer Aircraft than the Equipment Notes held by the other Trusts. Accordingly, if Continental exercises its rights under a Lease or Owned Aircraft Indenture to cause the Series C Equipment Notes held by the Class C-II Trust to be redeemed, such as upon termination of the Lease for obsolescence, refunding of such Equipment Notes or payment of stipulated loss value upon the occurrence of an event of loss with respect to the Aircraft that secures such Equipment Notes, the resulting special distribution with respect to the Class C-II Certificates will reduce the Pool Balance of the Class C-II Trust by a greater percentage than the reduction that would be applicable to the other Trusts had such an event occurred with respect to the same number of Aircraft securing Equipment Notes held by the other Trusts. See "Description of the Equipment Notes -- Redemption".

#### Withholding Tax on Foreign Investors

Because of the possibility that the Original Trusts may be treated for United States federal income tax purposes as partnerships engaged in U.S. trades or businesses, tax will be withheld from distributions with respect to the Original Trusts and the Deposits to foreign persons who are beneficial owners of Certificates. Each foreign investor, by accepting an interest in a Certificate, will agree to indemnify the Original Trustee, the Original Trust, and the Paying Agent against any liability for improper failure to withhold tax. Although foreign investors can file United States federal income tax returns seeking refunds of any withheld taxes, there is no assurance that such refund claims will be successful. Even if such refund claims are successful, the refund process will result in a delay in the receipt of cash by foreign investors.

#### Absence of an Established Market

Prior to the Exchange Offer, there has been no public market for the Certificates and neither Continental nor any Trust intends to apply for listing of the Certificates on any national securities exchange or otherwise. Certain of the Initial Purchasers have previously made a market in the Old Certificates and Continental has been advised by the Initial Purchasers that one or more of them presently intend to make a market in the New Certificates, as permitted by applicable laws and regulations, after consummation of the Exchange Offer. None of the Initial Purchasers is obligated, however, to make a market in the Old Certificates or the New Certificates, and any such market making activity may be discontinued at any time without notice at the sole discretion of each Initial Purchaser. There can be no assurance as to the liquidity of the public market for the Certificates or that any active public market for the Certificates will develop or continue. If an active public

market does not develop or continue, the market price and liquidity of the Certificates may be adversely affected.

#### USE OF PROCEEDS

There will be no cash proceeds payable to Continental from the issuance of the New Certificates pursuant to the Exchange Offer. The proceeds from the sale of the Old Certificates issued by each Trust were deposited with the Depository on behalf of the Escrow Agent for the benefit of the Certificateholders of such Trust. Such proceeds will be used to purchase Equipment Notes during the Delivery Period issued, at Continental's election, either (i) by the Owner Trustees to finance the purchase of the Leased Aircraft or (ii) by Continental to finance the purchase of the Owned Aircraft. Prior to the date of this Prospectus, two Boeing 757-224 Aircraft have been delivered, and funds were withdrawn from the Deposits to purchase Equipment Notes in respect of such Aircraft in the aggregate principal amount of \$74.4 million.

#### RATIOS OF EARNINGS TO FIXED CHARGES

The following information for the year ended December 31, 1992 and for the period January 1, 1993 through April 27, 1993 relates to Continental's predecessor, Holdings. Information for the period April 28, 1993 through December 31, 1993, for the years ended December 31, 1994, 1995 and 1996 and for the three months ended March 31, 1996 and 1997 relates to Continental. The information as to Continental has not been prepared on a consistent basis of accounting with the information as to Holdings due to Continental's adoption, effective April 27, 1993, of fresh start reporting in accordance with the American Institute of Certified Public Accountants' Statement of Position 90-7 -- "Financial Reporting by Entities in Reorganization Under the Bankruptcy Code" ("SOP 90-7").

For the year ended December 31, 1992, for the periods January 1, 1993 through April 27, 1993 and April 28, 1993 through December 31, 1993 and for the year ended December 31, 1994, earnings were not sufficient to cover fixed charges. Additional earnings of \$131 million, \$979 million, \$60 million and \$667 million would have been required to achieve ratios of earnings to fixed charges of 1.0. The ratio of earnings to fixed charges for the years ended December 31, 1995 and December 31, 1996 was 1.53 and 1.81, respectively. The ratio of earnings to fixed charges for the three months ended March 31, 1996 and March 31, 1997 was 1.70 and 1.88, respectively. For purposes of calculating this ratio, earnings consist of earnings before taxes, minority interest and extraordinary items plus interest expense (net of capitalized interest), the portion of rental expense deemed representative of the interest expense and amortization of previously capitalized interest. Fixed charges consist of interest expense and the portion of rental expense representative of interest expense.

#### THE EXCHANGE OFFER

The summary herein of certain provisions of the Registration Rights Agreement does not purport to be complete and reference is made to the provisions of the Registration Rights Agreement, which has been filed as an exhibit to the Registration Statement and a copy of which is available as set forth under the heading "Available Information".

#### TERMS OF THE EXCHANGE OFFER

##### General

In connection with the issuance of the Old Certificates pursuant to a Purchase Agreement dated as of March 12, 1997, between the Company, the Trusts, the Depository and the Initial Purchasers, the Initial Purchasers and their respective assignees became entitled to the benefits of the Registration Rights Agreement.

Under the Registration Rights Agreement, the Company is obligated to use its best efforts to (i) file the Registration Statement of which this Prospectus is a part for a registered exchange offer with respect to an

issue of new certificates identical in all material respects to the Old Certificates within 120 days after March 21, 1997, the Issuance Date, (ii) cause the Registration Statement to become effective under the Securities Act within 180 days after the Issuance Date, (iii) cause the Registration Statement to remain effective until the closing of the Exchange Offer and (iv) consummate the Exchange Offer within 210 calendar days after the Issuance Date. The Company will keep the Exchange Offer open for a period of not less than 30 days. The Exchange Offer being made hereby, if commenced and consummated within the time periods described in this paragraph, will satisfy those requirements under the Registration Rights Agreement.

Upon the terms and subject to the conditions set forth in this Prospectus and in the Letter of Transmittal (which together constitute the Exchange Offer), all Old Certificates validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the Expiration Date will be accepted for exchange. New Certificates of the same class will be issued in exchange for an equal face amount of outstanding Old Certificates accepted in the Exchange Offer. Old Certificates may be tendered only in integral multiples of \$1,000. This Prospectus, together with the Letter of Transmittal, is being sent to all registered holders as of [ ]. The Exchange Offer is not conditioned upon any minimum principal amount of Old Certificates being tendered for exchange. However, the obligation to accept Old Certificates for exchange pursuant to the Exchange Offer is subject to certain conditions as set forth herein under "-- Conditions".

Old Certificates shall be deemed to have been accepted as validly tendered when, as and if the Trustee has given oral or written notice thereof to the Exchange Agent. The Exchange Agent will act as agent for the tendering holders of Old Certificates for the purposes of receiving the New Certificates and delivering New Certificates to such holders.

Based on interpretations by the staff of the Commission, as set forth in no-action letters issued to third parties, including the Exchange Offer No-Action Letters, the Company believes that the New Certificates issued pursuant to the Exchange Offer in exchange for Old Certificates may be offered for resale, resold or otherwise transferred by holders thereof (other than a broker-dealer who acquired such Old Certificates directly from the Trustee for resale pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act or any holder that is an "affiliate" of the Company as defined under Rule 405 of the Securities Act), without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such New Certificates are acquired in the ordinary course of such holders' business and such holders are not engaged in, and do not intend to engage in, a distribution of such New Certificates and have no arrangement with any person participate in a distribution of such New Certificates. By tendering the Old Certificates in exchange for New Certificates, each holder, other than a broker-dealer, will represent to the Company that: (i) it is not an affiliate of the Company (as defined under Rule 405 of the Securities Act) nor a broker-dealer tendering Old Certificates acquired directly from the Company for its own account; (ii) any New Certificates to be received by it will be acquired in the ordinary course of its business; and (iii) it is not engaged in, and does not intend to engage in, a distribution of such New Certificates and has no arrangement or understanding to participate in a distribution of the New Certificates. If a holder of Old Certificates is engaged in or intends to engage in a distribution of the New Certificates or has any arrangement or understanding with respect to the distribution of the New Certificates to be acquired pursuant to the Exchange Offer, such holder may not rely on the applicable interpretations of the staff of the Commission and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. Each Participating Broker-Dealer that receives New Certificates for its own account pursuant to the Exchange Offer must acknowledge that it will deliver a prospectus in connection with any resale of such New Certificates. The Letter of Transmittal states that by so acknowledging and by delivering a prospectus, a Participating Broker-Dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This Prospectus, as it may be amended or supplemented from time to time, may be used by a Participating Broker-Dealer in connection with resales of New Certificates received in exchange for Old Certificates where such Old Certificates were acquired by such Participating Broker-Dealer as a result of market-making activities or other trading activities. The Company has agreed that, starting on the Expiration Date and ending on the close of business 180 days after the Expiration Date, it will make this Prospectus available to any Participating Broker-Dealer for use in connection with any such resale. See "Plan of Distribution."

In the event that any changes in law or the applicable interpretations of the staff of the Commission do not permit Continental to effect the Exchange Offer, if the Registration Statement is not declared effective within 180 calendar days after the Issuance Date under certain circumstances or the Exchange Offer is not consummated within 210 days after the Issuance Date under certain other circumstances, at the request of a holder not eligible to participate in the Exchange Offer or under certain other circumstances described in the Registration Rights Agreement, Continental will, in lieu of effecting the registration of the New Certificates pursuant to the Registration Statement and at no cost to the holders of Old Certificates, (a) as promptly as practicable file with the Commission a shelf registration statement (the "Shelf Registration Statement") covering resales of the Old Certificates, (b) use its best efforts to cause the Shelf Registration Statement to be declared effective under the Securities Act by the 180th calendar day after the Issuance Date and (c) use its best efforts to keep effective the Shelf Registration Statement for a period of two years after its effective date (or for such shorter period as shall end when all of the Old Certificates covered by the Shelf Registration Statement have been sold pursuant thereto or may be freely sold pursuant to Rule 144 under the Securities Act).

In the event that neither the consummation of the Exchange Offer nor the declaration by the Commission of the Shelf Registration Statement to be effective (each a "Registration Event") occurs on or prior to the 210th calendar day following the Issuance Date, the interest rate per annum borne by the Equipment Notes and Deposits shall be increased by 0.50% from and including such 210th day to but excluding the earlier of (i) the date on which a Registration Event occurs and (ii) the date on which all of the Certificates otherwise become transferable by Certificateholders (other than affiliates or former affiliates of Continental) without further registration under the Securities Act. In the event that the Shelf Registration Statement ceases to be effective at any time during the period specified by the Registration Rights Agreement for more than 60 days, whether or not consecutive, during any 12-month period, the interest rate per annum borne by the Equipment Notes and the Deposits shall be increased by 0.50% from the 61st day of the applicable 12-month period such Shelf Registration Statement ceases to be effective until such time as the Shelf Registration Statement again becomes effective (or, if earlier, the end of such period specified by the Registration Rights Agreement).

Upon consummation of the Exchange Offer, subject to certain exceptions, holders of Old Certificates who do not exchange their Old Certificates for New Certificates in the Exchange Offer will no longer be entitled to registration rights and will not be able to offer or sell their Old Certificates, unless such Old Certificates are subsequently registered under the Securities Act (which, subject to certain limited exceptions, the Company will have no obligation to do), except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. See "Risk Factors -- Risk Factors Relating to the Certificates -- Consequences of Failure to Exchange".

#### Expiration Date; Extensions; Amendments; Termination

The term "Expiration Date" shall mean [ ] (30 calendar days following the commencement of the Exchange Offer), unless the Company, in its sole discretion, extends the Exchange Offer, in which case the term "Expiration Date" shall mean the latest date to which the Exchange Offer is extended. Notwithstanding any extension of the Exchange Offer, if the Exchange Offer is not consummated by October 17, 1997, the interest rate borne by the Equipment Notes and Deposits is subject to increase. See "-- General".

In order to extend the Expiration Date, the Company will notify the Exchange Agent of any extension by oral or written notice and will mail to the record holders of Old Certificates an announcement thereof, each prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date. Such announcement may state that the Company is extending the Exchange Offer for a specified period of time.

The Company reserves the right (i) to delay acceptance of any Old Certificates, to extend the Exchange Offer or to terminate the Exchange Offer and not permit acceptance of Old Certificates not previously accepted if any of the conditions set forth herein under "-- Conditions" shall have occurred and shall not have been waived by the Company, by giving oral or written notice of such delay, extension or termination to the

Exchange Agent, or (ii) to amend the terms of the Exchange Offer in any manner deemed by it to be advantageous to the holders of the Old Certificates. Any such delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice thereof to the Exchange Agent. If the Exchange Offer is amended in a manner determined by the Company to constitute a material change, the Company will promptly disclose such amendment in a manner reasonably calculated to inform the holders of the Old Certificates of such amendment.

Without limiting the manner in which the Company may choose to make public announcement of any delay, extension, amendment or termination of the Exchange Offer, the Company shall have no obligation to publish, advertise, or otherwise communicate any such public announcement, other than by making a timely release to an appropriate news agency.

#### INTEREST ON THE NEW CERTIFICATES

The New Certificates will accrue interest at the applicable per annum rate for such Trust set forth on the cover page of this Prospectus, from the Issuance Date. Interest on the New Certificates is payable on April 1 and October 1 of each year commencing upon the consummation of the Exchange Offer, subject to the terms of the Intercreditor Agreement.

#### PROCEDURES FOR TENDERING

To tender in the Exchange Offer, a holder must complete, sign and date the Letter of Transmittal, or a facsimile thereof, have the signatures thereon guaranteed if required by the Letter of Transmittal and mail or otherwise deliver such Letter of Transmittal or such facsimile, together with any other required documents, to the Exchange Agent prior to 5:00 p.m., New York City time, on the Expiration Date. In addition, either (i) certificates for such Old Certificates must be received by the Exchange Agent along with the Letter of Transmittal, (ii) a timely confirmation of a book-entry transfer (a "Book-Entry Confirmation") of such Old Certificates, if such procedure is available, into the Exchange Agent's account at The Depository Trust Company (the "Book-Entry Transfer Facility") pursuant to the procedure for book-entry transfer described below, must be received by the Exchange Agent prior to the Expiration Date or (iii) the holder must comply with the guaranteed delivery procedures described below. THE METHOD OF DELIVERY OF OLD CERTIFICATES, LETTERS OF TRANSMITTAL AND ALL OTHER REQUIRED DOCUMENTS IS AT THE ELECTION AND RISK OF THE HOLDERS. IF SUCH DELIVERY IS BY MAIL, IT IS RECOMMENDED THAT REGISTERED MAIL, PROPERLY INSURED, WITH RETURN RECEIPT REQUESTED, BE USED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ASSURE TIMELY DELIVERY. NO LETTERS OF TRANSMITTAL OR OLD CERTIFICATES SHOULD BE SENT TO THE COMPANY. Delivery of all documents must be made to the Exchange Agent at its address set forth below. Holders may also request their respective brokers, dealers, commercial banks, trust companies or nominees to effect such tender for such holders.

The tender by a holder of Old Certificates will constitute an agreement between such holder and the Company in accordance with the terms and subject to the conditions set forth herein and in the Letter of Transmittal.

Only a holder of Old Certificates may tender such Old Certificates in the Exchange Offer. The term "holder" with respect to the Exchange Offer means any person in whose name Old Certificates are registered on the books of the Company or any other person who has obtained a properly completed bond power from the registered holder.

Any beneficial owner whose Old Certificates are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact such registered holder promptly and instruct such registered holder to tender on his behalf. If such beneficial owner wishes to tender on his own behalf, such beneficial owner must, prior to completing and executing the Letter of Transmittal and delivering his Old Certificates, either make appropriate arrangements to register ownership of the Old Certificates in such owner's name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

Signatures on a Letter of Transmittal or a notice of withdrawal, as the case may be, must be guaranteed by any member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc., a commercial bank or trust company having an office or correspondent in the United States or an "eligible guarantor" institution within the meaning of Rule 17Ad-15 under the Exchange Act (each an "Eligible Institution") unless the Old Certificates tendered pursuant thereto are tendered (i) by a registered holder who has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the Letter of Transmittal or (ii) for the account of an Eligible Institution.

If the Letter of Transmittal is signed by a person other than the registered holder of any Old Certificates listed therein, such Old Certificates must be endorsed or accompanied by bond powers and a proxy which authorizes such person to tender the Old Certificates on behalf of the registered holder, in each case as the name of the registered holder or holders appears on the Old Certificates.

If the Letter of Transmittal or any Old Certificates or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and unless waived by the Company, evidence satisfactory to the Company of their authority to so act must be submitted with the Letter of Transmittal.

All questions as to the validity, form, eligibility (including time of receipt) and withdrawal of the tendered Old Certificates will be determined by the Company in its sole discretion, which determination will be final and binding. The Company reserves the absolute right to reject any and all Old Certificates not properly tendered or any Old Certificates the acceptance of which would, in the opinion of counsel for the Company, be unlawful. The Company also reserves the absolute right to waive any irregularities or conditions of tender as to particular Old Certificates. The Company's interpretation of the terms and conditions of the Exchange Offer (including the instructions in the Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Old Certificates must be cured within such time as the Company shall determine. Neither the Company, the Exchange Agent nor any other person shall be under any duty to give notification of defects or irregularities with respect to tenders of Old Certificates, nor shall any of them incur any liability for failure to give such notification. Tenders of Old Certificates will not be deemed to have been made until such irregularities have been cured or waived. Any Old Certificates received by the Exchange Agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned without cost to such holder by the Exchange Agent to the tendering holders of Old Certificates, unless otherwise provided in the Letter of Transmittal, as soon as practicable following the Expiration Date.

In addition, the Company reserves the right in its sole discretion, subject to the provisions of the Pass Through Trust Agreements, to (i) purchase or make offers for any Old Certificates that remain outstanding subsequent to the Expiration Date or, as set forth under "-- Conditions," to terminate the Exchange Offer in accordance with the terms of the Registration Rights Agreement and (ii) to the extent permitted by applicable law, purchase Old Certificates in the open market, in privately negotiated transactions or otherwise. The terms of any such purchases or offers could differ from the terms of the Exchange Offer.

#### ACCEPTANCE OF OLD CERTIFICATES FOR EXCHANGE; DELIVERY OF NEW CERTIFICATES

Upon satisfaction or waiver of all of the conditions to the Exchange Offer, all Old Certificates properly tendered will be accepted, promptly after the Expiration Date, and the New Certificates will be issued promptly after acceptance of the Old Certificates. See "-- Conditions" below. For purposes of the Exchange Offer, Old Certificates shall be deemed to have been accepted for exchange when, as and if the Company has given oral or written notice thereof to the Exchange Agent.

In all cases, issuance of New Certificates for Old Certificates that are accepted for exchange pursuant to the Exchange Offer will be made only after timely receipt by the Exchange Agent of certificates for such Old Certificates or a timely Book-Entry Confirmation of such Old Certificates into the Exchange Agent's account at the Book-Entry Transfer Facility, a properly completed and duly executed Letter of Transmittal and all other required documents. If any tendered Old Certificates are not accepted for any reason set forth in the

terms and conditions of the Exchange Offer or if Old Certificates are submitted for a greater principal amount than the holder desires to exchange, such unaccepted or nonexchanged Old Certificates will be returned without expense to the tendering holder thereof (or, in the case of Old Certificates tendered by book-entry transfer procedures described below, such nonexchanged Old Certificates will be credited to an account maintained with such Book-Entry Transfer Facility) as promptly as practicable after the expiration or termination of the Exchange Offer.

#### BOOK-ENTRY TRANSFER

The Exchange Agent will make a request to establish an account with respect to the Old Certificates at the Book-Entry Transfer Facility for purposes of the Exchange Offer within two business days after the date of this Prospectus. Any financial institution that is a participant in the Book-Entry Transfer Facility's systems may make book-entry delivery of Old Certificates by causing the Book-Entry Transfer Facility to transfer such Old Certificates into the Exchange Agent's account at the Book-Entry Transfer Facility in accordance with such Book-Entry Transfer Facility's procedures for transfer. However, although delivery of Old Certificates may be effected through book-entry transfer at the Book-Entry Transfer Facility, the Letter of Transmittal or facsimile thereof with any required signature guarantees and any other required documents must, in any case, be transmitted to and received by the Exchange Agent at one of the addresses set forth below under "-- Exchange Agent" on or prior to the Expiration Date or the guaranteed delivery procedures described below must be complied with.

#### GUARANTEED DELIVERY PROCEDURES

If a registered holder of the Old Certificates desires to tender such Old Certificates, and the Old Certificates are not immediately available, or time will not permit such holder's Old Certificates or other required documents to reach the Exchange Agent before the Expiration Date, or the procedures for book-entry transfer cannot be completed on a timely basis, a tender may be effected if (i) the tender is made through an Eligible Institution, (ii) prior to the Expiration Date, the Exchange Agent receives from such Eligible Institution a properly completed and duly executed Letter of Transmittal (or a facsimile thereof) and Notice of Guaranteed Delivery, substantially in the form provided by the Company (by facsimile transmission, mail or hand delivery), setting forth the name and address of the holder of Old Certificates and the amount of Old Certificates tendered, stating that the tender is being made thereby and guaranteeing that within three New York Stock Exchange ("NYSE") trading days after the date of execution of the Notice of Guaranteed Delivery, the certificates for all physically tendered Old Certificates, in proper form for transfer, or a Book-Entry Confirmation, as the case may be, and any other documents required by the Letter of Transmittal will be deposited by the Eligible Institution with the Exchange Agent and (iii) the certificates for all physically tendered Old Certificates, in proper form for transfer, or a Book-Entry Confirmation, as the case may be, and all other documents required by the Letter of Transmittal are received by the Exchange Agent within three NYSE trading days after the date of execution of the Notice of Guaranteed Delivery.

#### WITHDRAWAL OF TENDERS

Tenders of Old Certificates may be withdrawn at any time prior to 5:00 p.m., New York City time on the Expiration Date.

For a withdrawal to be effective, a written notice of withdrawal must be received by the Exchange Agent prior to 5:00 p.m., New York City time, on the Expiration Date at one of the addresses set forth below under "-- Exchange Agent". Any such notice of withdrawal must specify the name of the person having tendered the Old Certificates to be withdrawn, identify the Old Certificates to be withdrawn (including the principal amount of such Old Certificates) and (where certificates for Old Certificates have been transmitted) specify the name in which such Old Certificates are registered, if different from that of the withdrawing holder. If certificates for Old Certificates have been delivered or otherwise identified to the Exchange Agent, then, prior to the release of such certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an Eligible Institution unless such holder is an Eligible Institution. If Old Certificates have been tendered pursuant to the

procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the Book-Entry Transfer Facility to be credited with the withdrawn Old Certificates and otherwise comply with the procedures of such facility. All questions as to the validity, form and eligibility (including time of receipt) of such notices will be determined by the Company, whose determination shall be final and binding on all parties. Any Old Certificates so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer. Any Old Certificates which have been tendered for exchange but which are not exchanged for any reason will be returned to the holder thereof without cost to such holder (or, in the case of Old Certificates tendered by book-entry transfer into the Exchange Agent's account at the Book-Entry Transfer Facility pursuant to the book-entry transfer procedures described above, such Old Certificates will be credited to an account maintained with such Book-Entry Transfer Facility for the Old Certificates) as soon as practicable after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn Old Certificates may be retendered by following one of the procedures described under "-- Procedures for Tendering" and "-- Book-Entry Transfer" above at any time on or prior to the Expiration Date.

#### CONDITIONS

Notwithstanding any other term of the Exchange Offer, Old Certificates will not be required to be accepted for exchange, nor will New Certificates be issued in exchange for, any Old Certificates, and the Company may terminate or amend the Exchange Offer as provided herein before the acceptance of such Old Certificates, if because of any change in law, or applicable interpretations thereof by the Commission, the Company determines that it is not permitted to effect the Exchange Offer, and the Company has no obligation to, and will not knowingly, permit acceptance of tenders of Old Certificates from affiliates of the Company (within the meaning of Rule 405 under the Securities Act) or from any other holder or holders who are not eligible to participate in the Exchange Offer under applicable law or interpretations thereof by the Commission, or if the New Certificates to be received by such holder or holders of Old Certificates in the Exchange Offer, upon receipt, will not be tradable by such holder without restriction under the Securities Act and the Exchange Act and without material restrictions under the "blue sky" or securities laws of substantially all of the states of the United States.

#### FEES AND EXPENSES

The expenses of soliciting tenders pursuant to the Exchange Offer will be borne by the Company. The principal solicitation for tenders pursuant to the Exchange Offer is being made by mail; however, additional solicitations may be made by telegraph, telephone, teletype, electronic mail or in person by officers and regular employees of the Company.

The Company will not make any payments to brokers, dealers or other persons soliciting acceptances of the Exchange Offer. The Company, however, will pay the Exchange Agent reasonable and customary fees for its services and will reimburse the Exchange Agent for its reasonable out-of-pocket expenses in connection therewith. The Company may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of the Prospectus and related documents to the beneficial owners of the Old Certificates, and in handling or forwarding tenders for exchange.

The expenses to be incurred in connection with the Exchange Offer will be paid by the Company, including fees and expenses of the Exchange Agent and Trustee and accounting, legal, printing and related fees and expenses.

The Company will pay all transfer taxes, if any, applicable to the exchange of Old Certificates pursuant to the Exchange Offer. If, however, certificates representing New Certificates or Old Certificates for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be registered or issued in the name of, any person other than the registered holder of the Old Certificates tendered, or if tendered Old Certificates are registered in the name of any person other than the person signing the Letter of Transmittal, or if a transfer tax is imposed for any reason other than the exchange of Old Certificates pursuant to the Exchange Offer, then the amount of any such transfer taxes (whether imposed on the registered holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with the Letter of Transmittal, the amount of such transfer taxes will be billed directly to such tendering holder.

#### DESCRIPTION OF THE NEW CERTIFICATES

The New Certificates will be issued pursuant to four separate Pass Through Trust Agreements. The following summary describes certain terms of the Certificates, the Deposits and the Pass Through Trust Agreements. The summary does not purport to be complete, and reference is made to all of the provisions of the Pass Through Trust Agreements, the Deposit Agreements, the Escrow Agreements and the Intercreditor Agreement, which have been filed as exhibits to the Registration Statement and copies of which are available as set forth under the heading "Available Information". Except as otherwise indicated, the following summary relates to each of the Trusts and the Certificates issued by each Trust. The terms and conditions governing each of the Trusts are substantially the same, except as described under "-- Subordination" below and except that the principal amount and scheduled principal repayments of the Equipment Notes held by each Trust and the interest rate and maturity date of the Equipment Notes held by each of the Class A Trust, the Class B Trust and the Class C Trusts will differ. The references to Sections in parentheses in the following summary are to the relevant Sections of the Pass Through Trust Agreements unless otherwise indicated.

#### GENERAL

The New Certificates of each Trust will be issued in fully registered form only and will be subject to the provisions described below under "-- Book Entry; Delivery and Form". (Section 3.01) Each New Certificate will represent a fractional undivided interest in the Trust created by the Pass Through Trust Agreement pursuant to which such Certificate is issued. (Section 3.01) The Trust Property of each Trust consists of (i) the rights of such Trust to acquire Equipment Notes under the Note Purchase Agreement issued, at Continental's election in connection with the delivery of each Aircraft during the Delivery Period, either (a) on a nonrecourse basis by an Owner Trustee in each separate leveraged lease transaction with respect to each Leased Aircraft to finance the purchase of such Leased Aircraft by the Owner Trustee, in which case the applicable Leased Aircraft will be leased to Continental, or (b) on a recourse basis by Continental in connection with each separate secured loan transaction with respect to each Owned Aircraft, if any, to finance the purchase of such Owned Aircraft by Continental, (ii) Equipment Notes acquired under the Note Purchase Agreement (consisting, as of the date of this Prospectus, of \$74.4 million principal amount issued with respect to two Boeing 757-224 Aircraft in leveraged lease transactions), (iii) the rights of such Trust under the applicable Escrow Agreement (including the right to request the Escrow Agent to withdraw from

the Depositary funds sufficient to enable such Trust to purchase Equipment Notes on the delivery of each Aircraft during the Delivery Period), (iv) the rights of such Trust under the Intercreditor Agreement (including all monies receivable in respect of such rights), (v) all monies receivable under the Liquidity Facility for such Trust and (vi) funds from time to time deposited with the Trustee in accounts relating to such Trust. The New Certificates represent pro rata shares of the Equipment Notes and other property held in the related Trust and will be issued only in minimum denominations of \$1,000 and integral multiples thereof. (Section 3.01).

On the Transfer Date, each of the Original Trusts will transfer and assign all of its assets and rights to a substantially identical Successor Trust, and the New Trustee will assume the obligations of the related Original Trustee under each transaction document to which such Original Trustee was a party. Upon the effectiveness of such transfer, assignment and assumption, each of the Original Trusts will be liquidated and each of the Certificates will represent the same interest in the Successor Trust as it represented in the Original Trust immediately prior to such transfer, assignment and assumption. Unless the context otherwise requires, all references in this Prospectus to the Trusts, the Trustees, the Pass Through Trust Agreements and similar terms shall be applicable to the Original Trusts until the effectiveness of such transfer, assignment and assumption and thereafter shall be applicable with respect to the Successor Trusts. See "-- Liquidation of Original Trusts".

The Certificates represent interests in the respective Trusts, and all payments and distributions thereon will be made only from the Trust Property of the related Trust. (Section 3.11) The Certificates do not represent an interest in or obligation of Continental, the Trustees, any of the Loan Trustees or Owner Trustees in their individual capacities, any Owner Participant, or any affiliate of any thereof.

Pursuant to the Escrow Agreement applicable to each Trust, the Certificateholders of such Trust as holders of the Escrow Receipts affixed to each Certificate are entitled to certain rights with respect to the Deposits relating to such Trust. Accordingly, any transfer of a Certificate will have the effect of transferring the corresponding rights with respect to the Deposits, and rights with respect to the Deposits may not be separately transferred by Certificateholders. Rights with respect to the Deposits and the Escrow Agreement relating to a Trust, except for the right to request withdrawals for the purchase of Equipment Notes, do not constitute Trust Property of such Trust.

#### SUBORDINATION

Pursuant to the Intercreditor Agreement to which the Trustees, the Subordination Agent and the Liquidity Providers are parties, on each Distribution Date, so long as no Triggering Event shall have occurred (whether or not continuing), all payments received by the Subordination Agent in respect of Equipment Notes and certain other payments will be distributed under the Intercreditor Agreement in the following order: (1) payment of certain Liquidity Obligations to the Liquidity Providers; (2) payment of Expected Distributions to the holders of Class A Certificates; (3) payment of Expected Distributions to the holders of Class B Certificates; (4) payment of Expected Distributions to the holders of Class C Certificates; and (5) payment of certain fees and expenses of the Subordination Agent and the Trustees.

In addition, upon the occurrence of a Triggering Event and at all times thereafter, all payments received by the Subordination Agent in respect of the Equipment Notes and certain other payments will be distributed under the Intercreditor Agreement in the following order: (1) to reimburse the Subordination Agent, the Trustees and certain other parties for the payment of the Administration Expenses and to the Liquidity Providers in payment of the Liquidity Obligations; (2) to the holders of Class A Certificates in payment of Adjusted Expected Distributions; (3) to the holders of Class B Certificates in payment of Adjusted Expected Distributions; and (4) to the holders of Class C Certificates in payment of Adjusted Expected Distributions.

The priority of distributions after a Triggering Event will have the effect in certain circumstances of requiring the distribution to more senior Classes of Certificates of payments received in respect of one or more junior series of Equipment Notes. If this should occur, the interest accruing on the remaining Equipment Notes would in the aggregate be less than the interest accruing on the remaining Certificates because such Certificates include a relatively greater proportion of junior Classes with relatively higher interest rates. As a

result of such possible interest shortfalls, the holders of one or more junior Classes of Certificates may not receive the full amount due them after a Triggering Event even if all Equipment Notes are eventually paid in full.

Payments in respect of the Deposits relating to a Trust are not subject to the subordination provisions of the Intercreditor Agreement.

#### PAYMENTS AND DISTRIBUTIONS

Payments of interest on the Deposits with respect to each Trust and payments of principal, premium (if any) and interest on the Equipment Notes or with respect to other Trust Property held in each Trust will be distributed by the Paying Agent (in the case of the Deposits) or by the Trustee (in the case of Trust Property of such Trust) to Certificateholders of such Trust on the date receipt of such payment is confirmed, except in the case of certain types of Special Payments.

The Deposits held with respect to each Trust and the Equipment Notes held in each Trust will accrue interest at the applicable rate per annum for Certificates to be issued by such Trust set forth on the cover page of this Prospectus, payable on April 1 and October 1 of each year, commencing on October 1, 1997 (or, in the case of Equipment Notes issued after such date, commencing with the first such date to occur after initial issuance thereof). Such interest payments will be distributed to Certificateholders of such Trust on each such date until the final Distribution Date for such Trust, subject in the case of payments on the Equipment Notes to the Intercreditor Agreement. Interest is calculated on the basis of a 360-day year consisting of twelve 30-day months. The interest rates for the Deposits and the Equipment Notes are subject to change under certain circumstances. See "The Exchange Offer -- Terms of the Exchange Offer -- General". Payments of interest applicable to the Certificates issued by each of the Trusts are supported by two separate Liquidity Facilities provided by the Liquidity Providers for the benefit of the holders of such Certificates in an aggregate amount sufficient to pay interest thereon at the Stated Interest Rate for such Trust on up to three successive Regular Distribution Dates (without regard to any future payments of principal on such Certificates), except that the Liquidity Facilities with respect to such Trust do not cover interest payable by the Depositary on the Deposits relating to such Trust. The Liquidity Facilities for any Class of Certificates do not provide for drawings thereunder to pay for principal of or premium on the Certificates of such Class, any interest on the Certificates of such Class in excess of the Stated Interest Rates, or, notwithstanding the subordination provisions of the Intercreditor Agreement, principal of or interest or premium on the Certificates of any other Class. Therefore, only the holders of the Certificates to be issued by a particular Trust will be entitled to receive and retain the proceeds of drawings under the Liquidity Facilities for such Trust. See "Description of the Liquidity Facilities".

Payments of principal of the Equipment Notes held in each Trust are scheduled to be received by the Trustee on April 1 and October 1 in certain years depending upon the terms of the Equipment Notes held in such Trust, commencing April 1, 1998. Scheduled payments of interest on the Deposits and of interest or principal on the Equipment Notes are herein referred to as "Scheduled Payments", and April 1 and October 1 of each year are herein referred to as "Regular Distribution Dates". See "Description of the Equipment Notes -- Principal and Interest Payments". The "Final Maturity Date" for the Class A Certificates is October 1, 2016, for the Class B Certificates is October 1, 2014 and for the Class C Certificates is October 1, 2008.

The Paying Agent with respect to each Escrow Agreement will distribute on each Regular Distribution Date to the Certificateholders of the Trust to which such Escrow Agreement relates all Scheduled Payments received in respect of the related Deposits, the receipt of which is confirmed by the Paying Agent on such Regular Distribution Date. The Trustee of each Trust will distribute, subject to the Intercreditor Agreement, on each Regular Distribution Date to the Certificateholders of such Trust all Scheduled Payments received in respect of Equipment Notes held on behalf of such Trust, the receipt of which is confirmed by the Trustee on such Regular Distribution Date. Each Certificateholder of each Trust will be entitled to receive a pro rata share of any distribution in respect of Scheduled Payments of interest on the Deposits relating to such Trust and, subject to the Intercreditor Agreement, of principal or interest on Equipment Notes held on behalf of

such Trust. Each such distribution of Scheduled Payments will be made by the applicable Paying Agent or Trustee to the Certificateholders of record of the relevant Trust on the Record Date applicable to such Scheduled Payment subject to certain exceptions. (Sections 4.01 and 4.02, and Section 2.03 of the Escrow Agreement) If a Scheduled Payment is not received by the applicable Paying Agent or Trustee on a Regular Distribution Date but is received within five days thereafter, it will be distributed to such holders of record on the date received. If it is received after such five-day period, it will be treated as a Special Payment and distributed as described below.

Any payment in respect of, or any proceeds of, any Equipment Note or the Trust Indenture Estate under (and as defined in) each Indenture other than a Scheduled Payment (each, a "Special Payment") will be scheduled to be distributed on, in the case of an early redemption or a purchase of the Equipment Notes relating to one or more Aircraft, the date of such early redemption or purchase (which shall be a Business Day), and otherwise on the Business Day specified for distribution of such Special Payment pursuant to a notice delivered by each Trustee as soon as practicable after the Trustee has received funds for such Special Payment (each a "Special Distribution Date"), subject to the Intercreditor Agreement. Any unused Deposits to be distributed after the Delivery Period Termination Date or the occurrence of a Triggering Event, together with accrued and unpaid interest thereon and the premium payable by Continental (each, also a "Special Payment"), will be scheduled to be distributed on a date 35 days after the Paying Agent has received notice of the event requiring such distribution (also a "Special Distribution Date") unless such date is within 10 days before or after a Regular Distribution Date, in which case such Special Payment shall be made on such Regular Distribution Date. Each Paying Agent, in the case of the Deposits, and each Trustee, in the case of Trust Property or the premium payable by Continental in connection with certain distributions of unused Deposits, will mail a notice to the Certificateholders of the applicable Trust stating the scheduled Special Distribution Date, the related Record Date, the amount of the Special Payment and the reason for the Special Payment. In the case of a redemption or purchase of the Equipment Notes held in the related Trust or any distribution of unused Deposits after the Delivery Period Termination Date or the occurrence of a Triggering Event, such notice will be mailed not less than 20 days prior to the date such Special Payment is scheduled to be distributed, and in the case of any other Special Payment, such notice will be mailed as soon as practicable after the Trustee has confirmed that it has received funds for such Special Payment. (Section 4.02(c) and Section 2.03 of the Escrow Agreement) Each distribution of a Special Payment, other than a final distribution, on a Special Distribution Date for any Trust will be made by the Paying Agent or the Trustee, as applicable, to the Certificateholders of record of such Trust on the Record Date applicable to such Special Payment. (Section 4.02(b) and Section 2.03 of the Escrow Agreement) See "-- Indenture Defaults and Certain Rights Upon an Indenture Default" and "Description of the Equipment Notes -- Redemption".

Each Pass Through Trust Agreement requires that the Trustee establish and maintain, for the related Trust and for the benefit of the Certificateholders of such Trust, one or more accounts (the "Certificate Account") for the deposit of payments representing Scheduled Payments received by such Trustee. Each Pass Through Trust Agreement also requires that the Trustee establish and maintain, for the related Trust and for the benefit of the Certificateholders of such Trust, one or more accounts (the "Special Payments Account") for the deposit of payments representing Special Payments received by such Trustee, which shall be non-interest bearing except in certain circumstances where the Trustee may invest amounts in such account in certain permitted investments. Pursuant to the terms of each Pass Through Trust Agreement, the Trustee is required to deposit any Scheduled Payments relating to the applicable Trust received by it in the Certificate Account of such Trust and to deposit any Special Payments so received by it in the Special Payments Account of such Trust. (Section 4.01) All amounts so deposited will be distributed by the Trustee on a Regular Distribution Date or a Special Distribution Date, as appropriate. (Section 4.02)

Each Escrow Agreement requires that the Paying Agent establish and maintain, for the benefit of the Receiptholders, one or more accounts (the "Paying Agent Account"), which shall be non-interest bearing. Pursuant to the terms of the Escrow Agreement, the Paying Agent is required to deposit interest on Deposits relating to such Trust and any unused Deposits withdrawn by the Escrow Agent in the Paying Agent Account. All amounts so deposited will be distributed by the Paying Agent on a Regular Distribution Date or Special Distribution Date, as appropriate.

The final distribution for each Trust will be made only upon presentation and surrender of the Certificates for such Trust at the office or agency of the Trustee specified in the notice given by the Trustee of such final distribution. The Trustee will mail such notice of the final distribution to the Certificateholders of such Trust, specifying the date set for such final distribution and the amount of such distribution. (Section 11.01) See "-- Termination of the Trusts" below. Distributions in respect of Certificates issued in global form will be made as described in "-- Book Entry; Delivery and Form" below.

If any Regular Distribution Date or Special Distribution Date is a Saturday, Sunday or other day on which commercial banks are authorized or required to close in New York, New York, Houston, Texas, Wilmington, Delaware, or Salt Lake City, Utah (any other day being a "Business Day"), distributions scheduled to be made on such Regular Distribution Date or Special Distribution Date will be made on the next succeeding Business Day without additional interest.

#### POOL FACTORS

The "Pool Balance" for each Trust or for the Certificates issued by any Trust indicates, as of any date, the original aggregate face amount of the Certificates of such Trust less the aggregate amount of all payments made in respect of the Certificates of such Trust or in respect of Deposits relating to such Trust other than payments made in respect of interest or premium thereon or reimbursement of any costs and expenses in connection therewith. The Pool Balance for each Trust or for the Certificates issued by any Trust as of any Regular Distribution Date or Special Distribution Date shall be computed after giving effect to any special distribution with respect to unused Deposits, payment of principal of the Equipment Notes or payment with respect to other Trust Property held in such Trust and the distribution thereof to be made on that date. (Section 1.01)

The "Pool Factor" for each Trust as of any Regular Distribution Date or Special Distribution Date is the quotient (rounded to the seventh decimal place) computed by dividing (i) the Pool Balance by (ii) the original aggregate face amount of the Certificates of such Trust. The Pool Factor for each Trust or for the Certificates issued by any Trust as of any Regular Distribution Date or Special Distribution Date shall be computed after giving effect to any special distribution with respect to unused Deposits, payment of principal of the Equipment Notes or payment with respect to other Trust Property held in such Trust and the distribution thereof to be made on that date. (Section 1.01) The Pool Factor for each Trust was 1.0000000 on the Issuance Date, and will decline as described herein to reflect reductions in the Pool Balance of such Trust. The amount of a Certificateholder's pro rata share of the Pool Balance of a Trust can be determined by multiplying the par value of the holder's Certificate of such Trust by the Pool Factor for such Trust as of the applicable Regular Distribution Date or Special Distribution Date. Notice of the Pool Factor and the Pool Balance for each Trust will be mailed to Certificateholders of such Trust on each Regular Distribution Date and Special Distribution Date. (Section 4.03)

The Mandatory Economic Terms require that, assuming each Aircraft is delivered in the month scheduled for its delivery (see "Description of the Aircraft and the Appraisals -- The Appraisals" for the delivery schedule) and that Equipment Notes in the maximum principal amount in respect of all of the Aircraft are purchased by the Trusts, the scheduled aggregate payments of principal of the Equipment Notes held in each Trust as of each Regular Distribution Date be as set forth in the applicable column below (the "Assumed Amortization Schedule"). In addition, assuming that no early redemption or purchase, or default in the payment of principal, in respect of any Equipment Notes shall occur, the Pool Factors for each Trust after taking into account each such Scheduled Payment will be as set forth below:

DATE	1997-1A TRUST		1997-1B TRUST		1997-1C-I TRUST

The final schedule of principal payments and the resulting schedule of Pool Balances and Pool Factors may change from that set forth above if, among other things, the aggregate principal amount of the Equipment Notes acquired by the Trusts is less than the maximum permitted by the Mandatory Economic Terms, Equipment Notes with respect to any Aircraft are purchased by the Trusts in other than the month currently scheduled for delivery of such Aircraft or Equipment Notes as to which the projected LTVs are lower than other Equipment Notes are not acquired by the Trusts. In addition, the Pool Factor and Pool Balance of each Trust will be recomputed if there has been an early redemption, purchase, or a default in the payment of principal or interest in respect of one or more issues of the Equipment Notes held in a Trust, as described in "-- Indenture Defaults and Certain Rights Upon an Indenture Default" and "Description of the Equipment Notes -- Redemption", or a special distribution attributable to unused Deposits after the Delivery Period Termination Date or the occurrence of a Triggering Event, as described in "Description of the Deposit

Agreements". In the event of (i) any such change in the scheduled repayments or (ii) any such redemption, purchase, default or special distribution, the Pool Factors and the Pool Balances of each Trust so affected will be recomputed after giving effect thereto and notice thereof will be mailed to the Certificateholders of such Trust promptly after the Delivery Period Termination Date in the case of clause (i) and promptly after the occurrence of any event described in clause (ii).

#### REPORTS TO CERTIFICATEHOLDERS

On each Distribution Date, the applicable Paying Agent and Trustee will include with each distribution by it of a Scheduled Payment or Special Payment to Certificateholders of the related Trust a statement, giving effect to such distribution to be made on such Distribution Date, setting forth the following information (per \$1,000 aggregate principal amount of Certificate for such Trust, as to (ii), (iii), (iv) and (v) below):

(i) the aggregate amount of such funds distributed on such Distribution Date under the Pass Through Trust Agreement and the Escrow Agreement, indicating the amount allocable to each source;

(ii) the amount of such distribution under the Pass Through Trust Agreement allocable to principal and the amount allocable to premium (including any premium paid by Continental with respect to unused Deposits), if any;

(iii) the amount of such distribution under the Pass Through Trust Agreement allocable to interest;

(iv) the amount of such distribution under the Escrow Agreement allocable to interest;

(v) the amount of such distribution under the Escrow Agreement allocable to unused Deposits (if any); and

(vi) the Pool Balance and the Pool Factor for such Trust. (Section 4.03)

With respect to the Certificates registered in the name of Cede, as nominee for DTC, on the Record Date prior to each Distribution Date, the applicable Trustee will request from DTC a securities position listing setting forth the names of all DTC Participants reflected on DTC's books as holding interests in the Certificates on such record date. On each Distribution Date, the applicable Paying Agent and Trustee will mail to each such DTC Participant the statement described above and will make available additional copies as requested by such DTC Participant for forwarding to holders of Certificates. (Section 4.03(a))

In addition, after the end of each calendar year, the applicable Trustee and Paying Agent will furnish to each Certificateholder of each Trust at any time during the preceding calendar year a report containing the sum of the amounts determined pursuant to clauses (i), (ii), (iii), (iv) and (v) above with respect to the Trust for such calendar year or, in the event such person was a Certificateholder during only a portion of such calendar year, for the applicable portion of such calendar year, and such other items as are readily available to such Trustee and which a Certificateholder shall reasonably request as necessary for the purpose of such Certificateholder's preparation of its U.S. federal income tax returns. (Section 4.03(b)) With respect to Certificates registered in the name of Cede, as nominee for DTC, such report and such other items shall be prepared on the basis of information supplied to the applicable Trustee by the DTC Participants and shall be delivered by such Trustee to such DTC Participants to be available for forwarding by such DTC Participants to Certificate Owners in the manner described above. (Section 4.03(b))

With respect to the Certificates issued in definitive form, the applicable Paying Agent and Trustee will prepare and deliver the information described above to each Certificateholder of record of each Trust as the name of such Certificateholder appears on the records of the registrar of the Certificates.

#### INDENTURE DEFAULTS AND CERTAIN RIGHTS UPON AN INDENTURE DEFAULT

An event of default under an Indenture (an "Indenture Default") will, with respect to the Leased Aircraft Indentures, include an event of default under the related Lease (a "Lease Event of Default"). See "Description of Equipment Notes-Indenture Default; Notice and Waiver". Since the Equipment Notes issued under an Indenture may be held in more than one Trust, a continuing Indenture Default under such Indenture

would affect the Equipment Notes held by each such Trust. There are no cross-default provisions in the Indentures or in the Leases (unless, in the case of a Lease, otherwise agreed between an Owner Participant and Continental). Consequently, events resulting in an Indenture Default under any particular Indenture may or may not result in an Indenture Default under any other Indenture, and a Lease Event of Default under any particular Lease may or may not constitute a Lease Event of Default under any other Lease. If an Indenture Default occurs in fewer than all of the Indentures, notwithstanding the treatment of Equipment Notes issued under any Indenture under which an Indenture Default has occurred, payments of principal and interest on the Equipment Notes issued pursuant to Indentures with respect to which an Indenture Default has not occurred will continue to be distributed to the holders of the Certificates as originally scheduled, subject to the Intercreditor Agreement. See "Description of the Intercreditor Agreement -- Priority of Distributions".

With respect to each Leased Aircraft, the applicable Owner Trustee and Owner Participant will, under the related Leased Aircraft Indenture, have the right under certain circumstances to cure Indenture Defaults that result from the occurrence of a Lease Event of Default under the related Lease. If the Owner Trustee or the Owner Participant exercises any such cure right, the Indenture Default will be deemed to have been cured.

In the event that the same institution acts as Trustee of multiple Trusts, in the absence of instructions from the Certificateholders of any such Trust, such Trustee could be faced with a potential conflict of interest upon an Indenture Default. In such event, each Trustee has indicated that it would resign as Trustee of one or all such Trusts, and a successor trustee would be appointed in accordance with the terms of the applicable Pass Through Trust Agreement. Wilmington Trust Company is the initial Trustee under each Trust.

Upon the occurrence and continuation of any Indenture Default under any Indenture, the Controlling Party will direct the Indenture Trustee under such Indenture in the exercise of remedies thereunder and may accelerate and sell all (but not less than all) of the Equipment Notes issued under such Indenture to any person, subject to certain limitations. See "Description of Intercreditor Agreement-Sale of Equipment Notes and Aircraft". The proceeds of such sale will be distributed pursuant to the provisions of the Intercreditor Agreement. Any such proceeds so distributed to any Trustee upon any such sale shall be deposited in the applicable Special Payments Account and shall be distributed to the Certificateholders of such Trust on a Special Distribution Date. (Sections 4.01 and 4.02) The market for Equipment Notes at the time of the existence of any Indenture Default may be very limited and there can be no assurance as to the price at which they could be sold. If any such Equipment Notes are sold for less than their outstanding principal amount, certain Certificateholders will receive a smaller amount of principal distributions than anticipated and will not have any claim for the shortfall against Continental, any Liquidity Provider, any Owner Trustee, any Owner Participant or any Trustee.

Any amount, other than Scheduled Payments received on a Regular Distribution Date, distributed to the Trustee of any Trust by the Subordination Agent on account of any Equipment Note or Trust Indenture Estate (as defined in each Indenture) held in such Trust following an Indenture Default under any Indenture will be deposited in the Special Payments Account for such Trust and will be distributed to the Certificateholders of such Trust on a Special Distribution Date. (Sections 4.01 and 4.02) In addition, if, following an Indenture Default under any Leased Aircraft Indenture relating to a Leased Aircraft, the applicable Owner Participant or Owner Trustee exercises its option to redeem or purchase the outstanding Equipment Notes issued under such Leased Aircraft Indenture, the price paid by such Owner Participant or Owner Trustee for the Equipment Notes issued under such Leased Aircraft Indenture and distributed to such Trust by the Subordination Agent will be deposited in the Special Payments Account for such Trust and will be distributed to the Certificateholders of such Trust on a Special Distribution Date. (Sections 4.01 and 4.02)

Any funds representing payments received with respect to any defaulted Equipment Notes, or the proceeds from the sale of any Equipment Notes, held by the Trustee in the Special Payments Account for such Trust will, to the extent practicable, be invested and reinvested by such Trustee in certain permitted investments pending the distribution of such funds on a Special Distribution Date. (Section 4.04) Such permitted investments are defined as obligations of the United States or agencies or instrumentalities thereof for the payment of which the full faith and credit of the United States is pledged and which mature in not

more than 60 days or such lesser time as is required for the distribution of any such funds on a Special Distribution Date. (Section 1.01)

Each Pass Through Trust Agreement provides that the Trustee of the related Trust will, within 90 days after the occurrence of any default, give to the Certificateholders of such Trust notice, transmitted by mail, of all uncured or unwaived defaults with respect to such Trust known to it, provided that, except in the case of default in a payment of principal, premium, if any, or interest on any of the Equipment Notes held in such Trust, the applicable Trustee will be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of such Certificateholders. (Section 7.02) The term "default" as used in this paragraph only with respect to any Trust means the occurrence of an Indenture Default under any Indenture pursuant to which Equipment Notes held by such Trust were issued, as described above, except that in determining whether any such Indenture Default has occurred, any grace period or notice in connection therewith will be disregarded.

Each Pass Through Trust Agreement contains a provision entitling the Trustee of the related Trust, subject to the duty of such Trustee during a default to act with the required standard of care, to be offered reasonable security or indemnity by the holders of the Certificates of such Trust before proceeding to exercise any right or power under such Pass Through Trust Agreement at the request of such Certificateholders. (Section 7.03(e))

Subject to certain qualifications set forth in the Pass Through Trust Agreements and to the Intercreditor Agreement, the Certificateholders of each Trust holding Certificates evidencing fractional undivided interests aggregating not less than a majority in interest in such Trust shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee with respect to such Trust or pursuant to the terms of the Intercreditor Agreement, or exercising any trust or power conferred on such Trustee under such Pass Through Trust Agreement or the Intercreditor Agreement, including any right of such Trustee as Controlling Party under the Intercreditor Agreement or as holder of the Equipment Note. (Section 6.04)

In certain cases, the holders of the Certificates of a Trust evidencing fractional undivided interests aggregating not less than a majority in interest of such Trust may on behalf of the holders of all the Certificates of such Trust waive any past Indenture Default under any Indenture pursuant to which Equipment Notes held by such Trust were issued or, if the Trustee of such Trust is the Controlling Party, may direct the Trustee to instruct the applicable Loan Trustee to waive any past Indenture Default and thereby annul any direction given by such holders or Trustee to such Loan Trustee with respect thereto, except (i) a default in the deposit of any Scheduled Payment or Special Payment or in the distribution thereof, (ii) a default in payment of the principal, premium, if any, or interest with respect to any of the Equipment Notes and (iii) a default in respect of any covenant or provision of the related Pass Through Trust Agreement that cannot be modified or amended without the consent of each Certificateholder of such Trust affected thereby. (Section 6.05) Each Indenture provides that, with certain exceptions, the holders of the majority in aggregate unpaid principal amount of the Equipment Notes issued thereunder may on behalf of all such holders waive any past default or Indenture Default thereunder. Notwithstanding such provisions of the Indentures, pursuant to the Intercreditor Agreement only the Controlling Party will be entitled to waive any such past default or Indenture Default.

#### PURCHASE RIGHTS OF CERTIFICATEHOLDERS

Upon the occurrence and during the continuation of a Triggering Event, with ten days' written notice to the Trustee and each Certificateholder of the same Class (i) the Class B Certificateholders will have the right to purchase all, but not less than all, of the Class A Certificates and (ii) the Class C Certificateholders will have the right to purchase all, but not less than all, of the Class A Certificates and the Class B Certificates, in each case at a purchase price equal to the Pool Balance of the relevant Class or Classes of Certificates plus accrued and unpaid interest thereon to the date of purchase without premium but including any other amounts due to the Certificateholders of such Class or Classes. In each case, if prior to the end of the ten-day period, any other Certificateholder of the same Class notifies the purchasing Certificateholder that the other

Certificateholder wants to participate in such purchase, then such other Certificateholder may join with the purchasing Certificateholder to purchase the Certificates pro rata based on the interest in the Trust held by each Certificateholder. (Section 6.01(b))

#### PTC EVENT OF DEFAULT

A PTC Event of Default is defined under each Pass Through Trust Agreement as the failure to pay within 10 Business Days of the due date thereof: (i) the outstanding Pool Balance of the applicable Class of Certificates on the Final Maturity Date for such Class or (ii) interest due on such Class of Certificates on any Distribution Date (unless, in the case of the Class A, B, C-I or C-II Certificates, the Subordination Agent shall have made Interest Drawings, or drawings on the Cash Collateral Account for such Class of Certificates, with respect thereto in an aggregate amount sufficient to pay such interest and shall have distributed such amount to the Trustee entitled thereto). Any failure to make expected principal distributions on any Class of Certificates on any Regular Distribution Date (other than the Final Maturity Date) will not constitute a PTC Event of Default with respect to such Certificates. A PTC Event of Default with respect to the most senior outstanding Class of Certificates resulting from an Indenture Default under all Indentures will constitute a Triggering Event.

#### MERGER, CONSOLIDATION AND TRANSFER OF ASSETS

Continental is prohibited from consolidating with or merging into any other corporation or transferring substantially all of its assets as an entirety to any other corporation unless (i) the surviving successor or transferee corporation shall (a) be a "citizen of the United States" as defined in Title 49 of the United States Code, as amended, relating to aviation (the "Transportation Code"), (b) be a United States certificated air carrier and (c) expressly assume all of the obligations of Continental contained in the Pass Through Trust Agreements, the Note Purchase Agreement, the Indentures, the Participation Agreements and the Leases; and (ii) Continental shall have delivered a certificate and an opinion or opinions of counsel indicating that such transaction complies with such conditions. (Section 5.02) Additionally, after giving effect to such transaction, no Lease Event of Default, in the case of a Leased Aircraft, or Indenture Event of Default, in the case of an Owned Aircraft, shall have occurred and be continuing. (Leases, Section 13.02; Owned Aircraft Indenture, Section 4.09)

The Pass Through Trust Agreements, the Note Purchase Agreement, the Indentures, the Participation Agreements and the Leases do not contain any covenants or provisions which may afford the applicable Trustee or Certificateholders protection in the event of a highly leveraged transaction, including transactions effected by management or affiliates, which may or may not result in a change in control of Continental.

#### MODIFICATIONS OF THE PASS THROUGH TRUST AGREEMENTS AND CERTAIN OTHER AGREEMENTS

Each Pass Through Trust Agreement contains provisions permitting, at the request of the Company, the execution of amendments or supplements to such Pass Through Trust Agreement or, if applicable, to the Deposit Agreements, the Escrow Agreements, the Intercreditor Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility, without the consent of the holders of any of the Certificates of such Trust, (i) to evidence the succession of another corporation to Continental and the assumption by such corporation of Continental's obligations under such Pass Through Trust Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility, (ii) to add to the covenants of Continental for the benefit of holders of such Certificates or to surrender any right or power conferred upon Continental in such Pass Through Trust Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility, (iii) to correct or supplement any provision of such Pass Through Trust Agreement, the Deposit Agreements, the Escrow Agreements, the Intercreditor Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility which may be defective or inconsistent with any other provision in such Pass Through Trust Agreement, the Deposit Agreements, the Escrow Agreements, the Intercreditor Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility, as applicable, or to cure any ambiguity, correct any mistake or to modify any other provisions with respect to matters or questions arising under such Pass

Through Trust Agreement, the Deposit Agreements, the Escrow Agreements, the Intercreditor Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility, provided such action shall not materially adversely affect the interests of the holders of such Certificates, (iv) to comply with any requirement of the Commission, any applicable law, rules or regulations of any exchange or quotation system on which the Certificates are listed, any regulatory body or the Registration Rights Agreement to effectuate the Exchange Offer, (v) to add to such Pass Through Trust Agreement such other provisions as may be expressly permitted by the Trust Indenture Act and (vi) to provide for a successor Trustee or to add to or change any provision of such Pass Through Trust Agreement as shall be necessary to facilitate the administration of the Trust thereunder by more than one Trustee, provided that in each case, such modification or supplement does not adversely affect the status of the Trust as a grantor trust under Subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Code for U.S. federal income tax purposes. (Section 9.01)

Each Pass Through Trust Agreement also contains provisions permitting the execution, with the consent of the holders of the Certificates of the related Trust evidencing fractional undivided interests aggregating not less than a majority in interest of such Trust, and with the consent of the applicable Owner Trustee (such consent not to be unreasonably withheld), of amendments or supplements for the purposes of adding any provisions to or changing or eliminating any of the provisions of such Pass Through Trust Agreement, the Deposit Agreements, the Escrow Agreements, the Intercreditor Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility or of modifying the rights and obligations of the Certificateholders, except that no such amendment or supplement may, without the consent of the holder of each Certificate so affected thereby, (a) reduce in any manner the amount of, or delay the timing of, any receipt by the Trustee (or, with respect to the Deposits, the Certificateholders) of payments with respect to the Deposits, the Equipment Notes or other Trust Property held in such Trust or distributions in respect of any Certificate related to such Trust, or change the date or place of any payment in respect of any Certificate, or make distributions payable in coin or currency other than that provided for in such Certificates, or impair the right of any Certificateholder of such Trust to institute suit for the enforcement of any such payment when due, (b) permit the disposition of any Equipment Note held in such Trust, except as provided in such Pass Through Trust Agreement, or otherwise deprive any Certificateholder of the benefit of the ownership of the applicable Equipment Notes, (c) alter the priority of distributions specified in the Intercreditor Agreement in a manner adverse to the Certificateholders, (d) reduce the percentage of the aggregate fractional undivided interests of the Trust provided for in such Pass Through Trust Agreement, the consent of the holders of which is required for any such supplemental trust agreement or for any waiver provided for in such Pass Through Trust Agreement, (e) modify any of the provisions relating to the rights of the Certificateholders in respect of the waiver of events of default or receipt of payment or (f) adversely affect the status of the Trust as a grantor trust under Subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Code for U.S. federal income tax purposes. (Section 9.02)

In the event that a Trustee, as holder (or beneficial owner through the Subordination Agent) of any Equipment Note in trust for the benefit of the Certificateholders of the relevant Trust or as Controlling Party under the Intercreditor Agreement, receives (directly or indirectly through the Subordination Agent) a request for a consent to any amendment, modification, waiver or supplement under any Indenture, any Participation Agreement, any Lease, any Equipment Note or any other related document, the Trustee shall forthwith send a notice of such proposed amendment, modification, waiver or supplement to each Certificateholder of the relevant Trust as of the date of such notice. The Trustee shall request from the Certificateholders a direction as to (a) whether or not to take or refrain from taking (or direct the Subordination Agent to take or refrain from taking) any action which a holder of such Equipment Note or the Controlling Party has the option to take, (b) whether or not to give or execute (or direct the Subordination Agent to give or execute) any waivers, consents, amendments, modifications or supplements as a holder of such Equipment Note or as Controlling Party and (c) how to vote (or direct the Subordination Agent to vote) any Equipment Note if a vote has been called for with respect thereto. Provided such a request for Certificateholder direction shall have been made, in directing any action or casting any vote or giving any consent as the holder of any Equipment Note (or in directing the Subordination Agent in any of the foregoing), (i) other than as Controlling Party, the Trustee shall vote for or give consent to any such action with respect to such Equipment Note in the same

proportion as that of (x) the aggregate face amounts of all Certificates actually voted in favor of or for giving consent to such action by such direction of certificateholders to (y) the aggregate face amount of all outstanding Certificates of the relevant Trust and (ii) as the Controlling Party, the Trustee shall vote as directed in such Certificateholder direction by the Certificateholders evidencing fractional undivided interests aggregating not less than a majority in interest in the relevant Trust (or, in the event that the Trustees of the Class C Trusts jointly are the Controlling Party, as such Trustees, considered in the aggregate, are directed in their respective Certificateholder directions by the Certificateholders of such Trusts evidencing fractional undivided interests aggregating not less than a majority in interest in the Class C Trusts, taken together). For purposes of the immediately preceding sentence, a Certificate shall have been "actually voted" if the Holder of such Certificate has delivered to the Trustee an instrument evidencing such Holder's consent to such direction prior to two Business Days before the Trustee directs such action or casts such vote or gives such consent. Notwithstanding the foregoing, but subject to certain rights of the Certificateholders under the relevant Pass Through Trust Agreement and subject to the Intercreditor Agreement, the Trustee may, in its own discretion and at its own direction, consent and notify the relevant Loan Trustee of such consent (or direct the Subordination Agent to consent and notify the relevant Loan Trustee of such consent) to any amendment, modification, waiver or supplement under the relevant Indenture, Participation Agreement or Lease, any relevant Equipment Note or any other related document, if an Indenture Default under any Indenture shall have occurred and be continuing, or if such amendment, modification, waiver or supplement will not materially adversely affect the interests of the Certificateholders. (Section 10.01)

#### OBLIGATION TO PURCHASE EQUIPMENT NOTES

The Trustees are obligated to purchase the Equipment Notes issued with respect to the Aircraft during the Delivery Period, subject to the terms and conditions of the Note Purchase Agreement. Under the Note Purchase Agreement, Continental has agreed to finance each Aircraft in the manner provided therein and in connection therewith will have the option of entering into a leverage lease financing or a secured debt financing with respect to each Aircraft. The Note Purchase Agreement provides for the relevant parties to enter into (i) with respect to each Leased Aircraft, a Participation Agreement, a Lease and a Leased Aircraft Indenture relating to the financing of such Leased Aircraft and (ii) with respect to each Owned Aircraft, a Participation Agreement and an Owned Aircraft Indenture relating to the financing of such Owned Aircraft. The description of such agreements in this Prospectus is based on the forms of such agreements contemplated by the Note Purchase Agreement. In the case of a Leased Aircraft, the terms of the agreements actually entered into may differ from the forms of such agreements and, consequently, may differ from the description of such agreements contained in this Prospectus. See "Risk Factors -- Risk Factors Relating to the Certificates and the Offering -- Owner Participant; Revisions to Agreements". However, under the Note Purchase Agreement, the terms of such agreements are required to (i) contain the Mandatory Document Terms and (ii) not vary the Mandatory Economic Terms. In addition, Continental is obligated (i) to certify to the Trustees that any such modifications do not materially and adversely affect the Certificateholders and (ii) to obtain written confirmation from each Rating Agency that the use of versions of such agreements modified in any material respect will not result in a withdrawal, suspension or downgrading of the rating of any Class of Certificates. Further, under the Note Purchase Agreement, it is a condition precedent to the obligation of each Trustee to purchase the Equipment Notes related to the financing of an Aircraft that no Triggering Event shall have occurred. The Trustees will have no right or obligation to purchase Equipment Notes after the Delivery Period Termination Date.

The "Mandatory Economic Terms", as defined in the Note Purchase Agreement, require, among other things, that (i) the maximum principal amount of all the Equipment Notes issued with respect to an Aircraft not exceed \$37,600,000 for each Boeing 757-224 Aircraft, \$18,400,000 for each Boeing 737-524 Aircraft and \$24,400,000 for each Boeing 737-724 Aircraft, (ii) the initial loan to aircraft value with respect to an Aircraft (with the value of any Aircraft for these purposes to equal the value for such Aircraft set forth in "Prospectus Summary -- Terms of Certificates -- Equipment Notes and the Aircraft" under the column "Appraised Value"), not exceed 41% in the case of Series A Equipment Notes, 55% in the case of Series B Equipment Notes and 69.99% for Boeing 757-224 Aircraft, 66.19% for Boeing 737-524 Aircraft and 66.25% for Boeing 737-724 Aircraft in the case of Series C Equipment Notes, (iii) the initial average life of the Series A

Equipment Notes not be less than 11.75 nor more than 12.60 years in the case of the 757-224 Aircraft, less than 11.00 nor more than 12.55 years in the case of the 737-524 Aircraft and less than 12.25 nor more than 12.55 years in the case of the 737-724 Aircraft, of the Series B Equipment Notes not be less than 9.00 nor more than 9.75 years in the case of the 757-224 Aircraft, less than 6.90 nor more than 10.52 years in the case of the 737-524 Aircraft and less than 9.75 nor more than 10.05 years in the case of the 737-724 Aircraft and of the Series C Equipment Notes not be less than 4.50 nor more than 5.55 years in the case of the 757-224 Aircraft, less than 3.50 nor more than 7.60 years in the case of the 737-524 Aircraft and less than 5.25 nor more than 5.55 years in the case of the 737-724 Aircraft, (iv) the amortization schedules for each Series of Equipment Notes, assuming the maximum amount thereof in respect of all of the Aircraft are purchased by the Trusts and all Aircraft are delivered as currently scheduled, shall be as set forth in the table under "Description of the New Certificates -- Pool Factors", (v) as of the Delivery Period Termination Date (or if earlier, the date of the occurrence of a Triggering Event), the average life of the Class A Certificates, the Class B Certificates, the Class C-I Certificates and the Class C-II Certificates shall not exceed, respectively, 12.91 years, 10.15 years, 6.00 years and 6.00 years (computed without regard to the acceleration of any Equipment Notes and after giving effect to any special distribution on the Certificates thereafter required in respect of unused Deposits), (vi) the final maturity date of (a) the Series A Equipment Notes not be in excess of 18.025 years after the Issuance Date, (b) the Series B Equipment Notes not be in excess of 16.025 years after the Issuance Date and (c) the Series C Equipment Notes not be in excess of 10.025 years after the Issuance Date, (vii) the original aggregate principal amount of all of the Equipment Notes of each Series shall not exceed the original aggregate face amount of the Certificates issued by the corresponding Trust, (viii) the maximum aggregate principal amount of the Equipment Notes issued with respect to all Boeing 757-224 Aircraft shall not exceed \$300,800,000, all Boeing 737-524 Aircraft shall not exceed \$331,200,000 and all Boeing 737-724 Aircraft shall not exceed \$97,600,000, (ix) the interest rate applicable to each Series of Equipment Notes must be equal to the rate applicable to the Certificates issued by the corresponding Trust, (x) the payment dates for the Equipment Notes and basic rent under the Leases must be April 1 and October 1, (xi) basic rent, stipulated loss values and termination values under the Leases must be sufficient to pay amounts due with respect to the related Equipment Notes, (xii) the amounts payable under the all-risk aircraft hull insurance maintained with respect to each Aircraft must be sufficient to pay the applicable stipulated loss value, subject to certain rights of self-insurance and (xiii) (a) the past due rate in the Indentures and the Leases, (b) the Make-Whole Premium payable under the Indentures, (c) the provisions relating to the redemption and purchase of Equipment Notes in the Indentures, (d) the minimum liability insurance amount on Aircraft in the Leases, (e) the interest rate payable with respect to stipulated loss value in the Leases, and (f) the indemnification of the Loan Trustees, Subordination Agent, Liquidity Providers, Trustees, Escrow Agents and registered holders of the Equipment Notes (in such capacity, the "Note Holders") with respect to certain taxes and expenses, in each case be provided as set forth in the form of Participation Agreements, Lease and Indentures (collectively, the "Aircraft Operative Agreements").

The "Mandatory Document Terms" prohibit modifications in any material adverse respect to certain specified provisions of the Aircraft Operative Agreements contemplated by the Note Purchase Agreement. In the case of the Indentures, such modifications are prohibited (i) to the Granting Clause of the Indentures so as to deprive the Note Holders of a first priority security interest in the Aircraft, certain of Continental's rights under its purchase agreement with the related manufacturer and, in the case of a Leased Aircraft, the Lease or to eliminate the obligations intended to be secured thereby, (ii) to certain provisions relating to the issuance, redemption, purchase, payments, and ranking of the Equipment Notes (including the obligation to pay the Make-Whole Premium in certain circumstances), (iii) to certain provisions regarding Indenture Defaults, remedies relating thereto and rights of the Owner Trustee and Owner Participant in such circumstances, (iv) to certain provisions relating to any replaced airframe or engines with respect to an Aircraft and (v) to the provision that New York law will govern the Indentures. In the case of the Lease, such modifications are prohibited to certain provisions regarding the obligation of Continental (i) to pay basic rent, stipulated loss value and termination value to the Leased Aircraft Trustee, (ii) to record the Leased Aircraft Indenture with the Federal Aviation Administration and to maintain such Indenture as a first-priority perfected mortgage on the related Aircraft, (iii) to furnish certain opinions with respect to a replacement airframe and (iv) to consent to the assignment of the Lease by the Owner Trustee as collateral under the Leased Aircraft

Indenture, as well as modifications which would either alter the provision that New York law will govern the Lease or would deprive the Loan Trustee of rights expressly granted to it under the Leases. In the case of the Participation Agreement, such modifications are prohibited (i) to certain conditions to the obligations of the Trustees to purchase the Equipment Notes issued with respect to an Aircraft involving good title to such Aircraft, obtaining a certificate of airworthiness with respect to such Aircraft, entitlement to the benefits of Section 1110 with respect to such Aircraft and filings of certain documents with the Federal Aviation Administration, (ii) to the provisions restricting the Note Holder's ability to transfer such Equipment Notes, (iii) to certain provisions requiring the delivery of legal opinions and (iv) to the provision that New York law will govern the Participation Agreement. In the case of all of the Aircraft Operative Agreements, modifications are prohibited in any material adverse respect as regards the interest of the Note Holders, the Subordination Agent, the Liquidity Providers or the Loan Trustee in the definition of "Make-Whole Premium". Notwithstanding the foregoing, any such Mandatory Document Term may be modified to correct or supplement any such provision which may be defective or to cure any ambiguity or correct any mistake, provided that any such action shall not materially adversely affect the interests of the Note Holders, the Subordination Agent, the Liquidity Providers, the Mortgagee or the Certificateholders.

#### LIQUIDATION OF ORIGINAL TRUSTS

At the Transfer Date, each of the Original Trusts will transfer and assign all of its assets and rights to a Successor Trust with substantially identical terms, except that (i) the Successor Trusts will not have the right to purchase new Equipment Notes and (ii) Delaware law will govern the Original Trusts and New York law will govern the Successor Trusts. The Trustee of each of the Original Trusts will also act as Trustee of the corresponding Successor Trust, and each New Trustee will assume the obligations of the Original Trustee under each transaction document to which such Original Trustee was a party. Upon effectiveness of such transfer, assignment and assumption, each of the Original Trusts will be liquidated and each of the Certificates will represent the same interest in the Successor Trust as it represented in the Original Trust immediately prior to such transfer and assignment. Unless the context otherwise requires, all references in this Prospectus to the Trusts, the Trustees, the Pass Through Trust Agreements and similar terms shall be applicable with respect to the Original Trusts until the effectiveness of such transfer, assignment and assumption and thereafter shall be applicable with respect to the Successor Trusts. If for any reason such transfer, assignment and assumption cannot be effected to any Successor Trust, the related Original Trust will continue in existence until it is effected.

#### TERMINATION OF THE TRUSTS

The obligations of Continental and the applicable Trustee with respect to a Trust will terminate upon the distribution to Certificateholders of such Trust of all amounts required to be distributed to them pursuant to the applicable Pass Through Trust Agreement and the disposition of all property held in such Trust. The applicable Trustee will send to each Certificateholder of such Trust notice of the termination of such Trust, the amount of the proposed final payment and the proposed date for the distribution of such final payment for such Trust. The final distribution to any Certificateholder of such Trust will be made only upon surrender of such Certificateholder's Certificates at the office or agency of the applicable Trustee specified in such notice of termination. (Section 11.01)

#### THE TRUSTEES

The Trustee for each Trust is Wilmington Trust Company. With certain exceptions, the Trustees make no representations as to the validity or sufficiency of the Pass Through Trust Agreements, the Certificates, the Intercreditor Agreement, the Equipment Notes, the Deposit Agreements, the Escrow Agreements, the Indentures, the Participation Agreements, the Leases or other related documents. (Sections 7.04 and 7.15) The Trustee of any Trust shall not be liable, with respect to the Certificates of such Trust, for any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of Certificates of such Trust evidencing fractional undivided interests aggregating not less than a majority in interest of such Trust. Subject to certain provisions, the Trustees shall be under no obligation to exercise any of their rights or powers

under any Pass Through Trust Agreement at the request of any holders of Certificates issued thereunder unless there shall have been offered to the Trustees reasonable security and indemnity. (Section 7.03(e)) Each Pass Through Trust Agreement provides that the Trustees in their individual or any other capacity may acquire and hold Certificates issued thereunder and, subject to certain conditions, may otherwise deal with Continental, with any Owner Trustee or with any Loan Trustee with the same rights they would have if they were not the Trustees. (Section 7.05)

Any Trustee may resign with respect to any or all of the Trusts of which it is the Trustee at any time, in which event Continental will be obligated to appoint a successor trustee. If any Trustee ceases to be eligible to continue as Trustee with respect to a Trust or becomes incapable of acting as Trustee or becomes insolvent, Continental may, with the consent of the Owner Participants for the Leased Aircraft (which consent shall not be unreasonably withheld), remove such Trustee, or any holder of the Certificates of such Trust for at least six months may, on behalf of such holder and all others similarly situated, petition any court of competent jurisdiction for the removal of such Trustee and the appointment of a successor trustee. Any resignation or removal of the Trustee with respect to a Trust and appointment of a successor trustee for such Trust does not become effective until acceptance of the appointment by the successor trustee. (Sections 7.09 and 7.10) Pursuant to such resignation and successor trustee provisions, it is possible that a different trustee could be appointed to act as the successor trustee with respect to each Trust. All references in this Prospectus to the Trustee should be read to take into account the possibility that the Trusts could have different successor trustees in the event of such a resignation or removal.

Each Pass Through Trust Agreement provides that Continental will pay or cause to be paid the applicable Trustee's fees and expenses. (Section 7.07)

#### BOOK-ENTRY; DELIVERY AND FORM

The New Certificates of each Trust will be represented by one or more permanent global Certificates, in definitive, fully registered form without interest coupons (the "Global Certificates"), to be deposited with the Trustee as custodian for DTC and registered in the name of Cede, as nominee for DTC.

DTC has advised Continental as follows: DTC is a limited purpose trust company organized under the laws of the State of New York, a "banking organization" within the meaning of the New York Banking law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code and a "Clearing Agency" registered pursuant to the provision of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly ("indirect participants").

Ownership of beneficial interests in Global Certificates is limited to persons who have accounts with DTC ("participants") or persons who hold interests through participants. Ownership of beneficial interests in the Global Certificates is shown on, and the transfer of that ownership is effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities. Such limits and such laws may limit the market for beneficial interests in the Global Certificates.

So long as DTC or its nominee is the registered owner or holder of the Global Certificates, DTC or such nominee, as the case may be, will be considered the sole record owner or holder of the Certificates represented by such Global Certificates for all purposes under the related Pass Through Trust Agreements. No beneficial owners of an interest in the Global Certificates will be able to transfer that interest except in accordance with DTC's applicable procedures, in addition to those provided for under the Pass Through Trust Agreements and, if applicable, Euroclear or Cedel.

Payments of the principal of, premium, if any, and interest on the Global Certificates will be made to DTC or its nominee, as the case may be, as the registered owner thereof. Neither Continental, the Trustee, nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Continental expects that DTC or its nominee, upon receipt of any payment of principal, premium, if any, or interest in respect of the Global Certificates will credit participants' accounts with payments in amounts proportionate to their respective beneficial ownership interests in the principal amount of such Global Certificates, as shown on the records of DTC or its nominee. Continental also expects that payments by participants to owners of beneficial interests in such Global Certificates held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Neither Continental nor the Trustee has any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

If DTC is at any time unwilling or unable to continue as a depository for the Global Certificates and a successor depository is not appointed by within 90 days, the Trusts will issue certificates in definitive, fully registered form in exchange for the Global Certificates.

#### DESCRIPTION OF THE DEPOSIT AGREEMENTS

The following summary describes certain terms of the Deposit Agreements. The summary does not purport to be complete and is qualified in its entirety by reference to all of the provisions of the Deposit Agreements which have been filed as exhibits to the Registration Statement and copies of which are available as set forth under the heading "Available Information". The provisions of the Deposit Agreements are substantially identical except as otherwise indicated.

#### GENERAL

Under the Escrow Agreements, the Escrow Agent with respect to each Trust has entered into a separate Deposit Agreement with the Depository pursuant to which the Depository has established separate accounts into which the proceeds of the initial sale of the Old Certificates of such Trust were deposited on behalf of such Escrow Agent, from which the Escrow Agent, upon request from the Trustee of such Trust, will make withdrawals and into which such Trustee will make re-deposits during the Delivery Period. Pursuant to the Deposit Agreement with respect to each Trust, on each Regular Distribution Date the Depository will pay to the Paying Agent on behalf of the applicable Escrow Agent, for distribution to the Certificateholders of such Trust, an amount equal to interest accrued on the Deposits relating to such Trust during the relevant interest period at a rate per annum equal to the interest rate applicable to the Certificates issued by such Trust. The interest rates payable on the Deposits are subject to change under certain circumstances described in "The Exchange Offer -- Terms of the Exchange Offer--General". Upon each delivery of an Aircraft during the Delivery Period, the Trustees for the Class A Trust, the Class B Trust and the Class C-I Trust (or, if the Deposits relating to the Class C-I Trust have been fully withdrawn, the Class C-II Trust) will request the Escrow Agent relating to such Trust to withdraw from the Deposits relating to such Trust funds sufficient to enable the Trustee of such Trust to purchase the Equipment Note of the series applicable to such Trust issued with respect to such Aircraft. Accrued but unpaid interest on all such Deposits withdrawn will be paid on the next Regular Distribution Date. Any portion of any Deposit withdrawn which is not used to purchase such Equipment Note will be re-deposited by each Trustee into an account relating to the applicable Trust. Prior to the date of this Prospectus, two Boeing 757-224 Aircraft have been delivered and funds were withdrawn from the Deposits to purchase Equipment Notes in respect of such Aircraft in the aggregate principal amount of \$74.4 million in leveraged lease transactions. The Deposits relating to each Trust and interest paid thereon are

not subject to the subordination provisions of the Intercreditor Agreement and will not be available to pay any other amount in respect to the Certificates.

#### UNUSED DEPOSITS

The Trustees' obligations to purchase the Equipment Notes issued with respect to each Aircraft are subject to satisfaction of certain conditions at the time of delivery, as set forth in the Note Purchase Agreement. See "Description of the New Certificates -- Obligation to Purchase Equipment Notes". Since the Aircraft are scheduled for delivery from time to time during the Delivery Period, no assurance can be given that all such conditions will be satisfied at the time of delivery for each Aircraft. Moreover, since the Aircraft will be newly manufactured, their delivery as scheduled is subject to delays in the manufacturing process and to the manufacturer's right to postpone deliveries under its agreement with Continental. See "Description of the Aircraft and Appraisals -- Deliveries of Aircraft". Depending on the circumstances of the financing of each Aircraft, the maximum aggregate principal amount of Equipment Notes may not be issued. In addition, Continental's obligations to Boeing relating to ordered aircraft and the Predelivery Deposit Revolver are secured by Continental's purchase agreements with Boeing relating to the Aircraft. Accordingly, if Continental should breach its obligations secured thereby, the secured parties could exercise remedies and prevent delivery of Aircraft to Continental. If any funds remain as Deposits with respect to any Trust at the Delivery Period Termination Date, they will be withdrawn by the Escrow Agent and distributed, with accrued and unpaid interest thereon, plus a premium payable by Continental (i) in the case of the holders of Certificates issued by the Class A Trust, the Class B Trust and the Class C-I Trust, equal to the Deposit Make-Whole Premium with respect to the aggregate amount of funds so distributed (excluding accrued interest) and (ii) in the case of the holders of Certificates issued by the Class C-II Trust, equal to the Class C-II Premium with respect to such aggregate amount, to the Certificateholders of such Trust after at least 20 days' prior written notice.

"Deposit Make-Whole Premium" means, with respect to the distribution of unused Deposits to holders of any Class of Certificates, as of any date of determination, an amount equal to the excess, if any, of (a) the present value of the excess of (i) the scheduled payment of principal and interest to maturity of the Equipment Notes, assuming the maximum principal amount thereof were issued, on each remaining Regular Distribution Date for such Class under the Assumed Amortization Schedule over (ii) the scheduled payment of principal and interest to maturity of the Equipment Notes actually acquired by the Trustee for such Class on each such Regular Distribution Date, such present value computed by discounting such excess on a semiannual basis on each Regular Distribution Date (assuming a 360-day year of twelve 30-day months) using a discount rate equal to the Treasury Yield over (b) the amount of such unused Deposits to be distributed to the holders of such Certificates plus accrued and unpaid interest to but excluding the date of determination from and including the preceding Regular Distribution Date (or if such date of determination precedes the first Regular Distribution Date, the date of issuance of the Old Certificates).

"Class C-II Premium" means, as of any date of determination, with respect to the distribution of unused Deposits to holders of Class C-II Certificates, (a) if Equipment Notes with respect to all of the Aircraft (or Substitute Aircraft in lieu thereof) have been purchased by the Trusts prior to the date of determination, an amount equal to the excess, if any, of (i) the present value of the excess of (x) the scheduled payment of principal and interest to maturity of the Equipment Notes on each remaining Regular Distribution Date for the Class C-II Certificates under the Assumed Amortization Schedule over (y) the scheduled payment of principal and interest to maturity of the Equipment Notes actually acquired by the Trustee for such Class on each such Regular Distribution Date, such present value computed by discounting such excess on a semiannual basis on each Regular Distribution Date (assuming a 360-day year of twelve 30-day months) using a discount rate equal to the "Adjusted Treasury Yield" (meaning the Treasury Yield plus 42 basis points) over (ii) the amount of such unused Deposits to be distributed to the holders of such Certificates plus accrued and unpaid interest to but excluding the date of determination from and including the preceding Regular Distribution Date (or if such date of determination precedes the first Regular Distribution Date, the date of issuance of the Old Certificates) or (b) in any other case, an amount equal to the sum of (i) a premium calculated pursuant to the preceding clause (a) determined with respect to the portion of such

unused Deposits that would have remained unused had the maximum principal amount of Series C Equipment Notes been purchased with respect to each of the Aircraft as to which Equipment Notes were not actually purchased by any of the Trusts and as to which no replacement by a Substitute Aircraft was made and (ii) the Deposit Make-Whole Premium determined with respect to the balance of such unused Deposits.

#### DISTRIBUTION UPON OCCURRENCE OF TRIGGERING EVENT

If a Triggering Event shall occur prior to the Delivery Period Termination Date, the Escrow Agent for each Trust will withdraw any funds then held as Deposits with respect to such Trust and cause such funds, with accrued and unpaid interest thereon but without any premium, to be distributed to the Certificateholders of such Trust by the Paying Agent on behalf of the Escrow Agent, after at least 20 days' prior written notice. Accordingly, if a Triggering Event occurs prior to the Delivery Period Termination Date, the Trusts will not acquire Equipment Notes issued with respect to Aircraft delivered after the occurrence of such Triggering Event.

#### DEPOSITARY

The Depositary is Credit Suisse First Boston, New York Branch. Credit Suisse, the predecessor to Credit Suisse First Boston, was founded in 1856 in Zurich and is the oldest of Switzerland's three principal banks. Banking operations of Credit Suisse in the United States began in 1940 and are currently conducted through branches of Credit Suisse First Boston in New York and Los Angeles and a representative office in Chicago.

Effective January 1, 1997, Credit Suisse First Boston became the successor to the institutional asset management business and the global corporate and investment banking business of Credit Suisse Group (formerly CS Holding) and its principal international banking subsidiary, Credit Suisse. The global corporate and investment banking business is largely conducted through Credit Suisse First Boston and its subsidiaries (together, the "CSFB Business Unit"), including Credit Suisse First Boston Corporation, a U.S. registered broker-dealer, which acted as an Initial Purchaser of the Old Certificates. The CSFB Business Unit has four core business divisions: (i) the corporate and investment banking division, (ii) the trading division, (iii) Credit Suisse Financial Products and (iv) the private equity division.

Credit Suisse Group (formerly CS Holding) is the parent of Credit Suisse First Boston. Credit Suisse Group is also the parent of Credit Suisse, a Swiss bank which effective January 1, 1997 became the successor to the Swiss domestic banking operations and global private banking operations of the former Credit Suisse and its affiliate Swiss Volksbank.

Credit Suisse First Boston is subject to regulation by the Swiss Federal Banking Commission and the Swiss National Bank. Under Swiss banking law, a bank is subject to inspection and supervision by an independent auditing firm and is required to maintain an adequate relationship between its equity resources and its total liabilities. The New York Branch of Credit Suisse First Boston is licensed and subject to supervision and regulation by the Superintendent of Banks of the State of New York. It is examined by the New York State Banking Department and is subject to banking laws and regulations applicable to a foreign bank that operates a New York branch. It is also subject to review and supervision by the Federal Reserve Bank.

Credit Suisse First Boston has long-term unsecured debt ratings of Aa3 from Moody's and AA from Standard & Poor's and short-term unsecured debt ratings of P-1 from Moody's and A-1+ from Standard & Poor's.

Credit Suisse First Boston's principal office is at Uetlihof, Uetlibergstrasse 231, CH-8045, Zurich, Switzerland, and its New York Branch has executive offices at Eleven Madison Avenue, New York, New York 10010, (212) 325-9000. A copy of the Annual Report of Credit Suisse for the year ended December 31, 1996 may be obtained from Credit Suisse First Boston by delivery of a written request to its New York Branch, Attention: Corporate Affairs.

#### DESCRIPTION OF THE ESCROW AGREEMENTS

The following summary describes certain terms of the Escrow Agreements, which have been filed as exhibits to the Registration Statement and copies of which are available as set forth under the heading "Available Information". The summary does not purport to be complete and is qualified in its entirety by reference to the provisions of the Escrow Agreements.

Each Escrow Agent, each Paying Agent, each Trustee and the Initial Purchasers have entered into a separate Escrow Agreement for the benefit of the Certificateholders of each Trust as holders of the Escrow Receipts affixed thereto (in such capacity, a "Receiptholder"). The cash proceeds of the initial sale of Old Certificates of each Trust have been deposited on behalf of the Escrow Agent (for the benefit of Receiptholders) with the Depositary as Deposits relating to such Trust. The Escrow Agent of each Trust has been given irrevocable instructions (i) to permit the Trustee of such Trust to cause funds to be withdrawn from such Deposits on or prior to the Delivery Period Termination Date for the purpose of enabling such Trustee to purchase Equipment Notes on and subject to the terms and conditions of the Note Purchase Agreement and (ii) to direct the Depositary to pay interest on the Deposits accrued in accordance with the Deposit Agreement to the Paying Agent for distribution to the Receiptholders.

Each Escrow Agreement requires that the Paying Agent establish and maintain, for the benefit of the related Receiptholders, one or more Paying Agent Account(s), which shall be non-interest-bearing. Pursuant to the terms of the Escrow Agreement, the Paying Agent is required to deposit interest on Deposits relating to each Trust and any unused Deposits withdrawn by the Escrow Agent in the Paying Agent Account. All amounts so deposited will be distributed by the Paying Agent on a Regular Distribution Date or Special Distribution Date, as appropriate.

Upon receipt by the Depositary on behalf of the Escrow Agent of the cash proceeds from the Old Certificates as described above, the Escrow Agent issued Escrow Receipts which were affixed by the relevant Trustee to each Old Certificate. Each Escrow Receipt evidences a fractional undivided interest in amounts from time to time deposited into the Paying Agent Account and is limited in recourse to amounts deposited into such Account. An Escrow Receipt may not be assigned or transferred except in connection with the assignment or transfer of the Certificate to which it is affixed. Each Escrow Receipt will be registered by the Escrow Agent in the same name and manner as the Certificate to which it is affixed. Escrow Receipts will be affixed to New Certificates issued pursuant to the Exchange Offer.

#### DESCRIPTION OF THE LIQUIDITY FACILITIES

The following summary describes certain terms of the Liquidity Facilities and certain provisions of the Intercreditor Agreement relating to the Liquidity Facilities. The summary does not purport to be complete and reference is made to all of the provisions of the Liquidity Facilities and certain provisions of the Intercreditor Agreement, each of which has been filed as an exhibit to the Registration Statement and copies of which are available as set forth under the heading "Available Information". The provisions of the Liquidity Facilities are substantially identical except as otherwise indicated.

#### GENERAL

Each Liquidity Provider will enter into a separate Liquidity Facility with the Subordination Agent with respect to the Certificates of each of the Trusts pursuant to which the Liquidity Providers will make one or more advances to the Subordination Agent to pay interest on such Certificates subject to certain limitations. The Liquidity Facilities for each Trust are intended to enhance the likelihood of timely receipt by the

Certificateholders of such Trust of the interest payable on the Certificates of such Trust at the Stated Interest Rate therefor on up to three consecutive semiannual Regular Distribution Dates. If interest payment defaults occur which exceed the amount covered by or available under the Liquidity Facilities for any Trust, the Certificateholders of such Trust will bear their allocable share of the deficiencies to the extent that there are no other sources of funds. Although ABN AMRO and ING are the initial Liquidity Providers for each of the Trusts, ABN AMRO and ING each may be replaced by one or more other entities with respect to the Trusts under certain circumstances. Therefore, the Liquidity Providers for each Trust may differ.

#### DRAWINGS

The initial amount available under the Liquidity Facilities for the Class A Trust, the Class B Trust, the Class C-I Trust and the Class C-II Trust at April 1, 1998, the first Regular Distribution Date after the scheduled Delivery Period Termination Date, assuming that Equipment Notes in the maximum principal amount with respect to all Aircraft are acquired by the Trusts and that all interest and principal due on or prior to April 1, 1998 is paid, will be \$48,564,521, \$16,426,917, \$12,155,173 and \$1,094,144, respectively. Except as otherwise provided below, the Liquidity Facilities for each Trust will enable the Subordination Agent to make Interest Drawings thereunder promptly after any Regular Distribution Date to pay interest then due and payable on the Certificates of such Trust at the Stated Interest Rate for such Trust to the extent that the amount, if any, available to the Subordination Agent on such Regular Distribution Date is not sufficient to pay such interest; provided, however, that the maximum amount available to be drawn under a Liquidity Facility with respect to any Trust on any Regular Distribution Date to fund any shortfall of interest on Certificates of such Trust will not exceed the then Maximum Available Commitment under such Liquidity Facility. The Liquidity Facilities for any Trust do not provide for drawings thereunder to pay for principal of or premium on the Certificates of such Trust or any interest on the Certificates of such Trust in excess of the Stated Interest Rate for such Trust or more than three semiannual installments of interest thereon or principal of or interest or premium on the Certificates of any other Trust. (Liquidity Facilities, Section 2.02; Intercreditor Agreement, Section 3.6) In addition, the Liquidity Facilities with respect to each Trust will not cover interest payable by the Depository on the Deposits relating to such Trust.

