About this prospectus supplement

This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering of notes. The second part, the base prospectus, gives more general information, some of which may not apply to this offering. Generally, when we refer only to the “prospectus,” we are referring to both parts combined, and when we refer to the “accompanying prospectus,” we are referring to the base prospectus.

If the description of this offering varies between this prospectus supplement and the accompanying prospectus, you should rely on the information in this prospectus supplement.

In this prospectus supplement, unless otherwise indicated or the context otherwise requires, “United Continental Holdings,” “UAL,” “we,” “us” and “our” refer to United Continental Holdings, Inc. as a separate corporation, and the “Company” refers to United Continental Holdings and its consolidated subsidiaries, including United Airlines, Inc.

[Table of Contents](#)

On March 31, 2013, UAL merged United Air Lines, Inc., a wholly-owned subsidiary, with and into Continental Airlines, Inc. (“Continental”), a wholly-owned subsidiary, to form one legal entity (the “Airlines Merger”), with Continental continuing as the surviving corporation of the Airlines Merger and as a wholly-owned subsidiary of UAL. Upon closing of the Airlines Merger on March 31, 2013, Continental’s name was changed to United Airlines, Inc. As a result, the accompanying prospectus shall be deemed modified to give effect to the Airlines Merger and the name change.

Risk factors

You should carefully consider the risks and uncertainties described below, together with all of the other information included in or incorporated by reference into this prospectus supplement and the accompanying prospectus, before purchasing the notes. If any of these risks actually occurs, our business, financial condition or results of operations could be materially adversely affected. As a result, the market value of the notes could decline, and you could lose part or all of your investment.

Risk factors relating to the Company

The Merger may present certain material risks to the Company's business and operations.

On May 2, 2010, UAL Corporation, Continental Airlines, Inc. ("Continental"), and JT Merger Sub Inc., a wholly-owned subsidiary of UAL Corporation, entered into an Agreement and Plan of Merger providing for a "merger of equals" business combination. On October 1, 2010, JT Merger Sub Inc. merged with and into Continental, with Continental surviving as a wholly-owned subsidiary of UAL Corporation (the "Merger"). Upon closing of the Merger, UAL Corporation became the parent company of both Continental and United Air Lines, Inc. ("Old United") and UAL Corporation's name was changed to United Continental Holdings, Inc. On March 31, 2013, Old United merged with and into Continental, with Continental continuing as the surviving corporation of the Airlines Merger and as a wholly-owned subsidiary of UAL (the "Airlines Merger"). Upon the closing of the Airlines Merger, Continental's name was changed to "United Airlines, Inc."

The Merger may present certain risks to the Company's business and operations including, among other things, risks that:

- we may be unable to successfully integrate businesses and workforces;
- we may be unable to successfully manage the expanded business with respect to monitoring new operations and associated increased costs and complexity;
- we may be unable to avoid potential liabilities and unforeseen increased expenses or delays associated with the Merger and integration, including in connection with the Airlines Merger;
- we may be unable to successfully manage the complex integration of systems, technology, aircraft fleets, networks and other assets in a manner that minimizes any adverse impact on the Company and the Company's customers, vendors, suppliers, employees and other constituencies; and
- we may experience disruption of, or inconsistencies in, standards, controls, reports on operations, procedures, policies and services.

Accordingly, there can be no assurance that the Merger will result in the realization of the full benefits of synergies, innovation and operational efficiencies that we currently expect, that these benefits will be achieved within the anticipated timeframe or that we will be able to fully and accurately measure any such synergies.

Continued periods of historically high fuel prices or significant disruptions in the supply of aircraft fuel could have a material adverse impact on the Company's operating results, financial position and liquidity.

Aircraft fuel has been the Company's single largest and most volatile operating expense for the last several years. The availability and price of aircraft fuel significantly affect the Company's operations, results of operations, financial position and liquidity. While the Company has been able to obtain adequate supplies of fuel under various supply contracts and also stores fuel close to major hub locations to ensure supply continuity in the short term, the Company cannot predict the continued future availability or price of aircraft fuel.

Continued volatility in fuel prices may negatively impact the Company's liquidity in the future. Aircraft fuel prices can fluctuate based on a multitude of factors including market expectations of supply and demand balance, inventory levels, geopolitical events, economic growth expectations, fiscal/monetary policies and financial investment flows. The Company may not be able to increase its fares or other fees if fuel prices rise in the future and any such fare or fee increases may not be sustainable in the highly competitive airline industry. In addition, any increases in fares or other fees may not sufficiently offset the full impact of such rises in fuel prices and may also reduce the general demand for air travel.

To protect against increases in the prices of aircraft fuel, the Company routinely hedges a portion of its future fuel requirements. However, the Company's hedging program may not be successful in controlling fuel costs, and price protection provided may be limited due to market conditions and other factors. To the extent that the Company uses hedge contracts that have the potential to create an obligation to pay upon settlement if prices decline significantly, including swaps or sold put options as part of a collar, such hedge contracts may limit the Company's ability to benefit from lower fuel costs in the future. If fuel prices decline significantly from the levels existing at the time we enter into a hedge contract, we may be required to post collateral (margin) with our hedge counterparties beyond certain thresholds. Also, lower fuel prices may result in increased industry capacity and lower fares in general. There can be no assurance that the Company's hedging arrangements will provide any particular level of protection against rises in fuel prices or that its counterparties will be able to perform under the Company's hedging arrangements. Additionally, deterioration in the Company's financial condition could negatively affect its ability to enter into new hedge contracts in the future and may potentially require the Company to post increased amounts of collateral under its fuel hedging agreements.

In addition, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") and regulations promulgated by the Commodity Futures Trading Commission (the "CFTC") introduce new requirements for centralized clearing for over-the-counter derivatives. This may include the Company's fuel hedge contracts. The UAL Board of Directors has approved the Company's election of the CFTC's end-user exception, which permits the Company as a non-financial end user of derivatives to hedge commercial risk and be exempt from the CFTC mandatory clearing requirements. However, depending on the final regulations adopted by the CFTC and other regulators, several of the Company's hedge counterparties may be subject to requirements which may raise their costs. Those increased costs may in turn be passed on to the Company, resulting in increased transaction costs to execute hedge contracts and lower credit thresholds to post collateral (margin).

[Table of Contents](#)

See Note 13 to the financial statements included in Exhibit 99.3 to the Company's Current Report on Form 8-K filed with the SEC on April 25, 2013 for additional information on the Company's hedging programs.

Economic and industry conditions constantly change and unfavorable global economic conditions may have a material adverse effect on the Company's business and results of operations.

The Company's business and results of operations are significantly impacted by general economic and industry conditions. The airline industry is highly cyclical, and the level of demand for air travel is correlated to the strength of the U.S. and global economies. Robust demand for our air transportation services depends largely on favorable economic conditions, including the strength of the domestic and foreign economies, low unemployment levels, strong consumer confidence levels and the availability of consumer and business credit.

Air transportation is often a discretionary purchase that leisure travelers may limit or eliminate during difficult economic times. In addition, during periods of unfavorable economic conditions, business travelers usually reduce the volume of their travel, either due to cost-saving initiatives or as a result of decreased business activity requiring travel. During such periods, the Company's business and results of operations may be adversely affected due to significant declines in industry passenger demand, particularly with respect to the Company's business and premium cabin travelers, and a reduction in fare levels.

Stagnant or worsening global economic conditions either in the United States or in other geographic regions, and any future volatility in U.S. and global financial and credit markets may have a material adverse effect on the Company's revenues, results of operations and liquidity. If such economic conditions were to disrupt capital markets in the future, the Company may be unable to obtain financing on acceptable terms (or at all) to refinance certain maturing debt and to satisfy future capital commitments.

The Company is subject to economic and political instability and other risks of doing business globally.

The Company is a global business with operations outside of the United States from which it derives approximately 40% of its operating revenues, as measured and reported to the U.S. Department of Transportation (the "DOT"). The Company's operations in Asia, Europe, Latin America, Africa and the Middle East are a vital part of its worldwide airline network. Volatile economic, political and market conditions in these international regions may have a negative impact on the Company's operating results and its ability to achieve its business objectives. In addition, significant or volatile changes in exchange rates between the U.S. dollar and other currencies, and the imposition of exchange controls or other currency restrictions, may have a material adverse impact upon the Company's liquidity, revenues, costs and operating results.

The Company may not be able to maintain adequate liquidity.

The Company has a significant amount of financial leverage from fixed obligations, including aircraft lease and debt financings, leases of airport property and other facilities, and other material cash obligations. In addition, the Company has substantial non-cancelable commitments for capital expenditures, including the acquisition of new aircraft and related spare engines.

[Table of Contents](#)

Although the Company's cash flows from operations and its available capital, including the proceeds from financing transactions, have been sufficient to meet these obligations and commitments to date, the Company's future liquidity could be negatively impacted by the risk factors discussed in this prospectus supplement under the heading "Risk factors," including, but not limited to, substantial volatility in the price of fuel, adverse economic conditions, disruptions in the global capital markets and catastrophic external events.

If the Company's liquidity is constrained due to the various risk factors discussed in this prospectus supplement under the heading "Risk factors" or otherwise, the Company's failure to comply with certain financial covenants under its financing and credit card processing agreements, timely pay its debts, or comply with other material provisions of its contractual obligations could result in a variety of adverse consequences, including the acceleration of the Company's indebtedness, increase of required reserves under credit card processing agreements, the withholding of credit card sale proceeds by its credit card service providers and the exercise of other remedies by its creditors and equipment lessors that could result in a material adverse effect on the Company's financial position and results of operations. Furthermore, constrained liquidity may limit the Company's ability to withstand competitive pressures and limit its flexibility in responding to changing business and economic conditions, including increased competition and demand for new services, placing the Company at a disadvantage when compared to its competitors that have less debt, and making the Company more vulnerable than its competitors who have less debt to a downturn in the business, industry or the economy in general.

The Company's substantial level of indebtedness and non-investment grade credit rating, as well as market conditions and the availability of assets as collateral for loans or other indebtedness, may make it difficult for the Company to raise additional capital to meet its liquidity needs on acceptable terms, or at all.

See Management's Discussion and Analysis of Financial Condition and Results of Operations, included in Exhibit 99.2 to the Company's Current Report on Form 8-K filed with the SEC on April 25, 2013, for further information regarding the Company's liquidity.

Certain of the Company's financing agreements have covenants that impose operating and financial restrictions on the Company and its subsidiaries.

Certain of the Company's credit facilities and indentures governing its secured notes impose certain operating and financial covenants on the Company or on United and its subsidiaries. Such covenants require the Company or United, as applicable, to maintain, depending on the particular agreement, minimum liquidity and/or minimum collateral coverage ratios. A decline in the value of collateral could result in a situation where the Company or United, as applicable, may not be able to maintain the required collateral coverage ratio. In addition, the credit facilities and indentures contain other negative covenants customary for such financings.

The Company's ability to comply with these covenants may be affected by events beyond its control, including the overall industry revenue environment and the level of fuel costs, and the Company may be required to seek waivers or amendments of covenants, repay all or a portion of the debt or find alternative sources of financing. The Company cannot provide assurance that such waivers, amendments or alternative financing could be obtained or, if obtained, would be on terms acceptable to the Company. If the Company fails to comply with these covenants and is unable to obtain a waiver or amendment, an event of default would result which would allow the lenders, among other things, to declare outstanding amounts due and payable. The Company

[Table of Contents](#)

cannot provide assurance that it would have sufficient liquidity to repay or refinance such amounts if they were to become due. In addition, an event of default or declaration of acceleration under any of the credit facilities or indentures could also result in an event of default under certain of the Company's other financing agreements due to cross-default and cross-acceleration provisions.