Each payment by the Liquidity Provider under each Liquidity Facility reduces pro tanto the Maximum Available Commitment under such Liquidity Facility, subject to reinstatement as hereinafter described. With respect to any Interest Drawings under either Liquidity Facility for any Trust, upon reimbursement of the relevant Liquidity Provider in full for the amount of such Interest Drawings plus interest thereon, the Maximum Available Commitment under such Liquidity Facility in respect of interest on the Certificates of such Trust will be reinstated to an amount not to exceed the Stated Portion of the then Required Amount of such Liquidity Facility; provided, however, that such Liquidity Facility will not be so reinstated at any time after (i) a Liquidity Event of Default shall have occurred and be continuing and (ii) less than 65% of the then aggregate outstanding principal amount of all Equipment Notes are Performing Equipment Notes. With respect to any other drawings under such Liquidity Facility, amounts available to be drawn thereunder are not subject to reinstatement. The Required Amount of the Liquidity Facilities for any Trust will be automatically increased or reduced from time to time to an amount equal to the next three successive interest payments due on the Certificates of such Trust (without regard to expected future payment of principal of such Certificates) at the Stated Interest Rate for such Trust, but excluding interest payable by the Depository as described above. (Liquidity Facilities, Section 2.04(a); Intercreditor Agreement, Section 3.6(j))

If at any time the short-term unsecured debt rating of a Liquidity Provider for any Trust then issued by either Rating Agency is lower than the Threshold Rating, the Liquidity Facility provided by such Liquidity Provider for the related Class of Certificates will be required to be replaced. In the event that such Liquidity Facility is not replaced within 10 days after notice of the downgrading and as otherwise provided in the Intercreditor Agreement, the Subordination Agent will request the Downgrade Drawing in an amount equal to the then Maximum Available Commitment thereunder and will hold the proceeds thereof in the Cash Collateral Account for such Trust as cash collateral to be used for the same purposes and under the same circumstances as cash payments of Interest Drawings under such Liquidity Facility would be used. (Liquidity Facilities, Section 2.02(c); Intercreditor Agreement, Section 3.6(c))

A "Replacement Facility" for any Liquidity Facility means an irrevocable liquidity facility in substantially the form of the replaced Liquidity Facility, including reinstatement provisions, or in such other form (which may include a letter of credit) as shall permit the Rating Agencies to confirm in writing their respective ratings then in effect for the Certificates (before downgrading of such ratings, if any, as a result of the downgrading of the applicable Liquidity Provider), in a face amount equal to the Stated Portion of the amount of interest payable on the Certificates of such Trust (at the Stated Interest Rate for such Trust, and without regard to expected future principal payments) on the three Regular Distribution Dates following the date of replacement of such Liquidity Facility (which will not cover scheduled interest payments with respect to the Deposits relating to such Trust) and issued by a Person having unsecured short-term debt ratings issued by both Rating Agencies which are equal to or higher than the Threshold Rating. (Intercreditor Agreement, Section 1.1)

"Threshold Rating" means the short-term unsecured debt rating of P-1 by Moody's and A-1+ by Standard & Poor's.

Each Liquidity Facility for each Trust provides that the relevant Liquidity Provider's obligations thereunder will expire on the earliest of (i) 364 days after the Issuance Date; (ii) the date on which the Subordination Agent delivers to such Liquidity Provider a certification that all of the Certificates of such Trust have been paid in full; (iii) the date on which the Subordination Agent delivers to such Liquidity Provider a certification that a Replacement Facility has been substituted for such Liquidity Facility; (iv) the fifth Business Day following receipt by the Subordination Agent of a Termination Notice from such Liquidity Provider (see "-- Liquidity Events of Default"); and (v) the date on which no amount is or may (by reason of reinstatement) become available for drawing under such Liquidity Facility. Each Liquidity Facility provides that the scheduled expiration date thereof may be extended for additional 364-day periods by mutual agreement. The Intercreditor Agreement will provide for the replacement of any Liquidity Facility for any Trust (other than a Liquidity Facility which expires no earlier than 15 days later than the final maturity date) in the event that such Liquidity Facility is not extended at least 25 days prior to its then scheduled expiration date. In the event such Liquidity Facility is not so extended or replaced by the 25th day prior to its then scheduled expiration date, the Subordination Agent shall request the Non-Extension Drawing in an amount equal to the then Maximum Available Commitment thereunder and hold the proceeds thereof in the Cash Collateral Account for such Trust as cash collateral to be used for the same purposes and under the same circumstances, and subject to the same conditions, as cash payments of Interest Drawings under such Liquidity Facility would be used. (Liquidity Facilities, Section 2.02(b))

Continental may, at its option, arrange for a Replacement Facility at any time to replace either Liquidity Facility for any Trust (including without limitation any Replacement Facility described in the following sentence). In addition, if any Liquidity Provider shall determine not to extend its Liquidity Facility, then such Liquidity Provider may, at its option, arrange for a Replacement Facility to replace such Liquidity Facility during the period no earlier than 40 days and no later than 25 days prior to the then scheduled expiration date of such Liquidity Facility. If any Replacement Facility is provided at any time after the Downgrade Drawing or a Non-Extension Drawing under such Liquidity Facility, the funds with respect to the relevant Liquidity Facility on deposit in the Cash Collateral Account for such Trust will be returned to the Liquidity Provider being replaced. (Intercreditor Agreement, Section 3.6(e))

The Intercreditor Agreement provides that, upon receipt by the Subordination Agent of a Termination Notice with respect to any Liquidity Facility from the relevant Liquidity Provider (given as described in "-- Liquidity Events of Default"), the Subordination Agent will request a Final Drawing under such Liquidity Facility in an amount equal to the then Maximum Available Commitment thereunder and will hold the proceeds thereof in the Cash Collateral Account for the related Trust as cash collateral to be used for the same purposes and under the same circumstances, and subject to the same conditions, as cash payments of Interest Drawings under such Liquidity Facility would be used. (Liquidity Facilities, Section 2.02(d); Intercreditor Agreement, Section 3.6(i))

Drawings under any Liquidity Facility will be made by delivery by the Subordination Agent of a certificate in the form required by such Liquidity Facility. Upon receipt of such a certificate, the relevant

Liquidity Provider is obligated to make payment of the drawing requested thereby in immediately available funds. Upon payment by any Liquidity Provider of the amount specified in any drawing under any Liquidity Facility, such Liquidity Provider will be fully discharged of its obligations under such Liquidity Facility with respect to such drawing and will not thereafter be obligated to make any further payments under such Liquidity Facility in respect of such drawing to the Subordination Agent or any other person.

#### REIMBURSEMENT OF DRAWINGS

Amounts drawn under any Liquidity Facility by reason of an Interest Drawing or the Final Drawing will be immediately due and payable, together with interest on the amount of such drawing, with respect to the period from the date of its borrowing to (but excluding) the third business day following the applicable Liquidity Provider's receipt of the notice of such Interest Drawing, at the Base Rate plus 1.75% per annum, and thereafter, at LIBOR for the applicable Interest Period plus 1.75% per annum, provided that, in the case of a Final Drawing, the Subordination Agent may convert the Final Drawing into a Drawing bearing interest at the Base Rate plus 1.75% per annum on the last day of an Interest Period for such Drawing; provided, further, that the Subordination Agent will be obligated to reimburse such amounts only to the extent that the Subordination Agent has funds available therefor.

The amount drawn under any Liquidity Facility for any Trust by reason of a Downgrade Drawing or a Non-Extension Drawing will be treated as follows: (i) such amount will be released on any Distribution Date to the relevant Liquidity Provider to the extent that such amount exceeds the Stated Portion of the Required Amount; (ii) any portion of such amount withdrawn from the Cash Collateral Account for such Certificates to pay interest on such Certificates will be treated in the same way as Interest Drawings; and (iii) the balance of such amount will be invested in Eligible Investments. The Downgrade Drawing under any Liquidity Facility (other than any portion thereof applied to the payment of interest on the Certificates) will bear interest (i) during the period from the date of its borrowing to (but excluding) the stated expiry date of such Liquidity Facility, in an amount equal to the investment earnings on amounts deposited in the relevant Cash Collateral Account attributable to such Liquidity Facility plus .35% per annum on the amount of such Downgrade Drawing and (ii) thereafter, at a rate equal to LIBOR for the applicable Interest Period plus .40% per annum, and a Non-Extension Drawing (other than any portion thereof applied to the payment of interest on the Certificates) will bear interest with respect to the period from the date of borrowing to (but excluding) the third Business Day following the applicable Liquidity Provider's receipt of the notice of such Non-Extension Drawing, at the Base Rate plus .40% per annum, and thereafter at LIBOR for the applicable Interest Period plus .40% per annum; provided that the Subordination Agent will be obligated to pay such amount only to the extent that the Subordination Agent has funds available therefor. (Liquidity Facilities, Section 2.06)

#### LIQUIDITY EVENTS OF DEFAULT

Events of Default under each Liquidity Facility (each, a "Liquidity Event of Default") will consist of: (i) the acceleration of all the Equipment Notes (provided, that during the Delivery Period the aggregate principal amount thereof exceeds \$280 million) and (ii) certain bankruptcy or similar events involving Continental. (Liquidity Facilities, Section 1.01)

If (i) any Liquidity Event of Default under any Liquidity Facility has occurred and is continuing and (ii) less than 65% of the aggregate outstanding principal amount of all Equipment Notes are Performing Equipment Notes, the applicable Liquidity Provider may, in its discretion, give a notice of termination of the related Liquidity Facility (a "Termination Notice") the effect of which will be to cause (i) such Liquidity Facility to expire on the fifth Business Day after the date on which such Termination Notice is received by the Subordination Agent, (ii) the Subordination Agent to promptly request, and the Liquidity Provider to make, a Final Drawing thereunder in an amount equal to the then Maximum Available Commitment thereunder, (iii) any Drawing remaining unreimbursed as of the date of termination to be automatically converted into a Final Drawing under such Liquidity Facility, and (iv) all amounts owing to such Liquidity Provider automatically to become accelerated. Notwithstanding the foregoing, the Subordination Agent will be obligated to pay amounts owing to the Liquidity Providers only to the extent of funds available therefor after giving effect to the payments in accordance with the provisions set forth under "Description of the

Intercreditor Agreement -- Priority of Distributions". (Liquidity Facilities, Section 6.01) Upon the circumstances described below under "Description of the Intercreditor Agreement -- Intercreditor Rights", a Liquidity Provider may become the Controlling Party with respect to the exercise of remedies under the Indentures. (Intercreditor Agreement, Section 2.6(c))

#### LIQUIDITY PROVIDERS

The initial Liquidity Providers for each Trust are ABN AMRO and ING, each of which is a bank organized under the laws of the Netherlands. ABN AMRO has short term debt ratings of P-1 from Moody's and A-1+ from Standard & Poor's. ING has short term debt ratings of P-1 from Moody's and A-1+ from Standard & Poor's.

#### DESCRIPTION OF THE INTERCREDITOR AGREEMENT

The following summary describes certain provisions of the Intercreditor Agreement. The summary does not purport to be complete and reference is made to all of the provisions of the Intercreditor Agreement, which has been filed as an exhibit to the Registration Statement and is available as set forth under the heading "Available Information".

#### INTERCREDITOR RIGHTS

##### Controlling Party

Pursuant to the Intercreditor Agreement, the Trustees and each Liquidity Provider has agreed that, with respect to any Indenture at any given time, the Loan Trustee will be directed (a) in taking, or refraining from taking, any action thereunder or with respect to the Equipment Notes issued thereunder, by the holders of at least a majority of the outstanding principal amount of the Equipment Notes issued thereunder (provided that, for so long as the Subordination Agent is the registered holder of the Equipment Notes, the Subordination Agent will act with respect to this clause (a) in accordance with the directions of the Trustees (in the case of each such Trustee, with respect to the Equipment Notes issued under such Indenture and held as Trust Property of such Trust) constituting, in the aggregate, directions with respect to such principal amount of Equipment Notes), so long as no Indenture Default (which, with respect to Leased Aircraft, has not been cured by the applicable Owner Trustee or Owner Participant) shall have occurred and be continuing thereunder, and (b) after the occurrence and during the continuance of an Indenture Default thereunder (which, with respect to Leased Aircraft, has not been cured by the applicable Owner Trustee or Owner Participant), in taking, or refraining from taking, any action thereunder or with respect to the Equipment Notes issued thereunder, including exercising remedies thereunder or with respect to such Equipment Notes (including acceleration of such Equipment Notes or foreclosing the lien on the Aircraft securing such Equipment Notes), by the Controlling Party, subject to the limitations described below. See "Description of the New Certificates -- Indenture Defaults and Certain Rights Upon an Indenture Default" for a description of the rights of the Certificateholders of each Trust to direct the respective Trustees. Notwithstanding the foregoing, at any time after 18 months from the earlier to occur of (x) the date on which the entire available amount under any Liquidity Facility shall have been drawn (for any reason other than a Downgrade Drawing or a Non-Extension Drawing) and remain unreimbursed and (y) the date on which all Equipment Notes shall have been accelerated (provided, that prior to the Delivery Period Termination Date the aggregate outstanding principal amount thereof exceeds \$280 million), the Liquidity Providers with at least two-thirds of unreimbursed Liquidity Obligations will have the right to elect to become the Controlling Party with respect to any Indenture. For purposes of giving effect to the foregoing, the Trustees (other than the Controlling Party) will irrevocably agree, and the Certificateholders (other than the Certificateholders represented by the Controlling Party) will be deemed to agree by virtue of their purchase of Certificates, that the Subordination Agent, as record holder of the Equipment Notes, shall exercise its voting rights in respect of the Equipment Notes as directed by the Controlling Party. (Intercreditor Agreement, Section 2.6) For a description of certain limitations on the Controlling Party's rights to exercise remedies, see "Description of the Equipment Notes -- Remedies".

## Sale of Equipment Notes or Aircraft

Upon the occurrence and during the continuation of any Indenture Default under any Indenture, the Controlling Party may accelerate and, subject to the provisions of the immediately following sentence, sell all (but not less than all) of the Equipment Notes issued under such Indenture to any person. So long as any Certificates are outstanding, during nine months after the earlier of (x) the acceleration of the Equipment Notes under any Indenture and (y) the bankruptcy or insolvency of Continental, without the consent of each Trustee, (a) no Aircraft subject to the lien of such Indenture or such Equipment Notes may be sold, if the net proceeds from such sale would be less than the Minimum Sale Price for such Aircraft or such Equipment Notes, and (b) with respect to any Leased Aircraft, the amount and payment dates of rentals payable by Continental under the Lease for such Leased Aircraft may not be adjusted, if, as a result of such adjustment, the discounted present value of all such rentals would be less than 75% of the discounted present value of the rentals payable by Continental under such Lease before giving effect to such adjustment, in each case, using the weighted average interest rate of the Equipment Notes issued under such Indenture as the discount rate.

The Subordination Agent may from time to time during the continuance of an Indenture Default (and before the occurrence of a Triggering Event) commission Appraisals with respect to an Aircraft at the request of the Controlling Party. (Intercreditor Agreement, Section 4.1(a)(iii))

## PRIORITY OF DISTRIBUTIONS

So long as no Triggering Event shall have occurred, the payments in respect of the Equipment Notes and certain other payments received on any Distribution Date will be promptly distributed by the Subordination Agent on such Distribution Date in the following order of priority:

(i) to pay the Liquidity Obligations (other than any interest accrued thereon or the principal amount of any Drawing) (the "Liquidity Expenses") to the Liquidity Providers;

(ii) to pay interest accrued on the Liquidity Obligations to the Liquidity Providers;

(iii) to pay or reimburse the Liquidity Providers for the Liquidity Obligations (other than amounts payable pursuant to clauses (i) and (ii) above) and/or, if applicable, to replenish each Cash Collateral Account up to the Required Amount;

(iv) to pay Expected Distributions to the holders of Class A Certificates;

(v) to pay Expected Distributions to the holders of Class B Certificates;

(vi) to pay Expected Distributions to the holders of Class C Certificates; and

(vii) to pay certain fees and expenses of the Subordination Agent and the Trustees.

"Expected Distributions" means, with respect to the Certificates of any Trust on any Current Distribution Date, the sum of (x) accrued and unpaid interest on such Certificates (excluding interest, if any, payable with respect to the Deposits relating to such Trust) and (y) the difference between (A) the Pool Balance of such Certificates as of the immediately preceding Distribution Date and (B) the Pool Balance of such Certificates as of the Current Distribution Date, calculated on the basis that (i) the principal of the Equipment Notes held in such Trust has been paid when due (whether at stated maturity, upon redemption, prepayment or acceleration or otherwise) and such payments have been distributed to the holders of such Certificates and (ii) the principal of any Equipment Notes formerly held in such Trust that have been sold pursuant to the Intercreditor Agreement has been paid in full and such payments have been distributed to the holders of such Certificates, but without giving effect to any reduction in the Pool Balance as a result of any distribution attributable to Deposits.

Subject to the terms of the Intercreditor Agreement, upon the occurrence of a Triggering Event and at all times thereafter, all funds received by the Subordination Agent in respect of the Equipment Notes and certain other payments will be promptly distributed by the Subordination Agent in the following order of priority:

(i) to pay certain out-of-pocket costs and expenses actually incurred by the Subordination Agent or any Trustee or to reimburse any Certificateholder or the Liquidity Providers in respect of payments made to the Subordination Agent or any Trustee in connection with the protection or realization of the value of the Equipment Notes or any Trust Indenture Estate (the "Administration Expenses");

(ii) to the Liquidity Providers, to pay the Liquidity Expenses;

(iii) to the Liquidity Providers, to pay interest accrued on the Liquidity Obligations;

(iv) to the Liquidity Providers, to pay the outstanding amount of all Liquidity Obligations and/or, if applicable, with respect to any particular Liquidity Facility, unless (x) less than 65% of the aggregate outstanding principal amount of all Equipment Notes are Performing Equipment Notes and a Liquidity Event of Default shall have occurred and be continuing under such Liquidity Facility or (y) a Final Drawing shall have occurred under such Liquidity Facility, to replenish the Cash Collateral Account with respect to such Liquidity Facility up to the Stated Portion of the Required Amount for the related Class of Certificates (less the amount of any repayments of Interest Drawings under such Liquidity Facility while sub-clause (x) is applicable);

(v) to pay certain fees, taxes, charges and other amounts payable to the Subordination Agent, any Trustee or any Certificateholder;

(vi) to pay Adjusted Expected Distributions to the holders of Class A Certificates;

(vii) to pay Adjusted Expected Distributions to the holders of Class B Certificates; and

(viii) to pay Adjusted Expected Distributions to the holders of Class C Certificates.

"Adjusted Expected Distributions" means, with respect to the Certificates of any Trust on any Current Distribution Date, the sum of (x) accrued and unpaid interest on such Certificates (excluding interest, if any, payable with respect to the Deposits relating to such Trust) and (y) the greater of:

(A) the difference between (x) the Pool Balance of such Certificates as of the immediately preceding Distribution Date and (y) the Pool Balance of such Certificates as of the Current Distribution Date calculated on the basis that (i) the principal of the Non-Performing Equipment Notes held in such Trust has been paid in full and such payments have been distributed to the holders of such Certificates, (ii) the principal of the Performing Equipment Notes held in such Trust has been paid when due (but without giving effect to any unpaid acceleration of Performing Equipment Notes) and such payments have been distributed to the holders of such Certificates and (iii) the principal of any Equipment Notes formerly held in such Trust that have been sold pursuant to the Intercreditor Agreement has been paid in full and such payments have been distributed to the holders of such Certificates, but without giving effect to any reduction in the Pool Balance as a result of any distribution attributable to Deposits, and

(B) the amount of the excess, if any, of (i) the Pool Balance of such Class of Certificates as of the immediately preceding Distribution Date (less the amount of the Deposits for such Class of Certificates as of such preceding Distribution Date other than any portion of such Deposits thereafter used to acquire Equipment Notes pursuant to the Note Purchase Agreement), over (ii) the Aggregate LTV Collateral Amount for such Class of Certificates for the Current Distribution Date;

provided that, until the date of the initial LTV Appraisals, clause (B) shall not apply.

For purposes of calculating Expected Distributions or Adjusted Expected Distributions with respect to the Certificates of any Trust, any premium paid on the Equipment Notes held in such Trust that has not been distributed to the Certificateholders of such Trust (other than such premium or a portion thereof applied to the payment of interest on the Certificates of such Trust or the reduction of the Pool Balance of such Trust) shall be added to the amount of Expected Distributions or Adjusted Expected Distributions.

"Aggregate LTV Collateral Amount" for any Class of Certificates for any Distribution Date means the sum of the applicable LTV Collateral Amounts for each Aircraft, minus the Pool Balance for each Class of Certificates, if any, senior to such Class, after giving effect to any distribution on such Distribution Date of principal of the Equipment Notes held by the Trust or Trusts of such senior Class or Classes.

"LTV Collateral Amount" of any Aircraft for any Class of Certificates means, as of any Distribution Date, the lesser of (i) the LTV Ratio for such Class of Certificates multiplied by the Appraised Current Market Value of such Aircraft (or with respect to any such Aircraft that has suffered an Event or Loss under and as defined in any Lease or Indenture, the amount of the insurance proceeds paid to the related Loan Trustee in respect thereof to the extent then held by such Loan Trustee (and/or on deposit in the Special Payments Account) or payable to such Loan Trustee in respect thereof) and (ii) the outstanding principal amount of the Equipment Notes secured by such Aircraft after giving effect to any principal payments of such Equipment Notes on or before such Distribution Date.

"LTV Ratio" means for the Class A Certificates 40.36%, for the Class B Certificates 54.03% and for the Class C Certificates 65.19%.

"Appraised Current Market Value" of any Aircraft means the lower of the average and the median of the most recent three Appraisals of such Aircraft. After a Triggering Event occurs and any Equipment Note becomes a Non-Performing Equipment Note, the Subordination Agent shall obtain LTV Appraisals for the Aircraft as soon as practicable and additional LTV Appraisals on or prior to each anniversary of the date of such initial LTV Appraisals; provided that if the Controlling Party reasonably objects to the appraised value of the Aircraft shown in such Appraisals, the Controlling Party shall have the right to obtain or cause to be obtained substitute LTV Appraisals (including LTV Appraisals based upon physical inspection of the Aircraft).

"Appraisal" means a fair market value appraisal (which may be a "desktop" appraisal) performed by any Appraiser or any other nationally recognized appraiser on the basis of an arm's-length transaction between an informed and willing purchaser under no compulsion to buy and an informed and willing seller under no compulsion to sell and both having knowledge of all relevant facts.

In the case of Leased Aircraft Indentures relating to transactions in which Boeing or an affiliate of Boeing is the Owner Participant, certain amounts payable to the Trustees, the Subordination Agent and the Liquidity Providers, including fees and expenses of the Trustees and the Subordination Agent and indemnification obligations of Continental, will not be entitled to the benefits of the lien of the Indentures. Consequently, if a default occurs in the payment of any such amounts, and to the extent that such amounts are distributed to any such party in accordance with the priorities of distribution described above, the holders of one or more junior Classes of Certificates may not receive the full amount due them even if all Equipment Notes are eventually paid in full, and any unpaid amounts will be unsecured claims against Continental.

Interest Drawings under the Liquidity Facility and withdrawals from the Cash Collateral Account, in each case in respect of interest on the Certificates of any Trust, will be distributed to the Trustee for such Trust, notwithstanding the priority of distributions set forth in the Intercreditor Agreement and otherwise described herein. All amounts on deposit in the Cash Collateral Account for any Trust that are in excess of the Required Amount will be paid to the applicable Liquidity Provider.

#### VOTING OF EQUIPMENT NOTES

In the event that the Subordination Agent, as the registered holder of any Equipment Note, receives a request for its consent to any amendment, modification, consent or waiver under such Equipment Note or the related Indenture (or, if applicable, the Lease, the Participation Agreement or other related document), (i) if no Indenture Default shall have occurred and be continuing with respect to such Indenture, the Subordination Agent shall request instructions from the Trustees and shall vote or consent in accordance with the directions of the Trustees (in the case of each such Trustee, with respect to the Equipment Notes held in such Trust) constituting, in the aggregate, directions with respect to the requisite principal amount of Equipment Notes under such Indenture and (ii) if any Indenture Default shall have occurred and be continuing with respect to

such Indenture, the Subordination Agent will exercise its voting rights as directed by the Controlling Party, subject to certain limitations; provided that no such amendment, modification, consent or waiver shall, without the consent of each Liquidity Provider, reduce the amount of rent, supplemental rent or stipulated loss values payable by Continental under any Lease or reduce the amount of principal or interest payable by Continental under any Equipment Note issued under any Owned Aircraft Indenture. (Intercreditor Agreement, Section 9.1)

#### THE SUBORDINATION AGENT

Wilmington Trust Company is the Subordination Agent under the Intercreditor Agreement. Continental and its affiliates may from time to time enter into banking and trustee relationships with the Subordination Agent and its affiliates. The Subordination Agent's address is Wilmington Trust Company, Rodney Square North, 1100 North Market Street, Wilmington, Delaware 19890-0001, Attention: Corporate Trust Administration.

The Subordination Agent may resign at any time, in which event a successor Subordination Agent will be appointed as provided in the Intercreditor Agreement. The Controlling Party may remove the Subordination Agent for cause as provided in the Intercreditor Agreement. In such circumstances, a successor Subordination Agent will be appointed as provided in the Intercreditor Agreement. Any resignation or removal of the Subordination Agent and appointment of a successor Subordination Agent does not become effective until acceptance of the appointment by the successor Subordination Agent. (Intercreditor Agreement, Section 8.1)

#### DESCRIPTION OF THE AIRCRAFT AND THE APPRAISALS

##### THE AIRCRAFT

The Aircraft consist of eight Boeing 757-224 aircraft, eighteen Boeing 737-524 and four Boeing 737-724 aircraft, all of which will be newly delivered by the manufacturer at the time that the Equipment Notes relating thereto are issued. The Aircraft have been designed to be in compliance with Stage 3 noise level standards, which are the most restrictive regulatory standards currently in effect in the United States for aircraft noise abatement.

##### Boeing 757-200 Aircraft

The Boeing 757-200 aircraft is a medium-range aircraft with a seating capacity of approximately 183 passengers. The engine type utilized on Continental's 757-224 is anticipated to be the Rolls Royce RB211-535E4B.

##### Boeing 737-500 Aircraft

The Boeing 737-500 aircraft is a medium-range aircraft with a seating capacity of approximately 104 passengers. The engine type utilized on Continental's 737-524 is anticipated to be the CFM International CFM56-3-B2.

##### Boeing 737-700 Aircraft

The Boeing 737-700 aircraft is a medium-range aircraft with a seating capacity of approximately 124 passengers. The Boeing 737-700 has not yet entered commercial airline service, and the initial delivery of such model is scheduled for November 1997. The engine type utilized on Continental's 737-724 is anticipated to be the CFM International CFM 56-7B24. Deliveries of the Boeing 737-724 aircraft to Continental are subject to Boeing obtaining certain approvals of the U.S. Federal Aviation Administration with respect to such model. See "-- Deliveries of Aircraft".

\* Reflects the scheduled delivery month under Continental's purchase agreement with the manufacturer. Aircraft 118 and 119 were delivered in March and May 1997, respectively. The actual delivery date for the other Aircraft may be subject to delay. See "-- Deliveries of Aircraft".

The appraised values set forth in the foregoing chart were determined by the following three independent aircraft appraisal and consulting firms: AISI, BK and MBA. Each Appraiser provided its opinion as to the appraised value of each Aircraft as of February 25, 1997, January 8, 1997 and February 21, 1997, respectively, and projected as of the scheduled delivery month of each such Aircraft. As part of this process, all three Appraisers performed "desk-top" appraisals without any physical inspection of the Aircraft. The appraisals are based on various assumptions and methodologies, which vary among the appraisals. The Appraisers have delivered letters summarizing their respective appraisals, copies of which are annexed to this Prospectus as Appendix II. For a discussion of the assumptions and methodologies used in each of the appraisals, reference is hereby made to such summaries.

An appraisal is only an estimate of value, is not indicative of the price at which an aircraft may be purchased from the manufacturer and should not be relied upon as a measure of realizable value; the proceeds

realized upon a sale of any Aircraft may be less than the appraised value thereof. The value of the Aircraft in the event of the exercise of remedies under the applicable Indenture will depend on market and economic conditions, the availability of buyers, the condition of the Aircraft and other similar factors. Accordingly, there can be no assurance that the proceeds realized upon any such exercise with respect to the Equipment Notes and the Aircraft pursuant to the applicable Indenture would be as appraised or sufficient to satisfy in full payments due on the Equipment Notes issued thereunder or the Certificates.

#### DELIVERIES OF AIRCRAFT

The Aircraft are scheduled for delivery under Continental's purchase agreement with Boeing from March 1997 to February 1998. See the table under "-- The Appraisals" for the scheduled month of delivery of each Aircraft. Under such purchase agreement, delivery of an Aircraft may be delayed due to "Excusable Delay", which is defined to include, among other things, acts of God, governmental acts or failures to act, strikes or other labor troubles, inability to procure materials, or any other cause beyond Boeing's control or not occasioned by Boeing's fault or negligence. In addition, the Boeing 737-700 aircraft model has not yet received the necessary U.S. Federal Aviation Administration approvals, which Boeing is required to obtain under its purchase agreement with Continental. Boeing has advised Continental that it expects to receive such approvals by no later than October 1997, although no assurance can be given that this will occur. The first of the four Boeing 737-724 aircraft included in the Aircraft is scheduled for delivery in January 1998.

The Note Purchase Agreement provides that the Delivery Period will expire on March 31, 1998, subject to extension, in the event that the Equipment Notes relating to all of the Aircraft (or Substitute Aircraft in lieu thereof) have not been purchased by the Trustees on or prior to such date due to any reason beyond the control of Continental and not occasioned by Continental's fault or negligence, to the earlier of (i) the purchase by the Trustees of Equipment Notes relating to the last Aircraft (or a Substitute Aircraft in lieu thereof) and (ii) June 30, 1998.

If delivery of any Aircraft is delayed by more than 30 days after the month scheduled for delivery or beyond June 30, 1998, Continental has the right to replace such Aircraft with a Substitute Aircraft, subject to certain conditions. See "-- Substitute Aircraft". If delivery of any Aircraft is delayed beyond the Delivery Period Termination Date and Continental does not exercise its right to replace such Aircraft with a Substitute Aircraft, there will be unused Deposits that will be distributed to Certificateholders together with accrued and unpaid interest thereon and a premium. See "Description of the Deposit Agreements -- Unused Deposits".

#### SUBSTITUTE AIRCRAFT

If the delivery date for any Aircraft is delayed (i) more than 30 days after the month scheduled for delivery or (ii) beyond June 30, 1998, Continental may identify for delivery a Substitute Aircraft therefor meeting the following conditions: (i) a Substitute Aircraft must be a Boeing 757-200, 737-500 or 737-700 aircraft manufactured after the Issuance Date, (ii) one or more Substitute Aircraft of the same or different types may be substituted for one or more Aircraft of the same or different types so long as after giving effect thereto the maximum principal amount of Equipment Notes of each Series issued in respect of the Substitute Aircraft under the Mandatory Economic Terms would not exceed the maximum principal amount of the Equipment Notes of each Series that could have been issued under the Mandatory Economic Terms in respect of the replaced Aircraft and (iii) Continental will be obligated to obtain written confirmation from each Rating Agency that substituting such Substitute Aircraft for the replaced Aircraft will not result in a withdrawal, suspension or downgrading of the ratings of any Class of Certificates.

#### DESCRIPTION OF THE EQUIPMENT NOTES

The statements under this caption are summaries and do not purport to be complete. The summaries make use of terms defined in and reference is made to all of the provisions of the Equipment Notes, the Indentures, the Leases, the Participation Agreements, the Trust Agreements and the Note Purchase Agreement. Except as otherwise indicated, the following summaries relate to the Equipment Notes, the Indenture, the Lease, the Participation Agreement, and the Trust Agreement that may be applicable to each

Aircraft, forms of which are filed as exhibits to the Registration Statement and are available as set forth under the heading "Available Information".

Under the Note Purchase Agreement, Continental will have the option of entering into a leveraged lease financing or a debt financing with respect to each Aircraft. The Note Purchase Agreement provides for the relevant parties to enter into either (i) with respect to each Leased Aircraft, a Participation Agreement, a Lease and an Indenture (among other documents) relating to the financing of such Aircraft and (ii) with respect to each Owned Aircraft, a Participation Agreement and an Owned Aircraft Indenture relating to the financing of such Owned Aircraft. The description of such agreements in this Offering Circular is based on the forms of such agreements annexed to the Note Purchase Agreement. Requests for the Note Purchase Agreement, including the forms of such agreements annexed thereto, should be addressed to the Trustees.

Continental has obtained commitments of certain companies to act as the Owner Participant with respect to the leveraged leases for all of the Aircraft and, in certain cases, is seeking alternative commitments on more favorable terms. The existing commitments are subject to satisfaction of certain conditions with respect to each Aircraft and, in certain cases, Continental may elect to terminate such commitments with respect to certain Aircraft. Accordingly, Continental may select one or more other Owner Participants for some or all of such Aircraft or finance such Aircraft as Owned Aircraft rather than Leased Aircraft. Such Owner Participants may request revisions to the forms of the Participation Agreement, the Lease and the Leased Aircraft Indenture that are contemplated by the Note Purchase Agreement, so that the terms of such agreements applicable to any particular Leased Aircraft may differ from the description of such agreements contained in this Prospectus. However, under the Note Purchase Agreement, the terms of such agreements are required to (i) contain the Mandatory Documents Terms and (ii) not vary the Mandatory Economic Terms. In addition, Continental will be obligated (i) to certify to the Trustees that any such modifications do not materially and adversely affect the Certificateholders and (ii) to obtain written confirmation from each Rating Agency that the use of versions of such agreements modified in any material respect would not result in a withdrawal, suspension or downgrading of the ratings of any Class of Certificates. See "Description of the New Certificates -- Obligation to Purchase Equipment Notes". Each Owner Participant will be required to satisfy certain requirements, including having a minimum combined capital and surplus or net worth.

#### GENERAL

The Equipment Notes will be issued in three series with respect to each Aircraft. The Equipment Notes with respect to each Leased Aircraft will be issued under a separate Leased Aircraft Indenture between First Security Bank, National Association, as Owner Trustee of a trust for the benefit of the Owner Participant who will be the beneficial owner of such Aircraft, and Wilmington Trust Company, as Leased Aircraft Trustee. The Equipment Notes with respect to each Owned Aircraft will be issued under a separate Owned Aircraft Indenture between Continental and Wilmington Trust Company, as Owned Aircraft Trustee.

The related Owner Trustee will lease each Leased Aircraft to Continental pursuant to a separate Lease between such Owner Trustee and Continental with respect to such Leased Aircraft. Under each Lease, Continental will be obligated to make or cause to be made rental and other payments to the related Leased Aircraft Trustee on behalf of the related Owner Trustee, which rental and other payments will be at least sufficient to pay in full when due all payments required to be made on the Equipment Notes issued with respect to such Leased Aircraft. The Equipment Notes issued with respect to the Leased Aircraft will not, however, be direct obligations of, or guaranteed by, Continental. Continental's rental obligations under each Lease and Continental's obligations under the Equipment Notes issued with respect to each Owned Aircraft will be general obligations of Continental.

#### SUBORDINATION

Series B Equipment Notes issued in respect of any Aircraft will be subordinated in right of payment to Series A Equipment Notes issued in respect of such Aircraft and Series C Equipment Notes issued in respect of such Aircraft will be subordinated in right of payment to such Series B Equipment Notes. On each Equipment Note payment date, (i) payments of interest and principal due on Series A Equipment Notes

issued in respect of any Aircraft will be made prior to payments of interest and principal due on Series B Equipment Notes issued in respect of such Aircraft and (ii) payments of interest and principal due on Series B Equipment Notes issued in respect of any Aircraft will be made prior to payments of interest and principal due on Series C Equipment Notes issued in respect of such Aircraft.

#### PRINCIPAL AND INTEREST PAYMENTS

Subject to the provisions of the Intercreditor Agreement, interest paid on the Equipment Notes held in each Trust will be passed through to the Certificateholders of such Trust on the dates and at the rate per annum set forth on the cover page of this Prospectus with respect to Certificates issued by such Trust (subject to change as provided in the Registration Rights Agreement) until the final expected Regular Distribution Date for such Trust. Subject to the provisions of the Intercreditor Agreement, principal paid on the Equipment Notes held in each Trust will be passed through to the Certificateholders of such Trust in scheduled amounts on the dates set forth herein until the final expected Regular Distribution Date for such Trust.

Interest is payable on the unpaid principal amount of each Equipment Note at the rate applicable to such Equipment Note on April 1 and October 1 in each year, commencing on October 1, 1997, or, if later, the first such date to occur after initial issuance thereof. Such interest is computed on the basis of a 360-day year of twelve 30-day months. Under certain circumstances described in "The Exchange Offer -- Terms of the Exchange Offer-General", the interest rates for the Equipment Notes may be increased to the extent described therein.

Scheduled principal payments on the Equipment Notes will be made on April 1 and October 1 in certain years, commencing April 1, 1998. See "Description of the New Certificates -- Pool Factors" for a discussion of the scheduled payments of principal of the Equipment Notes and possible revisions thereto.

If any date scheduled for any payment of principal, premium (if any) or interest with respect to the Equipment Notes is not a Business Day, such payment will be made on the next succeeding Business Day without any additional interest.

#### REDEMPTION

If an Event of Loss occurs with respect to any Aircraft and such Aircraft is not replaced by Continental under the related Lease (in the case of a Leased Aircraft) or under the related Owned Aircraft Indenture (in the case of an Owned Aircraft), the Equipment Notes issued with respect to such Aircraft will be redeemed, in whole, in each case at a price equal to the aggregate unpaid principal amount thereof, together with accrued interest thereon to, but not including, the date of redemption, but without premium, on a Special Distribution Date. (Indentures, Section 2.10(a))

If Continental exercises its right to terminate a Lease under Section 9 of such Lease, the Equipment Notes relating to the applicable Leased Aircraft will be redeemed, in whole, on a Special Distribution Date at a price equal to the aggregate unpaid principal amount thereof, together with accrued interest thereon to, but not including, the date of redemption, plus, in the case of any series of Equipment Notes, if such redemption is made prior to the Premium Termination Date applicable to such Series, a Make-Whole Premium. (Leased Aircraft Indentures, Section 2.10(b)). See "-- The Leases -- Lease Termination".

All of the Equipment Notes issued with respect to a Leased Aircraft may be redeemed prior to maturity as part of a refunding or refinancing thereof under Section 11 of the applicable Participation Agreement, and all of the Equipment Notes issued with respect to the Owned Aircraft may be redeemed prior to maturity at any time at the option of Continental, in each case at a price equal to the aggregate unpaid principal thereof, together with accrued interest thereon to, but not including, the date of redemption, plus, in the case of any series of Equipment Notes, if such redemption is made prior to the Premium Termination Date applicable to such Series, a Make-Whole Premium. (Indentures, Section 2.11) If notice of such a redemption shall have been given in connection with a refinancing of Equipment Notes with respect to a Leased Aircraft, such notice

may be revoked not later than three days prior to the proposed redemption date. (Leased Aircraft Indentures, Section 2.12)

If, with respect to a Leased Aircraft, (x) one or more Lease Events of Default shall have occurred and be continuing, (y) in the event of a bankruptcy proceeding involving Continental, (i) during the Section 1110 Period, the trustee in such proceeding or Continental does not agree to perform its obligations under the related Lease or (ii) at any time after agreeing to perform such obligations, such trustee or Continental ceases to perform such obligations such that the stay period applicable under the U.S. Bankruptcy Code comes to an end or (z) the Equipment Notes with respect to such Aircraft have been accelerated or the Leased Aircraft Trustee with respect to such Equipment Notes takes action or notifies the applicable Owner Trustee that it intends to take action to foreclose the lien of the related Leased Aircraft Indenture or otherwise commence the exercise of any significant remedy under such Indenture or the related Lease, then in each case all, but not less than all, of the Equipment Notes issued with respect to such Leased Aircraft may be purchased by the Owner Trustee or Owner Participant on the applicable purchase date at a price equal to the aggregate unpaid principal thereof, together with accrued and unpaid interest thereon to, but not including, the date of purchase, but without any premium (provided that a Make-Whole Premium shall be payable if such Equipment Notes are to be purchased pursuant to clause (x) when a Lease Event of Default shall have occurred and been continuing for less than 120 days). (Leased Aircraft Indentures, Section 2.13) Continental as owner of the Owned Aircraft has no comparable right under the Owned Aircraft Indentures to purchase the Equipment Notes under such circumstances.

"Make-Whole Premium" means, with respect to any Equipment Note, an amount (as determined by an independent investment banker of national standing) equal to the excess, if any, of (a) the present value of the remaining scheduled payments of principal and interest to maturity of such Equipment Note computed by discounting such payments on a semiannual basis on each Payment Date (assuming a 360-day year of twelve 30-day months) using a discount rate equal to the Treasury Yield over (b) the outstanding principal amount of such Equipment Note plus accrued interest to the date of determination.

For purposes of determining the Make-Whole Premium, "Treasury Yield" means, at the date of determination with respect to any Equipment Note, the interest rate (expressed as a semiannual decimal and, in the case of United States Treasury bills, converted to a bond equivalent yield) determined to be the per annum rate equal to the semiannual yield to maturity for United States Treasury securities maturing on the Average Life Date of such Equipment Note and trading in the public securities markets either as determined by interpolation between the most recent weekly average yield to maturity for two series of United States Treasury securities trading in the public securities markets, (A) one maturing as close as possible to, but earlier than, the Average Life Date of such Equipment Note and (B) the other maturing as close as possible to, but later than, the Average Life Date of such Equipment Note, in each case as published in the most recent H.15(519) or, if a weekly average yield to maturity for United States Treasury securities maturing on the Average Life Date of such Equipment Note is reported in the most recent H.15(519), such weekly average yield to maturity as published in such H.15(519). "H.15(519)" means the weekly statistical release designated as such, or any successor publication, published by the Board of Governors of the Federal Reserve System. The date of determination of a Make-Whole Premium shall be the third Business Day prior to the applicable payment or redemption date and the "most recent H.15(519)" means the H.15(519) published prior to the close of business on the third Business Day prior to the applicable payment or redemption date.

"Average Life Date" for any Equipment Note shall be the date which follows the time of determination by a period equal to the Remaining Weighted Average Life of such Equipment Note. "Remaining Weighted Average Life" on a given date with respect to any Equipment Note shall be the number of days equal to the quotient obtained by dividing (a) the sum of each of the products obtained by multiplying (i) the amount of each then remaining scheduled payment of principal of such Equipment Note by (ii) the number of days from and including such determination date to but excluding the date on which such payment of principal is scheduled to be made, by (b) the then outstanding principal amount of such Equipment Note.

## SECURITY

The Equipment Notes issued with respect to each Leased Aircraft will be secured by (i) an assignment by the related Owner Trustee to the related Leased Aircraft Trustee of such Owner Trustee's rights, except for certain limited rights, under the Lease with respect to the related Aircraft, including the right to receive payments of rent thereunder, (ii) a mortgage to such Leased Aircraft Trustee of such Aircraft, subject to the rights of Continental under such Lease, and (iii) an assignment to such Leased Aircraft Trustee of certain of such Owner Trustee's rights under the purchase agreement between Continental and the related manufacturer. Unless and until an Indenture Default with respect to a Leased Aircraft has occurred and is continuing, the Leased Aircraft Trustee may not exercise the rights of the Owner Trustee under the related Lease, except the Owner Trustee's right to receive payments of rent due thereunder. The assignment by the Owner Trustee to the Leased Aircraft Trustee of its rights under the related Lease will exclude certain rights of such Owner Trustee and the related Owner Participant, including the rights of the Owner Trustee and the Owner Participant with respect to indemnification by Continental for certain matters, insurance proceeds payable to such Owner Trustee in its individual capacity or to such Owner Participant under public liability insurance maintained by Continental under such Lease or by such Owner Trustee or such Owner Participant, insurance proceeds payable to such Owner Trustee in its individual capacity or to such Owner Participant under certain casualty insurance maintained by such Owner Trustee or such Owner Participant under such Lease and certain reimbursement payments made by Continental to such Owner Trustee. (Leased Aircraft Indenture, Granting Clause) The Equipment Notes are not cross-collateralized, and, consequently, the Equipment Notes issued in respect of any one Aircraft are not secured by any of the other Aircraft or replacement aircraft therefor (as described in "--The Leases--Events of Loss") or the Leases related thereto.

The Equipment Notes issued with respect to each Owned Aircraft are secured by (i) a mortgage to the Owned Aircraft Trustee of such Aircraft and (ii) an assignment to the Owned Aircraft Trustee of certain of Continental's rights under its purchase agreement with the related manufacturer.

Funds, if any, held from time to time by the Loan Trustee with respect to any Aircraft, including funds held as the result of an Event of Loss to such Aircraft or, in the case of a Leased Aircraft, termination of the Lease, if any, relating thereto, will be invested and reinvested by such Loan Trustee, at the direction of the related Owner Trustee in the case of the Leased Aircraft or Continental in the case of the Owned Aircraft (except in the case of certain Indenture Defaults), in investments described in the related Indenture. (Leased Aircraft Indentures, Section 5.09; Owned Aircraft Indentures, Section 6.06)

## LOAN TO VALUE RATIOS OF EQUIPMENT NOTES

The following tables set forth examples of loan to Aircraft value ratios for the Equipment Notes issued in respect of Aircraft as of the Regular Distribution Dates that occur after the scheduled date of original issuance of such Equipment Notes, assuming that the Equipment Notes in the maximum principal amount are issued in respect of each such Aircraft. These examples were utilized by Continental in preparing the Assumed Amortization Schedule, although such schedule may not be applicable in the case of any particular Aircraft. See "Description of the New Certificates -- Pool Factors". The LTV was obtained by dividing (i) the outstanding balance (assuming no payment default) of such Equipment Notes determined immediately after giving effect to the payments scheduled to be made on each such Regular Distribution Date by (ii) the assumed value (the "Assumed Aircraft Value") of the Aircraft securing such Equipment Notes.

The following tables are based on the assumption that the value of each Aircraft set forth opposite the initial Regular Distribution Date included in each table depreciates by approximately 2% of the initial appraised value per year until the fifteenth year after the year of delivery of such Aircraft and by approximately 4% of the initial appraised value per year thereafter. Other rates or methods of depreciation would result in materially different loan to Aircraft value ratios, and no assurance can be given (i) that the depreciation rates and method assumed for the purposes of the tables are the ones most likely to occur or (ii) as to the actual future value of any Aircraft. Thus the tables should not be considered a forecast or prediction of expected or likely loan to Aircraft value ratios, but simply a mathematical calculation based on one set of assumptions.

## LIMITATION OF LIABILITY

The Equipment Notes issued with respect to the Leased Aircraft will not be direct obligations of, or guaranteed by, Continental, the Owner Participant or the Owner Trustees in their individual capacity. None of the Owner Trustees, the Owner Participants or the Leased Aircraft Trustees, or any affiliates thereof, will be personally liable to any holder of an Equipment Note or, in the case of the Owner Trustees and the Owner Participants, to the Leased Aircraft Trustees for any amounts payable under the Equipment Notes or, except as provided in each Leased Aircraft Indenture, for any liability under such Leased Aircraft Indenture. All payments of principal of, premium, if any, and interest on the Equipment Notes issued with respect to any Leased Aircraft (other than payments made in connection with an optional redemption or purchase of Equipment Notes issued with respect to a Leased Aircraft by the related Owner Trustee or the related Owner Participant) will be made only from the assets subject to the lien of the Indenture with respect to such Leased Aircraft or the income and proceeds received by the related Leased Aircraft Trustee therefrom (including rent payable by Continental under the Lease with respect to such Leased Aircraft).

The Equipment Notes issued with respect to the Owned Aircraft will be direct obligations of Continental.

Except as otherwise provided in the Indentures, each Owner Trustee and each Loan Trustee, in its individual capacity, will not be answerable or accountable under the Indentures or under the Equipment Notes under any circumstances except for its own willful misconduct or gross negligence. None of the Owner Participants will have any duty or responsibility under any of the Leased Aircraft Indentures or the Equipment Notes to the Leased Aircraft Trustees or to any holder of any Equipment Note.

## INDENTURE DEFAULTS, NOTICE AND WAIVER

Indenture Defaults under each Indenture will include: (a) in the case of a Leased Aircraft Indenture, the occurrence of any Lease Event of Default under the related Lease (other than the failure to make certain indemnity payments and other payments to the related Owner Trustee or Owner Participant unless a notice is given by such Owner Trustee that such failure shall constitute an Indenture Default), (b) the failure by the related Owner Trustee (other than as a result of a Lease Default or Lease Event of Default), in the case of a Leased Aircraft Indenture, or Continental, in the case of an Owned Aircraft Indenture, to pay any interest or principal or premium, if any, when due, under such Indenture or under any Equipment Note issued thereunder that continues for more than 10 Business Days, in the case of principal, interest or Make-Whole Premium, and, in all other cases, ten Business Days after the relevant Owner Trustee or Owner Participant receives written demand from the related Loan Trustee or holder of an Equipment Note, (c) the failure by the related Owner Participant or the related Owner Trustee (in its individual capacity), in the case of a Leased Aircraft Indenture, or Continental, in the case of an Owned Aircraft Indenture, to discharge certain liens that continues after notice and specified cure periods, (d) any representation or warranty made by the related Owner Trustee or Owner Participant in the related Aircraft Operative Agreements, or certain related documents furnished to the Loan Trustee pursuant thereto being false or incorrect in any material respect when made that continues to be material and adverse to the interests of the Loan Trustee or Note Holders and remains unremedied after notice and specified cure periods, (e) failure by Continental or the related Owner Trustee or Owner Participant to perform or observe any covenant or obligation for the benefit of the Loan Trustee or holders of Equipment Notes under such Indenture or certain related documents that continues after notice and specified cure periods, (f) the registration of the related Aircraft ceasing to be effective as a result of the Owner Participant (in the case of a Leased Aircraft) or Continental (in the case of an Owned Aircraft) not being a citizen of the United States, as defined in the Transportation Code (subject to a cure period), (g) with respect to the Owned Aircraft, the lapse or cancellation of insurance required under the Owned Aircraft Indenture or (h) the occurrence of certain events of bankruptcy, reorganization or insolvency of the related Owner Trustee or Owner Participant (in the case of a Leased Aircraft) or Continental (in the case of the Owned Aircraft). (Leased Aircraft Indentures, Section 4.02; Owned Aircraft Indenture, Section 5.01) There will not be cross-default provisions in the Indentures or in the Leases (unless, in the case of a Lease, otherwise agreed between an Owner Participant and Continental). Consequently, events resulting in an Indenture Default under any particular Indenture may or may not result in an Indenture Default

occurring under any other Indenture, and a Lease Event of Default under any particular Lease may or may not constitute a Lease Event of Default under any other Lease.

If Continental fails to make any semiannual basic rental payment due under any Lease, within a specified period after such failure the applicable Owner Trustee may furnish to the Leased Aircraft Trustee the amount due on the Equipment Notes issued with respect to the related Leased Aircraft, together with any interest thereon on account of the delayed payment thereof, in which event the Leased Aircraft Trustee and the holders of outstanding Equipment Notes issued under such Indenture may not exercise any remedies otherwise available under such Indenture or such Lease as the result of such failure to make such rental payment, unless such Owner Trustee has previously cured three or more immediately preceding semiannual basic rental payment defaults or, in total, six or more previous semiannual basic rental payment defaults (or, in the case of certain Owner Participants, six or more immediately preceding semiannual basic rental payment defaults or, in total, eight or more previous semiannual basic rental payment defaults). The applicable Owner Trustee also may cure any other default by Continental in the performance of its obligations under any Lease that can be cured with the payment of money. (Leased Aircraft Indentures, Section 4.03)

The holders of a majority in principal amount of the outstanding Equipment Notes issued with respect to any Aircraft, by notice to the Loan Trustee, may on behalf of all the holders waive any existing default and its consequences under the Indenture with respect to such Aircraft, except a default in the payment of the principal of or premium or interest on any such Equipment Notes or a default in respect of any covenant or provision of such Indenture that cannot be modified or amended without the consent of each holder of Equipment Notes affected thereby. (Leased Aircraft Indentures, Section 4.08; Owned Aircraft Indenture, Section 5.06)

#### REMEDIES

If an Indenture Default occurs and is continuing under an Indenture, the related Loan Trustee or the holders of a majority in principal amount of the Equipment Notes outstanding under such Indenture may, subject to the applicable Owner Participant's or Owner Trustee's right to cure, as discussed above, declare the principal of all such Equipment Notes issued thereunder immediately due and payable, together with all accrued but unpaid interest thereon, provided that in the event of a reorganization proceeding involving Continental instituted under Chapter 11 of the U.S. Bankruptcy Code, if no other Lease Event of Default and no other Indenture Default (other than the failure to pay the outstanding amount of the Equipment Notes which by such declaration shall have become payable) exists at any time after the consummation of such proceeding, such declaration will be automatically rescinded without any further action on the part of any holder of Equipment Notes. The holders of a majority in principal amount of Equipment Notes outstanding under such Indenture may rescind any such declaration at any time before the judgment or decree for the payment of the money so due shall be entered if (i) there has been paid to the related Loan Trustee an amount sufficient to pay all principal, interest, and premium, if any, on any such Equipment Notes, to the extent such amounts have become due otherwise than by such declaration of acceleration and (ii) all other Indenture Defaults and incipient Indenture Defaults under such Indenture have been cured. (Leased Aircraft Indentures, Section 4.04(b); Owned Aircraft Indenture, Section 5.02(b))

Each Indenture will provide that if an Indenture Default under such Indenture has occurred and is continuing, the related Loan Trustee may exercise certain rights or remedies available to it under such Indenture or under applicable law, including (if, in the case of a Leased Aircraft, the corresponding Lease has been declared in default) one or more of the remedies under such Indenture or, in the case of a Leased Aircraft, such Lease with respect to the Aircraft subject to such Lease. If an Indenture Default arises solely by reason of one or more events or circumstances which constitute a Lease Event of Default, the related Leased Aircraft Trustee's right to exercise remedies under a Leased Aircraft Indenture is subject, with certain exceptions, to its having proceeded to exercise one or more of the dispossessory remedies under the Lease with respect to such Leased Aircraft; provided that the requirement to exercise one or more of such remedies under such Lease shall not apply in circumstances where such exercise has been involuntarily stayed or prohibited by applicable law or court order for a continuous period in excess of 60 days or such other period as may be specified in Section 1110(a)(1)(A) of the U.S. Bankruptcy Code (plus an additional period, if any, resulting

from (i) the trustee or debtor-in-possession in such proceeding agreeing to perform its obligations under such Lease with the approval of the applicable court and its continuous performance of such Lease under Section 1110(a)(1)(A-B) of the U.S. Bankruptcy Code or such Leased Aircraft Trustee's consent to an extension of such period, (ii) such Leased Aircraft Trustee's failure to give any requisite notice, or (iii) Continental's assumption of such Lease with the approval of the relevant court and its continuous performance of the Lease so assumed). See "-- The Leases -- Lease Events of Default". Such remedies may be exercised by the related Leased Aircraft Trustee to the exclusion of the related Owner Trustee, subject to certain conditions specified in such Indenture, and of Continental, subject to the terms of such Lease. Any Aircraft sold in the exercise of such remedies will be free and clear of any rights of those parties, including the rights of Continental under the Lease with respect to such Aircraft; provided that no exercise of any remedies by the related Leased Aircraft Trustee may affect the rights of Continental under any Lease unless a Lease Event of Default has occurred and is continuing. (Leased Aircraft Indentures, Section 4.04; Leases, Section 15) The Owned Aircraft Indentures will not contain such limitations on the Owned Aircraft Trustee's ability to exercise remedies upon an Indenture Default under an Owned Aircraft Indenture.

If a bankruptcy proceeding involving Continental under the U.S. Bankruptcy Code occurs, all of the rights of the Owner Trustee as lessor under a particular Lease will be exercised by the Owner Trustee in accordance with the terms thereof unless (i) during the Section 1110 Period the trustee in such proceeding or Continental does not agree to perform its obligations under such Lease, (ii) at any time after agreeing to perform such obligations, such trustee or Continental ceases to perform such obligations or (iii) the related Loan Trustee takes action, or notifies the Owner Trustee that such Loan Trustee intends to take action, to foreclose the lien of the related Leased Aircraft Indenture in accordance with the provisions of the immediately preceding paragraph. The Owner Trustee's exercise of such rights shall be subject to certain limitations and, in no event, reduce the amount or change the time of any payment in respect of the Equipment Notes or adversely affect the validity or enforceability of the lien under the related Leased Aircraft Indenture.

If the Equipment Notes issued in respect of one Aircraft are in default, the Equipment Notes issued in respect of the other Aircraft may not be in default, and, if not, no remedies will be exercisable under the applicable Indentures with respect to such other Aircraft.

Section 1110 of the U.S. Bankruptcy Code provides that the right of lessors, conditional vendors and holders of security interests with respect to "equipment" (as defined in Section 1110 of the U.S. Bankruptcy Code) to take possession of such equipment in compliance with the provisions of a lease, conditional sale contract or security agreement, as the case may be, is not affected by (a) the automatic stay provision of the U.S. Bankruptcy Code, which provision enjoins repossessions by creditors for the duration of the reorganization period, (b) the provision of the U.S. Bankruptcy Code allowing the trustee in reorganization to use property of the debtor during the reorganization period, (c) Section 1129 of the U.S. Bankruptcy Code (which governs the confirmation of plans of reorganization in Chapter 11 cases) and (d) any power of the bankruptcy court to enjoin a repossession. Section 1110 provides, however, that the right of a lessor, conditional vendor or holder of a security interest to take possession of an aircraft in the event of an event of default may not be exercised for 60 days following the date of commencement of the reorganization proceedings (unless specifically permitted by the bankruptcy court) and may not be exercised at all if, within such 60-day period (or such longer period consented to by the lessor, conditional vendor or holder of a security interest), the trustee in reorganization agrees to perform the debtor's obligations that become due on or after such date and cures all existing defaults (other than defaults resulting solely from the financial condition, bankruptcy, insolvency or reorganization of the debtor). "Equipment" is defined in Section 1110 of the U.S. Bankruptcy Code, in part, as "an aircraft, aircraft engine, propeller, appliance, or spare part (as defined in section 40102 of title 49 of the U.S. Code) that is subject to a security interest granted by, leased to, or conditionally sold to a debtor that is a citizen of the United States (as defined in section 40102 of title 49 of the U.S. Code) holding an air carrier operating certificate issued by the Secretary of Transportation pursuant to chapter 447 of title 49 of the U.S. Code for aircraft capable of carrying 10 or more individuals or 6,000 pounds or more of cargo".

It is a condition to the Trustee's obligation to purchase Equipment Notes with respect to each Aircraft that outside counsel to Continental, which is expected to be Hughes Hubbard & Reed LLP, provide its opinion to the Trustees that (x) if such Aircraft is a Leased Aircraft, the Owner Trustee, as lessor under the Lease for such Aircraft, and the Leased Aircraft Trustee, as assignee of such Owner Trustee's rights under such Lease pursuant to the related Leased Aircraft Indenture, will be entitled to the benefits of Section 1110 of the U.S. Bankruptcy Code with respect to the airframe and engines comprising such Aircraft or (y) if such Aircraft is an Owned Aircraft, the Owned Aircraft Trustee will be entitled to the benefits of Section 1110 with respect to the airframe and engines comprising such Owned Aircraft, in each case so long as Continental continues to be a "citizen of the United States" as defined in Section 40102 of title 49 of the U.S. Code holding an air carrier operating certificate issued by the Secretary of Transportation pursuant to chapter 447 of title 49 of the U.S. Code for aircraft capable of carrying 10 or more individuals or 6,000 pounds or more of cargo. For a description of certain limitations on the Loan Trustee's exercise of rights contained in the Indenture, see "-- Indenture Defaults, Notice and Waiver".

The opinion of Hughes Hubbard & Reed LLP will not address the possible replacement of an Aircraft after an Event of Loss in the future, the consummation of which is conditioned upon the contemporaneous delivery of an opinion of counsel to the effect that the related Loan Trustee will be entitled to Section 1110 benefits with respect to such replacement unless there is a change in law or court interpretation that results in Section 1110 not being available. See "-- The Leases -- Events of Loss". The opinion of Hughes Hubbard & Reed LLP will also not address the availability of Section 1110 with respect to any possible sublessee of a Leased Aircraft subleased by Continental or to any possible lessee of an Owned Aircraft if it is leased by Continental.

If an Indenture Default under any Indenture occurs and is continuing, any sums held or received by the related Loan Trustee may be applied to reimburse such Loan Trustee for any tax, expense or other loss incurred by it and to pay any other amounts due to such Loan Trustee prior to any payments to holders of the Equipment Notes issued under such Indenture. (Indentures, Section 3.03)

In the event of bankruptcy, insolvency, receivership or like proceedings involving an Owner Participant, it is possible that, notwithstanding that the applicable Leased Aircraft is owned by the related Owner Trustee in trust, such Leased Aircraft and the related Lease and Equipment Notes might become part of such proceeding. In such event, payments under such Lease or on such Equipment Notes might be interrupted and the ability of the related Leased Aircraft Trustee to exercise its remedies under the related Leased Aircraft Indenture might be restricted, although such Leased Aircraft Trustee would retain its status as a secured creditor in respect of the related Lease and the related Leased Aircraft.

#### MODIFICATION OF INDENTURES AND LEASES

Without the consent of holders of a majority in principal amount of the Equipment Notes outstanding under any Indenture, the provisions of such Indenture and any related Lease, Participation Agreement or Trust Agreement may not be amended or modified, except to the extent indicated below.

Subject to certain limitations, certain provisions of any Leased Aircraft Indenture, and of the Lease, the Participation Agreement, and the Trust Agreement related thereto, may be amended or modified by the parties thereto without the consent of any holders of the Equipment Notes outstanding under such Indenture. In the case of each Lease, such provisions include, among others, provisions relating to (i) the return to the related Owner Trustee of the related Leased Aircraft at the end of the term of such Lease (except to the extent that such amendment would affect the rights or exercise of remedies under the Lease) and (ii) the renewal of such Lease and the option of Continental at the end of the term of such Lease to purchase the related Leased Aircraft so long as the same would not adversely affect the Note Holders. (Leased Aircraft Indentures, Section 9.01(a)) In addition, any Indenture may be amended without the consent of the holders of Equipment Notes to, among other things, cure any defect or inconsistency in such Indenture or the Equipment Notes issued thereunder, provided that such change does not adversely affect the interests of any such holder. (Leased Aircraft Indentures, Section 9.01(c); Owned Aircraft Indenture, Section 10.01)

Without the consent of the holder of each Equipment Note outstanding under any Indenture affected thereby, no amendment or modification of such Indenture may among other things (a) reduce the principal amount of, or premium, if any, or interest payable on, any Equipment Notes issued under such Indenture or change the date on which any principal or premium, if any, or interest is due and payable, (b) permit the creation of any security interest with respect to the property subject to the lien of such Indenture, except as provided in such Indenture, or deprive any holder of an Equipment Note issued under such Indenture of the benefit of the lien of such Indenture upon the property subject thereto or (c) reduce the percentage in principal amount of outstanding Equipment Notes issued under such Indenture necessary to modify or amend any provision of such Indenture or to waive compliance therewith. (Leased Aircraft Indentures, Section 9.01(b); Owned Aircraft Indenture, Section 10.01(a))

#### OWNER PARTICIPANT'S RIGHT TO RESTRUCTURE

Certain Owner Participants will have the right, subject to certain conditions, to restructure the applicable leveraged lease transaction using a "cross-border lease", a tax lease or a head-lease/sublease structure and any other type of transaction. In no event, however, shall any such restructuring (i) change the terms and conditions of the rights and obligations of any holder of Equipment Notes under the relevant Aircraft Operative Agreements or any holder of Certificates or (ii) expose any such holder to any additional risks. As a precondition to any such restructuring, the Owner Participant will be obligated to deliver to the Leased Aircraft Trustee an appropriate officer's certificate as to the satisfaction of the foregoing conditions and obtain a written confirmation from the Rating Agencies prior to the implementation of such restructuring to the effect that such restructuring will not adversely affect the ratings of the Certificates.

#### INDEMNIFICATION

Continental will be required to indemnify each Loan Trustee, each Owner Participant, each Owner Trustee, each Liquidity Provider, the Subordination Agent, the Escrow Agent and each Trustee, but not the holders of Certificates, for certain losses, claims and other matters. Continental will be required under certain circumstances to indemnify each Owner Participant against the loss of depreciation deductions and certain other benefits allowable for certain income tax purposes with respect to the related Leased Aircraft. Each Owner Participant will be required to indemnify the related Loan Trustee and the holders of the Equipment Notes issued with respect to the Leased Aircraft in which such Owner Participant has an interest for certain losses that may be suffered as a result of the failure of such Owner Participant to discharge certain liens or claims on or against the assets subject to the lien of the related Indenture.

#### THE LEASES AND CERTAIN PROVISIONS OF THE OWNED AIRCRAFT INDENTURES

Each Leased Aircraft will be leased to Continental by the relevant Owner Trustee under the relevant lease agreement (each, a "Lease"). Each Owned Aircraft will be owned by Continental.

The Note Purchase Agreement provides for two sets of leveraged leased agreements, one set intended to be applicable to a transaction involving any Owner Participant (the "Standard Agreements") and another set intended to be used by a particular Owner Participant that has engaged in a significant number of previous aircraft financings with Continental (the "Special Agreements"). Certain differences between the Standard Agreements and the Special Agreements are noted below.

##### Lease Term Rentals and Payments

Each Leased Aircraft will be leased separately by the relevant Owner Trustee to Continental for a term commencing on the date on which the Aircraft is acquired by the Owner Trustee and expiring on a date not earlier than the latest maturity date of the relevant Equipment Notes, unless terminated prior to the originally scheduled expiration date as permitted by the applicable Lease. The semiannual basic rent payment under each Lease will be payable by Continental on each related Lease Payment Date (or, if such day is not a Business Day, on the next Business Day), and will be assigned by the Owner Trustee under the corresponding Leased Aircraft Indenture to provide the funds necessary to make payments of principal and interest due from

the Owner Trustee on the Equipment Notes issued under such Indenture. In certain cases, the semiannual basic rent payments under the Leases may be adjusted, but each Lease provides that under no circumstances will rent payments by Continental be less than the scheduled payments on the related Equipment Notes. In addition, the amount of basic rent will be increased in an amount necessary to pay additional interest due on the Equipment Notes on the relevant Lease Payment Date as a result of any increase in the rate of interest on the Equipment Notes as required by the terms of the Registration Rights Agreement. See "The Exchange Offer -- Terms of the Exchange Offer -- General". Any balance of each such semiannual basic rent payment under each Lease, after payment of amounts due on the Equipment Notes issued under the Indenture corresponding to such Lease, will be paid over to the Owner Trustee. (Leases, Section 3; Leased Aircraft Indentures, Section 3.01)

"Lease Payment Date" means, with respect to each Lease, April 1 or October 1 during the term of such Lease.

Semiannual payments of interest on the Equipment Notes issued by Continental under an Owned Aircraft Indenture will be payable each April 1 and October 1 commencing on October 1, 1997 or, if later, the first such date after issuance thereof. Semiannual payments of principal under the Equipment Notes issued by Continental under an Owned Aircraft Indenture will be payable on April 1 and October 1 in certain years commencing on April 1, 1998. The amount of a semiannual payment of interest or principal will be increased in an amount equal to any increase in the amount of interest due on such Equipment Notes on the relevant payment date as a result of any increase in the rate of interest on such Equipment Notes as required by the terms of the Registration Rights Agreement. (Owned Aircraft Indenture, Section 2.02)

#### Net Lease; Maintenance

Under the terms of each Lease, Continental's obligations in respect of each Leased Aircraft will be those of a lessee under a "net lease". Accordingly, Continental will be obligated under each Lease, among other things and at its expense, to keep each Aircraft duly registered and insured, to pay all costs of operating the Aircraft and to maintain, service, repair and overhaul the Aircraft so as to keep it in as good an operating condition as when delivered to Continental, ordinary wear and tear excepted, and in such condition as required to maintain the airworthiness certificate for the Aircraft in good standing at all times. (Leases, Sections 7.1, 8.1 and 11.1 and Annexes C and D) The Owned Aircraft Indenture imposes comparable maintenance, service and repair obligations on Continental with respect to the Owned Aircraft. (Owned Aircraft Indenture, Section 4.02)

#### Possession, Sublease and Transfer

Each Aircraft may be operated by Continental or, subject to certain restrictions, by certain other persons. Normal interchange and pooling agreements with respect to any Engine are permitted. Subleases, in the case of Leased Aircraft, and leases, in the case of Owned Aircraft, are also permitted to U.S. air carriers and foreign air carriers that have their principal executive office in certain specified countries or, in the case of the Special Agreements, that are listed in the applicable Lease, subject to a reasonably satisfactory legal opinion that, among other things, such country would recognize (in the case of the Leased Aircraft) Owner Trustee's title to, and the Loan Trustee's lien in respect of, the applicable Aircraft. In addition, a sublessee or lessee may not be subject to insolvency or similar proceedings at the commencement of such sublease or lease. (Leases, Section 7, Owned Aircraft Indenture, Section 4.02) Permitted foreign air carriers are not limited to those based in a country that is a party to the Convention on the International Recognition of Rights in Aircraft (Geneva 1948) (the "Convention"). It is uncertain to what extent the relevant Loan Trustee's security interest would be recognized if an Aircraft is registered or located in a jurisdiction not a party to the Convention. Moreover, in the case of an Indenture Event of Default, the ability of the related Loan Trustee to realize upon its security interest in an Aircraft could be adversely affected as a legal or practical matter if such Aircraft were registered or located outside the United States.

## Registration

Continental is required to keep each Aircraft duly registered under the Transportation Code with the FAA, except (in the case of a Leased Aircraft) if the relevant Owner Trustee or the relevant Owner Participant fails to meet the applicable citizenship requirements, and to record each Lease (in the case of a Leased Aircraft) and Indenture and certain other documents under the Transportation Code. (Leases, Section 7; Owned Aircraft Indenture, Section 4.02(e)) Such recordation of the Indenture and other documents with respect to each Aircraft will give the relevant Loan Trustee a first-priority, perfected security interest in such Aircraft whenever it is located in the United States or any of its territories and possessions. The Convention provides that such security interest will also be recognized, with certain limited exceptions, in those jurisdictions that have ratified or adhere to the Convention.

So long as no Lease Event of Default exists, Continental has the right to register the Leased Aircraft subject to such Lease in a country other than the United States at its own expense in connection with a permitted sublease of the Aircraft to permitted foreign air carriers, subject to certain conditions set forth in the related Participation Agreement. These conditions include a requirement that the lien of the applicable Indenture continue as a first priority security interest in the applicable Aircraft. (Leases, Section 7.1.2; Participation Agreements, Section 7.6.11 or, in the case of the Special Agreements, Section 8.7.12) The Owned Aircraft Indentures contain comparable provisions with respect to registration of the Owned Aircraft in connection with a permitted lease of the Owned Aircraft. (Owned Aircraft Indenture, Section 4.02(e))

## Liens

Continental is required to maintain each Aircraft free of any liens, other than the rights of the relevant Loan Trustee, the holders of the related Equipment Notes, Continental and, with respect to a Leased Aircraft, the Owner Participant and Owner Trustee arising under the applicable Indenture, the Lease (in the case of a Leased Aircraft) or the other operative documents related thereto, and other than certain limited liens permitted under such documents, including but not limited to (i) liens for taxes either not yet due or being contested in good faith by appropriate proceedings; (ii) materialmen's, mechanics' and other similar liens arising in the ordinary course of business and securing obligations that either are not yet delinquent (in the case of the Standard Agreements, for more than 60 days) or are being contested in good faith by appropriate proceedings; (iii) judgment liens so long as such judgment is discharged or vacated within 60 days (30 days in the case of the Special Agreements) or the execution of such judgment is stayed pending appeal and discharged, vacated or reversed within 60 days (30 days in the case of the Special Agreements) after expiration of such stay; and (iv) any other lien as to which Continental has provided a bond or other security adequate in the reasonable opinion of the Owner Trustee; provided that in the case of each of the liens described in the foregoing clauses (i), (ii) and (iii), such liens and proceedings do not involve any material risk of the sale, forfeiture or loss of such Aircraft or the interest of any Participant therein or impair the lien of the relevant Indenture. (Leases, Section 6; Owned Aircraft Indenture, Section 4.01)

## Replacement of Parts; Alterations

Continental is obligated to replace all parts at its expense that may from time to time be incorporated or installed in or attached to any Aircraft and that may become lost, damaged beyond repair, worn out, stolen, seized, confiscated or rendered permanently unfit for use. Continental or any permitted lessee or sublessee has the right, at its own expense, to make such alterations, modifications and additions with respect to each Aircraft as it deems desirable in the proper conduct of its business and to remove parts which it deems to be obsolete or no longer suitable or appropriate for use, so long as such alteration, modification, addition or removal does not materially diminish the fair market value, utility, or remaining useful life of the related Aircraft, Airframe or Engine or invalidate the Aircraft's airworthiness certificate. (Leases, Section 8.1 and Annex C; Owned Aircraft Indenture, Section 4.04(d))

## Insurance

Continental is required to maintain, at its expense (or at the expense of a permitted lessee, in the case of the Owned Aircraft, or a permitted sublessee, in the case of a Leased Aircraft), all-risk aircraft hull insurance covering each Aircraft, at all times in an amount not less than the stipulated loss value of the Aircraft (which exceeds the aggregate outstanding principal amount of the Equipment Notes related to such Aircraft, together with accrued interest thereon). However, after giving effect to self-insurance permitted as described below, the amount payable under such insurance may be less than such amounts payable with respect to the Equipment Notes. In the event of a loss involving insurance proceeds in excess of \$3,500,000 per occurrence (\$3,000,000 per occurrence in the case of the Special Agreements and \$5,000,000 per occurrence in the case of Boeing 757-224 aircraft), such proceeds up to the stipulated loss value of the relevant Aircraft will be payable to the applicable Loan Trustee, for so long as the relevant Indenture shall be in effect. In the event of a loss involving insurance proceeds of up to \$3,500,000 per occurrence (\$3,000,000 per occurrence in the case of the Special Agreements and \$5,000,000 per occurrence in the case of Boeing 757-224 aircraft) such proceeds will be payable directly to Continental so long as an Indenture Event of Default does not exist with respect to the Owned Aircraft Indenture or (in the case of a Leased Aircraft) the Owner Trustee has not notified the insurance underwriters that a Lease Event of Default exists. So long as the loss does not constitute an Event of Loss, insurance proceeds will be applied to repair or replace the property. (Leases, Sections 11 and Annex D; Owned Aircraft Indenture, Section 4.06)

In addition, Continental is obligated to maintain comprehensive airline liability insurance at its expense (or at the expense of a permitted lessee, in the case of an Owned Aircraft, or a permitted sublessee, in the case of a Leased Aircraft), including, without limitation, passenger liability, baggage liability, cargo and mail liability, hangarkeeper's liability and contractual liability insurance with respect to each Aircraft. Such liability insurance must be underwritten by insurers of nationally or internationally recognized responsibility. The amount of such liability insurance coverage per occurrence may not be less than the amount of comprehensive airline liability insurance from time to time applicable to aircraft owned or leased and operated by Continental of the same type and operating on similar routes as such Aircraft. (Leases, Section 11.1 and Annex D, Owned Aircraft Indenture, Section 4.06)

Continental is also required to maintain war-risk, hijacking or allied perils insurance if it (or any permitted sublessee or lessee) operates any Aircraft, Airframe or Engine in any area of recognized hostilities or if Continental (or any permitted sublessee or lessee) maintains such insurance with respect to other aircraft operated on the same routes or areas on or in which the Aircraft is operated. (Leases, Annex D, Owned Aircraft Indenture, Section 4.06)

Continental may self-insure in such amounts as are then self-insured with respect to similar owned or leased aircraft in its fleet, but the amount of such self-insurance in the aggregate may not exceed 50% of the largest replacement value of any single aircraft in Continental's fleet or 1 1/2% of the average aggregate insurable value (during the preceding calendar year) of all aircraft on which Continental carries insurance, whichever is less, unless an insurance broker of national standing shall certify that the standard among all other major U.S. airlines is a higher level of self-insurance, in which case Continental may self-insure the Aircraft to such higher level. In addition, Continental may self-insure to the extent of any applicable deductible per Aircraft that does not exceed industry standards for major U.S. airlines. (Leases, Section 11.1 and Annex D, Owned Aircraft Indenture, Section 4.06) Self insurance permitted under the Special Agreements is more limited.

In respect of each Aircraft, Continental is required to name as additional insured parties the relevant Loan Trustee and holders of the Equipment Notes and (in the case of the Leased Aircraft) the relevant Owner Participant and Owner Trustee, in its individual capacity and as owner of such Aircraft, and in some cases certain other parties under all liability, hull and property and war risk, hijacking and allied perils insurance policies required with respect to such Aircraft. In addition, the insurance policies maintained under the Leases and the Owned Aircraft Indenture will be required to provide that, in respect of the interests of such additional insured persons, the insurance shall not be invalidated or impaired by any act or omission of Continental or any other person and to insure the respective interests of such additional insured persons,

regardless of any breach or violation of any representation, warranty, declaration, term or condition contained in such policies by Continental, any permitted sublessee or any other person. (Leases, Annex D, Owned Aircraft Indenture, Section 4.06)

#### Lease Termination

Unless a Lease Event of Default shall have occurred and be continuing, Continental may terminate any Lease on any Lease Payment Date occurring after the fifth anniversary (or, in the case of the Special Agreements, the tenth anniversary) of the date on which such Lease commenced, if it makes a good faith determination that the Leased Aircraft subject to such Lease is economically obsolete or surplus to its requirements. In the case of the Special Agreements, such determination must be made on a nondiscriminatory basis with respect to the Aircraft subject to such Special Agreements and all similar aircraft operated by Continental which could also be terminated. Continental is required to give notice of its intention to exercise its right of termination described in this paragraph at least 90 days (in the case of the Special Agreements, six months) prior to the proposed date of termination, which notice may be withdrawn up to ten Business Days (in the case of the Special Agreements, 25 days) prior to such proposed date; provided that Continental may give only five (in the case of the Special Agreements, three) such termination notices. In such a situation, unless the Owner Trustee elects to retain title to such Aircraft, Continental is required to use commercially reasonable efforts to sell such Aircraft as an agent for such Owner Trustee, and Owner Trustee will sell such Aircraft on the date of termination to the highest cash bidder. If such sale occurs, the Equipment Notes related thereto are required to be prepaid. If the net proceeds to be received from such sale are less than the termination value for such Aircraft (which is set forth in a schedule to each Lease), Continental is required to pay to the applicable Owner Trustee an amount equal to the excess, if any, of the applicable termination value for such Aircraft over such net proceeds. Upon payment of termination value for such Aircraft and an amount equal to the Make-Whole Premium, if any, payable on such date of payment, together with certain additional amounts, the lien of the relevant Indenture will be released, the relevant Lease will terminate, and the obligation of Continental thereafter to make scheduled rent payments under such Lease will cease. (Leases, Section 9; Leased Aircraft Indentures, Section 2.10(b))

The Owner Trustee has the option to retain title to the Leased Aircraft if Continental has given a notice of termination under the Lease. In such event, such Owner Trustee will pay to the applicable Loan Trustee an amount sufficient to prepay the outstanding Equipment Notes issued with respect to such Aircraft (including the Make-Whole Premiums), in which case the lien of the relevant Indenture will be released, the relevant Lease will terminate and the obligation of Continental thereafter to make scheduled rent payments under such Lease will cease. (Leases, Section 9; Leased Aircraft Indentures, Sections 2.06 and 2.10(b))

#### Events of Loss

If an Event of Loss occurs with respect to the Airframe or the Airframe and Engines of an Aircraft, Continental must elect within 45 days (in the case of the Special Agreements, 20 days) after such occurrence either to make payment with respect to such Event of Loss or to replace such Airframe and any such Engines. Not later than the first Business Day following the earliest of (i) the 120th day (in the case of the Special Agreements, the 60th day) following the date of occurrence of such Event of Loss, and (ii) the fourth Business Day (in the case of the Special Agreements, the second Business Day) following the receipt of the insurance proceeds in respect of such Event of Loss, Continental must either (i) pay to the applicable Owner Trustee (in the case of a Leased Aircraft) the stipulated loss value of such Aircraft, together with certain additional amounts, or to the Owned Aircraft Trustee (in the case of the Owned Aircraft) the outstanding principal amount of and unpaid interest on the Equipment Notes together with certain additional amounts (if any) but, in any case, without any Make-Whole Premium or (ii) unless any Lease Event of Default or failure to pay basic rent under the relevant Lease (in the case of a Leased Aircraft), an Indenture Event of Default or failure to pay principal or interest under the Owned Aircraft Indenture (in the case of the Owned Aircraft) or certain bankruptcy defaults shall have occurred and be continuing, substitute an airframe (or airframe and one or more engines, as the case may be) for the Airframe, or Airframe and Engine(s), that suffered such Event

of Loss. (Leases, Sections 10.1.1 and 10.1.2; Leased Aircraft Indentures, Section 2.10(a); Owned Aircraft Indenture, Sections 2.10 and 4.05(a))

If Continental elects to replace an Airframe (or Airframe and one or more Engines, as the case may be) that suffered such Event of Loss, it shall, in the case of a Leased Aircraft, convey to the related Owner Trustee title to an airframe (or airframe and one or more engines, as the case may be), and such replacement airframe or airframe and engines must be the same model as the Airframe or Airframe and Engines to be replaced or an improved model, with a value, utility and remaining useful life (without regard to hours or cycles remaining until the next regular maintenance check) at least equal to the Airframe or Airframe and Engines to be replaced, assuming that such Airframe and such Engines had been maintained in accordance with the related Lease. Continental is also required to provide to the relevant Loan Trustee and (in the case of a Leased Aircraft) the relevant Owner Trustee and Owner Participant reasonably acceptable opinions of counsel to the effect, among other things, that (i) certain specified documents have been duly filed under the Transportation Code and (ii) such Owner Trustee and Leased Aircraft Trustee (as assignee of lessor's rights and interests under the Lease), in the case of a Leased Aircraft, or the Owned Aircraft Trustee, in the case of an Owned Aircraft, will be entitled to receive the benefits of Section 1110 of the U.S. Bankruptcy Code with respect to any such replacement airframe (unless, as a result of a change in law or court interpretation, such benefits are not then available). (Leases, Sections 10.1.3 and 10.3; Owned Aircraft Indenture, Section 4.05(c))

If Continental elects not to replace such Airframe, or Airframe and Engine(s), then upon payment of the outstanding principal amount of the Equipment Notes issued with respect to such Aircraft (in the case of an Owned Aircraft) or the stipulated loss value for such Aircraft (in the case of a Leased Aircraft), together with all additional amounts then due and unpaid with respect to such Aircraft, which must be at least sufficient to pay in full as of the date of payment thereof the aggregate unpaid principal amount under such Equipment Notes together with accrued but unpaid interest thereon and all other amounts due and owing in respect of such Equipment Notes, the lien of the Indenture and (in the case of a Leased Aircraft) the Lease relating to such Aircraft shall terminate with respect to such Aircraft, the obligation of Continental thereafter to make the scheduled rent payments (in the case of a Leased Aircraft) or interest and principal payments (in the case of an Owned Aircraft) with respect thereto shall cease and (in the case of a Leased Aircraft) the related Owner Trustee shall transfer all of its right, title and interest in and to the related Aircraft to Continental. The stipulated loss value and other payments made under the Leases or the Owned Aircraft Indenture, as the case may be, by Continental shall be deposited with the applicable Loan Trustee. Amounts in excess of the amounts due and owing under the Equipment Notes issued with respect to such Aircraft will be distributed by such Loan Trustee to the applicable Owner Trustee or to Continental, as the case may be. (Leases, Section 10.1.2; Leased Aircraft Indentures, Sections 2.06 and 3.02; Owned Aircraft Indenture, Sections 2.10 and 4.05(a)(ii))

If an Event of Loss occurs with respect to an Engine alone, Continental will be required to replace such Engine within 60 days after the occurrence of such Event of Loss with another engine, free and clear of all liens (other than certain permitted liens). Such replacement engine shall be the same make and model as the Engine to be replaced, or an improved model, suitable for installation and use on the Airframe, and having a value, utility and remaining useful life (without regard to hours or cycles remaining until overhaul) at least equal to the Engine to be replaced, assuming that such Engine had been maintained in accordance with the relevant Lease or the Owned Aircraft Indenture, as the case may be, immediately prior to the occurrence of the Event of Loss. (Leases, Section 10.2; Owned Aircraft Indenture, Section 4.05(a)(i))

An Event of Loss with respect to an Aircraft, Airframe or any Engine means any of the following events with respect to such property: (i) the destruction of such property, damage to such property beyond economic repair or rendition of such property permanently unfit for normal use; (ii) the actual or constructive total loss of such property or any damage to such property or requisition of title or use of such property which results in an insurance settlement with respect to such property on the basis of a total loss or a constructive or compromised total loss; (iii) any theft, hijacking or disappearance of such property for a period of 180 days (in the case of the Special Agreements, 90 days) or more; (iv) any seizure, condemnation, confiscation, taking or requisition of title to such property by any non-U.S. governmental entity or purported non-U.S. governmental entity (other than the country of registration of the relevant Aircraft), in the case of the Standard

Agreements, for a period exceeding 180 days (exceeding 90 days in the case of a requisition of title) or, if earlier, at the end of the term of such Lease (in the case of a Leased Aircraft) or the final maturity of the Equipment Notes (in the case of an Owned Aircraft); (v) in the case of any Leased Aircraft, any seizure, condemnation, confiscation, taking or requisition of use of such property by any U.S. government entity that continues until the 30th day after the last day of the term of the relevant Lease (unless the Owner Trustee shall have elected not to treat such event as an Event of Loss) or, in the case of the Special Agreements, certain specified shorter periods; or (vi) as a result of any law, rule, regulation, order or other action by the FAA or any governmental entity, the use of such property in the normal course of Continental's business of passenger air transportation is prohibited for 180 days, unless Continental, prior to the expiration of such 180 day period, shall have undertaken and shall be diligently carrying forward steps which are necessary or desirable to permit the normal use of such property by Continental, but in any event if such use shall have been prohibited for a period of two consecutive years (360 days in the case of the Special Agreements), provided that (in the case of the Standard Agreements) no Event of Loss shall be deemed to have occurred if such prohibition has been applicable to Continental's entire U.S. registered fleet of similar property and Continental, prior to the expiration of such two-year period, shall have conformed at least one unit of such property in its fleet to the requirements of any such law, rule, regulation, order or other action and commenced regular commercial use of the same and shall be diligently carrying forward, in a manner which does not discriminate against applicable property in so conforming such property, steps which are necessary or desirable to permit the normal use of such property by Continental, but in any event if such use shall have been prohibited for a period of three years or, in the case of the Leased Aircraft, such use shall be prohibited at the expiration of the term of the relevant Lease. (Leases, Annex A; Owned Aircraft Indenture, Annex A)

#### Renewal and Purchase Options

At the end of the term of each Lease after final maturity of the related Equipment Notes and subject to certain conditions, Continental will have certain options to renew such Lease for additional limited periods. In addition, Continental will have the right at the end of the term of each Lease to purchase the Aircraft subject thereto for an amount to be calculated in accordance with the terms of such Lease. (Leases, Section 17)

#### Events of Default under the Leases

Lease Events of Default under each Lease include, among other things, (i) failure by Continental to make any payment of basic rent, stipulated loss value or termination value under such Lease within ten Business Days (in the case of the Special Agreements, five Business Days) after the same shall have become due, or failure by Continental to pay any other amount due under such Lease or under any other related operative document within ten Business Days (in the case of the Special Agreements, five Business Days) from and after the date of any written demand therefor from the Owner Trustee; (ii) failure by Continental to make any excluded payment (as defined) within ten Business Days (in the case of the Special Agreements, five Business Days) after written notice that such failure constitutes a Lease Event of Default is given by the relevant Owner Participant to Continental and the relevant Loan Trustee; (iii) failure by Continental to carry and maintain insurance on and in respect of the Aircraft, Airframe and Engines, in accordance with the provisions of such Lease; (iv) in the case of the Special Agreements, failure by Continental to maintain its corporate existence, except as permitted by the relevant Lease, the winding up, liquidation or dissolution of Continental, failure to maintain the registration of the Aircraft with the FAA or with a permitted foreign registry, failure to record the Indenture or maintain the Indenture of record as a first-priority, perfected mortgage (subject to permitted liens) or operation of the Aircraft in any area excluded by insurance coverage required by such Lease or in any recognized or threatened area of hostilities unless fully covered by war-risk insurance, as required by Section 11 of such Lease (subject to certain exceptions); (v) in the case of the Special Agreements, breach of the covenants in such Lease pertaining to possession, interchange and pooling of Engines and subleasing or breach of certain prohibitions against attempted assignments by Continental of its obligations under such Lease and against the merger of Continental with any other person, except as expressly permitted by such Lease; (vi) failure by Continental to perform or observe any other covenant or agreement to be performed or observed by it under such Lease or the related Participation Agreement or any other related operative document (other than the related tax indemnity agreement between Continental and

the Owner Participant), and such failure shall continue unremedied for a period of 30 days (or, in the case of the Special Agreements, such other shorter applicable period) after written notice of such failure by the applicable Owner Trustee or Loan Trustee unless (in the case of the Standard Agreements), such failure is capable of being corrected and Continental shall be diligently proceeding to correct such failure, in which case there shall be no Lease Event of Default unless and until such failure shall continue unremedied for a period of 180 days after receipt of such notice; (vii) any representation or warranty made by Continental in such Lease or the related Participation Agreement or in any other related operative document (other than in the related tax indemnity agreement between Continental and the Owner Participant) shall prove to have been untrue or inaccurate in any material respect at the time made, such representation or warranty is material at the time in question and the same shall remain uncured (to the extent of the adverse impact thereof) for more than 30 days after the date of written notice thereof to Continental; and (viii) the occurrence of certain voluntary events of bankruptcy, reorganization or insolvency of Continental or the occurrence of involuntary events of bankruptcy, reorganization or insolvency which shall continue undismissed, unvacated or unstayed for a period of 90 days (in the case of the Special Agreements, 60 days). (Leases, Section 14)

Indenture Events of Default under the Owned Aircraft Indenture are discussed above under "-- Indenture Defaults, Notice and Waiver".

#### Remedies Exercisable upon Events of Default under the Lease

If a Lease Event of Default has occurred and is continuing, the applicable Owner Trustee may (or, so long as the Indenture shall be in effect, the applicable Loan Trustee may, subject to the terms of the Indenture) exercise one or more of the remedies provided in such Lease with respect to the related Aircraft. These remedies include the right to repossess and use or operate such Aircraft, to rescind or terminate such Lease, to sell or re-lease such Aircraft free and clear of Continental's rights, except as set forth in the Lease, and retain the proceeds, and to require Continental to pay, as liquidated damages, any due and unpaid basic rent plus an amount, at such Owner Trustee's (or, subject to the terms of the relevant Leased Aircraft Indenture, the Leased Aircraft Trustee's) option, either (i) the excess of the present value of all unpaid rent during the remainder of the term of such Lease over the present value of the fair market rental value of such Aircraft for the remainder of the term of such Lease, or (ii) the excess of the stipulated loss value of such Aircraft over the fair market sales value of such Aircraft or, if such Aircraft has been sold, the net sales proceeds from the sale of such Aircraft. (Leases, Section 15; Leased Aircraft Indentures, Section 4.04) The Leases for the Special Agreements provide a different formula for determining liquidated damages. If the Loan Trustee has validly terminated such Lease, the Loan Trustee may not sell or lease or otherwise afford the use of such Aircraft to Continental or any of its affiliates. (Leased Aircraft Indentures, Sections 4.03 and 4.04(a))

Remedies under the Owned Aircraft Indentures are discussed above under "-- Remedies".

#### Transfer of Owner Participant Interests

Subject to certain restrictions, each Owner Participant may transfer all or any part of its interest in the related Leased Aircraft. (Participation Agreements, Section 10.1.1)

## CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

## EXCHANGE OF OLD CERTIFICATES FOR NEW CERTIFICATES

The following summary describes the principal U.S. federal income tax consequences to Certificateholders of the exchange of the Old Certificates for New Certificates. This summary is intended to address the beneficial owners of Certificates that are citizens or residents of the United States, corporations, partnerships or other entities created or organized in or under the laws of the United States or any State, or estates or trusts the income of which is subject to U.S. federal income taxation regardless of its source that will hold the Certificates as capital assets.

The exchange of Old Certificates for New Certificates (the "Exchange") pursuant to the Exchange Offer will not be a taxable event for U.S. federal income tax purposes. As a result, a holder of an Old Certificate whose Old Certificate is accepted in an Exchange Offer will not recognize gain or loss on the Exchange. A tendering holder's tax basis in the New Certificates will be the same as such holder's tax basis in its Old Certificates. A tendering holder's holding period for the New Certificates received pursuant to the Exchange Offer will include its holding period for the Old Certificates surrendered therefor.

ALL HOLDERS OF OLD CERTIFICATES ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE UNITED STATES FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF THE EXCHANGE OF OLD CERTIFICATES FOR NEW CERTIFICATES AND OF THE OWNERSHIP AND DISPOSITION OF NEW CERTIFICATES RECEIVED IN THE EXCHANGE OFFER IN LIGHT OF THEIR OWN PARTICULAR CIRCUMSTANCES.

## ERISA CONSIDERATIONS

## IN GENERAL

ERISA imposes certain requirements on employee benefit plans subject to ERISA ("ERISA Plans"), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, including, but not limited to, the requirement of investment prudence and diversification and the requirement that an ERISA Plan's investments be made in accordance with the documents governing the Plan.

Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, "Plans") and certain persons (referred to as "parties in interest" or "disqualified persons") having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code.

The Department of Labor has promulgated a regulation, 29 CFR Section 2510.3-101 (the "Plan Asset Regulation"), describing what constitutes the assets of a Plan with respect to the Plan's investment in an entity for purposes of ERISA and Section 4975 of the Code. Under the Plan Asset Regulation, if a Plan invests (directly or indirectly) in a Certificate, the Plan's assets will include both the Certificate and an undivided interest in each of the underlying assets of the corresponding Trust, including the Equipment Notes held by such Trust, unless it is established that equity participation in the Trust by benefit Plan investors (including but not limited to Plans and entities whose underlying assets include plan assets by reason of an employee benefit plan's investment in the entity) is not "significant" within the meaning of the Plan Asset Regulation. In this regard, the extent to which there is equity participation in a particular Trust by, or on behalf of, employee benefit plans will not be monitored. If the assets of a Trust are deemed to constitute the assets of a Plan, transactions involving the assets of such Trust could be subject to the prohibited transaction provisions of ERISA and Section 4975 of the Code unless a statutory or administrative exemption is applicable to the transaction.

The fiduciary of a Plan that proposes to purchase and hold any Certificates should consider, among other things, whether such purchase and holding may involve (i) the direct or indirect extension of credit to a party in interest or a disqualified person, (ii) the sale or exchange of any property between a Plan and a party in interest or a disqualified person, and (iii) the transfer to, or use by or for the benefit of, a party in interest or a disqualified person, of any Plan assets. Such parties in interest or disqualified persons could include, without limitation, Continental and its affiliates, the Initial Purchasers, the Trustees, the Escrow Agent, the Depository, the Owner Trustees and the Liquidity Provider. In addition, whether or not the assets of a Trust are deemed to be Plan assets under the Plan Asset Regulation, if Certificates are purchased by a Plan and Certificates of a subordinate Class are held by a party in interest or a disqualified person with respect to such Plan, the exercise by the holder of the subordinate Class of Certificates of its right to purchase the senior Classes of Certificates upon the occurrence and during the continuation of a Triggering Event could be considered to constitute a prohibited transaction unless a statutory or administrative exemption were applicable. Depending on the identity of the Plan fiduciary making the decision to acquire or hold Certificates on behalf of a Plan, PTCE 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a "qualified professional asset manager"), PTCE 95-60 (relating to investments by an insurance company general account), PTCE 96-23 (relating to transactions directed by an in-house professional asset manager) or PTCE 90-1 (relating to investments by insurance company pooled separate accounts) (collectively, the "Class Exemptions") could provide an exemption from the prohibited transaction provisions of ERISA and Section 4975 of the Code. However, there can be no assurance that any of these Class Exemptions or any other exemption will be available with respect to any particular transaction involving the Certificates.

Governmental plans and certain church plans, while not subject to the fiduciary responsibility provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to state or other federal laws that are substantially similar to the foregoing provisions of ERISA and the Code. Fiduciaries of any such plans should consult with their counsel before purchasing any Certificates.

Any Plan fiduciary which proposes to cause a Plan to purchase any Certificates should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code to such an investment, and to confirm that such purchase and holding will not constitute or result in a non-exempt prohibited transaction or any other violation of an applicable requirement of ERISA.

#### CLASS A CERTIFICATES

In addition to the Class Exemptions referred to above, an individual exemption may apply to the purchase, holding and secondary market sale of Class A Certificates by Plans, provided that certain specified conditions are met. In particular, the Department of Labor has issued individual administrative exemptions to the Initial Purchasers which are substantially the same as the administrative exemption issued to The First Boston Corporation, Prohibited Transaction Exemption 89-90 (54 Fed. Reg. 42,597 (1989), as amended (the "Underwriter Exemption"). The Underwriter Exemption generally exempts from the application of certain, but not all, of the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code certain transactions relating to the initial purchase, holding and subsequent secondary market sale of pass-through certificates which represent an interest in a trust that holds equipment notes secured by leases and certain other assets, provided that certain conditions set forth in the Underwriter Exemption are satisfied.

The Underwriter Exemption sets forth a number of general and specific conditions which must be satisfied for a transaction involving the initial purchase, holding or secondary market sale of certificates representing a beneficial ownership interest in a trust to be eligible for exemptive relief thereunder. In particular, the Underwriter Exemption requires that the acquisition of certificates by a Plan be on terms that are at least as favorable to the Plan as they would be in an arm's-length transaction with an unrelated party; the rights and interests evidenced by the certificates not be subordinated to the rights and interests evidenced by other certificates of the same trust estate; the certificates at the time of acquisition by the Plan be rated in one of the three highest generic rating categories by Moody's, Standard & Poor's, Duff & Phelps Inc. or Fitch

Investors Service, Inc.; and the investing Plan be an accredited investor as defined in Rule 501(a)(1) of Regulation D of the Commission under the Securities Act.

In addition, the trust corpus generally must be invested in qualifying receivables, such as the Equipment Notes, but may not in general include a pre-funding account. The Underwriter Exemption may also be available where all of the otherwise eligible assets of the trust are identified at the time of the acquisition of certificates by a Plan even though such assets, for administrative or other reasons, are not transferred to the trust at that time.

In order to comply with the investment restrictions set forth in the Underwriter Exemption, an investment in a Certificate will evidence both an interest in the respective Original Trust as well as an interest in the Deposits held in escrow by an Escrow Agent for the benefit of the Certificateholder. Pursuant to the terms of the Escrow Agreement, the proceeds from the Offering of the Certificates of each Class were paid over by the Initial Purchasers to the Depository on behalf of the Escrow Agent (for the benefit of such Certificateholders as the holders of the Escrow Receipts) and do not constitute property of the Original Trusts. Under the terms of each Escrow Agreement, the Escrow Agent entered into the Deposit Agreements with the Depository and was irrevocably instructed to effect withdrawals upon the receipt of appropriate notice from the relevant Trustee so as to enable such Trustee to purchase the identified Equipment Notes on the terms and conditions set forth in the Note Purchase Agreement. Interest on the Deposits relating to each Trust will be paid to the Certificateholders of such Trust as Receiptholders through a Paying Agent appointed by the Escrow Agent. Pending satisfaction of such conditions and withdrawal of such Deposits, the Escrow Agent's rights with respect to the Deposits will remain plan assets subject to the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code.

There can be no assurance that the Department of Labor would agree that the Underwriter Exemption is applicable to Class A Certificates in these circumstances. In particular, the Department of Labor might assert that the escrow arrangement is tantamount to a pre-funding of the Original Trusts rendering the Underwriter Exemption inapplicable to the Original Trusts, although such issue should not exist with respect to the Successor Trusts. The Department of Labor is currently considering an amendment to the Underwriter Exemption to permit pre-funding arrangements with respect to a limited portion of the assets to be acquired by a trust. In addition, even if all of the conditions of the Underwriter Exemption are satisfied with respect to the Class A Certificates, no assurance can be given that the Underwriter Exemption would apply with respect to all transactions involving the Class A Certificates or the assets of the Class A Trust. In particular, it appears that the Underwriter Exemption would not apply to the purchase by Class B Certificateholders or Class C Certificateholders of Class A Certificates in connection with the exercise of their rights upon the occurrence and during the continuance of a Triggering Event. Therefore, the fiduciary of a Plan considering the purchase of a Class A Certificate should consider the availability of the exemptive relief provided by the Underwriter Exemption, as well as the availability of any other exemptions with respect to transactions to which the Underwriter Exemption may not apply.

#### CLASS B AND CLASS C CERTIFICATES

The Underwriter Exemption does not apply to the Class B or Class C Certificates. The Class B and Class C Certificates may not be acquired with the assets of a Plan, except that such Certificates may be acquired with the assets of an insurance company general account that may be deemed to constitute Plan assets, provided that the conditions of PTCE 95-60 are satisfied at the time of the acquisition (and during the holding) of such Certificates. Holders of Class B Certificates or Class C Certificates that tender Old Certificates in exchange for New Certificates will be deemed to have represented and warranted that either (i) no Plan assets have been used to acquire and hold such Certificate or (ii) the acquisition and holding of such Certificate is exempt from the prohibited transaction restrictions of ERISA and the Code pursuant to PTCE 95-60.

## PLAN OF DISTRIBUTION

Each broker-dealer that receives New Certificates for its own account pursuant to the Exchange Offer must acknowledge that it will deliver a prospectus in connection with any resale of such New Certificates. This Prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of New Certificates received in exchange for Old Certificates where such Old Certificates were acquired as a result of market-making activities or other trading activities. The Company has agreed that, starting on the Expiration Date and ending on the close of business 180 days after the Expiration Date, it will make this Prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until such date all broker-dealers effecting transactions in the New Certificates may be required to deliver a prospectus.

The Company will not receive any proceeds from any sale of New Certificates by broker-dealers. New Certificates received by broker-dealers for their own account pursuant to the Exchange Offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the New Certificates or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such New Certificates. Any broker-dealer that resells New Certificates that were received by it for its own account pursuant to the Exchange Offer and any broker or dealer that participates in a distribution of such New Certificates may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit of any such resale of New Certificates and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The Letter of Transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

Starting on the Expiration Date, the Company will promptly send additional copies of this Prospectus and any amendment or supplement to this Prospectus to any broker-dealer that requests such documents in the Letter of Transmittal. The Company has agreed to pay all expenses incident to the Exchange Offer other than commissions or concessions of any brokers or dealers, fees of counsel to the Holders and certain transfer taxes, and will indemnify the Holders of the New Certificates (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

## LEGAL MATTERS

The validity of the New Certificates will be passed upon for Continental by Hughes Hubbard & Reed LLP, New York, New York. Hughes Hubbard & Reed LLP will rely on the opinion of Richards, Layton & Finger, Wilmington, Delaware, counsel for Wilmington Trust Company, as Trustee, as to certain matters of Delaware law relating to the Pass Through Trust Agreements.

AISI Sight Unseen New Aircraft Current Market Value Appraisal, Eight  
B757-200,  
Eighteen B737-500 and Four B737-700 Aircraft.

Dear Gentlemen:

In response to your request, Aircraft Information Services, Inc. (AISI) is pleased to offer Continental Airlines our opinion of the sight unseen current market value of various new aircraft to be delivered from the manufacturer to Continental Airlines between March 1997 and February 1998 as listed and defined in Table I.

#### 1. METHODOLOGY AND DEFINITIONS

The method used by AISI in its valuation of the Aircraft was based both on a review of information and Aircraft specifications supplied by Continental Airlines and also on a review of present and past market conditions, various expert opinions (such as aircraft brokers and financiers) and information contained in AISI's databases that help determine aircraft availability and price data and thus arrive at the appraised values for the new aircraft to be delivered to Continental Airlines.

The historical standard term of reference for commercial aircraft value has been "half-life fair market value" of an "average" aircraft. However, "fair market value" could mean a fair value in the given market or a value in a hypothetical "fair" or balanced market, and the two definitions are not equivalent. Recently, the term "base value" has been created to describe the theoretical balanced market condition and to avoid the potentially misleading term "fair market value" which has now become synonymous with the term "current market value" or a "fair" value in the actual current market. AISI value definitions are consistent with those of the International Society of Transport Aircraft Trading (ISTAT) of 01 January 1994; AISI is a member of that organization and employs an ISTAT Certified Senior Aircraft Appraiser.

AISI defines a "base value" as that of a transaction between equally willing and informed buyer and seller, neither under compulsion to buy or sell, for a single unit cash transaction with no hidden value or liability, and with supply and demand of the sale item roughly in balance.

AISI defines a "current market value" or "fair market value" as that value which reflects the real market conditions, whether at, above or below the base value conditions. Definitions of aircraft condition, buyer/seller qualifications and type of transaction remain unchanged from that of base value. Current market value takes into consideration the status of the economy in which the aircraft is used, the status of supply and demand for the particular aircraft type, the value of recent transactions and the opinions of informed buyers and sellers. Current market value assumes that there is no short term time constraint to buy or sell.

#### 2. MARKET ANALYSIS B737-500, B737-700 & B757-200

##### B737-500

The B737-500 is a twin engine, narrowbody, stage 3, two man crew domestic aircraft, the smallest of the B737-300/400/500 family, typically seating 108 passengers, dual class. With the same fuel capacity as the large B737-300 and -400 but lighter empty weight, the B737-500 full passenger range is considerably greater; approximately 1,800 nautical miles at low MTOW's up to 3,000 nautical miles at higher MTOW's.

Page -2-

There are 308 aircraft in the B737-500 fleet, making it the smallest fleet of the B737-300/400/500 family, but 33 airlines operate the -500, distributed worldwide. 148 of the fleet are operated on a form of lease, either financial or operational.

The aircraft was first delivered in 1989, and we would anticipate termination of production prior to year 2000. Major competitors included hushkitted B737-200's and DC-9 variants, the MD-87, the Fokker 100, the Airbus A319 and soon the replacement B737-600 and the new MD-95.

The B737-500 market has been reasonably strong and values have held steady in the face of demand which, while strong is not as strong as for the larger B737-300 and -400. For the short term we see no significant reduction in B737-500 values. Long term however, the aircraft, like the B737-300/400, faces significant competition from newer more advanced aircraft, and we expect the B737-500 to be significantly more vulnerable than its larger variants, to either competition or an economic downturn.

Another factor tending to lower values long term is the major manufacturers policy of deep discounts of list prices to battle for market share -- which softens market values of all newer 100-160 seat aircraft. The B737-500 has even more limited appeal than the B737-300 as a converted freighter, and none have yet been converted.

#### B737-700

The B737-700 is a twin engine, narrowbody, stage 3, two man crew aircraft typically seating 128 passengers in mixed class configuration. Typical range with full passengers at low MTOW is approximately 2,500 nautical miles, while at high MTOW the range increases to approximately 3,200 nautical miles, sufficient for transcontinental domestic operations. The aircraft is part of the new Boeing B737-600/700/800 family, replacing the present B737-500/300/400, respectively. The aircraft has a larger wing, a higher cruise speed, longer range, and higher initial cruise altitude capability than its predecessor, the B737-300, while operating at higher gross weights, with the same size passenger cabin and more powerful CFM56-7B variants of the same engine.

The B737-700 has a respectable firm order of 176 aircraft, with 93 ordered by leasing companies, but the customer base is still quite small at 6 airlines. This reflects the high percentage of leasing company orders and the probable initial operator count is more like 20 airlines.

The major competitors to the B737-700 are the MD-90 and the Airbus A320 even though these aircraft types are larger than the B737-700. The B737-700 also must compete with its larger variant the B737-800 and the earlier B737-300/400/500 variants. In some markets it must also compete with the older B737-200A.

The first B737-700 is currently in flight test, with delivery scheduled for October 1997. AISI analysis of the market for the new B737 family indicates that the present strong demand for narrowbody stage 3 domestic aircraft has stabilized and will continue at least until the next major economic downturn. There are expected to be some B737-300 users who put insufficient value in the advantages of the B737-700 over the B737-300 to support any significant price differential between the two. Due to small size and relatively high cost, we expect the future potential for freighter conversion to be confined to the older B737 variants for domestic small package carrier market; it will be several years before market growth and B737-700 values reductions coincide to make a B737-700F practical.

Boeing in recent head-to-head B737-600/700/800 competition with Airbus A319 and A320 aircraft has shown a willingness to offer aircraft at drastically reduced prices; Airbus has generally matched or exceeded Boeing's discounts. This willingness to discount, combined with significant increases in production rates, produces an artificial softening of market prices of all new and newer 100 to 160 seat stage III narrowbody domestic aircraft.

The B757-200 is a twin engine, narrowbody, stage 3, two man crew aircraft typically seating 186 passengers in mixed class configuration. Typical range with full passengers at low MTOW is approximately 2,900 nautical miles, while at high MTOW the range increases to approximately 4,000 nautical miles. The B757 has a relatively large fleet of 648 aircraft, of which 272 are Pratt & Whitney powered and 376 are Rolls Royce powered. 17 airlines operate Pratt powered aircraft, while 42 operate the more popular Rolls powered variant. 340 aircraft are operated on some form of lease arrangement. A variant of the aircraft is qualified for Extended Twin Engine Overwater Operation (ETOP) giving the aircraft significant flexibility for use in both domestic and limited international markets. The aircraft was first produced in 1982, and we do not anticipate termination of production in the foreseeable future.

The B757-200 occupies a unique place in the family of commercial aircraft in that it does not have a direct competitor. Its closest narrowbody competitors, the MD-83 and A321 neither have the range to compete with the B757, and the MD-83 has considerably smaller passenger capacity. Airbus has considered increasing the size and weights of the A321, but a new larger wing would be required for the A321 to be truly competitive with the B757. The closest widebody competitors, the B767-200 and A310-200/300, are considerably larger aircraft and cost considerably more per plane mile to operate. For the foreseeable future, it appears Airbus is content to permit the B757 to remain unchallenged at the top of the larger, long range, narrowbody market. Boeing, realizing it has a significant market in which it is uncontested, has now initiated studies to increase the size and weights of the B757-200 creating the B757-300. This will further distance the B757 family from its narrowbody competitors and place it closer to the smallest widebody competitors, over whom it enjoys considerable plane mile operating cost advantages.

AISI analysis of the market for the B757-200 indicates that demand had stabilized in late 1995 and through 1996 but has now increased and will continue at least until the next major economic downturn; orders and backlog for new aircraft have declined but availability of newer B757 aircraft is tight; a production rate decrease in 3rd quarter 1996 will be reversed early in 1997. Current market purchase prices and lease rates for newer used B757-200 aircraft are now generally stable, although there is some reduction in prices for the oldest, least capable aircraft. We expect increased production rates and availability from leasing companies to hold prices steady in the face of moderately increasing demand.

### 3. VALUATION

Following is AISI's opinion of the current market value for the subject aircraft on their respective delivery dates. Valuations are presented in Table I subject to the assumptions, definitions and disclaimers herein.

CONTINENTAL AIRLINES

Gentlemen:

In response to your request, BK Associates, Inc. is pleased to provide this opinion on the fair market value (FMV) as of January 1997 on each of eight B757-224, four B737-724 and 18 B737-524 aircraft (Aircraft), which will be delivered to Continental Airlines between March 1997 and February 1998. The B757 aircraft are each powered by two Rolls-Royce RB211-535E4B engines, the B737-724 by CFM International CFM56-7B24 and the B737-524 by CFM International CFM56-3B1 engines. We understand that, while they are being delivered as "standard" aircraft with 230,000 pounds takeoff weight, the B757s have the physical specifications of high gross weight and Extended Twin Overwater Operations (ETOPS) and can be re-certified as such without physical changes to the aircraft. The Aircraft are further identified in the conclusion to this letter.

Set forth below is a summary of the methodology, considerations and assumptions utilized in this appraisal.

#### CURRENT FAIR MARKET VALUE

According to the International Society of Transport Aircraft Trading's (ISTAT) definition of FMV, to which BK Associates subscribes, the quoted FMV is the Appraiser's opinion of the most likely trading price that may be generated for an aircraft under the market circumstances that are perceived to exist at the time in question. The FMV assumes that the aircraft is valued for its highest and best use, that the parties to the hypothetical sale transaction are willing, able, prudent and knowledgeable, and under no unusual pressure for a prompt sale, and that the transaction would be negotiated in an open and unrestricted market on an arm's length basis, for cash or equivalent consideration, and given an adequate amount of time for effective exposure to prospective buyers, which BK Associates considers to be 12 to 18 months.

#### BASE VALUE

Base value is the Appraiser's opinion of the underlying economic value of an aircraft in an open, unrestricted, stable market environment with a reasonable balance of supply and demand, and assumes full consideration of its "highest and best use". An aircraft's base value is founded in the historical trend of values and in the projection of future value trends and presumes an arm's length, cash transaction between willing, able and knowledgeable parties, acting prudently, with an absence of duress and with a reasonable period of time available for marketing.

#### VALUE METHODOLOGY

Fair market valuations are determined based upon one of three methods: comparable recent sales, replacement cost or rate of return to investor. In this appraisal, BK used the comparable sales method, which is the most common method, in determining the base values of the Aircraft. This method uses industry data to ascertain the prices realized in recent sales of comparable models. The fair market value of the base Aircraft is based on BK's familiarity with the aircraft type, its earnings potential in commercial service, its knowledge of its capabilities and the uses to which it will be put worldwide, its knowledge of the marketing of used aircraft, and the factors affecting the fair market value of such aircraft, and on its knowledge of the asking, offered and transaction prices for similar competitive, and alternative equipment, as well as transactions and negotiations

involving basically identical aircraft. These realizations, however, which reflect the market supply and demand at the time of sale, are subject to minor adjustments for other conditions existing at the time of the appraisal. In this respect, we consider the market for B757 and B737 aircraft to be in reasonable balance at this time, and thus, the FMV is equal to the base value. In addition, values were adjusted for engine type and maximum gross takeoff weights (MGTOW). In arriving at the current fair market value, BK considered the impact of many factors affecting the market for used aircraft, including: the current demand for and availability of aircraft, the projected demand for lift, the suitability and operating economies of the aircraft, regulatory factors, and recent sales experience.

#### LIMITING CONDITIONS AND ASSUMPTIONS

BK has neither inspected the Aircraft nor their maintenance records but relied upon information supplied by you and from BK's own database. In determining the fair market value of a used aircraft, the following assumptions apply to the base aircraft:

1. Unless it is new, the aircraft has half-time remaining to its next major overhauls or scheduled shop visit on its airframe, engines, landing gear and auxiliary power unit.
2. The aircraft is in compliance under a Federal Aviation Administration approved airline maintenance program, with all airworthiness directives, mandatory modifications and applicable service bulletins currently up to industry standard.
3. The interior of the aircraft is in a standard configuration for its specific type, with the buyer furnished equipment and options of the types and models generally accepted and utilized in the industry.
4. The aircraft is in current flight operations.
5. The aircraft is sold for cash without seller financing.
6. The Aircraft is in average or better condition.
7. There is no accident damage.

Based on the above methodology, considerations and assumptions, and since they are all new and not yet in service, it is our opinion that the current fair market value of each aircraft are as follows:

Continental Airlines, Inc.

Houston, TX 77019

Gentlemen:

Pursuant to your request, Morten Beyer & Associates (MBA) has set forth its opinion regarding the value of thirty aircraft (as described in Schedule I herein) being delivered new from the manufacturer to Continental Airlines during 1997 and 1998. More specifically, our mandate is to render our opinion on this date as to the value of the aircraft on their delivery dates.

There are several terms used to describe the "value" of an aircraft. MBA uses the definitions of various value terms as promulgated by the International Society of Transport Aircraft Trading (ISTAT), a not-for-profit organization of some 500 members who have an interest in the commercial aviation industry. The membership consists of management level personnel from banks, leasing companies, airlines, appraisers, brokers, manufacturers, etc. ISTAT has also established standards for appraisal practice and a code of ethics for those members who want to be certified by the Society as appraisers. To attain certification members must meet rigid educational and experience requirements and must successfully complete written examinations. Both Morten Beyer and Robert Minnich of MBA are ISTAT Certified Senior Appraisers.

ISTAT defines Current Market Value (CMV) as the most likely trading price that may be generated for an aircraft under the market conditions that are perceived to exist at the time in question. Market Value (MV) assumes that the aircraft is valued for its highest, best use, that the parties to the hypothetical sales transaction are willing, able, prudent and knowledgeable, and under no unusual pressure for a prompt sale, and that the transactions would be negotiated in an open and unrestricted market on an arm's length basis, for cash or equivalent consideration and given an adequate amount of time for effective exposure to prospective buyers. Fair Market Value is synonymous to MV and Current Fair Market Value is synonymous with CMV because the criteria typically used in those documents that use the term "fair" reflect the same criteria set forth in the above definition of Market Value.

Base Value (BV) contains the same elements as MV except the market conditions are always assumed to be in a reasonable state of equilibrium. Base values are related to long term trends, and may or may not reflect the actual value of the aircraft in question. Base values are founded in the historical values of aircraft and are usually used for analysis of historic values or for future value projections.

The values set forth herein are Current Market Values. CMVs are provided for each aircraft, identified by assigned manufacturer's serial numbers and FAA registration numbers taking into account the expected month of delivery to Continental.

The delivery period for the aircraft that are the subject of this report terminates in February, 1998. As of the date of this report, we see no events that may cause us to revise valuations. However, unforeseen

circumstances can occur with little or no warning, and if something does occur, MBA would revise its market valuations accordingly.

All of the aircraft included in this appraisal are new aircraft with delivery dates starting in March 1997. The types of aircraft that are the subject of this report are all considered to be effective competitors in the industry for years to come, and they all meet or exceed Stage III noise level standards. The Boeing 737-500 was first built in 1989, and there are currently 319 in service with 28 operators and another 56 on order. It is the truncated version of the 737-300/400 series and offers a lower cost per aircraft mile. Because of its smaller capacity, its unit costs as measured by the cost per available seat mile are higher. Although we consider the aircraft to be a competitive one, it suffers from the fact that aircraft that are smaller versions of larger aircraft have historically not been as efficient as aircraft that are originally designed as smaller machines.

The Boeing 737-700 is Boeing's newest entry into the advanced technology market to compete with Airbus A319/320/321 series machines. The aircraft has not yet entered service. There are 208 unfilled orders. We expect that this aircraft will be very popular with the airlines and will have a long production run.

The Boeing 757 was first built in 1982 and was originally thought to be the replacement for the Boeing 727 series aircraft. Orders started slowly, but as time passed the aircraft became very popular because of its outstanding economic and operational characteristics. At the present time there are 669 of these aircraft in service with 62 operators. An additional 109 aircraft are on order.

This report has been prepared for the exclusive use of Continental and shall not be provided to other parties by MBA without the express consent of Continental.

MBA certifies that this report has been independently prepared and that it fully and accurately reflects MBA's opinion, as of the date of this report, of the values set forth herein. MBA further certifies that it does not have, and does not expect to have, any financial interest in the subject or similar aircraft.

This report represents MBA's opinion as to the subject aircraft, and is intended to be advisory only, in nature. Therefore, MBA assumes no responsibility or legal liability for any actions taken, or not taken, by Continental or any other party with regard to the subject aircraft.

By accepting this report, all parties agree that MBA shall bear no such responsibility or legal liability.

Sincerely,

/s/ MORTEN S. BEYER

## INFORMATION NOT REQUIRED IN PROSPECTUS

## ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

The Company's Certificate of Incorporation and Bylaws provide that the Company will indemnify each of its directors and officers to the full extent permitted by the laws of the State of Delaware and may indemnify certain other persons as authorized by the Delaware General Corporation Law (the "GCL"). Section 145 of the GCL provides as follows:

"(a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

(c) To the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

(d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsections (a) and (b). Such determination shall be made (1) by a majority vote of the board of directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (3) by the stockholders.

(e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative, or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of undertaking by or on behalf of such

director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by other employees and agents may be so paid upon such terms and conditions, if any, as the board of directors deems appropriate.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office.

(g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under this section.

(h) For purposes of this section, references to "the corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent for such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as he would have with respect to such constituent corporation if its separate existence had continued.

(i) For purposes of this section, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner he reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the corporation" as referred to in this section.

(j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(k) The Court of Chancery is hereby vested with exclusive jurisdiction to hear and determine all actions for advancement of expenses or indemnification brought under this section or under any bylaw, agreement, vote of stockholders or disinterested directors, or otherwise. The Court of Chancery may summarily determine a corporation's obligation to advance expenses (including attorneys' fees).

The Certificate of Incorporation and Bylaws also limit the personal liability of directors to the Company and its stockholders for monetary damages resulting from certain breaches of the directors' fiduciary duties. The bylaws of the Company provide as follows:

"No Director of the Corporation shall be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a Director, except for liability (i) for any breach of the Director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the . . . GCL, or (iv) for any transaction from which the Director derived any improper personal benefit. If the GCL is amended to authorize corporate action further eliminating or limiting the personal liability of Directors, then

the liability of Directors of the Corporation shall be eliminated or limited to the full extent permitted by the GCL, as so amended".

The Company maintains directors' and officers' liability insurance.

ITEM 22. UNDERTAKINGS.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high and of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) shall not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plans annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered

therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant, pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by any such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether or not such indemnification is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

This PASS THROUGH TRUST AGREEMENT, dated as of March 21, 1997 (the "Agreement"), between CONTINENTAL AIRLINES, INC., a Delaware corporation, and WILMINGTON TRUST COMPANY, as Trustee, is made with respect to the formation of Continental Airlines Pass Through Trust, Series 1997-1A-0 and the issuance of 7.461% Continental Airlines Pass Through Trust, Series 1997-1A-0 Pass Through Certificates representing fractional undivided interests in the Trust.

## WITNESSETH:

WHEREAS, the Company has obtained commitments from Boeing for the delivery of certain Aircraft;

WHEREAS, the Company intends to finance the acquisition of each such Aircraft either (i) through separate leveraged lease transactions in which the Company will lease such aircraft (collectively, the "Leased Aircraft") or (ii) through separate secured loan transactions in which the Company will own such Aircraft (collectively, the "Owned Aircraft");

WHEREAS, in the case of each Leased Aircraft, each Owner Trustee, acting on behalf of the corresponding Owner Participant, will issue pursuant to an Indenture, on a non-recourse basis, three series of Equipment Notes in order to finance a portion of its purchase price of such Leased Aircraft;

WHEREAS, in the case of each Owned Aircraft, the Company, will issue pursuant to an Indenture, on a recourse basis, three series of Equipment Notes to finance a portion of the purchase price of such Owned Aircraft;

WHEREAS, the Trustee, upon execution and delivery of this Agreement, hereby declares the creation of the Trust for the benefit of the Certificateholders, and the initial Certificateholders, as the grantors of the Trust, by their respective acceptances of the Certificates, join in the creation of this Trust with the Trustee;

WHEREAS, all Certificates to be issued by the Trust will evidence fractional undivided interests in the Trust and will convey no rights, benefits or interests in respect of any

property other than the Trust Property except for those Certificates to which an Escrow Receipt has been affixed;

WHEREAS, the Escrow Agent and the Initial Purchasers have contemporaneously herewith entered into an Escrow Agreement with the Escrow Paying Agent pursuant to which the Initial Purchasers have delivered to the Escrow Agent the proceeds from the sale of the Certificates and have irrevocably instructed the Escrow Agent to withdraw and pay funds from such proceeds upon request and proper certification by the Trustee to purchase Equipment Notes as the Aircraft are delivered by Boeing under the Aircraft Purchase Agreement from time to time prior to the Delivery Period Termination Date;

WHEREAS, the Escrow Agent on behalf of the Certificateholders has contemporaneously herewith entered into a Deposit Agreement with the Depository under which the Deposits referred to therein will be made and from which it will withdraw funds to allow the Trustee to purchase Equipment Notes from time to time prior to the Delivery Period Termination Date;

WHEREAS, pursuant to the terms and conditions of this Agreement and the Note Purchase Agreement, upon or shortly following delivery of an Aircraft, the Trustee on behalf of the Trust, using funds withdrawn under the Escrow Agreement, may purchase an Equipment Note having the same interest rate as, and final maturity date not later than the final Regular Distribution Date of, the Certificates issued hereunder and shall hold such Equipment Note in trust for the benefit of the Certificateholders;

WHEREAS, to facilitate the sale of Equipment Notes to, and the purchase of Equipment Notes by, the Trustee on behalf of the Trust, the Company has duly authorized the execution and delivery of this Agreement as the "issuer", as such term is defined in and solely for purposes of the Securities Act, of the Certificates to be issued pursuant hereto and as the "obligor", as such term is defined in and solely for purposes of the Trust Indenture Act of 1939, as amended, with respect to all such Certificates and is undertaking to perform certain administrative and ministerial duties hereunder and is also undertaking to pay the ongoing fees and expenses of the Trustee;

(c) The Initial Certificates offered and sold in reliance on Rule 144A shall be issued in the form of one or more

global Certificates substantially in the form of Exhibit A hereto with such applicable legends as are provided for in Section 3.02 (each a "Restricted Global Certificate") duly executed and authenticated by the Trustee as hereinafter provided. Such Restricted Global Certificates shall be in registered form and be registered in the name of DTC and deposited with the Trustee, at its Corporate Trust Office, as custodian for DTC. The aggregate principal amount of any Restricted Global Certificate may from time to time be increased or decreased by adjustments made on the records of the Trustee, as custodian for DTC for such Restricted Global Certificate, as provided in Section 3.06 hereof, which adjustments shall be conclusive as to the aggregate principal amount of any such Global Certificate.

(d) The Initial Certificates offered and sold outside the United States in reliance on Regulation S shall be issued in the form of one or more global Certificates substantially in the form of Exhibit A hereto (each a "Regulation S Global Certificate") duly executed and authenticated by the Trustee as hereinafter provided. Such Regulation S Global Certificates shall be in registered form and be registered in the name of DTC and deposited with the Trustee, at its Corporate Trust Office, as custodian for DTC, for credit initially and during the Restricted Period (hereinafter defined) to the respective accounts of beneficial owners of such Certificates (or to such other accounts as they may direct) at Morgan Guaranty Trust Company of New York, Brussels office, as operator of Euroclear or Cedel. As used herein, the term "Restricted Period", with respect to the Regulation S Global Certificates offered and sold in reliance on Regulation S, means the period of 40 consecutive days beginning on and including the later of (i) the day on which the Certificates are first offered to persons other than distributors (as defined in Regulation S) in reliance on Regulation S and (ii) the date of the closing of the offering under the Certificate Purchase Agreement. The aggregate principal amount of any Regulation S Global Certificate may from time to time be increased or decreased by adjustments made on the records of the Trustee, as custodian for DTC for such Global Certificate, as provided in Section 3.06 hereof, which adjustments shall be conclusive as to the aggregate principal amount of any such Global Certificate. The Restricted Global Certificate and Regulation S Global Certificate are sometimes collectively referred to herein as the "Global Certificates".

(e) Initial Certificates offered and sold to any Institutional Accredited Investor which is not a QIB in a transaction exempt from registration under the Securities Act (and other than as described in Section 3.01(d)) shall be issued substantially in the form of Exhibit A hereto in definitive, fully registered form without interest coupons with such applicable legends as are provided for in Section 3.02 (the "Restricted Definitive Certificates") duly executed and authenticated by the Trustee as hereinafter provided. Certificates issued pursuant to Section 3.05(b) in exchange for interests in a Regulation S Global Certificate shall be issued in definitive, fully registered form without interest coupons (the "Regulation S Definitive Certificates"). The Restricted Definitive Certificates and the Regulation S Definitive Certificates are sometimes collectively referred to herein as the "Definitive Certificates".

(f) The Exchange Certificates shall be issued in the form of one or more global Certificates substantially in the form of Exhibit A hereto (each, a "Global Exchange Certificate"), except that (i) the Restricted Legend (hereinafter defined) shall be omitted and (ii) such Exchange Certificates shall contain such appropriate insertions, omissions, substitutions and other variations from the form set forth in Exhibit A hereto relating to the nature of the Exchange Certificates as the Responsible Officer of the Trustee executing such Exchange Certificates on behalf of the Trust may determine, as evidenced by such officer's execution on behalf of the Trust of such Exchange Certificates. Such Global Exchange Certificates shall be in registered form and be registered in the name of DTC and deposited with the Trustee, at its Corporate Trust Office, as custodian for DTC. The aggregate principal amount of any Global Exchange Certificate may from time to time be increased or decreased by adjustments made on the records of the Trustee, as custodian for DTC for such Global Exchange Certificate, which adjustments shall be conclusive as to the aggregate principal amount of any such Global Exchange Certificate. Subject to clause (i) and (ii) of the first sentence of this Section 3.01(f), the terms hereof applicable to Restricted Global Certificates and/or Global Certificates shall apply to the Global Exchange Certificates, mutatis mutandis.

(g) The definitive Certificates shall be in registered form and shall be typed, printed, lithographed or engraved or produced by any combination of these methods or may be produced

in any other manner, all as determined by the officers executing such Certificates, as evidenced by their execution of such Certificates.

Section 3.02. Restrictive Legends. All Initial Certificates issued pursuant to this Agreement for resale pursuant to Rule 144A or offered and sold to any Institutional Accredited Investor which is not a QIB (including any Global Certificate issued upon registration of transfer, in exchange for or in lieu of such Certificates) shall be "Restricted Certificates" and shall bear a legend to the following effect (the "Restricted Legend") unless the Company and the Trustee determine otherwise consistent with applicable law:

"THIS CERTIFICATE HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND. IN CONNECTION WITH ANY TRANSFER OF THIS CERTIFICATE WITHIN TWO YEARS AFTER THE LATER OF THE ORIGINAL ISSUANCE OF THIS CERTIFICATE OR THE LAST DATE ON WHICH THIS CERTIFICATE WAS HELD BY CONTINENTAL AIRLINES, INC., THE TRUSTEE OR ANY AFFILIATE OF ANY OF SUCH PERSONS, THE HOLDER MUST CHECK THE APPROPRIATE BOX SET FORTH ON THE REVERSE HEREOF RELATING TO THE MANNER OF SUCH TRANSFER AND SUBMIT THIS CERTIFICATE TO THE TRUSTEE. AS USED HEREIN, THE TERMS "OFFSHORE TRANSACTION", "UNITED STATES" AND "U.S. PERSON" HAVE THE MEANINGS GIVEN TO THEM BY REGULATIONS UNDER THE SECURITIES ACT. THE PASS THROUGH TRUST AGREEMENT CONTAINS A PROVISION REQUIRING THE TRUSTEE TO REFUSE TO REGISTER ANY TRANSFER OF THIS CERTIFICATE IN VIOLATION OF THE FOREGOING RESTRICTIONS."

Each Global Certificate shall bear the following legend on the face thereof:

"UNLESS THIS CERTIFICATE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION ("DTC"), TO THE TRUSTEE OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY CERTIFICATE ISSUED IN EXCHANGE FOR THIS CERTIFICATE IS REGISTERED IN THE NAME OF CEDE & CO. OR IN SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC (AND ANY PAYMENT HEREON IS MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL INASMUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

TRANSFERS OF THIS GLOBAL CERTIFICATE SHALL BE LIMITED TO TRANSFERS IN WHOLE, BUT NOT IN PART, TO NOMINEES OF DTC OR TO A SUCCESSOR THEREOF OR SUCH SUCCESSOR'S NOMINEE AND TRANSFERS OF PORTIONS OF THIS GLOBAL CERTIFICATE SHALL BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN SECTIONS 3.05 AND 3.06 OF THE PASS THROUGH TRUST AGREEMENT REFERRED TO HEREIN."

Section 3.03. Authentication of Certificates. (a) On the Issuance Date, the Trustee shall duly execute, authenticate and deliver Certificates in authorized denominations equalling in the aggregate the amount set forth, with respect to the Trust, in Schedule II to the Certificate Purchase Agreement, evidencing the entire ownership of the Trust, which amount equals the maximum aggregate principal amount of Equipment Notes which may be purchased by the Trustee pursuant to the Note Purchase Agreement.

(b) No Certificate shall be entitled to any benefit under this Agreement or be valid or obligatory for any purpose, unless there appears on such Certificate a certificate of authentication substantially in the form provided for herein executed by the Trustee by the manual signature of one of its authorized signatories, and such certificate upon any Certificate shall be conclusive evidence, and the only evidence, that such Certificate has been duly authenticated and delivered hereunder.

Section 3.04. Transfer and Exchange. The Trustee shall cause to be kept at the office or agency to be maintained by it in accordance with the provisions of Section 7.12 a register (the "Register") of the Certificates in which, subject to such reasonable regulations as it may prescribe, the Trustee shall provide for the registration of such Certificates and of transfers and exchanges of such Certificates as herein provided. The Trustee shall initially be the registrar (the "Registrar") for the purpose of registering such Certificates and transfers and exchanges of such Certificates as herein provided.

All Certificates issued upon any registration of transfer or exchange of Certificates shall be valid obligations of the Trust, evidencing the same interest therein, and entitled to the same benefits under this Trust Agreement, as the Certificates surrendered upon such registration of transfer or exchange.

A Certificateholder may transfer a Certificate, or request that a Certificate be exchanged for Certificates in an aggregate Fractional Undivided Interest equal to the Fractional Undivided Interest of such Certificate surrendered for exchange of other authorized denominations, by surrender of such Certificate to the Trustee with the form of transfer notice thereon duly completed and executed, and otherwise complying with the terms of this Agreement, including providing evidence of compliance with any restrictions on transfer, in form

satisfactory to the Trustee and the Registrar; provided that no exchanges of Initial Certificates for Exchange Certificates shall occur until an Exchange Offer Registration Statement shall have been declared effective by the SEC (notice of which shall be provided to the Trustee by the Company). No such transfer shall be effected until, and such transferee shall succeed to the rights of a Certificateholder only upon, final acceptance and registration of the transfer by the Registrar in the Register. Prior to the registration of any transfer by a Certificateholder as provided herein, the Trustee shall treat the person in whose name the Certificate is registered as the owner thereof for all purposes, and the Trustee shall not be affected by notice to the contrary. Furthermore, DTC shall, by acceptance of a Global Certificate, agree that transfers of beneficial interests in such Global Certificate may be effected only through a book-entry system maintained by DTC (or its agent) and that ownership of a beneficial interest in the Certificate shall be required to be reflected in a book-entry. When Certificates are presented to the Registrar with a request to register the transfer thereof or to exchange them for other authorized denominations of a Certificate in a Fractional Undivided Interest equal to the aggregate Fractional Undivided Interest of Certificates surrendered for exchange, the Registrar shall register the transfer or make the exchange as requested if its requirements for such transactions are met.

To permit registrations of transfers and exchanges in accordance with the terms, conditions and restrictions hereof, the Trustee shall execute and authenticate Certificates at the Registrar's request. No service charge shall be made to a Certificateholder for any registration of transfer or exchange of Certificates, but the Trustee shall require payment of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with any transfer or exchange of Certificates. All Certificates surrendered for registration of transfer or exchange shall be canceled and subsequently destroyed by the Trustee.

Section 3.05. Book-Entry Provisions for Restricted Global Certificates and Regulation S Global Certificates. (a) Members of, or participants in, DTC ("Agent Members") shall have no rights under this Agreement with respect to any Global Certificate held on their behalf by DTC, or the Trustee as its custodian, and DTC may be treated by the Trustee and any agent of the Trustee as the absolute owner of such Global Certificate for

all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Trustee or any agent of the Trustee from giving effect to any written certification, proxy or other authorization furnished by DTC or shall impair, as between DTC and its Agent Members, the operation of customary practices governing the exercise of the rights of a holder of any Certificate. Upon the issuance of any Global Certificate, the Registrar or its duly appointed agent shall record DTC as the registered holder of such Global Certificate.

(b) Transfers of any Global Certificate shall be limited to transfers of such Restricted Global Certificate or Regulation S Global Certificate in whole, but not in part, to DTC. Beneficial interests in the Restricted Global Certificate and any Regulation S Global Certificate may be transferred in accordance with the rules and procedures of DTC and the provisions of Section 3.06. Beneficial interests in a Restricted Global Certificate or a Regulation S Global Certificate shall be delivered to all beneficial owners thereof in the form of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, if (i) DTC notifies the Trustee that it is unwilling or unable to continue as depository for such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, and a successor depository is not appointed by the Trustee within 90 days of such notice, and (ii) after the occurrence and during the continuance of an Event of Default, owners of beneficial interests in a Global Certificate with Fractional Undivided Interests aggregating not less than a majority in interest in the Trust advise the Trustee, the Company and DTC through Agent Members in writing that the continuation of a book-entry system through DTC or its successor is no longer in their best interests.

(c) Any beneficial interest in one of the Global Certificates that is transferred to a Person who takes delivery in the form of an interest in another Global Certificate will, upon such transfer, cease to be an interest in such Global Certificate and become an interest in the other Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to beneficial interests in such other Global Certificate for as long as it remains such an interest.

(d) In connection with the transfer of an entire Restricted Global Certificate or an entire Regulation S Global

Certificate to the beneficial owners thereof pursuant to paragraph (b) of this Section 3.05, such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, shall be deemed to be surrendered to the Trustee for cancellation, and the Trustee shall execute, authenticate and deliver, to each beneficial owner identified by DTC in exchange for its beneficial interest in such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, an equal aggregate principal amount of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, of authorized denominations. None of the Company, the Registrar, the Paying Agent nor the Trustee shall be liable for any delay in delivery of such instructions and may conclusively rely on, and shall be protected in relying on, such registration instructions. Upon the issuance of Definitive Certificates, the Trustee shall recognize the Person in whose name the Definitive Certificates are registered in the Register as Certificateholders hereunder. Neither the Company nor the Trustee shall be liable if the Trustee or the Company is unable to locate a qualified successor clearing agency.

(e) Any Definitive Certificate delivered in exchange for an interest in the Restricted Global Certificate pursuant to paragraph (b) of this Section 3.05 shall, except as otherwise provided by paragraph (e) of Section 3.06, bear the Restricted Legend.

(f) Prior to the expiration of the Restricted Period, any Regulation S Definitive Certificate delivered in exchange for an interest in a Regulation S Global Certificate pursuant to paragraph (b) of this Section shall bear the Restricted Legend.

(g) The registered holder of any Restricted Global Certificate or Regulation S Global Certificate may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Agreement or the Certificates.

Section 3.06. Special Transfer Provisions. Unless and until (i) an Initial Certificate is sold under an effective Shelf Registration Statement, or (ii) an Initial Certificate is exchanged for an Exchange Certificate pursuant to an effective Exchange Offer Registration Statement, in each case pursuant to

the terms of the Registration Rights Agreement, the following provisions shall apply to such Initial Certificates:

(a) Transfers to Non-QIB Institutional Accredited Investors. The following provisions shall apply with respect to the registration of any proposed transfer of a Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non-U.S. Person:

(i) The Registrar shall register the transfer of any Certificate, whether or not bearing the Restricted Legend, only if (x) the requested transfer is at least two years after the later of the original issue date of the Certificates and the last date on which such Certificate was held by the Company, the Trustee or any affiliate of any of such Persons or (y) the proposed transferor is an Initial Purchaser who is transferring Certificates purchased under the Certificates Purchase Agreement and the proposed transferee has delivered to the Registrar a letter substantially in the form of Exhibit C hereto and the aggregate principal amount of the Certificates being transferred is at least \$100,000. Except as provided in the foregoing clause (y), the Registrar shall not register the transfer of any Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non-U.S. Person.

(ii) If the proposed transferor is an Agent Member holding a beneficial interest in a Restricted Global Certificate, upon receipt by the Registrar of (x) the documents, if any, required by paragraph (i) and (y) instructions given in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of the transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and the Trustee shall execute, authenticate and deliver to the transferor or at its direction, one or more Restricted Definitive Certificates of like tenor and amount.

(b) Transfers to QIBs. The following provisions shall apply with respect to the registration of any proposed transfer of an Initial Certificate to a QIB (excluding Non-U.S. Persons):

(i) If the Certificate to be transferred consists of Restricted Definitive Certificates, or of an interest in any Regulation S Global Certificate during the Restricted Period, the Registrar shall register the transfer if such transfer is being made by a proposed transferor who has checked the box provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that the sale has been made in compliance with the provisions of Rule 144A to a transferee who has signed the certification provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that it is purchasing the Initial Certificate for its own account or an account with respect to which it exercises sole investment discretion and that it, or the Person on whose behalf it is acting with respect to any such account, is a QIB within the meaning of Rule 144A, and is aware that the sale to it is being made in reliance on Rule 144A and acknowledges that it has received such information regarding the Trust and/or the Company as it has requested pursuant to Rule 144A or has determined not to request such information and that it is aware that the transferor is relying upon its foregoing representations in order to claim the exemption from registration provided by Rule 144A.

(ii) Upon receipt by the Registrar of the documents required by clause (i) above and instructions given in accordance with DTC's and the Registrar's procedures therefor, the Registrar shall reflect on its books and records the date of such transfer and an increase in the principal amount of a Restricted Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificates or interests in such Regulation S Global Certificate, as the case may be, being transferred, and the Trustee shall cancel such Definitive Certificates or decrease the amount of such Regulation S Global Certificate so transferred.

(c) Transfers of Interests in the Regulation S Global Certificate or Regulation S Definitive Certificates. After the expiration of the Restricted Period, the Registrar shall register any transfer of interests in any Regulation S Global Certificate or Regulation S Definitive Certificates without requiring any additional certification. Until the expiration of the Restricted Period, interests in the Regulation S Global Certificate may only be held through Agent Members acting for and on behalf of Euroclear and Cedel.

(d) Transfers to Non-U.S. Persons at Any Time. The following provisions shall apply with respect to any registration of any transfer of an Initial Certificate to a Non-U.S. Person:

(i) Prior to the expiration of the Restricted Period, the Registrar shall register any proposed transfer of an Initial Certificate to a Non-U.S. Person upon receipt of a certificate substantially in the form set forth as Exhibit B hereto from the proposed transferor.

(ii) After the expiration of the Restricted Period, the Registrar shall register any proposed transfer to any Non-U.S. Person if the Certificate to be transferred is a Restricted Definitive Certificate or an interest in a Restricted Global Certificate, upon receipt of a certificate substantially in the form of Exhibit B from the proposed transferor. The Registrar shall promptly send a copy of such certificate to the Company.

(iii) Upon receipt by the Registrar of (x) the documents, if any, required by clause (ii) and (y) instructions in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of such transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and, upon receipt by the Registrar of instructions given in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the

date and an increase in the principal amount of the Regulation S Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificate or the Restricted Global Certificate, as the case may be, to be transferred, and the Trustee shall cancel the Definitive Certificate, if any, so transferred or decrease the amount of such Restricted Global Certificate.

(e) Restricted Legend. Upon the transfer, exchange or replacement of Certificates not bearing the Restricted Legend, the Registrar shall deliver Certificates that do not bear the Restricted Legend. Upon the transfer, exchange or replacement of Certificates bearing the Restricted Legend, the Registrar shall deliver only Certificates that bear the Restricted Legend unless either (i) the circumstances contemplated by paragraph (d)(ii) of this Section 3.06 exist or (ii) there is delivered to the Registrar an Opinion of Counsel to the effect that neither such legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

(f) General. By acceptance of any Certificate bearing the Restricted Legend, each Holder of such a Certificate acknowledges the restrictions on transfer of such Certificate set forth in this Agreement and agrees that it will transfer such Certificate only as provided in this Agreement. The Registrar shall not register a transfer of any Certificate unless such transfer complies with the restrictions on transfer, if any, of such Certificate set forth in this Agreement. In connection with any transfer of Certificates, each Certificateholder agrees by its acceptance of the Certificates to furnish the Registrar or the Trustee such certifications, legal opinions or other information as either of them may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act and in accordance with the terms and provisions of this Article III; provided that the Registrar shall not be required to determine the sufficiency of any such certifications, legal opinions or other information.

Until such time as no Certificates remain Outstanding, the Registrar shall retain copies of all letters, notices and other written communications received pursuant to Section 3.05 or this Section 3.06. The Trustee, if not the Registrar at such time, shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar.

Section 3.07. Mutilated, Destroyed, Lost or Stolen Certificates. If (a) any mutilated Certificate is surrendered to the Registrar or the Registrar receives evidence to its satisfaction of the destruction, loss or theft of any Certificate and (b) there is delivered to the Registrar and the Trustee such security, indemnity or bond, as may be required by them to save each of them harmless, then, in the absence of notice to the Registrar or the Trustee that such destroyed, lost or stolen Certificate has been acquired by a bona fide purchaser, and provided that the requirements of Section 8-405 of the Uniform Commercial Code in effect in any applicable jurisdiction are met, the Trustee shall execute, authenticate and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Certificate, a new Certificate or Certificates, in authorized denominations and of like Fractional Undivided Interest and bearing a number not contemporaneously outstanding.

In connection with the issuance of any new Certificate under this Section 3.07, the Trustee may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee and the Registrar) connected therewith.

Any duplicate Certificate issued pursuant to this Section 3.07 shall constitute conclusive evidence of the appropriate Fractional Undivided Interest in the Trust, as if originally issued, whether or not the lost, stolen or destroyed Certificate shall be found at any time.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Certificates.

Section 3.08. Persons Deemed Owners. Prior to due presentment of a Certificate for registration of transfer, the Trustee, the Registrar and any Paying Agent may treat the Person in whose name any Certificate is registered (as of the day of determination) as the owner of such Certificate for the purpose of receiving distributions pursuant to Article IV and for all other purposes whatsoever, and none of the Trustee, the Registrar or any Paying Agent shall be affected by any notice to the contrary.

Section 3.09. Cancellation. All Certificates surrendered for payment or transfer or exchange shall, if surrendered to the Trustee or any agent of the Trustee other than the Registrar, be delivered to the Registrar for cancellation and shall promptly be canceled by it. No Certificates shall be authenticated in lieu of or in exchange for any Certificates canceled as provided in this Section, except as expressly permitted by this Agreement. All canceled Certificates held by the Registrar shall be destroyed and a certification of their destruction delivered to the Trustee.

Section 3.10. Temporary Certificates. Until definitive Certificates are ready for delivery, the Trustee shall authenticate temporary Certificates. Temporary Certificates shall be substantially in the form of definitive Certificates but may have insertions, substitutions, omissions and other variations determined to be appropriate by the officers executing the temporary Certificates, as evidenced by their execution of such temporary Certificates. If temporary Certificates are issued, the Trustee will cause definitive Certificates to be prepared without unreasonable delay. After the preparation of definitive Certificates, the temporary Certificates shall be exchangeable for definitive Certificates upon surrender of the temporary Certificates at the office or agency of the Trustee designated for such purpose pursuant to Section 7.12, without charge to the Certificateholder. Upon surrender for cancellation of any one or more temporary Certificates, the Trustee shall execute, authenticate and deliver in exchange therefor a like face amount of definitive Certificates of authorized denominations. Until so exchanged, the temporary Certificates shall be entitled to the same benefits under this Agreement as definitive Certificates.

Section 3.11. Limitation of Liability for Payments. All payments and distributions made to Certificateholders in

respect of the Certificates shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or proceeds from the Trust Property to make such payments in accordance with the terms of Article IV of this Agreement. Each Certificateholder, by its acceptance of a Certificate, agrees that it will look solely to the income and proceeds from the Trust Property for any payment or distribution due to such Certificateholder pursuant to the terms of this Agreement and that it will not have any recourse to the Company, the Trustee, the Loan Trustees, the Liquidity Providers, the Owner Trustees or the Owner Participants, except as otherwise expressly provided herein or in the Intercreditor Agreement.

The Company is a party to this Agreement solely for purposes of meeting the requirements of the Trust Indenture Act, and therefore shall not have any right, obligation or liability hereunder (except as otherwise expressly provided herein).

ARTICLE IV  
DISTRIBUTIONS; STATEMENTS TO  
CERTIFICATEHOLDERS

Section 4.01. Certificate Account and Special Payments Account. (a) The Trustee shall establish and maintain on behalf of the Certificateholders a Certificate Account as one or more non-interest-bearing accounts. The Trustee shall hold the Certificate Account in trust for the benefit of the Certificateholders, and shall make or permit withdrawals therefrom only as provided in this Agreement. On each day when a Scheduled Payment is made to the Trustee under the Intercreditor Agreement, the Trustee upon receipt thereof shall immediately deposit the aggregate amount of such Scheduled Payment in the Certificate Account.

(b) The Trustee shall establish and maintain on behalf of the Certificateholders a Special Payments Account as one or more accounts, which shall be non-interest bearing except as provided in Section 4.04. The Trustee shall hold the Special Payments Account in trust for the benefit of the Certificateholders and shall make or permit withdrawals therefrom only as provided in this Agreement. On each day when one or more Special Payments are made to the Trustee under the Intercreditor Agreement and upon the payment of the Special Redemption Premium to the Trustee under the Note Purchase Agreement, the Trustee,

upon receipt thereof, shall immediately deposit the aggregate amount of such Special Payments in the Special Payments Account.

(c) The Trustee shall cause the Subordination Agent to present to the related Loan Trustee of each Equipment Note such Equipment Note on the date of its stated final maturity or, in the case of any Equipment Note which is to be redeemed in whole pursuant to the related Indenture, on the applicable redemption date under such Indenture.

Section 4.02. Distributions from Certificate Account and Special Payments Account. (a) On each Regular Distribution Date or as soon thereafter as the Trustee has confirmed receipt of the payment of all or any part of the Scheduled Payments due on such date, the Trustee shall distribute out of the Certificate Account the entire amount deposited therein pursuant to Section 4.01(a). There shall be so distributed to each Certificateholder of record on the Record Date with respect to such Regular Distribution Date (other than as provided in Section 11.01 concerning the final distribution) by check mailed to such Certificateholder, at the address appearing in the Register, such Certificateholder's pro rata share (based on the Fractional Undivided Interest in the Trust held by such Certificateholder) of the total amount in the Certificate Account, except that, with respect to Certificates registered on the Record Date in the name of DTC, such distribution shall be made by wire transfer in immediately available funds to the account designated by DTC.

(b) On each Special Distribution Date with respect to any Special Payment or as soon thereafter as the Trustee has confirmed receipt of any Special Payments due on the Equipment Notes held in the related Trust or realized upon the sale of such Equipment Notes or receipt of the Special Redemption Premium, the Trustee shall distribute out of the Special Payments Account the entire amount of such Special Payment deposited therein pursuant to Section 4.01(b). There shall be so distributed to each Certificateholder of record on the Record Date with respect to such Special Distribution Date (other than as provided in Section 11.01 concerning the final distribution) by check mailed to such Certificateholder, at the address appearing in the Register, such Certificateholder's pro rata share (based on the Fractional Undivided Interest in the Trust held by such Certificateholder) of the total amount in the Special Payments Account on account of such Special Payment, except that, with

respect to Certificates registered on the Record Date in the name of DTC, such distribution shall be made by wire transfer in immediately available funds to the account designated by DTC.

(c) The Trustee shall, at the expense of the Company, cause notice of each Special Payment to be mailed to each Certificateholder at his address as it appears in the Register. In the event of redemption or purchase of Equipment Notes held in the Trust, such notice shall be mailed not less than 20 days prior to the Special Distribution Date for the Special Payment resulting from such redemption or purchase, which Special Distribution Date shall be the date of such redemption or purchase. In the event of the payment of a Special Redemption Premium by the Company to the Trustee under the Note Purchase Agreement, such notice shall be mailed, together with the notice by the Escrow Paying Agent under Section 2.06 of the Escrow Agreement, not less than 20 days prior to the Special Distribution Date for such amount, which Special Distribution Date shall be the Final Withdrawal Date. In the case of any other Special Payments, such notice shall be mailed as soon as practicable after the Trustee has confirmed that it has received funds for such Special Payment, stating the Special Distribution Date for such Special Payment which shall occur not less than 20 days after the date of such notice and as soon as practicable thereafter. Notices mailed by the Trustee shall set forth:

(i) the Special Distribution Date and the Record Date therefor (except as otherwise provided in Section 11.01),

(ii) the amount of the Special Payment for each \$1,000 face amount Certificate and the amount thereof constituting principal, premium, if any, and interest,

(iii) the reason for the Special Payment, and

(iv) if the Special Distribution Date is the same date as a Regular Distribution Date, the total amount to be received on such date for each \$1,000 face amount Certificate.

If the amount of (i) premium, if any, payable upon the redemption or purchase of an Equipment Note or (ii) the Special Redemption Premium, if any, has not been calculated at the time that the Trustee mails notice of a Special Payment, it shall be sufficient

if the notice sets forth the other amounts to be distributed and states that any premium received will also be distributed.

If any redemption of the Equipment Notes held in the Trust is canceled, the Trustee, as soon as possible after learning thereof, shall cause notice thereof to be mailed to each Certificateholder at its address as it appears on the Register.

Section 4.03. Statements to Certificateholders. (a) On each Distribution Date, the Trustee will include with each distribution to Certificateholders of a Scheduled Payment or Special Payment, as the case may be, a statement setting forth the information provided below (in the case of a Special Payment, including any Special Redemption Premium, reflecting in part the information provided by the Escrow Paying Agent under the Escrow Agreement). Such statement shall set forth (per \$1,000 face amount Certificate as to (ii), (iii), (iv) and (v) below) the following information:

(i) the aggregate amount of funds distributed on such Distribution Date hereunder and under the Escrow Agreement, indicating the amount allocable to each source;

(iv) the amount of such distribution under the Escrow Agreement allocable to interest;

(v) the amount of such distribution under the Escrow Agreement allocable to Deposits; and

(vi) the Pool Balance and the Pool Factor.

With respect to the Certificates registered in the name of DTC, on the Record Date prior to each Distribution Date, the Trustee will request from DTC a securities position listing setting forth the names of all Agent Members reflected on DTC's books as holding interests in the Certificates on such Record Date. On each Distribution Date, the Trustee will mail to

each such Agent Member the statement described above and will make available additional copies as requested by such Agent Member for forwarding to holders of interests in the Certificates.

(b) Within a reasonable period of time after the end of each calendar year but not later than the latest date permitted by law, the Trustee shall furnish to each Person who at any time during such calendar year was a Certificateholder of record a statement containing the sum of the amounts determined pursuant to clauses (a)(i), (a)(ii), (a)(iii), (a)(iv) and (a)(v) above for such calendar year or, in the event such Person was a Certificateholder of record during a portion of such calendar year, for such portion of such year, and such other items as are readily available to the Trustee and which a Certificateholder shall reasonably request as necessary for the purpose of such Certificateholder's preparation of its federal income tax returns. Such statement and such other items shall be prepared on the basis of information supplied to the Trustee by the Agent Members and shall be delivered by the Trustee to such Agent Members to be available for forwarding by such Agent Members to the holders of interests in the Certificates in the manner described in Section 4.03(a).

(c) Promptly following (i) the Delivery Period Termination Date, if there has been any change in the information set forth in clauses (x), (y) and (z) below from that set forth in page 81 of the Offering Circular, and (ii) any early redemption of purchase of, or any default in the payment of principal or interest in respect of, any of the Equipment Notes held in the Trust, or any Final Withdrawal, the Trustee shall furnish to Certificateholders of record on such date a statement setting forth (x) the expected Pool Balances for each subsequent Regular Distribution Date following the Delivery Period Termination Date, (y) the related Pool Factors for such Regular Distribution Dates and (z) the expected principal distribution schedule of the Equipment Notes, in the aggregate, held as Trust Property at the date of such notice. With respect to the Certificates registered in the name of DTC, on the Delivery Period Termination Date, the Trustee will request from DTC a securities position listing setting forth the names of all Agent Members reflected on DTC's books as holding interests in the Certificates on such date. The Trustee will mail to each such Agent Member the statement described above and will make

available additional copies as requested by such Agent Member for forwarding to holders of interests in the Certificates.

Section 4.04. Investment of Special Payment Moneys. Any money received by the Trustee pursuant to Section 4.01(b) representing a Special Payment which is not distributed on the date received shall, to the extent practicable, be invested in Permitted Investments by the Trustee pending distribution of such Special Payment pursuant to Section 4.02. Any investment made pursuant to this Section 4.04 shall be in such Permitted Investments having maturities not later than the date that such moneys are required to be used to make the payment required under Section 4.02 on the applicable Special Distribution Date and the Trustee shall hold any such Permitted Investments until maturity. The Trustee shall have no liability with respect to any investment made pursuant to this Section 4.04, other than by reason of the willful misconduct or negligence of the Trustee. All income and earnings from such investments shall be distributed on such Special Distribution Date as part of such Special Payment.

##### THE COMPANY

Section 5.01. Maintenance of Corporate Existence. The Company, at its own cost and expense, will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence, rights and franchises, except as otherwise specifically permitted in Section 5.02; provided, however, that the Company shall not be required to preserve any right or franchise if the Company shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company.

Section 5.02. Consolidation, Merger, etc. The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease substantially all of its assets as an entirety to any Person unless:

(a) the corporation formed by such consolidation or into which the Company is merged or the Person that acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall be (i) organized and validly existing under the laws of the United States of America or any

state thereof or the District of Columbia, (ii) a "citizen of the United States" as defined in 49 U.S.C. 40102(a)(15), as amended, and (iii) a United States certificated air carrier, if and so long as such status is a condition of entitlement to the benefits of Section 1110 of the Bankruptcy Reform Act of 1978, as amended (11 U.S.C. Section 1110), with respect to the Leases;

(b) the corporation formed by such consolidation or into which the Company is merged or the Person which acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall execute and deliver to the Trustee a duly authorized, valid, binding and enforceable agreement in form and substance reasonably satisfactory to the Trustee containing an assumption by such successor corporation or Person of the due and punctual performance and observance of each covenant and condition of this Agreement, the Other Pass Through Trust Agreements and each Financing Document to be performed or observed by the Company; and

(c) the Company shall have delivered to the Trustee an Officer's Certificate of the Company and an Opinion of Counsel of the Company reasonably satisfactory to the Trustee, each stating that such consolidation, merger, conveyance, transfer or lease and the assumption agreement mentioned in clause (b) above comply with this Section 5.02 and that all conditions precedent herein provided for relating to such transaction have been complied with.

Upon any consolidation or merger, or any conveyance, transfer or lease of substantially all of the assets of the Company as an entirety in accordance with this Section 5.02, the successor corporation or Person formed by such consolidation or into which the Company is merged or to which such conveyance, transfer or lease is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under this Agreement with the same effect as if such successor corporation or Person had been named as the Company herein. No such conveyance, transfer or lease of substantially all of the assets of the Company as an entirety shall have the effect of releasing any successor corporation or Person which shall have become such in the manner prescribed in this Section 5.02 from its liability in respect of this Agreement and any Financing Document to which it is a party.

## ARTICLE VI

## DEFAULT

Section 6.01. Events of Default. (a) Exercise of Remedies. Upon the occurrence and during the continuation of any Indenture Default under any Indenture, the Trustee may, to the extent it is the Controlling Party at such time (as determined pursuant to the Intercreditor Agreement), direct the exercise of remedies as provided in the Intercreditor Agreement.

(b) Purchase Rights of Certificateholders. By acceptance of its Certificate, each Certificateholder agrees that at any time after the occurrence and during the continuation of a Triggering Event,

(i) each Class B Certificateholder shall have the right to purchase all, but not less than all, of the Certificates upon ten days' written notice to the Trustee and each other Class B Certificateholder, provided that (A) if prior to the end of such ten-day period any other Class B Certificateholder notifies such purchasing Class B Certificateholder that such other Class B Certificateholder wants to participate in such purchase, then such other Class B Certificateholder may join with the purchasing Class B Certificateholder to purchase all, but not less than all, of the Certificates pro rata based on the Fractional Undivided Interest in the Class B Trust held by each such Class B Certificateholder and (B) if prior to the end of such ten-day period any other Class B Certificateholder fails to notify the purchasing Class B Certificateholder of such other Class B Certificateholder's desire to participate in such a purchase, then such other Class B Certificateholder shall lose its right to purchase the Certificates pursuant to this Section 6.01(b); and

(ii) each holder of a Class C-I Certificate or a Class C-II Certificate (a "Class C Certificateholder") shall have the right (which shall not expire upon any purchase of the Certificates pursuant to clause (i) above) to purchase all, but not less than all, of the Certificates and the Class B Certificates upon ten days' written notice to the Trustee, the Class B

Trustee and each other Class C Certificateholder, provided that (A) if prior to the end of such ten-day period any other Class C Certificateholder notifies such purchasing Class C Certificateholder that such other Class C Certificateholder wants to participate in such purchase, then such other Class C Certificateholder may join with the purchasing Class C Certificateholder to purchase all, but not less than all, of the Certificates and the Class B Certificates pro rata based on the Fractional Undivided Interest in the Class C-I Trust and the Class C-II Trust, taken as a whole, held by each such Class C Certificateholder and (B) if prior to the end of such ten-day period any other Class C Certificateholder fails to notify the purchasing Class C Certificateholder of such other Class C Certificateholder's desire to participate in such a purchase, then such other Class C Certificateholder shall lose its right to purchase the Certificates pursuant to this Section 6.01(b).

The purchase price with respect to the Certificates shall be equal to the Pool Balance of the Certificates, together with accrued and unpaid interest thereon to the date of such purchase, without premium, but including any other amounts then due and payable to the Certificateholders under this Agreement, the Intercreditor Agreement, the Escrow Agreement or any Financing Document or on or in respect of the Certificates; provided, however, that (i) if such purchase occurs after the record date specified in Section 2.03(b) of the Escrow Agreement relating to the distribution of unused Deposits and accrued and unpaid interest thereunder, such purchase price shall be reduced by the aggregate amount of unused Deposits and interest to be distributed under the Escrow Agreement (which deducted amounts shall remain distributable to, and may be retained by, the Certificateholder as of such Record Date) and (ii) if such purchase occurs after a Record Date, such purchase price shall be reduced by the amount to be distributed hereunder on the related Distribution Date (which deducted amounts shall remain distributable to, and may be retained by, the Certificateholder as of such Record Date); provided, further, that no such purchase of Certificates shall be effective unless the purchaser(s) shall certify to the Trustee that contemporaneously with such purchase, such purchaser(s) is purchasing, pursuant to the terms of this Agreement and the Other Pass Through Trust Agreements, the Certificates and the Class B Certificates which are senior to the

securities held by such purchaser(s). Each payment of the purchase price of the Certificates referred to in the first sentence hereof shall be made to an account or accounts designated by the Trustee and each such purchase shall be subject to the terms of this Section 6.01(b). Each Certificateholder agrees by its acceptance of its Certificate that it will, subject to Section 3.04 hereof, upon payment from such Class B Certificateholder(s) or Class C Certificateholder(s), as the case may be, of the purchase price set forth in the first sentence of this paragraph, forthwith sell, assign, transfer and convey to the purchaser(s) thereof (without recourse, representation or warranty of any kind except for its own acts), all of the right, title, interest and obligation of such Certificateholder in this Agreement, the Escrow Agreement, the Deposit Agreement, the Intercreditor Agreement, the Liquidity Facility, the Financing Documents and all Certificates and Escrow Receipts held by such Certificateholder (excluding all right, title and interest under any of the foregoing to the extent such right, title or interest is with respect to an obligation not then due and payable as respects any action or inaction or state of affairs occurring prior to such sale) and the purchaser shall assume all of such Certificateholder's obligations under this Agreement, the Escrow Agreement, the Deposit Agreement, the Intercreditor Agreement, the Liquidity Facility, the Financing Documents and all such Certificates and Escrow Receipts. The Certificates will be deemed to be purchased on the date payment of the purchase price is made notwithstanding the failure of the Certificateholders to deliver any Certificates (whether in the form of Definitive Certificates or beneficial interests in Global Certificates) and, upon such a purchase, (i) the only rights of the Certificateholders will be to deliver the Certificates to the purchaser(s) and receive the purchase price for such Certificates and (ii) if the purchaser(s) shall so request, such Certificateholder will comply with all the provisions of Section 3.04 hereof to enable new Certificates to be issued to the purchaser in such denominations as it shall request. All charges and expenses in connection with the issuance of any such new Certificates shall be borne by the purchaser thereof.

As used in this Section 6.01(b), the terms "Certificateholder", "Class", "Class B Certificate", "Class B Certificateholder", "Class B Trust", "Class B Trustee",

"Class C-I Certificate", "Class C-II Certificate", "Class C-I Trust" and "Class C-II Trust", shall have the

respective meanings assigned to such terms in the Intercreditor Agreement.

Section 6.02. Incidents of Sale of Equipment Notes. Upon any sale of all or any part of the Equipment Notes made either under the power of sale given under this Agreement or otherwise for the enforcement of this Agreement, the following shall be applicable:

(1) Certificateholders and Trustee May Purchase Equipment Notes. Any Certificateholder, the Trustee in its individual or any other capacity or any other Person may bid for and purchase any of the Equipment Notes, and upon compliance with the terms of sale, may hold, retain, possess and dispose of such Equipment Notes in their own absolute right without further accountability.

(2) Receipt of Trustee Shall Discharge Purchaser. The receipt of the Trustee making such sale shall be a sufficient discharge to any purchaser for his purchase money, and, after paying such purchase money and receiving such receipt, such purchaser or its personal representative or assigns shall not be obliged to see to the application of such purchase money, or be in any way answerable for any loss, misapplication or non-application thereof.

(3) Application of Moneys Received upon Sale. Any moneys collected by the Trustee upon any sale made either under the power of sale given by this Agreement or otherwise for the enforcement of this Agreement shall be applied as provided in Section 4.02.

Section 6.03. Judicial Proceedings Instituted by Trustee; Trustee May Bring Suit. If there shall be a failure to make payment of the principal of, premium, if any, or interest on any Equipment Note, or if there shall be any failure to pay Rent (as defined in the relevant Lease) under any Lease when due and payable, then the Trustee, in its own name and as trustee of an express trust, as holder of such Equipment Notes, to the extent permitted by and in accordance with the terms of the Intercreditor Agreement and the Financing Documents (subject to the rights of the applicable Owner Trustee or Owner Participant to cure any such failure to pay principal of, premium, if any, or interest on any Equipment Note or to pay Rent under any Lease in accordance with the applicable Indenture), shall be entitled and

empowered to institute any suits, actions or proceedings at law, in equity or otherwise, for the collection of the sums so due and unpaid on such Equipment Notes or under such Lease and may prosecute any such claim or proceeding to judgment or final decree with respect to the whole amount of any such sums so due and unpaid.

Section 6.04. Control by Certificateholders. Subject to Section 6.03 and the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee with respect to the Trust or pursuant to the terms of the Intercreditor Agreement, or exercising any trust or power conferred on the Trustee under this Agreement or the Intercreditor Agreement, including any right of the Trustee as Controlling Party under the Intercreditor Agreement or as holder of the Equipment Notes, provided that

(1) such Direction shall not be in conflict with any rule of law or with this Agreement and would not involve the Trustee in personal liability or expense,

(2) the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Certificateholders not taking part in such Direction, and

(3) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such Direction.

Section 6.05. Waiver of Past Defaults. Subject to the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust (i) may on behalf of all of the Certificateholders waive any past Event of Default hereunder and its consequences or (ii) if the Trustee is the Controlling Party, may direct the Trustee to instruct the applicable Loan Trustee to waive any past Indenture Default under any Indenture and its consequences, and thereby annul any Direction given by such Certificateholders or the Trustee to such Loan Trustee with respect thereto, except a default:

(1) in the deposit of any Scheduled Payment or Special Payment under Section 4.01 or in the distribution of any payment under Section 4.02 on the Certificates, or

(2) in the payment of the principal of (premium, if any) or interest on the Equipment Notes, or

(3) in respect of a covenant or provision hereof which under Article IX cannot be modified or amended without the consent of each Certificateholder holding an Outstanding Certificate affected thereby.

Upon any such waiver, such default shall cease to exist with respect to the Certificates and any Event of Default arising therefrom shall be deemed to have been cured for every purpose and any direction given by the Trustee on behalf of the Certificateholders to the relevant Loan Trustee shall be annulled with respect thereto; but no such waiver shall extend to any subsequent or other default or Event of Default or impair any right consequent thereon. Upon any such waiver, the Trustee shall vote the Equipment Notes issued under the relevant Indenture to waive the corresponding Indenture Default.

Section 6.06. Right of Certificateholders to Receive Payments Not to Be Impaired. Anything in this Agreement to the contrary notwithstanding, including, without limitation, Section 6.07 hereof, but subject to the Intercreditor Agreement, the right of any Certificateholder to receive distributions of payments required pursuant to Section 4.02 hereof on the Certificates when due, or to institute suit for the enforcement of any such payment on or after the applicable Regular Distribution Date or Special Distribution Date, shall not be impaired or affected without the consent of such Certificateholder.

Section 6.07. Certificateholders May Not Bring Suit Except Under Certain Conditions. A Certificateholder shall not have the right to institute any suit, action or proceeding at law or in equity or otherwise with respect to this Agreement, for the appointment of a receiver or for the enforcement of any other remedy under this Agreement, unless:

(1) such Certificateholder previously shall have given written notice to the Trustee of a continuing Event of Default;

(2) Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than 25% of the Trust shall have requested the Trustee in writing to institute such action, suit or proceeding and shall have offered to the Trustee indemnity as provided in Section 7.03(e);

(3) the Trustee shall have refused or neglected to institute such an action, suit or proceeding for 60 days after receipt of such notice, request and offer of indemnity; and

(4) no direction inconsistent with such written request shall have been given to the Trustee during such 60-day period by Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust.

It is understood and intended that no one or more of the Certificateholders shall have any right in any manner whatsoever hereunder or under the Certificates to (i) surrender, impair, waive, affect, disturb or prejudice any property in the Trust Property or the lien of any Indenture on any property subject thereto, or the rights of the Certificateholders or the holders of the Equipment Notes, (ii) obtain or seek to obtain priority over or preference with respect to any other such Certificateholder or (iii) enforce any right under this Agreement, except in the manner herein provided and for the equal, ratable and common benefit of all the Certificateholders subject to the provisions of this Agreement.

Section 6.08. Remedies Cumulative. Every remedy given hereunder to the Trustee or to any of the Certificateholders shall not be exclusive of any other remedy or remedies, and every such remedy shall be cumulative and in addition to every other remedy given hereunder or now or hereafter given by statute, law, equity or otherwise.

#### ARTICLE VII

#### THE TRUSTEE

Section 7.01. Certain Duties and Responsibilities. (a) Except during the continuance of an Event of Default, the Trustee undertakes to perform such duties as are specifically set

forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Trustee.

(b) In case an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Agreement, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of its own affairs.

(c) No provision of this Agreement shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own wilful misconduct, except that

(1) this Subsection shall not be construed to limit the effect of Subsection (a) of this Section; and

(2) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts.

(d) Whether or not herein expressly so provided, every provision of this Trust Agreement relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

Section 7.02. Notice of Defaults. As promptly as practicable after, and in any event within 90 days after, the occurrence of any default (as such term is defined below) hereunder, the Trustee shall transmit by mail to the Company, the Owner Trustees, the Owner Participants, the Loan Trustees and the Certificateholders in accordance with Section 313(c) of the Trust Indenture Act, notice of such default hereunder known to the Trustee, unless such default shall have been cured or waived; provided, however, that, except in the case of a default on the payment of the principal, premium, if any, or interest on any Equipment Note held in the Trust, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors and/or Responsible Officers of the Trustee in good faith determine that the withholding of such notice is in the interests of the Certificateholders. For the purpose of this Section, the term "default" means any event that is, or after notice or lapse of time or both would become, an Event of Default.

Section 7.03. Certain Rights of Trustee. Subject to the provisions of Section 315 of the Trust Indenture Act:

(a) the Trustee may rely and shall be protected in acting or refraining from acting in reliance upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a written description of the subject matter thereof accompanied by an Officer's Certificate and an Opinion of Counsel as provided in Section 1.02 of this Agreement;

(c) whenever in the administration of this Agreement the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer's Certificate of the Company, any Owner Trustee or any Loan Trustee;

(d) the Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Agreement at the Direction of any of the Certificateholders pursuant to this Agreement, unless such Certificateholders shall have offered to the Trustee reasonable security or indemnity against the cost, expenses and liabilities which might be incurred by it in compliance with such Direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document;

(g) the Trustee may execute any of the trusts or powers under this Agreement or perform any duties under this

Agreement either directly or by or through agents or attorneys, and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it under this Agreement;

(h) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Agreement; and

(i) the Trustee shall not be required to expend or risk its own funds in the performance of any of its duties under this Agreement, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk is not reasonably assured to it.

Section 7.04. Not Responsible for Recitals or Issuance of Certificates. The recitals contained herein and in the Certificates, except the certificates of authentication, shall not be taken as the statements of the Trustee, and the Trustee assumes no responsibility for their correctness. Subject to Section 7.15, the Trustee makes no representations as to the validity or sufficiency of this Agreement, any Equipment Notes, the Intercreditor Agreement, the Deposit Agreement, the Escrow Agreement, the Certificates or any other Financing Document, except that the Trustee hereby represents and warrants that this Agreement has been, and the Intercreditor Agreement, the Registration Rights Agreement, the Note Purchase Agreement, the Escrow Agreement and each Certificate will be, executed, authenticated and delivered by one of its officers who is duly authorized to execute, authenticate and deliver such document on its behalf.

Section 7.05. May Hold Certificates. The Trustee, any Paying Agent, Registrar or any of their Affiliates or any other agent in their respective individual or any other capacity may become the owner or pledgee of Certificates and, subject to Sections 310(b) and 311 of the Trust Indenture Act, if applicable, may otherwise deal with the Company, the Owner

Trustees or the Loan Trustees with the same rights it would have if it were not Trustee, Paying Agent, Registrar or such other agent.

Section 7.06. Money Held in Trust. Money held by the Trustee or the Paying Agent in trust hereunder need not be segregated from other funds except to the extent required herein or by law and neither the Trustee nor the Paying Agent shall have any liability for interest upon any such moneys except as provided for herein.

Section 7.07. Compensation and Reimbursement. The Company agrees:

(1) to pay, or cause to be paid, to the Trustee from time to time reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse, or cause to be reimbursed, the Trustee upon its request for all reasonable out-of-pocket expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Agreement (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its negligence, willful misconduct or bad faith or as may be incurred due to the Trustee's breach of its representations and warranties set forth in Section 7.15; and

(3) to indemnify, or cause to be indemnified, the Trustee for, and to hold it harmless against, any loss, liability or expense (other than for or with respect to any tax) incurred without negligence, willful misconduct or bad faith, on its part, arising out of or in connection with the acceptance or administration of this Trust, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder, except for any such loss, liability or expense incurred by reason of the Trustee's breach of its representations and warranties set forth in Section 7.15; provided, however, that the foregoing paragraph (3) shall cease to have any further force or

effect upon the execution and delivery by the Trustee of any Participation Agreement.

With respect to paragraph (3) above, the Trustee shall notify the Company promptly of any claim for which it may seek indemnity. The Company shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have separate counsel with the consent of the Company and the Company will pay the reasonable fees and expenses of such counsel. The Company need not pay for any settlement made, in settlement or otherwise, without its consent.

The Trustee shall be entitled to reimbursement from, and shall have a lien prior to the Certificates upon, the Trust Property for any tax incurred without negligence, bad faith or willful misconduct, on its part, arising out of or in connection with the acceptance or administration of such Trust (other than any tax attributable to the Trustee's compensation for serving as such), including any costs and expenses incurred in contesting the imposition of any such tax. If the Trustee reimburses itself from the Trust Property of such Trust for any such tax, it will mail a brief report within 30 days setting forth the circumstances thereof to all Certificateholders as their names and addresses appear in the Register.

Section 7.08. Corporate Trustee Required; Eligibility. There shall at all times be a Trustee hereunder which shall be eligible to act as a trustee under Section 310(a) of the Trust Indenture Act and shall have a combined capital and surplus of at least \$75,000,000 (or a combined capital and surplus in excess of \$5,000,000 and the obligations of which, whether now in existence or hereafter incurred, are fully and unconditionally guaranteed by a corporation organized and doing business under the laws of the United States, any state or territory thereof or of the District of Columbia and having a combined capital and surplus of at least \$75,000,000). If such corporation publishes reports of conditions at least annually, pursuant to law or to the requirements of federal, state, territorial or District of Columbia supervising or examining authority, then for the purposes of this Section 7.08, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of conditions so published.

In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 7.08 to act as Trustee, the Trustee shall resign immediately as Trustee in the manner and with the effect specified in Section 7.09.

Section 7.09. Resignation and Removal; Appointment of Successor. (a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee under Section 7.10.

(b) The Trustee may resign at any time as trustee by giving prior written notice thereof to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Company, the Authorized Agents, the Owner Trustees, the Loan Trustees and the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

(c) The Trustee may be removed at any time by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Trustee and to the Company, the Owner Trustees and the Loan Trustees.

(d) If at any time:

(1) the Trustee shall fail to comply with Section 310 of the Trust Indenture Act, if applicable, after written request therefor by the Company or by any Certificateholder who has been a bona fide Certificateholder for at least six months; or

(2) the Trustee shall cease to be eligible under Section 7.08 and shall fail to resign after written request therefor by the Company or by any such Certificateholder; or

(3) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any case, (i) the Company may, with the consent of the Owner Participants, which consent may not be unreasonably withheld, remove the Trustee or (ii) any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) If a Responsible Officer of the Trustee shall obtain actual knowledge of an Avoidable Tax which has been or is likely to be asserted, the Trustee shall promptly notify the Company and shall, within 30 days of such notification, resign hereunder unless within such 30-day period the Trustee shall have received notice that the Company has agreed to pay such tax. The Company shall promptly appoint a successor Trustee in a jurisdiction where there are no Avoidable Taxes.

(f) If the Trustee shall resign, be removed or become incapable of acting or if a vacancy shall occur in the office of the Trustee for any cause, the Company shall promptly appoint a successor Trustee. If, within one year after such resignation, removal or incapability, or other occurrence of such vacancy, a successor Trustee shall be appointed by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Company, the Owner Trustees, the Loan Trustees and the retiring Trustee, and the Company approves such appointment, which approval shall not be unreasonably withheld, then the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed as provided above. If no successor Trustee shall have been so appointed as provided above and accepted appointment in the manner hereinafter provided, any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

(g) The successor Trustee shall give notice of the resignation and removal of the Trustee and appointment of the successor Trustee by mailing written notice of such event by first-class mail, postage prepaid, to the Certificateholders as their names and addresses appear in the Register. Each notice

shall include the name of such successor Trustee and the address of its Corporate Trust Office.

Section 7.10. Acceptance of Appointment by Successor. Every successor Trustee appointed hereunder shall execute and deliver to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on request of the Company or the successor Trustee, such retiring Trustee shall execute and deliver an instrument transferring to such successor Trustee all such rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all Trust Property held by such retiring Trustee hereunder, subject nevertheless to its lien, if any, provided for in Section 7.07. Upon request of any such successor Trustee, the Company, the retiring Trustee and such successor Trustee shall execute and deliver any and all instruments containing such provisions as shall be necessary or desirable to transfer and confirm to, and for more fully and certainly vesting in, such successor Trustee all such rights, powers and trusts.

No institution shall accept its appointment as a Trustee hereunder unless at the time of such acceptance such institution shall be qualified and eligible under this Article VII.

Section 7.11. Merger, Conversion, Consolidation or Succession to Business. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article VII, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Certificates shall have been executed or authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such execution or authentication and deliver the Certificates so

executed or authenticated with the same effect as if such successor Trustee had itself executed or authenticated such Certificates.

Section 7.12. Maintenance of Agencies. (a) There shall at all times be maintained an office or agency in the location set forth in Section 12.03 where Certificates may be presented or surrendered for registration of transfer or for exchange, and for payment thereof and where notices and demands to or upon the Trustee in respect of such certificates or this Agreement may be served; provided, however, that, if it shall be necessary that the Trustee maintain an office or agency in another location (e.g., the Certificates shall be represented by Definitive Certificates and shall be listed on a national securities exchange), the Trustee will make all reasonable efforts to establish such an office or agency. Written notice of the location of each such other office or agency and of any change of location thereof shall be given by the Trustee to the Company, the Owner Trustees, the Loan Trustees (in the case of any Owner Trustee or Loan Trustee, at its address specified in the Financing Documents or such other address as may be notified to the Trustee) and the Certificateholders. In the event that no such office or agency shall be maintained or no such notice of location or of change of location shall be given, presentations and demands may be made and notices may be served at the Corporate Trust Office of the Trustee.

(b) There shall at all times be a Registrar and a Paying Agent hereunder with respect to the Certificates. Each such Authorized Agent shall be a bank or trust company, shall be a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, or, if the Trustee shall be acting as the Registrar or Paying Agent hereunder, a corporation having a combined capital and surplus in excess of \$5,000,000, the obligations of which are guaranteed by a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, and shall be authorized under such laws to exercise corporate trust powers, subject to supervision by Federal or state authorities. The Trustee shall initially be the Paying Agent and, as provided in Section 3.04, Registrar hereunder with respect to the Certificates. Each Registrar shall furnish to the Trustee, at stated intervals of not more than six months, and at

such other times as the Trustee may request in writing, a copy of the Register maintained by such Registrar.

(c) Any corporation into which any Authorized Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, consolidation or conversion to which any Authorized Agent shall be a party, or any corporation succeeding to the corporate trust business of any Authorized Agent, shall be the successor of such Authorized Agent hereunder, if such successor corporation is otherwise eligible under this Section, without the execution or filing of any paper or any further act on the part of the parties hereto or such Authorized Agent or such successor corporation.

(d) Any Authorized Agent may at any time resign by giving written notice of resignation to the Trustee, the Company, the Owner Trustees and the Loan Trustees. The Company may, and at the request of the Trustee shall, at any time terminate the agency of any Authorized Agent by giving written notice of termination to such Authorized Agent and to the Trustee. Upon the resignation or termination of an Authorized Agent or in case at any time any such Authorized Agent shall cease to be eligible under this Section (when, in either case, no other Authorized Agent performing the functions of such Authorized Agent shall have been appointed), the Company shall promptly appoint one or more qualified successor Authorized Agents, reasonably satisfactory to the Trustee, to perform the functions of the Authorized Agent which has resigned or whose agency has been terminated or who shall have ceased to be eligible under this Section. The Company shall give written notice of any such appointment made by it to the Trustee, the Owner Trustees and the Loan Trustees; and in each case the Trustee shall mail notice of such appointment to all Certificateholders as their names and addresses appear on the Register.

(e) The Company agrees to pay, or cause to be paid, from time to time to each Authorized Agent reasonable compensation for its services and to reimburse it for its reasonable expenses.

Section 7.13. Money for Certificate Payments to Be Held in Trust. All moneys deposited with any Paying Agent for the purpose of any payment on Certificates shall be deposited and held in trust for the benefit of the Certificateholders entitled to such payment, subject to the provisions of this Section.

Moneys so deposited and held in trust shall constitute a separate trust fund for the benefit of the Certificateholders with respect to which such money was deposited.

The Trustee may at any time, for the purpose of obtaining the satisfaction and discharge of this Agreement or for any other purpose, direct any Paying Agent to pay to the Trustee all sums held in trust by such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Section 7.14. Registration of Equipment Notes in Name of Subordination Agent. The Trustee agrees that all Equipment Notes to be purchased by the Trust shall be issued in the name of the Subordination Agent or its nominee and held by the Subordination Agent in trust for the benefit of the Certificateholders, or, if not so held, the Subordination Agent or its nominee shall be reflected as the owner of such Equipment Notes in the register of the issuer of such Equipment Notes.

Section 7.15. Representations and Warranties of Trustee. The Trustee hereby represents and warrants that:

(a) the Trustee is a Delaware banking corporation organized and validly existing in good standing under the laws of the State of Delaware;

(b) the Trustee has full power, authority and legal right to execute, deliver, and perform this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party and has taken all necessary action to authorize the execution, delivery, and performance by it of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party;

(c) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party (i) will not violate any provision of United States federal law or the law of the state of the United States where it is

located governing the banking and trust powers of the Trustee or any order, writ, judgment, or decree of any court, arbitrator or governmental authority applicable to the Trustee or any of its assets, (ii) will not violate any provision of the articles of association or by-laws of the Trustee, or (iii) will not violate any provision of, or constitute, with or without notice or lapse of time, a default under, or result in the creation or imposition of any lien on any properties included in the Trust Property pursuant to the provisions of any mortgage, indenture, contract, agreement or other undertaking to which it is a party, which violation, default or lien could reasonably be expected to have an adverse effect on the Trustee's performance or ability to perform its duties hereunder or thereunder or on the transactions contemplated herein or therein;

(d) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party will not require the authorization, consent, or approval of, the giving of notice to, the filing or registration with, or the taking of any other action in respect of, any governmental authority or agency of the United States or the state of the United States where it is located regulating the banking and corporate trust activities of the Trustee; and

(e) this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party have been duly executed and delivered by the Trustee and constitute the legal, valid, and binding agreements of the Trustee, enforceable against it in accordance with their respective terms, provided that enforceability may be limited by (i) applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and (ii) general principles of equity.

Section 7.16. Withholding Taxes, Information Reporting. The Trustee, as trustee of the grantor trust created by this Agreement, shall exclude and withhold from each distribution of principal, premium, if any, and interest and other amounts due under this Agreement or under the Certificates any and all withholding taxes applicable thereto as required by law. In addition, the Trustee shall remit such amounts as would be required by section 1446 of the Internal Revenue Code of 1986,

as amended, if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes and shall withhold such amounts from amounts distributable to or for the benefit of Certificateholders or Investors that are not United States persons within the meaning of section 7701(a)(30) of the Internal Revenue Code of 1986, as amended. In this regard, the Trustee shall cause the appropriate withholding agent to withhold with respect to such distributions in the manner contemplated by Section 10.04 of Revenue Procedure 89-31 and Treasury Regulation 1.1445-8(b)(3) by filing a notice with the National Association of Securities Dealers, Inc. substantially in the form of Exhibit E hereto on or before the date 10 days prior to the Record Date. The Trustee shall mail such notice to the National Association of Securities Dealers no later than the date than 15 days prior to the Record Date. Investors that are not United States Persons agree to furnish a United States taxpayer identification number ("TIN") to the Trustee and the Trustee shall provide such TINs to the appropriate withholding agent. The Trustee agrees to act as such withholding agent (except to the extent contemplated above with respect to withholding amounts as if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes) and, in connection therewith, whenever any present or future taxes or similar charges are required to be withheld with respect to any amounts payable in respect of the Certificates, to withhold such amounts and timely pay the same to the appropriate authority in the name of and on behalf of the Certificateholders, that it will file any necessary withholding tax returns or statements when due, and that, as promptly as possible after the payment thereof, it will deliver to each such Certificateholder appropriate documentation showing the payment thereof, together with such additional documentary evidence as such Certificateholders may reasonably request from time to time. The Trustee agrees to file any other information reports as it may be required to file under United States law. Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit, other than an improper failure attributable to the gross negligence or willful misconduct of the Trustee.

Section 7.17. Trustee's Liens. The Trustee in its individual capacity agrees that it will at its own cost and expense promptly take any action as may be necessary to duly discharge and satisfy in full any mortgage, pledge, lien, charge, encumbrance, security interest or claim ("Trustee's Liens") on or with respect to the Trust Property which is attributable to the Trustee either (i) in its individual capacity and which is unrelated to the transactions contemplated by this Agreement, the Intercreditor Agreement, the Note Purchase Agreement or the Financing Documents, or (ii) as Trustee hereunder or in its individual capacity and which arises out of acts or omissions which are not contemplated by this Agreement.

Section 7.18. Preferential Collection of Claims. The Trustee shall comply with Section 311(a) of the Trust Indenture Act, excluding any creditor relationship listed in Section 311(b) of the Trust Indenture Act. If the Trustee shall resign or be removed as Trustee, it shall be subject to Section 311(a) of the Trust Indenture Act to the extent provided therein.

Section 8.01. The Company to Furnish Trustee with Names and Addresses of Certificateholders. The Company will furnish to the Trustee within 15 days after each Record Date with respect to a Scheduled Payment, and at such other times as the Trustee may request in writing within 30 days after receipt by the Company of any such request, a list, in such form as the Trustee may reasonably require, of all information in the possession or control of the Company as to the names and addresses of the Certificateholders, in each case as of a date not more than 15 days prior to the time such list is furnished; provided, however, that so long as the Trustee is the sole Registrar, no such list need be furnished; and provided further, however, that no such list need be furnished for so long as a copy of the Register is being furnished to the Trustee pursuant to Section 7.12.

Section 8.02. Preservation of Information; Communications to Certificateholders. The Trustee shall preserve, in as current a form as is reasonably practicable, the names and addresses of Certificateholders contained in the most recent list furnished to the Trustee as provided in Section 7.12

The Trustee may destroy any list furnished to it as provided in Section 7.12 or Section 8.01, as the case may be, upon receipt of a new list so furnished.

Section 8.03. Reports by Trustee. Within 60 days after May 15 of each year commencing with the first full year following the issuance of the Certificates, the Trustee shall transmit to the Certificateholders, as provided in Section 313(c) of the Trust Indenture Act, a brief report dated as of such May 15, if required by Section 313(a) of the Trust Indenture Act.