Extensive government regulation could increase the Company's operating costs and restrict its ability to conduct its business.

Airlines are subject to extensive regulatory and legal oversight. Compliance with U.S. and international regulations imposes significant costs and may have adverse effects on the Company. Laws, regulations, taxes and airport rates and charges, both domestically and internationally, have been proposed from time to time that could significantly increase the cost of airline operations or reduce airline revenue. The Company cannot provide any assurance that current laws and regulations, or laws or regulations enacted in the future, will not adversely affect its financial condition or results of operations.

United provides air transportation under certificates of public convenience and necessity issued by the DOT. If the DOT altered, amended, modified, suspended or revoked these certificates, it could have a material adverse effect on the Company's business. The DOT is also responsible for promulgating consumer protection and other regulations that may impose significant compliance costs on the Company. The Federal Aviation Administration ("FAA") regulates the safety of United's operations. United operates pursuant to an air carrier operating certificate issued by the FAA. From time to time, the FAA also issues orders, airworthiness directives and other regulations relating to the maintenance and operation of aircraft that require material expenditures or operational restrictions by the Company. These FAA orders and directives could include the temporary grounding of an entire aircraft type if the FAA identifies design, manufacturing, maintenance or other issues requiring immediate corrective action. For example, in January 2013, the FAA announced a review of the Boeing 787 aircraft's critical systems and in-service issues and issued an emergency airworthiness directive that required U.S. Boeing 787 operators, including the Company, to temporarily cease operations of such aircraft. In April 2013, the FAA approved Boeing's design modifications to the Boeing 787 battery system and provided clearance to U.S. Boeing 787 operators to resume operations of the aircraft, subject to operators retrofitting the aircraft with modified battery systems. FAA requirements cover, among other things, retirement of older aircraft, security measures, collision avoidance systems, airborne windshear avoidance systems, noise abatement and other environmental concerns, aircraft operation and safety and increased inspections and maintenance procedures to be conducted on older aircraft. These FAA directives or requirements could have a material adverse effect on the Company.

In addition, the Company's operations may be adversely impacted due to the existing antiquated air traffic control ("ATC") system utilized by the U.S. government. During peak travel periods in certain markets, the current ATC system's inability to handle existing travel demand has led to short-term capacity constraints imposed by government agencies and resulted in delays and disruptions of air traffic. In addition, the current system will not be able to effectively handle projected future air traffic growth. Imposition of these ATC constraints on a long-term basis may have a material adverse effect on our results of operations. Failure to update the ATC system in a timely manner, and the substantial funding requirements of a modernized ATC system that may be imposed on air carriers may have an adverse impact on the Company's financial condition or results of operations.

[Table of Contents](#)

The airline industry is subject to extensive federal, state and local taxes and fees that increase the cost of the Company's operations. In addition to taxes and fees that the Company is currently subject to, proposed taxes and fees are currently pending and if imposed, would increase the Company's operating expenses.

Access to landing and take-off rights, or "slots," at several major U.S. airports and many foreign airports served by the Company are, or recently have been, subject to government regulation. Certain of the Company's major hubs are among increasingly congested airports in the United States and have been or could be the subject of regulatory action that might limit the number of flights and/or increase costs of operations at certain times or throughout the day. The FAA may limit the Company's airport access by limiting the number of departure and arrival slots at high density traffic airports, which could affect the Company's ownership and transfer rights, and local airport authorities may have the ability to control access to certain facilities or the cost of access to its facilities, which could have an adverse effect on the Company's business. The FAA historically has taken actions with respect to airlines' slot holdings that airlines have challenged; if the FAA were to take actions that adversely affect the Company's slot holdings, the Company could incur substantial costs to preserve its slots. Further, the Company's operating costs at airports at which it operates, including the Company's major hubs, may increase significantly because of capital improvements at such airports that the Company may be required to fund, directly or indirectly. In some circumstances, such costs could be imposed by the relevant airport authority without the Company's approval and may have a material adverse effect on the Company's financial condition.

The ability of carriers to operate flights on international routes between airports in the U.S. and other countries may be subject to change. Applicable arrangements between the United States and foreign governments may be amended from time to time, government policies with respect to airport operations may be revised, and the availability of appropriate slots or facilities may change. The Company currently operates a number of flights on international routes under government arrangements, regulations or policies that designate the number of carriers permitted to operate on such routes, the capacity of the carriers providing services on such routes, the airports at which carriers may operate international flights, or the number of carriers allowed access to particular airports. Any further limitations, additions or modifications to such arrangements, regulations or policies could have a material adverse effect on the Company's financial position and results of operations. Additionally, if an open skies policy were to be adopted for any of the Company's international routes, such an event could have a material adverse impact on the Company's financial position and results of operations and could result in the impairment of material amounts of related tangible and intangible assets. In addition, competition from revenue-sharing joint ventures and other alliance arrangements by and among other airlines could impair the value of the Company's business and assets on the open skies routes. The Company's plans to enter into or expand U.S. antitrust immunized alliances and joint ventures on various international routes are subject to receipt of approvals from applicable U.S. federal authorities and obtaining other applicable foreign government clearances or satisfying the necessary applicable regulatory requirements. There can be no assurance that such approvals and clearances will be granted or will continue in effect upon further regulatory review or that changes in regulatory requirements or standards can be satisfied.

Many aspects of the Company's operations are also subject to increasingly stringent federal, state, local and international laws protecting the environment. Future environmental regulatory developments, such as climate change regulations in the United States and abroad could

[Table of Contents](#)

adversely affect operations and increase operating costs in the airline industry. There are certain climate change laws and regulations that have already gone into effect and that apply to the Company, including the European Union Emissions Trading Scheme (which is subject to international dispute), the State of California's cap and trade regulations, environmental taxes for certain international flights, limited greenhouse gas reporting requirements and land-use planning laws which could apply to airports and could affect airlines in certain circumstances. In addition, there is the potential for additional regulatory actions in regard to the emission of greenhouse gases by the aviation industry. The precise nature of future requirements and their applicability to the Company are difficult to predict, but the financial impact to the Company and the aviation industry would likely be adverse and could be significant.

The Company's business and operations may also be impacted by the Budget Control Act of 2011 and related sequestration procedures of federal agencies. In April 2013, the FAA announced the implementation of furloughs of air traffic controllers through its capacity reduction plan, resulting in flight delays throughout the United States, including to the Company's flights, until the U.S. Congress passed a bill suspending such furloughs. There can be no assurance that future sequestration obligations under the Budget Control Act of 2011 by the FAA, the Transportation Security Administration, the U.S. Customs and Border Protection or other federal agencies will not occur in future periods, potentially resulting in a material adverse impact on the Company.

See Item 1, Business—Industry Regulation, of the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for further information on government regulation impacting the Company.

The Company relies heavily on technology and automated systems to operate its business and any significant failure or disruption of the technology or these systems could materially harm its business.

The Company depends on automated systems and technology to operate its business, including computerized airline reservation systems, flight operations systems, telecommunication systems and commercial websites, including www.united.com. United's website and other automated systems must be able to accommodate a high volume of traffic and deliver important flight and schedule information, as well as process critical financial transactions. These systems could suffer substantial or repeated disruptions due to events including natural disasters, power failures, terrorist attacks, equipment or software failures, computer viruses or cyber security attacks. Substantial or repeated website, reservation systems or telecommunication systems failures or disruptions, including failures or disruptions related to the Company's integration of technology systems, could reduce the attractiveness of the Company's services versus those of its competitors, materially impair its ability to market its services and operate its flights, result in the unauthorized release of confidential or otherwise protected information, and result in increased costs, lost revenue and the loss or compromise of important data.

The Company's business relies extensively on third-party service providers. Failure of these parties to perform as expected, or interruptions in the Company's relationships with these providers or their provision of services to the Company, could have an adverse effect on the Company's financial position and results of operations.

The Company has engaged an increasing number of third-party service providers to perform a large number of functions that are integral to its business, including regional operations, operation of customer service call centers, distribution and sale of airline seat inventory,

[Table of Contents](#)

provision of information technology infrastructure and services, provision of aircraft maintenance and repairs, provision of various utilities and performance of aircraft fueling operations, among other vital functions and services. The Company does not directly control these third-party service providers, although it does enter into agreements with many of them that define expected service performance. Any of these third-party service providers, however, may materially fail to meet their service performance commitments to the Company or agreements with such providers may be terminated. For example, flight reservations booked by customers and/or travel agencies via third-party global distribution systems ("GDS") may be adversely affected by disruptions in the business relationships between the Company and GDS operators. Such disruptions, including a failure to agree upon acceptable contract terms when contracts expire or otherwise become subject to renegotiation, may cause the carriers' flight information to be limited or unavailable for display, significantly increase fees for both the Company and GDS users, and impair the Company's relationships with its customers and travel agencies. The failure of any of the Company's third-party service providers to adequately perform their service obligations, or other interruptions of services, may reduce the Company's revenues and increase its expenses or prevent the Company from operating its flights and providing other services to its customers. In addition, the Company's business and financial performance could be materially harmed if its customers believe that its services are unreliable or unsatisfactory.

UAL's obligations for funding United's defined benefit pension plans are affected by factors beyond UAL's control.

The Company maintains two primary defined benefit pension plans, one covering certain pilot employees and another covering certain U.S. non-pilot employees. The timing and amount of UAL's funding requirements under these plans depend upon a number of factors, including labor negotiations with the applicable employee groups and changes to pension plan benefits as well as factors outside of UAL's control, such as the number of applicable retiring employees, asset returns, interest rates and changes in pension laws. Changes to these and other factors that can significantly increase UAL's funding requirements, such as its liquidity requirements, could have a material adverse effect on UAL's financial condition.

Union disputes, employee strikes or slowdowns, and other labor-related disruptions, as well as the integration of United's workforces in connection with the Merger, present the potential for a delay in achieving expected Merger synergies, could adversely affect the Company's operations, and could result in increased costs that impair its financial performance.

United is a highly unionized company. As of March 31, 2013, United and its subsidiaries had approximately 88,000 active employees, of whom approximately 80% were represented by various U.S. labor organizations.

The successful integration of United's workforces in connection with the Merger and achievement of the anticipated benefits of the combined company depend in part on integrating employee groups and maintaining productive employee relations. In order to fully integrate the pre-Merger represented employee groups, the Company must negotiate a joint collective bargaining agreement covering each combined group. The process for integrating the labor groups is governed by a combination of the Railway Labor Act (the "RLA"), the McCaskill-Bond Amendment, and where applicable, the existing provisions of collective bargaining agreements and union policy. A delay in or failure to integrate employee groups presents the potential for delays in achieving expected Merger synergies, increased operating costs and labor disputes that could adversely affect our operations.

[Table of Contents](#)

In February 2013, United reached tentative agreements on new joint collective bargaining agreements with the International Association of Machinists (the "IAM") for its fleet service, passenger service and storekeeper workgroups. These tentative agreements were not ratified by the IAM members and, as a result, United and the IAM-represented workgroups will be returning to collective bargaining agreement negotiations. Having reached a ratified joint collective bargaining agreement with our pilots represented by the Air Line Pilots Association, International, we are also in the process of negotiating joint collective bargaining agreements with our other major work groups, including technicians, flight attendants and dispatchers.

The Company can provide no assurance that a successful or timely resolution of labor negotiations for all amendable collective bargaining agreements will be achieved. There is a risk that unions or individual employees might pursue judicial or arbitral claims arising out of changes implemented as a result of the Merger. Employee dissatisfaction with the results of the seniority integration may lead to litigation that in some cases can delay implementation of the integrated seniority list. There is also a possibility that employees or unions could engage in job actions such as slow-downs, work-to-rule campaigns, sick-outs or other actions designed to disrupt the Company's normal operations, in an attempt to pressure the Company in collective bargaining negotiations. Although the RLA makes such actions unlawful until the parties have been lawfully released to self-help, and the Company can seek injunctive relief against premature self-help, such actions can cause significant harm even if ultimately enjoined. In addition, achieving joint collective bargaining agreements, including the pilot agreement, with our represented employee groups is likely to increase our labor costs, which increase could be material.

The airline industry is highly competitive and susceptible to price discounting and changes in capacity, which could have a material adverse effect on the Company.

The U.S. airline industry is characterized by substantial price competition. In recent years, the market share held by low-cost carriers has increased significantly and is expected to continue to increase. The increased market presence of low-cost carriers, which engage in substantial price discounting, has diminished the ability of large network carriers to achieve sustained profitability on domestic and international routes.

Airlines also compete for market share by increasing or decreasing their capacity, including route systems and the number of markets served. Several of the Company's domestic and international competitors have increased their international capacity by including service to some destinations that the Company currently serves, causing overlap in destinations served and therefore increasing competition for those destinations. In addition, the Company and certain of its competitors have implemented significant capacity reductions in recent years in response to high and volatile fuel prices and stagnant global economic growth. Further, certain of the Company's competitors may not reduce capacity or may increase capacity, impacting the expected benefit to the Company from capacity reductions. This increased competition in both domestic and international markets may have a material adverse effect on the Company's results of operations, financial condition or liquidity.

The airline industry may undergo further bankruptcy restructuring, industry consolidation, or the creation or modification of alliances or joint ventures, any of which could have a material adverse effect on the Company.

The Company faces and may continue to face strong competition from other carriers due to bankruptcy restructuring, industry consolidation, and the creation and modification of alliances and joint ventures. A number of carriers have filed for bankruptcy protection in recent years and other domestic and international carriers could restructure in bankruptcy or threaten to do so in the future to reduce their costs. Most recently, AMR Corporation, the parent company of American Airlines, Inc., filed for bankruptcy protection in November 2011 and is currently undergoing a restructuring under Chapter 11 of the U.S. Bankruptcy Code. Carriers operating under bankruptcy protection can operate in a manner that could be adverse to the Company and could emerge from bankruptcy as more vigorous competitors.

Both the U.S. and international airline industries have experienced consolidation through a number of mergers and acquisitions. On February 14, 2013, US Airways announced an agreement to merge with AMR Corporation and its intent to exit Star Alliance as a result of such merger. The Company is also facing stronger competition from expanded airline alliances and joint ventures. Carriers may improve their competitive positions through airline alliances, slot swaps, and/or joint ventures. Certain airline joint ventures further competition by allowing airlines to coordinate routes, pool revenues and costs, and enjoy other mutual benefits, achieving many of the benefits of consolidation. "Open skies" agreements, including the agreements between the United States and the European Union and between the United States and Japan, may also give rise to additional consolidation or better integration opportunities among international carriers.

There is ongoing speculation that further airline consolidations or reorganizations could occur in the future. The Company routinely engages in analysis and discussions regarding its own strategic position, including alliances, asset acquisitions and divestitures, and may have future discussions with other airlines regarding strategic activities. If other airlines participate in such activities, those airlines may significantly improve their cost structures or revenue generation capabilities, thereby potentially making them stronger competitors of the Company and potentially impairing the Company's ability to realize expected benefits from its own strategic relationships.

Increases in insurance costs or reductions in insurance coverage may materially and adversely impact the Company's results of operations and financial condition.

Following the terrorist attacks on September 11, 2001, the Company's insurance costs increased significantly and the availability of third-party war risk (terrorism) insurance decreased significantly. The Company has obtained third-party war risk (terrorism) insurance through a special program administered by the FAA. Should the government discontinue this coverage, obtaining comparable coverage from commercial underwriters could result in substantially higher premiums and more restrictive terms, if such coverage is available at all. If the Company is unable to obtain adequate third-party war risk (terrorism) insurance, its business could be materially and adversely affected.

If any of the Company's aircraft were to be involved in an accident or if the Company's property or operations were to be affected by a significant natural catastrophe or other event, the Company could be exposed to significant liability or loss. If the Company is unable to obtain sufficient insurance (including aviation hull and liability insurance and property and business interruption coverage) to cover such liabilities or losses, whether due to insurance market conditions or otherwise, its results of operations and financial condition could be materially and adversely affected.

The Company could experience adverse publicity, harm to its brand, reduced travel demand and potential tort liability as a result of an accident, catastrophe, or incident involving its aircraft, the aircraft of its regional carriers or the aircraft of its codeshare partners, which may result in a material adverse effect on the Company's results of operations or financial position.

An accident, catastrophe, or incident involving an aircraft that the Company operates, or an aircraft that is operated by a codeshare partner or one of the Company's regional carriers, could have a material adverse effect on the Company if such accident, catastrophe, or incident created a public perception that the Company's operations, or the operations of its codeshare partners or regional carriers, are not safe or reliable, or less safe or reliable than other airlines. Such public perception could in turn result in adverse publicity for the Company, cause harm to the Company's brand and reduce travel demand on the Company's flights, or the flights of its codeshare partners or regional carriers.

In addition, any such accident, catastrophe, or incident could expose the Company to significant tort liability. Although the Company currently maintains liability insurance in amounts and of the type the Company believes to be consistent with industry practice to cover damages arising from any such accident or catastrophe, and the Company's codeshare partners and regional carriers carry similar insurance and generally indemnify the Company for their operations, if the Company's liability exceeds the applicable policy limits or the ability of another carrier to indemnify it, the Company could incur substantial losses from an accident, catastrophe or incident which may result in a material adverse effect on the Company's results of operations or financial position.

The Company's results of operations fluctuate due to seasonality and other factors associated with the airline industry.

Due to greater demand for air travel during the spring and summer months, revenues in the airline industry in the second and third quarters of the year are generally stronger than revenues in the first and fourth quarters of the year, which are periods of lower travel demand. The Company's results of operations generally reflect this seasonality, but have also been impacted by numerous other factors that are not necessarily seasonal including, among others, the imposition of excise and similar taxes, extreme or severe weather, air traffic control congestion, geological events, natural disasters, changes in the competitive environment due to industry consolidation, general economic conditions and other factors. As a result, the Company's quarterly operating results are not necessarily indicative of operating results for an entire year and historical operating results in a quarterly or annual period are not necessarily indicative of future operating results.

Terrorist attacks or international hostilities, or the fear of terrorist attacks or hostilities, even if not made directly on the airline industry, could negatively affect the Company and the airline industry.

The terrorist attacks on September 11, 2001 involving commercial aircraft severely and adversely impacted the Company's financial condition and results of operations, as well as the prospects for the airline industry. Among the effects experienced from the September 11, 2001 terrorist attacks were substantial flight disruption costs caused by the FAA-imposed temporary grounding of the U.S. airline industry's fleet, significantly increased security costs and associated passenger inconvenience, increased insurance costs, substantially higher ticket refunds and significantly decreased traffic and passenger revenue.

[Table of Contents](#)

Additional terrorist attacks, even if not made directly on the airline industry, or the fear of or the precautions taken in anticipation of such attacks (including elevated national threat warnings or selective cancellation or redirection of flights) could materially and adversely affect the Company and the airline industry. Wars and other international hostilities could also have a material adverse impact on the Company's financial condition, liquidity and results of operations. The Company's financial resources may not be sufficient to absorb the adverse effects of any future terrorist attacks or other international hostilities.

An outbreak of a disease or similar public health threat could have a material adverse impact on the Company's business, financial position and results of operations.

An outbreak of a disease or similar public health threat that affects travel demand or travel behavior, or travel restrictions or reduction in the demand for air travel caused by an outbreak of a disease or similar public health threat in the future, could have a material adverse impact on the Company's business, financial condition and results of operations.

The Company may never realize the full value of its intangible assets or its long-lived assets causing it to record impairments that may negatively affect its financial position and results of operations.

In accordance with applicable accounting standards, the Company is required to test its indefinite-lived intangible assets for impairment on an annual basis on October 1 of each year, or more frequently if conditions indicate that an impairment may have occurred. In addition, the Company is required to test certain of its other assets for impairment if conditions indicate that an impairment may have occurred.

The Company may be required to recognize impairments in the future due to, among other factors, extreme fuel price volatility, tight credit markets, a decline in the fair value of certain tangible or intangible assets, unfavorable trends in historical or forecasted results of operations and cash flows and an uncertain economic environment, as well as other uncertainties. The Company can provide no assurance that a material impairment charge of tangible or intangible assets will not occur in a future period. The value of our aircraft could be impacted in future periods by changes in supply and demand for these aircraft. Such changes in supply and demand for certain aircraft types could result from grounding of aircraft by the Company or other carriers. An impairment charge could have a material adverse effect on the Company's financial position and results of operations.

The Company's ability to use its net operating loss carryforwards to offset future taxable income for U.S. federal income tax purposes may be significantly limited due to various circumstances, including certain possible future transactions involving the sale or issuance of UAL common stock, or if taxable income does not reach sufficient levels.

As of December 31, 2012, UAL reported consolidated federal net operating loss ("NOL") carryforwards of approximately \$10 billion.

The Company's ability to use its NOL carryforwards may be limited if it experiences an "ownership change" as defined in Section 382 ("Section 382") of the Internal Revenue Code of 1986, as amended. An ownership change generally occurs if certain stockholders increase their aggregate percentage ownership of a corporation's stock by more than 50 percentage points over their lowest percentage ownership at any time during the testing period, which is generally the three-year period preceding any potential ownership change.

[Table of Contents](#)

There is no assurance that the Company will not experience a future ownership change under Section 382 that may significantly limit or possibly eliminate its ability to use its NOL carryforwards. Potential future transactions involving the sale or issuance of UAL common stock, including the exercise of conversion options under the terms of the Company's convertible debt, repurchase of such debt with UAL common stock, issuance of UAL common stock for cash and the acquisition or disposition of such stock by a stockholder owning 5% or more of UAL common stock, or a combination of such transactions, may increase the possibility that the Company will experience a future ownership change under Section 382.

Under Section 382, a future ownership change would subject the Company to additional annual limitations that apply to the amount of pre-ownership change NOLs that may be used to offset post-ownership change taxable income. This limitation is generally determined by multiplying the value of a corporation's stock immediately before the ownership change by the applicable long-term tax-exempt rate. Any unused annual limitation may, subject to certain limits, be carried over to later years, and the limitation may under certain circumstances be increased by built-in gains in the assets held by such corporation at the time of the ownership change. This limitation could cause the Company's U.S. federal income taxes to be greater, or to be paid earlier, than they otherwise would be, and could cause all or a portion of the Company's NOL carryforwards to expire unused. Similar rules and limitations may apply for state income tax purposes. The Company's ability to use its NOL carryforwards will also depend on the amount of taxable income it generates in future periods. Its NOL carryforwards may expire before the Company can generate sufficient taxable income to use them in full.

Risks related to the notes

The notes and the note guarantee are unsecured and effectively subordinated to UAL's and the Guarantor's secured debt and structurally subordinated to all obligations of UAL's subsidiaries other than the Guarantor.