Section 8.04. Reports by the Company. The Company shall:

(b) during any period, prior to the consummation of the Exchange Offer and during which the Shelf Registration Statement is not in effect, in which the Company is not subject to Section 13(a), 13(c) or 15(d) under the Securities Exchange Act of 1934, make available to any Holder of the Certificates in connection with any sale thereof and any prospective purchaser of the Certificates from such Holder, in each case upon request, the information specified in, and meeting the requirements of, Rule 144A(d)(4) under the Securities Act but only for so long as any of the Certificates remain outstanding and are "restricted securities" within the meaning of Rule 144(a)(3) under the

Securities Act and, in any event, only until the second anniversary of the Issuance Date;

(c) file with the Trustee and the SEC, in accordance with the rules and regulations prescribed by the SEC, such additional information, documents and reports with respect to compliance by the Company with the conditions and covenants provided for in this Agreement, as may be required by such rules and regulations, including, in the case of annual reports, if required by such rules and regulations, certificates or opinions of independent public accountants, conforming to the requirements of Section 1.02;

(e) furnish to the Trustee, not less often than annually, a brief certificate from the principal executive officer, principal financial officer or principal accounting officer as to his or her knowledge of the Company's compliance with all conditions and covenants under this Agreement (it being understood that for purposes of this paragraph (e), such compliance shall be determined without regard to any period of grace or requirement of notice provided under this Agreement).

#### ARTICLE IX

##### SUPPLEMENTAL AGREEMENTS

Section 9.01. Supplemental Agreements Without Consent of Certificateholders. Without the consent of the Certificateholders, the Company may (but will not be required to), and the Trustee (subject to Section 9.03) shall, at the Company's request, at any time and from time to time, enter into one or more agreements supplemental hereto or, if applicable, to the Intercreditor Agreement, the Escrow Agreement, the Note Purchase Agreement, the Deposit Agreement, the Registration Rights Agreement or any Liquidity Facility in form satisfactory to the Trustee, for any of the following purposes:

(1) to evidence the succession of another corporation to the Company and the assumption by any such successor of the covenants of the Company herein contained or of the Company's obligations under the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility; or

(2) to add to the covenants of the Company for the benefit of the Certificateholders, or to surrender any right or power conferred upon the Company in this Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility; or

(3) to correct or supplement any provision in this Agreement, the Intercreditor Agreement, the Escrow Agreement, the Deposit Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility which may be defective or inconsistent with any other provision herein or therein or to cure any ambiguity or correct any mistake or to modify any other provision with respect to matters or questions arising under this Agreement, the Escrow Agreement, the Deposit Agreement, the Note Purchase Agreement, the Intercreditor Agreement, the Registration Rights Agreement or any Liquidity Facility, provided that any such action shall not materially adversely affect the interests of the Certificateholders; or

(4) to comply with any requirement of the SEC, any applicable law, rules or regulations of any exchange or quotation system on which the Certificates are listed, any regulatory body or the Registration Rights Agreement to effectuate the Exchange Offer; or

(5) to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to continue the qualification of this Agreement (including any supplemental agreement) under the Trust Indenture Act or under any similar Federal statute hereafter enacted, and to add to this Agreement such other provisions as may be expressly permitted by the Trust Indenture Act, excluding, however, the provisions referred to in Section 316(a)(2) of the Trust Indenture Act as in effect at the date as of which this instrument was executed or any corresponding provision in any similar Federal statute hereafter enacted; or

(6) to evidence and provide for the acceptance of appointment under this Agreement by the Trustee of a successor Trustee and to add to or change any of the provisions of this Agreement as shall be necessary to provide for or facilitate the administration of the Trust, pursuant to the requirements of Section 7.10; or

(7) to provide the information required under Section 7.12 and Section 12.03 as to the Trustee; or

(8) to modify or eliminate provisions relating to the transfer or exchange of Exchange Certificates or the Initial Certificates upon consummation of the Exchange Offer (as defined in the Registration Rights Agreement) or effectiveness of the Shelf Registration Statement or the Exchange Offer Registration Statement;

provided, however, that no such supplemental agreement shall adversely affect the status of any Trust as a grantor trust under Subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended, for U.S. federal income tax purposes.

Section 9.02. Supplemental Agreements with Consent of Certificateholders. With the consent of the Certificateholders holding Certificates (including consents obtained in connection with a tender offer or exchange offer for the Certificates) evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust, by Direction of said Certificateholders delivered to the Company and the Trustee, the Company may (with the consent of the Owner Trustees, if any, which consent shall not be unreasonably withheld), and the Trustee (subject to Section 9.03) shall, enter into an agreement or agreements for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Agreement, the Intercreditor Agreement, any Liquidity Facility, the Registration Rights Agreement, the Escrow Agreement, the Deposit Agreement or the Note Purchase Agreement to the extent applicable to such Certificateholders or of modifying in any manner the rights and obligations of such Certificateholders under this Agreement, the Intercreditor Agreement, any Liquidity Facility, the Registration Rights Agreement, the Escrow Agreement, the Deposit Agreement or the Note Purchase Agreement to the extent applicable to such Certificateholders or of modifying in any manner the rights and

obligations of such Certificateholders under this Agreement, the Intercreditor Agreement, any Liquidity Facility, the Registration Rights Agreement, the Escrow Agreement, the Deposit Agreement or the Note Purchase Agreement; provided, however, that no such agreement shall, without the consent of the Certificateholder of each Outstanding Certificate affected thereby:

(1) reduce in any manner the amount of, or delay the timing of, any receipt by the Trustee (or, with respect to the Deposits, the Certificateholders) of payments on the Equipment Notes held in the Trust or on the Deposits or distributions that are required to be made herein on any Certificate, or change any date of payment on any Certificate, or change the place of payment where, or the coin or currency in which, any Certificate is payable, or impair the right to institute suit for the enforcement of any such payment or distribution on or after the Regular Distribution Date or Special Distribution Date applicable thereto; or

(2) permit the disposition of any Equipment Note included in the Trust Property except as permitted by this Agreement, or otherwise deprive such Certificateholder of the benefit of the ownership of the Equipment Notes in the Trust; or

(3) reduce the specified percentage of the aggregate Fractional Undivided Interests of the Trust which is required for any such supplemental agreement, or reduce such specified percentage required for any waiver of compliance with certain provisions of this Agreement or certain defaults hereunder and their consequences provided for in this Agreement; or

(4) waive, amend or modify Section 2.4, 3.2 or 3.3 of the Intercreditor Agreement in a manner adverse to the Certificateholders; or

(5) modify any of the provisions of this Section 9.02 or Section 6.05, except to increase any such percentage or to provide that certain other provisions of this Agreement cannot be modified or waived without the consent of the Certificateholder of each Certificate affected thereby; or

(6) adversely affect the status of any Trust as a grantor trust under Subpart E, Part I of Subchapter J of

Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended, for U.S. federal income tax purposes.

It shall not be necessary for any Direction of Certificateholders under this Section to approve the particular form of any proposed supplemental agreement, but it shall be sufficient if such Direction shall approve the substance thereof.

Section 9.03. Documents Affecting Immunity or Indemnity. If in the opinion of the Trustee any document required to be executed by it pursuant to the terms of Section 9.01 or 9.02 affects any interest, right, duty, immunity or indemnity in favor of the Trustee under this Agreement, the Trustee may in its discretion decline to execute such document.

Section 9.04. Execution of Supplemental Agreements. In executing, or accepting the additional trusts created by, any agreement permitted by this Article or the modifications thereby of the trusts created by this Agreement, the Trustee shall be entitled to receive, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental agreement is authorized or permitted by this Agreement.

Section 9.05. Effect of Supplemental Agreements. Upon the execution of any agreement supplemental to this Agreement under this Article, this Agreement shall be modified in accordance therewith, and such supplemental agreement shall form a part of this Agreement for all purposes; and every Holder of a Certificate theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

Section 9.06. Conformity with Trust Indenture Act. Every supplemental agreement executed pursuant to this Article shall conform to the requirements of the Trust Indenture Act as then in effect.

Section 9.07. Reference in Certificates to Supplemental Agreements. Certificates authenticated and delivered after the execution of any supplemental agreement pursuant to this Article may bear a notation in form approved by the Trustee as to any matter provided for in such supplemental agreement; and, in such case, suitable notation may be made upon Outstanding Certificates after proper presentation and demand.

## ARTICLE X

## AMENDMENTS TO INDENTURES AND FINANCING DOCUMENTS

Section 10.01. Amendments and Supplements to Indentures and Financing Documents. In the event that the Trustee, as holder (or beneficial owner through the Subordination Agent) of any Equipment Note in trust for the benefit of the Certificateholders or as Controlling Party under the Intercreditor Agreement, receives (directly or indirectly through the Subordination Agent) a request for a consent to any amendment, modification, waiver or supplement under any Indenture, any other Financing Document, any Equipment Note or any other related document, the Trustee shall forthwith send a notice of such proposed amendment, modification, waiver or supplement to each Certificateholder registered on the Register as of the date of such notice. The Trustee shall request from the Certificateholders a Direction as to (a) whether or not to take or refrain from taking (or direct the Subordination Agent to take or refrain from taking) any action which a holder of such Equipment Note has the option to direct, (b) whether or not to give or execute (or direct the Subordination Agent to give or execute) any waivers, consents, amendments, modifications or supplements as a holder of such Equipment Note or a Controlling Party and (c) how to vote (or direct the Subordination Agent to vote) any Equipment Note if a vote has been called for with respect thereto. Provided such a request for Certificateholder Direction shall have been made, in directing any action or casting any vote or giving any consent as the holder of any Equipment Note (or in directing the Subordination Agent in any of the foregoing), (i) other than as Controlling Party, the Trustee shall vote for or give consent to any such action with respect to such Equipment Note in the same proportion as that of (A) the aggregate face amounts of all Certificates actually voted in favor of or for giving consent to such action by such Direction of Certificateholders to (B) the aggregate face amount of all Outstanding Certificates and (ii) as Controlling Party, the Trustee shall vote as directed in such Certificateholder Direction by the Certificateholders evidencing a Fractional Undivided Interest aggregating not less than a majority in interest in the Trust. For purposes of the immediately preceding sentence, a Certificate shall have been "actually voted" if the Holder of such Certificate has delivered to the Trustee an instrument evidencing such Holder's consent to such Direction prior to two Business Days before the Trustee directs such action

or casts such vote or gives such consent. Notwithstanding the foregoing, but subject to Section 6.04 and the Intercreditor Agreement, the Trustee may, in its own discretion and at its own direction, consent and notify the relevant Loan Trustee of such consent (or direct the Subordination Agent to consent and notify the Loan Trustee of such consent) to any amendment, modification, waiver or supplement under the relevant Indenture, any other Financing Document, any Equipment Note or any other related document, if an Event of Default hereunder shall have occurred and be continuing, or if such amendment, modification, waiver or supplement will not materially adversely affect the interests of the Certificateholders.

#### ARTICLE XI

##### TERMINATION OF TRUST

Section 11.01. Termination of the Trust. The respective obligations and responsibilities of the Company and the Trustee with respect to the Trust shall terminate upon the earlier of (A) the completion of the assignment, transfer and discharge described in the first sentence of the immediately following paragraph and (B) distribution to all Holders of Certificates and the Trustee of all amounts required to be distributed to them pursuant to this Agreement and the disposition of all property held as part of the Trust Property; provided, however, that in no event shall the Trust continue beyond one hundred ten (110) years following the date of the earliest execution of this Trust Agreement.

Upon the earlier of (i) the first Business Day following March 31, 1998, or, if later, the fifth Business Day following the Delivery Period Termination Date and (ii) the fifth Business Day following the date on which a Triggering Event occurs (such date, the "Transfer Date"), or, if later the date on which all of the conditions set forth in the immediately following sentence have been satisfied, the Trustee is hereby directed (subject only to the immediately following sentence) to, and the Company shall direct the institution that will serve as the Related Trustee under the Related Pass Through Trust Agreement to, execute and deliver the Assignment and Assumption Agreement, pursuant to which the Trustee shall assign, transfer and deliver all of the Trustee's right, title and interest to the Trust Property to the Related Trustee under the Related Pass Through Trust Agreement. The Trustee and the Related Trustee

shall execute and deliver the Assignment and Assumption Agreement upon the satisfaction of the following conditions:

(i) The Trustee, the Related Trustee and each of the Rating Agencies then rating the Certificates shall have received an Officer's Certificate and an Opinion of Counsel dated the date of the Assignment and Assumption Agreement and each satisfying the requirements of Section 1.02, which Opinion of Counsel shall be substantially to the effect set forth below and may be relied upon by the Beneficiaries (as defined in the Assignment and Assumption Agreement):

- (a) upon the execution and delivery thereof by the parties thereto in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, the Assignment and Assumption Agreement will constitute the valid and binding obligation of each of the parties thereto enforceable against each such party in accordance with its terms;
- (b) upon the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, each of the Certificates then Outstanding will be entitled to the benefits of the Related Pass Through Trust Agreement;
- (c) the Related Trust is not required to be registered as an investment company under the Investment Company Act of 1940, as amended;
- (d) the Related Pass Through Trust Agreement constitutes the valid and binding obligation of the Company enforceable against the Company in accordance with its terms; and
- (e) neither the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, nor the consummation by the parties thereto of the transactions contemplated to be consummated thereunder on the date thereof, will violate any law or governmental rule or regulation of the State of New York or the United States of America known to such counsel to

be applicable to the transactions contemplated by the Assignment and Assumption Agreement.

(ii) The Trustee and the Company shall have received (x) a copy of the articles of incorporation and bylaws of the Related Trustee certified as of the Transfer Date by the Secretary or Assistant Secretary of such institution and (y) a copy of the filing (including all attachments thereto) made by the institution serving as the Related Trustee with the Office of the Superintendent, State of New York Banking Department for the qualification of the Related Trustee under Section 131(3) of the New York Banking Law.

Upon the execution of the Assignment and Assumption Agreement by the parties thereto, the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, and the Outstanding Certificates representing Fractional Undivided Interests in the Trust shall be deemed for all purposes of this Agreement and the Related Pass Through Trust Agreement, without further signature or action of any party or Certificateholder, to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. By acceptance of its Certificate, each Certificateholder consents to such assignment, transfer and delivery of the Trust Property to the trustee of the Related Trust upon the execution and delivery of the Assignment and Assumption Agreement.

In connection with the occurrence of the event set forth in clause (B) above, notice of such termination, specifying the Distribution Date upon which the Certificateholders may surrender their Certificates to the Trustee for payment of the final distribution and cancellation, shall be mailed promptly by the Trustee to Certificateholders not earlier than the 60th day and not later than the 20th day next preceding such final Distribution Date specifying (A) the Distribution Date upon which the proposed final payment of the Certificates will be made upon presentation and surrender of Certificates at the office or agency of the Trustee therein specified, (B) the amount of any such proposed final payment, and (c) that the Record Date otherwise applicable to such Distribution Date is not applicable, payments being made only upon presentation and surrender of the Certificates at the office or agency of the Trustee therein specified. The Trustee shall give such notice to the Registrar

at the time such notice is given to Certificateholders. Upon presentation and surrender of the Certificates in accordance with such notice, the Trustee shall cause to be distributed to Certificateholders such final payments.

In the event that all of the Certificateholders shall not surrender their Certificates for cancellation within six months after the date specified in the above-mentioned written notice, the Trustee shall give a second written notice to the remaining Certificateholders to surrender their Certificates for cancellation and receive the final distribution with respect thereto. No additional interest shall accrue on the Certificates after the Distribution Date specified in the first written notice. In the event that any money held by the Trustee for the payment of distributions on the Certificates shall remain unclaimed for two years (or such lesser time as the Trustee shall be satisfied, after sixty days' notice from the Company, is one month prior to the escheat period provided under applicable law) after the final distribution date with respect thereto, the Trustee shall pay to each Loan Trustee the appropriate amount of money relating to such Loan Trustee and shall give written notice thereof to the related Owner Trustees, the Owner Participants and the Company.

## ARTICLE XII

### MISCELLANEOUS PROVISIONS

Section 12.01. Limitation on Rights of Certificateholders. The death or incapacity of any Certificateholder shall not operate to terminate this Agreement or the Trust, nor entitle such Certificateholder's legal representatives or heirs to claim an accounting or to take any action or commence any proceeding in any court for a partition or winding up of the Trust, nor otherwise affect the rights, obligations, and liabilities of the parties hereto or any of them.

Section 12.02. Certificates Nonassessable and Fully Paid. Except as set forth in the last sentence of this Section 12.02, Certificateholders shall not be personally liable for obligations of the Trust, the Fractional Undivided Interests represented by the Certificates shall be nonassessable for any losses or expenses of the Trust or for any reason whatsoever, and Certificates, upon authentication thereof by the Trustee pursuant

to Section 3.03, are and shall be deemed fully paid. Section 12.10. Legal Holidays. In any case where any Regular Distribution Date or Special Distribution Date relating to any Certificate shall not be a Business Day, then (notwithstanding any other provision of this Agreement) payment need not be made on such date, but may be made on the next succeeding Business Day with the same force and effect as if made on such Regular Distribution Date or Special Distribution Date, and no interest shall accrue during the intervening period.

Section 12.12. Intention of Parties. The parties hereto intend that the Trust be classified for U.S. federal income tax purposes as a grantor trust under Subpart E, Part I of

Each Certificateholder and Investor, by its acceptance of its Certificate or a beneficial interest therein, agrees to treat the Trust as a grantor trust for all U.S. federal, state and local income tax purposes. The powers granted and obligations undertaken pursuant to this Agreement shall be so construed so as to further such intent.

 Trust per \$1,000 face amount

THIS CERTIFIES THAT \_\_\_\_\_, for value received, is the registered owner of a \$\_\_\_\_\_ (\_\_\_\_\_dollars) Fractional Undivided Interest in the Continental Airlines Pass Through Trust, Series 1997-1A-0 (the "Trust") created pursuant to a Pass Through Trust Agreement, dated as of March 21, 1997 (the "Agreement"), between Wilmington Trust Company (the "Trustee") and Continental Airlines, Inc., a corporation incorporated under Delaware law (the "Company"), a summary of certain of the pertinent provisions of which is set forth below. To the extent not otherwise defined herein, the capitalized terms used herein have the meanings assigned to them in the Agreement. This Certificate is one of the duly authorized Certificates designated as "7.461% Continental Airlines [Initial] [Exchange] Pass Through Certificates, Series 1997-1A-0" (herein called the "Certificates"). This Certificate is issued under and is subject to the terms, provisions, and conditions of the Agreement. By virtue of its acceptance hereof the Certificateholder of this Certificate assents to and agrees to be bound by the provisions of the Agreement and the Intercreditor Agreement. The property of the Trust includes an interest in certain Equipment Notes and all rights of the Trust to receive payments under the Intercreditor Agreement and any Liquidity Facility (the "Trust Property"). Each issue of the Equipment Notes is secured by, among other things, a security interest in the Aircraft leased to or owned by the Company.

(3) To be included on the face of each Global Certificate.

The Certificates represent fractional undivided interests in the Trust and the Trust Property, and have no rights, benefits or interest in respect of any assets or property other than the Trust Property.

Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, from and to the extent of funds then available to the Trustee, there will be distributed on each April 1 and October 1 (a "Regular Distribution Date"), commencing on October 1, 1997, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Regular Distribution Date, an amount in respect of the Scheduled Payments due on such Regular Distribution Date on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Scheduled Payments. Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, in the event that Special Payments on the Equipment Notes are received by the Trustee, from funds then available to the Trustee, there shall be distributed on the applicable Special Distribution Date, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Special Distribution Date, an amount in respect of such Special Payments on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Special Payments so received. If a Regular Distribution Date or Special Distribution Date is not a Business Day, distribution shall be made on the immediately following Business Day with the same force and effect as if made on such Regular Distribution Date or Special Distribution Date and no interest shall accrue during the intervening period. The Trustee shall mail notice of each Special Payment and the Special Distribution Date therefor to the Certificateholder of this Certificate.

The Certificates do not represent a direct obligation of, or an obligation guaranteed by, or an interest in, the Company or the Trustee or any of their affiliates. The Certificates are limited in right or payment, all as more specifically set forth on the face hereof and in the Agreement. All payments or distributions made to Certificateholders under the Agreement shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or

proceeds from the Trust Property to make such payments in accordance with the terms of the Agreement. Each Certificate-holder of this Certificate, by its acceptance hereof, agrees that it will look solely to the income and proceeds from the Trust Property to the extent available for distribution to such Certificateholder as provided in the Agreement. This Certificate does not purport to summarize the Agreement and reference is made to the Agreement for information with respect to the interests, rights, benefits, obligations, proceeds, and duties evidenced hereby. A copy of the Agreement may be examined during normal business hours at the principal office of the Trustee, and at such other places, if any, designated by the Trustee, by any Certificateholder upon request.

The Agreement permits, with certain exceptions therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Certificateholders under the Agreement at any time by the Company and the Trustee with the consent of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust. Any such consent by the Certificateholder of this Certificate shall be conclusive and binding on such Certificateholder and upon all future Certificateholders of this Certificate and of any Certificate issued upon the transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent is made upon this Certificate. The Agreement also permits the amendment thereof, in certain limited circumstances, without the consent of the Certificateholders of any of the Certificates.

As provided in the Agreement and subject to certain limitations therein set forth, the transfer of this Certificate is registrable in the Register upon surrender of this Certificate for registration of transfer at the offices or agencies maintained by the Trustee in its capacity as Registrar, or by any successor Registrar, in the Borough of Manhattan, the City of New York, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Trustee and the Registrar duly executed by the Certificateholder hereof or such Certificateholder's attorney duly authorized in writing, and thereupon one or more new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust will be issued to the designated transferee or transferees.

[The Holder of this Certificate is entitled to the benefits of the Exchange and Registration Rights Agreement, dated as of March 21, 1997, among the Company, the Trustee and the Initial Purchasers named therein (the "Registration Rights Agreement"). In the event that no Registration Event has occurred on or prior to the 210th day after the date of the issuance of the Certificates, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50%, from and including the 210th day after the Issuance Date to but excluding the earlier of (i) the date on which a Registration Event occurs and (ii) the date on which there cease to be any Registrable Certificates (as defined in the Registration Rights Agreement). In the event that the Shelf Registration Statement ceases to be effective at any time during the period specified by Section 2(b)(B) of the Registration Rights Agreement for more than 60 days, whether or not consecutive, during any 12-month period, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50% from the 61st day of the applicable 12-month period such Shelf Registration Statement ceases to be effective until such time as the Shelf Registration Statement again becomes effective ( or, if earlier, the end of the period specified by Section 2(b)(B) of the Registration Rights Agreement).](4)

Except as otherwise provided in the Agreement and notwithstanding the above, the final distribution on this Certificate will be made after notice mailed by the Trustee of the pendency of such distribution and only upon presentation and surrender of this Certificate at the office or agency of the Trustee specified in such notice.

Under certain circumstances set forth in Section 11.01 of the Agreement, all of the Trustee's right, title and interest to the Trust Property may be assigned, transferred and delivered to the Related Trustee of the Related Trust pursuant to the Assignment and Assumption Agreement. Upon the effectiveness of such Assignment and Assumption Agreement (the "Transfer"), the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, the Certificates representing Fractional

Undivided Interests in the Trust shall be deemed for all purposes of the Agreement and the Related Pass Through Trust Agreement to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. Each Certificateholder, by its acceptance of this Certificate or a beneficial interest herein, agrees to be bound by the Assignment and Assumption Agreement and subject to the terms of the Related Pass Through Trust Agreement as a certificateholder thereunder. From and after the Transfer, unless and to the extent the context otherwise requires, references herein to the Trust, the Agreement and the Trustee shall constitute references to the Related Trust, the Related Pass Through Trust Agreement and trustee of the Related Trust, respectively.

The Certificates are issuable only as registered Certificates without coupons in minimum denominations of [\$100,000](5) [\$1,000](6) Fractional Undivided Interest and integral multiples of \$1,000 in excess thereof except that one Certificate may be in a different denomination. As provided in the Agreement and subject to certain limitations therein set forth, the Certificates are exchangeable for new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust, as requested by the Certificateholder surrendering the same.

No service charge will be made for any such registration of transfer or exchange, but the Trustee shall require payment by the Holder of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit. Each Certificateholder and Investor, by its acceptance of this Certificate or a beneficial interest herein, agrees to treat the Trust as a grantor trust for all U.S. federal, state and local income tax purposes.

The Trustee, the Registrar, and any agent of the Trustee or the Registrar may treat the person in whose name this Certificate is registered as the owner hereof for all purposes, and neither the Trustee, the Registrar, nor any such agent shall be affected by any notice to the contrary.

The obligations and responsibilities created by the Agreement and the Trust created thereby shall terminate upon the distribution to Certificateholders of all amounts required to be distributed to them pursuant to the Agreement and the disposition of all property held as part of the Trust Property.

UNTIL THE TRANSFER, THE AGREEMENT AND THIS CERTIFICATE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE AND THE OBLIGATIONS, RIGHTS AND REMEDIES OF THE PARTIES HEREUNDER SHALL BE DETERMINED IN ACCORDANCE WITH SUCH LAWS. Further, the Assignee hereby assumes for the benefit of the Assignor and the Beneficiaries all of the duties and obligations of the Assignor under the Outstanding Certificates and hereby confirms that the Certificates representing Fractional Undivided Interests under the Pass Through Trust Agreement shall be deemed for all purposes of the Pass Through Trust Agreement and the New Pass Through Trust Agreement to be certificates representing the same fractional undivided interests under the New Pass Through Trust Agreement equal to their respective beneficial interests in the trust created under the Pass Through Trust Agreement.

3. Effectiveness. This Agreement shall be effective upon the execution and delivery hereof by the parties hereto, and each Certificateholder, by its acceptance of its Certificate or a beneficial interest therein, agrees to be bound by the terms of this Agreement.

4. Payments. The Assignor hereby covenants and agrees to pay over to the Assignee, if and when received following the Transfer Date, any amounts (including any sums payable as interest in respect thereof) paid to or for the benefit of the Assignor that, under Section 1 hereof, belong to the Assignee.

(iii) this Agreement constitutes the legal, valid and binding obligations of it enforceable against it in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity, whether considered in a proceeding at law or in equity.

7. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK INCLUDING MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE, WITHOUT GIVING EFFECT TO PRINCIPLES OF CONFLICTS OF LAWS.

8. Counterparts. This Agreement may be executed in any number of counterparts, all of which together shall constitute a single instrument. It shall not be necessary that any counterpart be signed by both parties so long as each party shall sign at least one counterpart.

All Initial Certificates issued pursuant to this Agreement for resale pursuant to Rule 144A or offered and sold to any Institutional Accredited Investor which is not a QIB (including any Global Certificate issued upon registration of transfer, in exchange for or in lieu of such Certificates) shall be "Restricted Certificates" and shall bear a legend to the following effect (the "Restricted Legend") unless the Company and the Trustee determine otherwise consistent with applicable law:

"THIS CERTIFICATE HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. IN CONNECTION WITH ANY TRANSFER OF THIS CERTIFICATE WITHIN TWO YEARS AFTER THE LATER OF THE ORIGINAL ISSUANCE OF THIS CERTIFICATE OR THE LAST DATE ON WHICH THIS CERTIFICATE WAS HELD BY CONTINENTAL AIRLINES, INC., THE TRUSTEE OR ANY AFFILIATE OF ANY OF SUCH PERSONS, THE HOLDER MUST CHECK THE APPROPRIATE BOX SET FORTH ON THE REVERSE HEREOF RELATING TO THE MANNER OF SUCH TRANSFER AND SUBMIT THIS CERTIFICATE TO THE TRUSTEE. AS USED HEREIN, THE TERMS "OFFSHORE TRANSACTION", "UNITED STATES" AND "U.S. PERSON" HAVE THE MEANINGS GIVEN TO THEM BY REGULATIONS UNDER THE SECURITIES ACT. Each Global Certificate shall bear the following legend on the face thereof:

"UNLESS THIS CERTIFICATE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION ("DTC"), TO THE TRUSTEE OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY CERTIFICATE ISSUED IN EXCHANGE FOR THIS CERTIFICATE IS REGISTERED IN THE NAME OF CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL INASMUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

Section 3.03. Authentication of Certificates. (a) On the Issuance Date, the Trustee shall duly execute, authenticate and deliver Certificates in authorized denominations equalling in the aggregate the amount set forth, with respect to the Trust, in

Schedule II to the Certificate Purchase Agreement, evidencing the entire ownership of the Trust, which amount equals the maximum aggregate principal amount of Equipment Notes which may be purchased by the Trustee pursuant to the Note Purchase Agreement.

(b) No Certificate shall be entitled to any benefit under this Agreement or be valid or obligatory for any purpose, unless there appears on such Certificate a certificate of authentication substantially in the form provided for herein executed by the Trustee by the manual signature of one of its authorized signatories, and such certificate upon any Certificate shall be conclusive evidence, and the only evidence, that such Certificate has been duly authenticated and delivered hereunder.

Section 3.04. Transfer and Exchange. The Trustee shall cause to be kept at the office or agency to be maintained by it in accordance with the provisions of Section 7.12 a register (the "Register") of the Certificates in which, subject to such reasonable regulations as it may prescribe, the Trustee shall provide for the registration of such Certificates and of transfers and exchanges of such Certificates as herein provided. The Trustee shall initially be the registrar (the "Registrar") for the purpose of registering such Certificates and transfers and exchanges of such Certificates as herein provided.

All Certificates issued upon any registration of transfer or exchange of Certificates shall be valid obligations of the Trust, evidencing the same interest therein, and entitled to the same benefits under this Trust Agreement, as the Certificates surrendered upon such registration of transfer or exchange.

A Certificateholder may transfer a Certificate, or request that a Certificate be exchanged for Certificates in an aggregate Fractional Undivided Interest equal to the Fractional Undivided Interest of such Certificate surrendered for exchange of other authorized denominations, by surrender of such Certificate to the Trustee with the form of transfer notice thereon duly completed and executed, and otherwise complying with the terms of this Agreement, including providing evidence of compliance with any restrictions on transfer, in form satisfactory to the Trustee and the Registrar; provided that no exchanges of Initial Certificates for Exchange Certificates shall occur until an Exchange Offer Registration Statement shall have been declared effective by the SEC (notice of which shall be

provided to the Trustee by the Company). No such transfer shall be effected until, and such transferee shall succeed to the rights of a Certificateholder only upon, final acceptance and registration of the transfer by the Registrar in the Register. Prior to the registration of any transfer by a Certificateholder as provided herein, the Trustee shall treat the person in whose name the Certificate is registered as the owner thereof for all purposes, and the Trustee shall not be affected by notice to the contrary. Furthermore, DTC shall, by acceptance of a Global Certificate, agree that transfers of beneficial interests in such Global Certificate may be effected only through a book-entry system maintained by DTC (or its agent), and that ownership of a beneficial interest in the Certificate shall be required to be reflected in a book-entry. When Certificates are presented to the Registrar with a request to register the transfer thereof or to exchange them for other authorized denominations of a Certificate in a Fractional Undivided Interest equal to the aggregate Fractional Undivided Interest of Certificates surrendered for exchange, the Registrar shall register the transfer or make the exchange as requested if its requirements for such transactions are met.

To permit registrations of transfers and exchanges in accordance with the terms, conditions and restrictions hereof, the Trustee shall execute and authenticate Certificates at the Registrar's request. No service charge shall be made to a Certificateholder for any registration of transfer or exchange of Certificates, but the Trustee shall require payment of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with any transfer or exchange of Certificates. All Certificates surrendered for registration of transfer or exchange shall be canceled and subsequently destroyed by the Trustee.

Section 3.05. Book-Entry Provisions for Restricted Global Certificates and Regulation S Global Certificates. (a) Members of, or participants in, DTC ("Agent Members") shall have no rights under this Agreement with respect to any Global Certificate held on their behalf by DTC, or the Trustee as its custodian, and DTC may be treated by the Trustee and any agent of the Trustee as the absolute owner of such Global Certificate for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Trustee or any agent of the Trustee from giving effect to any written certification, proxy or other authorization furnished by DTC or shall impair, as between DTC

and its Agent Members, the operation of customary practices governing the exercise of the rights of a holder of any Certificate. Upon the issuance of any Global Certificate, the Registrar or its duly appointed agent shall record DTC as the registered holder of such Global Certificate.

(b) Transfers of any Global Certificate shall be limited to transfers of such Restricted Global Certificate or Regulation S Global Certificate in whole, but not in part, to DTC. Beneficial interests in the Restricted Global Certificate and any Regulation S Global Certificate may be transferred in accordance with the rules and procedures of DTC and the provisions of Section 3.06. Beneficial interests in a Restricted Global Certificate or a Regulation S Global Certificate shall be delivered to all beneficial owners thereof in the form of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, if (i) DTC notifies the Trustee that it is unwilling or unable to continue as depository for such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, and a successor depository is not appointed by the Trustee within 90 days of such notice, and (ii) after the occurrence and during the continuance of an Event of Default, owners of beneficial interests in a Global Certificate with Fractional Undivided Interests aggregating not less than a majority in interest in the Trust advise the Trustee, the Company and DTC through Agent Members in writing that the continuation of a book-entry system through DTC or its successor is no longer in their best interests.

(c) Any beneficial interest in one of the Global Certificates that is transferred to a Person who takes delivery in the form of an interest in another Global Certificate will, upon such transfer, cease to be an interest in such Global Certificate and become an interest in the other Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to beneficial interests in such other Global Certificate for as long as it remains such an interest.

(d) In connection with the transfer of an entire Restricted Global Certificate or an entire Regulation S Global Certificate to the beneficial owners thereof pursuant to paragraph (b) of this Section 3.05, such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, shall be deemed to be surrendered to the Trustee for

cancellation, and the Trustee shall execute, authenticate and deliver, to each beneficial owner identified by DTC in exchange for its beneficial interest in such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, an equal aggregate principal amount of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, of authorized denominations. None of the Company, the Registrar, the Paying Agent nor the Trustee shall be liable for any delay in delivery of such instructions and may conclusively rely on, and shall be protected in relying on, such registration instructions. Upon the issuance of Definitive Certificates, the Trustee shall recognize the Person in whose name the Definitive Certificates are registered in the Register as Certificateholders hereunder. Neither the Company nor the Trustee shall be liable if the Trustee or the Company is unable to locate a qualified successor clearing agency.

(e) Any Definitive Certificate delivered in exchange for an interest in the Restricted Global Certificate pursuant to paragraph (b) of this Section 3.05 shall, except as otherwise provided by paragraph (e) of Section 3.06, bear the Restricted Legend.

(f) Prior to the expiration of the Restricted Period, any Regulation S Definitive Certificate delivered in exchange for an interest in a Regulation S Global Certificate pursuant to paragraph (b) of this Section shall bear the Restricted Legend.

(g) The registered holder of any Restricted Global Certificate or Regulation S Global Certificate may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Agreement or the Certificates.

Section 3.06. Special Transfer Provisions. Unless and until (i) an Initial Certificate is sold under an effective Shelf Registration Statement, or (ii) an Initial Certificate is exchanged for an Exchange Certificate pursuant to an effective Exchange Offer Registration Statement, in each case pursuant to the terms of the Registration Rights Agreement, the following provisions shall apply to such Initial Certificates:

(a) Transfers to Non-QIB Institutional Accredited Investors. The following provisions shall apply with

respect to the registration of any proposed transfer of a Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non-U.S. Person:

(i) The Registrar shall register the transfer of any Certificate, whether or not bearing the Restricted Legend, only if (x) the requested transfer is at least two years after the later of the original issue date of the Certificates and the last date on which such Certificate was held by the Company, the Trustee or any affiliate of any of such Persons or (y) the proposed transferor is an Initial Purchaser who is transferring Certificates purchased under the Certificates Purchase Agreement and the proposed transferee has delivered to the Registrar a letter substantially in the form of Exhibit C hereto and the aggregate principal amount of the Certificates being transferred is at least \$100,000. Except as provided in the foregoing clause (y), the Registrar shall not register the transfer of any Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non- U.S. Person.

(ii) If the proposed transferor is an Agent Member holding a beneficial interest in a Restricted Global Certificate, upon receipt by the Registrar of (x) the documents, if any, required by paragraph (i) and (y) instructions given in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of the transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and the Trustee shall execute, authenticate and deliver to the transferor or at its direction, one or more Restricted Definitive Certificates of like tenor and amount.

(b) Transfers to QIBs. The following provisions shall apply with respect to the registration of any proposed transfer of an Initial Certificate to a QIB (excluding Non-U.S. Persons):

(i) If the Certificate to be transferred consists of Restricted Definitive Certificates, or of

an interest in any Regulation S Global Certificate during the Restricted Period, the Registrar shall register the transfer if such transfer is being made by a proposed transferor who has checked the box provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that the sale has been made in compliance with the provisions of Rule 144A to a transferee who has signed the certification provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that it is purchasing the Initial Certificate for its own account or an account with respect to which it exercises sole investment discretion and that it, or the Person on whose behalf it is acting with respect to any such account, is a QIB within the meaning of Rule 144A, and is aware that the sale to it is being made in reliance on Rule 144A and acknowledges that it has received such information regarding the Trust and/or the Company as it has requested pursuant to Rule 144A or has determined not to request such information and that it is aware that the transferor is relying upon its foregoing representations in order to claim the exemption from registration provided by Rule 144A.

(ii) Upon receipt by the Registrar of the documents required by clause (i) above and instructions given in accordance with DTC's and the Registrar's procedures therefor, the Registrar shall reflect on its books and records the date of such transfer and an increase in the principal amount of a Restricted Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificates or interests in such Regulation S Global Certificate, as the case may be, being transferred, and the Trustee shall cancel such Definitive Certificates or decrease the amount of such Regulation S Global Certificate so transferred.

(c) Transfers of Interests in the Regulation S Global Certificate or Regulation S Definitive Certificates. After the expiration of the Restricted Period, the Registrar shall register any transfer of interests in any Regulation S Global Certificate or Regulation S Definitive Certificates without requiring any additional certification. Until the expiration of the Restricted Period, interests in the

Regulation S Global Certificate may only be held through Agent Members acting for and on behalf of Euroclear and Cedel.

(d) Transfers to Non-U.S. Persons at Any Time. The following provisions shall apply with respect to any registration of any transfer of an Initial Certificate to a Non-U.S. Person:

(i) Prior to the expiration of the Restricted Period, the Registrar shall register any proposed transfer of an Initial Certificate to a Non-U.S. Person upon receipt of a certificate substantially in the form set forth as Exhibit B hereto from the proposed transferor.

(ii) After the expiration of the Restricted Period, the Registrar shall register any proposed transfer to any Non-U.S. Person if the Certificate to be transferred is a Restricted Definitive Certificate or an interest in a Restricted Global Certificate, upon receipt of a certificate substantially in the form of Exhibit B from the proposed transferor. The Registrar shall promptly send a copy of such certificate to the Company.

(iii) Upon receipt by the Registrar of (x) the documents, if any, required by clause (ii) and (y) instructions in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of such transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and, upon receipt by the Registrar of instructions given in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date and an increase in the principal amount of the Regulation S Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificate or the Restricted Global Certificate, as the case may be, to be transferred, and the Trustee shall cancel the Definitive Certificate, if any, so

transferred or decrease the amount of such Restricted Global Certificate.

(e) Restricted Legend. Upon the transfer, exchange or replacement of Certificates not bearing the Restricted Legend, the Registrar shall deliver Certificates that do not bear the Restricted Legend. Upon the transfer, exchange or replacement of Certificates bearing the Restricted Legend, the Registrar shall deliver only Certificates that bear the Restricted Legend unless either (i) the circumstances contemplated by paragraph (d)(ii) of this Section 3.06 exist or (ii) there is delivered to the Registrar an Opinion of Counsel to the effect that neither such legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

(f) General. By acceptance of any Certificate bearing the Restricted Legend, each Holder of such a Certificate acknowledges the restrictions on transfer of such Certificate set forth in this Agreement and agrees that it will transfer such Certificate only as provided in this Agreement. The Registrar shall not register a transfer of any Certificate unless such transfer complies with the restrictions on transfer, if any, of such Certificate set forth in this Agreement. In connection with any transfer of Certificates, each Certificateholder agrees by its acceptance of the Certificates to furnish the Registrar or the Trustee such certifications, legal opinions or other information as either of them may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act and in accordance with the terms and provisions of this Article III; provided that the Registrar shall not be required to determine the sufficiency of any such certifications, legal opinions or other information.

Until such time as no Certificates remain Outstanding, the Registrar shall retain copies of all letters, notices and other written communications received pursuant to Section 3.05 or this Section 3.06. The Trustee, if not the Registrar at such time, shall have the right to inspect and make copies of all such letters, notices or other written communications at any

reasonable time upon the giving of reasonable written notice to the Registrar.

Section 3.07. Mutilated, Destroyed, Lost or Stolen

Certificates. If (a) any mutilated Certificate is surrendered to the Registrar or the Registrar receives evidence to its satisfaction of the destruction, loss or theft of any Certificate and (b) there is delivered to the Registrar and the Trustee such security, indemnity or bond, as may be required by them to save each of them harmless, then, in the absence of notice to the Registrar or the Trustee that such destroyed, lost or stolen Certificate has been acquired by a bona fide purchaser, and provided that the requirements of Section 8-405 of the Uniform Commercial Code in effect in any applicable jurisdiction are met, the Trustee shall execute, authenticate and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Certificate, a new Certificate or Certificates, in authorized denominations and of like Fractional Undivided Interest and bearing a number not contemporaneously outstanding.

In connection with the issuance of any new Certificate under this Section 3.07, the Trustee may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee and the Registrar) connected therewith.

Any duplicate Certificate issued pursuant to this Section 3.07 shall constitute conclusive evidence of the appropriate Fractional Undivided Interest in the Trust, as if originally issued, whether or not the lost, stolen or destroyed Certificate shall be found at any time.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Certificates.

Section 3.08. Persons Deemed Owners. Prior to due presentment of a Certificate for registration of transfer, the Trustee, the Registrar and any Paying Agent may treat the Person in whose name any Certificate is registered (as of the day of determination) as the owner of such Certificate for the purpose of receiving distributions pursuant to Article IV and for all other purposes whatsoever, and none of the Trustee, the Registrar

or any Paying Agent shall be affected by any notice to the contrary.

Section 3.09. Cancellation. All Certificates surrendered for payment or transfer or exchange shall, if surrendered to the Trustee or any agent of the Trustee other than the Registrar, be delivered to the Registrar for cancellation and shall promptly be canceled by it. No Certificates shall be authenticated in lieu of or in exchange for any Certificates canceled as provided in this Section, except as expressly permitted by this Agreement. All canceled Certificates held by the Registrar shall be destroyed and a certification of their destruction delivered to the Trustee.

Section 3.10. Temporary Certificates. Until definitive Certificates are ready for delivery, the Trustee shall authenticate temporary Certificates. Temporary Certificates shall be substantially in the form of definitive Certificates but may have insertions, substitutions, omissions and other variations determined to be appropriate by the officers executing the temporary Certificates, as evidenced by their execution of such temporary Certificates. If temporary Certificates are issued, the Trustee will cause definitive Certificates to be prepared without unreasonable delay. After the preparation of definitive Certificates, the temporary Certificates shall be exchangeable for definitive Certificates upon surrender of the temporary Certificates at the office or agency of the Trustee designated for such purpose pursuant to Section 7.12, without charge to the Certificateholder. Upon surrender for cancellation of any one or more temporary Certificates, the Trustee shall execute, authenticate and deliver in exchange therefor a like face amount of definitive Certificates of authorized denominations. Until so exchanged, the temporary Certificates shall be entitled to the same benefits under this Agreement as definitive Certificates.

Section 3.11. Limitation of Liability for Payments. All payments and distributions made to Certificateholders in respect of the Certificates shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or proceeds from the Trust Property to make such payments in accordance with the terms of Article IV of this Agreement. Each Certificateholder, by its acceptance of a Certificate, agrees that it will look solely to the income and proceeds from the Trust Property for any payment or distribution

due to such Certificateholder pursuant to the terms of this Agreement and that it will not have any recourse to the Company, the Trustee, the Loan Trustees, the Liquidity Providers, the Owner Trustees or the Owner Participants, except as otherwise expressly provided herein or in the Intercreditor Agreement.

The Company is a party to this Agreement solely for purposes of meeting the requirements of the Trust Indenture Act, and therefore shall not have any right, obligation or liability hereunder (except as otherwise expressly provided herein).

Section 3.12 ERISA Restrictive Legend. All Certificates issued pursuant to this Agreement shall bear a legend to the following effect (the "ERISA Legend") unless the Company and the Trustee determine otherwise consistent with applicable law:

"BY ITS ACQUISITION HEREOF, THE HOLDER REPRESENTS THAT (A) IT IS NOT A PLAN TRANSFEREE (AS DEFINED IN THE PASS THROUGH TRUST AGREEMENT) OR (B) IT IS AN INSURANCE COMPANY USING THE ASSETS OF ITS GENERAL ACCOUNT TO ACQUIRE THIS CERTIFICATE, AND THE CONDITIONS OF PROHIBITED TRANSACTION CLASS EXEMPTION 95-60 ISSUED BY THE U.S. DEPARTMENT OF LABOR HAVE BEEN AND WILL CONTINUE TO BE SATISFIED IN CONNECTION WITH ITS PURCHASE AND HOLDING OF THIS CERTIFICATE. THE PASS THROUGH TRUST AGREEMENT CONTAINS A PROVISION REQUIRING THE TRUSTEE TO REFUSE TO REGISTER ANY TRANSFER OF THIS CERTIFICATE IN VIOLATION OF THE FOREGOING RESTRICTIONS."

By acceptance of any Certificate bearing the ERISA Legend, each Holder of such a Certificate acknowledges the restrictions on transfer of such Certificate set forth in this Agreement and agrees that it will transfer such Certificate only as provided in this Agreement. The Registrar shall not register a transfer of any Certificate unless such transfer complies with the restrictions on transfer, if any, of such Certificate set forth in such legend.

(c) The Trustee shall cause the Subordination Agent to present to the related Loan Trustee of each Equipment Note such Equipment Note on the date of its stated final maturity or, in the case of any Equipment Note which is to be redeemed in whole pursuant to the related Indenture, on the applicable redemption date under such Indenture.

Section 4.02. Distributions from Certificate Account and Special Payments Account. (a) On each Regular Distribution Date or as soon thereafter as the Trustee has confirmed receipt of the payment of all or any part of the Scheduled Payments due on such date, the Trustee shall distribute out of the Certificate Account the entire amount deposited therein pursuant to Section 4.01(a). There shall be so distributed to each Certificateholder of record on the Record Date with respect to such Regular Distribution Date (other than as provided in Section 11.01 concerning the final distribution) by check mailed to such Certificateholder, at the address appearing in the Register, such Certificateholder's pro rata share (based on the Fractional Undivided Interest in the Trust held by such Certificateholder) of the total amount in the Certificate Account, except that, with respect to Certificates registered on the Record Date in the name

of DTC, such distribution shall be made by wire transfer in immediately available funds to the account designated by DTC.

(b) On each Special Distribution Date with respect to any Special Payment or as soon thereafter as the Trustee has confirmed receipt of any Special Payments due on the Equipment Notes held in the related Trust or realized upon the sale of such Equipment Notes or receipt of the Special Redemption Premium, the Trustee shall distribute out of the Special Payments Account the entire amount of such Special Payment deposited therein pursuant to Section 4.01(b). (c) The Trustee shall, at the expense of the Company, cause notice of each Special Payment to be mailed to each Certificateholder at his address as it appears in the Register. (iv) if the Special Distribution Date is the same date as a Regular Distribution Date, the total amount to be received on such date for each \$1,000 face amount Certificate.

If the amount of (i) premium, if any, payable upon the redemption or purchase of an Equipment Note or (ii) the Special Redemption Premium, if any, has not been calculated at the time that the Trustee mails notice of a Special Payment, it shall be sufficient if the notice sets forth the other amounts to be distributed and states that any premium received will also be distributed.

If any redemption of the Equipment Notes held in the Trust is canceled, the Trustee, as soon as possible after learning thereof, shall cause notice thereof to be mailed to each Certificateholder at its address as it appears on the Register.

Section 4.03. Statements to Certificateholders. (a) On each Distribution Date, the Trustee will include with each distribution to Certificateholders of a Scheduled Payment or Special Payment, as the case may be, a statement setting forth the information provided below (in the case of a Special Payment, including any Special Redemption Premium, reflecting in part the information provided by the Escrow Paying Agent under the Escrow Agreement). On each Distribution Date, the Trustee will mail to each such Agent Member the statement described above and will make available additional copies as requested by such Agent Member for forwarding to holders of interests in the Certificates.

(b) Within a reasonable period of time after the end of each calendar year but not later than the latest date permitted by law, the Trustee shall furnish to each Person who at any time during such calendar year was a Certificateholder of record a statement containing the sum of the amounts determined pursuant to clauses (a)(i), (a)(ii), (a)(iii), (a)(iv) and (a)(v) above for such calendar year or, in the event such Person was a Certificateholder of record during a portion of such calendar year, for such portion of such year, and such other items as are readily available to the Trustee and which a Certificateholder shall reasonably request as necessary for the purpose of such Certificateholder's preparation of its federal income tax returns. Any money received by the Trustee pursuant to Section 4.01(b) representing a Special Payment which is not distributed on the date received shall, to the extent practicable, be invested in Permitted Investments by the Trustee pending distribution of such Special Payment pursuant to Section 4.02. Any investment made pursuant to this Section 4.04 shall be in such Permitted Investments having maturities not later than the date that such moneys are required to be used to make the payment required under Section 4.02 on the applicable Special Distribution Date and the Trustee shall hold any such Permitted Investments until maturity. The Trustee shall have no liability with respect to any investment made pursuant to this Section 4.04, other than by reason of the willful misconduct or negligence of the Trustee. All income and earnings from such investments shall be distributed on such Special Distribution Date as part of such Special Payment.

#### THE COMPANY

Section 5.01. Maintenance of Corporate Existence. The Company, at its own cost and expense, will do or cause to be done

all things necessary to preserve and keep in full force and effect its corporate existence, rights and franchises, except as otherwise specifically permitted in Section 5.02; provided, however, that the Company shall not be required to preserve any right or franchise if the Company shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company.

Section 5.02. Consolidation, Merger, etc. The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease substantially all of its assets as an entirety to any Person unless:

(a) the corporation formed by such consolidation or into which the Company is merged or the Person that acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall be (i) organized and validly existing under the laws of the United States of America or any state thereof or the District of Columbia, (ii) a "citizen of the United States" as defined in 49 U.S.C. 40102(a)(15), as amended, and (iii) a United States certificated air carrier, if and so long as such status is a condition of entitlement to the benefits of Section 1110 of the Bankruptcy Reform Act of 1978, as amended (11 U.S.C. Section 1110), with respect to the Leases;

(b) the corporation formed by such consolidation or into which the Company is merged or the Person which acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall execute and deliver to the Trustee a duly authorized, valid, binding and enforceable agreement in form and substance reasonably satisfactory to the Trustee containing an assumption by such successor corporation or Person of the due and punctual performance and observance of each covenant and condition of this Agreement, the Other Pass Through Trust Agreements and each Financing Document to be performed or observed by the Company; and

(c) the Company shall have delivered to the Trustee an Officer's Certificate of the Company and an Opinion of Counsel of the Company reasonably satisfactory to the Trustee, each stating that such consolidation, merger, conveyance, transfer or lease and the assumption agreement mentioned in clause (b) above comply with this Section 5.02

and that all conditions precedent herein provided for relating to such transaction have been complied with.

Upon any consolidation or merger, or any conveyance, transfer or lease of substantially all of the assets of the Company as an entirety in accordance with this Section 5.02, the successor corporation or Person formed by such consolidation or into which the Company is merged or to which such conveyance, transfer or lease is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under this Agreement with the same effect as if such successor corporation or Person had been named as the Company herein. No such conveyance, transfer or lease of substantially all of the assets of the Company as an entirety shall have the effect of releasing any successor corporation or Person which shall have become such in the manner prescribed in this Section 5.02 from its liability in respect of this Agreement and any Financing Document to which it is a party.

##### DEFAULT

Section 6.01. Events of Default. (a) Exercise of Remedies. Upon the occurrence and during the continuation of any Indenture Default under any Indenture, the Trustee may, to the extent it is the Controlling Party at such time (as determined pursuant to the Intercreditor Agreement), direct the exercise of remedies as provided in the Intercreditor Agreement.

(b) Purchase Rights of Certificateholders. (i) At any time after the occurrence and during the continuation of a Triggering Event, each Certificateholder shall have the right to purchase all, but not less than all, of the Class A Certificates upon ten days' written notice to the Class A Trustee and each other Certificateholder, provided that (A) if prior to the end of such ten-day period any other Certificateholder notifies such purchasing Certificateholder that such other Certificateholder wants to participate in such purchase, then such other Certificateholder may join with the purchasing Certificateholder to purchase all, but not less than all, of the Class A Certificates pro rata based on the outstanding principal amount of the Certificates held by each such Certificateholder and (B) if prior to the end of such ten-day period any other

Certificateholder fails to notify the purchasing Certificateholder of such other Certificateholder's desire to participate in such a purchase, then such other Certificateholder shall lose its right to purchase the Class A Certificates pursuant to this Section 6.01(b)(i).

(ii) By acceptance of its Certificate, each Certificateholder agrees that at any time after the occurrence and during the continuation of a Triggering Event, each holder of a Class C-I Certificate or Class C-II Certificate (a "Class C Certificateholder") shall have the right (which shall not expire upon any purchase of the Class A Certificates pursuant to paragraph (i) above) to purchase all, but not less than all, of the Class A Certificates and the Certificates upon ten days' written notice to the Class A Trustee, the Trustee and each other Class C Certificateholder, provided that (A) if prior to the end of such ten-day period any other Class C Certificateholder notifies such purchasing Class C Certificateholder that such other Class C Certificateholder wants to participate in such purchase, then such other Class C Certificateholder may join with the purchasing Class C Certificateholder to purchase all, but not less than all, of the Class A Certificates and the Certificates pro rata based on the Fractional Undivided Interest in the Class C-I Trust and Class C-II Trust, taken as a whole, held by each such Class C Certificateholder and (B) if prior to the end of such ten-day period any other Class C Certificateholder fails to notify the purchasing Class C Certificateholder of such other Class C Certificateholder's desire to participate in such a purchase, then such other Class C Certificateholder shall lose its right to purchase the Class A Certificates and the Certificates pursuant to this Section 6.01(b).

The purchase price with respect to the Certificates shall be equal to the Pool Balance of the Certificates, together with accrued and unpaid interest thereon to the date of such purchase, without premium, but including any other amounts then due and payable to the Certificateholders under this Agreement, the Intercreditor Agreement, the Escrow Agreement or any Financing Document or on or in respect of the Certificates; provided, however, that (i) if such purchase occurs after the

record date specified in Section 2.03(b) of the Escrow Agreement relating to the distribution of unused Deposits and accrued and unpaid interest thereunder, such purchase price shall be reduced by the aggregate amount of unused Deposits and interest to be distributed under the Escrow Agreement (which deducted amounts shall remain distributable to, and may be retained by, the Certificateholder as of such Record Date) and (ii) if such purchase occurs after a Record Date, such purchase price shall be reduced by the amount to be distributed hereunder on the related Distribution Date (which deducted amounts shall remain distributable to, and may be retained by, the Certificateholder as of such Record Date); provided, further, that no such purchase of Certificates shall be effective unless the purchaser(s) shall certify to the Trustee that contemporaneously with such purchase, such purchaser(s) is purchasing, pursuant to the terms of this Agreement and the Other Pass Through Trust Agreements, the Class A Certificates and the Certificates which are senior to the securities held by such purchaser(s). Each payment of the purchase price of the Certificates referred to in the first sentence hereof shall be made to an account or accounts designated by the Trustee and each such purchase shall be subject to the terms of this Section 6.01(b). Each Certificateholder agrees by its acceptance of its Certificate that it will, subject to Section 3.04 hereof, upon payment from such Class C Certificateholder(s) of the purchase price set forth in the first sentence of this paragraph, forthwith sell, assign, transfer and convey to the purchaser(s) thereof (without recourse, representation or warranty of any kind except for its own acts), all of the right, title, interest and obligation of such Certificateholder in this Agreement, the Escrow Agreement, the Deposit Agreement, the Intercreditor Agreement, the Liquidity Facility, the Financing Documents and all Certificates and Escrow Receipts held by such Certificateholder (excluding all right, title and interest under any of the foregoing to the extent such right, title or interest is with respect to an obligation not then due and payable as respects any action or inaction or state of affairs occurring prior to such sale) and the purchaser shall assume all of such Certificateholder's obligations under this Agreement, the Escrow Agreement, the Deposit Agreement, the Intercreditor Agreement, the Liquidity Facility, the Financing Documents and all such Certificates and Escrow Receipts. The Certificates will be deemed to be purchased on the date payment of the purchase price is made notwithstanding the failure of the Certificateholders to deliver any Certificates (whether in the form of Definitive Certificates or beneficial interests in Global

Certificates) and, upon such a purchase, (i) the only rights of the Certificateholders will be to deliver the Certificates to the purchaser(s) and receive the purchase price for such Certificates and (ii) if the purchaser(s) shall so request, such Certificateholder will comply with all the provisions of Section 3.04 hereof to enable new Certificates to be issued to the purchaser in such denominations as it shall request. All charges and expenses in connection with the issuance of any such new Certificates shall be borne by the purchaser thereof.

As used in this Section 6.01(b), the terms "Class", "Class A Certificate", "Class A Trustee", "Class C- I Certificate", "Class C-II Certificate", "Class C-I Trust" and "Class C-II Trust" shall have the respective meanings assigned to such terms in the Intercreditor Agreement.

Section 6.02. Incidents of Sale of Equipment Notes. Upon any sale of all or any part of the Equipment Notes made either under the power of sale given under this Agreement or otherwise for the enforcement of this Agreement, the following shall be applicable:

(1) Certificateholders and Trustee May Purchase Equipment Notes. Any Certificateholder, the Trustee in its individual or any other capacity or any other Person may bid for and purchase any of the Equipment Notes, and upon compliance with the terms of sale, may hold, retain, possess and dispose of such Equipment Notes in their own absolute right without further accountability.

(2) Receipt of Trustee Shall Discharge Purchaser. The receipt of the Trustee making such sale shall be a sufficient discharge to any purchaser for his purchase money, and, after paying such purchase money and receiving such receipt, such purchaser or its personal representative or assigns shall not be obliged to see to the application of such purchase money, or be in any way answerable for any loss, misapplication or non- application thereof.

(3) Application of Moneys Received upon Sale. Any moneys collected by the Trustee upon any sale made either under the power of sale given by this Agreement or otherwise for the enforcement of this Agreement shall be applied as provided in Section 4.02.

Section 6.03. Judicial Proceedings Instituted by Trustee; Trustee May Bring Suit. If there shall be a failure to make payment of the principal of, premium, if any, or interest on any Equipment Note, or if there shall be any failure to pay Rent (as defined in the relevant Lease) under any Lease when due and payable, then the Trustee, in its own name and as trustee of an express trust, as holder of such Equipment Notes, to the extent permitted by and in accordance with the terms of the Intercreditor Agreement and the Financing Documents (subject to the rights of the applicable Owner Trustee or Owner Participant to cure any such failure to pay principal of, premium, if any, or interest on any Equipment Note or to pay Rent under any Lease in accordance with the applicable Indenture), shall be entitled and empowered to institute any suits, actions or proceedings at law, in equity or otherwise, for the collection of the sums so due and unpaid on such Equipment Notes or under such Lease and may prosecute any such claim or proceeding to judgment or final decree with respect to the whole amount of any such sums so due and unpaid.

Section 6.04. Control by Certificateholders. Subject to Section 6.03 and the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee with respect to the Trust or pursuant to the terms of the Intercreditor Agreement, or exercising any trust or power conferred on the Trustee under this Agreement or the Intercreditor Agreement, including any right of the Trustee as Controlling Party under the Intercreditor Agreement or as holder of the Equipment Notes, provided that

(1) such Direction shall not be in conflict with any rule of law or with this Agreement and would not involve the Trustee in personal liability or expense,

(2) the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Certificateholders not taking part in such Direction, and

(3) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such Direction.

Section 6.05. Waiver of Past Defaults. Subject to the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust (i) may on behalf of all of the Certificateholders waive any past Event of Default hereunder and its consequences or (ii) if the Trustee is the Controlling Party, may direct the Trustee to instruct the applicable Loan Trustee to waive any past Indenture Default under any Indenture and its consequences, and thereby annul any Direction given by such Certificateholders or the Trustee to such Loan Trustee with respect thereto, except a default:

- (1) in the deposit of any Scheduled Payment or Special Payment under Section 4.01 or in the distribution of any payment under Section 4.02 on the Certificates, or
- (2) in the payment of the principal of (premium, if any) or interest on the Equipment Notes, or
- (3) in respect of a covenant or provision hereof which under Article IX cannot be modified or amended without the consent of each Certificateholder holding an Outstanding Certificate affected thereby.

Upon any such waiver, such default shall cease to exist with respect to the Certificates and any Event of Default arising therefrom shall be deemed to have been cured for every purpose and any direction given by the Trustee on behalf of the Certificateholders to the relevant Loan Trustee shall be annulled with respect thereto; but no such waiver shall extend to any subsequent or other default or Event of Default or impair any right consequent thereon. Upon any such waiver, the Trustee shall vote the Equipment Notes issued under the relevant Indenture to waive the corresponding Indenture Default.

Section 6.06. Right of Certificateholders to Receive Payments Not to Be Impaired. Anything in this Agreement to the contrary notwithstanding, including, without limitation, Section 6.07 hereof, but subject to the Intercreditor Agreement, the right of any Certificateholder to receive distributions of payments required pursuant to Section 4.02 hereof on the Certificates when due, or to institute suit for the enforcement of any such payment on or after the applicable Regular Distribution Date or Special Distribution Date, shall not be

impaired or affected without the consent of such Certificateholder.

Section 6.07. Certificateholders May Not Bring Suit Except Under Certain Conditions. A Certificateholder shall not have the right to institute any suit, action or proceeding at law or in equity or otherwise with respect to this Agreement, for the appointment of a receiver or for the enforcement of any other remedy under this Agreement, unless:

- (1) such Certificateholder previously shall have given written notice to the Trustee of a continuing Event of Default;
- (2) Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than 25% of the Trust shall have requested the Trustee in writing to institute such action, suit or proceeding and shall have offered to the Trustee indemnity as provided in Section 7.03(e);
- (3) the Trustee shall have refused or neglected to institute such an action, suit or proceeding for 60 days after receipt of such notice, request and offer of indemnity; and
- (4) no direction inconsistent with such written request shall have been given to the Trustee during such 60-day period by Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust.

It is understood and intended that no one or more of the Certificateholders shall have any right in any manner whatsoever hereunder or under the Certificates to (i) surrender, impair, waive, affect, disturb or prejudice any property in the Trust Property or the lien of any Indenture on any property subject thereto, or the rights of the Certificateholders or the holders of the Equipment Notes, (ii) obtain or seek to obtain priority over or preference with respect to any other such Certificateholder or (iii) enforce any right under this Agreement, except in the manner herein provided and for the equal, ratable and common benefit of all the Certificateholders subject to the provisions of this Agreement.

Section 6.08. Remedies Cumulative. Every remedy given hereunder to the Trustee or to any of the Certificateholders shall not be exclusive of any other remedy or remedies, and every such remedy shall be cumulative and in addition to every other remedy given hereunder or now or hereafter given by statute, law, equity or otherwise.

#### ARTICLE VII

#### THE TRUSTEE

Section 7.01. Certain Duties and Responsibilities. (a) Except during the continuance of an Event of Default, the Trustee undertakes to perform such duties as are specifically set forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Trustee.

(b) In case an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Agreement, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of its own affairs.

(c) No provision of this Agreement shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own wilful misconduct, except that

(1) this Subsection shall not be construed to limit the effect of Subsection (a) of this Section; and

(2) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts.

(d) Whether or not herein expressly so provided, every provision of this Trust Agreement relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

Section 7.02. Notice of Defaults. As promptly as practicable after, and in any event within 90 days after, the occurrence of any default (as such term is defined below) hereunder, the Trustee shall transmit by mail to the Company, the Owner Trustees, the Owner Participants, the Loan Trustees and the

Certificateholders in accordance with Section 313(c) of the Trust Indenture Act, notice of such default hereunder known to the Trustee, unless such default shall have been cured or waived; provided, however, that, except in the case of a default on the payment of the principal, premium, if any, or interest on any Equipment Note held in the Trust, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors and/or Responsible Officers of the Trustee in good faith determine that the withholding of such notice is in the interests of the Certificateholders. For the purpose of this Section, the term "default" means any event that is, or after notice or lapse of time or both would become, an Event of Default.

Section 7.03. Certain Rights of Trustee. Subject to the provisions of Section 315 of the Trust Indenture Act:

(a) the Trustee may rely and shall be protected in acting or refraining from acting in reliance upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a written description of the subject matter thereof accompanied by an Officer's Certificate and an Opinion of Counsel as provided in Section 1.02 of this Agreement;

(c) whenever in the administration of this Agreement the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer's Certificate of the Company, any Owner Trustee or any Loan Trustee;

(d) the Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Agreement at the Direction of any of the Certificateholders pursuant to this Agreement, unless such Certificateholders shall have offered to the Trustee reasonable security or indemnity against the cost, expenses and liabilities which might be incurred by it in compliance with such Direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document;

(g) the Trustee may execute any of the trusts or powers under this Agreement or perform any duties under this Agreement either directly or by or through agents or attorneys, and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it under this Agreement;

(h) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Agreement; and

(i) the Trustee shall not be required to expend or risk its own funds in the performance of any of its duties under this Agreement, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk is not reasonably assured to it.

Section 7.04. Not Responsible for Recitals or Issuance of Certificates. The recitals contained herein and in the Certificates, except the certificates of authentication, shall not be taken as the statements of the Trustee, and the Trustee assumes no responsibility for their correctness. Subject to Section 7.15, the Trustee makes no representations as to the validity or sufficiency of this Agreement, any Equipment Notes,

the Intercreditor Agreement, the Deposit Agreement, the Escrow Agreement, the Certificates or any other Financing Document, except that the Trustee hereby represents and warrants that this Agreement has been, and the Intercreditor Agreement, the Registration Rights Agreement, the Note Purchase Agreement, the Escrow Agreement and each Certificate will be, executed, authenticated and delivered by one of its officers who is duly authorized to execute, authenticate and deliver such document on its behalf.

Section 7.05. May Hold Certificates. The Trustee, any Paying Agent, Registrar or any of their Affiliates or any other agent in their respective individual or any other capacity may become the owner or pledgee of Certificates and, subject to Sections 310(b) and 311 of the Trust Indenture Act, if applicable, may otherwise deal with the Company, the Owner Trustees or the Loan Trustees with the same rights it would have if it were not Trustee, Paying Agent, Registrar or such other agent.

Section 7.06. Money Held in Trust. Money held by the Trustee or the Paying Agent in trust hereunder need not be segregated from other funds except to the extent required herein or by law and neither the Trustee nor the Paying Agent shall have any liability for interest upon any such moneys except as provided for herein.

Section 7.07. Compensation and Reimbursement. The Company agrees:

(1) to pay, or cause to be paid, to the Trustee from time to time reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse, or cause to be reimbursed, the Trustee upon its request for all reasonable out-of-pocket expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Agreement (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its negligence, willful misconduct or bad faith or as may be

incurred due to the Trustee's breach of its representations and warranties set forth in Section 7.15; and

(3) to indemnify, or cause to be indemnified, the Trustee for, and to hold it harmless against, any loss, liability or expense (other than for or with respect to any tax) incurred without negligence, willful misconduct or bad faith, on its part, arising out of or in connection with the acceptance or administration of this Trust, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder, except for any such loss, liability or expense incurred by reason of the Trustee's breach of its representations and warranties set forth in Section 7.15; provided, however, that the foregoing paragraph (3) shall cease to have any further force or effect upon the execution and delivery by the Trustee of any Participation Agreement.

With respect to paragraph (3) above, the Trustee shall notify the Company promptly of any claim for which it may seek indemnity. The Company shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have separate counsel with the consent of the Company and the Company will pay the reasonable fees and expenses of such counsel. The Company need not pay for any settlement made, in settlement or otherwise, without its consent.

The Trustee shall be entitled to reimbursement from, and shall have a lien prior to the Certificates upon, the Trust Property for any tax incurred without negligence, bad faith or willful misconduct, on its part, arising out of or in connection with the acceptance or administration of such Trust (other than any tax attributable to the Trustee's compensation for serving as such), including any costs and expenses incurred in contesting the imposition of any such tax. If the Trustee reimburses itself from the Trust Property of such Trust for any such tax, it will mail a brief report within 30 days setting forth the circumstances thereof to all Certificateholders as their names and addresses appear in the Register.

Section 7.08. Corporate Trustee Required; Eligibility.

There shall at all times be a Trustee hereunder which shall be eligible to act as a trustee under Section 310(a) of the Trust Indenture Act and shall have a combined capital and surplus of at

least \$75,000,000 (or a combined capital and surplus in excess of \$5,000,000 and the obligations of which, whether now in existence or hereafter incurred, are fully and unconditionally guaranteed by a corporation organized and doing business under the laws of the United States, any state or territory thereof or of the District of Columbia and having a combined capital and surplus of at least \$75,000,000). If such corporation publishes reports of conditions at least annually, pursuant to law or to the requirements of federal, state, territorial or District of Columbia supervising or examining authority, then for the purposes of this Section 7.08, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of conditions so published.

In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 7.08 to act as Trustee, the Trustee shall resign immediately as Trustee in the manner and with the effect specified in Section 7.09.

Section 7.09. Resignation and Removal; Appointment of

Successor. (a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee under Section 7.10.

(b) The Trustee may resign at any time as trustee by giving prior written notice thereof to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Company, the Authorized Agents, the Owner Trustees, the Loan Trustees and the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

(c) The Trustee may be removed at any time by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Trustee and to the Company, the Owner Trustees and the Loan Trustees.

(d) If at any time:

(1) the Trustee shall fail to comply with Section 310 of the Trust Indenture Act, if applicable, after written request therefor by the Company or by any Certificateholder who has been a bona fide Certificateholder for at least six months; or

(2) the Trustee shall cease to be eligible under Section 7.08 and shall fail to resign after written request therefor by the Company or by any such Certificateholder; or

(3) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any case, (i) the Company may, with the consent of the Owner Participants, which consent may not be unreasonably withheld, remove the Trustee or (ii) any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) If a Responsible Officer of the Trustee shall obtain actual knowledge of an Avoidable Tax which has been or is likely to be asserted, the Trustee shall promptly notify the Company and shall, within 30 days of such notification, resign hereunder unless within such 30-day period the Trustee shall have received notice that the Company has agreed to pay such tax. The Company shall promptly appoint a successor Trustee in a jurisdiction where there are no Avoidable Taxes.

(f) If the Trustee shall resign, be removed or become incapable of acting or if a vacancy shall occur in the office of the Trustee for any cause, the Company shall promptly appoint a successor Trustee. If, within one year after such resignation, removal or incapability, or other occurrence of such vacancy, a successor Trustee shall be appointed by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Company, the Owner Trustees, the Loan Trustees and the retiring Trustee, and the Company approves such appointment, which approval shall not be

unreasonably withheld, then the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed as provided above. If no successor Trustee shall have been so appointed as provided above and accepted appointment in the manner hereinafter provided, any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

(g) The successor Trustee shall give notice of the resignation and removal of the Trustee and appointment of the successor Trustee by mailing written notice of such event by first-class mail, postage prepaid, to the Certificateholders as their names and addresses appear in the Register. Each notice shall include the name of such successor Trustee and the address of its Corporate Trust Office.

Section 7.10. Acceptance of Appointment by Successor.

Every successor Trustee appointed hereunder shall execute and deliver to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on request of the Company or the successor Trustee, such retiring Trustee shall execute and deliver an instrument transferring to such successor Trustee all such rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all Trust Property held by such retiring Trustee hereunder, subject nevertheless to its lien, if any, provided for in Section 7.07. Upon request of any such successor Trustee, the Company, the retiring Trustee and such successor Trustee shall execute and deliver any and all instruments containing such provisions as shall be necessary or desirable to transfer and confirm to, and for more fully and certainly vesting in, such successor Trustee all such rights, powers and trusts.

No institution shall accept its appointment as a Trustee hereunder unless at the time of such acceptance such institution shall be qualified and eligible under this Article VII.

Section 7.11. Merger, Conversion, Consolidation or Succession to Business. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article VII, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Certificates shall have been executed or authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such execution or authentication and deliver the Certificates so executed or authenticated with the same effect as if such successor Trustee had itself executed or authenticated such Certificates.

Section 7.12. Maintenance of Agencies. (a) There shall at all times be maintained an office or agency in the location set forth in Section 12.03 where Certificates may be presented or surrendered for registration of transfer or for exchange, and for payment thereof and where notices and demands to or upon the Trustee in respect of such certificates or this Agreement may be served; provided, however, that, if it shall be necessary that the Trustee maintain an office or agency in another location (e.g., the Certificates shall be represented by Definitive Certificates and shall be listed on a national securities exchange), the Trustee will make all reasonable efforts to establish such an office or agency. Written notice of the location of each such other office or agency and of any change of location thereof shall be given by the Trustee to the Company, the Owner Trustees, the Loan Trustees (in the case of any Owner Trustee or Loan Trustee, at its address specified in the Financing Documents or such other address as may be notified to the Trustee) and the Certificateholders. In the event that no such office or agency shall be maintained or no such notice of location or of change of location shall be given, presentations and demands may be made and notices may be served at the Corporate Trust Office of the Trustee.

(b) There shall at all times be a Registrar and a Paying Agent hereunder with respect to the Certificates. Each such Authorized Agent shall be a bank or trust company, shall be

a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, or, if the Trustee shall be acting as the Registrar or Paying Agent hereunder, a corporation having a combined capital and surplus in excess of \$5,000,000, the obligations of which are guaranteed by a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, and shall be authorized under such laws to exercise corporate trust powers, subject to supervision by Federal or state authorities. The Trustee shall initially be the Paying Agent and, as provided in Section 3.04, Registrar hereunder with respect to the Certificates. Each Registrar shall furnish to the Trustee, at stated intervals of not more than six months, and at such other times as the Trustee may request in writing, a copy of the Register maintained by such Registrar.

(d) Any Authorized Agent may at any time resign by giving written notice of resignation to the Trustee, the Company, the Owner Trustees and the Loan Trustees. The Company may, and at the request of the Trustee shall, at any time terminate the agency of any Authorized Agent by giving written notice of termination to such Authorized Agent and to the Trustee. The Company shall give written notice of any such appointment made by it to the Trustee, the Owner Trustees and the

Loan Trustees; and in each case the Trustee shall mail notice of such appointment to all Certificateholders as their names and addresses appear on the Register.

(e) The Company agrees to pay, or cause to be paid, from time to time to each Authorized Agent reasonable compensation for its services and to reimburse it for its reasonable expenses.

Section 7.13. Money for Certificate Payments to Be Held in Trust. All moneys deposited with any Paying Agent for the purpose of any payment on Certificates shall be deposited and held in trust for the benefit of the Certificateholders entitled to such payment, subject to the provisions of this Section. Moneys so deposited and held in trust shall constitute a separate trust fund for the benefit of the Certificateholders with respect to which such money was deposited.

The Trustee may at any time, for the purpose of obtaining the satisfaction and discharge of this Agreement or for any other purpose, direct any Paying Agent to pay to the Trustee all sums held in trust by such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Section 7.14. Registration of Equipment Notes in Name of Subordination Agent. The Trustee agrees that all Equipment Notes to be purchased by the Trust shall be issued in the name of the Subordination Agent or its nominee and held by the Subordination Agent in trust for the benefit of the Certificateholders, or, if not so held, the Subordination Agent or its nominee shall be reflected as the owner of such Equipment Notes in the register of the issuer of such Equipment Notes.

Section 7.15. Representations and Warranties of Trustee. The Trustee hereby represents and warrants that:

(a) the Trustee is a Delaware banking corporation organized and validly existing in good standing under the laws of the State of Delaware;

(b) the Trustee has full power, authority and legal right to execute, deliver, and perform this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the

(c) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party (i) will not violate any provision of United States federal law or the law of the state of the United States where it is located governing the banking and trust powers of the Trustee or any order, writ, judgment, or decree of any court, arbitrator or governmental authority applicable to the Trustee or any of its assets, (ii) will not violate any provision of the articles of association or by-laws of the Trustee, or (iii) will not violate any provision of, or constitute, with or without notice or lapse of time, a default under, or result in the creation or imposition of any lien on any properties included in the Trust Property pursuant to the provisions of any mortgage, indenture, contract, agreement or other undertaking to which it is a party, which violation, default or lien could reasonably be expected to have an adverse effect on the Trustee's performance or ability to perform its duties hereunder or thereunder or on the transactions contemplated herein or therein;

(d) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party will not require the authorization, consent, or approval of, the giving of notice to, the filing or registration with, or the taking of any other action in respect of, any governmental authority or agency of the United States or the state of the United States where it is located regulating the banking and corporate trust activities of the Trustee; and

(e) this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party have been duly executed and delivered by the Trustee and constitute the legal, valid, and binding agreements of the

Trustee, enforceable against it in accordance with their respective terms, provided that enforceability may be limited by (i) applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and (ii) general principles of equity.

Section 7.16. Withholding Taxes, Information Reporting.

The Trustee, as trustee of the grantor trust created by this Agreement, shall exclude and withhold from each distribution of principal, premium, if any, and interest and other amounts due under this Agreement or under the Certificates any and all withholding taxes applicable thereto as required by law. In addition, the Trustee shall remit such amounts as would be required by section 1446 of the Internal Revenue Code of 1986, as amended, if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes and shall withhold such amounts from amounts distributable to or for the benefit of Certificateholders or Investors that are not United States persons within the meaning of section 7701(a)(30) of the Internal Revenue Code of 1986, as amended. In this regard, the Trustee shall cause the appropriate withholding agent to withhold with respect to such distributions in the manner contemplated by Section 10.04 of Revenue Procedure 89-31 and Treasury Regulation 1.1445-8(b)(3)) by filing a notice with the National Association of Securities Dealers, Inc. substantially in the form of Exhibit E hereto on or before the date 10 days prior to the Record Date. The Trustee shall mail such notice to the National Association of Securities Dealers no later than the date than 15 days prior to the Record Date. Investors that are not United States Persons agree to furnish a United States taxpayer identification number ("TIN") to the Trustee and the Trustee shall provide such TINs to the appropriate withholding agent. The Trustee agrees to act as such withholding agent (except to the extent contemplated above with respect to withholding amounts as if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes) and, in connection therewith, whenever any present or future taxes or similar charges are required to be withheld with respect to any amounts payable in respect of the Certificates, to withhold such amounts and timely pay the same to the appropriate authority in the name of and on behalf of the Certificateholders, that it will file any necessary withholding tax returns or statements when due, and that, as promptly as possible after the payment thereof, it will deliver to each such Certificateholder appropriate documentation showing

the payment thereof, together with such additional documentary evidence as such Certificateholders may reasonably request from time to time. The Trustee agrees to file any other information reports as it may be required to file under United States law. Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit, other than an improper failure attributable to the gross negligence or willful misconduct of the Trustee.

Section 7.17. Trustee's Liens. The Trustee in its individual capacity agrees that it will at its own cost and expense promptly take any action as may be necessary to duly discharge and satisfy in full any mortgage, pledge, lien, charge, encumbrance, security interest or claim ("Trustee's Liens") on or with respect to the Trust Property which is attributable to the Trustee either (i) in its individual capacity and which is unrelated to the transactions contemplated by this Agreement, the Intercreditor Agreement, the Note Purchase Agreement or the Financing Documents, or (ii) as Trustee hereunder or in its individual capacity and which arises out of acts or omissions which are not contemplated by this Agreement.

Section 7.18. Preferential Collection of Claims. The Trustee shall comply with Section 311(a) of the Trust Indenture Act, excluding any creditor relationship listed in Section 311(b) of the Trust Indenture Act. For purposes of the immediately preceding sentence, a Certificate shall have been "actually voted" if the Holder of such Certificate has delivered to the Trustee an instrument evidencing such Holder's consent to such Direction prior to two Business Days before the Trustee directs such action or casts such vote or gives such consent. Notwithstanding the foregoing, but subject to Section 6.04 and the Intercreditor Agreement, the Trustee may, in its own discretion and at its own direction, consent and notify the relevant Loan Trustee of such consent (or direct the Subordination Agent to consent and notify the Loan Trustee of such consent) to any amendment, modification, waiver or supplement under the relevant Indenture, any other Financing Document, any Equipment Note or any other related document, if an Event of Default hereunder shall have occurred and be continuing, or if such amendment, modification, waiver or supplement will not materially adversely affect the interests of the Certificateholders.

#### ARTICLE XI

##### TERMINATION OF TRUST

Section 11.01. Termination of the Trust. The respective obligations and responsibilities of the Company and the Trustee with respect to the Trust shall terminate upon the earlier of (A) the completion of the assignment, transfer and discharge described in the first sentence of the immediately following paragraph and (B) distribution to all Holders of Certificates and the Trustee of all amounts required to be distributed to them pursuant to this Agreement and the disposition of all property held as part of the Trust Property; provided, however, that in no event shall the Trust continue beyond one hundred ten (110) years following the date of the earliest execution of this Trust Agreement.

Upon the earlier of (i) the first Business Day following March 31, 1998, or, if later, the fifth Business Day following the Delivery Period Termination Date and (ii) the fifth Business Day following the date on which a Triggering Event occurs (such date, the "Transfer Date"), or, if later, the date on which all of the conditions set forth in the immediately following sentence have been satisfied, the Trustee is hereby

directed (subject only to the immediately following sentence) to, and the Company shall direct the institution that will serve as the Related Trustee under the Related Pass Through Trust Agreement to, execute and deliver the Assignment and Assumption Agreement, pursuant to which the Trustee shall assign, transfer and deliver all of the Trustee's right, title and interest to the Trust Property to the Related Trustee under the Related Pass Through Trust Agreement. The Trustee and the Related Trustee shall execute and deliver the Assignment and Assumption Agreement upon the satisfaction of the following conditions:

(i) The Trustee, the Related Trustee and each of the Rating Agencies then rating the Certificates shall have received an Officer's Certificate and an Opinion of Counsel dated the date of the Assignment and Assumption Agreement and each satisfying the requirements of Section 1.02, which Opinion of Counsel shall be substantially to the effect set forth below and may be relied upon by the Beneficiaries (as defined in the Assignment and Assumption Agreement):

- (a) upon the execution and delivery thereof by the parties thereto in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, the Assignment and Assumption Agreement will constitute the valid and binding obligation of each of the parties thereto enforceable against each such party in accordance with its terms;
- (b) upon the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, each of the Certificates then Outstanding is entitled to the benefits of the Related Pass Through Trust Agreement;
- (c) the Related Trust is not required to be registered as an investment company under the Investment Company Act of 1940, as amended;
- (d) the Related Pass Through Trust Agreement constitutes the valid and binding obligation of the Company enforceable against the Company in accordance with its terms; and

- (e) neither the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, nor the consummation by the Parties thereto of the transactions contemplated to be consummated thereunder on the date thereof, violate any law or governmental rule or regulation of the State of New York or the United States of America known to such counsel to be applicable to the transactions contemplated by the Assignment and Assumption Agreement.

(ii) The Trustee and the Company shall have received (x) a copy of the articles of incorporation and bylaws of the Related Trustee certified as of the Transfer Date by the Secretary or Assistant Secretary of such institution and (y) a copy of the filing (including all attachments thereto) made by the institution serving as the Related Trustee with the Office of the Superintendent, State of New York Banking Department for the qualification of the Related Trustee under section 131(3) of the New York Banking Law.

Upon the execution of the Assignment and Assumption Agreement by the parties thereto, the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, and the Outstanding Certificates representing Fractional Undivided Interests in the Trust shall be deemed for all purposes of this Agreement and the Related Pass Through Trust Agreement, without further signature or action of any party or Certificateholder, to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. By acceptance of its Certificate, each Certificateholder consents to such assignment, transfer and delivery of the Trust Property to the trustee of the Related Trust upon the execution and delivery of the Assignment and Assumption Agreement.

In connection with the occurrence of the event set forth in clause (B) above, notice of such termination, specifying the Distribution Date upon which the Certificateholders may surrender their Certificates to the Trustee for payment of the final distribution and cancellation, shall be mailed promptly by the Trustee to Certificateholders not earlier than the 60th day

and not later than the 20th day next preceding such final Distribution Date specifying (A) the Distribution Date upon which the proposed final payment of the Certificates will be made upon presentation and surrender of Certificates at the office or agency of the Trustee therein specified, (B) the amount of any such proposed final payment, and (C) that the Record Date otherwise applicable to such Distribution Date is not applicable, payments being made only upon presentation and surrender of the Certificates at the office or agency of the Trustee therein specified. The Trustee shall give such notice to the Registrar at the time such notice is given to Certificateholders. Upon presentation and surrender of the Certificates in accordance with such notice, the Trustee shall cause to be distributed to Certificateholders such final payments.

In the event that all of the Certificateholders shall not surrender their Certificates for cancellation within six months after the date specified in the above-mentioned written notice, the Trustee shall give a second written notice to the remaining Certificateholders to surrender their Certificates for cancellation and receive the final distribution with respect thereto. No additional interest shall accrue on the Certificates after the Distribution Date specified in the first written notice. In the event that any money held by the Trustee for the payment of distributions on the Certificates shall remain unclaimed for two years (or such lesser time as the Trustee shall be satisfied, after sixty days' notice from the Company, is one month prior to the escheat period provided under applicable law) after the final distribution date with respect thereto, the Trustee shall pay to each Loan Trustee the appropriate amount of money relating to such Loan Trustee and shall give written notice thereof to the related Owner Trustees, the Owner Participants and the Company.

THIS CERTIFIES THAT \_\_\_\_\_, for value received, is the registered owner of a \$ \_\_\_\_\_ (\_\_\_\_\_dollars) Fractional Undivided Interest in the Continental Airlines Pass Through Trust, Series 1997-1B-0 (the "Trust") created pursuant to a Pass Through Trust Agreement, dated as of March 21, 1997 (the "Agreement"), between Wilmington Trust Company (the "Trustee") and Continental Airlines, Inc., a corporation incorporated under Delaware law (the "Company"), a summary of certain of the pertinent provisions of which is set forth below. To the extent not otherwise defined herein, the capitalized terms used herein have the meanings assigned to them in the Agreement. This Certificate is one of the duly authorized Certificates designated as "7.461% Continental Airlines [Initial] [Exchange] Pass Through Certificates, Series 1997-1B-0" (herein called the "Certificates"). This Certificate is issued under and is subject to the terms, provisions, and conditions of the Agreement. By virtue of its acceptance hereof the Certificateholder of this Certificate assents to and agrees to be bound by the provisions of the Agreement and the Intercreditor Agreement. The property of the Trust includes an interest in certain Equipment Notes and all rights of the Trust to receive payments under the Intercreditor Agreement and any Liquidity Facility (the "Trust Property"). Each issue of the Equipment Notes is secured by, among other things, a security interest in the Aircraft leased to or owned by the Company.

(3) To be included on the face of each Global Certificate.

The Certificates represent fractional undivided interests in the Trust and the Trust Property, and have no rights, benefits or interest in respect of any assets or property other than the Trust Property.

Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, from and to the extent of funds then available to the Trustee, there will be distributed on each April 1 and October 1 (a "Regular Distribution Date"), commencing on October 1, 1997, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Regular Distribution Date, an amount in respect of the Scheduled Payments due on such Regular Distribution Date on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Scheduled Payments. Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, in the event that Special Payments on the Equipment Notes are received by the Trustee, from funds then available to the Trustee, there shall be distributed on the applicable Special Distribution Date, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Special Distribution Date, an amount in respect of such Special Payments on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Special Payments so received. If a Regular Distribution Date or Special Distribution Date is not a Business Day, distribution shall be made on the immediately following Business Day with the same force and effect as if made on such Regular Distribution Date or Special Distribution Date and no interest shall accrue during the intervening period. The Trustee shall mail notice of each Special Payment and the Special Distribution Date therefor to the Certificateholder of this Certificate.

The Certificates do not represent a direct obligation of, or an obligation guaranteed by, or an interest in, the Company or the Trustee or any of their affiliates. The Certificates are limited in right or payment, all as more specifically set forth on the face hereof and in the Agreement. All payments or distributions made to Certificateholders under the Agreement shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or

proceeds from the Trust Property to make such payments in accordance with the terms of the Agreement. Each Certificateholder of this Certificate, by its acceptance hereof, agrees that it will look solely to the income and proceeds from the Trust Property to the extent available for distribution to such Certificateholder as provided in the Agreement. This Certificate does not purport to summarize the Agreement and reference is made to the Agreement for information with respect to the interests, rights, benefits, obligations, proceeds, and duties evidenced hereby. A copy of the Agreement may be examined during normal business hours at the principal office of the Trustee, and at such other places, if any, designated by the Trustee, by any Certificateholder upon request.

The Agreement permits, with certain exceptions therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Certificateholders under the Agreement at any time by the Company and the Trustee with the consent of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust. Any such consent by the Certificateholder of this Certificate shall be conclusive and binding on such Certificateholder and upon all future Certificateholders of this Certificate and of any Certificate issued upon the transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent is made upon this Certificate. The Agreement also permits the amendment thereof, in certain limited circumstances, without the consent of the Certificateholders of any of the Certificates.

As provided in the Agreement and subject to certain limitations therein set forth, the transfer of this Certificate is registrable in the Register upon surrender of this Certificate for registration of transfer at the offices or agencies maintained by the Trustee in its capacity as Registrar, or by any successor Registrar, in the Borough of Manhattan, the City of New York, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Trustee and the Registrar duly executed by the Certificateholder hereof or such Certificateholder's attorney duly authorized in writing, and thereupon one or more new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust will be issued to the designated transferee or transferees.

[The Holder of this Certificate is entitled to the benefits of the Exchange and Registration Rights Agreement, dated as of March 21, 1997, among the Company, the Trustee and the Initial Purchasers named therein (the "Registration Rights Agreement"). In the event that no Registration Event has occurred on or prior to the 210th day after the date of the issuance of the Certificates, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50%, from and including the 210th day after the Issuance Date to but excluding (i) the earlier of the date on which a Registration Event occurs and (ii) the date on which there cease to be any Registrable Certificates (as defined in the Registration Rights Agreement). In the event that the Shelf Registration Statement ceases to be effective at any time during the period specified by Section 2(b)(B) of the Registration Rights Agreement for more than 60 days, whether or not consecutive, during any 12-month period, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50% from the 61st day of the applicable 12-month period such Shelf Registration Statement ceases to be effective until such time as the Shelf Registration Statement again becomes effective ( or, if earlier, the end of the period specified by Section 2(b)(B) of the Registration Rights Agreement).](4)

Except as otherwise provided in the Agreement and notwithstanding the above, the final distribution on this Certificate will be made after notice mailed by the Trustee of the pendency of such distribution and only upon presentation and surrender of this Certificate at the office or agency of the Trustee specified in such notice.

Under certain circumstances set forth in Section 11.01 of the Agreement, all of the Trustee's right, title and interest to the Trust Property may be assigned, transferred and delivered to the Related Trustee of the Related Trust pursuant to the Assignment and Assumption Agreement. Upon the effectiveness of such Assignment and Assumption Agreement (the "Transfer"), the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, the Certificates representing Fractional

Undivided Interests in the Trust shall be deemed for all purposes of the Agreement and the Related Pass Through Trust Agreement to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. Each Certificateholder, by its acceptance of this Certificate or a beneficial interest herein, agrees to be bound by the Assignment and Assumption Agreement and subject to the terms of the Related Pass Through Trust Agreement as a certificateholder thereunder. From and after the Transfer, unless and to the extent the context otherwise requires, references herein to the Trust, the Agreement and the Trustee shall constitute references to the Related Trust, the Related Pass Through Trust Agreement and trustee of the Related Trust, respectively.

The Certificates are issuable only as registered Certificates without coupons in minimum denominations of [\$100,000](5) [\$1,000](6) Fractional Undivided Interest and integral multiples of \$1,000 in excess thereof except that one Certificate may be in a different denomination. As provided in the Agreement and subject to certain limitations therein set forth, the Certificates are exchangeable for new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust, as requested by the Certificateholder surrendering the same.

No service charge will be made for any such registration of transfer or exchange, but the Trustee shall require payment by the Holder of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit. Each Certificateholder and Investor, by its acceptance of this Certificate or a beneficial interest herein, agrees to treat the Trust as a grantor trust for all U.S. federal, state and local income tax purposes.

The Trustee, the Registrar, and any agent of the Trustee or the Registrar may treat the person in whose name this Certificate is registered as the owner hereof for all purposes, and neither the Trustee, the Registrar, nor any such agent shall be affected by any notice to the contrary.

The obligations and responsibilities created by the Agreement and the Trust created thereby shall terminate upon the distribution to Certificateholders of all amounts required to be distributed to them pursuant to the Agreement and the disposition of all property held as part of the Trust Property.

UNTIL THE TRANSFER, THE AGREEMENT AND THIS CERTIFICATE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE AND THE OBLIGATIONS, RIGHTS AND REMEDIES OF THE PARTIES HEREUNDER SHALL BE DETERMINED IN ACCORDANCE WITH SUCH LAWS. OR IN SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC (AND ANY PAYMENT HEREON IS MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL INASMUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

TRANSFERS OF THIS GLOBAL CERTIFICATE SHALL BE LIMITED TO TRANSFERS IN WHOLE, BUT NOT IN PART, TO NOMINEES OF DTC OR TO A SUCCESSOR THEREOF OR SUCH SUCCESSOR'S NOMINEE AND TRANSFERS OF PORTIONS OF THIS

GLOBAL CERTIFICATE SHALL BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN SECTIONS 3.05 AND 3.06 OF THE PASS THROUGH TRUST AGREEMENT REFERRED TO HEREIN."

Section 3.03. Authentication of Certificates. (a) On the Issuance Date, the Trustee shall duly execute, authenticate and deliver Certificates in authorized denominations equalling in the aggregate the amount set forth, with respect to the Trust, in Schedule II to the Certificate Purchase Agreement, evidencing the entire ownership of the Trust, which amount equals the maximum aggregate principal amount of Equipment Notes which may be purchased by the Trustee pursuant to the Note Purchase Agreement.