The notes represent UAL's senior unsecured obligations, and the note guarantee represents the senior unsecured obligation of the Guarantor. The notes and the note guarantee rank equally in right of payment with all of UAL's and the Guarantor's existing and future unsecured and unsubordinated debt. However, the notes and the note guarantee are effectively subordinated to all of UAL's and the Guarantor's existing and future secured debt to the extent of the collateral securing such debt and structurally subordinated to all existing and future obligations of UAL's subsidiaries other than the Guarantor. As of March 31, 2013, assuming that the notes had been issued on such date, UAL would have had approximately \$1.7 billion of long-term debt (including current maturities), none of which was secured, and UAL and its subsidiaries would have had approximately \$12.4 billion of long-term debt and capital lease obligations (including current maturities), of which approximately \$10.2 billion was secured, and in addition, as of such date and as of the date hereof, United had available and undrawn \$1.0 billion under a secured revolving credit facility. In addition, as of March 31, 2013, the Guarantor had entered into guarantees for approximately \$1.9 billion aggregate principal amount of tax-exempt special facilities revenue bonds and related interest.

In the event of any distribution of UAL's or the Guarantor's assets in any foreclosure, dissolution, winding-up, liquidation, reorganization, or other bankruptcy proceeding, holders of secured indebtedness will have prior claim to those assets that constitute their collateral. Holders of the notes will participate ratably with all holders of unsecured indebtedness that is deemed to be of

[Table of Contents](#)

the same class as the notes and the note guarantee, and potentially with all of UAL's and the Guarantor's other general creditors, based upon the respective amounts owed to each holder or creditor, in UAL's and the Guarantor's remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of notes may receive less, ratably, than holders of secured indebtedness.

Holders of the notes will be creditors of only UAL and the Guarantor for purposes of the notes and the note guarantee and not our non-guarantor subsidiaries. The ability of UAL's creditors, including you, to participate in any distribution of assets of any of UAL's non-guarantor subsidiaries upon liquidation or bankruptcy will be subject to the prior claims of that non-guarantor subsidiary's creditors, including trade creditors, and any prior or equal claim of any equity holder of that non-guarantor subsidiary. As a result, you may receive less, proportionately, than the creditors of UAL's non-guarantor subsidiaries.

Certain provisions of UAL's Governance Documents could discourage or delay changes of control or changes to the Board of Directors.

Certain provisions of UAL's amended and restated certificate of incorporation and amended and restated bylaws (together, the "Governance Documents") may make it difficult for stockholders to change the composition of UAL's Board of Directors and may discourage takeover attempts that some of its stockholders may consider beneficial.

Certain provisions of the Governance Documents may have the effect of delaying or preventing changes in control if UAL's Board of Directors determines that such changes in control are not in the best interests of UAL and its stockholders. These provisions of the Governance Documents are not intended to prevent a takeover, but are intended to protect and maximize the value of UAL's stockholders' interests. While these provisions have the effect of encouraging persons seeking to acquire control of UAL to negotiate with the Board of Directors, they could enable the Board of Directors to prevent a transaction that some, or a majority, of its stockholders might believe to be in their best interests or, they could prevent or discourage attempts to remove and replace incumbent directors.

We are dependent on our operating subsidiary because of our holding company structure.

UAL conducts substantially all its business through its operating subsidiary, United. UAL is substantially dependent on the cash flow generated by the operations of United and on dividends and other payments to it from United to meet its liquidity needs, debt service and other obligations, including payment of the notes. Although United has unconditionally guaranteed payment of the notes, it may be unable to pay any amounts due on its notes guarantee or to provide UAL with funds for UAL's payment obligations on the notes, by dividend, distribution, loan or other payment. No subsidiary of UAL other than United is guaranteeing the notes. In addition, under applicable state law, UAL's subsidiaries may be limited in the amounts they are permitted to pay as dividends on their capital stock.

We may be unable to repay the notes at maturity.

At maturity, the entire outstanding principal amount of the notes, together with accrued and unpaid interest, will become due and payable. We may not have the funds to fulfill these obligations or the ability to refinance these obligations. If the maturity date were to occur at a time when other arrangements prohibited us from repaying the notes, we would try to obtain waivers of such prohibitions from the lenders and holders under those arrangements, or we

would attempt to refinance the borrowings that contain the restrictions. In these circumstances, if we could not obtain such waivers or refinance these borrowings, we would be unable to repay the notes.

We may be unable to purchase the notes upon a “Change of Control.”

Upon the occurrence of a “Change of Control,” as defined in the indenture governing the notes, we would be required to offer to purchase the notes for cash at a price equal to 101% of their aggregate principal amount, plus accrued and unpaid interest, if any. The change of control provision of the notes may not protect you if we undergo a highly leveraged transaction, reorganization, restructuring, acquisition or similar transaction, even though such a transaction may materially adversely affect you, unless the transaction falls within the definition of a “Change of Control”. See “Description of notes—Certain covenants—Change of control offer to purchase.”

Other future debt may contain prohibitions of events that would constitute a Change of Control or would require such debt to be repurchased upon a Change of Control. Moreover, the exercise by holders of the notes of the right to require us to repurchase their respective notes could cause a default under our future debt, even if the Change of Control itself does not result in a default under future debt, due to the financial effect of such repurchase on us. Finally, our ability to pay cash to holders of the notes upon a repurchase may be limited by our financial resources at the time of such repurchase. Therefore, we cannot assure you that sufficient funds will be available when necessary to make any required repurchases. Upon the occurrence of a Change of Control, we could seek to refinance the notes or obtain a waiver from you as a holder of the notes. However, we may not be able to obtain a waiver or refinance the notes on commercially reasonable terms, if at all. Our failure to purchase the notes in connection with a Change of Control would result in a default under the indenture. Such a default may, in turn, constitute a default under other of our existing debt, and may constitute a default under future debt as well.

We could enter into various transactions, such as acquisitions, refinancings, recapitalizations or other highly leveraged transactions, that would not constitute a “Change of Control” under the indenture governing the notes, but that could nevertheless increase the amount of our outstanding debt at such time, or adversely affect our capital structure, or otherwise adversely affect holders of the notes.

Under the indenture governing the notes, a variety of acquisition, refinancing, recapitalization or other highly leveraged transactions would not be considered a “Change of Control.” The term “Change of Control” is limited to certain specified transactions and may not include other events that might harm our financial condition. See “Description of notes—Certain covenants—Change of control offer to purchase.” As a result, we could enter into any of these transactions without being required to make an offer to purchase the notes even though the transaction could increase the total amount of our outstanding debt, adversely affect our capital structure or otherwise materially adversely affect the holders of the notes. Accordingly, our obligation to offer to purchase the notes upon a “Change of Control” would not necessarily afford you protection in the event of a highly leveraged transaction, reorganization, merger or similar transaction involving us.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require note holders to return payments received from guarantors.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a subsidiary's guarantee of debt of its parent company, such as the note guarantee, can be voided, or claims under such a subsidiary guarantee may be subordinated to all other debts of that subsidiary guarantor if, among other things, the subsidiary guarantor, at the time it incurred the indebtedness evidenced by its guarantee, (i) intended to hinder, delay or defraud any present or future creditor or (ii) received less than reasonably equivalent value or fair consideration for the issuance of the guarantee and, in the case of (ii) only, the subsidiary guarantor:

- was insolvent or rendered insolvent by reason of issuing the guarantee;
- was engaged in a business or transaction for which the subsidiary guarantor's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they become due.

In addition, any payment by that subsidiary guarantor under such a subsidiary guarantee could be required to be returned to the subsidiary guarantor or to a fund for the benefit of the creditors of the subsidiary guarantor under such circumstances.

The measures of insolvency for these purposes will vary depending upon the governing law. Generally, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or
- it could not pay its debts as they became due.

The notes lack a "cross-default" provision, a "judgment default" provision and some covenants typically found in other comparably rated debt securities, including some of our debt securities.

The notes lack the protection of a "cross-default" provision, a "judgment default" provision and several other restrictive covenants typically associated with comparably rated debt securities, including covenants restricting the following:

- sale of assets and the use of proceeds therefrom;
- sale-leaseback transactions;
- liens;
- issuing subordinated debt not subordinated to the notes and the note guarantee;
- transactions with affiliates; and
- dividend and other payment restrictions affecting subsidiaries.

There is no public market for the notes, and we cannot assure you that an active trading market will develop for the notes.

There is no established trading market for the notes. We have no plans to list the notes on a securities exchange. Although the underwriters have advised us that they currently intend to make a market in the notes after the completion of the offering, the underwriters are not obligated to do so, and such market-making activities may be discontinued at any time without notice. We cannot assure you that any market for the notes will develop, or that such a market will provide liquidity for holders of the notes. The liquidity of any market for the notes will depend upon the number of holders of the notes, our results of operations and financial condition, the market for similar securities, the interest of securities dealers in making a market in the notes and other factors.

Use of proceeds

We estimate that the net proceeds from this offering, after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, will be approximately \$ million. We intend to use the net proceeds we receive from this offering for general corporate purposes.

(1) EBITDAR is defined by us as net income (loss) before interest expense net of interest income and capitalized interest, income tax expense (benefit), depreciation and amortization and aircraft rent. Adjusted EBITDAR represents EBITDAR excluding special charges. A detailed listing of these exclusions is provided below. UAL's management believes that EBITDAR and Adjusted EBITDAR provide useful information about UAL's operating performance. However, these measures should not be considered as alternatives to net income (loss) or cash flows from operating activities as indicators of operating performance or liquidity. EBITDAR and Adjusted EBITDAR are not recognized terms under GAAP. EBITDAR and Adjusted EBITDAR should not be viewed in isolation and do not purport to be alternatives to net income (loss) as indicators of operating performance or cash flows from operating activities as measures of liquidity. EBITDAR and Adjusted EBITDAR exclude some, but not all, items that affect net income (loss), and these measures may vary among other companies. Therefore, EBITDAR and Adjusted EBITDAR as presented herein may not be comparable to similarly titled measures of other companies. In addition, EBITDAR, Adjusted EBITDAR, net income and interest expense as presented herein are not the same as similar terms used in the indenture for the notes offered hereby and should not be used for any calculations under such indenture. The following table shows the calculation of EBITDAR and Adjusted EBITDAR:

The following table sets forth UAL's consolidated ratio of earnings to fixed charges for the periods indicated:

	Three months ended	Year ended December 31,				
	March 31, 2013	2012	2011	2010	2009	2008
Ratio of earnings to fixed charges	(a)	(b)	1.40	1.19	(c)	(d)

(a) Earnings were inadequate to cover fixed charges requirements by \$435 million for the three months ended March 31, 2013.

(b) Earnings were inadequate to cover fixed charges requirements by \$756 million for the year ended December 31, 2012.

(c) Earnings were inadequate to cover fixed charges requirements by \$677 million for the year ended December 31, 2009.

(d) Earnings were inadequate to cover fixed charges requirements by \$5.4 billion for the year ended December 31, 2008.

For purposes of calculating this ratio, earnings consist of income before income taxes and cumulative effect of changes in accounting principles adjusted for distributed earnings of affiliates in which UAL has a minority equity interest plus interest expense (net of capitalized interest), the portion of rental expense representative of interest expense and amortization of previously capitalized interest. Fixed charges consist of interest expense, the portion of rental expense representative of interest expense, the amount amortized for debt discount, premium and issuance expense and interest previously capitalized.

Description of notes

We will issue the notes under an indenture, dated as of the Closing Date, among UAL, United and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), as supplemented by a supplemental indenture dated as of the date of issuance of the notes. The following summarizes the material provisions of the notes. The following description supplements (and, to the extent inconsistent therewith, replaces) the description of the terms of the debt securities and guarantees under "Description of Debt Securities And Guarantees" in the accompanying prospectus. See "—Certain definitions" below for definitions of certain capitalized terms used in the following description. We refer to the indenture, as supplemented by such supplemental indenture, as the "indenture." The following description does not purport to be complete and is subject to, and qualified by reference to, all of the provisions of the indenture and the notes, which we urge you to read because they, and not this description, define your rights as a note holder. A copy of the form of the indenture has been filed with the registration statement relating to this prospectus.