(b) No Certificate shall be entitled to any benefit under this Agreement or be valid or obligatory for any purpose, unless there appears on such Certificate a certificate of authentication substantially in the form provided for herein executed by the Trustee by the manual signature of one of its authorized signatories, and such certificate upon any Certificate shall be conclusive evidence, and the only evidence, that such Certificate has been duly authenticated and delivered hereunder.

Section 3.04. Transfer and Exchange. The Trustee shall cause to be kept at the office or agency to be maintained by it in accordance with the provisions of Section 7.12 a register (the "Register") of the Certificates in which, subject to such reasonable regulations as it may prescribe, the Trustee shall provide for the registration of such Certificates and of transfers and exchanges of such Certificates as herein provided. The Trustee shall initially be the registrar (the "Registrar") for the purpose of registering such Certificates and transfers and exchanges of such Certificates as herein provided.

All Certificates issued upon any registration of transfer or exchange of Certificates shall be valid obligations of the Trust, evidencing the same interest therein, and entitled to the same benefits under this Trust Agreement, as the Certificates surrendered upon such registration of transfer or exchange.

A Certificateholder may transfer a Certificate, or request that a Certificate be exchanged for Certificates in an aggregate Fractional Undivided Interest equal to the Fractional Undivided Interest of such Certificate surrendered for exchange

of other authorized denominations, by surrender of such Certificate to the Trustee with the form of transfer notice thereon duly completed and executed, and otherwise complying with the terms of this Agreement, including providing evidence of compliance with any restrictions on transfer, in form satisfactory to the Trustee and the Registrar; provided that no exchanges of Initial Certificates for Exchange Certificates shall occur until an Exchange Offer Registration Statement shall have been declared effective by the SEC (notice of which shall be provided to the Trustee by the Company). No such transfer shall be effected until, and such transferee shall succeed to the rights of a Certificateholder only upon, final acceptance and registration of the transfer by the Registrar in the Register. Prior to the registration of any transfer by a Certificateholder as provided herein, the Trustee shall treat the person in whose name the Certificate is registered as the owner thereof for all purposes, and the Trustee shall not be affected by notice to the contrary. Furthermore, DTC shall, by acceptance of a Global Certificate, agree that transfers of beneficial interests in such Global Certificate may be effected only through a book-entry system maintained by DTC (or its agent), and that ownership of a beneficial interest in the Certificate shall be required to be reflected in a book-entry. When Certificates are presented to the Registrar with a request to register the transfer thereof or to exchange them for other authorized denominations of a Certificate in a Fractional Undivided Interest equal to the aggregate Fractional Undivided Interest of Certificates surrendered for exchange, the Registrar shall register the transfer or make the exchange as requested if its requirements for such transactions are met.

To permit registrations of transfers and exchanges in accordance with the terms, conditions and restrictions hereof, the Trustee shall execute and authenticate Certificates at the Registrar's request. No service charge shall be made to a Certificateholder for any registration of transfer or exchange of Certificates, but the Trustee shall require payment of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with any transfer or exchange of Certificates. All Certificates surrendered for registration of transfer or exchange shall be canceled and subsequently destroyed by the Trustee.

Section 3.05. Book-Entry Provisions for Restricted Global Certificates and Regulation S Global Certificates. (a) Members of, or participants in, DTC ("Agent Members") shall have no rights under this Agreement with respect to any Global Certificate held on their behalf by DTC, or the Trustee as its custodian, and DTC may be treated by the Trustee and any agent of the Trustee as the absolute owner of such Global Certificate for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Trustee or any agent of the Trustee from giving effect to any written certification, proxy or other authorization furnished by DTC or shall impair, as between DTC and its Agent Members, the operation of customary practices governing the exercise of the rights of a holder of any Certificate. Upon the issuance of any Global Certificate, the Registrar or its duly appointed agent shall record DTC as the registered holder of such Global Certificate.

(b) Transfers of any Global Certificate shall be limited to transfers of such Restricted Global Certificate or Regulation S Global Certificate in whole, but not in part, to DTC. Beneficial interests in the Restricted Global Certificate and any Regulation S Global Certificate may be transferred in accordance with the rules and procedures of DTC and the provisions of Section 3.06. Beneficial interests in a Restricted Global Certificate or a Regulation S Global Certificate shall be delivered to all beneficial owners thereof in the form of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, if (i) DTC notifies the Trustee that it is unwilling or unable to continue as depository for such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, and a successor depository is not appointed by the Trustee within 90 days of such notice, and (ii) after the occurrence and during the continuance of an Event of Default, owners of beneficial interests in a Global Certificate with Fractional Undivided Interests aggregating not less than a majority in interest in the Trust advise the Trustee, the Company and DTC through Agent Members in writing that the continuation of a book-entry system through DTC or its successor is no longer in their best interests.

(c) Any beneficial interest in one of the Global Certificates that is transferred to a Person who takes delivery in the form of an interest in another Global Certificate will, upon such transfer, cease to be an interest in such Global Certificate and become an interest in the other Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to

beneficial interests in such other Global Certificate for as long as it remains such an interest.

(d) In connection with the transfer of an entire Restricted Global Certificate or an entire Regulation S Global Certificate to the beneficial owners thereof pursuant to paragraph (b) of this Section 3.05, such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, shall be deemed to be surrendered to the Trustee for cancellation, and the Trustee shall execute, authenticate and deliver, to each beneficial owner identified by DTC in exchange for its beneficial interest in such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, an equal aggregate principal amount of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, of authorized denominations. None of the Company, the Registrar, the Paying Agent nor the Trustee shall be liable for any delay in delivery of such instructions and may conclusively rely on, and shall be protected in relying on, such registration instructions. Upon the issuance of Definitive Certificates, the Trustee shall recognize the Person in whose name the Definitive Certificates are registered in the Register as Certificateholders hereunder. Neither the Company nor the Trustee shall be liable if the Trustee or the Company is unable to locate a qualified successor clearing agency.

(e) Any Definitive Certificate delivered in exchange for an interest in the Restricted Global Certificate pursuant to paragraph (b) of this Section 3.05 shall, except as otherwise provided by paragraph (e) of Section 3.06, bear the Restricted Legend.

(f) Prior to the expiration of the Restricted Period, any Regulation S Definitive Certificate delivered in exchange for an interest in a Regulation S Global Certificate pursuant to paragraph (b) of this Section shall bear the Restricted Legend.

(g) The registered holder of any Restricted Global Certificate or Regulation S Global Certificate may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Agreement or the Certificates.

Section 3.06. Special Transfer Provisions. Unless and until (i) an Initial Certificate is sold under an effective Shelf Registration Statement, or (ii) an Initial Certificate is exchanged for an Exchange Certificate pursuant to an effective Exchange Offer Registration Statement, in each case pursuant to the terms of the Registration Rights Agreement, the following provisions shall apply to such Initial Certificates:

(a) Transfers to Non-QIB Institutional Accredited Investors. The following provisions shall apply with respect to the registration of any proposed transfer of a Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non-U.S. Person:

(i) The Registrar shall register the transfer of any Certificate, whether or not bearing the Restricted Legend, only if (x) the requested transfer is at least two years after the later of the original issue date of the Certificates and the last date on which such Certificate was held by the Company, the Trustee or any affiliate of any of such Persons or (y) the proposed transferor is an Initial Purchaser who is transferring Certificates purchased under the Certificates Purchase Agreement and the proposed transferee has delivered to the Registrar a letter substantially in the form of Exhibit C hereto and the aggregate principal amount of the Certificates being transferred is at least \$100,000. Except as provided in the foregoing clause (y), the Registrar shall not register the transfer of any Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non-U.S. Person.

(ii) If the proposed transferor is an Agent Member holding a beneficial interest in a Restricted Global Certificate, upon receipt by the Registrar of (x) the documents, if any, required by paragraph (i) and (y) instructions given in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of the transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and the Trustee shall execute, authenticate and deliver to the

transferor or at its direction, one or more Restricted Definitive Certificates of like tenor and amount.

(b) Transfers to QIBs. The following provisions shall apply with respect to the registration of any proposed transfer of an Initial Certificate to a QIB (excluding Non-U.S. Persons):

(i) If the Certificate to be transferred consists of Restricted Definitive Certificates, or of an interest in any Regulation S Global Certificate during the Restricted Period, the Registrar shall register the transfer if such transfer is being made by a proposed transferor who has checked the box provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that the sale has been made in compliance with the provisions of Rule 144A to a transferee who has signed the certification provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that it is purchasing the Initial Certificate for its own account or an account with respect to which it exercises sole investment discretion and that it, or the Person on whose behalf it is acting with respect to any such account, is a QIB within the meaning of Rule 144A, and is aware that the sale to it is being made in reliance on Rule 144A and acknowledges that it has received such information regarding the Trust and/or the Company as it has requested pursuant to Rule 144A or has determined not to request such information and that it is aware that the transferor is relying upon its foregoing representations in order to claim the exemption from registration provided by Rule 144A.

(ii) Upon receipt by the Registrar of the documents required by clause (i) above and instructions given in accordance with DTC's and the Registrar's procedures therefor, the Registrar shall reflect on its books and records the date of such transfer and an increase in the principal amount of a Restricted Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificates or interests in such Regulation S Global Certificate, as the case may be, being transferred, and the Trustee shall cancel

such Definitive Certificates or decrease the amount of such Regulation S Global Certificate so transferred.

(c) Transfers of Interests in the Regulation S Global Certificate or Regulation S Definitive Certificates. After the expiration of the Restricted Period, the Registrar shall register any transfer of interests in any Regulation S Global Certificate or Regulation S Definitive Certificates without requiring any additional certification. Until the expiration of the Restricted Period, interests in the Regulation S Global Certificate may only be held through Agent Members acting for and on behalf of Euroclear and Cedel.

(d) Transfers to Non-U.S. Persons at Any Time. The following provisions shall apply with respect to any registration of any transfer of an Initial Certificate to a Non-U.S. Person:

(i) Prior to the expiration of the Restricted Period, the Registrar shall register any proposed transfer of an Initial Certificate to a Non-U.S. Person upon receipt of a certificate substantially in the form set forth as Exhibit B hereto from the proposed transferor.

(ii) After the expiration of the Restricted Period, the Registrar shall register any proposed transfer to any Non-U.S. Person if the Certificate to be transferred is a Restricted Definitive Certificate or an interest in a Restricted Global Certificate, upon receipt of a certificate substantially in the form of Exhibit B from the proposed transferor. The Registrar shall promptly send a copy of such certificate to the Company.

(iii) Upon receipt by the Registrar of (x) the documents, if any, required by clause (ii) and (y) instructions in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of such transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and, upon receipt by the Registrar of instructions given in accordance with DTC's and the Registrar's procedures, the

Registrar shall reflect on its books and records the date and an increase in the principal amount of the Regulation S Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificate or the Restricted Global Certificate, as the case may be, to be transferred, and the Trustee shall cancel the Definitive Certificate, if any, so transferred or decrease the amount of such Restricted Global Certificate.

(e) Restricted Legend. Upon the transfer, exchange or replacement of Certificates not bearing the Restricted Legend, the Registrar shall deliver Certificates that do not bear the Restricted Legend. Upon the transfer, exchange or replacement of Certificates bearing the Restricted Legend, the Registrar shall deliver only Certificates that bear the Restricted Legend unless either (i) the circumstances contemplated by paragraph (d)(ii) of this Section 3.06 exist or (ii) there is delivered to the Registrar an Opinion of Counsel to the effect that neither such legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

(f) General. By acceptance of any Certificate bearing the Restricted Legend, each Holder of such a Certificate acknowledges the restrictions on transfer of such Certificate set forth in this Agreement and agrees that it will transfer such Certificate only as provided in this Agreement. The Registrar shall not register a transfer of any Certificate unless such transfer complies with the restrictions on transfer, if any, of such Certificate set forth in this Agreement. In connection with any transfer of Certificates, each Certificateholder agrees by its acceptance of the Certificates to furnish the Registrar or the Trustee such certifications, legal opinions or other information as either of them may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act and in accordance with the terms and provisions of this Article III; provided that the Registrar shall not be required to determine the sufficiency of any such certifications, legal opinions or other information.

Until such time as no Certificates remain Outstanding, the Registrar shall retain copies of all letters, notices and other written communications received pursuant to Section 3.05 or

this Section 3.06. The Trustee, if not the Registrar at such time, shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar.

Section 3.07. Mutilated, Destroyed, Lost or Stolen

Certificates. If (a) any mutilated Certificate is surrendered to the Registrar or the Registrar receives evidence to its satisfaction of the destruction, loss or theft of any Certificate and (b) there is delivered to the Registrar and the Trustee such security, indemnity or bond, as may be required by them to save each of them harmless, then, in the absence of notice to the Registrar or the Trustee that such destroyed, lost or stolen Certificate has been acquired by a bona fide purchaser, and provided that the requirements of Section 8-405 of the Uniform Commercial Code in effect in any applicable jurisdiction are met, the Trustee shall execute, authenticate and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Certificate, a new Certificate or Certificates, in authorized denominations and of like Fractional Undivided Interest and bearing a number not contemporaneously outstanding.

In connection with the issuance of any new Certificate under this Section 3.07, the Trustee may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee and the Registrar) connected therewith.

Any duplicate Certificate issued pursuant to this Section 3.07 shall constitute conclusive evidence of the appropriate Fractional Undivided Interest in the Trust, as if originally issued, whether or not the lost, stolen or destroyed Certificate shall be found at any time.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Certificates.

Section 3.08. Persons Deemed Owners. Prior to due presentment of a Certificate for registration of transfer, the Trustee, the Registrar and any Paying Agent may treat the Person in whose name any Certificate is registered (as of the day of

determination) as the owner of such Certificate for the purpose of receiving distributions pursuant to Article IV and for all other purposes whatsoever, and none of the Trustee, the Registrar or any Paying Agent shall be affected by any notice to the contrary.

Section 3.09. Cancellation. All Certificates surrendered for payment or transfer or exchange shall, if surrendered to the Trustee or any agent of the Trustee other than the Registrar, be delivered to the Registrar for cancellation and shall promptly be canceled by it. No Certificates shall be authenticated in lieu of or in exchange for any Certificates canceled as provided in this Section, except as expressly permitted by this Agreement. All canceled Certificates held by the Registrar shall be destroyed and a certification of their destruction delivered to the Trustee.

Section 3.10. Temporary Certificates. Until definitive Certificates are ready for delivery, the Trustee shall authenticate temporary Certificates. Temporary Certificates shall be substantially in the form of definitive Certificates but may have insertions, substitutions, omissions and other variations determined to be appropriate by the officers executing the temporary Certificates, as evidenced by their execution of such temporary Certificates. If temporary Certificates are issued, the Trustee will cause definitive Certificates to be prepared without unreasonable delay. After the preparation of definitive Certificates, the temporary Certificates shall be exchangeable for definitive Certificates upon surrender of the temporary Certificates at the office or agency of the Trustee designated for such purpose pursuant to Section 7.12, without charge to the Certificateholder. Upon surrender for cancellation of any one or more temporary Certificates, the Trustee shall execute, authenticate and deliver in exchange therefor a like face amount of definitive Certificates of authorized denominations. Until so exchanged, the temporary Certificates shall be entitled to the same benefits under this Agreement as definitive Certificates.

Section 3.11. Limitation of Liability for Payments. All payments and distributions made to Certificateholders in respect of the Certificates shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or proceeds from the Trust Property to make such payments in accordance with the terms of Article IV of this

Agreement. Each Certificateholder, by its acceptance of a Certificate, agrees that it will look solely to the income and proceeds from the Trust Property for any payment or distribution due to such Certificateholder pursuant to the terms of this Agreement and that it will not have any recourse to the Company, the Trustee, the Loan Trustees, the Liquidity Providers, the Owner Trustees or the Owner Participants, except as otherwise expressly provided herein or in the Intercreditor Agreement.

The Company is a party to this Agreement solely for purposes of meeting the requirements of the Trust Indenture Act, and therefore shall not have any right, obligation or liability hereunder (except as otherwise expressly provided herein).

Section 3.12 ERISA Restrictive Legend. All Certificates issued pursuant to this Agreement shall bear a legend to the following effect (the "ERISA Legend") unless the Company and the Trustee determine otherwise consistent with applicable law:

"BY ITS ACQUISITION HEREOF, THE HOLDER REPRESENTS THAT (A) IT IS NOT A PLAN TRANSFEREE (AS DEFINED IN THE PASS THROUGH TRUST AGREEMENT) OR (B) IT IS AN INSURANCE COMPANY USING THE ASSETS OF ITS GENERAL ACCOUNT TO ACQUIRE THIS CERTIFICATE, AND THE CONDITIONS OF PROHIBITED TRANSACTION CLASS EXEMPTION 95-60 ISSUED BY THE U.S. DEPARTMENT OF LABOR HAVE BEEN AND WILL CONTINUE TO BE SATISFIED IN CONNECTION WITH ITS PURCHASE AND HOLDING OF THIS CERTIFICATE. THE PASS THROUGH TRUST AGREEMENT CONTAINS A PROVISION REQUIRING THE TRUSTEE TO REFUSE TO REGISTER ANY TRANSFER OF THIS CERTIFICATE IN VIOLATION OF THE FOREGOING RESTRICTIONS."

By acceptance of any Certificate bearing the ERISA Legend, each Holder of such a Certificate acknowledges the restrictions on transfer of such Certificate set forth in this Agreement and agrees that it will transfer such Certificate only as provided in this Agreement. The Registrar shall not register a transfer of any Certificate unless such transfer complies with the restrictions on transfer, if any, of such Certificate set forth in this Agreement.

CERTIFICATEHOLDERS

## Section 4.01. Certificate Account and Special Payments

Account. (a) The Trustee shall establish and maintain on behalf of the Certificateholders a Certificate Account as one or more non-interest-bearing accounts. On each day when one or more Special Payments are made to the Trustee under the Intercreditor Agreement and upon the payment of the Special Redemption Premium to the Trustee under the Note Purchase Agreement, the Trustee, upon receipt thereof, shall immediately deposit the aggregate amount of such Special Payments in the Special Payments Account.

(c) The Trustee shall cause the Subordination Agent to present to the related Loan Trustee of each Equipment Note such Equipment Note on the date of its stated final maturity or, in the case of any Equipment Note which is to be redeemed in whole pursuant to the related Indenture, on the applicable redemption date under such Indenture.

## Section 4.02. Distributions from Certificate Account and

Special Payments Account. (a) On each Regular Distribution Date or as soon thereafter as the Trustee has confirmed receipt of the payment of all or any part of the Scheduled Payments due on such date, the Trustee shall distribute out of the Certificate Account the entire amount deposited therein pursuant to Section 4.01(a). There shall be so distributed to each Certificateholder of record on the Record Date with respect to such Regular

Distribution Date (other than as provided in Section 11.01 concerning the final distribution) by check mailed to such Certificateholder, at the address appearing in the Register, such Certificateholder's pro rata share (based on the Fractional Undivided Interest in the Trust held by such Certificateholder) of the total amount in the Certificate Account, except that, with respect to Certificates registered on the Record Date in the name of DTC, such distribution shall be made by wire transfer in immediately available funds to the account designated by DTC.

(b) On each Special Distribution Date with respect to any Special Payment or as soon thereafter as the Trustee has confirmed receipt of any Special Payments due on the Equipment Notes held in the related Trust or realized upon the sale of such Equipment Notes or receipt of the Special Redemption Premium, the Trustee shall distribute out of the Special Payments Account the entire amount of such Special Payment deposited therein pursuant to Section 4.01(b). There shall be so distributed to each Certificateholder of record on the Record Date with respect to such Special Distribution Date (other than as provided in Section 11.01 concerning the final distribution) by check mailed to such Certificateholder, at the address appearing in the Register, such Certificateholder's pro rata share (based on the Fractional Undivided Interest in the Trust held by such Certificateholder) of the total amount in the Special Payments Account on account of such Special Payment, except that, with respect to Certificates registered on the Record Date in the name of DTC, such distribution shall be made by wire transfer in immediately available funds to the account designated by DTC.

(c) The Trustee shall, at the expense of the Company, cause notice of each Special Payment to be mailed to each Certificateholder at his address as it appears in the Register. In the event of redemption or purchase of Equipment Notes held in the Trust, such notice shall be mailed not less than 20 days prior to the Special Distribution Date for the Special Payment resulting from such redemption or purchase, which Special Distribution Date shall be the date of such redemption or purchase. In the event of the payment of a Special Redemption Premium by the Company to the Trustee under the Note Purchase Agreement, such notice shall be mailed, together with the notice by the Escrow Paying Agent under Section 2.06 of the Escrow Agreement, not less than 20 days prior to the Special Distribution Date for such amount, which Special Distribution Date shall be the Final Withdrawal Date. In the case of any

other Special Payments, such notice shall be mailed as soon as practicable after the Trustee has confirmed that it has received funds for such Special Payment, stating the Special Distribution Date for such Special Payment which shall occur not less than 20 days after the date of such notice and as soon as practicable thereafter. Notices mailed by the Trustee shall set forth:

- (i) the Special Distribution Date and the Record Date therefor (except as otherwise provided in Section 11.01),
- (ii) the amount of the Special Payment for each \$1,000 face amount Certificate and the amount thereof constituting principal, premium, if any, and interest,
- (iii) the reason for the Special Payment, and
- (iv) if the Special Distribution Date is the same date as a Regular Distribution Date, the total amount to be received on such date for each \$1,000 face amount Certificate.

If the amount of (i) premium, if any, payable upon the redemption or purchase of an Equipment Note or (ii) the Special Redemption Premium, if any, has not been calculated at the time that the Trustee mails notice of a Special Payment, it shall be sufficient if the notice sets forth the other amounts to be distributed and states that any premium received will also be distributed.

If any redemption of the Equipment Notes held in the Trust is canceled, the Trustee, as soon as possible after learning thereof, shall cause notice thereof to be mailed to each Certificateholder at its address as it appears on the Register.

Section 4.03. Statements to Certificateholders. (a) On each Distribution Date, the Trustee will include with each distribution to Certificateholders of a Scheduled Payment or Special Payment, as the case may be, a statement setting forth the information provided below (in the case of a Special Payment, including any Special Redemption Premium, reflecting in part the information provided by the Escrow Paying Agent under the Escrow Agreement). Such statement shall set forth (per \$1,000 face amount Certificate as to (ii), (iii), (iv) and (v) below) the following information:

With respect to the Certificates registered in the name of DTC, on the Record Date prior to each Distribution Date, the Trustee will request from DTC a securities position listing setting forth the names of all Agent Members reflected on DTC's books as holding interests in the Certificates on such Record Date. On each Distribution Date, the Trustee will mail to each such Agent Member the statement described above and will make available additional copies as requested by such Agent Member for forwarding to holders of interests in the Certificates.

(b) Within a reasonable period of time after the end of each calendar year but not later than the latest date permitted by law, the Trustee shall furnish to each Person who at any time during such calendar year was a Certificateholder of record a statement containing the sum of the amounts determined pursuant to clauses (a)(i), (a)(ii), (a)(iii), (a)(iv) and (a)(v) above for such calendar year or, in the event such Person was a Certificateholder of record during a portion of such calendar year, for such portion of such year, and such other items as are readily available to the Trustee and which a Certificateholder shall reasonably request as necessary for the purpose of such Certificateholder's preparation of its federal income tax returns. Such statement and such other items shall be prepared on the basis of information supplied to the Trustee by the Agent Members and shall be delivered by the Trustee to such Agent

Members to be available for forwarding by such Agent Members to the holders of interests in the Certificates in the manner described in Section 4.03(a).

(c) Promptly following (i) the Delivery Period Termination Date, if there has been any change in the information set forth in clauses (x), (y) and (z) below from that set forth in page 81 of the Offering Circular, and (ii) any early redemption of purchase of, or any default in the payment of principal or interest in respect of, any of the Equipment Notes held in the Trust, or any Final Withdrawal, the Trustee shall furnish to Certificateholders of record on such date a statement setting forth (x) the expected Pool Balances for each subsequent Regular Distribution Date following the Delivery Period Termination Date, (y) the related Pool Factors for such Regular Distribution Dates and (z) the expected principal distribution schedule of the Equipment Notes, in the aggregate, held as Trust Property at the date of such notice. With respect to the Certificates registered in the name of DTC, on the Delivery Period Termination Date, the Trustee will request from DTC a securities position listing setting forth the names of all Agent Members reflected on DTC's books as holding interests in the Certificates on such date. The Trustee will mail to each such Agent Member the statement described above and will make available additional copies as requested by such Agent Member for forwarding to holders of interests in the Certificates.

Section 4.04. Investment of Special Payment Moneys. Any money received by the Trustee pursuant to Section 4.01(b) representing a Special Payment which is not distributed on the date received shall, to the extent practicable, be invested in Permitted Investments by the Trustee pending distribution of such Special Payment pursuant to Section 4.02. Any investment made pursuant to this Section 4.04 shall be in such Permitted Investments having maturities not later than the date that such moneys are required to be used to make the payment required under Section 4.02 on the applicable Special Distribution Date and the Trustee shall hold any such Permitted Investments until maturity. The Trustee shall have no liability with respect to any investment made pursuant to this Section 4.04, other than by reason of the willful misconduct or negligence of the Trustee. All income and earnings from such investments shall be distributed on such Special Distribution Date as part of such Special Payment.

## THE COMPANY

Section 5.01. Maintenance of Corporate Existence. The Company, at its own cost and expense, will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence, rights and franchises, except as otherwise specifically permitted in Section 5.02; provided, however, that the Company shall not be required to preserve any right or franchise if the Company shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company.

Section 5.02. Consolidation, Merger, etc. The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease substantially all of its assets as an entirety to any Person unless:

(a) the corporation formed by such consolidation or into which the Company is merged or the Person that acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall be (i) organized and validly existing under the laws of the United States of America or any state thereof or the District of Columbia, (ii) a "citizen of the United States" as defined in 49 U.S.C. 40102(a)(15), as amended, and (iii) a United States certificated air carrier, if and so long as such status is a condition of entitlement to the benefits of Section 1110 of the Bankruptcy Reform Act of 1978, as amended (11 U.S.C. (b) the corporation formed by such consolidation or into which the Company is merged or the Person which acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall execute and deliver to the Trustee a duly authorized, valid, binding and enforceable agreement in form and substance reasonably satisfactory to the Trustee containing an assumption by such successor corporation or Person of the due and punctual performance and observance of each covenant and condition of this Agreement, the Other Pass Through Trust Agreements and each Financing Document to be performed or observed by the Company; and

(c) the Company shall have delivered to the Trustee an Officer's Certificate of the Company and an Opinion of Counsel of the Company reasonably satisfactory to the Trustee, each stating

No such conveyance, transfer or lease of substantially all of the assets of the Company as an entirety shall have the effect of releasing any successor corporation or Person which shall have become such in the manner prescribed in this Section 5.02 from its liability in respect of this Agreement and any Financing Document to which it is a party.

Upon the occurrence and during the continuation of any Indenture Default under any Indenture, the Trustee may, to the extent it is the Controlling Party at such time (as determined pursuant to the Intercreditor Agreement), direct the exercise of remedies as provided in the Intercreditor Agreement.

###### (b) Purchase Rights of Certificateholders. At any time

after the occurrence and during the continuation of a Triggering Event, each Holder of a Certificate or a Class C-II Certificate (a "Class C Certificateholder") shall have the right (which shall not expire upon any purchase of the Class A Certificates pursuant to the Class B Trust Agreement) to purchase all, but not less than all, of the Class A Certificates and the Class B Certificates upon ten days' written notice to the Class A Trustee, the Class B Trustee and each other Class C Certificateholder, provided that (A) if prior to the end of such ten-day period any other Class C Certificateholder notifies such purchasing Class C Certificateholder that such other Class C

Certificateholder wants to participate in such purchase, then such other Class C Certificateholder may join with the purchasing Class C Certificateholder to purchase all, but not less than all, of the Class A Certificates and the Class B Certificates pro rata based on the Fractional Undivided Interest in the Trust and Class C-II Trust, taken as a whole, held by each such Class C Certificateholder and (B) if prior to the end of such ten-day period any other Class C Certificateholder fails to notify the purchasing Class C Certificateholder of such other Class C Certificateholder's desire to participate in such a purchase, then such other Class C Certificateholder shall lose its right to purchase the Class A Certificates and Class B Certificates pursuant to this Section 6.01(b).

No such purchase of Class A Certificates and Class B Certificates shall be effective unless the purchaser(s) shall certify to the Other Trustees of each such Class that contemporaneously with such purchase, such purchaser(s) is purchasing, pursuant to the terms of this Agreement and the Other Pass Through Trust Agreements, the Class A Certificates and the Class B Certificates. Each payment of the purchase price of the Certificates as determined in the Other Pass Through Trust Agreement for such Class shall be made to an account or accounts designated by the trustee under such Other Pass Through Trust Agreement and each such purchase shall be subject to the terms of this Section 6.01(b). The Class A Certificates and the Class B Certificates will be deemed to be purchased on the date payment of the purchase price is made notwithstanding the failure of the Certificateholders of either Class to deliver any Certificates of such Class (whether in the form of Definitive Certificates or beneficial interests in Global Certificates (as defined in the Other Pass Through Trust Agreement for such Class)) and, upon such a purchase, (i) the only rights of the Certificateholders of such Class will be to deliver the Class A Certificates or the Class B Certificates, as the case may be, to the purchaser(s) and receive the purchase price for such Certificates and (ii) if the purchaser(s) shall so request, such Certificateholder will comply with all the provisions of Section 3.04 of the Other Pass Through Trust Agreement for such Class to enable new Certificates of such Class to be issued to the purchaser in such denominations as it shall request. All charges and expenses in connection with the issuance of any such new Certificates shall be borne by the purchaser thereof.

As used in this Section 6.01(b), the terms "Class", "Class A Certificate", "Class A Trustee", "Class B Certificate", "Class B Trust Agreement", "Class B Trustee", "Class C-II Certificate" and "Class C-II Trust" shall have the respective meanings assigned to such terms in the Intercreditor Agreement.

Section 6.02. Incidents of Sale of Equipment Notes. Upon any sale of all or any part of the Equipment Notes made either under the power of sale given under this Agreement or otherwise for the enforcement of this Agreement, the following shall be applicable:

(1) Certificateholders and Trustee May Purchase Equipment Notes. Any Certificateholder, the Trustee in its individual or any other capacity or any other Person may bid for and purchase any of the Equipment Notes, and upon compliance with the terms of sale, may hold, retain, possess and dispose of such Equipment Notes in their own absolute right without further accountability.

(2) Receipt of Trustee Shall Discharge Purchaser. The receipt of the Trustee making such sale shall be a sufficient discharge to any purchaser for his purchase money, and, after paying such purchase money and receiving such receipt, such purchaser or its personal representative or assigns shall not be obliged to see to the application of such purchase money, or be in any way answerable for any loss, misapplication or non-application thereof.

(3) Application of Moneys Received upon Sale. Any moneys collected by the Trustee upon any sale made either under the power of sale given by this Agreement or otherwise for the enforcement of this Agreement shall be applied as provided in Section 4.02.

Section 6.03. Judicial Proceedings Instituted by Trustee; Trustee May Bring Suit. If there shall be a failure to make payment of the principal of, premium, if any, or interest on any Equipment Note, or if there shall be any failure to pay Rent (as defined in the relevant Lease) under any Lease when due and payable, then the Trustee, in its own name and as trustee of an express trust, as holder of such Equipment Notes, to the extent permitted by and in accordance with the terms of the Intercreditor Agreement and the Financing Documents (subject to the rights of the applicable Owner Trustee or Owner Participant

to cure any such failure to pay principal of, premium, if any, or interest on any Equipment Note or to pay Rent under any Lease in accordance with the applicable Indenture), shall be entitled and empowered to institute any suits, actions or proceedings at law, in equity or otherwise, for the collection of the sums so due and unpaid on such Equipment Notes or under such Lease and may prosecute any such claim or proceeding to judgment or final decree with respect to the whole amount of any such sums so due and unpaid.

Section 6.04. Control by Certificateholders. Subject to Section 6.03 and the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee with respect to the Trust or pursuant to the terms of the Intercreditor Agreement, or exercising any trust or power conferred on the Trustee under this Agreement or the Intercreditor Agreement, including any right of the Trustee as Controlling Party under the Intercreditor Agreement or as holder of the Equipment Notes, provided that

(1) such Direction shall not be in conflict with any rule of law or with this Agreement and would not involve the Trustee in personal liability or expense,

(2) the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Certificateholders not taking part in such Direction, and

(3) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such Direction.

Section 6.05. Waiver of Past Defaults. Subject to the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust (i) may on behalf of all of the Certificateholders waive any past Event of Default hereunder and its consequences or (ii) if the Trustee is the Controlling Party, may direct the Trustee to instruct the applicable Loan Trustee to waive any past Indenture Default under any Indenture and its consequences, and thereby annul any Direction given by such Certificateholders or the

Trustee to such Loan Trustee with respect thereto, except a default:

(1) in the deposit of any Scheduled Payment or Special Payment under Section 4.01 or in the distribution of any payment under Section 4.02 on the Certificates, or

(2) in the payment of the principal of (premium, if any) or interest on the Equipment Notes, or

(3) in respect of a covenant or provision hereof which under Article IX cannot be modified or amended without the consent of each Certificateholder holding an Outstanding Certificate affected thereby.

Upon any such waiver, such default shall cease to exist with respect to the Certificates and any Event of Default arising therefrom shall be deemed to have been cured for every purpose and any direction given by the Trustee on behalf of the Certificateholders to the relevant Loan Trustee shall be annulled with respect thereto; but no such waiver shall extend to any subsequent or other default or Event of Default or impair any right consequent thereon. Upon any such waiver, the Trustee shall vote the Equipment Notes issued under the relevant Indenture to waive the corresponding Indenture Default.

Section 6.06. Right of Certificateholders to Receive Payments Not to Be Impaired. Anything in this Agreement to the contrary notwithstanding, including, without limitation, Section 6.07 hereof, but subject to the Intercreditor Agreement, the right of any Certificateholder to receive distributions of payments required pursuant to Section 4.02 hereof on the Certificates when due, or to institute suit for the enforcement of any such payment on or after the applicable Regular Distribution Date or Special Distribution Date, shall not be impaired or affected without the consent of such Certificateholder.

Section 6.07. Certificateholders May Not Bring Suit Except Under Certain Conditions. A Certificateholder shall not have the right to institute any suit, action or proceeding at law or in equity or otherwise with respect to this Agreement, for the appointment of a receiver or for the enforcement of any other remedy under this Agreement, unless:

(1) such Certificateholder previously shall have given written notice to the Trustee of a continuing Event of Default;

(2) Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than 25% of the Trust shall have requested the Trustee in writing to institute such action, suit or proceeding and shall have offered to the Trustee indemnity as provided in Section 7.03(e);

(3) the Trustee shall have refused or neglected to institute such an action, suit or proceeding for 60 days after receipt of such notice, request and offer of indemnity; and

(4) no direction inconsistent with such written request shall have been given to the Trustee during such 60-day period by Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust.

It is understood and intended that no one or more of the Certificateholders shall have any right in any manner whatsoever hereunder or under the Certificates to (i) surrender, impair, waive, affect, disturb or prejudice any property in the Trust Property or the lien of any Indenture on any property subject thereto, or the rights of the Certificateholders or the holders of the Equipment Notes, (ii) obtain or seek to obtain priority over or preference with respect to any other such Certificateholder or (iii) enforce any right under this Agreement, except in the manner herein provided and for the equal, ratable and common benefit of all the Certificateholders subject to the provisions of this Agreement.

Section 6.08. Remedies Cumulative. Every remedy given hereunder to the Trustee or to any of the Certificateholders shall not be exclusive of any other remedy or remedies, and every such remedy shall be cumulative and in addition to every other remedy given hereunder or now or hereafter given by statute, law, equity or otherwise.

## ARTICLE VII

## THE TRUSTEE

## Section 7.01. Certain Duties and Responsibilities. (a)

Except during the continuance of an Event of Default, the Trustee undertakes to perform such duties as are specifically set forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Trustee.

## (b) In case an Event of Default has occurred and is

continuing, the Trustee shall exercise such of the rights and powers vested in it by this Agreement, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of its own affairs.

## (c) No provision of this Agreement shall be construed to

relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own wilful misconduct, except that

## (1) this Subsection shall not be construed to limit the

effect of Subsection (a) of this Section; and

## (2) the Trustee shall not be liable for any error of

judgment made in good faith by a Responsible Officer of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts.

## (d) Whether or not herein expressly so provided, every

provision of this Trust Agreement relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

## Section 7.02. Notice of Defaults. As promptly as

practicable after, and in any event within 90 days after, the occurrence of any default (as such term is defined below) hereunder, the Trustee shall transmit by mail to the Company, the Owner Trustees, the Owner Participants, the Loan Trustees and the Certificateholders in accordance with Section 313(c) of the Trust Indenture Act, notice of such default hereunder known to the Trustee, unless such default shall have been cured or waived; provided, however, that, except in the case of a default on the payment of the principal, premium, if any, or interest on any Equipment Note held in the Trust, the Trustee shall be protected in withholding such notice if and so long as the board of

directors, the executive committee or a trust committee of directors and/or Responsible Officers of the Trustee in good faith determine that the withholding of such notice is in the interests of the Certificateholders. For the purpose of this Section, the term "default" means any event that is, or after notice or lapse of time or both would become, an Event of Default.

Section 7.03. Certain Rights of Trustee. Subject to the provisions of Section 315 of the Trust Indenture Act:

(a) the Trustee may rely and shall be protected in acting or refraining from acting in reliance upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a written description of the subject matter thereof accompanied by an Officer's Certificate and an Opinion of Counsel as provided in Section 1.02 of this Agreement;

(c) whenever in the administration of this Agreement the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer's Certificate of the Company, any Owner Trustee or any Loan Trustee;

(d) the Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Agreement at the Direction of any of the Certificateholders pursuant to this Agreement, unless such Certificateholders shall have offered to the Trustee reasonable security or indemnity against the cost, expenses and liabilities which might be incurred by it in compliance with such Direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document;

(g) the Trustee may execute any of the trusts or powers under this Agreement or perform any duties under this Agreement either directly or by or through agents or attorneys, and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it under this Agreement;

(h) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Agreement; and

(i) the Trustee shall not be required to expend or risk its own funds in the performance of any of its duties under this Agreement, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk is not reasonably assured to it.

Section 7.04. Not Responsible for Recitals or Issuance of Certificates. The recitals contained herein and in the Certificates, except the certificates of authentication, shall not be taken as the statements of the Trustee, and the Trustee assumes no responsibility for their correctness. Subject to Section 7.15, the Trustee makes no representations as to the validity or sufficiency of this Agreement, any Equipment Notes, the Intercreditor Agreement, the Deposit Agreement, the Escrow Agreement, the Certificates or any other Financing Document, except that the Trustee hereby represents and warrants that this Agreement has been, and the Intercreditor Agreement, the Registration Rights Agreement, the Note Purchase Agreement, the Escrow Agreement and each Certificate will be, executed, authenticated and delivered by one of its officers who is duly

authorized to execute, authenticate and deliver such document on its behalf.

Section 7.05. May Hold Certificates. The Trustee, any Paying Agent, Registrar or any of their Affiliates or any other agent in their respective individual or any other capacity may become the owner or pledgee of Certificates and, subject to Sections 310(b) and 311 of the Trust Indenture Act, if applicable, may otherwise deal with the Company, the Owner Trustees or the Loan Trustees with the same rights it would have if it were not Trustee, Paying Agent, Registrar or such other agent.

Section 7.06. Money Held in Trust. Money held by the Trustee or the Paying Agent in trust hereunder need not be segregated from other funds except to the extent required herein or by law and neither the Trustee nor the Paying Agent shall have any liability for interest upon any such moneys except as provided for herein.

Section 7.07. Compensation and Reimbursement. The Company agrees:

(1) to pay, or cause to be paid, to the Trustee from time to time reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse, or cause to be reimbursed, the Trustee upon its request for all reasonable out-of-pocket expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Agreement (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its negligence, willful misconduct or bad faith or as may be incurred due to the Trustee's breach of its representations and warranties set forth in Section 7.15; and

(3) to indemnify, or cause to be indemnified, the Trustee for, and to hold it harmless against, any loss, liability or expense (other than for or with respect to any tax) incurred without negligence, willful misconduct or bad faith, on its part, arising out of or in connection with the

acceptance or administration of this Trust, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder, except for any such loss, liability or expense incurred by reason of the Trustee's breach of its representations and warranties set forth in Section 7.15; provided, however, that the foregoing paragraph (3) shall cease to have any further force or effect upon the execution and delivery by the Trustee of any Participation Agreement.

With respect to paragraph (3) above, the Trustee shall notify the Company promptly of any claim for which it may seek indemnity. The Company shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have separate counsel with the consent of the Company and the Company will pay the reasonable fees and expenses of such counsel. The Company need not pay for any settlement made, in settlement or otherwise, without its consent.

The Trustee shall be entitled to reimbursement from, and shall have a lien prior to the Certificates upon, the Trust Property for any tax incurred without negligence, bad faith or willful misconduct, on its part, arising out of or in connection with the acceptance or administration of such Trust (other than any tax attributable to the Trustee's compensation for serving as such), including any costs and expenses incurred in contesting the imposition of any such tax. If the Trustee reimburses itself from the Trust Property of such Trust for any such tax, it will mail a brief report within 30 days setting forth the circumstances thereof to all Certificateholders as their names and addresses appear in the Register.

Section 7.08. Corporate Trustee Required; Eligibility.

There shall at all times be a Trustee hereunder which shall be eligible to act as a trustee under Section 310(a) of the Trust Indenture Act and shall have a combined capital and surplus of at least \$75,000,000 (or a combined capital and surplus in excess of \$5,000,000 and the obligations of which, whether now in existence or hereafter incurred, are fully and unconditionally guaranteed by a corporation organized and doing business under the laws of the United States, any state or territory thereof or of the District of Columbia and having a combined capital and surplus of at least \$75,000,000). If such corporation publishes reports of conditions at least annually, pursuant to law or to the

requirements of federal, state, territorial or District of Columbia supervising or examining authority, then for the purposes of this Section 7.08, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of conditions so published.

In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 7.08 to act as Trustee, the Trustee shall resign immediately as Trustee in the manner and with the effect specified in Section 7.09.

Section 7.09. Resignation and Removal; Appointment of Successor. (a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee under Section 7.10.

(b) The Trustee may resign at any time as trustee by giving prior written notice thereof to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Company, the Authorized Agents, the Owner Trustees, the Loan Trustees and the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

(c) The Trustee may be removed at any time by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Trustee and to the Company, the Owner Trustees and the Loan Trustees.

(d) If at any time:

(1) the Trustee shall fail to comply with Section 310 of the Trust Indenture Act, if applicable, after written request therefor by the Company or by any Certificateholder who has been a bona fide Certificateholder for at least six months; or

(2) the Trustee shall cease to be eligible under Section 7.08 and shall fail to resign after written request therefor by the Company or by any such Certificateholder; or

(3) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any case, (i) the Company may, with the consent of the Owner Participants, which consent may not be unreasonably withheld, remove the Trustee or (ii) any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) If a Responsible Officer of the Trustee shall obtain actual knowledge of an Avoidable Tax which has been or is likely to be asserted, the Trustee shall promptly notify the Company and shall, within 30 days of such notification, resign hereunder unless within such 30-day period the Trustee shall have received notice that the Company has agreed to pay such tax. The Company shall promptly appoint a successor Trustee in a jurisdiction where there are no Avoidable Taxes.

(f) If the Trustee shall resign, be removed or become incapable of acting or if a vacancy shall occur in the office of the Trustee for any cause, the Company shall promptly appoint a successor Trustee. If, within one year after such resignation, removal or incapability, or other occurrence of such vacancy, a successor Trustee shall be appointed by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Company, the Owner Trustees, the Loan Trustees and the retiring Trustee, and the Company approves such appointment, which approval shall not be unreasonably withheld, then the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed as provided above. If no successor Trustee shall have been so appointed as provided above and accepted appointment in the manner hereinafter provided, any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

(g) The successor Trustee shall give notice of the resignation and removal of the Trustee and appointment of the successor Trustee by mailing written notice of such event by first-class mail, postage prepaid, to the Certificateholders as their names and addresses appear in the Register. Each notice shall include the name of such successor Trustee and the address of its Corporate Trust Office.

Section 7.10. Acceptance of Appointment by Successor. Every successor Trustee appointed hereunder shall execute and deliver to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on request of the Company or the successor Trustee, such retiring Trustee shall execute and deliver an instrument transferring to such successor Trustee all such rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all Trust Property held by such retiring Trustee hereunder, subject nevertheless to its lien, if any, provided for in Section 7.07. Upon request of any such successor Trustee, the Company, the retiring Trustee and such successor Trustee shall execute and deliver any and all instruments containing such provisions as shall be necessary or desirable to transfer and confirm to, and for more fully and certainly vesting in, such successor Trustee all such rights, powers and trusts.

No institution shall accept its appointment as a Trustee hereunder unless at the time of such acceptance such institution shall be qualified and eligible under this Article VII.

Section 7.11. Merger, Conversion, Consolidation or Succession to Business. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article VII, without the execution or filing of any paper or any further act on the

part of any of the parties hereto. In case any Certificates shall have been executed or authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such execution or authentication and deliver the Certificates so executed or authenticated with the same effect as if such successor Trustee had itself executed or authenticated such Certificates.

Section 7.12. Maintenance of Agencies. (a) There shall at all times be maintained an office or agency in the location set forth in Section 12.03 where Certificates may be presented or surrendered for registration of transfer or for exchange, and for payment thereof and where notices and demands to or upon the Trustee in respect of such certificates or this Agreement may be served; provided, however, that, if it shall be necessary that the Trustee maintain an office or agency in another location (e.g., the Certificates shall be represented by Definitive Certificates and shall be listed on a national securities exchange), the Trustee will make all reasonable efforts to establish such an office or agency. Written notice of the location of each such other office or agency and of any change of location thereof shall be given by the Trustee to the Company, the Owner Trustees, the Loan Trustees (in the case of any Owner Trustee or Loan Trustee, at its address specified in the Financing Documents or such other address as may be notified to the Trustee) and the Certificateholders. In the event that no such office or agency shall be maintained or no such notice of location or of change of location shall be given, presentations and demands may be made and notices may be served at the Corporate Trust Office of the Trustee.

(b) There shall at all times be a Registrar and a Paying Agent hereunder with respect to the Certificates. Each such Authorized Agent shall be a bank or trust company, shall be a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, or, if the Trustee shall be acting as the Registrar or Paying Agent hereunder, a corporation having a combined capital and surplus in excess of \$5,000,000, the obligations of which are guaranteed by a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, and shall be authorized under such laws to exercise corporate trust powers, subject to supervision by Federal or

state authorities. The Trustee shall initially be the Paying Agent and, as provided in Section 3.04, Registrar hereunder with respect to the Certificates. Each Registrar shall furnish to the Trustee, at stated intervals of not more than six months, and at such other times as the Trustee may request in writing, a copy of the Register maintained by such Registrar.

(c) Any corporation into which any Authorized Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, consolidation or conversion to which any Authorized Agent shall be a party, or any corporation succeeding to the corporate trust business of any Authorized Agent, shall be the successor of such Authorized Agent hereunder, if such successor corporation is otherwise eligible under this Section, without the execution or filing of any paper or any further act on the part of the parties hereto or such Authorized Agent or such successor corporation.

(d) Any Authorized Agent may at any time resign by giving written notice of resignation to the Trustee, the Company, the Owner Trustees and the Loan Trustees. The Company may, and at the request of the Trustee shall, at any time terminate the agency of any Authorized Agent by giving written notice of termination to such Authorized Agent and to the Trustee. Upon the resignation or termination of an Authorized Agent or in case at any time any such Authorized Agent shall cease to be eligible under this Section (when, in either case, no other Authorized Agent performing the functions of such Authorized Agent shall have been appointed), the Company shall promptly appoint one or more qualified successor Authorized Agents, reasonably satisfactory to the Trustee, to perform the functions of the Authorized Agent which has resigned or whose agency has been terminated or who shall have ceased to be eligible under this Section. The Company shall give written notice of any such appointment made by it to the Trustee, the Owner Trustees and the Loan Trustees; and in each case the Trustee shall mail notice of such appointment to all Certificateholders as their names and addresses appear on the Register.

(e) The Company agrees to pay, or cause to be paid, from time to time to each Authorized Agent reasonable compensation for its services and to reimburse it for its reasonable expenses.

Section 7.13. Money for Certificate Payments to Be Held in Trust. All moneys deposited with any Paying Agent for the purpose of any payment on Certificates shall be deposited and held in trust for the benefit of the Certificateholders entitled to such payment, subject to the provisions of this Section. Moneys so deposited and held in trust shall constitute a separate trust fund for the benefit of the Certificateholders with respect to which such money was deposited.

The Trustee may at any time, for the purpose of obtaining the satisfaction and discharge of this Agreement or for any other purpose, direct any Paying Agent to pay to the Trustee all sums held in trust by such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Section 7.14. Registration of Equipment Notes in Name of Subordination Agent. The Trustee agrees that all Equipment Notes to be purchased by the Trust shall be issued in the name of the Subordination Agent or its nominee and held by the Subordination Agent in trust for the benefit of the Certificateholders, or, if not so held, the Subordination Agent or its nominee shall be reflected as the owner of such Equipment Notes in the register of the issuer of such Equipment Notes.

Section 7.15. Representations and Warranties of Trustee. The Trustee hereby represents and warrants that:

(a) the Trustee is a Delaware banking corporation organized and validly existing in good standing under the laws of the State of Delaware;

(b) the Trustee has full power, authority and legal right to execute, deliver, and perform this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party and has taken all necessary action to authorize the execution, delivery, and performance by it of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party;

(c) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party (i) will not violate any provision of United States federal law or the law of the state of the United States where it is located governing the banking and trust powers of the Trustee or any order, writ, judgment, or decree of any court, arbitrator or governmental authority applicable to the Trustee or any of its assets, (ii) will not violate any provision of the articles of association or by-laws of the Trustee, or (iii) will not violate any provision of, or constitute, with or without notice or lapse of time, a default under, or result in the creation or imposition of any lien on any properties included in the Trust Property pursuant to the provisions of any mortgage, indenture, contract, agreement or other undertaking to which it is a party, which violation, default or lien could reasonably be expected to have an adverse effect on the Trustee's performance or ability to perform its duties hereunder or thereunder or on the transactions contemplated herein or therein;

(d) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party will not require the authorization, consent, or approval of, the giving of notice to, the filing or registration with, or the taking of any other action in respect of, any governmental authority or agency of the United States or the state of the United States where it is located regulating the banking and corporate trust activities of the Trustee; and

(e) this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party have been duly executed and delivered by the Trustee and constitute the legal, valid, and binding agreements of the Trustee, enforceable against it in accordance with their respective terms, provided that enforceability may be limited by (i) applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and (ii) general principles of equity.

Section 7.16. Withholding Taxes, Information Reporting.  
The Trustee, as trustee of the grantor trust created

by this Agreement, shall exclude and withhold from each distribution of principal, premium, if any, and interest and other amounts due under this Agreement or under the Certificates any and all withholding taxes applicable thereto as required by law. In addition, the Trustee shall remit such amounts as would be required by section 1446 of the Internal Revenue Code of 1986, as amended, if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes and shall withhold such amounts from amounts distributable to or for the benefit of Certificateholders or Investors that are not United States persons within the meaning of section 7701(a)(30) of the Internal Revenue Code of 1986, as amended. In this regard, the Trustee shall cause the appropriate withholding agent to withhold with respect to such distributions in the manner contemplated by Section 10.04 of Revenue Procedure 89-31 and Treasury Regulation 1.1445-8(b)(3) by filing a notice with the National Association of Securities Dealers, Inc. substantially in the form of Exhibit E hereto on or before the date 10 days prior to the Record Date. The Trustee shall mail such notice to the National Association of Securities Dealers no later than the date than 15 days prior to the Record Date. Investors that are not United States Persons agree to furnish a United States taxpayer identification number ("TIN") to the Trustee and the Trustee shall provide such TINs to the appropriate withholding agent. The Trustee agrees to act as such withholding agent (except to the extent contemplated above with respect to withholding amounts as if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes) and, in connection therewith, whenever any present or future taxes or similar charges are required to be withheld with respect to any amounts payable in respect of the Certificates, to withhold such amounts and timely pay the same to the appropriate authority in the name of and on behalf of the Certificateholders, that it will file any necessary withholding tax returns or statements when due, and that, as promptly as possible after the payment thereof, it will deliver to each such Certificateholder appropriate documentation showing the payment thereof, together with such additional documentary evidence as such Certificateholders may reasonably request from time to time. The Trustee agrees to file any other information reports as it may be required to file under United States law. Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold

harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit, other than an improper failure attributable to the gross negligence or willful misconduct of the Trustee.

Section 7.17. Trustee's Liens. The Trustee in its individual capacity agrees that it will at its own cost and expense promptly take any action as may be necessary to duly discharge and satisfy in full any mortgage, pledge, lien, charge, encumbrance, security interest or claim ("Trustee's Liens") on or with respect to the Trust Property which is attributable to the Trustee either (i) in its individual capacity and which is unrelated to the transactions contemplated by this Agreement, the Intercreditor Agreement, the Note Purchase Agreement or the Financing Documents, or (ii) as Trustee hereunder or in its individual capacity and which arises out of acts or omissions which are not contemplated by this Agreement.

Section 7.18. Preferential Collection of Claims. The Trustee shall comply with Section 311(a) of the Trust Indenture Act, excluding any creditor relationship listed in Section 311(b) of the Trust Indenture Act. If the Trustee shall resign or be removed as Trustee, it shall be subject to Section 311(a) of the Trust Indenture Act to the extent provided therein.

##### SUPPLEMENTAL AGREEMENTS

Section 9.01. Supplemental Agreements Without Consent of Certificateholders. Without the consent of the Certificateholders, the Company may (but will not be required to), and the Trustee (subject to Section 9.03) shall, at the Company's request, at any time and from time to time, enter into one or more agreements supplemental hereto or, if applicable, to the Intercreditor Agreement, the Escrow Agreement, the Note Purchase Agreement, the Deposit Agreement, the Registration

Rights Agreement or any Liquidity Facility in form satisfactory to the Trustee, for any of the following purposes:

(1) to evidence the succession of another corporation to the Company and the assumption by any such successor of the covenants of the Company herein contained or of the Company's obligations under the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility; or

(2) to add to the covenants of the Company for the benefit of the Certificateholders, or to surrender any right or power conferred upon the Company in this Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility; or

(3) to correct or supplement any provision in this Agreement, the Intercreditor Agreement, the Escrow Agreement, the Deposit Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility which may be defective or inconsistent with any other provision herein or therein or to cure any ambiguity or correct any mistake or to modify any other provision with respect to matters or questions arising under this Agreement, the Escrow Agreement, the Deposit Agreement, the Note Purchase Agreement, the Intercreditor Agreement, the Registration Rights Agreement or any Liquidity Facility, provided that any such action shall not materially adversely affect the interests of the Certificateholders; or

(5) to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to continue the qualification of this Agreement (including any supplemental agreement) under the Trust Indenture Act or under any similar Federal statute hereafter enacted, and to add to this Agreement such other provisions as may be expressly permitted by the Trust Indenture Act, excluding, however, the provisions referred to in Section 316(a)(2) of the Trust Indenture Act as in effect at the date as of which

this instrument was executed or any corresponding provision in any similar Federal statute hereafter enacted; or

(6) to evidence and provide for the acceptance of appointment under this Agreement by the Trustee of a successor Trustee and to add to or change any of the provisions of this Agreement as shall be necessary to provide for or facilitate the administration of the Trust, pursuant to the requirements of Section 7.10; or

(8) to modify or eliminate provisions relating to the transfer or exchange of Exchange Certificates or the Initial Certificates upon consummation of the Exchange Offer (as defined in the Registration Rights Agreement) or effectiveness of the Shelf Registration Statement or the Exchange Offer Registration Statement;

provided, however, that no such supplemental agreement shall adversely affect the status of any Trust as a grantor trust under Subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended, for U.S. federal income tax purposes.

Section 9.02. Supplemental Agreements with Consent of Certificateholders. With the consent of the Certificateholders holding Certificates (including consents obtained in connection with a tender offer or exchange offer for the Certificates) evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust, by Direction of said Certificateholders delivered to the Company and the Trustee, the Company may (with the consent of the Owner Trustees, if any, which consent shall not be unreasonably withheld), and the Trustee (subject to Section 9.03) shall, enter into an agreement or agreements for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Agreement, the Intercreditor Agreement, any Liquidity Facility, the Registration Rights

(1) reduce in any manner the amount of, or delay the timing of, any receipt by the Trustee (or, with respect to the Deposits, the Certificateholders) of payments on the Equipment Notes held in the Trust or on the Deposits or distributions that are required to be made herein on any Certificate, or change any date of payment on any Certificate, or change the place of payment where, or the coin or currency in which, any Certificate is payable, or impair the right to institute suit for the enforcement of any such payment or distribution on or after the Regular Distribution Date or Special Distribution Date applicable thereto; or

(2) permit the disposition of any Equipment Note included in the Trust Property except as permitted by this Agreement, or otherwise deprive such Certificateholder of the benefit of the ownership of the Equipment Notes in the Trust; or

(3) reduce the specified percentage of the aggregate Fractional Undivided Interests of the Trust which is required for any such supplemental agreement, or reduce such specified percentage required for any waiver of compliance with certain provisions of this Agreement or certain defaults hereunder and their consequences provided for in this Agreement; or

(4) waive, amend or modify Section 2.4, 3.2 or 3.3 of the Intercreditor Agreement in a manner adverse to the Certificateholders; or

(5) modify any of the provisions of this Section 9.02 or Section 6.05, except to increase any such percentage or to provide that certain other provisions of this Agreement cannot be modified or waived without the consent of the Certificateholder of each Certificate affected thereby; or

(6) adversely affect the status of any Trust as a grantor trust under Subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended, for U.S. federal income tax purposes.

It shall not be necessary for any Direction of Certificateholders under this Section to approve the particular form of any proposed supplemental agreement, but it shall be sufficient if such Direction shall approve the substance thereof.

Section 9.03. Documents Affecting Immunity or Indemnity. If in the opinion of the Trustee any document required to be executed by it pursuant to the terms of Section 9.01 or 9.02 affects any interest, right, duty, immunity or indemnity in favor of the Trustee under this Agreement, the Trustee may in its discretion decline to execute such document.

Section 9.04. Execution of Supplemental Agreements. In executing, or accepting the additional trusts created by, any agreement permitted by this Article or the modifications thereby of the trusts created by this Agreement, the Trustee shall be entitled to receive, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental agreement is authorized or permitted by this Agreement.

Section 9.05. Effect of Supplemental Agreements. Upon the execution of any agreement supplemental to this Agreement under this Article, this Agreement shall be modified in accordance therewith, and such supplemental agreement shall form a part of this Agreement for all purposes; and every Holder of a Certificate theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

Section 9.06. Conformity with Trust Indenture Act. Every supplemental agreement executed pursuant to this Article shall conform to the requirements of the Trust Indenture Act as then in effect.

Section 9.07. Reference in Certificates to Supplemental Agreements. Certificates authenticated and delivered after the execution of any supplemental agreement pursuant to this Article may bear a notation in form approved by the Trustee as to any matter provided for in such supplemental agreement; and, in such case, suitable notation may be made upon Outstanding Certificates after proper presentation and demand.

## AMENDMENTS TO INDENTURES AND FINANCING DOCUMENTS

Section 10.01. Amendments and Supplements to Indentures and Financing Documents. In the event that the Trustee, as holder (or beneficial owner through the Subordination Agent) of any Equipment Note in trust for the benefit of the Certificateholders or as Controlling Party under the Intercreditor Agreement, receives (directly or indirectly through the Subordination Agent) a request for a consent to any amendment, modification, waiver or supplement under any Indenture, any other Financing Document, any Equipment Note or any other related document, the Trustee shall forthwith send a notice of such proposed amendment, modification, waiver or supplement to each Certificateholder registered on the Register as of the date of such notice. The Trustee shall request from the Certificateholders a Direction as to (a) whether or not to take or refrain from taking (or direct the Subordination Agent to take or refrain from taking) any action which a holder of such Equipment Note has the option to direct, (b) whether or not to give or execute (or direct the Subordination Agent to give or execute) any waivers, consents, amendments, modifications or supplements as a holder of such Equipment Note or a Controlling Party and (c) how to vote (or direct the Subordination Agent to vote) any Equipment Note if a vote has been called for with respect thereto. Provided such a request for Certificateholder Direction shall have been made, in directing any action or casting any vote or giving any consent as the holder of any Equipment Note (or in directing the Subordination Agent in any of the foregoing), (i) other than as Controlling Party, the Trustee shall vote for or give consent to any such action with respect to such Equipment Note in the same proportion as that of (A) the aggregate face amounts of all Certificates actually voted in favor of or for giving consent to such action by such Direction of Certificateholders to (B) the aggregate face amount of all Outstanding Certificates and (ii) as Controlling Party, the Trustee shall vote as directed in such Certificateholder Direction by the Certificateholders evidencing a Fractional Undivided Interest aggregating not less than a majority in interest in the Trust. For purposes of the immediately preceding sentence, a Certificate shall have been "actually voted" if the Holder of such Certificate has delivered to the Trustee an instrument evidencing such Holder's consent to such Direction prior to two Business Days before the Trustee directs such action

or casts such vote or gives such consent. Notwithstanding the foregoing, but subject to Section 6.04 and the Intercreditor Agreement, the Trustee may, in its own discretion and at its own direction, consent and notify the relevant Loan Trustee of such consent (or direct the Subordination Agent to consent and notify the Loan Trustee of such consent) to any amendment, modification, waiver or supplement under the relevant Indenture, any other Financing Document, any Equipment Note or any other related document, if an Event of Default hereunder shall have occurred and be continuing, or if such amendment, modification, waiver or supplement will not materially adversely affect the interests of the Certificateholders.

#### ARTICLE XI

##### TERMINATION OF TRUST

Section 11.01. Termination of the Trust. The respective obligations and responsibilities of the Company and the Trustee with respect to the Trust shall terminate upon the earlier of (A) the completion of the assignment, transfer and discharge described in the first sentence of the immediately following paragraph and (B) distribution to all Holders of Certificates and the Trustee of all amounts required to be distributed to them pursuant to this Agreement and the disposition of all property held as part of the Trust Property; provided, however, that in no event shall the Trust continue beyond one hundred ten (110) years following the date of the earliest execution of this Trust Agreement.

Upon the earlier of (i) the first Business Day following March 31, 1998, or, if later, the fifth Business Day following the Delivery Period Termination Date and (ii) the fifth Business Day following the date on which a Triggering Event occurs (such date, the "Transfer Date"), or, if later, the date on which all of the conditions set forth in the immediately following sentence have been satisfied, the Trustee is hereby directed (subject only to the immediately following sentence) to, and the Company shall direct the institution that will serve as the Related Trustee under the Related Pass Through Trust Agreement to, execute and deliver the Assignment and Assumption Agreement, pursuant to which the Trustee shall assign, transfer and deliver all of the Trustee's right, title and interest to the Trust Property to the Related Trustee under the Related Pass Through Trust Agreement. The Trustee and the Related Trustee

shall execute and deliver the Assignment and Assumption Agreement upon the satisfaction of the following conditions:

- (i) The Trustee, the Related Trustee and each of the Rating Agencies then rating the Certificates shall have received an Officer's Certificate and an Opinion of Counsel dated the date of the Assignment and Assumption Agreement and each satisfying the requirements of Section 1.02, which Opinion of Counsel shall be substantially to the effect set forth below and may be relied upon by the Beneficiaries (as defined in the Assignment and Assumption Agreement):
- (a) upon the execution and delivery thereof by the parties thereto in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, the Assignment and Assumption Agreement will constitute the valid and binding obligation of each of the parties thereto enforceable against each such party in accordance with its terms;
  - (b) upon the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, each of the Certificates then Outstanding is entitled to the benefits of the Related Pass Through Trust Agreement;
  - (c) the Related Trust is not required to be registered as an investment company under the Investment Company Act of 1940, as amended;
  - (d) the Related Pass Through Trust Agreement constitutes the valid and binding obligation of the Company enforceable against the Company in accordance with its terms; and
  - (e) neither the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, nor the consummation by the Parties thereto of the transactions contemplated to be consummated thereunder on the date thereof, violate any law or governmental rule or regulation of the State of New York or the United States of America known to such counsel to

be applicable to the transactions contemplated by the Assignment and Assumption Agreement.

(ii) The Trustee and the Company shall have received (x) a copy of the articles of incorporation and bylaws of the Related Trustee certified as of the Transfer Date by the Secretary or Assistant Secretary of such institution and (y) a copy of the filing (including all attachments thereto) made by the institution serving as the Related Trustee with the Office of the Superintendent, State of New York Banking Department for the qualification of the Related Trustee under section 131(3) of the New York Banking Law.

Upon the execution of the Assignment and Assumption Agreement by the parties thereto, the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, and the Outstanding Certificates representing Fractional Undivided Interests in the Trust shall be deemed for all purposes of this Agreement and the Related Pass Through Trust Agreement, without further signature or action of any party or Certificateholder, to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. By acceptance of its Certificate, each Certificateholder consents to such assignment, transfer and delivery of the Trust Property to the trustee of the Related Trust upon the execution and delivery of the Assignment and Assumption Agreement.

In connection with the occurrence of the event set forth in clause (B) above, notice of such termination, specifying the Distribution Date upon which the Certificateholders may surrender their Certificates to the Trustee for payment of the final distribution and cancellation, shall be mailed promptly by the Trustee to Certificateholders not earlier than the 60th day and not later than the 20th day next preceding such final Distribution Date specifying (A) the Distribution Date upon which the proposed final payment of the Certificates will be made upon presentation and surrender of Certificates at the office or agency of the Trustee therein specified, (B) the amount of any such proposed final payment, and (C) that the Record Date otherwise applicable to such Distribution Date is not applicable, payments being made only upon presentation and surrender of the Certificates at the office or agency of the Trustee therein specified. The Trustee shall give such notice to the Registrar

at the time such notice is given to Certificateholders. Upon presentation and surrender of the Certificates in accordance with such notice, the Trustee shall cause to be distributed to Certificateholders such final payments.

In the event that all of the Certificateholders shall not surrender their Certificates for cancellation within six months after the date specified in the above-mentioned written notice, the Trustee shall give a second written notice to the remaining Certificateholders to surrender their Certificates for cancellation and receive the final distribution with respect thereto. No additional interest shall accrue on the Certificates after the Distribution Date specified in the first written notice. In the event that any money held by the Trustee for the payment of distributions on the Certificates shall remain unclaimed for two years (or such lesser time as the Trustee shall be satisfied, after sixty days' notice from the Company, is one month prior to the escheat period provided under applicable law) after the final distribution date with respect thereto, the Trustee shall pay to each Loan Trustee the appropriate amount of money relating to such Loan Trustee and shall give written notice thereof to the related Owner Trustees, the Owner Participants and the Company.

\$ \_\_\_\_\_ Fractional Undivided Interest representing  
 . \_\_\_\_\_ % of the Trust per \$1,000 face amount

THIS CERTIFIES THAT \_\_\_\_\_, for value received, is the registered owner of a \$ \_\_\_\_\_ ( \_\_\_\_\_ dollars) Fractional Undivided Interest in the Continental Airlines Pass Through Trust, Series 1997-1C-I-0 (the "Trust") created pursuant to a Pass Through Trust Agreement, dated as of March 21, 1997 (the "Agreement"), between Wilmington Trust Company (the "Trustee") and Continental Airlines, Inc., a corporation incorporated under Delaware law (the "Company"), a summary of certain of the pertinent provisions of which is set forth below. To the extent not otherwise defined herein, the capitalized terms used herein have the meanings assigned to them in the Agreement. This Certificate is one of the duly authorized Certificates designated as "7.420% Continental Airlines [Initial] [Exchange] Pass Through Certificates, Series 1997-1C-I-0" (herein called the "Certificates"). This Certificate is issued under and is subject to the terms, provisions, and conditions of the Agreement. By virtue of its acceptance hereof the Certificateholder of this Certificate assents to and agrees to be bound by the provisions of the Agreement and the Intercreditor Agreement. The property of the Trust includes an interest in certain Equipment Notes and all rights of the Trust to receive payments under the Intercreditor Agreement and any Liquidity Facility (the "Trust Property"). Each issue of the Equipment Notes is secured by, among other things, a security interest in the Aircraft leased to or owned by the Company.

- - - - -  
 (3) To be included on the face of each Global Certificate.

The Certificates represent fractional undivided interests in the Trust and the Trust Property, and have no rights, benefits or interest in respect of any assets or property other than the Trust Property.

Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, from and to the extent of funds then available to the Trustee, there will be distributed on each April 1 and October 1 (a "Regular Distribution Date"), commencing on October 1, 1997, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Regular Distribution Date, an amount in respect of the Scheduled Payments due on such Regular Distribution Date on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Scheduled Payments. Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, in the event that Special Payments on the Equipment Notes are received by the Trustee, from funds then available to the Trustee, there shall be distributed on the applicable Special Distribution Date, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Special Distribution Date, an amount in respect of such Special Payments on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Special Payments so received. If a Regular Distribution Date or Special Distribution Date is not a Business Day, distribution shall be made on the immediately following Business Day with the same force and effect as if made on such Regular Distribution Date or Special Distribution Date and no interest shall accrue during the intervening period. The Trustee shall mail notice of each Special Payment and the Special Distribution Date therefor to the Certificateholder of this Certificate.

The Certificates do not represent a direct obligation of, or an obligation guaranteed by, or an interest in, the Company or the Trustee or any of their affiliates. The Certificates are limited in right or payment, all as more specifically set forth on the face hereof and in the Agreement. All payments or distributions made to Certificateholders under the Agreement shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or

proceeds from the Trust Property to make such payments in accordance with the terms of the Agreement. Each Certificateholder of this Certificate, by its acceptance hereof, agrees that it will look solely to the income and proceeds from the Trust Property to the extent available for distribution to such Certificateholder as provided in the Agreement. This Certificate does not purport to summarize the Agreement and reference is made to the Agreement for information with respect to the interests, rights, benefits, obligations, proceeds, and duties evidenced hereby. A copy of the Agreement may be examined during normal business hours at the principal office of the Trustee, and at such other places, if any, designated by the Trustee, by any Certificateholder upon request.

The Agreement permits, with certain exceptions therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Certificateholders under the Agreement at any time by the Company and the Trustee with the consent of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust. Any such consent by the Certificateholder of this Certificate shall be conclusive and binding on such Certificateholder and upon all future Certificateholders of this Certificate and of any Certificate issued upon the transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent is made upon this Certificate. The Agreement also permits the amendment thereof, in certain limited circumstances, without the consent of the Certificateholders of any of the Certificates.

As provided in the Agreement and subject to certain limitations therein set forth, the transfer of this Certificate is registrable in the Register upon surrender of this Certificate for registration of transfer at the offices or agencies maintained by the Trustee in its capacity as Registrar, or by any successor Registrar, in the Borough of Manhattan, the City of New York, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Trustee and the Registrar duly executed by the Certificateholder hereof or such Certificateholder's attorney duly authorized in writing, and thereupon one or more new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust will be issued to the designated transferee or transferees.

[The Holder of this Certificate is entitled to the benefits of the Exchange and Registration Rights Agreement, dated as of March 21, 1997, among the Company, the Trustee and the Initial Purchasers named therein (the "Registration Rights Agreement"). In the event that no Registration Event has occurred on or prior to the 210th day after the date of the issuance of the Certificates, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50%, from and including the 210th day after the Issuance Date to but excluding (i) the earlier of the date on which a Registration Event occurs and (ii) the date on which there cease to be any Registrable Certificates (as defined in the Registration Rights Agreement). In the event that the Shelf Registration Statement ceases to be effective at any time during the period specified by Section 2(b)(B) of the Registration Rights Agreement for more than 60 days, whether or not consecutive, during any 12-month period, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50% from the 61st day of the applicable 12-month period such Shelf Registration Statement ceases to be effective until such time as the Shelf Registration Statement again becomes effective ( or, if earlier, the end of the period specified by Section 2(b)(B) of the Registration Rights Agreement).](4)

Except as otherwise provided in the Agreement and notwithstanding the above, the final distribution on this Certificate will be made after notice mailed by the Trustee of the pendency of such distribution and only upon presentation and surrender of this Certificate at the office or agency of the Trustee specified in such notice.

Under certain circumstances set forth in Section 11.01 of the Agreement, all of the Trustee's right, title and interest to the Trust Property may be assigned, transferred and delivered to the Related Trustee of the Related Trust pursuant to the Assignment and Assumption Agreement. Upon the effectiveness of such Assignment and Assumption Agreement (the "Transfer"), the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, the Certificates representing Fractional

Undivided Interests in the Trust shall be deemed for all purposes of the Agreement and the Related Pass Through Trust Agreement to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. Each Certificateholder, by its acceptance of this Certificate or a beneficial interest herein, agrees to be bound by the Assignment and Assumption Agreement and subject to the terms of the Related Pass Through Trust Agreement as a certificateholder thereunder. From and after the Transfer, unless and to the extent the context otherwise requires, references herein to the Trust, the Agreement and the Trustee shall constitute references to the Related Trust, the Related Pass Through Trust Agreement and trustee of the Related Trust, respectively.

The Certificates are issuable only as registered Certificates without coupons in minimum denominations of [\$100,000]<sup>1</sup> [\$1,000]<sup>2</sup> Fractional Undivided Interest and integral multiples of \$1,000 in excess thereof except that one Certificate may be in a different denomination. As provided in the Agreement and subject to certain limitations therein set forth, the Certificates are exchangeable for new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust, as requested by the Certificateholder surrendering the same.

No service charge will be made for any such registration of transfer or exchange, but the Trustee shall require payment by the Holder of a sum sufficient to cover any tax or governmental charge payable in connection therewith. Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit. Each Certificateholder and Investor, by its acceptance of this Certificate or a beneficial interest herein, agrees to treat the Trust as a grantor trust for all U.S. federal, state and local income tax purposes.

The Trustee, the Registrar, and any agent of the Trustee or the Registrar may treat the person in whose name this Certificate is registered as the owner hereof for all purposes, and neither the Trustee, the Registrar, nor any such agent shall be affected by any notice to the contrary.

The obligations and responsibilities created by the Agreement and the Trust created thereby shall terminate upon the distribution to Certificateholders of all amounts required to be distributed to them pursuant to the Agreement and the disposition of all property held as part of the Trust Property.

UNTIL THE TRANSFER, THE AGREEMENT AND THIS CERTIFICATE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE AND THE OBLIGATIONS, RIGHTS AND REMEDIES OF THE PARTIES HEREUNDER SHALL BE DETERMINED IN ACCORDANCE WITH SUCH LAWS. Unless the certificate of authentication hereon has been executed by the Trustee, by manual signature, this Certificate shall not be entitled to any benefit under the Agreement or be valid for any purpose.

(iii) this Agreement constitutes the legal, valid and binding obligations of it enforceable against it in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity, whether considered in a proceeding at law or in equity.

7. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK INCLUDING MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE, WITHOUT GIVING EFFECT TO PRINCIPLES OF CONFLICTS OF LAWS.

8. Counterparts. This Agreement may be executed in any number of counterparts, all of which together shall constitute a single instrument. It shall not be necessary that any counterpart be signed by both parties so long as each party shall sign at least one counterpart.

Upon request of the Company and the satisfaction or waiver of the closing conditions specified in the Certificate Purchase Agreement, the Trustee shall execute, deliver, authenticate, issue and sell Certificates in authorized denominations equalling in the aggregate the amount set forth, with respect to the Trust, in Schedule II to the Certificate Purchase Agreement evidencing the entire ownership interest in the Trust, which amount equals the maximum aggregate principal amount of Equipment Notes which

may be purchased by the Trustee pursuant to the Note Purchase Agreement. Except as provided in Sections 3.04, 3.05, 3.06, 3.07 and 3.10 hereof, the Trustee shall not execute, authenticate or deliver Certificates in excess of the aggregate amount specified in this paragraph.

(b) On or after the Issuance Date, the Company may deliver from time to time to the Trustee a Delivery Notice relating to one or more Equipment Notes. After receipt of a Delivery Notice and in any case no later than one Business Day prior to a Delivery Date as to which such Delivery Notice relates (the "Applicable Delivery Date") (or, if the Issuance Date is an Applicable Delivery Date, on the Issuance Date), the Trustee shall (as and when specified in the Delivery Notice) instruct the Escrow Agent to provide a Notice of Purchase Withdrawal to the Depository requesting (A) the withdrawal of one or more Deposits on the Applicable Delivery Date in accordance with and to the extent permitted by the terms of the Escrow Agreement and the Deposit Agreement and (B) the payment of all, or a portion, of such Deposit or Deposits in an amount equal in the aggregate to the purchase price of such Equipment Notes to or on behalf of the Owner Trustee or the Company, as the case may be, issuing such Equipment Notes, all as shall be described in the Delivery Notice; provided that, if the Issuance Date is an Applicable Delivery Date, such purchase price shall be paid from a portion of the proceeds of the sale of the Certificates. The Trustee shall (as and when specified in such Delivery Notice), subject to the conditions set forth in Section 2 of the Note Purchase Agreement, enter into and perform its obligations under the Participation Agreement specified in such Delivery Notice (the "Applicable Participation Agreement") and cause such certificates, documents and legal opinions relating to the Trustee to be duly delivered as required by the Applicable Participation Agreement. If at any time prior to the Applicable Delivery Date, the Trustee receives a notice of postponement pursuant to Section 2(e) or 2(f) of the Note Purchase Agreement, then the Trustee shall give the Depository with a copy to the Escrow Agent a notice of cancellation of such Notice of Purchase Withdrawal relating to such Deposit or Deposits on such Applicable Delivery Date. Upon satisfaction of the conditions specified in the Note Purchase Agreement and the Applicable Participation Agreement, the Trustee shall purchase the applicable Equipment Notes with the proceeds of the withdrawals of one or more Deposits made on the Applicable Delivery Date in accordance with the terms of the Deposit Agreement and the Escrow

Agreement (or, if the Issuance Date is Applicable Delivery Date with respect to such Applicable Participation Agreement, from a portion of the proceeds of the sale of the Certificates). The purchase price of such Equipment Notes shall equal the principal amount of such Equipment Notes. Amounts withdrawn from such Deposit or Deposits in excess of the purchase price of the Equipment Notes or to the extent not applied on the Applicable Delivery Date to the purchase price of the Equipment Notes, shall be re-deposited by the Trustee with the Depository on the Applicable Delivery Date in accordance with the terms of the Deposit Agreement.

Section 2.02. Withdrawal of Deposits. If any Deposits remain outstanding on the Business Day next succeeding the Cut-Off Date, (i) (A) the Trustee shall give the Escrow Agent notice that the Trustee's obligation to purchase Equipment Notes under the Note Purchase Agreement has terminated and instruct the Escrow Agent to provide a notice of Final Withdrawal to the Depository substantially in the form of Exhibit B to the Deposit Agreement (the "Final Withdrawal Notice") and (B) the Trustee will make a demand upon the Company under the Note Purchase Agreement for an amount equal to the Special Redemption Premium, such payment to be made on the Final Withdrawal Date.

The Trustee, upon the execution and delivery of this Agreement, acknowledges its acceptance of all right, title and interest in and to the Trust Property and declares that the Trustee holds and will hold such right, title and interest for the benefit of all then present and future Certificateholders, upon the trusts herein set forth. Subject to Section 7.14, the Trustee shall take all actions reasonably necessary to effect the registration of all such Equipment Notes in the name of the Subordination Agent. By its payment for and acceptance of each Certificate issued to it under this Agreement, each initial Certificateholder as grantor of the Trust thereby joins in the creation and declaration of the Trust.

Section 2.04. Limitation of Powers. The Trust is constituted solely for the purpose of making the investment in the Equipment Notes, and, except as set forth herein, the Trustee shall not be authorized or empowered to acquire any other investments or engage in any other activities and, in particular, the Trustee shall not be authorized or empowered to do anything that would cause such Trust to fail to qualify as a "grantor

trust" for federal income tax purposes (including as subject to this restriction, acquiring any Aircraft (as defined in the respective Indentures) by bidding such Equipment Notes or otherwise, or taking any action with respect to any such Aircraft once acquired).

The Trustee shall initially be the registrar (the "Registrar") for the purpose of registering such Certificates and transfers and exchanges of such Certificates as herein provided.

All Certificates issued upon any registration of transfer or exchange of Certificates shall be valid obligations of the Trust, evidencing the same interest therein, and entitled to the same benefits under this Trust Agreement, as the Certificates surrendered upon such registration of transfer or exchange.

A Certificateholder may transfer a Certificate, or request that a Certificate be exchanged for Certificates in an aggregate Fractional Undivided Interest equal to the Fractional Undivided Interest of such Certificate surrendered for exchange of other authorized denominations, by surrender of such Certificate to the Trustee with the form of transfer notice thereon duly completed and executed, and otherwise complying with the terms of this Agreement, including providing evidence of compliance with any restrictions on transfer, in form satisfactory to the Trustee and the Registrar; provided that no exchanges of Initial Certificates for Exchange Certificates shall

Notwithstanding the foregoing, nothing herein shall prevent the Trustee or any agent of the Trustee from

giving effect to any written certification, proxy or other authorization furnished by DTC or shall impair, as between DTC and its Agent Members, the operation of customary practices governing the exercise of the rights of a holder of any Certificate. Upon the issuance of any Global Certificate, the Registrar or its duly appointed agent shall record DTC as the registered holder of such Global Certificate.

(b) Transfers of any Global Certificate shall be limited to transfers of such Restricted Global Certificate or Regulation S Global Certificate in whole, but not in part, to DTC. Beneficial interests in the Restricted Global Certificate and any Regulation S Global Certificate may be transferred in accordance with the rules and procedures of DTC and the provisions of Section 3.06. Beneficial interests in a Restricted Global Certificate or a Regulation S Global Certificate shall be delivered to all beneficial owners thereof in the form of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, if (i) DTC notifies the Trustee that it is unwilling or unable to continue as depository for such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, and a successor depository is not appointed by the Trustee within 90 days of such notice, and (ii) after the occurrence and during the continuance of an Event of Default, owners of beneficial interests in a Global Certificate with Fractional Undivided Interests aggregating not less than a majority in interest in the Trust advise the Trustee, the Company and DTC through Agent Members in writing that the continuation of a book-entry system through DTC or its successor is no longer in their best interests.

(c) Any beneficial interest in one of the Global Certificates that is transferred to a Person who takes delivery in the form of an interest in another Global Certificate will, upon such transfer, cease to be an interest in such Global Certificate and become an interest in the other Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to beneficial interests in such other Global Certificate for as long as it remains such an interest.

(d) In connection with the transfer of an entire Restricted Global Certificate or an entire Regulation Global Certificate to the beneficial owners thereof pursuant to paragraph (b) of this Section 3.05, such Restricted Global

Certificate or Regulation S Global Certificate, as the case may be, shall be deemed to be surrendered to the Trustee for cancellation, and the Trustee shall execute, authenticate and deliver, to each beneficial owner identified by DTC in exchange for its beneficial interest in such Restricted Global Certificate or Regulation S Global Certificate, as the case may be, an equal aggregate principal amount of Restricted Definitive Certificates or Regulation S Definitive Certificates, as the case may be, of authorized denominations. None of the Company, the Registrar, the Paying Agent nor the Trustee shall be liable for any delay in delivery of such instructions and may conclusively rely on, and shall be protected in relying on, such registration instructions. Upon the issuance of Definitive Certificates, the Trustee shall recognize the Person in whose name the Definitive Certificates are registered in the Register as Certificateholders hereunder. Neither the Company nor the Trustee shall be liable if the Trustee or the Company is unable to locate a qualified successor clearing agency.

(e) Any Definitive Certificate delivered in exchange for an interest in the Restricted Global Certificate pursuant to paragraph (b) of this Section 3.05 shall, except as otherwise provided by paragraph (e) of Section 3.06, bear the Restricted Legend.

(f) Prior to the expiration of the Restricted Period, any Regulation S Definitive Certificate delivered in exchange for an interest in a Regulation S Global Certificate pursuant to paragraph (b) of this Section shall bear the Restricted Legend.

(g) The registered holder of any Restricted Global Certificate or Regulation S Global Certificate may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Agreement or the Certificates.

Section 3.06. Special Transfer Provisions. Unless and until (i) an Initial Certificate is sold under an effective Shelf Registration Statement, or (ii) an Initial Certificate is exchanged for an Exchange Certificate pursuant to an effective Exchange Offer Registration Statement, in each case pursuant to the terms of the Registration Rights Agreement, the following provisions shall apply to such Initial Certificates:

(a) Transfers to Non-QIB Institutional Accredited Investors. The following provisions shall apply with respect to the registration of any proposed transfer of a Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non-U.S. Person:

(i) The Registrar shall register the transfer of any Certificate, whether or not bearing the Restricted Legend, only if (x) the requested transfer is at least two years after the later of the original issue date of the Certificates and the last date on which such Certificate was held by the Company, the Trustee or any affiliate of any of such Persons or (y) the proposed transferor is an Initial Purchaser who is transferring Certificates purchased under the Certificates Purchase Agreement and the proposed transferee has delivered to the Registrar a letter substantially in the form of Exhibit C hereto and the aggregate principal amount of the Certificates being transferred is at least \$100,000. Except as provided in the foregoing clause (y), the Registrar shall not register the transfer of any Certificate to any Institutional Accredited Investor which is neither a QIB nor a Non- U.S. Person.

(ii) If the proposed transferor is an Agent Member holding a beneficial interest in a Restricted Global Certificate, upon receipt by the Registrar of (x) the documents, if any, required by paragraph (i) and (y) instructions given in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of the transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and the Trustee shall execute, authenticate and deliver to the transferor or at its direction, one or more Restricted Definitive Certificates of like tenor and amount.

(b) Transfers to QIBs. The following provisions shall apply with respect to the registration of any proposed transfer of an Initial Certificate to a QIB (excluding Non-U.S. Persons):

(i) If the Certificate to be transferred consists of Restricted Definitive Certificates, or of an interest in any Regulation S Global Certificate during the Restricted Period, the Registrar shall register the transfer if such transfer is being made by a proposed transferor who has checked the box provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that the sale has been made in compliance with the provisions of Rule 144A to a transferee who has signed the certification provided for on the form of Initial Certificate stating, or has otherwise advised the Trustee and the Registrar in writing, that it is purchasing the Initial Certificate for its own account or an account with respect to which it exercises sole investment discretion and that it, or the Person on whose behalf it is acting with respect to any such account, is a QIB within the meaning of Rule 144A, and is aware that the sale to it is being made in reliance on Rule 144A and acknowledges that it has received such information regarding the Trust and/or the Company as it has requested pursuant to Rule 144A or has determined not to request such information and that it is aware that the transferor is relying upon its foregoing representations in order to claim the exemption from registration provided by Rule 144A.

(ii) Upon receipt by the Registrar of the documents required by clause (i) above and instructions given in accordance with DTC's and the Registrar's procedures therefor, the Registrar shall reflect on its books and records the date of such transfer and an increase in the principal amount of a Restricted Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificates or interests in such Regulation S Global Certificate, as the case may be, being transferred, and the Trustee shall cancel such Definitive Certificates or decrease the amount of such Regulation S Global Certificate so transferred.

(c) Transfers of Interests in the Regulation S Global Certificate or Regulation S Definitive Certificates. After the expiration of the Restricted Period, the Registrar shall register any transfer of interests in any Regulation S Global Certificate or Regulation S Definitive Certificates

without requiring any additional certification. Until the expiration of the Restricted Period, interests in the Regulation S Global Certificate may only be held through Agent Members acting for and on behalf of Euroclear and Cedel.

(d) Transfers to Non-U.S. Persons at Any Time. The following provisions shall apply with respect to any registration of any transfer of an Initial Certificate to a Non-U.S. Person:

(i) Prior to the expiration of the Restricted Period, the Registrar shall register any proposed transfer of an Initial Certificate to a Non-U.S. Person upon receipt of a certificate substantially in the form set forth as Exhibit B hereto from the proposed transferor.

(ii) After the expiration of the Restricted Period, the Registrar shall register any proposed transfer to any Non-U.S. Person if the Certificate to be transferred is a Restricted Definitive Certificate or an interest in a Restricted Global Certificate, upon receipt of a certificate substantially in the form of Exhibit B from the proposed transferor. The Registrar shall promptly send a copy of such certificate to the Company.

(iii) Upon receipt by the Registrar of (x) the documents, if any, required by clause (ii) and (y) instructions in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date of such transfer and a decrease in the principal amount of such Restricted Global Certificate in an amount equal to the principal amount of the beneficial interest in such Restricted Global Certificate to be transferred, and, upon receipt by the Registrar of instructions given in accordance with DTC's and the Registrar's procedures, the Registrar shall reflect on its books and records the date and an increase in the principal amount of the Regulation S Global Certificate in an amount equal to the principal amount of the Restricted Definitive Certificate or the Restricted Global Certificate, as the case may be, to be transferred, and the Trustee

shall cancel the Definitive Certificate, if any, so transferred or decrease the amount of such Restricted Global Certificate.

(e) Restricted Legend. Upon the transfer, exchange or replacement of Certificates not bearing the Restricted Legend, the Registrar shall deliver Certificates that do not bear the Restricted Legend. Upon the transfer, exchange or replacement of Certificates bearing the Restricted Legend, the Registrar shall deliver only Certificates that bear the Restricted Legend unless either (i) the circumstances contemplated by paragraph (d)(ii) of this Section 3.06 exist or (ii) there is delivered to the Registrar an Opinion of Counsel to the effect that neither such legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

(f) General. By acceptance of any Certificate bearing the Restricted Legend, each Holder of such a Certificate acknowledges the restrictions on transfer of such Certificate set forth in this Agreement and agrees that it will transfer such Certificate only as provided in this Agreement. The Registrar shall not register a transfer of any Certificate unless such transfer complies with the restrictions on transfer, if any, of such Certificate set forth in this Agreement. In connection with any transfer of Certificates, each Certificateholder agrees by its acceptance of the Certificates to furnish the Registrar or the Trustee such certifications, legal opinions or other information as either of them may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act and in accordance with the terms and provisions of this Article III; provided that the Registrar shall not be required to determine the sufficiency of any such certifications, legal opinions or other information.

Until such time as no Certificates remain Outstanding, the Registrar shall retain copies of all letters, notices and other written communications received pursuant to Section 3.05 or this Section 3.06. The Trustee, if not the Registrar at such time, shall have the right to inspect and make copies of all such letters, notices or other written communications at any

reasonable time upon the giving of reasonable written notice to the Registrar.

Section 3.07. Mutilated, Destroyed, Lost or Stolen Certificates. If (a) any mutilated Certificate is surrendered to the Registrar or the Registrar receives evidence to its satisfaction of the destruction, loss or theft of any Certificate and (b) there is delivered to the Registrar and the Trustee such security, indemnity or bond, as may be required by them to save each of them harmless, then, in the absence of notice to the Registrar or the Trustee that such destroyed, lost or stolen Certificate has been acquired by a bona fide purchaser, and provided that the requirements of Section 8-405 of the Uniform Commercial Code in effect in any applicable jurisdiction are met, the Trustee shall execute, authenticate and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Certificate, a new Certificate or Certificates, in authorized denominations and of like Fractional Undivided Interest and bearing a number not contemporaneously outstanding.

In connection with the issuance of any new Certificate under this Section 3.07, the Trustee may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee and the Registrar) connected therewith.

Any duplicate Certificate issued pursuant to this Section 3.07 shall constitute conclusive evidence of the appropriate Fractional Undivided Interest in the Trust, as if originally issued, whether or not the lost, stolen or destroyed Certificate shall be found at any time.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Certificates.

Section 3.08. Persons Deemed Owners. Prior to due presentment of a Certificate for registration of transfer, the Trustee, the Registrar and any Paying Agent may treat the Person in whose name any Certificate is registered (as of the day of determination) as the owner of such Certificate for the purpose of receiving distributions pursuant to Article IV and for all other purposes whatsoever, and none of the Trustee, the Registrar

or any Paying Agent shall be affected by any notice to the contrary.

Section 3.09. Cancellation. All Certificates surrendered for payment or transfer or exchange shall, if surrendered to the Trustee or any agent of the Trustee other than the Registrar, be delivered to the Registrar for cancellation and shall promptly be canceled by it. No Certificates shall be authenticated in lieu of or in exchange for any Certificates canceled as provided in this Section, except as expressly permitted by this Agreement. All canceled Certificates held by the Registrar shall be destroyed and a certification of their destruction delivered to the Trustee.

Section 3.10. Temporary Certificates. Until definitive Certificates are ready for delivery, the Trustee shall authenticate temporary Certificates. Temporary Certificates shall be substantially in the form of definitive Certificates but may have insertions, substitutions, omissions and other variations determined to be appropriate by the officers executing the temporary Certificates, as evidenced by their execution of such temporary Certificates. If temporary Certificates are issued, the Trustee will cause definitive Certificates to be prepared without unreasonable delay. After the preparation of definitive Certificates, the temporary Certificates shall be exchangeable for definitive Certificates upon surrender of the temporary Certificates at the office or agency of the Trustee designated for such purpose pursuant to Section 7.12, without charge to the Certificateholder. Upon surrender for cancellation of any one or more temporary Certificates, the Trustee shall execute, authenticate and deliver in exchange therefor a like face amount of definitive Certificates of authorized denominations. Until so exchanged, the temporary Certificates shall be entitled to the same benefits under this Agreement as definitive Certificates.

Section 3.11. Limitation of Liability for Payments. All payments and distributions made to Certificateholders in respect of the Certificates shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or proceeds from the Trust Property to make such payments in accordance with the terms of Article IV of this Agreement. Each Certificateholder, by its acceptance of a Certificate, agrees that it will look solely to the income and proceeds from the Trust Property for any payment or distribution

due to such Certificateholder pursuant to the terms of this Agreement and that it will not have any recourse to the Company, the Trustee, the Loan Trustees, the Liquidity Providers, the Owner Trustees or the Owner Participants, except as otherwise expressly provided herein or in the Intercreditor Agreement.

The Company is a party to this Agreement solely for purposes of meeting the requirements of the Trust Indenture Act, and therefore shall not have any right, obligation or liability hereunder (except as otherwise expressly provided herein).