General

The notes will be initially limited to \$300,000,000 aggregate principal amount, will mature on June 1, 2018 and will be our senior unsecured obligations.

The notes bear interest at the rate of % per year on the principal amount from the original issue date or from the most recent date to which interest has been paid or for which interest has been provided. Interest is payable semiannually in arrears on June 1 and December 1, commencing on December 1, 2013, to holders of record at the close of business on the May 15 and November 15 immediately preceding such interest payment date. Each payment of interest on the notes will include interest accrued through the day before the applicable interest payment date (or redemption date, as the case may be). Any payment required to be made on any day that is not a business day will be made on the next succeeding business day without any interest or other payment due to the delay. Interest is calculated using a 360-day year composed of twelve 30-day months.

Interest will cease to accrue on a note upon its maturity, redemption or purchase by us at the holder's option upon a Change of Control. We may not reissue a note that has matured, been redeemed, been purchased by us at the holder's option upon a Change of Control or otherwise been cancelled, except for registration of transfer, exchange or replacement of such note.

The indenture does not limit the aggregate principal amount of debt securities that may be issued thereunder and provides that debt securities may be issued thereunder from time to time in one or more additional series. The indenture contains no covenants or other provisions to afford protection to holders of notes in the event of a highly leveraged transaction or a change in control except to the extent described under "—Certain covenants—Change of control offer to purchase," "—Certain covenants—Incurrence of indebtedness and issuance of preferred stock" and "—Merger and sales of assets."

The notes will be issued in the form of one or more global notes deposited with a custodian for DTC, and beneficial interests in the global notes will be shown on DTC's book-entry records. See "—Form and settlement; book-entry system." The notes will be issued in minimum denominations of \$2,000 or an integral multiple of \$1,000 in excess thereof. The notes will not be listed on any national securities exchange.

Further issuances

We may, from time to time, without notice to or the consent of the holders of the notes, increase the principal amount of this series of notes under the indenture and issue such increased principal amount (or any portion thereof), in which case any additional notes so issued will have the same form and terms (other than the date of issuance and, under certain circumstances, the date from which interest thereon will begin to accrue), and will carry the same right to receive accrued and unpaid interest, as the notes previously issued, and such additional notes will form a single series with the notes.

The note guarantee

The Guarantor will fully and unconditionally guarantee on a senior unsecured basis the due and punctual payment of the principal of (and premium, if any) and interest on each note, whether at Stated Maturity, upon redemption, upon acceleration, upon required repurchase at the option of the holder or otherwise according to the terms thereof and of the indenture and all other obligations of UAL under the indenture and the notes.

There is a risk that the note guarantee is voidable under applicable law relating to fraudulent transfer or conveyance or similar laws affecting the rights of creditors generally. See “Risk factors—Risks related to the notes—Federal and state statutes allow courts, under specific circumstances, to void guarantees and require note holders to return payments received from guarantors.” The indenture provides that, in the event that the Guarantor Obligations under the note guarantee would constitute such a fraudulent transfer or conveyance or violation of similar laws, then the liability of the Guarantor under the note guarantee will be reduced to the extent necessary to eliminate such fraudulent transfer or conveyance or violation.

The Guarantor will be released from all obligations under its note guarantee upon the legal defeasance of the notes in accordance with the terms of the indenture. See “—Satisfaction and discharge of the indenture; defeasance.”

Ranking of the notes and the note guarantee

The notes will represent our senior unsecured obligations, and the note guarantee will represent the senior unsecured obligation of the Guarantor. The notes and the note guarantee rank equally in right of payment with all of our and the Guarantor’s existing and future unsecured and unsubordinated debt. However, the notes and the note guarantee will be effectively subordinated to all of our and the Guarantor’s existing and future secured indebtedness to the extent of the collateral securing such debt and structurally subordinated to all existing and future obligations of UAL’s subsidiaries other than the Guarantor.

As of March 31, 2013, assuming that the notes had been issued on such date:

- UAL would have had approximately \$1.7 billion of long-term debt (including current maturities), none of which was secured;
- UAL and its subsidiaries would have had approximately \$12.4 billion of long-term debt and capital lease obligations (including current maturities), of which approximately \$10.2 billion was secured, and in addition, as of such date and as of the date hereof, United had available and undrawn \$1.0 billion under a secured revolving credit facility; and

[Table of Contents](#)

- United had entered into guarantees for approximately \$1.9 billion aggregate principal amount of tax-exempt special facilities revenue bonds and related interest.

In the event of any distribution of our or the Guarantor's assets in any foreclosure, dissolution, winding-up, liquidation, reorganization, or other bankruptcy proceeding, holders of secured indebtedness will have prior claim to those assets that constitute their collateral. Holders of the notes will participate ratably with all holders of unsecured indebtedness that is deemed to be of the same class as the notes and the note guarantee, and potentially with all of our and the Guarantor's other general creditors, based upon the respective amounts owed to each holder or creditor, in our and the Guarantor's remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of notes may receive less, ratably, than holders of secured indebtedness.

Holders of the notes will be creditors of only UAL and United for purposes of the notes and the note guarantee and not our other subsidiaries. The ability of our creditors, including you, to participate in any distribution of assets of any of our non-Guarantor subsidiaries upon liquidation or bankruptcy will be subject to the prior claims of that non-Guarantor subsidiary's creditors, including trade creditors, and any prior or equal claim of any equity holder of that non-Guarantor subsidiary. As a result, you may receive less, proportionately, than the creditors of our non-Guarantor subsidiaries. See "Risk factors—Risks related to the notes—The notes and the note guarantee are unsecured and effectively subordinated to UAL's and the Guarantor's secured debt and structurally subordinated to all obligations of UAL's subsidiaries other than the Guarantor."

Sinking fund

The notes will not be entitled to the benefit of any sinking fund.

Optional redemption

We will have the right to redeem the notes, in whole or in part at any time, at a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed and (2) the sum of the present values of the remaining scheduled payments of principal and interest on such notes (excluding accrued and unpaid interest to the redemption date) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points, plus, in either case, accrued and unpaid interest on the principal amount being redeemed to such redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

"Comparable Treasury Price" means with respect to any redemption date for notes, the average of two Reference Treasury Dealer Quotations for such redemption date.

"Quotation Agent" means the Reference Treasury Dealer appointed by us.

"Reference Treasury Dealer" means each of J.P. Morgan Securities LLC and Morgan Stanley & Co. LLC and their respective successors; provided, however, that if either of the foregoing shall cease to be a primary United States Government securities dealer in New York City (a "Primary Treasury Dealer"), we will substitute therefor another Primary Treasury Dealer.

[Table of Contents](#)

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

“Treasury Rate” means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15 (519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the maturity date of the notes to be redeemed, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined, and the Treasury Rate shall be interpolated or extrapolated from such yields on a straight-line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate will be calculated on the third business day preceding the redemption date.

Redemption procedures

We will provide not less than 30 nor more than 60 days’ notice mailed to each registered holder of the notes to be redeemed. If the redemption notice is given and funds deposited as required, then interest will cease to accrue on and after the redemption date on the notes or portions of such notes called for redemption. In the event that any redemption date is not a business day, we will pay the redemption price on the next business day without any interest or other payment due to the delay.

If less than all of the outstanding notes are to be redeemed, subject to the DTC procedures for global notes, the trustee will select the notes to be redeemed in principal amounts of \$2,000 or integral multiples of \$1,000 in excess thereof. In this case, the trustee may select the notes by lot, pro rata or by any other method the trustee considers fair and appropriate and in accordance with methods generally used at the time of selection by fiduciaries in similar circumstances. The trustee will make the selection at least 30 days but no more than 60 days before the redemption date from outstanding notes not previously called for redemption.

Certain covenants

The indenture will contain, among other things, the following covenants:

Change of control offer to purchase

If a Change of Control occurs, each holder of notes will have the right to require UAL to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder’s notes pursuant to a Change of Control Offer on the terms set forth in the indenture.

Table of Contents

In the Change of Control Offer, UAL will offer to make a payment in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest on the notes repurchased to the date of purchase (the "Change of Control Payment"), subject to the rights of holders of notes on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, UAL will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the date specified in the notice (the "Change of Control Payment Date"), which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice. UAL will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, UAL will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, UAL will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by UAL.

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control Payment for such notes, and UAL will issue and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any. UAL will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require UAL to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the notes to require that UAL repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

UAL will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by UAL and purchases all notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption with respect to all notes has been given pursuant to the indenture as described above under the caption "—Optional redemption," unless and until there is a default in payment of the applicable redemption price; and a Change of Control Offer may be made in advance of a Change of Control, conditioned upon the consummation of such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

[Table of Contents](#)

If a Change of Control occurs at a time when UAL is prohibited, by the terms of any of our indebtedness, from purchasing the notes, UAL may seek the consent of its lenders to the purchase of the notes or may attempt to refinance the borrowings that contain such prohibition. If UAL does not obtain such a consent or repay such borrowings, UAL would remain prohibited from purchasing the notes. In such case, UAL's failure to offer to purchase the notes would constitute a Default (as defined below) under the indenture. For the avoidance of doubt, the indenture provides that UAL's failure to offer to purchase the notes would constitute a Default under clause (3) and not clause (1) under the caption "—Events of default," but the failure of UAL to pay the Change of Control Payment when due shall constitute a Default under clause (1) under such caption.

Future indebtedness that UAL may incur may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the repurchase of such indebtedness upon a Change of Control. Moreover, the exercise by the holders of notes of their right to require UAL to repurchase their notes could cause a default under such indebtedness, even if the change of control itself does not, due to the financial effect of such repurchase on UAL. Finally, UAL's ability to pay cash to the holders of notes following the occurrence of a Change of Control may be limited by UAL's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. See "Risk factors—Risks related to the notes—We may be unable to purchase the notes upon a 'Change of Control.'"

Holders of notes may not be entitled to require UAL to purchase their notes in certain circumstances involving a significant change in the composition of UAL's Board of Directors, including in connection with a proxy contest, where UAL's Board of Directors initially publicly opposes the election of a dissident slate of directors, but subsequently approves such directors as Continuing Directors for purposes of the indenture. This may result in a change in the composition of the Board of Directors that, but for such subsequent approval, would have otherwise constituted a Change of Control requiring a repurchase offer under the terms of the indenture.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the properties or assets of UAL and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require UAL to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of UAL and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Restricted payments

UAL will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of UAL's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving UAL or any of its Restricted Subsidiaries) or to the direct or indirect holders of UAL's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than (x) dividends, distributions or payments

[Table of Contents](#)

payable in Qualifying Equity Interests or in the case of preferred stock of UAL, an increase in the liquidation value thereof, and (y) dividends, distributions or payments payable to UAL or a Restricted Subsidiary of UAL);

(2) purchase, redeem or otherwise acquire or retire for value any Equity Interests of UAL;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value (collectively for purposes of this clause (3), a "purchase") any Indebtedness of UAL or the Guarantor that is contractually subordinated to the notes or to the note guarantee (excluding any intercompany Indebtedness between or among UAL and any of its Restricted Subsidiaries), except any scheduled payment of interest and any purchase within two years of the Scheduled Maturity thereof; or

(4) make any Restricted Investment (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as "Restricted Payments"),

unless, at the time of and after giving effect to such Restricted Payment:

(a) no Default has occurred and is continuing;

(b) UAL would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption "—Incurrence of indebtedness and issuance of preferred stock;" and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by UAL and its Restricted Subsidiaries since the Closing Date (excluding Restricted Payments permitted by clauses (2) through (17) of the next succeeding paragraph), is less than the sum, without duplication, of:

(1) 50% of the Consolidated Net Income of UAL for the period (taken as one accounting period) from July 1, 2011, to the end of UAL's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); *plus*

(2) 100% of the aggregate net cash proceeds and the Fair Market Value of non-cash consideration received by UAL since the Closing Date as a contribution to its common equity capital or from the issue or sale of Qualifying Equity Interests (other than Qualifying Equity Interests sold to a Subsidiary of UAL and excluding Excluded Contributions); *plus*

(3) 100% of the aggregate net cash proceeds and the Fair Market Value of non-cash consideration received by UAL or a Restricted Subsidiary of UAL from the issue or sale of convertible or exchangeable Disqualified Stock of UAL or a Restricted Subsidiary of UAL or convertible or exchangeable debt securities of UAL or a Restricted Subsidiary of UAL (regardless of when issued or sold) or in connection with the conversion or exchange thereof, in each case that have been converted into or exchanged since the Closing Date for Qualifying Equity Interests (other than Qualifying Equity Interests and convertible or exchangeable Disqualified Stock or debt securities sold to a Subsidiary of UAL); *plus*

(4) to the extent that any Restricted Investment that was made after the Closing Date (other than in reliance on clause (16) of the next paragraph) is (a) sold for cash or otherwise

[Table of Contents](#)

cancelled, liquidated or repaid for cash, or (b) made in an entity that subsequently becomes a Restricted Subsidiary of UAL, the initial amount of such Restricted Investment (or, if less, the amount of cash received upon repayment or sale); *plus*

(5) to the extent that any Unrestricted Subsidiary of UAL designated as such after the Closing Date is redesignated as a Restricted Subsidiary after the Closing Date, the lesser of (i) the Fair Market Value of UAL's Restricted Investment in such Subsidiary (made other than in reliance on clause (16) of the next paragraph) as of the date of such redesignation or (ii) such Fair Market Value as of the date on which such Subsidiary was originally designated as an Unrestricted Subsidiary after the Closing Date; *plus*

(6) 100% of any dividends received in cash by UAL or a Restricted Subsidiary of UAL after the Closing Date from an Unrestricted Subsidiary of UAL, to the extent that such dividends were not otherwise included in the Consolidated Net Income of UAL for such period.

As of March 31, 2013, the amount available for Restricted Payments pursuant to the foregoing clause (c) was greater than \$550 million.

The preceding provisions will not prohibit:

(1) the payment of any dividend or distribution or the consummation of any irrevocable redemption within 60 days after the date of declaration of the dividend or distribution or giving of the redemption notice, as the case may be, if at the date of declaration or notice, the dividend or redemption payment would have complied with the provisions of the indenture;

(2) the making of any Restricted Payment in exchange for, or out of or with the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of UAL) of, Qualifying Equity Interests or from the substantially concurrent contribution of common equity capital to UAL; *provided* that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will not be considered to be net proceeds of Qualifying Equity Interests for purposes of clause (c)(2) of the preceding paragraph and will not be considered to be Excluded Contributions;

(3) the payment of any dividend (or, in the case of any partnership or limited liability company, any similar distribution), distribution or payment by a Restricted Subsidiary of UAL to the holders of its Equity Interests on a pro rata basis;

(4) the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of UAL or the Guarantor that is contractually subordinated to the notes or to the note guarantee with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;

(5) the repurchase, redemption, acquisition or retirement for value of any Equity Interests of UAL or any Restricted Subsidiary of UAL held by any current or former officer, director, consultant or employee (or their estates or beneficiaries of their estates) of UAL or any of its Restricted Subsidiaries pursuant to any management equity plan or equity subscription agreement, stock option agreement, shareholders' agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed \$50.0 million in any twelve-month period (except to the extent such repurchase, redemption, acquisition or retirement is in connection with (x) the acquisition of a Permitted Business or merger, consolidation or amalgamation otherwise permitted by the indenture and in such case the aggregate price paid by UAL and its Restricted Subsidiaries may

[Table of Contents](#)

not exceed \$100.0 million in connection with such acquisition of a Permitted Business or merger, consolidation or amalgamation or (y) the Continental/UAL Merger, in which case no dollar limitation shall be applicable); *provided further* that UAL or any of its Restricted Subsidiaries may carry over and make in subsequent twelve-month periods, in addition to the amounts permitted for such twelve-month period, up to \$25.0 million of unutilized capacity under this clause (5) attributable to the immediately preceding twelve-month period;

(6) the repurchase of Equity Interests or other securities deemed to occur upon (a) the exercise of stock options, warrants or other securities convertible or exchangeable into Equity Interests or any other securities, to the extent such Equity Interests or other securities represent a portion of the exercise price of those stock options, warrants or other securities convertible or exchangeable into Equity Interests or any other securities or (b) the withholding of a portion of Equity Interests issued to employees and other participants under an equity compensation program of UAL or its Subsidiaries to cover withholding tax obligations of such persons in respect of such issuance;

(7) so long as no Default has occurred and is continuing, the declaration and payment of regularly scheduled or accrued dividends, distributions or payments to holders of any class or series of Disqualified Stock or subordinated debt of UAL or any preferred stock of any Restricted Subsidiary of UAL in each case either outstanding on the Closing Date or issued on or after the Closing Date in accordance with the covenant described below under the caption “—Incurrence of indebtedness and issuance of preferred stock;”

(8) payments of cash, dividends, distributions, advances, common stock or other Restricted Payments by UAL or any of its Restricted Subsidiaries to allow the payment of cash in lieu of the issuance of fractional shares upon (i) the exercise of options or warrants, (ii) the conversion or exchange of Capital Stock of any such Person or (iii) the conversion or exchange of Indebtedness or hybrid securities (such as Continental's Term Income Deferred Equity Securities (TIDES)SM) into Capital Stock of any such Person;

(9) the declaration and payment of dividends to holders of any class or series of Disqualified Stock of UAL or any Disqualified Stock or preferred stock of any Restricted Subsidiary of UAL to the extent such dividends are included in the definition of Fixed Charges for such Person;

(10) in the event of a Change of Control, and if no Default shall have occurred and be continuing, the payment, purchase, redemption, defeasance or other acquisition or retirement of any subordinated Indebtedness of UAL or the Guarantor, in each case, at a purchase price not greater than 101% of the principal amount of such subordinated Indebtedness, plus any accrued and unpaid interest thereon; *provided, however*, that prior to such payment, purchase, redemption, defeasance or other acquisition or retirement, UAL or the Guarantor (or a third party to the extent permitted by the indenture) has made a Change of Control Offer as a result of such Change of Control (it being agreed that UAL or the Guarantor may pay, purchase, redeem, defease or otherwise acquire or retire such subordinated Indebtedness even if the purchase price exceeds 101% of the principal amount of such subordinated Indebtedness; *provided* that the amount paid in excess of 101% of such principal amount is otherwise permitted under the Restricted Payments covenant);

(11) Restricted Payments made with Excluded Contributions;

(12) the distribution, as a dividend or otherwise, of shares of Capital Stock of, or Indebtedness owed to UAL or any of its Restricted Subsidiaries by, any Unrestricted Subsidiary;

Table of Contents

(13) the distribution or dividend of assets or Capital Stock of any Person in connection with any full or partial “spin-off” of a Subsidiary or similar transactions; *provided* that UAL would, on the date of such distribution after giving pro forma effect thereto as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption “—Incurrence of indebtedness and issuance of preferred stock;”

(14) the distribution or dividend of assets or Capital Stock of any Person in connection with any full or partial “spin-off” of a Subsidiary or similar transactions having an aggregate Fair Market Value not to exceed \$500.0 million since the Closing Date;

(15) so long as no Default has occurred and is continuing, other Restricted Payments in an aggregate amount not to exceed \$750.0 million, such aggregate amount to be calculated from the Closing Date;

(16) so long as no Default has occurred and is continuing, any Restricted Investment by UAL and/or any Restricted Subsidiary of UAL; and

(17) the payment of any amounts in respect of any restricted stock units or other instruments or rights whose value is based in whole or in part on the value of any Equity Interests issued to any directors, officers or employees of UAL or any Restricted Subsidiary of UAL.

In the case of any Restricted Payment that is not cash, the amount of such non-cash Restricted Payment will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by UAL or such Restricted Subsidiary of UAL, as the case may be, pursuant to the Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this covenant will be determined by an officer of UAL and, if greater than \$10 million, set forth in an officers' certificate of UAL delivered to the trustee.

For purposes of determining compliance with this covenant, if a proposed Restricted Payment (or portion thereof) meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (17) above, or is entitled to be made pursuant to the first paragraph under this caption “—Restricted payments,” UAL will be entitled to classify on the date of its payment or later reclassify such Restricted Payment (or portion thereof) in any manner that complies with this covenant.

For the avoidance of doubt, the following shall not constitute Restricted Payments and therefore will not be subject to any of the restrictions described in the foregoing Restricted Payments covenant:

(a) the payment on or with respect to, or purchase, redemption, defeasance or other acquisition or retirement for value of any Indebtedness of UAL or any Restricted Subsidiary of UAL that is not contractually subordinated to the notes or to the note guarantee;

(b) the payment of regularly scheduled amounts in respect of, and the issuance of common stock of UAL upon conversion of, the 6% Convertible Preferred Securities, Term Income Deferred Equity Securities (TIDES)SM issued by Continental Airlines Finance Trust II or the underlying 6% Convertible Junior Subordinated Debentures due 2030 issued by Continental; and

(c) the conversion of the Capital Stock of UAL or United pursuant to the Airline/Parent Merger.

[Table of Contents](#)

If a Restricted Payment is made at a time when a Default has occurred and is continuing and such Default is subsequently cured, the Default or Event of Default (as defined below) arising from the making of such Restricted Payment during the existence of such Default shall simultaneously be deemed cured.