Section 3.12. ERISA Restrictive Legend. All Certificates issued pursuant to this Agreement shall bear a legend to the following effect (the "ERISA Legend") unless the Company and the Trustee determine otherwise consistent with applicable law:

"BY ITS ACQUISITION HEREOF, THE HOLDER REPRESENTS THAT (A) IT IS NOT A PLAN TRANSFEREE (AS DEFINED IN THE PASS THROUGH TRUST AGREEMENT) OR (B) IT IS AN INSURANCE COMPANY USING THE ASSETS OF ITS GENERAL ACCOUNT TO ACQUIRE THIS CERTIFICATE, AND THE CONDITIONS OF PROHIBITED TRANSACTION CLASS EXEMPTION 95-60 ISSUED BY THE U.S. DEPARTMENT OF LABOR HAVE BEEN AND WILL CONTINUE TO BE SATISFIED IN CONNECTION WITH ITS PURCHASE AND HOLDING OF THIS CERTIFICATE. THE PASS THROUGH TRUST AGREEMENT CONTAINS A PROVISION REQUIRING THE TRUSTEE TO REFUSE TO REGISTER ANY TRANSFER OF THIS CERTIFICATE IN VIOLATION OF THE FOREGOING RESTRICTIONS."

By acceptance of any Certificate bearing the ERISA Legend, each Holder of such a Certificate acknowledges the restrictions on transfer of such Certificate set forth in this Agreement and agrees that it will transfer such Certificate only as provided in this Agreement. The Registrar shall not register a transfer of any Certificate unless such transfer complies with the restrictions on transfer, if any, of such Certificate set forth in this Agreement.

(c) The Trustee shall cause the Subordination Agent to present to the related Loan Trustee of each Equipment Note such Equipment Note on the date of its stated final maturity or, in the case of any Equipment Note which is to be redeemed in whole pursuant to the related Indenture, on the applicable redemption date under such Indenture.

Section 4.02. Distributions from Certificate Account and Special Payments Account. (a) On each Regular Distribution Date or as soon thereafter as the Trustee has confirmed receipt of the payment of all or any part of the Scheduled Payments due on such date, the Trustee shall distribute out of the Certificate Account the entire amount deposited therein pursuant to Section 4.01(a). There shall be so distributed to each Certificateholder of record on the Record Date with respect to such Regular Distribution Date (other than as provided in Section 11.01 concerning the final distribution) by check mailed to such Certificateholder, at the address appearing in the Register, such Certificateholder's pro rata share (based on the Fractional Undivided Interest in the Trust held by such Certificateholder) of the total amount in the Certificate Account, except that, with respect to Certificates registered on the Record Date in the name

of DTC, such distribution shall be made by wire transfer in immediately available funds to the account designated by DTC.

(b) On each Special Distribution Date with respect to any Special Payment or as soon thereafter as the Trustee has confirmed receipt of any Special Payments due on the Equipment Notes held in the related Trust or realized upon the sale of such Equipment Notes or receipt of the Special Redemption Premium, the Trustee shall distribute out of the Special Payments Account the entire amount of such Special Payment deposited therein pursuant to Section 4.01(b). (c) The Trustee shall, at the expense of the Company, cause notice of each Special Payment to be mailed to each Certificateholder at his address as it appears in the Register. In the event of redemption or purchase of Equipment Notes held in the Trust, such notice shall be mailed not less than 20 days prior to the Special Distribution Date for the Special Payment resulting from such redemption or purchase, which Special Distribution Date shall be the date of such redemption or purchase. In the event of the payment of a Special Redemption Premium by the Company to the Trustee under the Note Purchase Agreement, such notice shall be mailed, together with the notice by the Escrow Paying Agent under Section 2.06 of the Escrow Agreement, not less than 20 days prior to the Special Distribution Date for such amount, which Special Distribution Date shall be the Final Withdrawal Date. In the case of any other Special Payments, such notice shall be mailed as soon as practicable after the Trustee has confirmed that it has received funds for such Special Payment, stating the Special Distribution Date for such Special Payment which shall occur not less than 20 days after the date of such notice and as soon as practicable thereafter. Notices mailed by the Trustee shall set forth:

If the amount of (i) premium, if any, payable upon the redemption or purchase of an Equipment Note or (ii) the Special Redemption Premium, if any, has not been calculated at the time that the Trustee mails notice of a Special Payment, it shall be sufficient if the notice sets forth the other amounts to be distributed and states that any premium received will also be distributed.

If any redemption of the Equipment Notes held in the Trust is canceled, the Trustee, as soon as possible after learning thereof, shall cause notice thereof to be mailed to each Certificateholder at its address as it appears on the Register.

Section 4.03. Statements to Certificateholders. (a) On each Distribution Date, the Trustee will include with each distribution to Certificateholders of a Scheduled Payment or Special Payment, as the case may be, a statement setting forth the information provided below (in the case of a Special Payment, including any Special Redemption Premium, reflecting in part the information provided by the Escrow Paying Agent under the Escrow Agreement). Such statement shall set forth (per \$1,000 face amount Certificate as to (ii), (iii), (iv) and (v) below) the following information:

With respect to the Certificates registered in the name of DTC, on the Record Date prior to each Distribution Date, the Trustee will request from DTC a securities position listing setting forth the names of all Agent Members reflected on DTC's books as holding interests in the Certificates on such Record Date. On each Distribution Date, the Trustee will mail to each such Agent Member the statement described above and will make available additional copies as requested by such Agent Member for forwarding to holders of interests in the Certificates.

(b) Within a reasonable period of time after the end of each calendar year but not later than the latest date permitted by law, the Trustee shall furnish to each Person who at any time during such calendar year was a Certificateholder of record a statement containing the sum of the amounts determined pursuant to clauses (a)(i), (a)(ii), (a)(iii), (a)(iv) and (a)(v) above for such calendar year or, in the event such Person was a Certificateholder of record during a portion of such calendar year, for such portion of such year, and such other items as are readily available to the Trustee and which a Certificateholder shall reasonably request as necessary for the purpose of such Certificateholder's preparation of its federal income tax returns. Any investment made pursuant to this Section 4.04 shall be in such Permitted Investments having maturities not later than the date that such moneys are required to be used to make the payment required under Section 4.02 on the applicable Special Distribution Date and the Trustee shall hold any such Permitted Investments until maturity. The Trustee shall have no liability with respect to any investment made pursuant to this Section 4.04, other than by reason of the willful misconduct or negligence of the Trustee. All income and earnings from such investments shall be distributed on such Special Distribution Date as part of such Special Payment.

Section 5.01. Maintenance of Corporate Existence. The Company, at its own cost and expense, will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence, rights and franchises, except as otherwise specifically permitted in Section 5.02; provided, however, that the Company shall not be required to preserve any

right or franchise if the Company shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company.

Section 5.02. Consolidation, Merger, etc. The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease substantially all of its assets as an entirety to any Person unless:

(a) the corporation formed by such consolidation or into which the Company is merged or the Person that acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall be (i) organized and validly existing under the laws of the United States of America or any state thereof or the District of Columbia, (ii) a "citizen of the United States" as defined in 49 U.S.C. 40102(a)(15), as amended, and (iii) a United States certificated air carrier, if and so long as such status is a condition of entitlement to the benefits of Section 1110 of the Bankruptcy Reform Act of 1978, as amended (11 U.S.C. Section 1110), with respect to the Leases;

(b) the corporation formed by such consolidation or into which the Company is merged or the Person which acquires by conveyance, transfer or lease substantially all of the assets of the Company as an entirety shall execute and deliver to the Trustee a duly authorized, valid, binding and enforceable agreement in form and substance reasonably satisfactory to the Trustee containing an assumption by such successor corporation or Person of the due and punctual performance and observance of each covenant and condition of this Agreement, the Other Pass Through Trust Agreements and each Financing Document to be performed or observed by the Company; and

ARTICLE VI  
DEFAULT

Section 6.01. Events of Default. (a) Exercise of Remedies.

Upon the occurrence and during the continuation of any Indenture Default under any Indenture, the Trustee may, to the extent it is the Controlling Party at such time (as determined pursuant to the Intercreditor Agreement), direct the exercise of remedies as provided in the Intercreditor Agreement.

(b) Purchase Rights of Certificateholders. At any time

after the occurrence and during the continuation of a Triggering Event, each Holder of a Certificate or a Class C-I Certificate (a "Class C Certificateholder") shall have the right (which shall not expire upon any purchase of the Class A Certificates pursuant to the Class B Trust Agreement) to purchase all, but not less than all, of the Class A Certificates and the Class B Certificates upon ten days' written notice to the Class A Trustee, the Class B Trustee and each other Class C Certificateholder, provided that (A) if prior to the end of such ten-day period any other Class C Certificateholder notifies such purchasing Class C Certificateholder that such other Class C Certificateholder wants to participate in such purchase, then such other Class C Certificateholder may join with the purchasing Class C Certificateholder to purchase all, but not less than all, of the Class A Certificates and the Class B Certificates pro rata based on the Fractional Undivided Interest in the Trust and Class C-I Trust, taken as a whole, held by each such Class C Certificateholder and (B) if prior to the end of such ten-day period any other Class C Certificateholder fails to notify the purchasing Class C Certificateholder of such other Class C

Certificateholder's desire to participate in such a purchase, then such other Class C Certificateholder shall lose its right to purchase the Class A Certificates and Class B Certificates pursuant to this Section 6.01(b).

No such purchase of Class A Certificates and Class B Certificates shall be effective unless the purchaser(s) shall certify to the Other Trustees of each such Class that contemporaneously with such purchase, such purchaser(s) is purchasing, pursuant to the terms of this Agreement and the Other Pass Through Trust Agreements, the Class A Certificates and the Class B Certificates. Each payment of the purchase price of the Certificates as determined in the Other Pass Through Trust Agreement for such Class shall be made to an account or accounts designated by the trustee under such Other Pass Through Trust Agreement and each such purchase shall be subject to the terms of this Section 6.01(b). The Class A Certificates and the Class B Certificates will be deemed to be purchased on the date payment of the purchase price is made notwithstanding the failure of the Certificateholders of either Class to deliver any Certificates of such Class (whether in the form of Definitive Certificates or beneficial interests in Global Certificates (as defined in the Other Pass Through Trust Agreement for such Class)) and, upon such a purchase, (i) the only rights of the Certificateholders of such Class will be to deliver the Class A Certificates on the Class B Certificates, as the case may be, to the purchaser(s) and receive the purchase price for such Certificates and (ii) if the purchaser(s) shall so request, such Certificateholder will comply with all the provisions of Section 3.04 of the Other Pass Through Trust Agreement for such Class to enable new Certificates of such Class to be issued to the purchaser in such denominations as it shall request. All charges and expenses in connection with the issuance of any such new Certificates shall be borne by the purchaser thereof.

As used in this Section 6.01(b), the terms "Class", "Class A Certificate", "Class A Trustee", "Class B Certificate", "Class B Trust Agreement", "Class B Trustee", "Class C-I Certificate" and "Class C-I Trust" shall have the respective meanings assigned to such terms in the Intercreditor Agreement.

Section 6.02. Incidents of Sale of Equipment Notes. Upon any sale of all or any part of the Equipment Notes made either under the power of sale given under this Agreement or

otherwise for the enforcement of this Agreement, the following shall be applicable:

(1) Certificateholders and Trustee May Purchase Equipment Notes. Any Certificateholder, the Trustee in its individual or any other capacity or any other Person may bid for and purchase any of the Equipment Notes, and upon compliance with the terms of sale, may hold, retain, possess and dispose of such Equipment Notes in their own absolute right without further accountability.

(2) Receipt of Trustee Shall Discharge Purchaser. The receipt of the Trustee making such sale shall be a sufficient discharge to any purchaser for his purchase money, and, after paying such purchase money and receiving such receipt, such purchaser or its personal representative or assigns shall not be obliged to see to the application of such purchase money, or be in any way answerable for any loss, misapplication or non- application thereof.

(3) Application of Moneys Received upon Sale. Any moneys collected by the Trustee upon any sale made either under the power of sale given by this Agreement or otherwise for the enforcement of this Agreement shall be applied as provided in Section 4.02.

Section 6.03. Judicial Proceedings Instituted by Trustee; Trustee May Bring Suit. If there shall be a failure to make payment of the principal of, premium, if any, or interest on any Equipment Note, or if there shall be any failure to pay Rent (as defined in the relevant Lease) under any Lease when due and payable, then the Trustee, in its own name and as trustee of an express trust, as holder of such Equipment Notes, to the extent permitted by and in accordance with the terms of the Intercreditor Agreement and the Financing Documents (subject to the rights of the applicable Owner Trustee or Owner Participant to cure any such failure to pay principal of, premium, if any, or interest on any Equipment Note or to pay Rent under any Lease in accordance with the applicable Indenture), shall be entitled and empowered to institute any suits, actions or proceedings at law, in equity or otherwise, for the collection of the sums so due and unpaid on such Equipment Notes or under such Lease and may prosecute any such claim or proceeding to judgment or final decree with respect to the whole amount of any such sums so due and unpaid.

Section 6.04. Control by Certificateholders. Subject to Section 6.03 and the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee with respect to the Trust or pursuant to the terms of the Intercreditor Agreement, or exercising any trust or power conferred on the Trustee under this Agreement or the Intercreditor Agreement, including any right of the Trustee as Controlling Party under the Intercreditor Agreement or as holder of the Equipment Notes, provided that

(1) such Direction shall not be in conflict with any rule of law or with this Agreement and would not involve the Trustee in personal liability or expense,

(2) the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Certificateholders not taking part in such Direction, and

(3) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such Direction.

Section 6.05. Waiver of Past Defaults. Subject to the Intercreditor Agreement, the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust (i) may on behalf of all of the Certificateholders waive any past Event of Default hereunder and its consequences or (ii) if the Trustee is the Controlling Party, may direct the Trustee to instruct the applicable Loan Trustee to waive any past Indenture Default under any Indenture and its consequences, and thereby annul any Direction given by such Certificateholders or the Trustee to such Loan Trustee with respect thereto, except a default:

(1) in the deposit of any Scheduled Payment or Special Payment under Section 4.01 or in the distribution of any payment under Section 4.02 on the Certificates, or

(2) in the payment of the principal of (premium, if any) or interest on the Equipment Notes, or

(3) in respect of a covenant or provision hereof which under Article IX cannot be modified or amended without the consent of each Certificateholder holding an Outstanding Certificate affected thereby.

Upon any such waiver, such default shall cease to exist with respect to the Certificates and any Event of Default arising therefrom shall be deemed to have been cured for every purpose and any direction given by the Trustee on behalf of the Certificateholders to the relevant Loan Trustee shall be annulled with respect thereto; but no such waiver shall extend to any subsequent or other default or Event of Default or impair any right consequent thereon. Upon any such waiver, the Trustee shall vote the Equipment Notes issued under the relevant Indenture to waive the corresponding Indenture Default.

Section 6.06. Right of Certificateholders to Receive Payments Not to Be Impaired. Anything in this Agreement to the contrary notwithstanding, including, without limitation, Section 6.07 hereof, but subject to the Intercreditor Agreement, the right of any Certificateholder to receive distributions of payments required pursuant to Section 4.02 hereof on the Certificates when due, or to institute suit for the enforcement of any such payment on or after the applicable Regular Distribution Date or Special Distribution Date, shall not be impaired or affected without the consent of such Certificateholder.

Section 6.07. Certificateholders May Not Bring Suit Except Under Certain Conditions. A Certificateholder shall not have the right to institute any suit, action or proceeding at law or in equity or otherwise with respect to this Agreement, for the appointment of a receiver or for the enforcement of any other remedy under this Agreement, unless:

(1) such Certificateholder previously shall have given written notice to the Trustee of a continuing Event of Default;

(2) Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than 25% of the Trust shall have requested the Trustee in writing to institute such action, suit or proceeding and shall have offered to the Trustee indemnity as provided in Section 7.03(e);

(3) the Trustee shall have refused or neglected to institute such an action, suit or proceeding for 60 days after receipt of such notice, request and offer of indemnity; and

(4) no direction inconsistent with such written request shall have been given to the Trustee during such 60-day period by Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust.

It is understood and intended that no one or more of the Certificateholders shall have any right in any manner whatsoever hereunder or under the Certificates to (i) surrender, impair, waive, affect, disturb or prejudice any property in the Trust Property or the lien of any Indenture on any property subject thereto, or the rights of the Certificateholders or the holders of the Equipment Notes, (ii) obtain or seek to obtain priority over or preference with respect to any other such Certificateholder or (iii) enforce any right under this Agreement, except in the manner herein provided and for the equal, ratable and common benefit of all the Certificateholders subject to the provisions of this Agreement.

Section 6.08. Remedies Cumulative. Every remedy given hereunder to the Trustee or to any of the Certificateholders shall not be exclusive of any other remedy or remedies, and every such remedy shall be cumulative and in addition to every other remedy given hereunder or now or hereafter given by statute, law, equity or otherwise.

#### ARTICLE VII

##### THE TRUSTEE

Section 7.01. Certain Duties and Responsibilities. (a) Except during the continuance of an Event of Default, the Trustee undertakes to perform such duties as are specifically set forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Trustee.

(b) In case an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Agreement, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of its own affairs.

(c) No provision of this Agreement shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own wilful misconduct, except that

(1) this Subsection shall not be construed to limit the effect of Subsection (a) of this Section; and

(2) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts.

(d) Whether or not herein expressly so provided, every provision of this Trust Agreement relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

Section 7.02. Notice of Defaults. As promptly as practicable after, and in any event within 90 days after, the occurrence of any default (as such term is defined below) hereunder, the Trustee shall transmit by mail to the Company, the Owner Trustees, the Owner Participants, the Loan Trustees and the Certificateholders in accordance with Section 313(c) of the Trust Indenture Act, notice of such default hereunder known to the Trustee, unless such default shall have been cured or waived; provided, however, that, except in the case of a default on the payment of the principal, premium, if any, or interest on any Equipment Note held in the Trust, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors and/or Responsible Officers of the Trustee in good faith determine that the withholding of such notice is in the interests of the Certificateholders. For the purpose of this Section, the term "default" means any event that is, or after notice or lapse of time or both would become, an Event of Default.

Section 7.03. Certain Rights of Trustee. Subject to the provisions of Section 315 of the Trust Indenture Act:

(a) the Trustee may rely and shall be protected in acting or refraining from acting in reliance upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document believed by it to be

genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a written description of the subject matter thereof accompanied by an Officer's Certificate and an Opinion of Counsel as provided in Section 1.02 of this Agreement;

(c) whenever in the administration of this Agreement the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer's Certificate of the Company, any Owner Trustee or any Loan Trustee;

(d) the Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Agreement at the Direction of any of the Certificateholders pursuant to this Agreement, unless such Certificateholders shall have offered to the Trustee reasonable security or indemnity against the cost, expenses and liabilities which might be incurred by it in compliance with such Direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document;

(g) the Trustee may execute any of the trusts or powers under this Agreement or perform any duties under this Agreement either directly or by or through agents or attorneys, and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it under this Agreement;

(h) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith

in accordance with the Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Agreement; and

(i) the Trustee shall not be required to expend or risk its own funds in the performance of any of its duties under this Agreement, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk is not reasonably assured to it.

Section 7.04. Not Responsible for Recitals or Issuance of Certificates. The recitals contained herein and in the Certificates, except the certificates of authentication, shall not be taken as the statements of the Trustee, and the Trustee assumes no responsibility for their correctness. Subject to Section 7.15, the Trustee makes no representations as to the validity or sufficiency of this Agreement, any Equipment Notes, the Intercreditor Agreement, the Deposit Agreement, the Escrow Agreement, the Certificates or any other Financing Document, except that the Trustee hereby represents and warrants that this Agreement has been, and the Intercreditor Agreement, the Registration Rights Agreement, the Note Purchase Agreement, the Escrow Agreement and each Certificate will be, executed, authenticated and delivered by one of its officers who is duly authorized to execute, authenticate and deliver such document on its behalf.

Section 7.05. May Hold Certificates. The Trustee, any Paying Agent, Registrar or any of their Affiliates or any other agent in their respective individual or any other capacity may become the owner or pledgee of Certificates and, subject to Sections 310(b) and 311 of the Trust Indenture Act, if applicable, may otherwise deal with the Company, the Owner Trustees or the Loan Trustees with the same rights it would have if it were not Trustee, Paying Agent, Registrar or such other agent.

Section 7.06. Money Held in Trust. Money held by the Trustee or the Paying Agent in trust hereunder need not be segregated from other funds except to the extent required herein

or by law and neither the Trustee nor the Paying Agent shall have any liability for interest upon any such moneys except as provided for herein.

Section 7.07. Compensation and Reimbursement. The Company

agrees:

(1) to pay, or cause to be paid, to the Trustee from time to time reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse, or cause to be reimbursed, the Trustee upon its request for all reasonable out-of-pocket expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Agreement (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its negligence, willful misconduct or bad faith or as may be incurred due to the Trustee's breach of its representations and warranties set forth in Section 7.15; and

(3) to indemnify, or cause to be indemnified, the Trustee for, and to hold it harmless against, any loss, liability or expense (other than for or with respect to any tax) incurred without negligence, willful misconduct or bad faith, on its part, arising out of or in connection with the acceptance or administration of this Trust, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder, except for any such loss, liability or expense incurred by reason of the Trustee's breach of its representations and warranties set forth in Section 7.15; provided, however, that the foregoing paragraph (3) shall cease to have any further force or effect upon the execution and delivery by the Trustee of any Participation Agreement.

With respect to paragraph (3) above, the Trustee shall notify the Company promptly of any claim for which it may seek indemnity. The Company shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have separate

counsel with the consent of the Company and the Company will pay the reasonable fees and expenses of such counsel. The Company need not pay for any settlement made, in settlement or otherwise, without its consent.

The Trustee shall be entitled to reimbursement from, and shall have a lien prior to the Certificates upon, the Trust Property for any tax incurred without negligence, bad faith or willful misconduct, on its part, arising out of or in connection with the acceptance or administration of such Trust (other than any tax attributable to the Trustee's compensation for serving as such), including any costs and expenses incurred in contesting the imposition of any such tax. If the Trustee reimburses itself from the Trust Property of such Trust for any such tax, it will mail a brief report within 30 days setting forth the circumstances thereof to all Certificateholders as their names and addresses appear in the Register.

Section 7.08. Corporate Trustee Required; Eligibility. There shall at all times be a Trustee hereunder which shall be eligible to act as a trustee under Section 310(a) of the Trust Indenture Act and shall have a combined capital and surplus of at least \$75,000,000 (or a combined capital and surplus in excess of \$5,000,000 and the obligations of which, whether now in existence or hereafter incurred, are fully and unconditionally guaranteed by a corporation organized and doing business under the laws of the United States, any state or territory thereof or of the District of Columbia and having a combined capital and surplus of at least \$75,000,000). If such corporation publishes reports of conditions at least annually, pursuant to law or to the requirements of federal, state, territorial or District of Columbia supervising or examining authority, then for the purposes of this Section 7.08, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of conditions so published.

In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 7.08 to act as Trustee, the Trustee shall resign immediately as Trustee in the manner and with the effect specified in Section 7.09.

Section 7.09. Resignation and Removal; Appointment of Successor. (a) No resignation or removal of the Trustee and no

appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee under Section 7.10.

(b) The Trustee may resign at any time as trustee by giving prior written notice thereof to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Company, the Authorized Agents, the Owner Trustees, the Loan Trustees and the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

(c) The Trustee may be removed at any time by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Trustee and to the Company, the Owner Trustees and the Loan Trustees.

(d) If at any time:

(1) the Trustee shall fail to comply with Section 310 of the Trust Indenture Act, if applicable, after written request therefor by the Company or by any Certificateholder who has been a bona fide Certificateholder for at least six months; or

(2) the Trustee shall cease to be eligible under Section 7.08 and shall fail to resign after written request therefor by the Company or by any such Certificateholder; or

(3) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any case, (i) the Company may, with the consent of the Owner Participants, which consent may not be unreasonably withheld, remove the Trustee or (ii) any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) If a Responsible Officer of the Trustee shall obtain actual knowledge of an Avoidable Tax which has been or is likely to be asserted, the Trustee shall promptly notify the Company and shall, within 30 days of such notification, resign hereunder unless within such 30-day period the Trustee shall have received notice that the Company has agreed to pay such tax. The Company shall promptly appoint a successor Trustee in a jurisdiction where there are no Avoidable Taxes.

(f) If the Trustee shall resign, be removed or become incapable of acting or if a vacancy shall occur in the office of the Trustee for any cause, the Company shall promptly appoint a successor Trustee. If, within one year after such resignation, removal or incapability, or other occurrence of such vacancy, a successor Trustee shall be appointed by Direction of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust delivered to the Company, the Owner Trustees, the Loan Trustees and the retiring Trustee, and the Company approves such appointment, which approval shall not be unreasonably withheld, then the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed as provided above. If no successor Trustee shall have been so appointed as provided above and accepted appointment in the manner hereinafter provided, any Certificateholder who has been a bona fide Certificateholder for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

(g) The successor Trustee shall give notice of the resignation and removal of the Trustee and appointment of the successor Trustee by mailing written notice of such event by first-class mail, postage prepaid, to the Certificateholders as their names and addresses appear in the Register. Each notice shall include the name of such successor Trustee and the address of its Corporate Trust Office.

Section 7.10. Acceptance of Appointment by Successor. Every successor Trustee appointed hereunder shall execute and deliver to the Company, the Authorized Agents, the Owner Trustees and the Loan Trustees and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such

successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on request of the Company or the successor Trustee, such retiring Trustee shall execute and deliver an instrument transferring to such successor Trustee all such rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all Trust Property held by such retiring Trustee hereunder, subject nevertheless to its lien, if any, provided for in Section 7.07. Upon request of any such successor Trustee, the Company, the retiring Trustee and such successor Trustee shall execute and deliver any and all instruments containing such provisions as shall be necessary or desirable to transfer and confirm to, and for more fully and certainly vesting in, such successor Trustee all such rights, powers and trusts.

No institution shall accept its appointment as a Trustee hereunder unless at the time of such acceptance such institution shall be qualified and eligible under this Article VII.

Section 7.11. Merger, Conversion, Consolidation or Succession to Business. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article VII, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Certificates shall have been executed or authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such execution or authentication and deliver the Certificates so executed or authenticated with the same effect as if such successor Trustee had itself executed or authenticated such Certificates.

Section 7.12. Maintenance of Agencies. (a) There shall at all times be maintained an office or agency in the location set forth in Section 12.03 where Certificates may be presented or surrendered for registration of transfer or for exchange, and for payment thereof and where notices and demands

to or upon the Trustee in respect of such certificates or this Agreement may be served; provided, however, that, if it shall be necessary that the Trustee maintain an office or agency in another location (e.g., the Certificates shall be represented by Definitive Certificates and shall be listed on a national securities exchange), the Trustee will make all reasonable efforts to establish such an office or agency. Written notice of the location of each such other office or agency and of any change of location thereof shall be given by the Trustee to the Company, the Owner Trustees, the Loan Trustees (in the case of any Owner Trustee or Loan Trustee, at its address specified in the Financing Documents or such other address as may be notified to the Trustee) and the Certificateholders. In the event that no such office or agency shall be maintained or no such notice of location or of change of location shall be given, presentations and demands may be made and notices may be served at the Corporate Trust Office of the Trustee.

(b) There shall at all times be a Registrar and a Paying Agent hereunder with respect to the Certificates. Each such Authorized Agent shall be a bank or trust company, shall be a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, or, if the Trustee shall be acting as the Registrar or Paying Agent hereunder, a corporation having a combined capital and surplus in excess of \$5,000,000, the obligations of which are guaranteed by a corporation organized and doing business under the laws of the United States or any state, with a combined capital and surplus of at least \$75,000,000, and shall be authorized under such laws to exercise corporate trust powers, subject to supervision by Federal or state authorities. The Trustee shall initially be the Paying Agent and, as provided in Section 3.04, Registrar hereunder with respect to the Certificates. Each Registrar shall furnish to the Trustee, at stated intervals of not more than six months, and at such other times as the Trustee may request in writing, a copy of the Register maintained by such Registrar.

(c) Any corporation into which any Authorized Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, consolidation or conversion to which any Authorized Agent shall be a party, or any corporation succeeding to the corporate trust business of any Authorized Agent, shall be the successor of such Authorized Agent hereunder, if such successor corporation is otherwise eligible

under this Section, without the execution or filing of any paper or any further act on the part of the parties hereto or such Authorized Agent or such successor corporation.

(d) Any Authorized Agent may at any time resign by giving written notice of resignation to the Trustee, the Company, the Owner Trustees and the Loan Trustees. The Company may, and at the request of the Trustee shall, at any time terminate the agency of any Authorized Agent by giving written notice of termination to such Authorized Agent and to the Trustee. Upon the resignation or termination of an Authorized Agent or in case at any time any such Authorized Agent shall cease to be eligible under this Section (when, in either case, no other Authorized Agent performing the functions of such Authorized Agent shall have been appointed), the Company shall promptly appoint one or more qualified successor Authorized Agents, reasonably satisfactory to the Trustee, to perform the functions of the Authorized Agent which has resigned or whose agency has been terminated or who shall have ceased to be eligible under this Section. The Company shall give written notice of any such appointment made by it to the Trustee, the Owner Trustees and the Loan Trustees; and in each case the Trustee shall mail notice of such appointment to all Certificateholders as their names and addresses appear on the Register.

(e) The Company agrees to pay, or cause to be paid, from time to time to each Authorized Agent reasonable compensation for its services and to reimburse it for its reasonable expenses.

Section 7.13. Money for Certificate Payments to Be Held in Trust. All moneys deposited with any Paying Agent for the purpose of any payment on Certificates shall be deposited and held in trust for the benefit of the Certificateholders entitled to such payment, subject to the provisions of this Section. Moneys so deposited and held in trust shall constitute a separate trust fund for the benefit of the Certificateholders with respect to which such money was deposited.

The Trustee may at any time, for the purpose of obtaining the satisfaction and discharge of this Agreement or for any other purpose, direct any Paying Agent to pay to the Trustee all sums held in trust by such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by such Paying Agent; and, upon such payment by any

Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Section 7.14. Registration of Equipment Notes in Name of Subordination Agent. The Trustee agrees that all Equipment Notes to be purchased by the Trust shall be issued in the name of the Subordination Agent or its nominee and held by the Subordination Agent in trust for the benefit of the Certificateholders, or, if not so held, the Subordination Agent or its nominee shall be reflected as the owner of such Equipment Notes in the register of the issuer of such Equipment Notes.

Section 7.15. Representations and Warranties of Trustee. The Trustee hereby represents and warrants that:

(a) the Trustee is a Delaware banking corporation organized and validly existing in good standing under the laws of the State of Delaware;

(b) the Trustee has full power, authority and legal right to execute, deliver, and perform this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party and has taken all necessary action to authorize the execution, delivery, and performance by it of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party;

(c) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement and the Financing Documents to which it is a party (i) will not violate any provision of United States federal law or the law of the state of the United States where it is located governing the banking and trust powers of the Trustee or any order, writ, judgment, or decree of any court, arbitrator or governmental authority applicable to the Trustee or any of its assets, (ii) will not violate any provision of the articles of association or by-laws of the Trustee, or (iii) will not violate any provision of, or constitute, with or without notice or lapse of time, a default under, or result in the creation or imposition of any lien on any properties included in the Trust Property pursuant to the provisions of any mortgage, indenture, contract,

agreement or other undertaking to which it is a party, which violation, default or lien could reasonably be expected to have an adverse effect on the Trustee's performance or ability to perform its duties hereunder or thereunder or on the transactions contemplated herein or therein;

(d) the execution, delivery and performance by the Trustee of this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party will not require the authorization, consent, or approval of, the giving of notice to, the filing or registration with, or the taking of any other action in respect of, any governmental authority or agency of the United States or the state of the United States where it is located regulating the banking and corporate trust activities of the Trustee; and

(e) this Agreement, the Intercreditor Agreement, the Registration Rights Agreement, the Escrow Agreement, the Note Purchase Agreement, and the Financing Documents to which it is a party have been duly executed and delivered by the Trustee and constitute the legal, valid, and binding agreements of the Trustee, enforceable against it in accordance with their respective terms, provided that enforceability may be limited by (i) applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and (ii) general principles of equity.

Section 7.16. Withholding Taxes, Information Reporting. The Trustee, as trustee of the grantor trust created by this Agreement, shall exclude and withhold from each distribution of principal, premium, if any, and interest and other amounts due under this Agreement or under the Certificates any and all withholding taxes applicable thereto as required by law. In addition, the Trustee shall remit such amounts as would be required by section 1446 of the Internal Revenue Code of 1986, as amended, if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes and shall withhold such amounts from amounts distributable to or for the benefit of Certificateholders or Investors that are not United States persons within the meaning of section 7701(a)(30) of the Internal Revenue Code of 1986, as amended. In this regard, the Trustee shall cause the appropriate withholding agent to withhold with respect to such distributions in the manner contemplated by Section 10.04 of Revenue Procedure

89-31 and Treasury Regulation 1.1445-8(b)(3)) by filing a notice with the National Association of Securities Dealers, Inc. substantially in the form of Exhibit E hereto on or before the date 10 days prior to the Record Date. The Trustee shall mail such notice to the National Association of Securities Dealers no later than the date than 15 days prior to the Record Date. Investors that are not United States Persons agree to furnish a United States taxpayer identification number ("TIN") to the Trustee and the Trustee shall provide such TINs to the appropriate withholding agent. The Trustee agrees to act as such withholding agent (except to the extent contemplated above with respect to withholding amounts as if the Trust were characterized as a partnership engaged in a U.S. trade or business for U.S. federal income tax purposes) and, in connection therewith, whenever any present or future taxes or similar charges are required to be withheld with respect to any amounts payable in respect of the Certificates, to withhold such amounts and timely pay the same to the appropriate authority in the name of and on behalf of the Certificateholders, that it will file any necessary withholding tax returns or statements when due, and that, as promptly as possible after the payment thereof, it will deliver to each such Certificateholder appropriate documentation showing the payment thereof, together with such additional documentary evidence as such Certificateholders may reasonably request from time to time. The Trustee agrees to file any other information reports as it may be required to file under United States law. Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit, other than an improper failure attributable to the gross negligence or willful misconduct of the Trustee.

Section 7.17. Trustee's Liens. The Trustee in its individual capacity agrees that it will at its own cost and expense promptly take any action as may be necessary to duly discharge and satisfy in full any mortgage, pledge, lien, charge, encumbrance, security interest or claim ("Trustee's Liens") on or with respect to the Trust Property which is attributable to the Trustee either (i) in its individual capacity and which is unrelated to the transactions contemplated by this Agreement, the Intercreditor Agreement, the Note Purchase Agreement or the Financing Documents, or (ii) as Trustee hereunder or in its

individual capacity and which arises out of acts or omissions which are not contemplated by this Agreement.

Section 7.18. Preferential Collection of Claims. The Trustee shall comply with Section 311(a) of the Trust Indenture Act, excluding any creditor relationship listed in Section 311(b) of the Trust Indenture Act. If the Trustee shall resign or be removed as Trustee, it shall be subject to Section 311(a) of the Trust Indenture Act to the extent provided therein.

##### CERTIFICATEHOLDERS' LISTS AND REPORTS BY TRUSTEE

Section 8.01. The Company to Furnish Trustee with Names and Addresses of Certificateholders. The Company will furnish to the Trustee within 15 days after each Record Date with respect to a Scheduled Payment, and at such other times as the Trustee may request in writing within 30 days after receipt by the Company of any such request, a list, in such form as the Trustee may reasonably require, of all information in the possession or control of the Company as to the names and addresses of the Certificateholders, in each case as of a date not more than 15 days prior to the time such list is furnished; provided, however, that so long as the Trustee is the sole Registrar, no such list need be furnished; and provided further, however, that no such list need be furnished for so long as a copy of the Register is being furnished to the Trustee pursuant to Section 7.12.

Section 8.02. Preservation of Information; Communications to Certificateholders. The Trustee shall preserve, in as current a form as is reasonably practicable, the names and addresses of Certificateholders contained in the most recent list furnished to the Trustee as provided in Section 7.12 or Section 8.01, as the case may be, and the names and addresses of Certificateholders received by the Trustee in its capacity as Registrar, if so acting. ### SUPPLEMENTAL AGREEMENTS

Section 9.01. Supplemental Agreements Without Consent of Certificateholders. Without the consent of the Certificateholders, the Company may (but will not be required to), and the Trustee (subject to Section 9.03) shall, at the Company's request, at any time and from time to time, enter into one or more agreements supplemental hereto or, if applicable, to the Intercreditor Agreement, the Escrow Agreement, the Note Purchase Agreement, the Deposit Agreement, the Registration Rights Agreement or any Liquidity Facility in form satisfactory to the Trustee, for any of the following purposes:

(1) to evidence the succession of another corporation to the Company and the assumption by any such successor of the covenants of the Company herein contained or of the Company's obligations under the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility; or

(2) to add to the covenants of the Company for the benefit of the Certificateholders, or to surrender any right or power conferred upon the Company in this Agreement, the

Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility; or

(3) to correct or supplement any provision in this Agreement, the Intercreditor Agreement, the Escrow Agreement, the Deposit Agreement, the Note Purchase Agreement, the Registration Rights Agreement or any Liquidity Facility which may be defective or inconsistent with any other provision herein or therein or to cure any ambiguity or correct any mistake or to modify any other provision with respect to matters or questions arising under this Agreement, the Escrow Agreement, the Deposit Agreement, the Note Purchase Agreement, the Intercreditor Agreement, the Registration Rights Agreement or any Liquidity Facility, provided that any such action shall not materially adversely affect the interests of the Certificateholders; or

(4) to comply with any requirement of the SEC, any applicable law, rules or regulations of any exchange or quotation system on which the Certificates are listed, any regulatory body or the Registration Rights Agreement to effectuate the Exchange Offer; or

(5) to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to continue the qualification of this Agreement (including any supplemental agreement) under the Trust Indenture Act or under any similar Federal statute hereafter enacted, and to add to this Agreement such other provisions as may be expressly permitted by the Trust Indenture Act, excluding, however, the provisions referred to in Section 316(a)(2) of the Trust Indenture Act as in effect at the date as of which this instrument was executed or any corresponding provision in any similar Federal statute hereafter enacted; or

(6) to evidence and provide for the acceptance of appointment under this Agreement by the Trustee of a successor Trustee and to add to or change any of the provisions of this Agreement as shall be necessary to provide for or facilitate the administration of the Trust, pursuant to the requirements of Section 7.10; or

(7) to provide the information required under Section 7.12 and Section 12.03 as to the Trustee; or

(8) to modify or eliminate provisions relating to the transfer or exchange of Exchange Certificates or the Initial Certificates upon consummation of the Exchange Offer (as defined in the Registration Rights Agreement) or effectiveness of the Shelf Registration Statement or the Exchange Offer Registration Statement;

provided, however, that no such supplemental agreement shall adversely affect the status of any Trust as a grantor trust under Subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended, for U.S. federal income tax purposes.

Section 9.02. Supplemental Agreements with Consent of Certificateholders. With the consent of the Certificateholders holding Certificates (including consents obtained in connection with a tender offer or exchange offer for the Certificates) evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust, by Direction of said Certificateholders delivered to the Company and the Trustee, the Company may (with the consent of the Owner Trustees, if any, which consent shall not be unreasonably withheld), and the Trustee (subject to Section 9.03) shall, enter into an agreement or agreements for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Agreement, the Intercreditor Agreement, any Liquidity Facility, the Registration Rights Agreement, the Escrow Agreement, the Deposit Agreement or the Note Purchase Agreement to the extent applicable to such Certificateholders or of modifying in any manner the rights and obligations of such Certificateholders under this Agreement, the Intercreditor Agreement, any Liquidity Facility, the Registration Rights Agreement, the Escrow Agreement, the Deposit Agreement or the Note Purchase Agreement; provided, however, that no such agreement shall, without the consent of the Certificateholder of each Outstanding Certificate affected thereby:

(1) reduce in any manner the amount of, or delay the timing of, any receipt by the Trustee (or, with respect to the Deposits, the Certificateholders) of payments on the Equipment Notes held in the Trust or on the Deposits or distributions that are required to be made herein on any Certificate, or change any date of payment on any Certificate, or change the place of payment where, or the coin or currency in which, any Certificate is payable, or

impair the right to institute suit for the enforcement of any such payment or distribution on or after the Regular Distribution Date or Special Distribution Date applicable thereto; or

(2) permit the disposition of any Equipment Note included in the Trust Property except as permitted by this Agreement, or otherwise deprive such Certificateholder of the benefit of the ownership of the Equipment Notes in the Trust; or

(4) waive, amend or modify Section 2.4, 3.2 or 3.3 of the Intercreditor Agreement in a manner adverse to the Certificateholders; or

(5) modify any of the provisions of this Section 9.02 or Section 6.05, except to increase any such percentage or to provide that certain other provisions of this Agreement cannot be modified or waived without the consent of the Certificateholder of each Certificate affected thereby; or

(6) adversely affect the status of any Trust as a grantor trust under Subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended, for U.S. federal income tax purposes.

It shall not be necessary for any Direction of Certificateholders under this Section to approve the particular form of any proposed supplemental agreement, but it shall be sufficient if such Direction shall approve the substance thereof.

Section 9.03. Documents Affecting Immunity or Indemnity. If in the opinion of the Trustee any document required to be executed by it pursuant to the terms of Section 9.01 or 9.02 affects any interest, right, duty, immunity or indemnity in favor of the Trustee under this Agreement, the Trustee may in its discretion decline to execute such document.

Section 9.04. Execution of Supplemental Agreements. In executing, or accepting the additional trusts created by, any agreement permitted by this Article or the modifications thereby of the trusts created by this Agreement, the Trustee shall be entitled to receive, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental agreement is authorized or permitted by this Agreement.

Section 9.05. Effect of Supplemental Agreements. Upon the execution of any agreement supplemental to this Agreement under this Article, this Agreement shall be modified in accordance therewith, and such supplemental agreement shall form a part of this Agreement for all purposes; and every Holder of a Certificate theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

##### AMENDMENTS TO INDENTURES AND FINANCING DOCUMENTS

Section 10.01. Amendments and Supplements to Indentures and Financing Documents. In the event that the Trustee, as holder (or beneficial owner through the Subordination Agent) of any Equipment Note in trust for the benefit of the Certificateholders or as Controlling Party under the Intercreditor Agreement, receives (directly or indirectly through the Subordination Agent) a request for a consent to any amendment, modification, waiver or supplement under any Indenture, any other Financing Document, any Equipment Note or any other related document, the Trustee shall forthwith send a notice of such proposed amendment, modification, waiver or supplement to each Certificateholder registered on the Register

as of the date of such notice. The Trustee shall request from the Certificateholders a Direction as to (a) whether or not to take or refrain from taking (or direct the Subordination Agent to take or refrain from taking) any action which a holder of such Equipment Note has the option to direct, (b) whether or not to give or execute (or direct the Subordination Agent to give or execute) any waivers, consents, amendments, modifications or supplements as a holder of such Equipment Note or a Controlling Party and (c) how to vote (or direct the Subordination Agent to vote) any Equipment Note if a vote has been called for with respect thereto. Provided such a request for Certificateholder Direction shall have been made, in directing any action or casting any vote or giving any consent as the holder of any Equipment Note (or in directing the Subordination Agent in any of the foregoing), (i) other than as Controlling Party, the Trustee shall vote for or give consent to any such action with respect to such Equipment Note in the same proportion as that of (A) the aggregate face amounts of all Certificates actually voted in favor of or for giving consent to such action by such Direction of Certificateholders to (B) the aggregate face amount of all Outstanding Certificates and (ii) as Controlling Party, the Trustee shall vote as directed in such Certificateholder Direction by the Certificateholders evidencing a Fractional Undivided Interest aggregating not less than a majority in interest in the Trust. For purposes of the immediately preceding sentence, a Certificate shall have been "actually voted" if the Holder of such Certificate has delivered to the Trustee an instrument evidencing such Holder's consent to such Direction prior to two Business Days before the Trustee directs such action or casts such vote or gives such consent. Notwithstanding the foregoing, but subject to Section 6.04 and the Intercreditor Agreement, the Trustee may, in its own discretion and at its own direction, consent and notify the relevant Loan Trustee of such consent (or direct the Subordination Agent to consent and notify the Loan Trustee of such consent) to any amendment, modification, waiver or supplement under the relevant Indenture, any other Financing Document, any Equipment Note or any other related document, if an Event of Default hereunder shall have occurred and be continuing, or if such amendment, modification, waiver or supplement will not materially adversely affect the interests of the Certificateholders.

## ARTICLE XI

## TERMINATION OF TRUST

Section 11.01. Termination of the Trust. The respective obligations and responsibilities of the Company and the Trustee with respect to the Trust shall terminate upon the earlier of (A) the completion of the assignment, transfer and discharge described in the first sentence of the immediately following paragraph and (B) distribution to all Holders of Certificates and the Trustee of all amounts required to be distributed to them pursuant to this Agreement and the disposition of all property held as part of the Trust Property; provided, however, that in no event shall the Trust continue beyond one hundred ten (110) years following the date of the earliest execution of this Trust Agreement.

Upon the earlier of (i) the first Business Day following March 31, 1998, or, if later, the fifth Business Day following the Delivery Period Termination Date and (ii) the fifth Business Day following the date on which a Triggering Event occurs (such date, the "Transfer Date"), or, if later, the date on which all of the conditions set forth in the immediately following sentence have been satisfied, the Trustee is hereby directed (subject only to the immediately following sentence) to, and the Company shall direct the institution that will serve as the Related Trustee under the Related Pass Through Trust Agreement to, execute and deliver the Assignment and Assumption Agreement, pursuant to which the Trustee shall assign, transfer and deliver all of the Trustee's right, title and interest to the Trust Property to the Related Trustee under the Related Pass Through Trust Agreement. The Trustee and the Related Trustee shall execute and deliver the Assignment and Assumption Agreement upon the satisfaction of the following conditions:

(i) The Trustee, the Related Trustee and each of the Rating Agencies then rating the Certificates shall have received an Officer's Certificate and an Opinion of Counsel dated the date of the Assignment and Assumption Agreement and each satisfying the requirements of Section 1.02, which Opinion of Counsel shall be substantially to the effect set forth below and may be relied upon by the Beneficiaries (as defined in the Assignment and Assumption Agreement):

- (a) upon the execution and delivery thereof by the parties thereto in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, the Assignment and Assumption Agreement will constitute the valid and binding obligation of each of the parties thereto enforceable against each such party in accordance with its terms;
- (b) upon the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, each of the Certificates then Outstanding is entitled to the benefits of the Related Pass Through Trust Agreement;
- (c) the Related Trust is not required to be registered as an investment company under the Investment Company Act of 1940, as amended;
- (d) the Related Pass Through Trust Agreement constitutes the valid and binding obligation of the Company enforceable against the Company in accordance with its terms; and
- (e) neither the execution and delivery of the Assignment and Assumption Agreement in accordance with the terms of this Agreement and the Related Pass Through Trust Agreement, nor the consummation by the Parties thereto of the transactions contemplated to be consummated thereunder on the date thereof, violate any law or governmental rule or regulation of the State of New York or the United States of America known to such counsel to be applicable to the transactions contemplated by the Assignment and Assumption Agreement.

(ii) The Trustee and the Company shall have received (x) a copy of the articles of incorporation and bylaws of the Related Trustee certified as of the Transfer Date by the Secretary or Assistant Secretary of such institution and (y) a copy of the filing (including all attachments thereto) made by the institution serving as the Related Trustee with the Office of the Superintendent, State of New York Banking Department for the qualification of the Related Trustee under section 131(3) of the New York Banking Law.

Upon the execution of the Assignment and Assumption Agreement by the parties thereto, the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, and the Outstanding Certificates representing Fractional Undivided Interests in the Trust shall be deemed for all purposes of this Agreement and the Related Pass Through Trust Agreement, without further signature or action of any party or Certificateholder, to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. By acceptance of its Certificate, each Certificateholder consents to such assignment, transfer and delivery of the Trust Property to the trustee of the Related Trust upon the execution and delivery of the Assignment and Assumption Agreement.

In connection with the occurrence of the event set forth in clause (B) above, notice of such termination, specifying the Distribution Date upon which the Certificateholders may surrender their Certificates to the Trustee for payment of the final distribution and cancellation, shall be mailed promptly by the Trustee to Certificateholders not earlier than the 60th day and not later than the 20th day next preceding such final Distribution Date specifying (A) the Distribution Date upon which the proposed final payment of the Certificates will be made upon presentation and surrender of Certificates at the office or agency of the Trustee therein specified, (B) the amount of any such proposed final payment, and (C) that the Record Date otherwise applicable to such Distribution Date is not applicable, payments being made only upon presentation and surrender of the Certificates at the office or agency of the Trustee therein specified. The Trustee shall give such notice to the Registrar at the time such notice is given to Certificateholders. Upon presentation and surrender of the Certificates in accordance with such notice, the Trustee shall cause to be distributed to Certificateholders such final payments.

In the event that all of the Certificateholders shall not surrender their Certificates for cancellation within six months after the date specified in the above-mentioned written notice, the Trustee shall give a second written notice to the remaining Certificateholders to surrender their Certificates for cancellation and receive the final distribution with respect thereto. No additional interest shall accrue on the Certificates after the Distribution Date specified in the first written

notice. In the event that any money held by the Trustee for the payment of distributions on the Certificates shall remain unclaimed for two years (or such lesser time as the Trustee shall be satisfied, after sixty days' notice from the Company, is one month prior to the escheat period provided under applicable law) after the final distribution date with respect thereto, the Trustee shall pay to each Loan Trustee the appropriate amount of money relating to such Loan Trustee and shall give written notice thereof to the related Owner Trustees, the Owner Participants and the Company.

 (3). To be included on the face of each Global Certificate.

The Certificates represent fractional undivided interests in the Trust and the Trust Property, and have no rights, benefits or interest in respect of any assets or property other than the Trust Property.

Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, from and to the extent of funds then available to the Trustee, there will be distributed on each April 1 and October 1 (a "Regular Distribution Date"), commencing on October 1, 1997, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Regular Distribution Date, an amount in respect of the Scheduled Payments due on such Regular Distribution Date on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Scheduled Payments. Subject to and in accordance with the terms of the Agreement and the Intercreditor Agreement, in the event that Special Payments on the Equipment Notes are received by the Trustee, from funds then available to the Trustee, there shall be distributed on the applicable Special Distribution Date, to the Person in whose name this Certificate is registered at the close of business on the 15th day preceding the Special Distribution Date, an amount in respect of such Special Payments on the Equipment Notes, the receipt of which has been confirmed by the Trustee, equal to the product of the percentage interest in the Trust evidenced by this Certificate and an amount equal to the sum of such Special Payments so received. If a Regular Distribution Date or Special Distribution Date is not a Business Day, distribution shall be made on the immediately following Business Day with the same force and effect as if made on such Regular Distribution Date or Special Distribution Date and no interest shall accrue during the intervening period. The Trustee shall mail notice of each Special Payment and the Special Distribution Date therefor to the Certificateholder of this Certificate.

The Certificates do not represent a direct obligation of, or an obligation guaranteed by, or an interest in, the Company or the Trustee or any of their affiliates. The Certificates are limited in right or payment, all as more specifically set forth on the face hereof and in the Agreement. All payments or distributions made to Certificateholders under the Agreement shall be made only from the Trust Property and only to the extent that the Trustee shall have sufficient income or

proceeds from the Trust Property to make such payments in accordance with the terms of the Agreement. Each Certificateholder of this Certificate, by its acceptance hereof, agrees that it will look solely to the income and proceeds from the Trust Property to the extent available for distribution to such Certificateholder as provided in the Agreement. This Certificate does not purport to summarize the Agreement and reference is made to the Agreement for information with respect to the interests, rights, benefits, obligations, proceeds, and duties evidenced hereby. A copy of the Agreement may be examined during normal business hours at the principal office of the Trustee, and at such other places, if any, designated by the Trustee, by any Certificateholder upon request.

The Agreement permits, with certain exceptions therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Certificateholders under the Agreement at any time by the Company and the Trustee with the consent of the Certificateholders holding Certificates evidencing Fractional Undivided Interests aggregating not less than a majority in interest in the Trust. Any such consent by the Certificateholder of this Certificate shall be conclusive and binding on such Certificateholder and upon all future Certificateholders of this Certificate and of any Certificate issued upon the transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent is made upon this Certificate. The Agreement also permits the amendment thereof, in certain limited circumstances, without the consent of the Certificateholders of any of the Certificates.

As provided in the Agreement and subject to certain limitations therein set forth, the transfer of this Certificate is registrable in the Register upon surrender of this Certificate for registration of transfer at the offices or agencies maintained by the Trustee in its capacity as Registrar, or by any successor Registrar, in the Borough of Manhattan, the City of New York, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Trustee and the Registrar duly executed by the Certificateholder hereof or such Certificateholder's attorney duly authorized in writing, and thereupon one or more new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust will be issued to the designated transferee or transferees.

[The Holder of this Certificate is entitled to the benefits of the Exchange and Registration Rights Agreement, dated as of March 21, 1997, among the Company, the Trustee and the Initial Purchasers named therein (the "Registration Rights Agreement"). In the event that no Registration Event has occurred on or prior to the 210th day after the date of the issuance of the Certificates, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50%, from and including the 210th day after the Issuance Date to but excluding (i) the earlier of the date on which a Registration Event occurs and (ii) the date on which there cease to be any Registrable Certificates (as defined in the Registration Rights Agreement). In the event that the Shelf Registration Statement ceases to be effective at any time during the period specified by Section 2(b)(B) of the Registration Rights Agreement for more than 60 days, whether or not consecutive, during any 12-month period, the interest rate per annum payable in respect of the Equipment Notes and the Deposits shall be increased by 0.50% from the 61st day of the applicable 12-month period such Shelf Registration Statement ceases to be effective until such time as the Shelf Registration Statement again becomes effective ( or, if earlier, the end of the period specified by Section 2(b)(B) of the Registration Rights Agreement).](4)

Except as otherwise provided in the Agreement and notwithstanding the above, the final distribution on this Certificate will be made after notice mailed by the Trustee of the pendency of such distribution and only upon presentation and surrender of this Certificate at the office or agency of the Trustee specified in such notice.

Under certain circumstances set forth in Section 11.01 of the Agreement, all of the Trustee's right, title and interest to the Trust Property may be assigned, transferred and delivered to the Related Trustee of the Related Trust pursuant to the Assignment and Assumption Agreement. Upon the effectiveness of such Assignment and Assumption Agreement (the "Transfer"), the Trust shall be terminated, the Certificateholders shall receive beneficial interests in the Related Trust in exchange for their interests in the Trust equal to their respective beneficial interests in the Trust, the Certificates representing Fractional

Undivided Interests in the Trust shall be deemed for all purposes of the Agreement and the Related Pass Through Trust Agreement to be certificates representing the same fractional undivided interests in the Related Trust and its trust property. Each Certificateholder, by its acceptance of this Certificate or a beneficial interest herein, agrees to be bound by the Assignment and Assumption Agreement and subject to the terms of the Related Pass Through Trust Agreement as a certificateholder thereunder. From and after the Transfer, unless and to the extent the context otherwise requires, references herein to the Trust, the Agreement and the Trustee shall constitute references to the Related Trust, the Related Pass Through Trust Agreement and trustee of the Related Trust, respectively.

The Certificates are issuable only as registered Certificates without coupons in minimum denominations of [\$100,000](5) [\$1,000](6) Fractional Undivided Interest and integral multiples of \$1,000 in excess thereof except that one Certificate may be in a different denomination. As provided in the Agreement and subject to certain limitations therein set forth, the Certificates are exchangeable for new Certificates of authorized denominations evidencing the same aggregate Fractional Undivided Interest in the Trust, as requested by the Certificateholder surrendering the same.

No service charge will be made for any such registration of transfer or exchange, but the Trustee shall require payment by the Holder of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

Each Certificateholder or Investor that is not a United States person within the meaning of section 7701(a)(30) of the Internal Revenue Code, as amended, by its acceptance of a Certificate or a beneficial interest therein, agrees to indemnify and hold harmless the Trust and the Trustee from and against any improper failure to withhold taxes from amounts payable to it or for its benefit. Each Certificateholder and Investor, by its acceptance of this Certificate or a beneficial interest herein, agrees to treat the Trust as a grantor trust for all U.S. federal, state and local income tax purposes.

The Trustee, the Registrar, and any agent of the Trustee or the Registrar may treat the person in whose name this Certificate is registered as the owner hereof for all purposes, and neither the Trustee, the Registrar, nor any such agent shall be affected by any notice to the contrary.

The obligations and responsibilities created by the Agreement and the Trust created thereby shall terminate upon the distribution to Certificateholders of all amounts required to be distributed to them pursuant to the Agreement and the disposition of all property held as part of the Trust Property.

UNTIL THE TRANSFER, THE AGREEMENT AND THIS CERTIFICATE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE AND THE OBLIGATIONS, RIGHTS AND REMEDIES OF THE PARTIES HEREUNDER SHALL BE DETERMINED IN ACCORDANCE WITH SUCH LAWS. Ladies and Gentlemen:

In connection with our proposed purchase of U.S.

that:

1. We understand that any subsequent transfer of the  
Certificates is subject to certain restrictions and conditions set forth in the  
Trust Agreement, dated as of March 21, 1997, between Continental Airlines, Inc.  
(the "Company") and Wilmington Trust Company (the "Trustee") relating to the  
Certificates, and we agree to be bound by, and not to resell, pledge or

We agree, on our own behalf and on behalf of any accounts for which we are acting as hereinafter stated, that, if we should sell any Certificates within two years after the later of the original issuance of such Certificate and the last date on which such Certificate is owned by the Company, the Trustee or any affiliate of any of such persons, we will do so only (A) to the Company, (B) in accordance with Rule 144A under the Securities Act to a "qualified institutional buyer" (as defined therein), (C) outside the United States in accordance with Rule 904 of Regulation S under the Securities Act, (D) pursuant to the exemption from registration provided by Rule 144 under the Securities Act or (E) pursuant to an effective registration statement under the Securities Act, and we further agree to provide to any person purchasing any of the Certificates from us a notice advising such purchaser that resales of the Certificates are restricted as stated herein.

## W I T N E S S E T H:

WHEREAS, the parties hereto desire to effect on the date hereof (the "Transfer Date") (a) the transfer by the Assignor to the Assignee of all of the right, title and interest of the Assignor in, under and with respect to, among other things, the Trust Property and each of the documents listed in Schedule I hereto (the "Scheduled Documents") and (b) the assumption by the Assignee of the obligations of the Assignor (i) under the Scheduled Documents and (ii) in respect of the Certificates issued under the Pass Through Trust Agreement; and

WHEREAS, the Scheduled Documents permit such transfer upon satisfaction of certain conditions heretofore or concurrently herewith being complied with;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements herein contained, the parties hereto do hereby agree as follows (capitalized terms used herein without definition having the meaning ascribed thereto in the Pass Through Trust Agreement):

1. Assignment. The Assignor does hereby sell, assign, convey, transfer and set over unto the Assignee as of the

Transfer Date all of its present and future right, title and interest in, under and with respect to the Trust Property and the Scheduled Documents and each other contract, agreement, document or instrument relating to the Trust Property or the Scheduled Documents (such other contracts, agreements, documents or instruments, together with the Scheduled Documents, to be referred to as the "Assigned Documents"), and any proceeds therefrom, together with all documents and instruments evidencing any of such right, title and interest.

2. Assumption. The Assignee hereby assumes for the benefit of the Assignor and each of the parties listed in Schedule II hereto (collectively, the "Beneficiaries") all of the duties and obligations of the Assignor, whenever accrued, pursuant to the Assigned Documents and hereby confirms that it shall be deemed a party to each of the Assigned Documents to which the Assignor is a party and shall be bound by all the terms thereof (including the agreements and obligations of the Assignor set forth therein) as if therein named as the Assignor. Further, the Assignee hereby assumes for the benefit of the Assignor and the Beneficiaries all of the duties and obligations of the Assignor under the Outstanding Certificates and hereby confirms that the Certificates representing Fractional Undivided Interests under the Pass Through Trust Agreement shall be deemed for all purposes of the Pass Through Trust Agreement and the New Pass Through Trust Agreement to be certificates representing the same fractional undivided interests under the New Pass Through Trust Agreement equal to their respective beneficial interests in the trust created under the Pass Through Trust Agreement.

3. Effectiveness. This Agreement shall be effective upon the execution and delivery hereof by the parties hereto, and each Certificateholder, by its acceptance of its Certificate or a beneficial interest therein, agrees to be bound by the terms of this Agreement.

4. Payments. The Assignor hereby covenants and agrees to pay over to the Assignee, if and when received following the Transfer Date, any amounts (including any sums payable as interest in respect thereof) paid to or for the benefit of the Assignor that, under Section 1 hereof, belong to the Assignee.

5. Further Assurances. The Assignor shall, at any time and from time to time, upon the request of the Assignee,

promptly and duly execute and deliver any and all such further instruments and documents and take such further action as the Assignee may reasonably request to obtain the full benefits of this Agreement and of the right and powers herein granted. The Assignor agrees to deliver the Global Certificates, and all Trust Property, if any, then in the physical possession of the Assignor, to the Assignee.

6. Representations and Warranties. (a) The Assignee represents and warrants to the Assignor and each of the Beneficiaries that:

(i) it has all requisite power and authority and legal right to enter into and carry out the transactions contemplated hereby and to carry out and perform the obligations of the "Pass Through Trustee" under the Assigned Documents;

(ii) on and as of the date hereof, the representations and warranties of the Assignee set forth in Section 7.15 of the New Pass Through Trust Agreement are true and correct.

that: (b) The Assignor represents and warrants to the Assignee

(i) it is duly incorporated, validly existing and in good standing under the laws of the State of Delaware and has the full trust power, authority and legal right under the laws of the State of Delaware and the United States pertaining to its trust and fiduciary powers to execute and deliver this Agreement;

(ii) the execution and delivery by it of this Agreement and the performance by it of its obligations hereunder have been duly authorized by it and will not violate its articles of association or by-laws or the provisions of any indenture, mortgage, contract or other agreement to which it is a party or by which it is bound; and

(iii) this Agreement constitutes the legal, valid and binding obligations of it enforceable against it in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity, whether considered in a proceeding at law or in equity.

7. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK INCLUDING MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE, WITHOUT GIVING EFFECT TO PRINCIPLES OF CONFLICTS OF LAWS.

8. Counterparts. This Agreement may be executed in any number of counterparts, all of which together shall constitute a single instrument. It shall not be necessary that any counterpart be signed by both parties so long as each party shall sign at least one counterpart.

9. Third Party Beneficiaries. The Assignee hereby agrees, for the benefit of the Beneficiaries, that its representations, warranties and covenants contained herein are also intended to be for the benefit of each Beneficiary, and each Beneficiary shall be deemed to be an express third party beneficiary with respect thereto, entitled to enforce directly and in its own name any rights or claims it may have against such party as such beneficiary.

## ARTICLE II

### AMOUNT AND TERMS OF THE COMMITMENT

Section 2.01. The Advances. The Liquidity Provider hereby irrevocably agrees, on the terms and conditions hereinafter set forth, to make Advances to the Borrower from time to time on any Business Day during the period from the Effective Date until 12:00 Noon (New York City time) on the Expiry Date (unless the obligations of the Liquidity Provider shall be earlier terminated in accordance with the terms of Section 2.04(b)) in an aggregate amount at any time outstanding not to exceed the Maximum Commitment.

Section 2.02. Making the Advances. (a) Interest Advances shall be made in one or more Borrowings by delivery to the Liquidity Provider of one or more written and completed Notices of Borrowing in substantially the form of Annex I attached hereto, signed by a Responsible Officer of the Borrower, in an amount not exceeding the Maximum Available Commitment at such time and shall be used solely for the payment when due of the Stated Portion of interest on the Class A Certificates at the Stated Interest Rate therefor in accordance with Section 3.6(a) of the Intercreditor Agreement. Each Interest Advance made hereunder shall automatically reduce the Maximum Available

Commitment and the amount available to be borrowed hereunder by subsequent Advances by the amount of such Interest Advance (subject to reinstatement as provided in the next sentence). Upon repayment to the Liquidity Provider in full of the amount of any Interest Advance made pursuant to this Section 2.02(a), together with accrued interest thereon (as provided herein), the Maximum Available Commitment shall be reinstated by the amount of such repaid Interest Advance, but not to exceed the Maximum Commitment; provided, however, that the Maximum Available Commitment shall not be so reinstated at any time if (i) a Liquidity Event of Default shall have occurred and be continuing and (ii) there is a Performing Note Deficiency.

(b) A Non-Extension Advance shall be made in a single Borrowing if this Agreement is not extended in accordance with Section 3.6(d) of the Intercreditor Agreement (unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(d)) by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex II attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class A Cash Collateral Account in accordance with said Section 3.6(d).

(c) A Downgrade Advance shall be made in a single Borrowing upon a downgrading of the Liquidity Provider's short-term unsecured debt rating issued by either Rating Agency below the Threshold Rating (as provided for in Section 3.6(c) of the Intercreditor Agreement) unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(c), by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex III attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class A Cash Collateral Account in accordance with said Section 3.6(c).

(d) A Final Advance shall be made in a single Borrowing upon the receipt by the Borrower of a Termination Notice from the Liquidity Provider pursuant to Section 6.01 hereof by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex

IV attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class A Cash Collateral Account (in accordance with Section 3.6(i) of the Intercreditor Agreement).

(e) Each Borrowing shall be made on notice in writing (a "Notice of Borrowing") in substantially the form required by Section 2.02(a), 2.02(b), 2.02(c) or 2.02(d), as the case may be, given by the Borrower to the Liquidity Provider. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing no later than 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the first Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and immediately available funds, the amount of such Borrowing. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing after 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the second Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified by the Borrower in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and in immediately available funds, the amount of such Borrowing. Payments of proceeds of a Borrowing shall be made by wire transfer of immediately available funds to the Borrower in accordance with such wire transfer instructions as the Borrower shall furnish from time to time to the Liquidity Provider for such purpose. Each Notice of Borrowing shall be irrevocable and binding on the Borrower.

(f) Upon the making of any Advance requested pursuant to a Notice of Borrowing, in accordance with the Borrower's payment instructions, the Liquidity Provider shall be fully discharged of its obligation hereunder with respect to such Notice of Borrowing, and the Liquidity Provider shall not thereafter be obligated to make any further Advances hereunder in respect of such Notice of Borrowing to the Borrower or to any other Person. Following the making of any Advance pursuant to

Section 2.02(b), (c) or (d) hereof to fund the ABN AMRO Sub-Account of the Class A Cash Collateral Account, the Liquidity Provider shall have no interest in or rights to the Class A Cash Collateral Account, any Sub-Account thereof, such Advance or any other amounts from time to time on deposit in the Class A Cash Collateral Account or any Sub-Account thereof; provided that the foregoing shall not affect or impair the obligations of the Subordination Agent to make the distributions contemplated by Section 3.6(e) or (f) of the Intercreditor Agreement. By paying to the Borrower proceeds of Advances requested by the Borrower in accordance with the provisions of this Agreement, the Liquidity Provider makes no representation as to, and assumes no responsibility for, the correctness or sufficiency for any purpose of the amount of the Advances so made and requested.

Section 2.03. Fees. The Borrower agrees to pay to the Liquidity Provider the fees set forth in the ABN AMRO Fee Letter.

Section 2.04. Adjustments or Termination of the Maximum Commitment. (a) Automatic Adjustments. Promptly following each date on which the Required Amount is (1) reduced as a result of a reduction in the Pool Balance of the Class A Certificates or otherwise, (2) increased as a result of an increase in the Stated Interest Rate or (3) subsequent to such an increase described in clause (2), reduced pursuant to the definition of "Stated Interest Rate", clause (y) of the definition of Maximum Commitment shall automatically be reduced or increased, as the case may be, to an amount equal to the Stated Portion of the Required Amount (as calculated by the Borrower). The Borrower shall give notice of any such automatic reduction or increase of the Maximum Commitment to the Liquidity Provider within two Business Days thereof. The failure by the Borrower to furnish any such notice shall not affect such automatic reduction or increase of the Maximum Commitment.

(b) Termination. Upon the making of any Provider Advance or Final Advance hereunder or the occurrence of the Termination Date, the obligation of the Liquidity Provider to make further Advances hereunder shall automatically and irrevocably terminate, and the Borrower shall not be entitled to request any further Borrowing hereunder.

Section 2.05. Repayments of Interest Advances or the Final Advance. Subject to Sections 2.06, 2.07 and 2.09 hereof, the Borrower hereby agrees, without notice of an Advance or

demand for repayment from the Liquidity Provider (which notice and demand are hereby waived by the Borrower), to pay, or to cause to be paid, to the Liquidity Provider on each date on which the Liquidity Provider shall make an Interest Advance or the Final Advance, an amount equal to (a) the amount of such Advance (any such Advance, until repaid, is referred to herein as an "Unpaid Advance"), plus (b) interest on the amount of each such Unpaid Advance as provided in Section 3.07 hereof; provided that if (i) the Liquidity Provider shall make a Provider Advance at any time after making one or more Interest Advances which shall not have been repaid in accordance with this Section 2.05 or (ii) this Liquidity Facility shall become a Downgraded Facility or Non-Extended Facility at any time when unreimbursed Interest Advances have reduced the Maximum Available Commitment to zero, then such Interest Advances shall cease to constitute Unpaid Advances and shall be deemed to have been changed into an Applied Downgrade Advance or an Applied Non-Extension Advance, as the case may be, for all purposes of this Agreement (including, without limitation, for the purpose of determining when such Interest Advance is required to be repaid to the Liquidity Provider in accordance with Section 2.06 and for the purposes of Section 2.06(b)). The Borrower and the Liquidity Provider agree that the repayment in full of each Interest Advance and Final Advance on the date such Advance is made is intended to be a contemporaneous exchange for new value given to the Borrower by the Liquidity Provider.

Section 2.06. Repayments of Provider Advances. (a) Amounts advanced hereunder in respect of a Provider Advance shall be deposited in the ABN AMRO Sub-Account of the Class A Cash Collateral Account, invested and withdrawn from the ABN AMRO Sub-Account of the Class A Cash Collateral Account as set forth in Sections 3.6(c), (d) and (f) of the Intercreditor Agreement. The Borrower agrees to pay to the Liquidity Provider, on each Regular Distribution Date, commencing on the first Regular Distribution Date after the making of a Provider Advance, interest on the principal amount of any such Provider Advance as provided in Section 3.07; provided, however, that amounts in respect of a Provider Advance withdrawn from the ABN AMRO Sub-Account of the Class A Cash Collateral Account for the purpose of paying interest on the Class A Certificates in accordance with Section 3.6(f) of the Intercreditor Agreement (the amount of any such withdrawal being (y) in the case of a Downgrade Advance, an "Applied Downgrade Advance" and (z) in the case of a Non-Extension Advance, an "Applied Non-Extension Advance" and,

together with an Applied Downgrade Advance, an "Applied Provider Advance") shall thereafter (subject to Section 2.06(b)) be treated as an Interest Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon; provided further, however, that if, following the making of a Provider Advance, the Liquidity Provider delivers a Termination Notice to the Borrower pursuant to Section 6.01 hereof, such Provider Advance shall thereafter be treated as a Final Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon. Subject to Sections 2.07 and 2.09 hereof, immediately upon the withdrawal of any amounts from the ABN AMRO Sub-Account of the Class A Cash Collateral Account on account of a reduction in the Required Amount, the Borrower shall repay to the Liquidity Provider a portion of the Provider Advances in a principal amount equal to the Stated Portion of such reduction, plus interest on the principal amount prepaid as provided in Section 3.07 hereof.

(b) At any time when an Applied Provider Advance (or any portion thereof) is outstanding, upon the deposit in the ABN AMRO Sub-Account of the Class A Cash Collateral Account of any amount pursuant to clause "third" of Section 2.4(b) of the Intercreditor Agreement, clause "third" of Section 3.2 of the Intercreditor Agreement or clause "fourth" of Section 3.3 of the Intercreditor Agreement (any such amount being a "Replenishment Amount") for the purpose of replenishing or increasing the balance thereof up to the Stated Portion of the Required Amount at such time, (i) the aggregate outstanding principal amount of all Applied Provider Advances (and of Provider Advances treated as an Interest Advance for purposes of determining the Applicable Liquidity Rate for interest payable thereon) shall be automatically reduced by the amount of such Replenishment Amount and (ii) the aggregate outstanding principal amount of all Unapplied Provider Advances shall be automatically increased by the amount of such Replenishment Amount.

(c) Upon the provision of a Replacement Liquidity Facility in replacement of this Agreement in accordance with Section 3.6(e) of the Intercreditor Agreement, amounts remaining on deposit in the ABN AMRO Sub-Account of the Class A Cash Collateral Account after giving effect to any Applied Provider Advance on the date of such replacement shall be reimbursed to the Liquidity Provider, but only to the extent such amounts are necessary to repay in full to the Liquidity Provider all amounts owing to it hereunder.

Section 2.07. Payments to the Liquidity Provider Under the Intercreditor Agreement. In order to provide for payment or repayment to the Liquidity Provider of any amounts hereunder, the Intercreditor Agreement provides that amounts available and referred to in Articles II and III of the Intercreditor Agreement, to the extent payable to the Liquidity Provider pursuant to the terms of the Intercreditor Agreement (including, without limitation, Section 3.6(f) of the Intercreditor Agreement), shall be paid to the Liquidity Provider in accordance with the terms thereof. Amounts so paid to the Liquidity Provider shall be applied by the Liquidity Provider to Liquidity Obligations then due and payable in such manner as it shall deem appropriate.

Section 2.08. Book Entries. The Liquidity Provider shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower resulting from Advances made from time to time and the amounts of principal and interest payable hereunder and paid from time to time in respect thereof; provided, however, that the failure by the Liquidity Provider to maintain such account or accounts shall not affect the obligations of the Borrower in respect of Advances.

Section 2.09. Payments from Available Funds Only. All payments to be made by the Borrower under this Agreement shall be made only from the Stated Portion of amounts that constitute Scheduled Payments, Special Payments or payments under Section 9.1 of the Participation Agreements and Sections 6 and 7 of the Note Purchase Agreement and only to the extent that the Borrower shall have sufficient income or proceeds therefrom to enable the Borrower to make payments in accordance with the terms hereof after giving effect to the priority of payments provisions set forth in the Intercreditor Agreement. The Liquidity Provider agrees that it will look solely to such amounts to the extent available for distribution to it as provided in the Intercreditor Agreement and this Agreement and that the Borrower, in its individual capacity, is not personally liable to it for any amounts payable or liability under this Agreement except as expressly provided in this Agreement, the Intercreditor Agreement or any Participation Agreement. Amounts on deposit in the ABN AMRO Sub-Account of the Class A Cash Collateral Account shall be available to the Borrower to make payments under this Agreement only to the extent and for the purposes expressly contemplated in Section 3.6(f) of the Intercreditor Agreement. Amounts on deposit in the other Sub-Account in respect of the Class A Certificates shall not be available to make payments under this Agreement.

Section 2.10. Extension of the Expiry Date; Non-Extension Advance. No earlier than the 60th day and no later than the 40th day prior to the then effective Expiry Date (unless such Expiry Date is on or after the date that is 15 days after the Final Maturity Date for the Class A Certificates), the Borrower shall request that the Liquidity Provider extend the Expiry Date for a period of 364 days after the then effective Expiry Date (unless the obligations of the Liquidity Provider are earlier terminated in accordance with the terms hereof). The Liquidity Provider shall advise the Borrower, no earlier than 40 days and no later than 25 days prior to the then effective Expiry Date, whether, in its sole discretion, it agrees to so extend the Expiry Date. If the Liquidity Provider advises the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall not be so extended, or fails to irrevocably and unconditionally advise the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall be so extended (and, in each case, if the Liquidity Provider shall not have been replaced in accordance with Section 3.6(e) of the Intercreditor Agreement), the Borrower shall be entitled on and after such 25th day (but prior to the then effective Expiry Date) to request a Non-Extension Advance in accordance with Section 2.02(b) hereof and Section 3.6(d) of the Intercreditor Agreement.

Section 3.01. Increased Costs. Subject to the ABN AMRO Fee Letter, the Borrower shall pay to the Liquidity Provider from time to time such amounts as may be necessary to compensate the Liquidity Provider for any increased costs incurred by the Liquidity Provider which are attributable to its making or maintaining any LIBOR Advances hereunder or its obligation to make any such Advances hereunder, or any reduction in any amount receivable by the Liquidity Provider under this Agreement or the Intercreditor Agreement in respect of any such Advances or such obligation (such increases in costs and reductions in amounts receivable being herein called "Additional Costs"), resulting from any change after the date of this Agreement in U.S. federal,

state, municipal, or foreign laws or regulations (including Regulation D), or the adoption or making after the date of this Agreement of any interpretations, directives, or requirements applying to a class of banks including the Liquidity Provider under any U.S. federal, state, municipal, or any foreign laws or regulations (whether or not having the force of law) by any court, central bank or monetary authority charged with the interpretation or administration thereof (a "Regulatory Change"), which: (1) changes the basis of taxation of any amounts payable to the Liquidity Provider under this Agreement in respect of any such Advances (other than Excluded Taxes); or (2) imposes or modifies any reserve, special deposit, compulsory loan or similar requirements relating to any extensions of credit or other assets of, or any deposits with other liabilities of, the Liquidity Provider (including any such Advances or any deposits referred to in the definition of LIBOR Rate or related definitions). The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.01 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.01 of the effect of any Regulatory Change on its costs of making or maintaining Advances or on amounts receivable by it in respect of Advances, and of the additional amounts required to compensate the Liquidity Provider in respect of any Additional Costs, shall be prima facie evidence of the amount owed under this Section.

Section 3.02. Capital Adequacy. Subject to the ABN AMRO Fee Letter, if (1) the adoption, after the date hereof, of any applicable governmental law, rule or regulation regarding capital adequacy, (2) any change, after the date hereof, in the interpretation or administration of any such law, rule or regulation by any central bank or other governmental authority charged with the interpretation or administration thereof or (3)

compliance by the Liquidity Provider or any corporation controlling the Liquidity Provider with any applicable guideline or request of general applicability, issued after the date hereof, by any central bank or other governmental authority (whether or not having the force of law) that constitutes a change of the nature described in clause (2), has the effect of requiring an increase in the amount of capital required to be maintained by the Liquidity Provider or any corporation controlling the Liquidity Provider, and such increase is based upon the Liquidity Provider's obligations hereunder and other similar obligations, the Borrower shall pay to the Liquidity Provider from time to time such additional amount or amounts as are necessary to compensate the Liquidity Provider for such portion of such increase as shall be reasonably allocable to the Liquidity Provider's obligations to the Borrower hereunder. The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise materially disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.02 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.02 of the effect of any increase in the amount of capital required to be maintained by the bank and of the amount allocable to the Liquidity Provider's obligations to the Borrower hereunder shall be prima facie evidence of the amounts owed under this Section.

Section 3.03. Payments Free of Deductions. All payments made by the Borrower under this Agreement shall be made free and clear of, and without reduction for or on account of, any present or future stamp or other taxes, levies, imposts, duties, charges, fees, deductions, withholdings, restrictions or conditions of any nature whatsoever now or hereafter imposed, levied, collected, withheld or assessed, excluding Excluded Taxes (such non-excluded taxes being referred to herein, collectively, as "Non-Excluded Taxes" and, individually, as a "Non-Excluded

Tax"). If any Non-Excluded Taxes are required to be withheld from any amounts payable to the Liquidity Provider under this Agreement, the amounts so payable to the Liquidity Provider shall be increased to the extent necessary to yield to the Liquidity Provider (after payment of all Non-Excluded Taxes) interest or any other such amounts payable under this Agreement at the rates or in the amounts specified in this Agreement. The Liquidity Provider agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider. From time to time upon the reasonable request of the Borrower, the Liquidity Provider agrees to provide to the Borrower two original Internal Revenue Service Forms 1001 or 4224, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that the Liquidity Provider is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement.

Section 3.04. Payments. The Borrower shall make or cause to be made each payment to the Liquidity Provider under this Agreement so as to cause the same to be received by the Liquidity Provider not later than 1:00 P.M. (New York City time) on the day when due. The Borrower shall make all such payments in lawful money of the United States of America, to the Liquidity Provider in immediately available funds, by wire transfer to ABN AMRO Bank N.V., New York, NY, ABA # 026009580, Account Name: ABN AMRO Bank, N.V. - Chicago Branch, Account # 651-0-010111-42, Reference: Continental Airlines, Inc.

Section 3.05. Computations. All computations of interest based on the Base Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on the LIBOR Rate shall be made on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable.

Section 3.06. Payment on Non-Business Days. Whenever any payment to be made hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day and no additional interest shall be

due as a result (and if so made, shall be deemed to have been made when due). If any payment in respect of interest on an Advance is so deferred to the next succeeding Business Day, such deferral shall not delay the commencement of the next Interest Period for such Advance (if such Advance is a LIBOR Advance) or reduce the number of days for which interest will be payable on such Advance on the next interest payment date for such Advance.

Section 3.07. Interest. (a) Subject to Section 2.09, the Borrower shall pay, or shall cause to be paid, without duplication, interest on (i) the unpaid principal amount of each Advance from and including the date of such Advance (or, in the case of an Applied Provider Advance, from and including the date on which the amount thereof was withdrawn from the ABN AMRO Sub-Account of the Class A Cash Collateral Account to pay interest on the Class A Certificates) to but excluding the date such principal amount shall be paid in full (or, in the case of an Applied Provider Advance, the date on which the ABN AMRO Sub-Account of the Class A Cash Collateral Account is fully replenished in respect of such Advance) and (ii) any other amount due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by law, installments of interest on Advances or any such other amount) which is not paid when due (whether at stated maturity, by acceleration or otherwise) from and including the due date thereof to but excluding the date such amount is paid in full, in each such case, at a fluctuating interest rate per annum for each day equal to the Applicable Liquidity Rate (as defined below) for such Advance or such other amount as in effect for such day, but in no event at a rate per annum greater than the maximum rate permitted by applicable law; provided, however, that, if at any time the otherwise applicable interest rate as set forth in this Section 3.07 shall exceed the maximum rate permitted by applicable law, then any subsequent reduction in such interest rate will not reduce the rate of interest payable pursuant to this Section 3.07 below the maximum rate permitted by applicable law until the total amount of interest accrued equals the amount of interest that would have accrued if such otherwise applicable interest rate as set forth in this Section 3.07 had at all times been in effect.

(b) Except as provided in clause (e) below, each Advance will be either a Base Rate Advance or a LIBOR Advance as provided in this Section. Each such Advance will be a Base Rate Advance for the period from the date of its borrowing to (but

excluding) the third Business Day following the Liquidity Provider's receipt of the Notice of Borrowing for such Advance. Thereafter, such Advance shall be a LIBOR Advance; provided that the Borrower (at the direction of the Controlling Party) may convert the Final Advance into a Base Rate Advance on the last day of an Interest Period for such Advance by giving the Liquidity Provider no less than four Business Days' prior written notice of such election.

(c) Each LIBOR Advance shall bear interest during each Interest Period at a rate per annum equal to the LIBOR Rate for such Interest Period plus the Applicable Margin for such LIBOR Advance, payable in arrears on the last day of such Interest Period and, in the event of the payment of principal of such LIBOR Advance on a day other than such last day, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(d) Each Base Rate Advance shall bear interest at a rate per annum equal to the Base Rate plus the Applicable Margin for such Base Rate Advance, payable in arrears on each Regular Distribution Date and, in the event of the payment of principal of such Base Rate Advance on a day other than a Regular Distribution Date, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(e) Each Unapplied Downgrade Advance (i) during the period from and including the date of the making of such Unapplied Downgrade Advance through but excluding the Expiry Date (or, if earlier, the date of repayment thereof or of conversion thereof into a Final Advance), shall bear interest in an amount equal to the Investment Earnings on amounts on deposit in the ABN AMRO Sub-Account of the Class A Cash Collateral Account for such period plus .35% per annum on the amount of such Unapplied Downgrade Advance from time to time during such period, payable in arrears on each Regular Distribution Date and (ii) thereafter, shall be a LIBOR Advance and shall bear interest in accordance with clause (c) above.

(f) Each amount not paid when due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by applicable law, installments of interest on Advances but excluding Advances) shall bear interest at a rate per annum equal to the Base Rate plus 2.00% until paid.

(g) Each change in the Base Rate shall become effective immediately. The rates of interest specified in this Section 3.07 with respect to any Advance or other amount shall be referred to as the "Applicable Liquidity Rate".

Section 3.08. Replacement of Borrower. From time to time and subject to the successor Borrower's meeting the eligibility requirements set forth in Section 6.9 of the Intercreditor Agreement applicable to the Subordination Agent, upon the effective date and time specified in a written and completed Notice of Replacement Subordination Agent in substantially the form of Annex VI attached hereto (a "Notice of Replacement Subordination Agent") delivered to the Liquidity Provider by the then Borrower, the successor Borrower designated therein shall be substituted for as the Borrower for all purposes hereunder.

Section 3.09. Funding Loss Indemnification. The Borrower shall pay to the Liquidity Provider, upon the request of the Liquidity Provider, such amount or amounts as shall be sufficient (in the reasonable opinion of the Liquidity Provider) to compensate it for any loss, cost, or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by the Liquidity Provider to fund or maintain any LIBOR Advance (but excluding loss of anticipated profits) incurred as a result of:

(1) Any repayment of a LIBOR Advance on a date other than the last day of the Interest Period for such Advance; or

(2) Any failure by the Borrower to borrow a LIBOR Advance on the date for borrowing specified in the relevant notice under Section 2.02.

Section 3.10. Illegality. Notwithstanding any other provision in this Agreement, if any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by the Liquidity Provider (or its Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for the Liquidity Provider (or its Lending Office) to maintain or fund

its LIBOR Advances, then upon notice to the Borrower by the Liquidity Provider, the outstanding principal amount of the LIBOR Advances shall be converted to Base Rate Advances (a) immediately upon demand of the Liquidity Provider, if such change or compliance with such request, in the judgment of the Liquidity Provider, requires immediate repayment; or (b) at the expiration of the last Interest Period to expire before the effective date of any such change or request.

(e) The Borrower shall have received a certificate, dated the date hereof, signed by a duly authorized representative of the Liquidity Provider, certifying that all conditions precedent to the effectiveness of Section 2.01 have been satisfied or waived.

Section 4.02. Conditions Precedent to Borrowing. The obligation of the Liquidity Provider to make an Advance on the occasion of each Borrowing shall be subject to the conditions precedent that the Effective Date shall have occurred and, prior to the date of such Borrowing, the Borrower shall have delivered a Notice of Borrowing which conforms to the terms and conditions of this Agreement and has been completed as may be required by the relevant form of the Notice of Borrowing for the type of Advances requested.

#### ARTICLE V

#### COVENANTS

Section 5.01. Affirmative Covenants of the Borrower. So long as any Advance shall remain unpaid or the Liquidity Provider shall have any Maximum Commitment hereunder or the Borrower shall have any obligation to pay any amount to the Liquidity Provider hereunder, the Borrower will, unless the Liquidity Provider shall otherwise consent in writing:

(a) Performance of This and Other Agreements. Punctually pay or cause to be paid all amounts payable by it under this Agreement and the other Operative Agreements and observe and perform in all material respects the conditions, covenants and requirements applicable to it contained in this Agreement and the other Operative Agreements.

So long as any Advance shall remain unpaid or the Liquidity Provider shall have any Maximum Commitment hereunder or the Borrower shall have any obligation to pay any amount to the Liquidity Provider hereunder, the Borrower will not appoint or permit or suffer to be appointed any successor Borrower without the written consent of the Liquidity Provider, which consent shall not be unreasonably withheld or delayed.

#### ARTICLE VI

##### LIQUIDITY EVENTS OF DEFAULT

Section 6.01. Liquidity Events of Default. If (a) any Liquidity Event of Default has occurred and is continuing and (b) there is a Performing Note Deficiency, the Liquidity Provider may, in its discretion, deliver to the Borrower a Termination Notice, the effect of which shall be to cause (i) this Agreement to expire on the fifth Business Day after the date on which such Termination Notice is received by the Borrower, (ii) the Borrower to promptly request, and the Liquidity Provider to promptly make, a Final Advance in accordance with Section 2.02(d) hereof and Section 3.6(i) of the Intercreditor Agreement, (iii) all other

Section 7.03. No Waiver; Remedies. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Section 7.04. Further Assurances. The Borrower agrees to do such further acts and things and to execute and deliver to the Liquidity Provider such additional assignments, agreements, powers and instruments as the Liquidity Provider may reasonably require or deem advisable to carry into effect the purposes of this Agreement and the other Operative Agreements or to better assure and confirm unto the Liquidity Provider its rights, powers and remedies hereunder and under the other Operative Agreements.

Section 7.05. Indemnification; Survival of Certain

Provisions. The Liquidity Provider shall be indemnified hereunder to the extent and in the manner described in Section 10.1 of the Participation Agreements and Section 6 of the Note Purchase Agreement. In addition, the Borrower agrees to indemnify, protect, defend and hold harmless the Liquidity Provider from, against and in respect of, and shall pay on demand, all Expenses of any kind or nature whatsoever (other than any Expenses of the nature described in Sections 3.01, 3.02 or 7.07 hereof or in the ABN AMRO Fee Letter (regardless of whether indemnified against pursuant to said Sections or in such Fee Letter)), that may be imposed, incurred by or asserted against any Liquidity Indemnitee, in any way relating to, resulting from, or arising out of or in connection with any action, suit or proceeding by any third party against such Liquidity Indemnitee and relating to this Agreement, the ABN AMRO Fee Letter, the Intercreditor Agreement or any Financing Agreement; provided, however, that the Borrower shall not be required to indemnify, protect, defend and hold harmless any Liquidity Indemnitee in respect of any Expense of such Liquidity Indemnitee (i) to the extent such Expense is attributable to the gross negligence or willful misconduct of such Liquidity Indemnitee or any other Liquidity Indemnitee, (ii) that is ordinary and usual operating overhead expense, and (iii) to the extent such Expense is attributable to the failure by such Liquidity Indemnitee or any other Liquidity Indemnitee to perform or observe any agreement, covenant or condition on its part to be performed or observed in this Agreement, the Intercreditor Agreement, the ABN AMRO Fee Letter, the Tax Letter or any other Operative Document to which it is a party. The indemnities contained in such Section 10.1, and the provisions of Sections 3.01, 3.02, 3.03, 3.09, 7.05 and 7.07 hereof, shall survive the termination of this Agreement.

Section 7.06. Liability of the Liquidity Provider. (a)

Neither the Liquidity Provider nor any of its officers, employees, directors or affiliates shall be liable or responsible for: (i) the use which may be made of the Advances or any acts or omissions of the Borrower or any beneficiary or transferee in connection therewith; (ii) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; or (iii) the making of Advances by the Liquidity Provider against delivery of a Notice of Borrowing and other documents which do not comply with the terms hereof; provided, however, that the Borrower shall have a

claim against the Liquidity Provider, and the Liquidity Provider shall be liable to the Borrower, to the extent of any damages suffered by the Borrower which were the result of (A) the Liquidity Provider's willful misconduct or negligence in determining whether documents presented hereunder comply with the terms hereof, or (B) any breach by the Liquidity Provider of any of the terms of this Agreement, including, but not limited to, the Liquidity Provider's failure to make lawful payment hereunder after the delivery to it by the Borrower of a Notice of Borrowing strictly complying with the terms and conditions hereof.

(b) Neither the Liquidity Provider nor any of its officers, employees, director or affiliates shall be liable or responsible in any respect for (i) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with this Agreement or any Notice of Borrowing delivered hereunder, or (ii) any action, inaction or omission which may be taken by it in good faith, absent willful misconduct or negligence (in which event the extent of the Liquidity Provider's potential liability to the Borrower shall be limited as set forth in the immediately preceding paragraph), in connection with this Agreement or any Notice of Borrowing.

Section 7.07. Costs, Expenses and Taxes. The Borrower agrees to pay, or cause to be paid (A) on the Effective Date and on such later date or dates on which the Liquidity Provider shall make demand, all reasonable out-of-pocket costs and expenses (including, without limitation, the reasonable fees and expenses of outside counsel for the Liquidity Provider) of the Liquidity Provider in connection with the preparation, negotiation, execution, delivery, filing and recording of this Agreement, any other Operative Agreement and any other documents which may be delivered in connection with this Agreement and (B) on demand, all reasonable costs and expenses (including reasonable counsel fees and expenses) of the Liquidity Provider in connection with (i) the enforcement of this Agreement or any other Operative Agreement, (ii) the modification or amendment of, or supplement to, this Agreement or any other Operative Agreement or such other documents which may be delivered in connection herewith or therewith (whether or not the same shall become effective) or (iii) any action or proceeding relating to any order, injunction, or other process or decree restraining or seeking to restrain the Liquidity Provider from paying any amount under this Agreement, the Intercreditor Agreement or any other Operative Agreement or

otherwise affecting the application of funds in the Cash Collateral Accounts. In addition, the Borrower shall pay any and all recording, stamp and other similar taxes and fees payable or determined to be payable in connection with the execution, delivery, filing and recording of this Agreement, any other Operative Agreement and such other documents, and agrees to save the Liquidity Provider harmless from and against any and all liabilities with respect to or resulting from any delay in paying or omission to pay such taxes or fees.

Section 7.08. Binding Effect; Participations. (a) This Agreement shall be binding upon and inure to the benefit of the Borrower and the Liquidity Provider and their respective successors and assigns, except that neither the Liquidity Provider (except as otherwise provided in this Section 7.08) nor (except as contemplated by Section 3.08) the Borrower shall have the right to assign its rights or obligations hereunder or any interest herein without the prior written consent of the other party, subject to the requirements of Section 7.08(b). The Liquidity Provider may grant participations herein or in any of its rights hereunder (including, without limitation, funded participations and participations in rights to receive interest payments hereunder) and under the other Operative Agreements to such Persons as the Liquidity Provider may in its sole discretion select, subject to the requirements of Section 7.08(b). No such participation by the Liquidity Provider, however, will relieve the Liquidity Provider of its obligations hereunder. In connection with any participation or any proposed participation, the Liquidity Provider may disclose to the participant or the proposed participant any information that the Borrower is required to deliver or to disclose to the Liquidity Provider pursuant to this Agreement. The Borrower acknowledges and agrees that the Liquidity Provider's source of funds may derive in part from its participants (other than Continental). Accordingly, references in this Agreement and the other Operative Agreements to determinations, reserve and capital adequacy requirements, increased costs, reduced receipts, additional amounts due pursuant to Section 3.03(a) and the like as they pertain to the Liquidity Provider shall be deemed also to include those of each of its participants (subject, in each case, to the maximum amount that would have been incurred by or attributable to the Liquidity Provider directly if the Liquidity Provider, rather than the participant, had held the interest participated).