Incurrence of indebtedness and issuance of preferred stock

UAL will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), and UAL will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock; *provided, however*, that UAL may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock and UAL's Restricted Subsidiaries may incur Indebtedness (including Acquired Debt) or issue preferred stock, if UAL's Fixed Charge Coverage Ratio for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or such preferred stock is issued, as the case may be, would have been at least 1.1 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Stock or the preferred stock had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "**Permitted Debt**"):

- (1) the incurrence by UAL and United of the notes and note guarantee in the aggregate principal amount to be issued on the Closing Date and any Permitted Refinancing Indebtedness that is incurred to renew, refund, refinance, replace, defease, extend or discharge any other Indebtedness incurred pursuant to this clause (1);
- (2) the incurrence by UAL or any of its Restricted Subsidiaries of the Existing Indebtedness and any Indebtedness that is incurred pursuant to or in lieu of a commitment in existence as of the Closing Date;
- (3) the incurrence by UAL or any of its Restricted Subsidiaries of (a) Indebtedness and letters of credit (and reimbursement obligations with respect thereto) under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (3) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of UAL and its Restricted Subsidiaries thereunder) not to exceed \$2.60 billion, and (b) Indebtedness and letters of credit (and reimbursement obligations with respect thereto) under Credit Facilities secured on a junior priority basis by some or all of the collateral securing Indebtedness under Credit Facilities contemplated by clause (a) of this clause (3) in an aggregate principal amount at any one time outstanding under this clause (3)(b) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of UAL and its Restricted Subsidiaries thereunder) not to exceed \$1.5 billion;
- (4) the incurrence by UAL or any of its Restricted Subsidiaries of Indebtedness represented by, or incurred in connection with, Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing (or reimbursing UAL or any of its Restricted Subsidiaries for) all or any part of the purchase price or cost of design,

construction, installation or improvement of property, plant or equipment (including without limitation airport, maintenance, training and office facilities, ground support equipment and tooling) used in the business of UAL or any of its Restricted Subsidiaries;

(5) the incurrence by UAL or any of its Restricted Subsidiaries of (a) Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, extend, defease or discharge any Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clauses (2), (4), (5), (6), (13), (20), (21), (24) or (25) of this paragraph and (b) Permitted Refinancing Indebtedness secured by aircraft, airframes, engines, spare parts, flight simulators, flight training devices or other assets replacing, renewing, refunding, extending, refinancing, defeasing or discharging any other Indebtedness of UAL or any of its Restricted Subsidiaries that was secured by aircraft, airframes, engines, spare parts, flight simulators, flight training devices or other assets;

(6) the incurrence by UAL or any of its Restricted Subsidiaries of Indebtedness, Disqualified Stock or preferred stock (including Acquired Debt) (i) as part of, or to finance, the acquisition (including by way of merger) of any Permitted Business, (ii) incurred in connection with, or as a result of, the merger, consolidation or amalgamation of any Person (including UAL or any of its Restricted Subsidiaries) that owns a Permitted Business with or into UAL or a Restricted Subsidiary of UAL, or into which UAL or a Restricted Subsidiary of UAL is merged, consolidated or amalgamated, or (iii) that is an outstanding obligation of a Person that owns a Permitted Business at the time that such Person is acquired by UAL or a Restricted Subsidiary of UAL and becomes a Restricted Subsidiary of UAL;

(7) the incurrence by UAL or any of its Restricted Subsidiaries of intercompany Indebtedness between or among UAL and/or any of its Restricted Subsidiaries;

(8) the issuance by any of UAL's Restricted Subsidiaries to UAL or to any of its Restricted Subsidiaries of shares of preferred stock;

(9) the incurrence by UAL or any of its Restricted Subsidiaries of Hedging Obligations in the ordinary course of business;

(10) the Guarantee by UAL or any Restricted Subsidiary of UAL of Indebtedness of UAL or a Restricted Subsidiary of UAL to the extent that the guaranteed Indebtedness was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is subordinated to or *pari passu* with the notes, then the Guarantee must be subordinated or *pari passu*, as applicable, to the same extent as the Indebtedness guaranteed;

(11) the incurrence by UAL or any of its Restricted Subsidiaries of Indebtedness or reimbursement obligations in respect of workers' compensation claims, self-insurance obligations, bankers' acceptances, performance bonds and surety bonds in the ordinary course of business (including without limitation in respect of customs obligations, landing fees, taxes, airport charges, overfly rights and any other obligations to airport and governmental authorities);

(12) the incurrence by UAL or any of its Restricted Subsidiaries of Indebtedness in respect of any overdrafts and related liabilities arising from treasury, depository and cash management services or in connection with any automated clearing house transfers of funds;

- (18) the incurrence by a Receivables Subsidiary of Indebtedness in a Qualified Receivables Transaction that is without recourse to UAL or to any other Restricted Subsidiary of UAL or their assets (other than such Receivables Subsidiary and its assets and, as to UAL or any other Restricted Subsidiary of UAL, other than Standard Securitization Undertakings) and is not guaranteed by any such Person;
- (19) the incurrence of Indebtedness of UAL or any of its Restricted Subsidiaries owed to one or more Persons in connection with the financing of insurance premiums in the ordinary course of business;

- (21) the incurrence by UAL or the Guarantor (or, in the case of the "Co-Branded Secured Obligations" (as defined in the Credit Agreement as in effect on the Closing Date), any Restricted Subsidiary of UAL) of Indebtedness and letters of credit (and reimbursement obligations with respect thereto) secured by a Lien on the "Collateral" (as defined in the Credit Agreement as in effect on the Closing Date) that is junior to the Liens securing the "Obligations" (as defined in the Credit Agreement as in effect on the Closing Date) (including, without limitation, the "Co-Branded Secured Obligations"), and Permitted Refinancing Indebtedness that is incurred to renew, refund, refinance, replace, defease, extend or discharge any other Indebtedness incurred pursuant to this clause (21);
- (22) Indebtedness arising from agreements of UAL or any of its Restricted Subsidiaries providing for indemnification, adjustment of purchase price or similar obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business, assets or a Subsidiary; *provided* that the maximum assumable liability in respect of all such Indebtedness shall at no time exceed the gross proceeds, including non-cash proceeds (the Fair Market Value of such non-cash proceeds being measured at the time received and without giving effect to any subsequent changes in value) actually received by UAL or any of its Restricted Subsidiaries in connection with such disposition;

[Table of Contents](#)

(23) Indebtedness of UAL or any of its Restricted Subsidiaries consisting of take-or-pay obligations contained in supply agreements entered into in the ordinary course of business and consistent with past practices of UAL or the applicable Restricted Subsidiary of UAL;

(24) the incurrence by UAL or any of its Restricted Subsidiaries of additional Indebtedness that is either (a) unsecured and expressly contractually subordinated to the prior payment in full in cash of all notes and Guarantor Obligations on terms not materially less favorable to the holders of the notes than those customary at the time of incurrence (determined in good faith by a senior financial officer of UAL) for senior subordinated "high yield" debt securities or (b) unsecured, *pari passu* with all notes and Guarantor Obligations and convertible into common stock of UAL; *provided* that the aggregate principal amount of Indebtedness incurred pursuant to clauses (a) and (b) together, including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, extend, defease or discharge any Indebtedness incurred pursuant to this clause (24), does not exceed \$1.0 billion at any time outstanding; and

(25) the incurrence by UAL or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable), including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, extend, defease or discharge any Indebtedness incurred pursuant to this clause (25), not to exceed \$2.0 billion, at any time outstanding.

For purposes of determining compliance with this "Incurrence of indebtedness and issuance of preferred stock" covenant, if an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (25) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, UAL will be permitted to classify such item of Indebtedness on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant; *provided* that (A) all "Junior Secured Debt" (as defined in the Credit Agreement as in effect on the Closing Date) will at all times be deemed to have been incurred in reliance on the exception provided by clause (21) of the definition of "Permitted Debt" and (B) the term "Existing Indebtedness" will not include any Indebtedness that is permitted to be incurred under clauses (1), (3) or (21) of the definition of Permitted Debt.

None of the following will constitute an incurrence of Indebtedness or an issuance of preferred stock or Disqualified Stock for purposes of this "Incurrence of indebtedness and issuance of preferred stock" covenant:

- the accrual of interest or preferred stock dividends,
- the accretion or amortization of original issue discount,
- the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms,
- the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and
- the payment of dividends on preferred stock or Disqualified Stock in the form of additional shares of the same class of preferred stock or Disqualified Stock.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be utilized, calculated based on the relevant currency

[Table of Contents](#)

exchange rate in effect on the date such Indebtedness was incurred. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that UAL or any of its Restricted Subsidiaries may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness as of such date, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness as of such date, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
 - (a) the Fair Market Value of such assets as of such date; and
 - (b) the amount of the Indebtedness of the other Person as of such date.

Designation of restricted and unrestricted subsidiaries

The Board of Directors may designate any Restricted Subsidiary (other than the Guarantor) to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by UAL and its Restricted Subsidiaries in the Subsidiary designated as an Unrestricted Subsidiary will be deemed to be an Investment made as of the time of the designation. That designation will be permitted only if the Investment would be permitted at that time under the covenant described above under the caption “—Restricted payments” and if the Restricted Subsidiary otherwise meets the definition of an “Unrestricted Subsidiary.”

Any designation of a Subsidiary of UAL as an Unrestricted Subsidiary will be evidenced to the Trustee by filing with the Trustee a certified copy of a resolution of the Board of Directors giving effect to such designation and an officers’ certificate certifying that such designation complied with the preceding conditions. The Board of Directors may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of UAL; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of UAL of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will be permitted only if (1) such Indebtedness is permitted under the covenant described under the caption “—Incurrence of indebtedness and issuance of preferred stock,” calculated on a pro forma basis as if such designation had occurred at the beginning of the applicable reference period; and (2) no Default would be in existence following such designation.

SEC reports

UAL will file with the Trustee within 30 days after it files them with the SEC, copies of its annual report and the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) that UAL is required to file with the SEC pursuant to Sections 13 and 15(d) of the Exchange Act.

Merger and sales of assets

The indenture provides that UAL and the Guarantor will not consolidate with or merge into, or convey, transfer or lease all or substantially all our or the Guarantor's properties and assets to, any Person unless, among other items:

- the resulting, surviving or transferee Person is a corporation organized and existing under the laws of the United States of America, any state thereof or the District of Columbia, and expressly assumes by a supplemental indenture, all our obligations under the notes and the indenture (in the case of UAL) or the obligations under the note guarantee (in the case of the Guarantor); and
- immediately after giving effect to such transaction, no Event of Default shall have occurred and be continuing.

Any such successor will succeed to and be substituted for, and may exercise every right and power of, UAL or the Guarantor, whichever is party to such transaction, under the indenture, but the predecessor issuer, in the case of a lease of all or substantially all of its assets, shall not be released from the obligation to pay the principal of and interest on the notes.

Events of default

An "Event of Default" occurs with respect to the notes if any of the following occurs:

- (1) default in any payment of the principal amount or premium, if any, on any of the notes when such amount becomes due and payable at Stated Maturity, upon acceleration, redemption or otherwise;
- (2) failure to pay interest on the notes when such interest becomes due and payable and such failure continues for a period of 30 days;
- (3) failure by UAL or any of its Restricted Subsidiaries to comply with any other covenants or agreements applicable to the notes and such failure continues for 60 days after the notice specified below;
- (4) except as permitted by the indenture, the note guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or the Guarantor denies or disaffirms in writing its obligations under the note guarantee; or
- (5) certain events of bankruptcy or insolvency described in the indenture with respect to UAL or any of its Restricted Subsidiaries that is a Significant Subsidiary or any group of its Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

A Default under clause (3) above will not constitute an Event of Default until the Trustee notifies us or the holders of at least 25% in principal amount of the outstanding notes notify us and the Trustee of the Default and we do not cure such Default within 60 days after receipt of such notice.

If an Event of Default (other than an Event of Default relating to certain events of bankruptcy, insolvency or reorganization with respect to UAL or its Restricted Subsidiaries that are Significant Subsidiaries) occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the notes then outstanding may, by written notice to us (and to the Trustee, if such notice is given by the holders of the notes), declare the principal amount of the notes and any accrued and unpaid interest on the notes to be due and payable. Upon such a declaration, such

[Table of Contents](#)

amounts shall be due and payable immediately. In the case of certain events of bankruptcy, insolvency or reorganization with respect to UAL or its Restricted Subsidiaries that are Significant Subsidiaries, the principal amount of and accrued and unpaid interest on the notes shall automatically become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder.

If a Default with respect to the notes occurs and is continuing and is actually known to a trust officer of the Trustee, the Trustee will mail to each holder of the notes notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of, premium, if any, or accrued and unpaid interest on the notes, the Trustee may withhold the notice if and so long as a committee comprised of its trust officers in good faith determines that withholding such notice is in the interest of the holders of the notes.

An Event of Default with respect to the notes will not necessarily be an event of default with respect to any other debt securities issued under the indenture, and an event of default with respect to another series of debt securities issued under the indenture will not necessarily be an Event of Default with respect to the notes.