(b) If, pursuant to subsection (a) above, the Liquidity Provider sells any participation in this Agreement to any bank or other entity (each, a "Transferee"), then, concurrently with the effectiveness of such transfer, the Transferee shall (i) represent to the Liquidity Provider (for the benefit of the Liquidity Provider and the Borrower) either (A) that it is incorporated under the laws of the United States or a state thereof or (B) that under applicable law and treaties, no taxes will be required to be withheld with respect to any payments to be made to such Transferee in respect of this Agreement, (ii) furnish to the Liquidity Provider and the Borrower either (x) a statement that it is incorporated under the laws of the United States or a state thereof or (y) if it is not so incorporated, two copies of a properly completed United States Internal Revenue Service Form 4224 or Form 1001, as appropriate, or other applicable form, certificate or document prescribed by the Internal Revenue Service certifying, in each case, such Transferee's entitlement to a complete exemption from United States federal withholding tax in respect to any and all payments to be made hereunder, and (iii) agree (for the benefit of the Liquidity Provider and the Borrower) to provide the Liquidity Provider and the Borrower a new Form 4224 or Form 1001, as appropriate, (A) on or before the date that any such form expires or becomes obsolete or (B) after the occurrence of any event requiring a change in the most recent form previously delivered by it and prior to the immediately following due date of any payment by the Borrower hereunder, certifying in the case of a Form 1001 or Form 4224 that such Transferee is entitled to a complete exemption from United States federal withholding tax on payments under this Agreement. Unless the Borrower has received forms or other documents reasonably satisfactory to it (and required by applicable law) indicating that payments hereunder are not subject to United States federal withholding tax, the Borrower will withhold taxes as required by law from such payments at the applicable statutory rate.

(c) Notwithstanding the other provisions of this Section 7.08, the Liquidity Provider may assign and pledge all or any portion of the Advances owing to it to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal Reserve Bank, provided that any payment in respect of such assigned Advances made by the Borrower to the Liquidity Provider in accordance with the terms of this Agreement shall satisfy the

Borrower's obligations hereunder in respect of such assigned Advance to the extent of such payment. No such assignment shall release the Liquidity Provider from its obligations hereunder.

Section 7.09. Severability. Any provision of this Agreement which is prohibited, unenforceable or not authorized in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition, unenforceability or non-authorization without invalidating the remaining provisions hereof or affecting the validity, enforceability or legality of such provision in any other jurisdiction.

Section 7.10. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

Section 7.11. Submission to Jurisdiction; Waiver of Jury Trial; Waiver of Immunity. (a) Each of the parties hereto hereby irrevocably and unconditionally:

- (i) submits for itself and its property in any legal action or proceeding relating to this Agreement or any other Operative Agreement, or for recognition and enforcement of any judgment in respect hereof or thereof, to the nonexclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and the appellate courts from any thereof;

## ARTICLE II

### AMOUNT AND TERMS OF THE COMMITMENT

Section 2.01. The Advances. The Liquidity Provider hereby irrevocably agrees, on the terms and conditions hereinafter set forth, to make Advances to the Borrower from time to time on any Business Day during the period from the Effective Date until 12:00 Noon (New York City time) on the Expiry Date (unless the obligations of the Liquidity Provider shall be earlier terminated in accordance with the terms of Section 2.04(b)) in an aggregate amount at any time outstanding not to exceed the Maximum Commitment.

Section 2.02. Making the Advances. (a) Interest Advances shall be made in one or more Borrowings by delivery to the Liquidity Provider of one or more written and completed Notices of Borrowing in substantially the form of Annex I attached hereto, signed by a Responsible Officer of the Borrower, in an amount not exceeding the Maximum Available Commitment at such time and shall be used solely for the payment when due of the Stated Portion of interest on the Class A Certificates at the Stated Interest Rate therefor in accordance with Section 3.6(a) of the Intercreditor Agreement. Each Interest Advance made hereunder shall automatically reduce the Maximum Available Commitment and the amount available to be borrowed hereunder by subsequent Advances by the amount of such Interest Advance (subject to reinstatement as provided in the next sentence). Upon repayment to the Liquidity Provider in full of the amount of any Interest Advance made pursuant to this Section 2.02(a), together with accrued interest thereon (as provided herein), the Maximum Available Commitment shall be reinstated by the amount of such repaid Interest Advance, but not to exceed the Maximum Commitment; provided, however, that the Maximum Available Commitment shall not be so reinstated at any time if (i) a

Liquidity Event of Default shall have occurred and be continuing and (ii) there is a Performing Note Deficiency.

(b) A Non-Extension Advance shall be made in a single Borrowing if this Agreement is not extended in accordance with Section 3.6(d) of the Intercreditor Agreement (unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(d)) by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex II attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class A Cash Collateral Account in accordance with said Section 3.6(d).

(c) A Downgrade Advance shall be made in a single Borrowing upon a downgrading of the Liquidity Provider's short-term unsecured debt rating issued by either Rating Agency below the Threshold Rating (as provided for in Section 3.6(c) of the Intercreditor Agreement) unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(c), by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex III attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class A Cash Collateral Account in accordance with said Section 3.6(c).

(d) A Final Advance shall be made in a single Borrowing upon the receipt by the Borrower of a Termination Notice from the Liquidity Provider pursuant to Section 6.01 hereof by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex IV attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class A Cash Collateral Account (in accordance with Section 3.6(i) of the Intercreditor Agreement).

(e) Each Borrowing shall be made on notice in writing (a "Notice of Borrowing") in substantially the form required by Section 2.02(a), 2.02(b), 2.02(c) or 2.02(d), as the case may be, given by the Borrower to the Liquidity Provider. If a Notice of Borrowing is delivered by the Borrower in respect of any

Borrowing no later than 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the first Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and immediately available funds, the amount of such Borrowing. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing after 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the second Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified by the Borrower in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and in immediately available funds, the amount of such Borrowing. Payments of proceeds of a Borrowing shall be made by wire transfer of immediately available funds to the Borrower in accordance with such wire transfer instructions as the Borrower shall furnish from time to time to the Liquidity Provider for such purpose. Each Notice of Borrowing shall be irrevocable and binding on the Borrower.

(f) Upon the making of any Advance requested pursuant to a Notice of Borrowing, in accordance with the Borrower's payment instructions, the Liquidity Provider shall be fully discharged of its obligation hereunder with respect to such Notice of Borrowing, and the Liquidity Provider shall not thereafter be obligated to make any further Advances hereunder in respect of such Notice of Borrowing to the Borrower or to any other Person. Following the making of any Advance pursuant to Section 2.02(b), (c) or (d) hereof to fund the ING Sub-Account of the Class A Cash Collateral Account, the Liquidity Provider shall have no interest in or rights to the Class A Cash Collateral Account, any Sub-Account thereof, such Advance or any other amounts from time to time on deposit in the Class A Cash Collateral Account or any Sub-Account thereof; provided that the foregoing shall not affect or impair the obligations of the Subordination Agent to make the distributions contemplated by Section 3.6(e) or (f) of the Intercreditor Agreement. By paying to the Borrower proceeds of Advances requested by the Borrower in accordance with the provisions of this Agreement, the Liquidity

Provider makes no representation as to, and assumes no responsibility for, the correctness or sufficiency for any purpose of the amount of the Advances so made and requested.

Section 2.03. Fees. The Borrower agrees to pay to the Liquidity Provider the fees set forth in the ING Fee Letter.

Section 2.04. Adjustments or Termination of the Maximum Commitment. (a) Automatic Adjustments. Promptly following each date on which the Required Amount is (1) reduced as a result of a reduction in the Pool Balance of the Class A Certificates or otherwise, (2) increased as a result of an increase in the Stated Interest Rate or (3) subsequent to such an increase described in clause (2), reduced pursuant to the definition of "Stated Interest Rate", clause (y) of the definition of Maximum Commitment shall automatically be reduced or increased, as the case may be, to an amount equal to the Stated Portion of the Required Amount (as calculated by the Borrower). The Borrower shall give notice of any such automatic reduction or increase of the Maximum Commitment to the Liquidity Provider within two Business Days thereof. The failure by the Borrower to furnish any such notice shall not affect such automatic reduction or increase of the Maximum Commitment.

(b) Termination. Upon the making of any Provider Advance or Final Advance hereunder or the occurrence of the Termination Date, the obligation of the Liquidity Provider to make further Advances hereunder shall automatically and irrevocably terminate, and the Borrower shall not be entitled to request any further Borrowing hereunder.

Section 2.05. Repayments of Interest Advances or the Final Advance. Subject to Sections 2.06, 2.07 and 2.09 hereof, the Borrower hereby agrees, without notice of an Advance or demand for repayment from the Liquidity Provider (which notice and demand are hereby waived by the Borrower), to pay, or to cause to be paid, to the Liquidity Provider on each date on which the Liquidity Provider shall make an Interest Advance or the Final Advance, an amount equal to (a) the amount of such Advance (any such Advance, until repaid, is referred to herein as an "Unpaid Advance"), plus (b) interest on the amount of each such Unpaid Advance as provided in Section 3.07 hereof; provided that if (i) the Liquidity Provider shall make a Provider Advance at any time after making one or more Interest Advances which shall not have been repaid in accordance with this Section 2.05 or (ii) this Liquidity Facility shall become a Downgraded Facility or

Non-Extended Facility at any time when unreimbursed Interest Advances have reduced the Maximum Available Commitment to zero, then such Interest Advances shall cease to constitute Unpaid Advances and shall be deemed to have been changed into an Applied Downgrade Advance or an Applied Non-Extension Advance, as the case may be, for all purposes of this Agreement (including, without limitation, for the purpose of determining when such Interest Advance is required to be repaid to the Liquidity Provider in accordance with Section 2.06 and for the purposes of Section 2.06(b)). The Borrower and the Liquidity Provider agree that the repayment in full of each Interest Advance and Final Advance on the date such Advance is made is intended to be a contemporaneous exchange for new value given to the Borrower by the Liquidity Provider.

Section 2.06. Repayments of Provider Advances. (a) Amounts advanced hereunder in respect of a Provider Advance shall be deposited in the ING Sub-Account of the Class A Cash Collateral Account, invested and withdrawn from the ING Sub-Account of the Class A Cash Collateral Account as set forth in Sections 3.6(c), (d) and (f) of the Intercreditor Agreement. The Borrower agrees to pay to the Liquidity Provider, on each Regular Distribution Date, commencing on the first Regular Distribution Date after the making of a Provider Advance, interest on the principal amount of any such Provider Advance as provided in Section 3.07; provided, however, that amounts in respect of a Provider Advance withdrawn from the ING Sub-Account of the Class A Cash Collateral Account for the purpose of paying interest on the Class A Certificates in accordance with Section 3.6(f) of the Intercreditor Agreement (the amount of any such withdrawal being (y) in the case of a Downgrade Advance, an "Applied Downgrade Advance" and (z) in the case of a Non-Extension Advance, an "Applied Non-Extension Advance" and, together with an Applied Downgrade Advance, an "Applied Provider Advance") shall thereafter (subject to Section 2.06(b)) be treated as an Interest Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon; provided further, however, that if, following the making of a Provider Advance, the Liquidity Provider delivers a Termination Notice to the Borrower pursuant to Section 6.01 hereof, such Provider Advance shall thereafter be treated as a Final Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon. Subject to Sections 2.07 and 2.09 hereof, immediately upon the withdrawal of any amounts from the ING Sub-Account of the Class A Cash Collateral Account on

account of a reduction in the Required Amount, the Borrower shall repay to the Liquidity Provider a portion of the Provider Advances in a principal amount equal to the Stated Portion of such reduction, plus interest on the principal amount prepaid as provided in Section 3.07 hereof.

(b) At any time when an Applied Provider Advance (or any portion thereof) is outstanding, upon the deposit in the ING Sub-Account of the Class A Cash Collateral Account of any amount pursuant to clause "third" of Section 2.4(b) of the Intercreditor Agreement, clause "third" of Section 3.2 of the Intercreditor Agreement or clause "fourth" of Section 3.3 of the Intercreditor Agreement (any such amount being a "Replenishment Amount") for the purpose of replenishing or increasing the balance thereof up to the Stated Portion of the Required Amount at such time, (i) the aggregate outstanding principal amount of all Applied Provider Advances (and of Provider Advances treated as an Interest Advance for purposes of determining the Applicable Liquidity Rate for interest payable thereon) shall be automatically reduced by the amount of such Replenishment Amount and (ii) the aggregate outstanding principal amount of all Unapplied Provider Advances shall be automatically increased by the amount of such Replenishment Amount.

(c) Upon the provision of a Replacement Liquidity Facility in replacement of this Agreement in accordance with Section 3.6(e) of the Intercreditor Agreement, amounts remaining on deposit in the ING Sub-Account of the Class A Cash Collateral Account after giving effect to any Applied Provider Advance on the date of such replacement shall be reimbursed to the Liquidity Provider, but only to the extent such amounts are necessary to repay in full to the Liquidity Provider all amounts owing to it hereunder.

Section 2.07. Payments to the Liquidity Provider Under the Intercreditor Agreement. In order to provide for payment or repayment to the Liquidity Provider of any amounts hereunder, the Intercreditor Agreement provides that amounts available and referred to in Articles II and III of the Intercreditor Agreement, to the extent payable to the Liquidity Provider pursuant to the terms of the Intercreditor Agreement (including, without limitation, Section 3.6(f) of the Intercreditor Agreement), shall be paid to the Liquidity Provider in accordance with the terms thereof. Amounts so paid to the Liquidity Provider shall be applied by the Liquidity Provider to Liquidity Obligations then due and payable in such manner as it shall deem appropriate.

Section 2.08. Book Entries. The Liquidity Provider shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower resulting from Advances made from time to time and the amounts of principal and interest payable hereunder and paid from time to time in respect thereof; provided, however, that the failure by the Liquidity Provider to maintain such account or accounts shall not affect the obligations of the Borrower in respect of Advances.

Section 2.09. Payments from Available Funds Only. All payments to be made by the Borrower under this Agreement shall be made only from the Stated Portion of amounts that constitute Scheduled Payments, Special Payments or payments under Section 9.1 of the Participation Agreements and Sections 6 and 7 of the Note Purchase Agreement and only to the extent that the Borrower shall have sufficient income or proceeds therefrom to enable the Borrower to make payments in accordance with the terms hereof after giving effect to the priority of payments provisions set forth in the Intercreditor Agreement. The Liquidity Provider agrees that it will look solely to such amounts to the extent available for distribution to it as provided in the Intercreditor Agreement and this Agreement and that the Borrower, in its individual capacity, is not personally liable to it for any amounts payable or liability under this Agreement except as expressly provided in this Agreement, the Intercreditor Agreement or any Participation Agreement. Amounts on deposit in the ING Sub-Account of the Class A Cash Collateral Account shall be available to the Borrower to make payments under this Agreement only to the extent and for the purposes expressly contemplated in Section 3.6(f) of the Intercreditor Agreement. Amounts on deposit in the other Sub-Account in respect of the Class A Certificates shall not be available to make payments under this Agreement.

Section 2.10. Extension of the Expiry Date; Non-Extension Advance. No earlier than the 60th day and no later than the 40th day prior to the then effective Expiry Date (unless such Expiry Date is on or after the date that is 15 days after the Final Maturity Date for the Class A Certificates), the Borrower shall request that the Liquidity Provider extend the Expiry Date for a period of 364 days after the then effective Expiry Date (unless the obligations of the Liquidity Provider are earlier terminated in accordance with the terms hereof). The

Liquidity Provider shall advise the Borrower, no earlier than 40 days and no later than 25 days prior to the then effective Expiry Date, whether, in its sole discretion, it agrees to so extend the Expiry Date. If the Liquidity Provider advises the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall not be so extended, or fails to irrevocably and unconditionally advise the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall be so extended (and, in each case, if the Liquidity Provider shall not have been replaced in accordance with Section 3.6(e) of the Intercreditor Agreement), the Borrower shall be entitled on and after such 25th day (but prior to the then effective Expiry Date) to request a Non-Extension Advance in accordance with Section 2.02(b) hereof and Section 3.6(d) of the Intercreditor Agreement.

### ARTICLE III

#### OBLIGATIONS OF THE BORROWER

Section 3.01. Increased Costs. Subject to the ING Fee Letter, the Borrower shall pay to the Liquidity Provider from time to time such amounts as may be necessary to compensate the Liquidity Provider for any increased costs incurred by the Liquidity Provider which are attributable to its making or maintaining any LIBOR Advances hereunder or its obligation to make any such Advances hereunder, or any reduction in any amount receivable by the Liquidity Provider under this Agreement or the Intercreditor Agreement in respect of any such Advances or such obligation (such increases in costs and reductions in amounts receivable being herein called "Additional Costs"), resulting from any change after the date of this Agreement in U.S. federal, state, municipal, or foreign laws or regulations (including Regulation D), or the adoption or making after the date of this Agreement of any interpretations, directives, or requirements applying to a class of banks including the Liquidity Provider under any U.S. federal, state, municipal, or any foreign laws or regulations (whether or not having the force of law) by any court, central bank or monetary authority charged with the interpretation or administration thereof (a "Regulatory Change"), which: (1) changes the basis of taxation of any amounts payable to the Liquidity Provider under this Agreement in respect of any such Advances (other than Excluded Taxes); or (2) imposes or modifies any reserve, special deposit, compulsory loan or similar requirements relating to any extensions of credit or other assets of, or any deposits with other liabilities of, the Liquidity

Provider (including any such Advances or any deposits referred to in the definition of LIBOR Rate or related definitions). The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.01 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.01 of the effect of any Regulatory Change on its costs of making or maintaining Advances or on amounts receivable by it in respect of Advances, and of the additional amounts required to compensate the Liquidity Provider in respect of any Additional Costs, shall be prima facie evidence of the amount owed under this Section.

Section 3.02. Capital Adequacy. Subject to the ING Fee Letter, if (1) the adoption, after the date hereof, of any applicable governmental law, rule or regulation regarding capital adequacy, (2) any change, after the date hereof, in the interpretation or administration of any such law, rule or regulation by any central bank or other governmental authority charged with the interpretation or administration thereof or (3) compliance by the Liquidity Provider or any corporation controlling the Liquidity Provider with any applicable guideline or request of general applicability, issued after the date hereof, by any central bank or other governmental authority (whether or not having the force of law) that constitutes a change of the nature described in clause (2), has the effect of requiring an increase in the amount of capital required to be maintained by the Liquidity Provider or any corporation controlling the Liquidity Provider, and such increase is based upon the Liquidity Provider's obligations hereunder and other similar obligations, the Borrower shall pay to the Liquidity Provider from time to time such additional amount or amounts as are necessary to compensate the Liquidity Provider for such portion of such increase as shall be reasonably allocable to the Liquidity Provider's obligations to the Borrower hereunder. The

Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise materially disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.02 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.02 of the effect of any increase in the amount of capital required to be maintained by the bank and of the amount allocable to the Liquidity Provider's obligations to the Borrower hereunder shall be prima facie evidence of the amounts owed under this Section.

Section 3.03. Payments Free of Deductions. (a) All payments made by the Borrower under this Agreement shall be made free and clear of, and without reduction for or on account of, any present or future stamp or other taxes, levies, imposts, duties, charges, fees, deductions, withholdings, restrictions or conditions of any nature whatsoever now or hereafter imposed, levied, collected, withheld or assessed, excluding Excluded Taxes (such non-excluded taxes being referred to herein, collectively, as "Non-Excluded Taxes" and, individually, as a "Non-Excluded Tax"). If any Non-Excluded Taxes are required to be withheld from any amounts payable to the Liquidity Provider under this Agreement, the amounts so payable to the Liquidity Provider shall be increased to the extent necessary to yield to the Liquidity Provider (after payment of all Non-Excluded Taxes) interest or any other such amounts payable under this Agreement at the rates or in the amounts specified in this Agreement. The Liquidity Provider agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider. From time to time upon the reasonable request of the Borrower, the Liquidity Provider agrees to provide to the Borrower two original Internal

Revenue Service Forms 1001 or 4224, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that the Liquidity Provider is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement.

(b) All payments (including, without limitation, Advances) made by the Liquidity Provider under this Agreement shall be made free and clear of, and without reduction for or on account of, any Taxes. If any Taxes are required to be withheld or deducted from any amounts payable to the Borrower under this Agreement, the Liquidity Provider shall (i) within the time prescribed therefor by applicable law pay to the appropriate governmental or taxing authority the full amount of any such Taxes (and any additional Taxes in respect of the payment required under clause (ii) hereof) and make such reports or returns in connection therewith at the time or times and in the manner prescribed by applicable law, and (ii) pay to the Borrower an additional amount which (after deduction of all such Taxes) will be sufficient to yield to the Borrower the full amount which would have been received by it had no such withholding or deduction been made. Within 30 days after the date of each payment hereunder, the Liquidity Provider shall furnish to the Borrower the original or a certified copy of (or other documentary evidence of) the payment of the Taxes applicable to such payment.

Section 3.04. Payments. The Borrower shall make or cause to be made each payment to the Liquidity Provider under this Agreement so as to cause the same to be received by the Liquidity Provider not later than 1:00 P.M. (New York City time) on the day when due. The Borrower shall make all such payments in lawful money of the United States of America, to the Liquidity Provider in immediately available funds, by wire transfer to Northern Trust Company of New York, One World Trade Center, Suite 3941, New York, New York 10048, Account No. 105981-20010, Account Name: ING Lease (Ireland) B.V., as agent for ING Bank N.V.

Section 3.05. Computations. All computations of interest based on the Base Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on the LIBOR Rate shall be made on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable.

Section 3.06. Payment on Non-Business Days. Whenever any payment to be made hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day and no additional interest shall be due as a result (and if so made, shall be deemed to have been made when due). If any payment in respect of interest on an Advance is so deferred to the next succeeding Business Day, such deferral shall not delay the commencement of the next Interest Period for such Advance (if such Advance is a LIBOR Advance) or reduce the number of days for which interest will be payable on such Advance on the next interest payment date for such Advance.

Section 3.07. Interest. (a) Subject to Section 2.09, the Borrower shall pay, or shall cause to be paid, without duplication, interest on (i) the unpaid principal amount of each Advance from and including the date of such Advance (or, in the case of an Applied Provider Advance, from and including the date on which the amount thereof was withdrawn from the ING Sub-Account of the Class A Cash Collateral Account to pay interest on the Class A Certificates) to but excluding the date such principal amount shall be paid in full (or, in the case of an Applied Provider Advance, the date on which the ING Sub-Account of the Class A Cash Collateral Account is fully replenished in respect of such Advance) and (ii) any other amount due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by law, installments of interest on Advances or any such other amount) which is not paid when due (whether at stated maturity, by acceleration or otherwise) from and including the due date thereof to but excluding the date such amount is paid in full, in each such case, at a fluctuating interest rate per annum for each day equal to the Applicable Liquidity Rate (as defined below) for such Advance or such other amount as in effect for such day, but in no event at a rate per annum greater than the maximum rate permitted by applicable law; provided, however, that, if at any time the otherwise applicable interest rate as set forth in this Section 3.07 shall exceed the maximum rate permitted by applicable law, then any subsequent reduction in such interest rate will not reduce the rate of interest payable pursuant to this Section 3.07 below the maximum rate permitted by applicable law until the total amount of interest accrued equals the amount of interest that would have accrued if such otherwise applicable interest rate as set forth in this Section 3.07 had at all times been in effect.

(b) Except as provided in clause (e) below, each Advance will be either a Base Rate Advance or a LIBOR Advance as

provided in this Section. Each such Advance will be a Base Rate Advance for the period from the date of its borrowing to (but excluding) the third Business Day following the Liquidity Provider's receipt of the Notice of Borrowing for such Advance. Thereafter, such Advance shall be a LIBOR Advance; provided that the Borrower (at the direction of the Controlling Party) may convert the Final Advance into a Base Rate Advance on the last day of an Interest Period for such Advance by giving the Liquidity Provider no less than four Business Days' prior written notice of such election.

(c) Each LIBOR Advance shall bear interest during each Interest Period at a rate per annum equal to the LIBOR Rate for such Interest Period plus the Applicable Margin for such LIBOR Advance, payable in arrears on the last day of such Interest Period and, in the event of the payment of principal of such LIBOR Advance on a day other than such last day, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(d) Each Base Rate Advance shall bear interest at a rate per annum equal to the Base Rate plus the Applicable Margin for such Base Rate Advance, payable in arrears on each Regular Distribution Date and, in the event of the payment of principal of such Base Rate Advance on a day other than a Regular Distribution Date, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(e) Each Unapplied Downgrade Advance (i) during the period from and including the date of the making of such Unapplied Downgrade Advance through but excluding the Expiry Date (or, if earlier, the date of repayment thereof or of conversion thereof into a Final Advance), shall bear interest in an amount equal to the Investment Earnings on amounts on deposit in the ING Sub-Account of the Class A Cash Collateral Account for such period plus .35% per annum on the amount of such Unapplied Downgrade Advance from time to time during such period, payable in arrears on each Regular Distribution Date and (ii) thereafter, shall be a LIBOR Advance and shall bear interest in accordance with clause (c) above.

(f) Each amount not paid when due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by applicable law, installments of interest on Advances but excluding Advances) shall bear interest at a rate per annum equal to the Base Rate plus 2.00% until paid.

(g) Each change in the Base Rate shall become effective immediately. The rates of interest specified in this Section 3.07 with respect to any Advance or other amount shall be referred to as the "Applicable Liquidity Rate".

Section 3.08. Replacement of Borrower. From time to time and subject to the successor Borrower's meeting the eligibility requirements set forth in Section 6.9 of the Intercreditor Agreement applicable to the Subordination Agent, upon the effective date and time specified in a written and completed Notice of Replacement Subordination Agent in substantially the form of Annex VI attached hereto (a "Notice of Replacement Subordination Agent") delivered to the Liquidity Provider by the then Borrower, the successor Borrower designated therein shall be substituted for as the Borrower for all purposes hereunder.

Section 3.09. Funding Loss Indemnification. The Borrower shall pay to the Liquidity Provider, upon the request of the Liquidity Provider, such amount or amounts as shall be sufficient (in the reasonable opinion of the Liquidity Provider) to compensate it for any loss, cost, or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by the Liquidity Provider to fund or maintain any LIBOR Advance (but excluding loss of anticipated profits) incurred as a result of:

(1) Any repayment of a LIBOR Advance on a date other than the last day of the Interest Period for such Advance; or

(2) Any failure by the Borrower to borrow a LIBOR Advance on the date for borrowing specified in the relevant notice under Section 2.02.

Section 3.10. Illegality. Notwithstanding any other provision in this Agreement, if any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by the Liquidity Provider (or its Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for the Liquidity Provider (or its Lending Office) to maintain or fund its LIBOR Advances, then upon notice to the Borrower by the

Liquidity Provider, the outstanding principal amount of the LIBOR Advances shall be converted to Base Rate Advances (a) immediately upon demand of the Liquidity Provider, if such change or compliance with such request, in the judgment of the Liquidity Provider, requires immediate repayment; or (b) at the expiration of the last Interest Period to expire before the effective date of any such change or request.

Section 4.02. Conditions Precedent to Borrowing. The obligation of the Liquidity Provider to make an Advance on the occasion of each Borrowing shall be subject to the conditions precedent that the Effective Date shall have occurred and, prior to the date of such Borrowing, the Borrower shall have delivered a Notice of Borrowing which conforms to the terms and conditions of this Agreement and has been completed as may be required by the relevant form of the Notice of Borrowing for the type of Advances requested.

The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Section 7.04. Further Assurances. The Borrower agrees to do such further acts and things and to execute and deliver to the Liquidity Provider such additional assignments, agreements, powers and instruments as the Liquidity Provider may reasonably require or deem advisable to carry into effect the purposes of this Agreement and the other Operative Agreements or to better assure and confirm unto the Liquidity Provider its rights, powers and remedies hereunder and under the other Operative Agreements.

Section 7.05. Indemnification; Survival of Certain Provisions. The Liquidity Provider shall be indemnified hereunder to the extent and in the manner described in Section 10.1 of the Participation Agreements and Section 6 of the Note Purchase Agreement. In addition, the Borrower agrees to indemnify, protect, defend and hold harmless the Liquidity

Provider from, against and in respect of, and shall pay on demand, all Expenses of any kind or nature whatsoever (other than any Expenses of the nature described in Sections 3.01, 3.02 or 7.07 hereof or in the ING Fee Letter (regardless of whether indemnified against pursuant to said Sections or in such Fee Letter)), that may be imposed, incurred by or asserted against any Liquidity Indemnitee, in any way relating to, resulting from, or arising out of or in connection with any action, suit or proceeding by any third party against such Liquidity Indemnitee and relating to this Agreement, the ING Fee Letter, the Intercreditor Agreement or any Financing Agreement; provided, however, that the Borrower shall not be required to indemnify, protect, defend and hold harmless any Liquidity Indemnitee in respect of any Expense of such Liquidity Indemnitee (i) to the extent such Expense is attributable to the gross negligence or willful misconduct of such Liquidity Indemnitee or any other Liquidity Indemnitee, (ii) that is ordinary and usual operating overhead expense, and (iii) to the extent such Expense is attributable to the failure by such Liquidity Indemnitee or any other Liquidity Indemnitee to perform or observe any agreement, covenant or condition on its part to be performed or observed in this Agreement, the Intercreditor Agreement, the ING Fee Letter, the Tax Letter or any other Operative Document to which it is a party. The indemnities contained in such Section 10.1, and the provisions of Sections 3.01, 3.02, 3.03, 3.09, 7.05 and 7.07 hereof, shall survive the termination of this Agreement.

Section 7.06. Liability of the Liquidity Provider. (a)

Neither the Liquidity Provider nor any of its officers, employees, directors or affiliates shall be liable or responsible for: (i) the use which may be made of the Advances or any acts or omissions of the Borrower or any beneficiary or transferee in connection therewith; (ii) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; or (iii) the making of Advances by the Liquidity Provider against delivery of a Notice of Borrowing and other documents which do not comply with the terms hereof; provided, however, that the Borrower shall have a claim against the Liquidity Provider, and the Liquidity Provider shall be liable to the Borrower, to the extent of any damages suffered by the Borrower which were the result of (A) the Liquidity Provider's willful misconduct or negligence in determining whether documents presented hereunder comply with the terms hereof, or (B) any breach by the Liquidity Provider of any

of the terms of this Agreement, including, but not limited to, the Liquidity Provider's failure to make lawful payment hereunder after the delivery to it by the Borrower of a Notice of Borrowing strictly complying with the terms and conditions hereof.

(b) Neither the Liquidity Provider nor any of its officers, employees, director or affiliates shall be liable or responsible in any respect for (i) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with this Agreement or any Notice of Borrowing delivered hereunder, or (ii) any action, inaction or omission which may be taken by it in good faith, absent willful misconduct or negligence (in which event the extent of the Liquidity Provider's potential liability to the Borrower shall be limited as set forth in the immediately preceding paragraph), in connection with this Agreement or any Notice of Borrowing.

Section 7.07. Costs, Expenses and Taxes. The Borrower agrees to pay, or cause to be paid (A) on the Effective Date and on such later date or dates on which the Liquidity Provider shall make demand, all reasonable out-of-pocket costs and expenses (including, without limitation, the reasonable fees and expenses of outside counsel for the Liquidity Provider) of the Liquidity Provider in connection with the preparation, negotiation, execution, delivery, filing and recording of this Agreement, any other Operative Agreement and any other documents which may be delivered in connection with this Agreement and (B) on demand, all reasonable costs and expenses (including reasonable counsel fees and expenses) of the Liquidity Provider in connection with (i) the enforcement of this Agreement or any other Operative Agreement, (ii) the modification or amendment of, or supplement to, this Agreement or any other Operative Agreement or such other documents which may be delivered in connection herewith or therewith (whether or not the same shall become effective) or (iii) any action or proceeding relating to any order, injunction, or other process or decree restraining or seeking to restrain the Liquidity Provider from paying any amount under this Agreement, the Intercreditor Agreement or any other Operative Agreement or otherwise affecting the application of funds in the Cash Collateral Accounts. In addition, the Borrower shall pay any and all recording, stamp and other similar taxes and fees payable or determined to be payable in connection with the execution, delivery, filing and recording of this Agreement, any other Operative Agreement and such other documents, and agrees to save the Liquidity Provider harmless from and against any and all liabilities with respect to or resulting from any delay in paying or omission to pay such taxes or fees.

Section 7.08. Binding Effect; Participations. (a) This Agreement shall be binding upon and inure to the benefit of the Borrower and the Liquidity Provider and their respective successors and assigns, except that neither the Liquidity Provider (except as otherwise provided in this Section 7.08) nor (except as contemplated by Section 3.08) the Borrower shall have the right to assign its rights or obligations hereunder or any interest herein without the prior written consent of the other party, subject to the requirements of Section 7.08(b). The Liquidity Provider may grant participations herein or in any of its rights hereunder (including, without limitation, funded participations and participations in rights to receive interest payments hereunder) and under the other Operative Agreements to such Persons as the Liquidity Provider may in its sole discretion select, subject to the requirements of Section 7.08(b). No such participation by the Liquidity Provider, however, will relieve the Liquidity Provider of its obligations hereunder. In connection with any participation or any proposed participation, the Liquidity Provider may disclose to the participant or the proposed participant any information that the Borrower is required to deliver or to disclose to the Liquidity Provider pursuant to this Agreement. The Borrower acknowledges and agrees that the Liquidity Provider's source of funds may derive in part from its participants (other than Continental). Accordingly, references in this Agreement and the other Operative Agreements to determinations, reserve and capital adequacy requirements, increased costs, reduced receipts, additional amounts due pursuant to Section 3.03(a) and the like as they pertain to the Liquidity Provider shall be deemed also to include those of each of its participants (subject, in each case, to the maximum amount that would have been incurred by or attributable to the Liquidity Provider directly if the Liquidity Provider, rather than the participant, had held the interest participated).

(b) If, pursuant to subsection (a) above, the Liquidity Provider sells any participation in this Agreement to any bank or other entity (each, a "Transferee"), then, concurrently with the effectiveness of such transfer, the Transferee shall (i) represent to the Liquidity Provider (for the benefit of the Liquidity Provider and the Borrower) either (A) that it is incorporated under the laws of the United States or a state thereof or (B) that under applicable law and treaties, no taxes will be required to be withheld with respect to any

payments to be made to such Transferee in respect of this Agreement, (ii) furnish to the Liquidity Provider and the Borrower either (x) a statement that it is incorporated under the laws of the United States or a state thereof or (y) if it is not so incorporated, two copies of a properly completed United States Internal Revenue Service Form 4224 or Form 1001, as appropriate, or other applicable form, certificate or document prescribed by the Internal Revenue Service certifying, in each case, such Transferee's entitlement to a complete exemption from United States federal withholding tax in respect to any and all payments to be made hereunder, and (iii) agree (for the benefit of the Liquidity Provider and the Borrower) to provide the Liquidity Provider and the Borrower a new Form 4224 or Form 1001, as appropriate, (A) on or before the date that any such form expires or becomes obsolete or (B) after the occurrence of any event requiring a change in the most recent form previously delivered by it and prior to the immediately following due date of any payment by the Borrower hereunder, certifying in the case of a Form 1001 or Form 4224 that such Transferee is entitled to a complete exemption from United States federal withholding tax on payments under this Agreement. Unless the Borrower has received forms or other documents reasonably satisfactory to it (and required by applicable law) indicating that payments hereunder are not subject to United States federal withholding tax, the Borrower will withhold taxes as required by law from such payments at the applicable statutory rate.

(c) Notwithstanding the other provisions of this Section 7.08, the Liquidity Provider may assign and pledge all or any portion of the Advances owing to it to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal Reserve Bank, provided that any payment in respect of such assigned Advances made by the Borrower to the Liquidity Provider in accordance with the terms of this Agreement shall satisfy the Borrower's obligations hereunder in respect of such assigned Advance to the extent of such payment. No such assignment shall release the Liquidity Provider from its obligations hereunder.

(d) Notwithstanding the other provisions of this Section 7.08, if at any time after the date hereof the Borrower shall withhold taxes as required by law from any payments made to the Liquidity Provider, the Liquidity Provider may assign all (but not less than all) of its rights and obligations under this Agreement to the New York Branch of ING Bank N.V. ( the "ING

Transferee"); provided, that it shall be a condition to any such transfer that (i) the ING Transferee enters into an agreement in form and substance reasonably satisfactory to the Borrower pursuant to which the ING Transferee assumes all of the obligations of the Liquidity Provider hereunder, under the Intercreditor Agreement, the ING Fee Letter and the Tax Letter, (ii) the ING Transferee delivers an opinion to the Borrower and each of the Rating Agencies in form and substance reasonably satisfactory to the Borrower opining that this Agreement, the Intercreditor Agreement, the ING Fee Letter and the Tax Letter are enforceable obligations of the ING Transferee, (iii) the Liquidity Provider shall have delivered to the Borrower a Ratings Confirmation with respect to such transfer from each Rating Agency, (iv) the ING Transferee shall satisfy each of the requirements in respect of a Transferee set forth in Section 7.08(b) and (v) the Liquidity Provider shall pay all fees and expenses (including, without limitation, legal fees and disbursements) of the Borrower in connection with such transfer. Upon the satisfaction of the conditions set forth in this Section 7.08(d), the ING Transferee shall be deemed to be the Liquidity Provider with the rights and obligations of the Liquidity Provider hereunder and under the other Operative Agreements.

Section 7.09. Severability. Any provision of this Agreement which is prohibited, unenforceable or not authorized in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition, unenforceability or non-authorization without invalidating the remaining provisions hereof or affecting the validity, enforceability or legality of such provision in any other jurisdiction.

Section 7.10. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

Section 7.11. Submission to Jurisdiction; Waiver of Jury Trial; Waiver of Immunity. (a) Each of the parties hereto hereby irrevocably and unconditionally:

(i) submits for itself and its property in any legal action or proceeding relating to this Agreement or any other Operative Agreement, or for recognition and enforcement of any judgment in respect hereof or thereof, to the nonexclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and the appellate courts from any thereof;

(ii) consents that any such action or proceeding may be brought in such courts, and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(iii) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form and mail), postage prepaid, to each party hereto at its address set forth in Section 7.02 hereof, or at such other address of which the Liquidity Provider shall have been notified pursuant thereto; and

(iv) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

(b) THE BORROWER AND THE LIQUIDITY PROVIDER EACH HEREBY AGREE TO WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY DEALINGS BETWEEN THEM RELATING TO THE SUBJECT MATTER OF THIS AGREEMENT AND THE RELATIONSHIP THAT IS BEING ESTABLISHED, including, without limitation, contract claims, tort claims, breach of duty claims and all other common law and statutory claims. The Borrower and the Liquidity Provider each warrant and represent that it has reviewed this waiver with its legal counsel, and that it knowingly and voluntarily waives its jury trial rights following consultation with such legal counsel. THIS WAIVER IS IRREVOCABLE, AND CANNOT BE MODIFIED EITHER ORALLY OR IN WRITING, AND THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.

(c) The Liquidity Provider hereby waives any immunity it may have from the jurisdiction of the courts of the United States or of any State and waives any immunity any of its properties located in the United States may have from attachment or execution upon a judgment entered by any such court under the United States Foreign Sovereign Immunities Act of 1976 or any similar successor legislation.

Section 7.12. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto on separate counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute but one and the same Agreement.

Section 7.13. Entirety. This Agreement, the Intercreditor Agreement and the other Operative Agreements to which the Liquidity Provider is a party constitute the entire agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior understandings and agreements of such parties.

Section 7.14. Headings. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose.

Section 7.15. Transfer. The Liquidity Provider hereby acknowledges and consents to the Transfer contemplated by the Assignment and Assumption Agreement.

Section 7.16. LIQUIDITY PROVIDER'S OBLIGATION TO MAKE ADVANCES. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE OBLIGATIONS OF THE LIQUIDITY PROVIDER TO MAKE ADVANCES HEREUNDER, AND THE BORROWER'S RIGHTS TO DELIVER NOTICES OF BORROWING REQUESTING THE MAKING OF ADVANCES HEREUNDER, SHALL BE UNCONDITIONAL AND IRREVOCABLE, AND SHALL BE PAID OR PERFORMED, IN EACH CASE STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the date first set forth above.

## ARTICLE II

### AMOUNT AND TERMS OF THE COMMITMENT

Section 2.01. The Advances. The Liquidity Provider hereby irrevocably agrees, on the terms and conditions hereinafter set forth, to make Advances to the Borrower from time to time on any Business Day during the period from the Effective Date until 12:00 Noon (New York City time) on the Expiry Date (unless the obligations of the Liquidity Provider shall be earlier terminated in accordance with the terms of Section 2.04(b)) in an aggregate amount at any time outstanding not to exceed the Maximum Commitment.

Section 2.02. Making the Advances. (a) Interest Advances shall be made in one or more Borrowings by delivery to the Liquidity Provider of one or more written and completed Notices of Borrowing in substantially the form of Annex I attached hereto, signed by a Responsible Officer of the Borrower, in an amount not exceeding the Maximum Available Commitment at such time and shall be used solely for the payment when due of the Stated Portion of interest on the Class B Certificates at the Stated Interest Rate therefor in accordance with Section 3.6(a) of the Intercreditor Agreement. Each Interest Advance made hereunder shall automatically reduce the Maximum Available Commitment and the amount available to be borrowed hereunder by subsequent Advances by the amount of such Interest Advance

(subject to reinstatement as provided in the next sentence). Upon repayment to the Liquidity Provider in full of the amount of any Interest Advance made pursuant to this Section 2.02(a), together with accrued interest thereon (as provided herein), the Maximum Available Commitment shall be reinstated by the amount of such repaid Interest Advance, but not to exceed the Maximum Commitment; provided, however, that the Maximum Available Commitment shall not be so reinstated at any time if (i) a Liquidity Event of Default shall have occurred and be continuing and (ii) there is a Performing Note Deficiency.

(b) A Non-Extension Advance shall be made in a single Borrowing if this Agreement is not extended in accordance with Section 3.6(d) of the Intercreditor Agreement (unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(d)) by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex II attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class B Cash Collateral Account in accordance with said Section 3.6(d).

(c) A Downgrade Advance shall be made in a single Borrowing upon a downgrading of the Liquidity Provider's short-term unsecured debt rating issued by either Rating Agency below the Threshold Rating (as provided for in Section 3.6(c) of the Intercreditor Agreement) unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(c), by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex III attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class B Cash Collateral Account in accordance with said Section 3.6(c).

(d) A Final Advance shall be made in a single Borrowing upon the receipt by the Borrower of a Termination Notice from the Liquidity Provider pursuant to Section 6.01 hereof by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex IV attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment

at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class B Cash Collateral Account (in accordance with Section 3.6(i) of the Intercreditor Agreement).

(e) Each Borrowing shall be made on notice in writing (a "Notice of Borrowing") in substantially the form required by Section 2.02(a), 2.02(b), 2.02(c) or 2.02(d), as the case may be, given by the Borrower to the Liquidity Provider. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing no later than 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the first Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and immediately available funds, the amount of such Borrowing. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing after 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the second Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified by the Borrower in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and in immediately available funds, the amount of such Borrowing. Payments of proceeds of a Borrowing shall be made by wire transfer of immediately available funds to the Borrower in accordance with such wire transfer instructions as the Borrower shall furnish from time to time to the Liquidity Provider for such purpose. Each Notice of Borrowing shall be irrevocable and binding on the Borrower.

(f) Upon the making of any Advance requested pursuant to a Notice of Borrowing, in accordance with the Borrower's payment instructions, the Liquidity Provider shall be fully discharged of its obligation hereunder with respect to such Notice of Borrowing, and the Liquidity Provider shall not thereafter be obligated to make any further Advances hereunder in respect of such Notice of Borrowing to the Borrower or to any other Person. Following the making of any Advance pursuant to Section 2.02(b), (c) or (d) hereof to fund the ABN AMRO Sub-Account of the Class B Cash Collateral Account, the Liquidity

Provider shall have no interest in or rights to the Class B Cash Collateral Account, any Sub-Account thereof, such Advance or any other amounts from time to time on deposit in the Class B Cash Collateral Account or any Sub-Account thereof; provided that the foregoing shall not affect or impair the obligations of the Subordination Agent to make the distributions contemplated by Section 3.6(e) or (f) of the Intercreditor Agreement. By paying to the Borrower proceeds of Advances requested by the Borrower in accordance with the provisions of this Agreement, the Liquidity Provider makes no representation as to, and assumes no responsibility for, the correctness or sufficiency for any purpose of the amount of the Advances so made and requested.

Section 2.03. Fees. The Borrower agrees to pay to the Liquidity Provider the fees set forth in the ABN AMRO Fee Letter.

Section 2.04. Adjustments or Termination of the Maximum Commitment. (a) Automatic Adjustments. Promptly following each date on which the Required Amount is (1) reduced as a result of a reduction in the Pool Balance of the Class B Certificates or otherwise, (2) increased as a result of an increase in the Stated Interest Rate or (3) subsequent to such an increase described in clause (2), reduced pursuant to the definition of "Stated Interest Rate", clause (y) of the definition of Maximum Commitment shall automatically be reduced or increased, as the case may be, to an amount equal to the Stated Portion of the Required Amount (as calculated by the Borrower). The Borrower shall give notice of any such automatic reduction or increase of the Maximum Commitment to the Liquidity Provider within two Business Days thereof. The failure by the Borrower to furnish any such notice shall not affect such automatic reduction or increase of the Maximum Commitment.

(b) Termination. Upon the making of any Provider Advance or Final Advance hereunder or the occurrence of the Termination Date, the obligation of the Liquidity Provider to make further Advances hereunder shall automatically and irrevocably terminate, and the Borrower shall not be entitled to request any further Borrowing hereunder.

Section 2.05. Repayments of Interest Advances or the Final Advance. Subject to Sections 2.06, 2.07 and 2.09 hereof, the Borrower hereby agrees, without notice of an Advance or demand for repayment from the Liquidity Provider (which notice and demand are hereby waived by the Borrower), to pay, or to

cause to be paid, to the Liquidity Provider on each date on which the Liquidity Provider shall make an Interest Advance or the Final Advance, an amount equal to (a) the amount of such Advance (any such Advance, until repaid, is referred to herein as an "Unpaid Advance"), plus (b) interest on the amount of each such Unpaid Advance as provided in Section 3.07 hereof; provided that if (i) the Liquidity Provider shall make a Provider Advance at any time after making one or more Interest Advances which shall not have been repaid in accordance with this Section 2.05 or (ii) this Liquidity Facility shall become a Downgraded Facility or Non-Extended Facility at any time when unreimbursed Interest Advances have reduced the Maximum Available Commitment to zero, then such Interest Advances shall cease to constitute Unpaid Advances and shall be deemed to have been changed into an Applied Downgrade Advance or an Applied Non-Extension Advance, as the case may be, for all purposes of this Agreement (including, without limitation, for the purpose of determining when such Interest Advance is required to be repaid to the Liquidity Provider in accordance with Section 2.06 and for the purposes of Section 2.06(b)). The Borrower and the Liquidity Provider agree that the repayment in full of each Interest Advance and Final Advance on the date such Advance is made is intended to be a contemporaneous exchange for new value given to the Borrower by the Liquidity Provider.

Section 2.06. Repayments of Provider Advances. (a) Amounts advanced hereunder in respect of a Provider Advance shall be deposited in the ABN AMRO Sub-Account of the Class B Cash Collateral Account, invested and withdrawn from the ABN AMRO Sub-Account of the Class B Cash Collateral Account as set forth in Sections 3.6(c), (d) and (f) of the Intercreditor Agreement. The Borrower agrees to pay to the Liquidity Provider, on each Regular Distribution Date, commencing on the first Regular Distribution Date after the making of a Provider Advance, interest on the principal amount of any such Provider Advance as provided in Section 3.07; provided, however, that amounts in respect of a Provider Advance withdrawn from the ABN AMRO Sub-Account of the Class B Cash Collateral Account for the purpose of paying interest on the Class B Certificates in accordance with Section 3.6(f) of the Intercreditor Agreement (the amount of any such withdrawal being (y) in the case of a Downgrade Advance, an "Applied Downgrade Advance" and (z) in the case of a Non-Extension Advance, an "Applied Non-Extension Advance" and, together with an Applied Downgrade Advance, an "Applied Provider Advance") shall thereafter (subject to Section 2.06(b)) be

treated as an Interest Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon; provided further, however, that if, following the making of a Provider Advance, the Liquidity Provider delivers a Termination Notice to the Borrower pursuant to Section 6.01 hereof, such Provider Advance shall thereafter be treated as a Final Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon. Subject to Sections 2.07 and 2.09 hereof, immediately upon the withdrawal of any amounts from the ABN AMRO Sub-Account of the Class B Cash Collateral Account on account of a reduction in the Required Amount, the Borrower shall repay to the Liquidity Provider a portion of the Provider Advances in a principal amount equal to the Stated Portion of such reduction, plus interest on the principal amount prepaid as provided in Section 3.07 hereof.

(b) At any time when an Applied Provider Advance (or any portion thereof) is outstanding, upon the deposit in the ABN AMRO Sub-Account of the Class B Cash Collateral Account of any amount pursuant to clause "third" of Section 2.4(b) of the Intercreditor Agreement, clause "third" of Section 3.2 of the Intercreditor Agreement or clause "fourth" of Section 3.3 of the Intercreditor Agreement (any such amount being a "Replenishment Amount") for the purpose of replenishing or increasing the balance thereof up to the Stated Portion of the Required Amount at such time, (i) the aggregate outstanding principal amount of all Applied Provider Advances (and of Provider Advances treated as an Interest Advance for purposes of determining the Applicable Liquidity Rate for interest payable thereon) shall be automatically reduced by the amount of such Replenishment Amount and (ii) the aggregate outstanding principal amount of all Unapplied Provider Advances shall be automatically increased by the amount of such Replenishment Amount.

(c) Upon the provision of a Replacement Liquidity Facility in replacement of this Agreement in accordance with Section 3.6(e) of the Intercreditor Agreement, amounts remaining on deposit in the ABN AMRO Sub-Account of the Class B Cash Collateral Account after giving effect to any Applied Provider Advance on the date of such replacement shall be reimbursed to the Liquidity Provider, but only to the extent such amounts are necessary to repay in full to the Liquidity Provider all amounts owing to it hereunder.

Section 2.07. Payments to the Liquidity Provider Under the Intercreditor Agreement. In order to provide for payment or repayment to the Liquidity Provider of any amounts hereunder, the Intercreditor Agreement provides that amounts available and referred to in Articles II and III of the Intercreditor Agreement, to the extent payable to the Liquidity Provider pursuant to the terms of the Intercreditor Agreement (including, without limitation, Section 3.6(f) of the Intercreditor Agreement), shall be paid to the Liquidity Provider in accordance with the terms thereof. Amounts so paid to the Liquidity Provider shall be applied by the Liquidity Provider to Liquidity Obligations then due and payable in such manner as it shall deem appropriate.

Section 2.08. Book Entries. The Liquidity Provider shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower resulting from Advances made from time to time and the amounts of principal and interest payable hereunder and paid from time to time in respect thereof; provided, however, that the failure by the Liquidity Provider to maintain such account or accounts shall not affect the obligations of the Borrower in respect of Advances.

Section 2.09. Payments from Available Funds Only. All payments to be made by the Borrower under this Agreement shall be made only from the Stated Portion of amounts that constitute Scheduled Payments, Special Payments or payments under Section 9.1 of the Participation Agreements and Sections 6 and 7 of the Note Purchase Agreement and only to the extent that the Borrower shall have sufficient income or proceeds therefrom to enable the Borrower to make payments in accordance with the terms hereof after giving effect to the priority of payments provisions set forth in the Intercreditor Agreement. The Liquidity Provider agrees that it will look solely to such amounts to the extent available for distribution to it as provided in the Intercreditor Agreement and this Agreement and that the Borrower, in its individual capacity, is not personally liable to it for any amounts payable or liability under this Agreement except as expressly provided in this Agreement, the Intercreditor Agreement or any Participation Agreement. Amounts on deposit in the ABN AMRO Sub-Account of the Class B Cash Collateral Account shall be available to the Borrower to make payments under this Agreement only to the extent and for the purposes expressly contemplated in Section 3.6(f) of the Intercreditor Agreement. Amounts on deposit in the other Sub-Account in respect of the Class B

Certificates shall not be available to make payments under this Agreement.

Section 2.10. Extension of the Expiry Date; Non-Extension Advance. No earlier than the 60th day and no later than the 40th day prior to the then effective Expiry Date (unless such Expiry Date is on or after the date that is 15 days after the Final Maturity Date for the Class B Certificates), the Borrower shall request that the Liquidity Provider extend the Expiry Date for a period of 364 days after the then effective Expiry Date (unless the obligations of the Liquidity Provider are earlier terminated in accordance with the terms hereof). The Liquidity Provider shall advise the Borrower, no earlier than 40 days and no later than 25 days prior to the then effective Expiry Date, whether, in its sole discretion, it agrees to so extend the Expiry Date. If the Liquidity Provider advises the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall not be so extended, or fails to irrevocably and unconditionally advise the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall be so extended (and, in each case, if the Liquidity Provider shall not have been replaced in accordance with Section 3.6(e) of the Intercreditor Agreement), the Borrower shall be entitled on and after such 25th day (but prior to the then effective Expiry Date) to request a Non-Extension Advance in accordance with Section 2.02(b) hereof and Section 3.6(d) of the Intercreditor Agreement.

### ARTICLE III

#### OBLIGATIONS OF THE BORROWER

Section 3.01. Increased Costs. Subject to the ABN AMRO Fee Letter, the Borrower shall pay to the Liquidity Provider from time to time such amounts as may be necessary to compensate the Liquidity Provider for any increased costs incurred by the Liquidity Provider which are attributable to its making or maintaining any LIBOR Advances hereunder or its obligation to make any such Advances hereunder, or any reduction in any amount receivable by the Liquidity Provider under this Agreement or the Intercreditor Agreement in respect of any such Advances or such obligation (such increases in costs and reductions in amounts receivable being herein called "Additional Costs"), resulting from any change after the date of this Agreement in U.S. federal,

state, municipal, or foreign laws or regulations (including Regulation D), or the adoption or making after the date of this Agreement of any interpretations, directives, or requirements applying to a class of banks including the Liquidity Provider under any U.S. federal, state, municipal, or any foreign laws or regulations (whether or not having the force of law) by any court, central bank or monetary authority charged with the interpretation or administration thereof (a "Regulatory Change"), which: (1) changes the basis of taxation of any amounts payable to the Liquidity Provider under this Agreement in respect of any such Advances (other than Excluded Taxes); or (2) imposes or modifies any reserve, special deposit, compulsory loan or similar requirements relating to any extensions of credit or other assets of, or any deposits with other liabilities of, the Liquidity Provider (including any such Advances or any deposits referred to in the definition of LIBOR Rate or related definitions). The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.01 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.01 of the effect of any Regulatory Change on its costs of making or maintaining Advances or on amounts receivable by it in respect of Advances, and of the additional amounts required to compensate the Liquidity Provider in respect of any Additional Costs, shall be prima facie evidence of the amount owed under this Section.

Section 3.02. Capital Adequacy. Subject to the ABN AMRO Fee Letter, if (1) the adoption, after the date hereof, of any applicable governmental law, rule or regulation regarding capital adequacy, (2) any change, after the date hereof, in the interpretation or administration of any such law, rule or regulation by any central bank or other governmental authority charged with the interpretation or administration thereof or

(3) compliance by the Liquidity Provider or any corporation controlling the Liquidity Provider with any applicable guideline or request of general applicability, issued after the date hereof, by any central bank or other governmental authority (whether or not having the force of law) that constitutes a change of the nature described in clause (2), has the effect of requiring an increase in the amount of capital required to be maintained by the Liquidity Provider or any corporation controlling the Liquidity Provider, and such increase is based upon the Liquidity Provider's obligations hereunder and other similar obligations, the Borrower shall pay to the Liquidity Provider from time to time such additional amount or amounts as are necessary to compensate the Liquidity Provider for such portion of such increase as shall be reasonably allocable to the Liquidity Provider's obligations to the Borrower hereunder. The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise materially disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.02 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.02 of the effect of any increase in the amount of capital required to be maintained by the bank and of the amount allocable to the Liquidity Provider's obligations to the Borrower hereunder shall be prima facie evidence of the amounts owed under this Section.

Section 3.03. Payments Free of Deductions. All payments made by the Borrower under this Agreement shall be made free and clear of, and without reduction for or on account of, any present or future stamp or other taxes, levies, imposts, duties, charges, fees, deductions, withholdings, restrictions or conditions of any nature whatsoever now or hereafter imposed, levied, collected, withheld or assessed, excluding Excluded Taxes (such non-excluded taxes being referred to herein, collectively, as "Non-Excluded Taxes" and, individually, as a "Non-Excluded

Tax"). If any Non-Excluded Taxes are required to be withheld from any amounts payable to the Liquidity Provider under this Agreement, the amounts so payable to the Liquidity Provider shall be increased to the extent necessary to yield to the Liquidity Provider (after payment of all Non-Excluded Taxes) interest or any other such amounts payable under this Agreement at the rates or in the amounts specified in this Agreement. The Liquidity Provider agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider. From time to time upon the reasonable request of the Borrower, the Liquidity Provider agrees to provide to the Borrower two original Internal Revenue Service Forms 1001 or 4224, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that the Liquidity Provider is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement.

Section 3.04. Payments. The Borrower shall make or cause to be made each payment to the Liquidity Provider under this Agreement so as to cause the same to be received by the Liquidity Provider not later than 1:00 P.M. (New York City time) on the day when due. The Borrower shall make all such payments in lawful money of the United States of America, to the Liquidity Provider in immediately available funds, by wire transfer to ABN AMRO Bank N.V., New York, NY, ABA # 026009580, Account Name: ABN AMRO Bank, N.V. - Chicago Branch, Account # 651-0-010111-42, Reference: Continental Airlines, Inc.

Section 3.05. Computations. All computations of interest based on the Base Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on the LIBOR Rate shall be made on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable.

Section 3.06. Payment on Non-Business Days. Whenever any payment to be made hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day and no additional interest shall be

due as a result (and if so made, shall be deemed to have been made when due). If any payment in respect of interest on an Advance is so deferred to the next succeeding Business Day, such deferral shall not delay the commencement of the next Interest Period for such Advance (if such Advance is a LIBOR Advance) or reduce the number of days for which interest will be payable on such Advance on the next interest payment date for such Advance.

Section 3.07. Interest. (a) Subject to Section 2.09, the Borrower shall pay, or shall cause to be paid, without duplication, interest on (i) the unpaid principal amount of each Advance from and including the date of such Advance (or, in the case of an Applied Provider Advance, from and including the date on which the amount thereof was withdrawn from the ABN AMRO Sub-Account of the Class B Cash Collateral Account to pay interest on the Class B Certificates) to but excluding the date such principal amount shall be paid in full (or, in the case of an Applied Provider Advance, the date on which the ABN AMRO Sub-Account of the Class B Cash Collateral Account is fully replenished in respect of such Advance) and (ii) any other amount due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by law, installments of interest on Advances or any such other amount) which is not paid when due (whether at stated maturity, by acceleration or otherwise) from and including the due date thereof to but excluding the date such amount is paid in full, in each such case, at a fluctuating interest rate per annum for each day equal to the Applicable Liquidity Rate (as defined below) for such Advance or such other amount as in effect for such day, but in no event at a rate per annum greater than the maximum rate permitted by applicable law; provided, however, that, if at any time the otherwise applicable interest rate as set forth in this Section 3.07 shall exceed the maximum rate permitted by applicable law, then any subsequent reduction in such interest rate will not reduce the rate of interest payable pursuant to this Section 3.07 below the maximum rate permitted by applicable law until the total amount of interest accrued equals the amount of interest that would have accrued if such otherwise applicable interest rate as set forth in this Section 3.07 had at all times been in effect.

(b) Except as provided in clause (e) below, each Advance will be either a Base Rate Advance or a LIBOR Advance as provided in this Section. Each such Advance will be a Base Rate Advance for the period from the date of its borrowing to (but

excluding) the third Business Day following the Liquidity Provider's receipt of the Notice of Borrowing for such Advance. Thereafter, such Advance shall be a LIBOR Advance; provided that the Borrower (at the direction of the Controlling Party) may convert the Final Advance into a Base Rate Advance on the last day of an Interest Period for such Advance by giving the Liquidity Provider no less than four Business Days' prior written notice of such election.

(c) Each LIBOR Advance shall bear interest during each Interest Period at a rate per annum equal to the LIBOR Rate for such Interest Period plus the Applicable Margin for such LIBOR Advance, payable in arrears on the last day of such Interest Period and, in the event of the payment of principal of such LIBOR Advance on a day other than such last day, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(d) Each Base Rate Advance shall bear interest at a rate per annum equal to the Base Rate plus the Applicable Margin for such Base Rate Advance, payable in arrears on each Regular Distribution Date and, in the event of the payment of principal of such Base Rate Advance on a day other than a Regular Distribution Date, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(e) Each Unapplied Downgrade Advance (i) during the period from and including the date of the making of such Unapplied Downgrade Advance through but excluding the Expiry Date (or, if earlier, the date of repayment thereof or of conversion thereof into a Final Advance), shall bear interest in an amount equal to the Investment Earnings on amounts on deposit in the ABN AMRO Sub-Account of the Class B Cash Collateral Account for such period plus .35% per annum on the amount of such Unapplied Downgrade Advance from time to time during such period, payable in arrears on each Regular Distribution Date and (ii) thereafter, shall be a LIBOR Advance and shall bear interest in accordance with clause (c) above.

(f) Each amount not paid when due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by applicable law, installments of interest on Advances but excluding Advances) shall bear interest at a rate per annum equal to the Base Rate plus 2.00% until paid.

(g) Each change in the Base Rate shall become effective immediately. The rates of interest specified in this Section 3.07 with respect to any Advance or other amount shall be referred to as the "Applicable Liquidity Rate".

Section 3.08. Replacement of Borrower. From time to time and subject to the successor Borrower's meeting the eligibility requirements set forth in Section 6.9 of the Intercreditor Agreement applicable to the Subordination Agent, upon the effective date and time specified in a written and completed Notice of Replacement Subordination Agent in substantially the form of Annex VI attached hereto (a "Notice of Replacement Subordination Agent") delivered to the Liquidity Provider by the then Borrower, the successor Borrower designated therein shall be substituted for as the Borrower for all purposes hereunder.

Section 3.09. Funding Loss Indemnification. The Borrower shall pay to the Liquidity Provider, upon the request of the Liquidity Provider, such amount or amounts as shall be sufficient (in the reasonable opinion of the Liquidity Provider) to compensate it for any loss, cost, or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by the Liquidity Provider to fund or maintain any LIBOR Advance (but excluding loss of anticipated profits) incurred as a result of:

(1) Any repayment of a LIBOR Advance on a date other than the last day of the Interest Period for such Advance; or

(2) Any failure by the Borrower to borrow a LIBOR Advance on the date for borrowing specified in the relevant notice under Section 2.02.

Section 3.10. Illegality. Notwithstanding any other provision in this Agreement, if any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by the Liquidity Provider (or its Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for the Liquidity Provider (or its Lending Office) to maintain or fund

its LIBOR Advances, then upon notice to the Borrower by the Liquidity Provider, the outstanding principal amount of the LIBOR Advances shall be converted to Base Rate Advances (a) immediately upon demand of the Liquidity Provider, if such change or compliance with such request, in the judgment of the Liquidity Provider, requires immediate repayment; or (b) at the expiration of the last Interest Period to expire before the effective date of any such change or request.

#### ARTICLE IV

##### CONDITIONS PRECEDENT

Section 4.01. Conditions Precedent to Effectiveness of Section 2.01. Section 2.01 of this Agreement shall become effective on and as of the first date (the "Effective Date") on which the following conditions precedent have been satisfied or waived:

(a) The Liquidity Provider shall have received on or before the Closing Date each of the following, and in the case of each document delivered pursuant to paragraphs (i), (ii) and (iii), each in form and substance satisfactory to the Liquidity Provider:

(i) This Agreement duly executed on behalf of the Borrower;

(ii) The Intercreditor Agreement duly executed on behalf of each of the parties thereto;

(iii) Fully executed copies of each of the Operative Agreements executed and delivered on or before the Closing Date (other than this Agreement and the Intercreditor Agreement);

(iv) A copy of the Offering Memorandum and specimen copies of the Class B Certificates;

(v) An executed copy of each document, instrument, certificate and opinion delivered on or before the Closing Date pursuant to the Class B Trust Agreement, the Intercreditor Agreement and the other Operative Agreements (together with, in the case of each such opinion, other than the opinion of counsel

for the Initial Purchasers, a letter from the counsel rendering such opinion to the effect that the Liquidity Provider is entitled to rely on such opinion as of its date as if it were addressed to the Liquidity Provider);

(e) The Borrower shall have received a certificate, dated the date hereof, signed by a duly authorized representative of the Liquidity Provider, certifying that all conditions precedent to the effectiveness of Section 2.01 have been satisfied or waived.

Section 7.05. Indemnification; Survival of Certain Provisions. The Liquidity Provider shall be indemnified hereunder to the extent and in the manner described in Section 10.1 of the Participation Agreements and Section 6 of the Note Purchase Agreement. In addition, the Borrower agrees to indemnify, protect, defend and hold harmless the Liquidity Provider from, against and in respect of, and shall pay on demand, all Expenses of any kind or nature whatsoever (other than any Expenses of the nature described in Sections 3.01, 3.02 or 7.07 hereof or in the ABN AMRO Fee Letter (regardless of whether indemnified against pursuant to said Sections or in such Fee Letter)), that may be imposed, incurred by or asserted against any Liquidity Indemnitee, in any way relating to, resulting from, or arising out of or in connection with any action, suit or proceeding by any third party against such Liquidity Indemnitee and relating to this Agreement, the ABN AMRO Fee Letter, the Intercreditor Agreement or any Financing Agreement; provided, however, that the Borrower shall not be required to indemnify, protect, defend and hold harmless any Liquidity Indemnitee in respect of any Expense of such Liquidity Indemnitee (i) to the extent such Expense is attributable to the gross negligence or willful misconduct of such Liquidity Indemnitee or any other Liquidity Indemnitee, (ii) that is ordinary and usual operating overhead expense, and (iii) to the extent such Expense is attributable to the failure by such Liquidity Indemnitee or any other Liquidity Indemnitee to perform or observe any agreement, covenant or condition on its part to be performed or observed in this Agreement, the Intercreditor Agreement, the ABN AMRO Fee Letter, the Tax Letter or any other Operative Document to which it is a party. The indemnities contained in such Section 10.1, and the provisions of Sections 3.01, 3.02, 3.03, 3.09, 7.05 and 7.07 hereof, shall survive the termination of this Agreement.

Section 7.06. Liability of the Liquidity Provider. (a) Neither the Liquidity Provider nor any of its officers, employees, directors or affiliates shall be liable or responsible for: (i) the use which may be made of the Advances or any acts or omissions of the Borrower or any beneficiary or transferee in connection therewith; (ii) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; or (iii) the making of Advances by the Liquidity Provider against delivery of a Notice of Borrowing and other documents which do not comply with the terms hereof; provided, however, that the Borrower shall have a

claim against the Liquidity Provider, and the Liquidity Provider shall be liable to the Borrower, to the extent of any damages suffered by the Borrower which were the result of (A) the Liquidity Provider's willful misconduct or negligence in determining whether documents presented hereunder comply with the terms hereof, or (B) any breach by the Liquidity Provider of any of the terms of this Agreement, including, but not limited to, the Liquidity Provider's failure to make lawful payment hereunder after the delivery to it by the Borrower of a Notice of Borrowing strictly complying with the terms and conditions hereof.

(b) Neither the Liquidity Provider nor any of its officers, employees, director or affiliates shall be liable or responsible in any respect for (i) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with this Agreement or any Notice of Borrowing delivered hereunder, or (ii) any action, inaction or omission which may be taken by it in good faith, absent willful misconduct or negligence (in which event the extent of the Liquidity Provider's potential liability to the Borrower shall be limited as set forth in the immediately preceding paragraph), in connection with this Agreement or any Notice of Borrowing.

Section 7.07. Costs, Expenses and Taxes. The Borrower agrees to pay, or cause to be paid (A) on the Effective Date and on such later date or dates on which the Liquidity Provider shall make demand, all reasonable out-of-pocket costs and expenses (including, without limitation, the reasonable fees and expenses of outside counsel for the Liquidity Provider) of the Liquidity Provider in connection with the preparation, negotiation, execution, delivery, filing and recording of this Agreement, any other Operative Agreement and any other documents which may be delivered in connection with this Agreement and (B) on demand, all reasonable costs and expenses (including reasonable counsel fees and expenses) of the Liquidity Provider in connection with (i) the enforcement of this Agreement or any other Operative Agreement, (ii) the modification or amendment of, or supplement to, this Agreement or any other Operative Agreement or such other documents which may be delivered in connection herewith or therewith (whether or not the same shall become effective) or (iii) any action or proceeding relating to any order, injunction, or other process or decree restraining or seeking to restrain the Liquidity Provider from paying any amount under this Agreement, the Intercreditor Agreement or any other Operative Agreement or

otherwise affecting the application of funds in the Cash Collateral Accounts. In addition, the Borrower shall pay any and all recording, stamp and other similar taxes and fees payable or determined to be payable in connection with the execution, delivery, filing and recording of this Agreement, any other Operative Agreement and such other documents, and agrees to save the Liquidity Provider harmless from and against any and all liabilities with respect to or resulting from any delay in paying or omission to pay such taxes or fees.

Section 7.08. Binding Effect; Participations.

(a) This Agreement shall be binding upon and inure to the benefit of the Borrower and the Liquidity Provider and their respective successors and assigns, except that neither the Liquidity Provider (except as otherwise provided in this Section 7.08) nor (except as contemplated by Section 3.08) the Borrower shall have the right to assign its rights or obligations hereunder or any interest herein without the prior written consent of the other party, subject to the requirements of Section 7.08(b). The Liquidity Provider may grant participations herein or in any of its rights hereunder (including, without limitation, funded participations and participations in rights to receive interest payments hereunder) and under the other Operative Agreements to such Persons as the Liquidity Provider may in its sole discretion select, subject to the requirements of Section 7.08(b). No such participation by the Liquidity Provider, however, will relieve the Liquidity Provider of its obligations hereunder. In connection with any participation or any proposed participation, the Liquidity Provider may disclose to the participant or the proposed participant any information that the Borrower is required to deliver or to disclose to the Liquidity Provider pursuant to this Agreement. The Borrower acknowledges and agrees that the Liquidity Provider's source of funds may derive in part from its participants (other than Continental). Accordingly, references in this Agreement and the other Operative Agreements to determinations, reserve and capital adequacy requirements, increased costs, reduced receipts, additional amounts due pursuant to Section 3.03(a) and the like as they pertain to the Liquidity Provider shall be deemed also to include those of each of its participants (subject, in each case, to the maximum amount that would have been incurred by or attributable to the Liquidity Provider directly if the Liquidity Provider, rather than the participant, had held the interest participated).

(b) If, pursuant to subsection (a) above, the Liquidity Provider sells any participation in this Agreement to any bank or other entity (each, a "Transferee"), then, concurrently with the effectiveness of such transfer, the Transferee shall (i) represent to the Liquidity Provider (for the benefit of the Liquidity Provider and the Borrower) either (A) that it is incorporated under the laws of the United States or a state thereof or (B) that under applicable law and treaties, no taxes will be required to be withheld with respect to any payments to be made to such Transferee in respect of this Agreement, (ii) furnish to the Liquidity Provider and the Borrower either (x) a statement that it is incorporated under the laws of the United States or a state thereof or (y) if it is not so incorporated, two copies of a properly completed United States Internal Revenue Service Form 4224 or Form 1001, as appropriate, or other applicable form, certificate or document prescribed by the Internal Revenue Service certifying, in each case, such Transferee's entitlement to a complete exemption from United States federal withholding tax in respect to any and all payments to be made hereunder, and (iii) agree (for the benefit of the Liquidity Provider and the Borrower) to provide the Liquidity Provider and the Borrower a new Form 4224 or Form 1001, as appropriate, (A) on or before the date that any such form expires or becomes obsolete or (B) after the occurrence of any event requiring a change in the most recent form previously delivered by it and prior to the immediately following due date of any payment by the Borrower hereunder, certifying in the case of a Form 1001 or Form 4224 that such Transferee is entitled to a complete exemption from United States federal withholding tax on payments under this Agreement. Unless the Borrower has received forms or other documents reasonably satisfactory to it (and required by applicable law) indicating that payments hereunder are not subject to United States federal withholding tax, the Borrower will withhold taxes as required by law from such payments at the applicable statutory rate.

(c) Notwithstanding the other provisions of this Section 7.08, the Liquidity Provider may assign and pledge all or any portion of the Advances owing to it to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal Reserve Bank, provided that any payment in respect of such assigned Advances made by the Borrower to the Liquidity Provider in accordance with the terms of this Agreement shall satisfy the

Borrower's obligations hereunder in respect of such assigned Advance to the extent of such payment. No such assignment shall release the Liquidity Provider from its obligations hereunder.

Section 7.09. Severability. Any provision of this Agreement which is prohibited, unenforceable or not authorized in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition, unenforceability or non-authorization without invalidating the remaining provisions hereof or affecting the validity, enforceability or legality of such provision in any other jurisdiction.

Section 7.10. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

Section 7.11. Submission to Jurisdiction; Waiver of Jury Trial; Waiver of Immunity. (a) Each of the parties hereto hereby irrevocably and unconditionally:

- (i) submits for itself and its property in any legal action or proceeding relating to this Agreement or any other Operative Agreement, or for recognition and enforcement of any judgment in respect hereof or thereof, to the nonexclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and the appellate courts from any thereof;
- (ii) consents that any such action or proceeding may be brought in such courts, and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;
- (iii) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form and mail), postage prepaid, to each party hereto at its address set forth in Section 7.02 hereof, or at such other address of which the Liquidity

Provider shall have been notified pursuant thereto; and

- (iv) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

(b) THE BORROWER AND THE LIQUIDITY PROVIDER EACH HEREBY AGREE TO WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY DEALINGS BETWEEN THEM RELATING TO THE SUBJECT MATTER OF THIS AGREEMENT AND THE RELATIONSHIP THAT IS BEING ESTABLISHED, including, without limitation, contract claims, tort claims, breach of duty claims and all other common law and statutory claims. The Borrower and the Liquidity Provider each warrant and represent that it has reviewed this waiver with its legal counsel, and that it knowingly and voluntarily waives its jury trial rights following consultation with such legal counsel. THIS WAIVER IS IRREVOCABLE, AND CANNOT BE MODIFIED EITHER ORALLY OR IN WRITING, AND THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.

(c) The Liquidity Provider hereby waives any immunity it may have from the jurisdiction of the courts of the United States or of any State and waives any immunity any of its properties located in the United States may have from attachment or execution upon a judgement entered by any such court under the United States Foreign Sovereign Immunities Act of 1976 or any similar successor legislation.

Section 7.12. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto on separate counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute but one and the same Agreement.

Section 7.13. Entirety. This Agreement, the Intercreditor Agreement and the other Operative Agreements to which the Liquidity Provider is a party constitute the entire agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior understandings and agreements of such parties.

Section 7.14. Headings. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose.

Section 7.15. Transfer. The Liquidity Provider hereby acknowledges and consents to the Transfer contemplated by the Assignment and Assumption Agreement.

Section 7.16. LIQUIDITY PROVIDER'S OBLIGATION TO MAKE ADVANCES. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE OBLIGATIONS OF THE LIQUIDITY PROVIDER TO MAKE ADVANCES HEREUNDER, AND THE BORROWER'S RIGHTS TO DELIVER NOTICES OF BORROWING REQUESTING THE MAKING OF ADVANCES HEREUNDER, SHALL BE UNCONDITIONAL AND IRREVOCABLE, AND SHALL BE PAID OR PERFORMED, IN EACH CASE STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the date first set forth above.

## ARTICLE II

### AMOUNT AND TERMS OF THE COMMITMENT

Section 2.01. The Advances. The Liquidity Provider hereby irrevocably agrees, on the terms and conditions hereinafter set forth, to make Advances to the Borrower from time to time on any Business Day during the period from the Effective Date until 12:00 Noon (New York City time) on the Expiry Date (unless the obligations of the Liquidity Provider shall be earlier terminated in accordance with the terms of Section 2.04(b)) in an aggregate amount at any time outstanding not to exceed the Maximum Commitment.

Section 2.02. Making the Advances. (a) Interest Advances shall be made in one or more Borrowings by delivery to the Liquidity Provider of one or more written and completed Notices of Borrowing in substantially the form of Annex I attached hereto, signed by a Responsible Officer of the Borrower, in an amount not exceeding the Maximum Available Commitment at such time and shall be used solely for the payment when due of the Stated Portion of interest on the Class B Certificates at the Stated Interest Rate therefor in accordance with Section 3.6(a) of the Intercreditor Agreement. Each Interest Advance made hereunder shall automatically reduce the Maximum Available Commitment and the amount available to be borrowed hereunder by subsequent Advances by the amount of such Interest Advance (subject to reinstatement as provided in the next sentence). Upon repayment to the Liquidity Provider in full of the amount of any Interest Advance made pursuant to this Section 2.02(a), together with accrued interest thereon (as provided herein), the Maximum Available Commitment shall be reinstated by the amount of such repaid Interest Advance, but not to exceed the Maximum

Commitment; provided, however, that the Maximum Available Commitment shall not be so reinstated at any time if (i) a Liquidity Event of Default shall have occurred and be continuing and (ii) there is a Performing Note Deficiency.

(b) A Non-Extension Advance shall be made in a single Borrowing if this Agreement is not extended in accordance with Section 3.6(d) of the Intercreditor Agreement (unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(d)) by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex II attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class B Cash Collateral Account in accordance with said Section 3.6(d).

(c) A Downgrade Advance shall be made in a single Borrowing upon a downgrading of the Liquidity Provider's short-term unsecured debt rating issued by either Rating Agency below the Threshold Rating (as provided for in Section 3.6(c) of the Intercreditor Agreement) unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(c), by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex III attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class B Cash Collateral Account in accordance with said Section 3.6(c).

(d) A Final Advance shall be made in a single Borrowing upon the receipt by the Borrower of a Termination Notice from the Liquidity Provider pursuant to Section 6.01 hereof by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex IV attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class B Cash Collateral Account (in accordance with Section 3.6(i) of the Intercreditor Agreement).

(e) Each Borrowing shall be made on notice in writing (a "Notice of Borrowing") in substantially the form required by Section 2.02(a), 2.02(b), 2.02(c) or 2.02(d), as the case may be,

given by the Borrower to the Liquidity Provider. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing no later than 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the first Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and immediately available funds, the amount of such Borrowing. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing after 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the second Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified by the Borrower in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and in immediately available funds, the amount of such Borrowing. Payments of proceeds of a Borrowing shall be made by wire transfer of immediately available funds to the Borrower in accordance with such wire transfer instructions as the Borrower shall furnish from time to time to the Liquidity Provider for such purpose. Each Notice of Borrowing shall be irrevocable and binding on the Borrower.

(f) Upon the making of any Advance requested pursuant to a Notice of Borrowing, in accordance with the Borrower's payment instructions, the Liquidity Provider shall be fully discharged of its obligation hereunder with respect to such Notice of Borrowing, and the Liquidity Provider shall not thereafter be obligated to make any further Advances hereunder in respect of such Notice of Borrowing to the Borrower or to any other Person. Following the making of any Advance pursuant to Section 2.02(b), (c) or (d) hereof to fund the ING Sub-Account of the Class B Cash Collateral Account, the Liquidity Provider shall have no interest in or rights to the Class B Cash Collateral Account, any Sub-Account thereof, such Advance or any other amounts from time to time on deposit in the Class B Cash Collateral Account or any Sub-Account thereof; provided that the foregoing shall not affect or impair the obligations of the Subordination Agent to make the distributions contemplated by Section 3.6(e) or (f) of the Intercreditor Agreement. By paying

to the Borrower proceeds of Advances requested by the Borrower in accordance with the provisions of this Agreement, the Liquidity Provider makes no representation as to, and assumes no responsibility for, the correctness or sufficiency for any purpose of the amount of the Advances so made and requested.

Section 2.03. Fees. The Borrower agrees to pay to the Liquidity Provider the fees set forth in the ING Fee Letter.

Section 2.04. Adjustments or Termination of the Maximum Commitment. (a) Automatic Adjustments. Promptly following each date on which the Required Amount is (1) reduced as a result of a reduction in the Pool Balance of the Class B Certificates or otherwise, (2) increased as a result of an increase in the Stated Interest Rate or (3) subsequent to such an increase described in clause (2), reduced pursuant to the definition of "Stated Interest Rate", clause (y) of the definition of Maximum Commitment shall automatically be reduced or increased, as the case may be, to an amount equal to the Stated Portion of the Required Amount (as calculated by the Borrower). The Borrower shall give notice of any such automatic reduction or increase of the Maximum Commitment to the Liquidity Provider within two Business Days thereof. The failure by the Borrower to furnish any such notice shall not affect such automatic reduction or increase of the Maximum Commitment.

(b) Termination. Upon the making of any Provider Advance or Final Advance hereunder or the occurrence of the Termination Date, the obligation of the Liquidity Provider to make further Advances hereunder shall automatically and irrevocably terminate, and the Borrower shall not be entitled to request any further Borrowing hereunder.

Section 2.05. Repayments of Interest Advances or the Final Advance. Subject to Sections 2.06, 2.07 and 2.09 hereof, the Borrower hereby agrees, without notice of an Advance or demand for repayment from the Liquidity Provider (which notice and demand are hereby waived by the Borrower), to pay, or to cause to be paid, to the Liquidity Provider on each date on which the Liquidity Provider shall make an Interest Advance or the Final Advance, an amount equal to (a) the amount of such Advance (any such Advance, until repaid, is referred to herein as an "Unpaid Advance"), plus (b) interest on the amount of each such Unpaid Advance as provided in Section 3.07 hereof; provided that if (i) the Liquidity Provider shall make a Provider Advance at any time after making one or more Interest Advances which shall

not have been repaid in accordance with this Section 2.05 or (ii) this Liquidity Facility shall become a Downgraded Facility or Non-Extended Facility at any time when unreimbursed Interest Advances have reduced the Maximum Available Commitment to zero, then such Interest Advances shall cease to constitute Unpaid Advances and shall be deemed to have been changed into an Applied Downgrade Advance or an Applied Non-Extension Advance, as the case may be, for all purposes of this Agreement (including, without limitation, for the purpose of determining when such Interest Advance is required to be repaid to the Liquidity Provider in accordance with Section 2.06 and for the purposes of Section 2.06(b)). The Borrower and the Liquidity Provider agree that the repayment in full of each Interest Advance and Final Advance on the date such Advance is made is intended to be a contemporaneous exchange for new value given to the Borrower by the Liquidity Provider.

Section 2.06. Repayments of Provider Advances. (a) Amounts advanced hereunder in respect of a Provider Advance shall be deposited in the ING Sub-Account of the Class B Cash Collateral Account, invested and withdrawn from the ING Sub-Account of the Class B Cash Collateral Account as set forth in Sections 3.6(c), (d) and (f) of the Intercreditor Agreement. The Borrower agrees to pay to the Liquidity Provider, on each Regular Distribution Date, commencing on the first Regular Distribution Date after the making of a Provider Advance, interest on the principal amount of any such Provider Advance as provided in Section 3.07; provided, however, that amounts in respect of a Provider Advance withdrawn from the ING Sub-Account of the Class B Cash Collateral Account for the purpose of paying interest on the Class B Certificates in accordance with Section 3.6(f) of the Intercreditor Agreement (the amount of any such withdrawal being (y) in the case of a Downgrade Advance, an "Applied Downgrade Advance" and (z) in the case of a Non-Extension Advance, an "Applied Non-Extension Advance" and, together with an Applied Downgrade Advance, an "Applied Provider Advance") shall thereafter (subject to Section 2.06(b)) be treated as an Interest Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon; provided further, however, that if, following the making of a Provider Advance, the Liquidity Provider delivers a Termination Notice to the Borrower pursuant to Section 6.01 hereof, such Provider Advance shall thereafter be treated as a Final Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon. Subject to Sections 2.07 and

2.09 hereof, immediately upon the withdrawal of any amounts from the ING Sub-Account of the Class B Cash Collateral Account on account of a reduction in the Required Amount, the Borrower shall repay to the Liquidity Provider a portion of the Provider Advances in a principal amount equal to the Stated Portion of such reduction, plus interest on the principal amount prepaid as provided in Section 3.07 hereof.

(b) At any time when an Applied Provider Advance (or any portion thereof) is outstanding, upon the deposit in the ING Sub-Account of the Class B Cash Collateral Account of any amount pursuant to clause "third" of Section 2.4(b) of the Intercreditor Agreement, clause "third" of Section 3.2 of the Intercreditor Agreement or clause "fourth" of Section 3.3 of the Intercreditor Agreement (any such amount being a "Replenishment Amount") for the purpose of replenishing or increasing the balance thereof up to the Stated Portion of the Required Amount at such time, (i) the aggregate outstanding principal amount of all Applied Provider Advances (and of Provider Advances treated as an Interest Advance for purposes of determining the Applicable Liquidity Rate for interest payable thereon) shall be automatically reduced by the amount of such Replenishment Amount and (ii) the aggregate outstanding principal amount of all Unapplied Provider Advances shall be automatically increased by the amount of such Replenishment Amount.

(c) Upon the provision of a Replacement Liquidity Facility in replacement of this Agreement in accordance with Section 3.6(e) of the Intercreditor Agreement, amounts remaining on deposit in the ING Sub-Account of the Class B Cash Collateral Account after giving effect to any Applied Provider Advance on the date of such replacement shall be reimbursed to the Liquidity Provider, but only to the extent such amounts are necessary to repay in full to the Liquidity Provider all amounts owing to it hereunder.

Section 2.07. Payments to the Liquidity Provider Under the Intercreditor Agreement. In order to provide for payment or repayment to the Liquidity Provider of any amounts hereunder, the Intercreditor Agreement provides that amounts available and referred to in Articles II and III of the Intercreditor Agreement, to the extent payable to the Liquidity Provider pursuant to the terms of the Intercreditor Agreement (including, without limitation, Section 3.6(f) of the Intercreditor Agreement), shall be paid to the Liquidity Provider in accordance with the terms thereof. Amounts so paid to the Liquidity

Provider shall be applied by the Liquidity Provider to Liquidity Obligations then due and payable in such manner as it shall deem appropriate.

Section 2.08. Book Entries. The Liquidity Provider shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower resulting from Advances made from time to time and the amounts of principal and interest payable hereunder and paid from time to time in respect thereof; provided, however, that the failure by the Liquidity Provider to maintain such account or accounts shall not affect the obligations of the Borrower in respect of Advances.

Section 2.09. Payments from Available Funds Only. All payments to be made by the Borrower under this Agreement shall be made only from the Stated Portion of amounts that constitute Scheduled Payments, Special Payments or payments under Section 9.1 of the Participation Agreements and Sections 6 and 7 of the Note Purchase Agreement and only to the extent that the Borrower shall have sufficient income or proceeds therefrom to enable the Borrower to make payments in accordance with the terms hereof after giving effect to the priority of payments provisions set forth in the Intercreditor Agreement. The Liquidity Provider agrees that it will look solely to such amounts to the extent available for distribution to it as provided in the Intercreditor Agreement and this Agreement and that the Borrower, in its individual capacity, is not personally liable to it for any amounts payable or liability under this Agreement except as expressly provided in this Agreement, the Intercreditor Agreement or any Participation Agreement. Amounts on deposit in the ING Sub-Account of the Class B Cash Collateral Account shall be available to the Borrower to make payments under this Agreement only to the extent and for the purposes expressly contemplated in Section 3.6(f) of the Intercreditor Agreement. Amounts on deposit in the other Sub-Account in respect of the Class B Certificates shall not be available to make payments under this Agreement.

Section 2.10. Extension of the Expiry Date; Non-Extension Advance. No earlier than the 60th day and no later than the 40th day prior to the then effective Expiry Date (unless such Expiry Date is on or after the date that is 15 days after the Final Maturity Date for the Class B Certificates), the Borrower shall request that the Liquidity Provider extend the Expiry Date for a period of 364 days after the then effective Expiry Date (unless the obligations of the Liquidity Provider

are earlier terminated in accordance with the terms hereof). The Liquidity Provider shall advise the Borrower, no earlier than 40 days and no later than 25 days prior to the then effective Expiry Date, whether, in its sole discretion, it agrees to so extend the Expiry Date. If the Liquidity Provider advises the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall not be so extended, or fails to irrevocably and unconditionally advise the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall be so extended (and, in each case, if the Liquidity Provider shall not have been replaced in accordance with Section 3.6(e) of the Intercreditor Agreement), the Borrower shall be entitled on and after such 25th day (but prior to the then effective Expiry Date) to request a Non-Extension Advance in accordance with Section 2.02(b) hereof and Section 3.6(d) of the Intercreditor Agreement.

### ARTICLE III

#### OBLIGATIONS OF THE BORROWER

Section 3.01. Increased Costs. Subject to the ING Fee Letter, the Borrower shall pay to the Liquidity Provider from time to time such amounts as may be necessary to compensate the Liquidity Provider for any increased costs incurred by the Liquidity Provider which are attributable to its making or maintaining any LIBOR Advances hereunder or its obligation to make any such Advances hereunder, or any reduction in any amount receivable by the Liquidity Provider under this Agreement or the Intercreditor Agreement in respect of any such Advances or such obligation (such increases in costs and reductions in amounts receivable being herein called "Additional Costs"), resulting from any change after the date of this Agreement in U.S. federal, state, municipal, or foreign laws or regulations (including Regulation D), or the adoption or making after the date of this Agreement of any interpretations, directives, or requirements applying to a class of banks including the Liquidity Provider under any U.S. federal, state, municipal, or any foreign laws or regulations (whether or not having the force of law) by any court, central bank or monetary authority charged with the interpretation or administration thereof (a "Regulatory Change"), which: (1) changes the basis of taxation of any amounts payable to the Liquidity Provider under this Agreement in respect of any such Advances (other than Excluded Taxes); or (2) imposes or modifies any reserve, special deposit, compulsory loan or similar requirements relating to any extensions of credit or other assets

of, or any deposits with other liabilities of, the Liquidity Provider (including any such Advances or any deposits referred to in the definition of LIBOR Rate or related definitions). The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.01 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.01 of the effect of any Regulatory Change on its costs of making or maintaining Advances or on amounts receivable by it in respect of Advances, and of the additional amounts required to compensate the Liquidity Provider in respect of any Additional Costs, shall be prima facie evidence of the amount owed under this Section.

Section 3.02. Capital Adequacy. Subject to the ING Fee Letter, if (1) the adoption, after the date hereof, of any applicable governmental law, rule or regulation regarding capital adequacy, (2) any change, after the date hereof, in the interpretation or administration of any such law, rule or regulation by any central bank or other governmental authority charged with the interpretation or administration thereof or (3) compliance by the Liquidity Provider or any corporation controlling the Liquidity Provider with any applicable guideline or request of general applicability, issued after the date hereof, by any central bank or other governmental authority (whether or not having the force of law) that constitutes a change of the nature described in clause (2), has the effect of requiring an increase in the amount of capital required to be maintained by the Liquidity Provider or any corporation controlling the Liquidity Provider, and such increase is based upon the Liquidity Provider's obligations hereunder and other similar obligations, the Borrower shall pay to the Liquidity Provider from time to time such additional amount or amounts as are necessary to compensate the Liquidity Provider for such

portion of such increase as shall be reasonably allocable to the Liquidity Provider's obligations to the Borrower hereunder. The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise materially disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.02 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.02 of the effect of any increase in the amount of capital required to be maintained by the bank and of the amount allocable to the Liquidity Provider's obligations to the Borrower hereunder shall be prima facie evidence of the amounts owed under this Section.

Section 3.03. Payments Free of Deductions. (a) All payments made by the Borrower under this Agreement shall be made free and clear of, and without reduction for or on account of, any present or future stamp or other taxes, levies, imposts, duties, charges, fees, deductions, withholdings, restrictions or conditions of any nature whatsoever now or hereafter imposed, levied, collected, withheld or assessed, excluding Excluded Taxes (such non-excluded taxes being referred to herein, collectively, as "Non-Excluded Taxes" and, individually, as a "Non-Excluded Tax"). If any Non-Excluded Taxes are required to be withheld from any amounts payable to the Liquidity Provider under this Agreement, the amounts so payable to the Liquidity Provider shall be increased to the extent necessary to yield to the Liquidity Provider (after payment of all Non-Excluded Taxes) interest or any other such amounts payable under this Agreement at the rates or in the amounts specified in this Agreement. The Liquidity Provider agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise

disadvantageous to the Liquidity Provider. From time to time upon the reasonable request of the Borrower, the Liquidity Provider agrees to provide to the Borrower two original Internal Revenue Service Forms 1001 or 4224, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that the Liquidity Provider is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement.

(b) All payments (including, without limitation, Advances) made by the Liquidity Provider under this Agreement shall be made free and clear of, and without reduction for or on account of, any Taxes. If any Taxes are required to be withheld or deducted from any amounts payable to the Borrower under this Agreement, the Liquidity Provider shall (i) within the time prescribed therefor by applicable law pay to the appropriate governmental or taxing authority the full amount of any such Taxes (and any additional Taxes in respect of the payment required under clause (ii) hereof) and make such reports or returns in connection therewith at the time or times and in the manner prescribed by applicable law, and (ii) pay to the Borrower an additional amount which (after deduction of all such Taxes) will be sufficient to yield to the Borrower the full amount which would have been received by it had no such withholding or deduction been made. Within 30 days after the date of each payment hereunder, the Liquidity Provider shall furnish to the Borrower the original or a certified copy of (or other documentary evidence of) the payment of the Taxes applicable to such payment.

Section 3.04. Payments. The Borrower shall make or cause to be made each payment to the Liquidity Provider under this Agreement so as to cause the same to be received by the Liquidity Provider not later than 1:00 P.M. (New York City time) on the day when due. The Borrower shall make all such payments in lawful money of the United States of America, to the Liquidity Provider in immediately available funds, by wire transfer to Northern Trust Company of New York, One World Trade Center, Suite 3941, New York, New York 10048, Account No. 105981-20010, Account Name: ING Lease (Ireland) B.V., as agent for ING Bank N.V.

Section 3.05. Computations. All computations of interest based on the Base Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on the LIBOR Rate shall be made on the basis of a year of 360 days, in each case for the actual number of days

(including the first day but excluding the last day) occurring in the period for which such interest is payable.

Section 3.06. Payment on Non-Business Days. Whenever any payment to be made hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day and no additional interest shall be due as a result (and if so made, shall be deemed to have been made when due). If any payment in respect of interest on an Advance is so deferred to the next succeeding Business Day, such deferral shall not delay the commencement of the next Interest Period for such Advance (if such Advance is a LIBOR Advance) or reduce the number of days for which interest will be payable on such Advance on the next interest payment date for such Advance.

Section 3.07. Interest. (a) Subject to Section 2.09, the Borrower shall pay, or shall cause to be paid, without duplication, interest on (i) the unpaid principal amount of each Advance from and including the date of such Advance (or, in the case of an Applied Provider Advance, from and including the date on which the amount thereof was withdrawn from the ING Sub-Account of the Class B Cash Collateral Account to pay interest on the Class B Certificates) to but excluding the date such principal amount shall be paid in full (or, in the case of an Applied Provider Advance, the date on which the ING Sub-Account of the Class B Cash Collateral Account is fully replenished in respect of such Advance) and (ii) any other amount due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by law, installments of interest on Advances or any such other amount) which is not paid when due (whether at stated maturity, by acceleration or otherwise) from and including the due date thereof to but excluding the date such amount is paid in full, in each such case, at a fluctuating interest rate per annum for each day equal to the Applicable Liquidity Rate (as defined below) for such Advance or such other amount as in effect for such day, but in no event at a rate per annum greater than the maximum rate permitted by applicable law; provided, however, that, if at any time the otherwise applicable interest rate as set forth in this Section 3.07 shall exceed the maximum rate permitted by applicable law, then any subsequent reduction in such interest rate will not reduce the rate of interest payable pursuant to this Section 3.07 below the maximum rate permitted by applicable law until the total amount of interest accrued equals the amount of interest that would have accrued if such otherwise

applicable interest rate as set forth in this Section 3.07 had at all times been in effect.

(b) Except as provided in clause (e) below, each Advance will be either a Base Rate Advance or a LIBOR Advance as provided in this Section. Each such Advance will be a Base Rate Advance for the period from the date of its borrowing to (but excluding) the third Business Day following the Liquidity Provider's receipt of the Notice of Borrowing for such Advance. Thereafter, such Advance shall be a LIBOR Advance; provided that the Borrower (at the direction of the Controlling Party) may convert the Final Advance into a Base Rate Advance on the last day of an Interest Period for such Advance by giving the Liquidity Provider no less than four Business Days' prior written notice of such election.

(c) Each LIBOR Advance shall bear interest during each Interest Period at a rate per annum equal to the LIBOR Rate for such Interest Period plus the Applicable Margin for such LIBOR Advance, payable in arrears on the last day of such Interest Period and, in the event of the payment of principal of such LIBOR Advance on a day other than such last day, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(d) Each Base Rate Advance shall bear interest at a rate per annum equal to the Base Rate plus the Applicable Margin for such Base Rate Advance, payable in arrears on each Regular Distribution Date and, in the event of the payment of principal of such Base Rate Advance on a day other than a Regular Distribution Date, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(e) Each Unapplied Downgrade Advance (i) during the period from and including the date of the making of such Unapplied Downgrade Advance through but excluding the Expiry Date (or, if earlier, the date of repayment thereof or of conversion thereof into a Final Advance), shall bear interest in an amount equal to the Investment Earnings on amounts on deposit in the ING Sub-Account of the Class B Cash Collateral Account for such period plus .35% per annum on the amount of such Unapplied Downgrade Advance from time to time during such period, payable in arrears on each Regular Distribution Date and (ii) thereafter, shall be a LIBOR Advance and shall bear interest in accordance with clause (c) above.

(f) Each amount not paid when due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by applicable law, installments of interest on Advances but excluding Advances) shall bear interest at a rate per annum equal to the Base Rate plus 2.00% until paid.

(g) Each change in the Base Rate shall become effective immediately. The rates of interest specified in this Section 3.07 with respect to any Advance or other amount shall be referred to as the "Applicable Liquidity Rate".

Section 3.08. Replacement of Borrower. From time to time and subject to the successor Borrower's meeting the eligibility requirements set forth in Section 6.9 of the Intercreditor Agreement applicable to the Subordination Agent, upon the effective date and time specified in a written and completed Notice of Replacement Subordination Agent in substantially the form of Annex VI attached hereto (a "Notice of Replacement Subordination Agent") delivered to the Liquidity Provider by the then Borrower, the successor Borrower designated therein shall be substituted for as the Borrower for all purposes hereunder.

Section 3.09. Funding Loss Indemnification. The Borrower shall pay to the Liquidity Provider, upon the request of the Liquidity Provider, such amount or amounts as shall be sufficient (in the reasonable opinion of the Liquidity Provider) to compensate it for any loss, cost, or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by the Liquidity Provider to fund or maintain any LIBOR Advance (but excluding loss of anticipated profits) incurred as a result of:

(1) Any repayment of a LIBOR Advance on a date other than the last day of the Interest Period for such Advance; or

(2) Any failure by the Borrower to borrow a LIBOR Advance on the date for borrowing specified in the relevant notice under Section 2.02.

Section 3.10. Illegality. Notwithstanding any other provision in this Agreement, if any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or

administration thereof, or compliance by the Liquidity Provider (or its Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for the Liquidity Provider (or its Lending Office) to maintain or fund its LIBOR Advances, then upon notice to the Borrower by the Liquidity Provider, the outstanding principal amount of the LIBOR Advances shall be converted to Base Rate Advances (a) immediately upon demand of the Liquidity Provider, if such change or compliance with such request, in the judgment of the Liquidity Provider, requires immediate repayment; or (b) at the expiration of the last Interest Period to expire before the effective date of any such change or request.

Section 4.02. Conditions Precedent to Borrowing. The obligation of the Liquidity Provider to make an Advance on the occasion of each Borrowing shall be subject to the conditions precedent that the Effective Date shall have occurred and, prior to the date of such Borrowing, the Borrower shall have delivered a Notice of Borrowing which conforms to the terms and conditions of this Agreement and has been completed as may be required by the relevant form of the Notice of Borrowing for the type of Advances requested.

A copy of all notices delivered hereunder to either party shall in addition be delivered to each of the parties to the Participation Agreements at their respective addresses set forth therein.

Section 7.03. No Waiver; Remedies. No failure on the part of the Liquidity Provider to exercise, and no delay in exercising, any right under this Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right under this Agreement preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Section 7.04. Further Assurances. The Borrower agrees to do such further acts and things and to execute and deliver to the Liquidity Provider such additional assignments, agreements, powers and instruments as the Liquidity Provider may reasonably require or deem advisable to carry into effect the purposes of this Agreement and the other Operative Agreements or to better

assure and confirm unto the Liquidity Provider its rights, powers and remedies hereunder and under the other Operative Agreements.

Section 7.05. Indemnification; Survival of Certain Provisions. The Liquidity Provider shall be indemnified hereunder to the extent and in the manner described in Section 10.1 of the Participation Agreements and Section 6 of the Note Purchase Agreement. In addition, the Borrower agrees to indemnify, protect, defend and hold harmless the Liquidity Provider from, against and in respect of, and shall pay on demand, all Expenses of any kind or nature whatsoever (other than any Expenses of the nature described in Sections 3.01, 3.02 or 7.07 hereof or in the ING Fee Letter (regardless of whether indemnified against pursuant to said Sections or in such Fee Letter)), that may be imposed, incurred by or asserted against any Liquidity Indemnitee, in any way relating to, resulting from, or arising out of or in connection with any action, suit or proceeding by any third party against such Liquidity Indemnitee and relating to this Agreement, the ING Fee Letter, the Intercreditor Agreement or any Financing Agreement; provided, however, that the Borrower shall not be required to indemnify, protect, defend and hold harmless any Liquidity Indemnitee in respect of any Expense of such Liquidity Indemnitee (i) to the extent such Expense is attributable to the gross negligence or willful misconduct of such Liquidity Indemnitee or any other Liquidity Indemnitee, (ii) that is ordinary and usual operating overhead expense, and (iii) to the extent such Expense is attributable to the failure by such Liquidity Indemnitee or any other Liquidity Indemnitee to perform or observe any agreement, covenant or condition on its part to be performed or observed in this Agreement, the Intercreditor Agreement, the ING Fee Letter, the Tax Letter or any other Operative Document to which it is a party. The indemnities contained in such Section 10.1, and the provisions of Sections 3.01, 3.02, 3.03, 3.09, 7.05 and 7.07 hereof, shall survive the termination of this Agreement.

Section 7.06. Liability of the Liquidity Provider. (a) Neither the Liquidity Provider nor any of its officers, employees, directors or affiliates shall be liable or responsible for: (i) the use which may be made of the Advances or any acts or omissions of the Borrower or any beneficiary or transferee in connection therewith; (ii) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; or (iii) the making of

Advances by the Liquidity Provider against delivery of a Notice of Borrowing and other documents which do not comply with the terms hereof; provided, however, that the Borrower shall have a claim against the Liquidity Provider, and the Liquidity Provider shall be liable to the Borrower, to the extent of any damages suffered by the Borrower which were the result of (A) the Liquidity Provider's willful misconduct or negligence in determining whether documents presented hereunder comply with the terms hereof, or (B) any breach by the Liquidity Provider of any of the terms of this Agreement, including, but not limited to, the Liquidity Provider's failure to make lawful payment hereunder after the delivery to it by the Borrower of a Notice of Borrowing strictly complying with the terms and conditions hereof.

(b) Neither the Liquidity Provider nor any of its officers, employees, director or affiliates shall be liable or responsible in any respect for (i) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with this Agreement or any Notice of Borrowing delivered hereunder, or (ii) any action, inaction or omission which may be taken by it in good faith, absent willful misconduct or negligence (in which event the extent of the Liquidity Provider's potential liability to the Borrower shall be limited as set forth in the immediately preceding paragraph), in connection with this Agreement or any Notice of Borrowing.

Section 7.07. Costs, Expenses and Taxes. The Borrower agrees to pay, or cause to be paid (A) on the Effective Date and on such later date or dates on which the Liquidity Provider shall make demand, all reasonable out-of-pocket costs and expenses (including, without limitation, the reasonable fees and expenses of outside counsel for the Liquidity Provider) of the Liquidity Provider in connection with the preparation, negotiation, execution, delivery, filing and recording of this Agreement, any other Operative Agreement and any other documents which may be delivered in connection with this Agreement and (B) on demand, all reasonable costs and expenses (including reasonable counsel fees and expenses) of the Liquidity Provider in connection with (i) the enforcement of this Agreement or any other Operative Agreement, (ii) the modification or amendment of, or supplement to, this Agreement or any other Operative Agreement or such other documents which may be delivered in connection herewith or therewith (whether or not the same shall become effective) or (iii) any action or proceeding relating to any order, injunction,

or other process or decree restraining or seeking to restrain the Liquidity Provider from paying any amount under this Agreement, the Intercreditor Agreement or any other Operative Agreement or otherwise affecting the application of funds in the Cash Collateral Accounts. In addition, the Borrower shall pay any and all recording, stamp and other similar taxes and fees payable or determined to be payable in connection with the execution, delivery, filing and recording of this Agreement, any other Operative Agreement and such other documents, and agrees to save the Liquidity Provider harmless from and against any and all liabilities with respect to or resulting from any delay in paying or omission to pay such taxes or fees.

Section 7.08. Binding Effect; Participations. (a)EEThis Agreement shall be binding upon and inure to the benefit of the Borrower and the Liquidity Provider and their respective successors and assigns, except that neither the Liquidity Provider (except as otherwise provided in this Section 7.08) nor (except as contemplated by Section 3.08) the Borrower shall have the right to assign its rights or obligations hereunder or any interest herein without the prior written consent of the other party, subject to the requirements of Section 7.08(b). The Liquidity Provider may grant participations herein or in any of its rights hereunder (including, without limitation, funded participations and participations in rights to receive interest payments hereunder) and under the other Operative Agreements to such Persons as the Liquidity Provider may in its sole discretion select, subject to the requirements of Section 7.08(b). No such participation by the Liquidity Provider, however, will relieve the Liquidity Provider of its obligations hereunder. In connection with any participation or any proposed participation, the Liquidity Provider may disclose to the participant or the proposed participant any information that the Borrower is required to deliver or to disclose to the Liquidity Provider pursuant to this Agreement. The Borrower acknowledges and agrees that the Liquidity Provider's source of funds may derive in part from its participants (other than Continental). Accordingly, references in this Agreement and the other Operative Agreements to determinations, reserve and capital adequacy requirements, increased costs, reduced receipts, additional amounts due pursuant to Section 3.03(a) and the like as they pertain to the Liquidity Provider shall be deemed also to include those of each of its participants (subject, in each case, to the maximum amount that would have been incurred by or attributable to the Liquidity Provider directly if the Liquidity

Provider, rather than the participant, had held the interest participated).

(b) If, pursuant to subsection (a) above, the Liquidity Provider sells any participation in this Agreement to any bank or other entity (each, a "Transferee"), then, concurrently with the effectiveness of such transfer, the Transferee shall (i) represent to the Liquidity Provider (for the benefit of the Liquidity Provider and the Borrower) either (A) that it is incorporated under the laws of the United States or a state thereof or (B) that under applicable law and treaties, no taxes will be required to be withheld with respect to any payments to be made to such Transferee in respect of this Agreement, (ii) furnish to the Liquidity Provider and the Borrower either (x) a statement that it is incorporated under the laws of the United States or a state thereof or (y) if it is not so incorporated, two copies of a properly completed United States Internal Revenue Service Form 4224 or Form 1001, as appropriate, or other applicable form, certificate or document prescribed by the Internal Revenue Service certifying, in each case, such Transferee's entitlement to a complete exemption from United States federal withholding tax in respect to any and all payments to be made hereunder, and (iii) agree (for the benefit of the Liquidity Provider and the Borrower) to provide the Liquidity Provider and the Borrower a new Form 4224 or Form 1001, as appropriate, (A) on or before the date that any such form expires or becomes obsolete or (B) after the occurrence of any event requiring a change in the most recent form previously delivered by it and prior to the immediately following due date of any payment by the Borrower hereunder, certifying in the case of a Form 1001 or Form 4224 that such Transferee is entitled to a complete exemption from United States federal withholding tax on payments under this Agreement. Unless the Borrower has received forms or other documents reasonably satisfactory to it (and required by applicable law) indicating that payments hereunder are not subject to United States federal withholding tax, the Borrower will withhold taxes as required by law from such payments at the applicable statutory rate.

(c) Notwithstanding the other provisions of this Section 7.08, the Liquidity Provider may assign and pledge all or any portion of the Advances owing to it to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal

Reserve Bank, provided that any payment in respect of such assigned Advances made by the Borrower to the Liquidity Provider in accordance with the terms of this Agreement shall satisfy the Borrower's obligations hereunder in respect of such assigned Advance to the extent of such payment. No such assignment shall release the Liquidity Provider from its obligations hereunder.

(d) Notwithstanding the other provisions of this Section 7.08, if at any time after the date hereof the Borrower shall withhold taxes as required by law from any payments made to the Liquidity Provider, the Liquidity Provider may assign all (but not less than all) of its rights and obligations under this Agreement to the New York Branch of ING Bank N.V. (the "ING Transferee"); provided, that it shall be a condition to any such transfer that (i) the ING Transferee enters into an agreement in form and substance reasonably satisfactory to the Borrower pursuant to which the ING Transferee assumes all of the obligations of the Liquidity Provider hereunder, under the Intercreditor Agreement, the ING Fee Letter and the Tax Letter, (ii) the ING Transferee delivers an opinion to the Borrower and each of the Rating Agencies in form and substance reasonably satisfactory to the Borrower opining that this Agreement, the Intercreditor Agreement, the ING Fee Letter and the Tax Letter are enforceable obligations of the ING Transferee, (iii) the Liquidity Provider shall have delivered to the Borrower a Ratings Confirmation with respect to such transfer from each Rating Agency, (iv) the ING Transferee shall satisfy each of the requirements in respect of a Transferee set forth in Section 7.08(b) and (v) the Liquidity Provider shall pay all fees and expenses (including, without limitation, legal fees and disbursements) of the Borrower in connection with such transfer. Upon the satisfaction of the conditions set forth in this Section 7.08(d), the ING Transferee shall be deemed to be the Liquidity Provider with the rights and obligations of the Liquidity Provider hereunder and under the other Operative Agreements.

Section 7.09. Severability. Any provision of this Agreement which is prohibited, unenforceable or not authorized in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition, unenforceability or non-authorization without invalidating the remaining provisions hereof or affecting the validity, enforceability or legality of such provision in any other jurisdiction.

Section 7.10. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

Section 7.11. Submission to Jurisdiction; Waiver of Jury Trial; Waiver of Immunity. (a) Each of the parties hereto hereby irrevocably and unconditionally:

(i) submits for itself and its property in any legal action or proceeding relating to this Agreement or any other Operative Agreement, or for recognition and enforcement of any judgment in respect hereof or thereof, to the nonexclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and the appellate courts from any thereof;

(ii) consents that any such action or proceeding may be brought in such courts, and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(iii) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form and mail), postage prepaid, to each party hereto at its address set forth in Section 7.02 hereof, or at such other address of which the Liquidity Provider shall have been notified pursuant thereto; and

(iv) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

(b) THE BORROWER AND THE LIQUIDITY PROVIDER EACH HEREBY AGREE TO WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY DEALINGS BETWEEN THEM RELATING TO THE SUBJECT MATTER OF THIS AGREEMENT AND THE RELATIONSHIP THAT IS BEING ESTABLISHED, including, without limitation, contract claims, tort claims, breach of duty claims and all other common law and

statutory claims. The Borrower and the Liquidity Provider each warrant and represent that it has reviewed this waiver with its legal counsel, and that it knowingly and voluntarily waives its jury trial rights following consultation with such legal counsel. THIS WAIVER IS IRREVOCABLE, AND CANNOT BE MODIFIED EITHER ORALLY OR IN WRITING, AND THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.

(c) The Liquidity Provider hereby waives any immunity it may have from the jurisdiction of the courts of the United States or of any State and waives any immunity any of its properties located in the United States may have from attachment or execution upon a judgement entered by any such court under the United States Foreign Sovereign Immunities Act of 1976 or any similar successor legislation.

Section 7.12. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto on separate counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute but one and the same Agreement.

Section 7.13. Entirety. This Agreement, the Intercreditor Agreement and the other Operative Agreements to which the Liquidity Provider is a party constitute the entire agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior understandings and agreements of such parties.

Section 7.14. Headings. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose.

Section 7.15 Transfer. The Liquidity Provider hereby acknowledges and consents to the Transfer contemplated by the Assignment and Assumption Agreement.

Section 7.16. LIQUIDITY PROVIDER'S OBLIGATION TO MAKE ADVANCES. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE OBLIGATIONS OF THE LIQUIDITY PROVIDER TO MAKE ADVANCES HEREUNDER, AND THE BORROWER'S RIGHTS TO DELIVER NOTICES OF BORROWING REQUESTING THE MAKING OF ADVANCES HEREUNDER, SHALL BE UNCONDITIONAL AND IRREVOCABLE, AND SHALL BE PAID OR PERFORMED, IN EACH CASE STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the date first set forth above.

## ARTICLE II

### AMOUNT AND TERMS OF THE COMMITMENT

Section 2.01. The Advances. The Liquidity Provider hereby irrevocably agrees, on the terms and conditions hereinafter set forth, to make Advances to the Borrower from time to time on any Business Day during the period from the Effective Date until 12:00 Noon (New York City time) on the Expiry Date (unless the obligations of the Liquidity Provider shall be earlier terminated in accordance with the terms of Section 2.04(b)) in an aggregate amount at any time outstanding not to exceed the Maximum Commitment.

Section 2.02. Making the Advances. (a) Interest Advances shall be made in one or more Borrowings by delivery to the Liquidity Provider of one or more written and completed Notices of Borrowing in substantially the form of Annex I attached hereto, signed by a Responsible Officer of the Borrower, in an amount not exceeding the Maximum Available Commitment at such time and shall be used solely for the payment when due of the Stated Portion of interest on the Class C-I Certificates at the Stated Interest Rate therefor in accordance with Section 3.6(a) of the Intercreditor Agreement. Each Interest Advance made hereunder shall automatically reduce the Maximum Available Commitment and the amount available to be borrowed hereunder by subsequent Advances by the amount of such Interest Advance

(subject to reinstatement as provided in the next sentence). Upon repayment to the Liquidity Provider in full of the amount of any Interest Advance made pursuant to this Section 2.02(a), together with accrued interest thereon (as provided herein), the Maximum Available Commitment shall be reinstated by the amount of such repaid Interest Advance, but not to exceed the Maximum Commitment; provided, however, that the Maximum Available Commitment shall not be so reinstated at any time if (i) a Liquidity Event of Default shall have occurred and be continuing and (ii) there is a Performing Note Deficiency.

(b) A Non-Extension Advance shall be made in a single Borrowing if this Agreement is not extended in accordance with Section 3.6(d) of the Intercreditor Agreement (unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(d)) by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex II attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account in accordance with said Section 3.6(d).

(c) A Downgrade Advance shall be made in a single Borrowing upon a downgrading of the Liquidity Provider's short-term unsecured debt rating issued by either Rating Agency below the Threshold Rating (as provided for in Section 3.6(c) of the Intercreditor Agreement) unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(c), by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex III attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account in accordance with said Section 3.6(c).

(d) A Final Advance shall be made in a single Borrowing upon the receipt by the Borrower of a Termination Notice from the Liquidity Provider pursuant to Section 6.01 hereof by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex IV attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment

at such time, and shall be used to fund the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account (in accordance with Section 3.6(i) of the Intercreditor Agreement).

(e) Each Borrowing shall be made on notice in writing (a "Notice of Borrowing") in substantially the form required by Section 2.02(a), 2.02(b), 2.02(c) or 2.02(d), as the case may be, given by the Borrower to the Liquidity Provider. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing no later than 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the first Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and immediately available funds, the amount of such Borrowing. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing after 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the second Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified by the Borrower in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and in immediately available funds, the amount of such Borrowing. Payments of proceeds of a Borrowing shall be made by wire transfer of immediately available funds to the Borrower in accordance with such wire transfer instructions as the Borrower shall furnish from time to time to the Liquidity Provider for such purpose. Each Notice of Borrowing shall be irrevocable and binding on the Borrower.

(f) Upon the making of any Advance requested pursuant to a Notice of Borrowing, in accordance with the Borrower's payment instructions, the Liquidity Provider shall be fully discharged of its obligation hereunder with respect to such Notice of Borrowing, and the Liquidity Provider shall not thereafter be obligated to make any further Advances hereunder in respect of such Notice of Borrowing to the Borrower or to any other Person. Following the making of any Advance pursuant to Section 2.02(b), (c) or (d) hereof to fund the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account, the Liquidity

Provider shall have no interest in or rights to the Class C-I Cash Collateral Account, any Sub-Account thereof, such Advance or any other amounts from time to time on deposit in the Class C-I Cash Collateral Account or any Sub-Account thereof; provided that the foregoing shall not affect or impair the obligations of the Subordination Agent to make the distributions contemplated by Section 3.6(e) or (f) of the Intercreditor Agreement. By paying to the Borrower proceeds of Advances requested by the Borrower in accordance with the provisions of this Agreement, the Liquidity Provider makes no representation as to, and assumes no responsibility for, the correctness or sufficiency for any purpose of the amount of the Advances so made and requested.

Section 2.03. Fees. The Borrower agrees to pay to the Liquidity Provider the fees set forth in the ABN AMRO Fee Letter.

Section 2.04. Adjustments or Termination of the Maximum Commitment. (a) Automatic Adjustments. Promptly following each date on which the Required Amount is (1) reduced as a result of a reduction in the Pool Balance of the Class C-I Certificates or otherwise, (2) increased as a result of an increase in the Stated Interest Rate or (3) subsequent to such an increase described in clause (2), reduced pursuant to the definition of "Stated Interest Rate", clause (y) of the definition of Maximum Commitment shall automatically be reduced or increased, as the case may be, to an amount equal to the Stated Portion of the Required Amount (as calculated by the Borrower). The Borrower shall give notice of any such automatic reduction or increase of the Maximum Commitment to the Liquidity Provider within two Business Days thereof. The failure by the Borrower to furnish any such notice shall not affect such automatic reduction or increase of the Maximum Commitment.

(b) Termination. Upon the making of any Provider Advance or Final Advance hereunder or the occurrence of the Termination Date, the obligation of the Liquidity Provider to make further Advances hereunder shall automatically and irrevocably terminate, and the Borrower shall not be entitled to request any further Borrowing hereunder.

Section 2.05. Repayments of Interest Advances or the Final Advance. Subject to Sections 2.06, 2.07 and 2.09 hereof, the Borrower hereby agrees, without notice of an Advance or demand for repayment from the Liquidity Provider (which notice and demand are hereby waived by the Borrower), to pay, or to

cause to be paid, to the Liquidity Provider on each date on which the Liquidity Provider shall make an Interest Advance or the Final Advance, an amount equal to (a) the amount of such Advance (any such Advance, until repaid, is referred to herein as an "Unpaid Advance"), plus (b) interest on the amount of each such Unpaid Advance as provided in Section 3.07 hereof; provided that if (i) the Liquidity Provider shall make a Provider Advance at any time after making one or more Interest Advances which shall not have been repaid in accordance with this Section 2.05 or (ii) this Liquidity Facility shall become a Downgraded Facility or Non-Extended Facility at any time when unreimbursed Interest Advances have reduced the Maximum Available Commitment to zero, then such Interest Advances shall cease to constitute Unpaid Advances and shall be deemed to have been changed into an Applied Downgrade Advance or an Applied Non-Extension Advance, as the case may be, for all purposes of this Agreement (including, without limitation, for the purpose of determining when such Interest Advance is required to be repaid to the Liquidity Provider in accordance with Section 2.06 and for the purposes of Section 2.06(b)). The Borrower and the Liquidity Provider agree that the repayment in full of each Interest Advance and Final Advance on the date such Advance is made is intended to be a contemporaneous exchange for new value given to the Borrower by the Liquidity Provider.

Section 2.06. Repayments of Provider Advances. (a) Amounts advanced hereunder in respect of a Provider Advance shall be deposited in the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account, invested and withdrawn from the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account as set forth in Sections 3.6(c), (d) and (f) of the Intercreditor Agreement. The Borrower agrees to pay to the Liquidity Provider, on each Regular Distribution Date, commencing on the first Regular Distribution Date after the making of a Provider Advance, interest on the principal amount of any such Provider Advance as provided in Section 3.07; provided, however, that amounts in respect of a Provider Advance withdrawn from the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account for the purpose of paying interest on the Class C-I Certificates in accordance with Section 3.6(f) of the Intercreditor Agreement (the amount of any such withdrawal being (y) in the case of a Downgrade Advance, an "Applied Downgrade Advance" and (z) in the case of a Non-Extension Advance, an "Applied Non-Extension Advance" and, together with an Applied Downgrade Advance, an "Applied Provider Advance") shall thereafter (subject to Section 2.06(b)) be

treated as an Interest Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon; provided further, however, that if, following the making of a Provider Advance, the Liquidity Provider delivers a Termination Notice to the Borrower pursuant to Section 6.01 hereof, such Provider Advance shall thereafter be treated as a Final Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon. Subject to Sections 2.07 and 2.09 hereof, immediately upon the withdrawal of any amounts from the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account on account of a reduction in the Required Amount, the Borrower shall repay to the Liquidity Provider a portion of the Provider Advances in a principal amount equal to the Stated Portion of such reduction, plus interest on the principal amount prepaid as provided in Section 3.07 hereof.

(b) At any time when an Applied Provider Advance (or any portion thereof) is outstanding, upon the deposit in the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account of any amount pursuant to clause "third" of Section 2.4(b) of the Intercreditor Agreement, clause "third" of Section 3.2 of the Intercreditor Agreement or clause "fourth" of Section 3.3 of the Intercreditor Agreement (any such amount being a "Replenishment Amount") for the purpose of replenishing or increasing the balance thereof up to the Stated Portion of the Required Amount at such time, (i) the aggregate outstanding principal amount of all Applied Provider Advances (and of Provider Advances treated as an Interest Advance for purposes of determining the Applicable Liquidity Rate for interest payable thereon) shall be automatically reduced by the amount of such Replenishment Amount and (ii) the aggregate outstanding principal amount of all Unapplied Provider Advances shall be automatically increased by the amount of such Replenishment Amount.

(c) Upon the provision of a Replacement Liquidity Facility in replacement of this Agreement in accordance with Section 3.6(e) of the Intercreditor Agreement, amounts remaining on deposit in the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account after giving effect to any Applied Provider Advance on the date of such replacement shall be reimbursed to the Liquidity Provider, but only to the extent such amounts are necessary to repay in full to the Liquidity Provider all amounts owing to it hereunder.

Section 2.07. Payments to the Liquidity Provider Under the Intercreditor Agreement. In order to provide for payment or repayment to the Liquidity Provider of any amounts hereunder, the Intercreditor Agreement provides that amounts available and referred to in Articles II and III of the Intercreditor Agreement, to the extent payable to the Liquidity Provider pursuant to the terms of the Intercreditor Agreement (including, without limitation, Section 3.6(f) of the Intercreditor Agreement), shall be paid to the Liquidity Provider in accordance with the terms thereof. Amounts so paid to the Liquidity Provider shall be applied by the Liquidity Provider to Liquidity Obligations then due and payable in such manner as it shall deem appropriate.

Section 2.08. Book Entries. The Liquidity Provider shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower resulting from Advances made from time to time and the amounts of principal and interest payable hereunder and paid from time to time in respect thereof; provided, however, that the failure by the Liquidity Provider to maintain such account or accounts shall not affect the obligations of the Borrower in respect of Advances.

Section 2.09. Payments from Available Funds Only. All payments to be made by the Borrower under this Agreement shall be made only from the Stated Portion of amounts that constitute Scheduled Payments, Special Payments or payments under Section 9.1 of the Participation Agreements and Sections 6 and 7 of the Note Purchase Agreement and only to the extent that the Borrower shall have sufficient income or proceeds therefrom to enable the Borrower to make payments in accordance with the terms hereof after giving effect to the priority of payments provisions set forth in the Intercreditor Agreement. The Liquidity Provider agrees that it will look solely to such amounts to the extent available for distribution to it as provided in the Intercreditor Agreement and this Agreement and that the Borrower, in its individual capacity, is not personally liable to it for any amounts payable or liability under this Agreement except as expressly provided in this Agreement, the Intercreditor Agreement or any Participation Agreement. Amounts on deposit in the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account shall be available to the Borrower to make payments under this Agreement only to the extent and for the purposes expressly contemplated in Section 3.6(f) of the Intercreditor Agreement. Amounts on deposit in the other Sub-Account in respect of the

Class C-I Certificates shall not be available to make payments under this Agreement.

Section 2.10. Extension of the Expiry Date; Non-Extension Advance. No earlier than the 60th day and no later than the 40th day prior to the then effective Expiry Date (unless such Expiry Date is on or after the date that is 15 days after the Final Maturity Date for the Class C-I Certificates), the Borrower shall request that the Liquidity Provider extend the Expiry Date for a period of 364 days after the then effective Expiry Date (unless the obligations of the Liquidity Provider are earlier terminated in accordance with the terms hereof). The Liquidity Provider shall advise the Borrower, no earlier than 40 days and no later than 25 days prior to the then effective Expiry Date, whether, in its sole discretion, it agrees to so extend the Expiry Date. If the Liquidity Provider advises the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall not be so extended, or fails to irrevocably and unconditionally advise the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall be so extended (and, in each case, if the Liquidity Provider shall not have been replaced in accordance with Section 3.6(e) of the Intercreditor Agreement), the Borrower shall be entitled on and after such 25th day (but prior to the then effective Expiry Date) to request a Non-Extension Advance in accordance with Section 2.02(b) hereof and Section 3.6(d) of the Intercreditor Agreement.

### ARTICLE III

#### OBLIGATIONS OF THE BORROWER

Section 3.01. Increased Costs. Subject to the ABN AMRO Fee Letter, the Borrower shall pay to the Liquidity Provider from time to time such amounts as may be necessary to compensate the Liquidity Provider for any increased costs incurred by the Liquidity Provider which are attributable to its making or maintaining any LIBOR Advances hereunder or its obligation to make any such Advances hereunder, or any reduction in any amount receivable by the Liquidity Provider under this Agreement or the Intercreditor Agreement in respect of any such Advances or such obligation (such increases in costs and reductions in amounts receivable being herein called "Additional Costs"), resulting from any change after the date of this Agreement in U.S. federal, state, municipal, or foreign laws or regulations (including

Regulation D), or the adoption or making after the date of this Agreement of any interpretations, directives, or requirements applying to a class of banks including the Liquidity Provider under any U.S. federal, state, municipal, or any foreign laws or regulations (whether or not having the force of law) by any court, central bank or monetary authority charged with the interpretation or administration thereof (a "Regulatory Change"), which: (1) changes the basis of taxation of any amounts payable to the Liquidity Provider under this Agreement in respect of any such Advances (other than Excluded Taxes); or (2) imposes or modifies any reserve, special deposit, compulsory loan or similar requirements relating to any extensions of credit or other assets of, or any deposits with other liabilities of, the Liquidity Provider (including any such Advances or any deposits referred to in the definition of LIBOR Rate or related definitions). The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.01 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.01 of the effect of any Regulatory Change on its costs of making or maintaining Advances or on amounts receivable by it in respect of Advances, and of the additional amounts required to compensate the Liquidity Provider in respect of any Additional Costs, shall be prima facie evidence of the amount owed under this Section.

Section 3.02. Capital Adequacy. Subject to the ABN AMRO Fee Letter, if (1) the adoption, after the date hereof, of any applicable governmental law, rule or regulation regarding capital adequacy, (2) any change, after the date hereof, in the interpretation or administration of any such law, rule or regulation by any central bank or other governmental authority charged with the interpretation or administration thereof or (3) compliance by the Liquidity Provider or any corporation

controlling the Liquidity Provider with any applicable guideline or request of general applicability, issued after the date hereof, by any central bank or other governmental authority (whether or not having the force of law) that constitutes a change of the nature described in clause (2), has the effect of requiring an increase in the amount of capital required to be maintained by the Liquidity Provider or any corporation controlling the Liquidity Provider, and such increase is based upon the Liquidity Provider's obligations hereunder and other similar obligations, the Borrower shall pay to the Liquidity Provider from time to time such additional amount or amounts as are necessary to compensate the Liquidity Provider for such portion of such increase as shall be reasonably allocable to the Liquidity Provider's obligations to the Borrower hereunder. The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise materially disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.02 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.02 of the effect of any increase in the amount of capital required to be maintained by the bank and of the amount allocable to the Liquidity Provider's obligations to the Borrower hereunder shall be prima facie evidence of the amounts owed under this Section.

Section 3.03. Payments Free of Deductions. All payments made by the Borrower under this Agreement shall be made free and clear of, and without reduction for or on account of, any present or future stamp or other taxes, levies, imposts, duties, charges, fees, deductions, withholdings, restrictions or conditions of any nature whatsoever now or hereafter imposed, levied, collected, withheld or assessed, excluding Excluded Taxes (such non-excluded taxes being referred to herein, collectively, as "Non-Excluded Taxes" and, individually, as a "Non-Excluded Tax"). If any Non-Excluded Taxes are required to be withheld

from any amounts payable to the Liquidity Provider under this Agreement, the amounts so payable to the Liquidity Provider shall be increased to the extent necessary to yield to the Liquidity Provider (after payment of all Non-Excluded Taxes) interest or any other such amounts payable under this Agreement at the rates or in the amounts specified in this Agreement. The Liquidity Provider agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider. From time to time upon the reasonable request of the Borrower, the Liquidity Provider agrees to provide to the Borrower two original Internal Revenue Service Forms 1001 or 4224, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that the Liquidity Provider is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement.

Section 3.04. Payments. The Borrower shall make or cause to be made each payment to the Liquidity Provider under this Agreement so as to cause the same to be received by the Liquidity Provider not later than 1:00 P.M. (New York City time) on the day when due. The Borrower shall make all such payments in lawful money of the United States of America, to the Liquidity Provider in immediately available funds, by wire transfer to ABN AMRO Bank N.V., New York, NY, ABA # 026009580, Account Name: ABN AMRO Bank, N.V. - Chicago Branch, Account # 651-0-010111-42, Reference: Continental Airlines, Inc.

Section 3.05. Computations. All computations of interest based on the Base Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on the LIBOR Rate shall be made on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable.

Section 3.06. Payment on Non-Business Days. Whenever any payment to be made hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day and no additional interest shall be due as a result (and if so made, shall be deemed to have been

made when due). If any payment in respect of interest on an Advance is so deferred to the next succeeding Business Day, such deferral shall not delay the commencement of the next Interest Period for such Advance (if such Advance is a LIBOR Advance) or reduce the number of days for which interest will be payable on such Advance on the next interest payment date for such Advance.

Section 3.07. Interest. (a) Subject to Section 2.09, the Borrower shall pay, or shall cause to be paid, without duplication, interest on (i) the unpaid principal amount of each Advance from and including the date of such Advance (or, in the case of an Applied Provider Advance, from and including the date on which the amount thereof was withdrawn from the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account to pay interest on the Class C-I Certificates) to but excluding the date such principal amount shall be paid in full (or, in the case of an Applied Provider Advance, the date on which the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account is fully replenished in respect of such Advance) and (ii) any other amount due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by law, installments of interest on Advances or any such other amount) which is not paid when due (whether at stated maturity, by acceleration or otherwise) from and including the due date thereof to but excluding the date such amount is paid in full, in each such case, at a fluctuating interest rate per annum for each day equal to the Applicable Liquidity Rate (as defined below) for such Advance or such other amount as in effect for such day, but in no event at a rate per annum greater than the maximum rate permitted by applicable law; provided, however, that, if at any time the otherwise applicable interest rate as set forth in this Section 3.07 shall exceed the maximum rate permitted by applicable law, then any subsequent reduction in such interest rate will not reduce the rate of interest payable pursuant to this Section 3.07 below the maximum rate permitted by applicable law until the total amount of interest accrued equals the amount of interest that would have accrued if such otherwise applicable interest rate as set forth in this Section 3.07 had at all times been in effect.

(b) Except as provided in clause (e) below, each Advance will be either a Base Rate Advance or a LIBOR Advance as provided in this Section. Each such Advance will be a Base Rate Advance for the period from the date of its borrowing to (but excluding) the third Business Day following the Liquidity

Provider's receipt of the Notice of Borrowing for such Advance. Thereafter, such Advance shall be a LIBOR Advance; provided that the Borrower (at the direction of the Controlling Party) may convert the Final Advance into a Base Rate Advance on the last day of an Interest Period for such Advance by giving the Liquidity Provider no less than four Business Days' prior written notice of such election.

(c) Each LIBOR Advance shall bear interest during each Interest Period at a rate per annum equal to the LIBOR Rate for such Interest Period plus the Applicable Margin for such LIBOR Advance, payable in arrears on the last day of such Interest Period and, in the event of the payment of principal of such LIBOR Advance on a day other than such last day, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(d) Each Base Rate Advance shall bear interest at a rate per annum equal to the Base Rate plus the Applicable Margin for such Base Rate Advance, payable in arrears on each Regular Distribution Date and, in the event of the payment of principal of such Base Rate Advance on a day other than a Regular Distribution Date, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(e) Each Unapplied Downgrade Advance (i) during the period from and including the date of the making of such Unapplied Downgrade Advance through but excluding the Expiry Date (or, if earlier, the date of repayment thereof or of conversion thereof into a Final Advance), shall bear interest in an amount equal to the Investment Earnings on amounts on deposit in the ABN AMRO Sub-Account of the Class C-I Cash Collateral Account for such period plus .35% per annum on the amount of such Unapplied Downgrade Advance from time to time during such period, payable in arrears on each Regular Distribution Date and (ii) thereafter, shall be a LIBOR Advance and shall bear interest in accordance with clause (c) above.

(f) Each amount not paid when due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by applicable law, installments of interest on Advances but excluding Advances) shall bear interest at a rate per annum equal to the Base Rate plus 2.00% until paid.

(g) Each change in the Base Rate shall become effective immediately. The rates of interest specified in this Section 3.07 with respect to any Advance or other amount shall be referred to as the "Applicable Liquidity Rate".

Section 3.08. Replacement of Borrower. From time to time and subject to the successor Borrower's meeting the eligibility requirements set forth in Section 6.9 of the Intercreditor Agreement applicable to the Subordination Agent, upon the effective date and time specified in a written and completed Notice of Replacement Subordination Agent in substantially the form of Annex VI attached hereto (a "Notice of Replacement Subordination Agent") delivered to the Liquidity Provider by the then Borrower, the successor Borrower designated therein shall be substituted for as the Borrower for all purposes hereunder.

Section 3.09. Funding Loss Indemnification. The Borrower shall pay to the Liquidity Provider, upon the request of the Liquidity Provider, such amount or amounts as shall be sufficient (in the reasonable opinion of the Liquidity Provider) to compensate it for any loss, cost, or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by the Liquidity Provider to fund or maintain any LIBOR Advance (but excluding loss of anticipated profits) incurred as a result of:

(1) Any repayment of a LIBOR Advance on a date other than the last day of the Interest Period for such Advance; or

(2) Any failure by the Borrower to borrow a LIBOR Advance on the date for borrowing specified in the relevant notice under Section 2.02.

Section 3.10. Illegality. Notwithstanding any other provision in this Agreement, if any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by the Liquidity Provider (or its Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for the Liquidity Provider (or its Lending Office) to maintain or fund

its LIBOR Advances, then upon notice to the Borrower by the Liquidity Provider, the outstanding principal amount of the LIBOR Advances shall be converted to Base Rate Advances (a) immediately upon demand of the Liquidity Provider, if such change or compliance with such request, in the judgment of the Liquidity Provider, requires immediate repayment; or (b) at the expiration of the last Interest Period to expire before the effective date of any such change or request.

(e) The Borrower shall have received a certificate, dated the date hereof, signed by a duly authorized representative of the Liquidity Provider, certifying that all conditions precedent to the effectiveness of Section 2.01 have been satisfied or waived.

Section 4.02. Conditions Precedent to Borrowing. The obligation of the Liquidity Provider to make an Advance on the occasion of each Borrowing shall be subject to the conditions precedent that the Effective Date shall have occurred and, prior to the date of such Borrowing, the Borrower shall have delivered a Notice of Borrowing which conforms to the terms and conditions of this Agreement and has been completed as may be required by the relevant form of the Notice of Borrowing for the type of Advances requested.

#### ARTICLE V

#### COVENANTS

Section 5.01. Affirmative Covenants of the Borrower. So long as any Advance shall remain unpaid or the Liquidity Provider shall have any Maximum Commitment hereunder or the Borrower shall have any obligation to pay any amount to the Liquidity Provider hereunder, the Borrower will, unless the Liquidity Provider shall otherwise consent in writing:

observe and perform in all material respects the conditions, covenants and requirements applicable to it contained in this Agreement and the other Operative Agreements.

Section 7.03. No Waiver; Remedies. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Section 7.04. Further Assurances. The Borrower agrees to do such further acts and things and to execute and deliver to the Liquidity Provider such additional assignments, agreements, powers and instruments as the Liquidity Provider may reasonably require or deem advisable to carry into effect the purposes of this Agreement and the other Operative Agreements or to better assure and confirm unto the Liquidity Provider its rights, powers and remedies hereunder and under the other Operative Agreements.

Section 7.05. Indemnification; Survival of Certain Provisions. The Liquidity Provider shall be indemnified hereunder to the extent and in the manner described in Section 10.1 of the Participation Agreements and Section 6 of the Note Purchase Agreement. In addition, the Borrower agrees to indemnify, protect, defend and hold harmless the Liquidity Provider from, against and in respect of, and shall pay on

demand, all Expenses of any kind or nature whatsoever (other than any Expenses of the nature described in Sections 3.01, 3.02 or 7.07 hereof or in the ABN AMRO Fee Letter (regardless of whether indemnified against pursuant to said Sections or in such Fee Letter)), that may be imposed, incurred by or asserted against any Liquidity Indemnatee, in any way relating to, resulting from, or arising out of or in connection with any action, suit or proceeding by any third party against such Liquidity Indemnatee and relating to this Agreement, the ABN AMRO Fee Letter, the Intercreditor Agreement or any Financing Agreement; provided, however, that the Borrower shall not be required to indemnify, protect, defend and hold harmless any Liquidity Indemnatee in respect of any Expense of such Liquidity Indemnatee (i) to the extent such Expense is attributable to the gross negligence or willful misconduct of such Liquidity Indemnatee or any other Liquidity Indemnatee, (ii) that is ordinary and usual operating overhead expense, and (iii) to the extent such Expense is attributable to the failure by such Liquidity Indemnatee or any other Liquidity Indemnatee to perform or observe any agreement, covenant or condition on its part to be performed or observed in this Agreement, the Intercreditor Agreement, the ABN AMRO Fee Letter, the Tax Letter or any other Operative Document to which it is a party. The indemnities contained in such Section 10.1, and the provisions of Sections 3.01, 3.02, 3.03, 3.09, 7.05 and 7.07 hereof, shall survive the termination of this Agreement.

Section 7.06. Liability of the Liquidity Provider. (a) Neither the Liquidity Provider nor any of its officers, employees, directors or affiliates shall be liable or responsible for: (i) the use which may be made of the Advances or any acts or omissions of the Borrower or any beneficiary or transferee in connection therewith; (ii) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; or (iii) the making of Advances by the Liquidity Provider against delivery of a Notice of Borrowing and other documents which do not comply with the terms hereof; provided, however, that the Borrower shall have a claim against the Liquidity Provider, and the Liquidity Provider shall be liable to the Borrower, to the extent of any damages suffered by the Borrower which were the result of (A) the Liquidity Provider's willful misconduct or negligence in determining whether documents presented hereunder comply with the terms hereof, or (B) any breach by the Liquidity Provider of any of the terms of this Agreement, including, but not limited to,

the Liquidity Provider's failure to make lawful payment hereunder after the delivery to it by the Borrower of a Notice of Borrowing strictly complying with the terms and conditions hereof.

(b) Neither the Liquidity Provider nor any of its officers, employees, director or affiliates shall be liable or responsible in any respect for (i) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with this Agreement or any Notice of Borrowing delivered hereunder, or (ii) any action, inaction or omission which may be taken by it in good faith, absent willful misconduct or negligence (in which event the extent of the Liquidity Provider's potential liability to the Borrower shall be limited as set forth in the immediately preceding paragraph), in connection with this Agreement or any Notice of Borrowing.

Section 7.07. Costs, Expenses and Taxes. The Borrower agrees to pay, or cause to be paid (A) on the Effective Date and on such later date or dates on which the Liquidity Provider shall make demand, all reasonable out-of-pocket costs and expenses (including, without limitation, the reasonable fees and expenses of outside counsel for the Liquidity Provider) of the Liquidity Provider in connection with the preparation, negotiation, execution, delivery, filing and recording of this Agreement, any other Operative Agreement and any other documents which may be delivered in connection with this Agreement and (B) on demand, all reasonable costs and expenses (including reasonable counsel fees and expenses) of the Liquidity Provider in connection with (i) the enforcement of this Agreement or any other Operative Agreement, (ii) the modification or amendment of, or supplement to, this Agreement or any other Operative Agreement or such other documents which may be delivered in connection herewith or therewith (whether or not the same shall become effective) or (iii) any action or proceeding relating to any order, injunction, or other process or decree restraining or seeking to restrain the Liquidity Provider from paying any amount under this Agreement, the Intercreditor Agreement or any other Operative Agreement or otherwise affecting the application of funds in the Cash Collateral Accounts. In addition, the Borrower shall pay any and all recording, stamp and other similar taxes and fees payable or determined to be payable in connection with the execution, delivery, filing and recording of this Agreement, any other Operative Agreement and such other documents, and agrees to save the Liquidity Provider harmless from and against any and all

liabilities with respect to or resulting from any delay in paying or omission to pay such taxes or fees.

Section 7.08. Binding Effect; Participations. (a) This Agreement shall be binding upon and inure to the benefit of the Borrower and the Liquidity Provider and their respective successors and assigns, except that neither the Liquidity Provider (except as otherwise provided in this Section 7.08) nor (except as contemplated by Section 3.08) the Borrower shall have the right to assign its rights or obligations hereunder or any interest herein without the prior written consent of the other party, subject to the requirements of Section 7.08(b). The Liquidity Provider may grant participations herein or in any of its rights hereunder (including, without limitation, funded participations and participations in rights to receive interest payments hereunder) and under the other Operative Agreements to such Persons as the Liquidity Provider may in its sole discretion select, subject to the requirements of Section 7.08(b). No such participation by the Liquidity Provider, however, will relieve the Liquidity Provider of its obligations hereunder. In connection with any participation or any proposed participation, the Liquidity Provider may disclose to the participant or the proposed participant any information that the Borrower is required to deliver or to disclose to the Liquidity Provider pursuant to this Agreement. The Borrower acknowledges and agrees that the Liquidity Provider's source of funds may derive in part from its participants (other than Continental). Accordingly, references in this Agreement and the other Operative Agreements to determinations, reserve and capital adequacy requirements, increased costs, reduced receipts, additional amounts due pursuant to Section 3.03(a) and the like as they pertain to the Liquidity Provider shall be deemed also to include those of each of its participants (subject, in each case, to the maximum amount that would have been incurred by or attributable to the Liquidity Provider directly if the Liquidity Provider, rather than the participant, had held the interest participated).

(b) If, pursuant to subsection (a) above, the Liquidity Provider sells any participation in this Agreement to any bank or other entity (each, a "Transferee"), then, concurrently with the effectiveness of such transfer, the Transferee shall (i) represent to the Liquidity Provider (for the benefit of the Liquidity Provider and the Borrower) either (A) that it is incorporated under the laws of the United States or a state thereof or (B) that under applicable law and treaties, no

taxes will be required to be withheld with respect to any payments to be made to such Transferee in respect of this Agreement, (ii) furnish to the Liquidity Provider and the Borrower either (x) a statement that it is incorporated under the laws of the United States or a state thereof or (y) if it is not so incorporated, two copies of a properly completed United States Internal Revenue Service Form 4224 or Form 1001, as appropriate, or other applicable form, certificate or document prescribed by the Internal Revenue Service certifying, in each case, such Transferee's entitlement to a complete exemption from United States federal withholding tax in respect to any and all payments to be made hereunder, and (iii) agree (for the benefit of the Liquidity Provider and the Borrower) to provide the Liquidity Provider and the Borrower a new Form 4224 or Form 1001, as appropriate, (A) on or before the date that any such form expires or becomes obsolete or (B) after the occurrence of any event requiring a change in the most recent form previously delivered by it and prior to the immediately following due date of any payment by the Borrower hereunder, certifying in the case of a Form 1001 or Form 4224 that such Transferee is entitled to a complete exemption from United States federal withholding tax on payments under this Agreement. Unless the Borrower has received forms or other documents reasonably satisfactory to it (and required by applicable law) indicating that payments hereunder are not subject to United States federal withholding tax, the Borrower will withhold taxes as required by law from such payments at the applicable statutory rate.

(c) Notwithstanding the other provisions of this Section 7.08, the Liquidity Provider may assign and pledge all or any portion of the Advances owing to it to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal Reserve Bank, provided that any payment in respect of such assigned Advances made by the Borrower to the Liquidity Provider in accordance with the terms of this Agreement shall satisfy the Borrower's obligations hereunder in respect of such assigned Advance to the extent of such payment. No such assignment shall release the Liquidity Provider from its obligations hereunder.

Section 7.09. Severability. Any provision of this Agreement which is prohibited, unenforceable or not authorized in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition, unenforceability or non-

authorization without invalidating the remaining provisions hereof or affecting the validity, enforceability or legality of such provision in any other jurisdiction.

Section 7.10. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

Section 7.11. Submission to Jurisdiction; Waiver of Jury Trial; Waiver of Immunity. (a) Each of the parties hereto hereby irrevocably and unconditionally:

(i) submits for itself and its property in any legal action or proceeding relating to this Agreement or any other Operative Agreement, or for recognition and enforcement of any judgment in respect hereof or thereof, to the nonexclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and the appellate courts from any thereof;

(ii) consents that any such action or proceeding may be brought in such courts, and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(iii) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form and mail), postage prepaid, to each party hereto at its address set forth in Section 7.02 hereof, or at such other address of which the Liquidity Provider shall have been notified pursuant thereto; and

(iv) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

(b) THE BORROWER AND THE LIQUIDITY PROVIDER EACH HEREBY AGREE TO WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS

AGREEMENT OR ANY DEALINGS BETWEEN THEM RELATING TO THE SUBJECT MATTER OF THIS AGREEMENT AND THE RELATIONSHIP THAT IS BEING ESTABLISHED, including, without limitation, contract claims, tort claims, breach of duty claims and all other common law and statutory claims. The Borrower and the Liquidity Provider each warrant and represent that it has reviewed this waiver with its legal counsel, and that it knowingly and voluntarily waives its jury trial rights following consultation with such legal counsel. THIS WAIVER IS IRREVOCABLE, AND CANNOT BE MODIFIED EITHER ORALLY OR IN WRITING, AND THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.

(c) The Liquidity Provider hereby waives any immunity it may have from the jurisdiction of the courts of the United States or of any State and waives any immunity any of its properties located in the United States may have from attachment or execution upon a judgment entered by any such court under the United States Foreign Sovereign Immunities Act of 1976 or any similar successor legislation.

Section 7.12. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto on separate counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute but one and the same Agreement.

Section 7.13. Entirety. This Agreement, the Intercreditor Agreement and the other Operative Agreements to which the Liquidity Provider is a party constitute the entire agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior understandings and agreements of such parties.

Section 7.14. Headings. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose.

Section 7.15. Transfer. The Liquidity Provider hereby acknowledges and consents to the Transfer contemplated by the Assignment and Assumption Agreement.

Section 7.16. LIQUIDITY PROVIDER'S OBLIGATION TO MAKE ADVANCES. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE

OBLIGATIONS OF THE LIQUIDITY PROVIDER TO MAKE ADVANCES HEREUNDER, AND THE BORROWER'S RIGHTS TO DELIVER NOTICES OF BORROWING REQUESTING THE MAKING OF ADVANCES HEREUNDER, SHALL BE UNCONDITIONAL AND IRREVOCABLE, AND SHALL BE PAID OR PERFORMED, IN EACH CASE STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the date first set forth above.

## ARTICLE II

### AMOUNT AND TERMS OF THE COMMITMENT

Section 2.01. The Advances. The Liquidity Provider hereby irrevocably agrees, on the terms and conditions hereinafter set forth, to make Advances to the Borrower from time to time on any Business Day during the period from the Effective Date until 12:00 Noon (New York City time) on the Expiry Date (unless the obligations of the Liquidity Provider shall be earlier terminated in accordance with the terms of Section 2.04(b)) in an aggregate amount at any time outstanding not to exceed the Maximum Commitment.

Section 2.02. Making the Advances. (a) Interest Advances shall be made in one or more Borrowings by delivery to the Liquidity Provider of one or more written and completed Notices of Borrowing in substantially the form of Annex I attached hereto, signed by a Responsible Officer of the Borrower, in an amount not exceeding the Maximum Available Commitment at such time and shall be used solely for the payment when due of the Stated Portion of interest on the Class C-I Certificates at the Stated Interest Rate therefor in accordance with Section 3.6(a) of the Intercreditor Agreement. Each Interest Advance made hereunder shall automatically reduce the Maximum Available Commitment and the amount available to be borrowed hereunder by subsequent Advances by the amount of such Interest Advance (subject to reinstatement as provided in the next sentence). Upon repayment to the Liquidity Provider in full of the amount of any Interest Advance made pursuant to this Section 2.02(a), together with accrued interest thereon (as provided herein), the Maximum Available Commitment shall be reinstated by the amount of such repaid Interest Advance, but not to exceed the Maximum Commitment; provided, however, that the Maximum Available Commitment shall not be so reinstated at any time if (i) a

Liquidity Event of Default shall have occurred and be continuing and (ii) there is a Performing Note Deficiency.

(b) A Non-Extension Advance shall be made in a single Borrowing if this Agreement is not extended in accordance with Section 3.6(d) of the Intercreditor Agreement (unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(d)) by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex II attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class C-I Cash Collateral Account in accordance with said Section 3.6(d).

(c) A Downgrade Advance shall be made in a single Borrowing upon a downgrading of the Liquidity Provider's short-term unsecured debt rating issued by either Rating Agency below the Threshold Rating (as provided for in Section 3.6(c) of the Intercreditor Agreement) unless a Replacement Liquidity Facility to replace this Agreement shall have been delivered to the Borrower in accordance with said Section 3.6(c), by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex III attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class C-I Cash Collateral Account in accordance with said Section 3.6(c).

(d) A Final Advance shall be made in a single Borrowing upon the receipt by the Borrower of a Termination Notice from the Liquidity Provider pursuant to Section 6.01 hereof by delivery to the Liquidity Provider of a written and completed Notice of Borrowing in substantially the form of Annex IV attached hereto, signed by a Responsible Officer of the Borrower, in an amount equal to the Maximum Available Commitment at such time, and shall be used to fund the ING Sub-Account of the Class C-I Cash Collateral Account (in accordance with Section 3.6(i) of the Intercreditor Agreement).

(e) Each Borrowing shall be made on notice in writing (a "Notice of Borrowing") in substantially the form required by Section 2.02(a), 2.02(b), 2.02(c) or 2.02(d), as the case may be, given by the Borrower to the Liquidity Provider. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing no later than 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the first Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and immediately available funds, the amount of such Borrowing. If a Notice of Borrowing is delivered by the Borrower in respect of any Borrowing after 12:00 Noon (New York City time) on a Business Day, the Liquidity Provider shall, upon satisfaction of the conditions precedent set forth in Section 4.02 with respect to a requested Borrowing, before 12:00 Noon (New York City time) on the second Business Day next following the day of receipt of such Notice of Borrowing or on such later Business Day specified by the Borrower in such Notice of Borrowing, make available to the Borrower, in accordance with its payment instructions, in U.S. dollars and in immediately available funds, the amount of such Borrowing. Payments of proceeds of a Borrowing shall be made by wire transfer of immediately available funds to the Borrower in accordance with such wire transfer instructions as the Borrower shall furnish from time to time to the Liquidity Provider for such purpose. Each Notice of Borrowing shall be irrevocable and binding on the Borrower.

(f) Upon the making of any Advance requested pursuant to a Notice of Borrowing, in accordance with the Borrower's payment instructions, the Liquidity Provider shall be fully discharged of its obligation hereunder with respect to such Notice of Borrowing, and the Liquidity Provider shall not thereafter be obligated to make any further Advances hereunder in respect of such Notice of Borrowing to the Borrower or to any other Person. Following the making of any Advance pursuant to Section 2.02(b), (c) or (d) hereof to fund the ING Sub-Account of the Class C-I

Cash Collateral Account, the Liquidity Provider shall have no interest in or rights to the Class C-I Cash Collateral Account, any Sub-Account thereof, such Advance or any other amounts from time to time on deposit in the Class C-I Cash Collateral Account or any Sub-Account thereof; provided that the foregoing shall not affect or impair the obligations of the Subordination Agent to make the distributions contemplated by Section 3.6(e) or (f) of the Intercreditor Agreement. By paying to the Borrower proceeds of Advances requested by the Borrower in accordance with the provisions of this Agreement, the Liquidity Provider makes no representation as to, and assumes no responsibility for, the correctness or sufficiency for any purpose of the amount of the Advances so made and requested.

Section 2.03. Fees. The Borrower agrees to pay to the Liquidity Provider the fees set forth in the ING Fee Letter.

Section 2.04. Adjustments or Termination of the Maximum Commitment. (a) Automatic Adjustments. Promptly following each date on which the Required Amount is (1) reduced as a result of a reduction in the Pool Balance of the Class C-I Certificates or otherwise, (2) increased as a result of an increase in the Stated Interest Rate or (3) subsequent to such an increase described in clause (2), reduced pursuant to the definition of "Stated Interest Rate", clause (y) of the definition of Maximum Commitment shall automatically be reduced or increased, as the case may be, to an amount equal to the Stated Portion of the Required Amount (as calculated by the Borrower). The Borrower shall give notice of any such automatic reduction or increase of the Maximum Commitment to the Liquidity Provider within two Business Days thereof. The failure by the Borrower to furnish any such notice shall not affect such automatic reduction or increase of the Maximum Commitment.

(b) Termination. Upon the making of any Provider Advance or Final Advance hereunder or the occurrence of the Termination Date, the obligation of the Liquidity Provider to make further Advances hereunder shall automatically and irrevocably terminate, and the Borrower shall not be entitled to request any further Borrowing hereunder.

Section 2.05. Repayments of Interest Advances or the Final Advance. Subject to Sections 2.06, 2.07 and 2.09 hereof, the Borrower hereby agrees, without notice of an Advance or

demand for repayment from the Liquidity Provider (which notice and demand are hereby waived by the Borrower), to pay, or to cause to be paid, to the Liquidity Provider on each date on which the Liquidity Provider shall make an Interest Advance or the Final Advance, an amount equal to (a) the amount of such Advance (any such Advance, until repaid, is referred to herein as an "Unpaid Advance"), plus (b) interest on the amount of each such Unpaid Advance as provided in Section 3.07 hereof; provided that if (i) the Liquidity Provider shall make a Provider Advance at any time after making one or more Interest Advances which shall not have been repaid in accordance with this Section 2.05 or (ii) this Liquidity Facility shall become a Downgraded Facility or Non-Extended Facility at any time when unreimbursed Interest Advances have reduced the Maximum Available Commitment to zero, then such Interest Advances shall cease to constitute Unpaid Advances and shall be deemed to have been changed into an Applied Downgrade Advance or an Applied Non-Extension Advance, as the case may be, for all purposes of this Agreement (including, without limitation, for the purpose of determining when such Interest Advance is required to be repaid to the Liquidity Provider in accordance with Section 2.06 and for the purposes of Section 2.06(b)). The Borrower and the Liquidity Provider agree that the repayment in full of each Interest Advance and Final Advance on the date such Advance is made is intended to be a contemporaneous exchange for new value given to the Borrower by the Liquidity Provider.

Section 2.06. Repayments of Provider Advances. (a) Amounts advanced hereunder in respect of a Provider Advance shall be deposited in the ING Sub-Account of the Class C-I Cash Collateral Account, invested and withdrawn from the ING Sub-Account of the Class C-I Cash Collateral Account as set forth in Sections 3.6(c), (d) and (f) of the Intercreditor Agreement. The Borrower agrees to pay to the Liquidity Provider, on each Regular Distribution Date, commencing on the first Regular Distribution Date after the making of a Provider Advance, interest on the principal amount of any such Provider Advance as provided in Section 3.07; provided, however, that amounts in respect of a Provider Advance withdrawn from the ING Sub-Account of the Class C-I Cash Collateral Account for the purpose of paying interest on the Class C-I Certificates in accordance with Section 3.6(f) of the Intercreditor Agreement (the amount of any such withdrawal being (y) in the case of a Downgrade Advance, an "Applied Downgrade Advance" and (z) in the case of a Non-Extension

Advance, an "Applied Non-Extension Advance" and, together with an Applied Downgrade Advance, an "Applied Provider Advance") shall thereafter (subject to Section 2.06(b)) be treated as an Interest Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon; provided further, however, that if, following the making of a Provider Advance, the Liquidity Provider delivers a Termination Notice to the Borrower pursuant to Section 6.01 hereof, such Provider Advance shall thereafter be treated as a Final Advance under this Agreement for purposes of determining the Applicable Liquidity Rate for interest payable thereon. Subject to Sections 2.07 and 2.09 hereof, immediately upon the withdrawal of any amounts from the ING Sub-Account of the Class C-I Cash Collateral Account on account of a reduction in the Required Amount, the Borrower shall repay to the Liquidity Provider a portion of the Provider Advances in a principal amount equal to the Stated Portion of such reduction, plus interest on the principal amount prepaid as provided in Section 3.07 hereof.

(b) At any time when an Applied Provider Advance (or any portion thereof) is outstanding, upon the deposit in the ING Sub-Account of the Class C-I Cash Collateral Account of any amount pursuant to clause "third" of Section 2.4(b) of the Intercreditor Agreement, clause "third" of Section 3.2 of the Intercreditor Agreement or clause "fourth" of Section 3.3 of the Intercreditor Agreement (any such amount being a "Replenishment Amount") for the purpose of replenishing or increasing the balance thereof up to the Stated Portion of the Required Amount at such time, (i) the aggregate outstanding principal amount of all Applied Provider Advances (and of Provider Advances treated as an Interest Advance for purposes of determining the Applicable Liquidity Rate for interest payable thereon) shall be automatically reduced by the amount of such Replenishment Amount and (ii) the aggregate outstanding principal amount of all Unapplied Provider Advances shall be automatically increased by the amount of such Replenishment Amount.

(c) Upon the provision of a Replacement Liquidity Facility in replacement of this Agreement in accordance with Section 3.6(e) of the Intercreditor Agreement, amounts remaining on deposit in the ING Sub-Account of the Class C-I Cash Collateral Account after giving effect to any Applied Provider Advance on the date of such replacement shall be reimbursed to the Liquidity Provider, but only to the extent

such amounts are necessary to repay in full to the Liquidity Provider all amounts owing to it hereunder.

Section 2.07. Payments to the Liquidity Provider Under the Intercreditor Agreement. In order to provide for payment or repayment to the Liquidity Provider of any amounts hereunder, the Intercreditor Agreement provides that amounts available and referred to in Articles II and III of the Intercreditor Agreement, to the extent payable to the Liquidity Provider pursuant to the terms of the Intercreditor Agreement (including, without limitation, Section 3.6(f) of the Intercreditor Agreement), shall be paid to the Liquidity Provider in accordance with the terms thereof. Amounts so paid to the Liquidity Provider shall be applied by the Liquidity Provider to Liquidity Obligations then due and payable in such manner as it shall deem appropriate.

Section 2.08. Book Entries. The Liquidity Provider shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower resulting from Advances made from time to time and the amounts of principal and interest payable hereunder and paid from time to time in respect thereof; provided, however, that the failure by the Liquidity Provider to maintain such account or accounts shall not affect the obligations of the Borrower in respect of Advances.

Section 2.09. Payments from Available Funds Only. All payments to be made by the Borrower under this Agreement shall be made only from the Stated Portion of amounts that constitute Scheduled Payments, Special Payments or payments under Section 9.1 of the Participation Agreements and Sections 6 and 7 of the Note Purchase Agreement and only to the extent that the Borrower shall have sufficient income or proceeds therefrom to enable the Borrower to make payments in accordance with the terms hereof after giving effect to the priority of payments provisions set forth in the Intercreditor Agreement. The Liquidity Provider agrees that it will look solely to such amounts to the extent available for distribution to it as provided in the Intercreditor Agreement and this Agreement and that the Borrower, in its individual capacity, is not personally liable to it for any amounts payable or liability under this Agreement except as expressly provided in this Agreement, the Intercreditor Agreement or any Participation Agreement. Amounts on deposit in the ING Sub-Account of the Class C-I Cash Collateral Account shall be available to the Borrower to make payments under this Agreement

only to the extent and for the purposes expressly contemplated in Section 3.6(f) of the Intercreditor Agreement. Amounts on deposit in the other Sub-Account in respect of the Class C-I Certificates shall not be available to make payments under this Agreement.

Section 2.10. Extension of the Expiry Date; Non-Extension Advance. No earlier than the 60th day and no later than the 40th day prior to the then effective Expiry Date (unless such Expiry Date is on or after the date that is 15 days after the Final Maturity Date for the Class C-I Certificates), the Borrower shall request that the Liquidity Provider extend the Expiry Date for a period of 364 days after the then effective Expiry Date (unless the obligations of the Liquidity Provider are earlier terminated in accordance with the terms hereof). The Liquidity Provider shall advise the Borrower, no earlier than 40 days and no later than 25 days prior to the then effective Expiry Date, whether, in its sole discretion, it agrees to so extend the Expiry Date. If the Liquidity Provider advises the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall not be so extended, or fails to irrevocably and unconditionally advise the Borrower on or before the 25th day prior to the Expiry Date then in effect that such Expiry Date shall be so extended (and, in each case, if the Liquidity Provider shall not have been replaced in accordance with Section 3.6(e) of the Intercreditor Agreement), the Borrower shall be entitled on and after such 25th day (but prior to the then effective Expiry Date) to request a Non-Extension Advance in accordance with Section 2.02(b) hereof and Section 3.6(d) of the Intercreditor Agreement.

### ARTICLE III

#### OBLIGATIONS OF THE BORROWER

Section 3.01. Increased Costs. Subject to the ING Fee Letter, the Borrower shall pay to the Liquidity Provider from time to time such amounts as may be necessary to compensate the Liquidity Provider for any increased costs incurred by the Liquidity Provider which are attributable to its making or maintaining any LIBOR Advances hereunder or its obligation to make any such Advances hereunder, or any reduction in any amount receivable by the Liquidity Provider under this Agreement or the Intercreditor Agreement in respect of any such Advances or such obligation (such increases in costs and reductions in amounts

receivable being herein called "Additional Costs"), resulting from any change after the date of this Agreement in U.S. federal, state, municipal, or foreign laws or regulations (including Regulation D), or the adoption or making after the date of this Agreement of any interpretations, directives, or requirements applying to a class of banks including the Liquidity Provider under any U.S. federal, state, municipal, or any foreign laws or regulations (whether or not having the force of law) by any court, central bank or monetary authority charged with the interpretation or administration thereof (a "Regulatory Change"), which: (1) changes the basis of taxation of any amounts payable to the Liquidity Provider under this Agreement in respect of any such Advances (other than Excluded Taxes); or (2) imposes or modifies any reserve, special deposit, compulsory loan or similar requirements relating to any extensions of credit or other assets of, or any deposits with other liabilities of, the Liquidity Provider (including any such Advances or any deposits referred to in the definition of LIBOR Rate or related definitions). The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.01 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.01 of the effect of any Regulatory Change on its costs of making or maintaining Advances or on amounts receivable by it in respect of Advances, and of the additional amounts required to compensate the Liquidity Provider in respect of any Additional Costs, shall be prima facie evidence of the amount owed under this Section.

Section 3.02. Capital Adequacy. Subject to the ING Fee Letter, if (1) the adoption, after the date hereof, of any applicable governmental law, rule or regulation regarding capital adequacy, (2) any change, after the date hereof, in the interpretation or administration of any such law, rule or

regulation by any central bank or other governmental authority charged with the interpretation or administration thereof or (3) compliance by the Liquidity Provider or any corporation controlling the Liquidity Provider with any applicable guideline or request of general applicability, issued after the date hereof, by any central bank or other governmental authority (whether or not having the force of law) that constitutes a change of the nature described in clause (2), has the effect of requiring an increase in the amount of capital required to be maintained by the Liquidity Provider or any corporation controlling the Liquidity Provider, and such increase is based upon the Liquidity Provider's obligations hereunder and other similar obligations, the Borrower shall pay to the Liquidity Provider from time to time such additional amount or amounts as are necessary to compensate the Liquidity Provider for such portion of such increase as shall be reasonably allocable to the Liquidity Provider's obligations to the Borrower hereunder. The Liquidity Provider agrees to use reasonable efforts (consistent with applicable legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any amount payable under this Section that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise materially disadvantageous to the Liquidity Provider.

The Liquidity Provider will notify the Borrower of any event occurring after the date of this Agreement that will entitle the Liquidity Provider to compensation pursuant to this Section 3.02 as promptly as practicable after it obtains knowledge thereof and determines to request such compensation, which notice shall describe in reasonable detail the calculation of the amounts owed under this Section. Determinations by the Liquidity Provider for purposes of this Section 3.02 of the effect of any increase in the amount of capital required to be maintained by the bank and of the amount allocable to the Liquidity Provider's obligations to the Borrower hereunder shall be prima facie evidence of the amounts owed under this Section.

Section 3.03. Payments Free of Deductions. (a) All payments made by the Borrower under this Agreement shall be made free and clear of, and without reduction for or on account of, any present or future stamp or other taxes, levies, imposts, duties, charges, fees, deductions, withholdings, restrictions or conditions of any nature whatsoever now or hereafter imposed, levied, collected, withheld or assessed, excluding Excluded Taxes

(such non-excluded taxes being referred to herein, collectively, as "Non-Excluded Taxes" and, individually, as a "Non-Excluded Tax"). If any Non-Excluded Taxes are required to be withheld from any amounts payable to the Liquidity Provider under this Agreement, the amounts so payable to the Liquidity Provider shall be increased to the extent necessary to yield to the Liquidity Provider (after payment of all Non-Excluded Taxes) interest or any other such amounts payable under this Agreement at the rates or in the amounts specified in this Agreement. The Liquidity Provider agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Lending Office if making such change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the reasonable judgment of the Liquidity Provider, be otherwise disadvantageous to the Liquidity Provider. From time to time upon the reasonable request of the Borrower, the Liquidity Provider agrees to provide to the Borrower two original Internal Revenue Service Forms 1001 or 4224, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that the Liquidity Provider is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement.

(b) All payments (including, without limitation, Advances) made by the Liquidity Provider under this Agreement shall be made free and clear of, and without reduction for or on account of, any Taxes. If any Taxes are required to be withheld or deducted from any amounts payable to the Borrower under this Agreement, the Liquidity Provider shall (i) within the time prescribed therefor by applicable law pay to the appropriate governmental or taxing authority the full amount of any such Taxes (and any additional Taxes in respect of the payment required under clause (ii) hereof) and make such reports or returns in connection therewith at the time or times and in the manner prescribed by applicable law, and (ii) pay to the Borrower an additional amount which (after deduction of all such Taxes) will be sufficient to yield to the Borrower the full amount which would have been received by it had no such withholding or deduction been made. Within 30 days after the date of each payment hereunder, the Liquidity Provider shall furnish to the Borrower the original or a certified copy of (or other

documentary evidence of) the payment of the Taxes applicable to such payment.

Section 3.04. Payments. The Borrower shall make or cause to be made each payment to the Liquidity Provider under this Agreement so as to cause the same to be received by the Liquidity Provider not later than 1:00 P.M. (New York City time) on the day when due. The Borrower shall make all such payments in lawful money of the United States of America, to the Liquidity Provider in immediately available funds, by wire transfer to Northern Trust Company of New York, One World Trade Center, Suite 3941, New York, New York 10048, Account No. 105981-20010, Account Name: ING Lease (Ireland) B.V., as agent for ING Bank N.V.

Section 3.05. Computations. All computations of interest based on the Base Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and all computations of interest based on the LIBOR Rate shall be made on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable.

Section 3.06. Payment on Non-Business Days. Whenever any payment to be made hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day and no additional interest shall be due as a result (and if so made, shall be deemed to have been made when due). If any payment in respect of interest on an Advance is so deferred to the next succeeding Business Day, such deferral shall not delay the commencement of the next Interest Period for such Advance (if such Advance is a LIBOR Advance) or reduce the number of days for which interest will be payable on such Advance on the next interest payment date for such Advance.

Section 3.07. Interest. (a) Subject to Section 2.09, the Borrower shall pay, or shall cause to be paid, without duplication, interest on (i) the unpaid principal amount of each Advance from and including the date of such Advance (or, in the case of an Applied Provider Advance, from and including the date on which the amount thereof was withdrawn from the ING Sub-Account of the Class C-I Cash Collateral Account to pay interest on the Class C-I Certificates) to but excluding the date such principal amount shall be paid in full (or, in the case of an Applied Provider Advance, the date on which the ING Sub-Account of the Class C-I Cash Collateral Account is fully replenished in

respect of such Advance) and (ii) any other amount due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by law, installments of interest on Advances or any such other amount) which is not paid when due (whether at stated maturity, by acceleration or otherwise) from and including the due date thereof to but excluding the date such amount is paid in full, in each such case, at a fluctuating interest rate per annum for each day equal to the Applicable Liquidity Rate (as defined below) for such Advance or such other amount as in effect for such day, but in no event at a rate per annum greater than the maximum rate permitted by applicable law; provided, however, that, if at any time the otherwise applicable interest rate as set forth in this Section 3.07 shall exceed the maximum rate permitted by applicable law, then any subsequent reduction in such interest rate will not reduce the rate of interest payable pursuant to this Section 3.07 below the maximum rate permitted by applicable law until the total amount of interest accrued equals the amount of interest that would have accrued if such otherwise applicable interest rate as set forth in this Section 3.07 had at all times been in effect.

(b) Except as provided in clause (e) below, each Advance will be either a Base Rate Advance or a LIBOR Advance as provided in this Section. Each such Advance will be a Base Rate Advance for the period from the date of its borrowing to (but excluding) the third Business Day following the Liquidity Provider's receipt of the Notice of Borrowing for such Advance. Thereafter, such Advance shall be a LIBOR Advance; provided that the Borrower (at the direction of the Controlling Party) may convert the Final Advance into a Base Rate Advance on the last day of an Interest Period for such Advance by giving the Liquidity Provider no less than four Business Days' prior written notice of such election.

(c) Each LIBOR Advance shall bear interest during each Interest Period at a rate per annum equal to the LIBOR Rate for such Interest Period plus the Applicable Margin for such LIBOR Advance, payable in arrears on the last day of such Interest Period and, in the event of the payment of principal of such LIBOR Advance on a day other than such last day, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(d) Each Base Rate Advance shall bear interest at a rate per annum equal to the Base Rate plus the Applicable Margin for such Base Rate Advance, payable in arrears on each Regular Distribution Date and, in the event of the payment of principal of such Base Rate Advance on a day other than a Regular Distribution Date, on the date of such payment (to the extent of interest accrued on the amount of principal repaid).

(e) Each Unapplied Downgrade Advance (i) during the period from and including the date of the making of such Unapplied Downgrade Advance through but excluding the Expiry Date (or, if earlier, the date of repayment thereof or of conversion thereof into a Final Advance), shall bear interest in an amount equal to the Investment Earnings on amounts on deposit in the ING Sub-Account of the Class C-I Cash Collateral Account for such period plus .35% per annum on the amount of such Unapplied Downgrade Advance from time to time during such period, payable in arrears on each Regular Distribution Date and (ii) thereafter, shall be a LIBOR Advance and shall bear interest in accordance with clause (c) above.

(f) Each amount not paid when due hereunder (whether fees, commissions, expenses or other amounts or, to the extent permitted by applicable law, installments of interest on Advances but excluding Advances) shall bear interest at a rate per annum equal to the Base Rate plus 2.00% until paid.

(g) Each change in the Base Rate shall become effective immediately. The rates of interest specified in this Section 3.07 with respect to any Advance or other amount shall be referred to as the "Applicable Liquidity Rate".

Section 3.08. Replacement of Borrower. From time to time and subject to the successor Borrower's meeting the eligibility requirements set forth in Section 6.9 of the Intercreditor Agreement applicable to the Subordination Agent, upon the effective date and time specified in a written and completed Notice of Replacement Subordination Agent in substantially the form of Annex VI attached hereto (a "Notice of Replacement Subordination Agent") delivered to the Liquidity Provider by the then Borrower, the successor Borrower designated

therein shall be substituted for as the Borrower for all purposes hereunder.

Section 3.09. Funding Loss Indemnification. The Borrower shall pay to the Liquidity Provider, upon the request of the Liquidity Provider, such amount or amounts as shall be sufficient (in the reasonable opinion of the Liquidity Provider) to compensate it for any loss, cost, or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by the Liquidity Provider to fund or maintain any LIBOR Advance (but excluding loss of anticipated profits) incurred as a result of:

(1) Any repayment of a LIBOR Advance on a date other than the last day of the Interest Period for such Advance; or

(2) Any failure by the Borrower to borrow a LIBOR Advance on the date for borrowing specified in the relevant notice under Section 2.02.

Section 3.10. Illegality. Notwithstanding any other provision in this Agreement, if any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by the Liquidity Provider (or its Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for the Liquidity Provider (or its Lending Office) to maintain or fund its LIBOR Advances, then upon notice to the Borrower by the Liquidity Provider, the outstanding principal amount of the LIBOR Advances shall be converted to Base Rate Advances (a) immediately upon demand of the Liquidity Provider, if such change or compliance with such request, in the judgment of the Liquidity Provider, requires immediate repayment; or (b) at the expiration of the last Interest Period to expire before the effective date of any such change or request.

## ARTICLE IV

(e) The Borrower shall have received a certificate, dated the date hereof, signed by a duly authorized representative of the Liquidity Provider, certifying that all conditions precedent to the effectiveness of Section 2.01 have been satisfied or waived.

Section 4.02. Conditions Precedent to Borrowing. The obligation of the Liquidity Provider to make an Advance on the occasion of each Borrowing shall be subject to the conditions precedent that the Effective Date shall have occurred and, prior to the date of such Borrowing, the Borrower shall have delivered a Notice of Borrowing which conforms to the terms and conditions of this Agreement and has been completed as may be required by the relevant form of the Notice of Borrowing for the type of Advances requested.

Section 7.03. No Waiver; Remedies. No failure on the part of the Liquidity Provider to exercise, and no delay in exercising, any right under this Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right under this Agreement preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Section 7.04. Further Assurances. The Borrower agrees to do such further acts and things and to execute and deliver to the Liquidity Provider such additional assignments, agreements, powers and instruments as the Liquidity Provider may reasonably require or deem advisable to carry into effect the purposes of this Agreement and the other Operative Agreements or to better assure and confirm unto the Liquidity Provider its rights, powers and remedies hereunder and under the other Operative Agreements.

Section 7.05. Indemnification; Survival of Certain Provisions. The Liquidity Provider shall be indemnified hereunder to the extent and in the manner described in Section 10.1 of the Participation Agreements and Section 6 of the Note Purchase Agreement. In addition, the Borrower agrees to

indemnify, protect, defend and hold harmless the Liquidity Provider from, against and in respect of, and shall pay on demand, all Expenses of any kind or nature whatsoever (other than any Expenses of the nature described in Sections 3.01, 3.02 or 7.07 hereof or in the ING Fee Letter (regardless of whether indemnified against pursuant to said Sections or in such Fee Letter)), that may be imposed, incurred by or asserted against any Liquidity Indemnitee, in any way relating to, resulting from, or arising out of or in connection with any action, suit or proceeding by any third party against such Liquidity Indemnitee and relating to this Agreement, the ING Fee Letter, the Intercreditor Agreement or any Financing Agreement; provided, however, that the Borrower shall not be required to indemnify, protect, defend and hold harmless any Liquidity Indemnitee in respect of any Expense of such Liquidity Indemnitee (i) to the extent such Expense is attributable to the gross negligence or willful misconduct of such Liquidity Indemnitee or any other Liquidity Indemnitee, (ii) that is ordinary and usual operating overhead expense, and (iii) to the extent such Expense is attributable to the failure by such Liquidity Indemnitee or any other Liquidity Indemnitee to perform or observe any agreement, covenant or condition on its part to be performed or observed in this Agreement, the Intercreditor Agreement, the ING Fee Letter, the Tax Letter or any other Operative Document to which it is a party. The indemnities contained in such Section 10.1, and the provisions of Sections 3.01, 3.02, 3.03, 3.09, 7.05 and 7.07 hereof, shall survive the termination of this Agreement.

Section 7.06. Liability of the Liquidity Provider. (a) Neither the Liquidity Provider nor any of its officers, employees, directors or affiliates shall be liable or responsible for: (i) the use which may be made of the Advances or any acts or omissions of the Borrower or any beneficiary or transferee in connection therewith; (ii) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; or (iii) the making of Advances by the Liquidity Provider against delivery of a Notice of Borrowing and other documents which do not comply with the terms hereof; provided, however, that the Borrower shall have a claim against the Liquidity Provider, and the Liquidity Provider shall be liable to the Borrower, to the extent of any damages suffered by the Borrower which were the result of (A) the Liquidity Provider's willful misconduct or negligence in

determining whether documents presented hereunder comply with the terms hereof, or (B) any breach by the Liquidity Provider of any of the terms of this Agreement, including, but not limited to, the Liquidity Provider's failure to make lawful payment hereunder after the delivery to it by the Borrower of a Notice of Borrowing strictly complying with the terms and conditions hereof.

(b) Neither the Liquidity Provider nor any of its officers, employees, director or affiliates shall be liable or responsible in any respect for (i) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with this Agreement or any Notice of Borrowing delivered hereunder, or (ii) any action, inaction or omission which may be taken by it in good faith, absent willful misconduct or negligence (in which event the extent of the Liquidity Provider's potential liability to the Borrower shall be limited as set forth in the immediately preceding paragraph), in connection with this Agreement or any Notice of Borrowing.

Section 7.07. Costs, Expenses and Taxes. The Borrower agrees to pay, or cause to be paid (A) on the Effective Date and on such later date or dates on which the Liquidity Provider shall make demand, all reasonable out-of-pocket costs and expenses (including, without limitation, the reasonable fees and expenses of outside counsel for the Liquidity Provider) of the Liquidity Provider in connection with the preparation, negotiation, execution, delivery, filing and recording of this Agreement, any other Operative Agreement and any other documents which may be delivered in connection with this Agreement and (B) on demand, all reasonable costs and expenses (including reasonable counsel fees and expenses) of the Liquidity Provider in connection with (i) the enforcement of this Agreement or any other Operative Agreement, (ii) the modification or amendment of, or supplement to, this Agreement or any other Operative Agreement or such other documents which may be delivered in connection herewith or therewith (whether or not the same shall become effective) or (iii) any action or proceeding relating to any order, injunction, or other process or decree restraining or seeking to restrain the Liquidity Provider from paying any amount under this Agreement, the Intercreditor Agreement or any other Operative Agreement or otherwise affecting the application of funds in the Cash Collateral Accounts. In addition, the Borrower shall pay any and all recording, stamp and other similar taxes and fees payable or

determined to be payable in connection with the execution, delivery, filing and recording of this Agreement, any other Operative Agreement and such other documents, and agrees to save the Liquidity Provider harmless from and against any and all liabilities with respect to or resulting from any delay in paying or omission to pay such taxes or fees.

Section 7.08. Binding Effect; Participations. (a) This Agreement shall be binding upon and inure to the benefit of the Borrower and the Liquidity Provider and their respective successors and assigns, except that neither the Liquidity Provider (except as otherwise provided in this Section 7.08) nor (except as contemplated by Section 3.08) the Borrower shall have the right to assign its rights or obligations hereunder or any interest herein without the prior written consent of the other party, subject to the requirements of Section 7.08(b). The Liquidity Provider may grant participations herein or in any of its rights hereunder (including, without limitation, funded participations and participations in rights to receive interest payments hereunder) and under the other Operative Agreements to such Persons as the Liquidity Provider may in its sole discretion select, subject to the requirements of Section 7.08(b). No such participation by the Liquidity Provider, however, will relieve the Liquidity Provider of its obligations hereunder. In connection with any participation or any proposed participation, the Liquidity Provider may disclose to the participant or the proposed participant any information that the Borrower is required to deliver or to disclose to the Liquidity Provider pursuant to this Agreement. The Borrower acknowledges and agrees that the Liquidity Provider's source of funds may derive in part from its participants (other than Continental). Accordingly, references in this Agreement and the other Operative Agreements to determinations, reserve and capital adequacy requirements, increased costs, reduced receipts, additional amounts due pursuant to Section 3.03(a) and the like as they pertain to the Liquidity Provider shall be deemed also to include those of each of its participants (subject, in each case, to the maximum amount that would have been incurred by or attributable to the Liquidity Provider directly if the Liquidity Provider, rather than the participant, had held the interest participated).

(b) If, pursuant to subsection (a) above, the Liquidity Provider sells any participation in this Agreement to any bank or other entity (each, a "Transferee"), then, concurrently with the effectiveness of such transfer, the

Transferee shall (i) represent to the Liquidity Provider (for the benefit of the Liquidity Provider and the Borrower) either (A) that it is incorporated under the laws of the United States or a state thereof or (B) that under applicable law and treaties, no taxes will be required to be withheld with respect to any payments to be made to such Transferee in respect of this Agreement, (ii) furnish to the Liquidity Provider and the Borrower either (x) a statement that it is incorporated under the laws of the United States or a state thereof or (y) if it is not so incorporated, two copies of a properly completed United States Internal Revenue Service Form 4224 or Form 1001, as appropriate, or other applicable form, certificate or document prescribed by the Internal Revenue Service certifying, in each case, such Transferee's entitlement to a complete exemption from United States federal withholding tax in respect to any and all payments to be made hereunder, and (iii) agree (for the benefit of the Liquidity Provider and the Borrower) to provide the Liquidity Provider and the Borrower a new Form 4224 or Form 1001, as appropriate, (A) on or before the date that any such form expires or becomes obsolete or (B) after the occurrence of any event requiring a change in the most recent form previously delivered by it and prior to the immediately following due date of any payment by the Borrower hereunder, certifying in the case of a Form 1001 or Form 4224 that such Transferee is entitled to a complete exemption from United States federal withholding tax on payments under this Agreement. Unless the Borrower has received forms or other documents reasonably satisfactory to it (and required by applicable law) indicating that payments hereunder are not subject to United States federal withholding tax, the Borrower will withhold taxes as required by law from such payments at the applicable statutory rate.

(c) Notwithstanding the other provisions of this Section 7.08, the Liquidity Provider may assign and pledge all or any portion of the Advances owing to it to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal Reserve Bank, provided that any payment in respect of such assigned Advances made by the Borrower to the Liquidity Provider in accordance with the

terms of this Agreement shall satisfy the Borrower's obligations hereunder in respect of such assigned Advance to the extent of such payment. No such assignment shall release the Liquidity Provider from its obligations hereunder.

(d) Notwithstanding the other provisions of this Section 7.08, if at any time after the date hereof the Borrower shall withhold taxes as required by law from any payments made to the Liquidity Provider, the Liquidity Provider may assign all (but not less than all) of its rights and obligations under this Agreement to the New York Branch of ING Bank N.V. (the "ING Transferee"); provided, that it shall be a condition to any such transfer that (i) the ING Transferee enters into an agreement in form and substance reasonably satisfactory to the Borrower pursuant to which the ING Transferee assumes all of the obligations of the Liquidity Provider hereunder, under the Intercreditor Agreement, the ING Fee Letter and the Tax Letter, (ii) the ING Transferee delivers an opinion to the Borrower and each of the Rating Agencies in form and substance reasonably satisfactory to the Borrower opining that this Agreement, the Intercreditor Agreement, the ING Fee Letter and the Tax Letter are enforceable obligations of the ING Transferee, (iii) the Liquidity Provider shall have delivered to the Borrower a Ratings Confirmation with respect to such transfer from each Rating Agency, (iv) the ING Transferee shall satisfy each of the requirements in respect of a Transferee set forth in Section 7.08(b) and (v) the Liquidity Provider shall pay all fees and expenses (including, without limitation, legal fees and disbursements) of the Borrower in connection with such transfer. Upon the satisfaction of the conditions set forth in this Section 7.08(d), the ING Transferee shall be deemed to be the Liquidity Provider with the rights and obligations of the Liquidity Provider hereunder and under the other Operative Agreements.

Section 7.09. Severability. Any provision of this Agreement which is prohibited, unenforceable or not authorized in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition, unenforceability or non-authorization without invalidating the remaining provisions hereof or affecting the validity, enforceability or legality of such provision in any other jurisdiction.

Section 7.10. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

Section 7.11. Submission to Jurisdiction; Waiver of Jury Trial; Waiver of Immunity. (a) Each of the parties hereto hereby irrevocably and unconditionally:

(i) submits for itself and its property in any legal action or proceeding relating to this Agreement or any other Operative Agreement, or for recognition and enforcement of any judgment in respect hereof or thereof, to the nonexclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and the appellate courts from any thereof;

(ii) consents that any such action or proceeding may be brought in such courts, and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(iii) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form and mail), postage prepaid, to each party hereto at its address set forth in Section 7.02 hereof, or at such other address of which the Liquidity Provider shall have been notified pursuant thereto; and

(iv) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

(b) THE BORROWER AND THE LIQUIDITY PROVIDER EACH HEREBY AGREE TO WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY DEALINGS BETWEEN THEM RELATING TO THE SUBJECT MATTER OF THIS AGREEMENT AND THE RELATIONSHIP

THAT IS BEING ESTABLISHED, including, without limitation, contract claims, tort claims, breach of duty claims and all other common law and statutory claims. The Borrower and the Liquidity Provider each warrant and represent that it has reviewed this waiver with its legal counsel, and that it knowingly and voluntarily waives its jury trial rights following consultation with such legal counsel. THIS WAIVER IS IRREVOCABLE, AND CANNOT BE MODIFIED EITHER ORALLY OR IN WRITING, AND THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.

(c) The Liquidity Provider hereby waives any immunity it may have from the jurisdiction of the courts of the United States or of any State and waives any immunity any of its properties located in the United States may have from attachment or execution upon a judgment entered by any such court under the United States Foreign Sovereign Immunities Act of 1976 or any similar successor legislation.

Section 7.12. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto on separate counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute but one and the same Agreement.

Section 7.13. Entirety. This Agreement, the Intercreditor Agreement and the other Operative Agreements to which the Liquidity Provider is a party constitute the entire agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior understandings and agreements of such parties.

Section 7.14. Headings. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose.

Section 7.15. Transfer. The Liquidity Provider hereby acknowledges and consents to the Transfer contemplated by the Assignment and Assumption Agreement.

Section 7.16. LIQUIDITY PROVIDER'S OBLIGATION TO MAKE ADVANCES. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE

OBLIGATIONS OF THE LIQUIDITY PROVIDER TO MAKE ADVANCES HEREUNDER, AND THE BORROWER'S RIGHTS TO DELIVER NOTICES OF BORROWING REQUESTING THE MAKING OF ADVANCES HEREUNDER, SHALL BE UNCONDITIONAL AND IRREVOCABLE, AND SHALL BE PAID OR PERFORMED, IN EACH CASE STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the date first set forth above.