The indenture provides that the holders of a majority in principal amount of the outstanding notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee for the notes, or exercising any trust or power conferred on the Trustee with respect to the notes. However, the Trustee may refuse to follow any direction that conflicts with law or the indenture or, subject to certain exceptions, that the Trustee determines is unduly prejudicial to the rights of any other holder of the notes or that would subject the Trustee to personal liability; *provided, however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction. Prior to taking any such action, the Trustee shall be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

By notice to the Trustee, the holders of a majority in aggregate principal amount of the notes then outstanding may waive an existing Default and its consequences except (i) a Default in the payment of the principal amount of, premium, if any, and accrued and unpaid interest on the notes, (ii) a Default arising from the failure to redeem or purchase any note when required pursuant to the terms of the indenture or (iii) a Default in respect of a provision that under the indenture cannot be amended without the consent of each holder of the notes affected. Further, the holders of a majority in principal amount of the notes by notice to the Trustee may rescind an acceleration of the notes and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default with respect to the notes have been cured or waived, except nonpayment of the principal amount of, and accrued and unpaid interest on, the notes that has become due solely because of acceleration.

Modification of indenture

Without holder consent

Without notice to or the consent of any holders of notes, we, the Guarantor and the Trustee may amend the indenture as it applies to the notes:

- to evidence the succession of another Person to us or the Guarantor pursuant to a consolidation, merger or conveyance, transfer or lease of assets permitted under the indenture; or

Table of Contents

- to surrender any right or power conferred upon us; or
- to add to the covenants such further covenants, restrictions, conditions or provisions for the protection of the holders of the notes, and to add any additional Events of Default for the notes, subject to certain limitations; or
- to cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture, board resolution, officers' certificate or in the notes that may be defective or inconsistent with any other provision contained therein; or
- to convey, transfer, assign, mortgage or pledge any property to or with the Trustee, or to make such other provisions in regard to matters or questions arising under the indenture as shall not adversely affect the interests of any holders of notes; or
- to modify or amend the indenture in such a manner as to permit the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect; or
- to add to or change any provisions of the indenture to such extent as necessary to permit or facilitate the issuance of the notes in bearer or uncertificated form, provided that any such action shall not adversely affect the interests of the holders of notes in any material respect; or
- to provide security for the notes; or
- to provide additional guarantees for the notes; or
- to make any change that does not adversely affect the rights of any holder of notes; or
- to evidence and provide for the acceptance of appointment of a separate or successor Trustee and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the indenture by more than one Trustee.

With holder consent

Except as provided above, the consent of the holders of a majority in aggregate principal amount of the notes is generally required to amend the indenture as it applies to the notes. However, without the consent of each holder of an affected note, an amendment may not:

- make any change to the percentage of principal amount of notes the holders of which must consent to an amendment or waiver; or
- reduce the principal amount of, premium, if any, or interest on, or extend the Stated Maturity or interest payment periods, of the notes; or
- make the notes of such holder payable in money or securities other than that as stated in the notes; or
- make any change that adversely affects such holders' right to require us to purchase the notes of such holder in accordance with the terms of the indenture; or
- impair the right of such holder to institute suit for the enforcement of any payment with respect to the notes; or
- except as referred to under "—Satisfaction and discharge of the indenture; defeasance" or in connection with a consolidation, merger or conveyance, transfer or lease of assets pursuant to

the indenture, release the Guarantor from its obligations under its note guarantee or make any change in the note guarantee that would adversely affect such holder; or

- change certain requirements relating to waiving an existing Default or to the right to receive payment of, or bring suit to enforce payments of, the principal amount of, premium, if any, or interest on the notes; or
- modify any of the foregoing provisions of this sentence.

Satisfaction and discharge of the indenture; defeasance

The indenture shall cease to be of any further effect with respect to the notes if either (a) UAL has delivered to the Trustee for cancellation all notes (with certain limited exceptions) or (b) all notes not theretofore delivered to the Trustee for cancellation shall have become due and payable, or are by their terms to become due and payable at their maturity within one year or are to be called for redemption within one year, and UAL shall have deposited with the Trustee as trust funds the amount sufficient to pay and discharge the entire indebtedness on such notes not theretofore delivered to the Trustee for cancellation, for principal (and premium, if any) and interest, if any, to the date of such deposit (in the case of notes which have become due and payable) or to the Stated Maturity or redemption date, as the case may be.

In addition, UAL shall have a “legal defeasance option” (pursuant to which UAL may terminate, with respect to the notes, all of its obligations, except for certain obligations, under the notes and the indenture with respect to the notes and all obligations of the Guarantor under the note guarantee) and a “covenant defeasance option” (pursuant to which UAL may terminate, with respect to the notes, its obligations under the covenants described under “—Certain covenants” above). If the legal defeasance option is exercised with respect to the notes, payment of the notes may not be accelerated because of an Event of Default. If the covenant defeasance option is exercised with respect to the notes, payment of the notes may not be accelerated because of an Event of Default related to the specified covenants.

In order to exercise either the legal defeasance option or the covenant defeasance option with respect to the notes:

- UAL must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the notes, cash, non-callable U.S. government securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized independent registered public accounting firm, to pay the principal of, premium, if any, and interest on the outstanding notes on the stated date for payment thereof or on the applicable redemption date, as the case may be;
- in the case of an election of the legal defeasance option, UAL shall have delivered to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that: (a) UAL has received from, or there has been published by, the Internal Revenue Service (the “IRS”) a ruling; or (b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such legal defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred;

[Table of Contents](#)

- in the case of an election of the covenant defeasance option, UAL shall have delivered to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- no Event of Default shall have occurred and be continuing either: (x) on the date of such deposit (other than an Event of Default resulting from the borrowing of funds to be applied to such deposit); or (y) insofar as certain bankruptcy, insolvency or reorganization Events of Default are concerned, at any time in the period ending on the 91st day after the date of deposit;
- such legal defeasance or covenant defeasance shall not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which UAL is a party or by which UAL is bound;
- UAL shall have delivered to the Trustee an officers' certificate stating that the deposit was not made by UAL with the intent of preferring the holders of the notes over any other creditors of UAL or with the intent of defeating, hindering, delaying or defrauding any other creditors of UAL or others; and
- UAL shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for or relating to the legal defeasance or the covenant defeasance have been complied with.

The registrar and paying agent

The Trustee, acting through its corporate trust office at 2 North LaSalle St., Suite 1020, Chicago, Illinois 60602, has been appointed the registrar and paying agent for the notes. Notes are transferable at the office of the registrar. Principal and interest will be payable at the office of the paying agent. We may, however, pay interest at our option by check mailed to registered holders of the notes or by wire transfer to an account of the Person entitled thereto as such account shall be provided to the registrar for the notes. Payments of principal of the notes will be made against surrender of the notes at the office of the Trustee (acting as paying agent) at our option by check payable to or upon the written order of the Person entitled thereto or by wire transfer to an account of the Person entitled thereto as such account shall be provided to the registrar for the notes. We may change the paying agent or registrar without prior notice to the holders of the notes.

Governing law

The indenture is, and the notes and note guarantee will be, governed by, and construed in accordance with, the laws of the State of New York.

Form and settlement; book-entry system

The notes will be issued in the form of one or more fully registered global notes which will be deposited with, or on behalf of, DTC, as the depository, and registered in the name of DTC's

[Table of Contents](#)

nominee. Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC.

Except under circumstances described below, the notes will not be issuable in definitive form. The laws of some states require that certain purchasers of securities take physical delivery of their securities in definitive form. These limits and laws may impair the ability to transfer beneficial interests in the global notes.

So long as the depository or its nominee is the registered owner of the global notes, the depository or its nominee will be considered the sole owner or holder of the notes represented by the global notes for all purposes under the indenture. Except as provided below, owners of beneficial interests in the global notes will not be entitled to have notes represented by the global notes registered in their names, will not receive or be entitled to receive physical delivery of notes in definitive form and will not be considered the owners or holders thereof under the indenture.

Principal and interest payments on notes registered in the name of the depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global notes. None of UAL, the Guarantor, the Trustee, any paying agent or registrar for the notes will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests in the global notes or for maintaining, supervising or reviewing any records relating to these beneficial interests.

We expect that the depository for the notes or its nominee, upon receipt of any payment of principal or interest, will credit the participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global notes as shown on the records of the depository or its nominee. We also expect that payments by participants to owners of beneficial interests in the global notes held through these participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of these participants.

Notes represented by the global note will be exchangeable for certificated securities with the same terms only if:

- DTC notifies UAL that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under the Exchange Act and, in either case, UAL fails to appoint a successor depository within 90 days following such event;
- UAL executes and delivers to the Trustee an officers' certificate to the effect that such global note shall be so exchangeable; or
- an Event of Default shall have occurred and be continuing and owners of beneficial interests in the global note in an amount not less than a majority of the aggregate outstanding principal amount of such global note have delivered to UAL and the Trustee a notice indicating that the continuation of the book-entry system through DTC is no longer in the best interests of the holders of such beneficial interests.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A

[Table of Contents](#)

of the Exchange Act. DTC facilitates the settlement of transactions among its participants through electronic computerized book-entry changes in participants' accounts, eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, including the underwriters, banks, trust companies, clearing corporations and other organizations, some of whom and/or their representatives, own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

[Table of Contents](#)

operating expense reductions for such period resulting from such acquisition that have been realized or for which all of the material steps necessary for realization have been taken) as if they had occurred on the first day of the four-quarter reference period;

(2) the Consolidated EBITDAR attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses (and ownership interests therein) disposed of prior to the Calculation Date, will be excluded;

(4) any Person that is a Restricted Subsidiary on the Calculation Date will be deemed to have been a Restricted Subsidiary at all times during such four-quarter period;

(5) any Person that is not a Restricted Subsidiary on the Calculation Date will be deemed not to have been a Restricted Subsidiary at any time during such four-quarter period; and

(6) if any Indebtedness bears a floating rate of interest, the interest expense on such Indebtedness will be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligation applicable to such Indebtedness if such Hedging Obligation has a remaining term as at the Calculation Date in excess of 12 months).

“**Fixed Charges**” means, with respect to any specified Person for any period, the sum, without duplication, of:

(1) the consolidated interest expense (net of interest income) of such Person and its Restricted Subsidiaries for such period to the extent that such interest expense is payable in cash (and such interest income is receivable in cash); *plus*

(2) the interest component of leases that are capitalized in accordance with GAAP of such Person and its Restricted Subsidiaries for such period to the extent that such interest component is related to lease payments payable in cash; *plus*

(3) any interest expense actually paid in cash for such period by such specified Person on Indebtedness of another Person that is guaranteed by such specified Person or one of its Restricted Subsidiaries or secured by a Lien on assets of such specified Person or one of its Restricted Subsidiaries; *plus*

(4) the product of (a) all cash dividends accrued on any series of preferred stock of such Person or any of its Restricted Subsidiaries for such period, other than to UAL or a Restricted Subsidiary of UAL, times (b) a fraction, the numerator of which is one and the denominator of which is one minus the then current combined federal, state and local statutory tax rate of such Person, expressed as a decimal, in each case, determined on a consolidated basis in accordance with GAAP; *plus*

(5) the aircraft rent expense of such Person and its Restricted Subsidiaries for such period to the extent that such aircraft rent expense is payable in cash,

Notwithstanding the foregoing definition, with respect to leases (whether or not they are required to be capitalized on a Person’s balance sheet under generally accepted accounting principles in the United States of America in effect as of the date of the indenture) and with respect to financial matters related to leases, including assets, liabilities and items of income and expense, “GAAP” shall mean (other than for purposes of the covenant described under “—Certain covenants—SEC reports”), and determinations and calculations shall be made in accordance with, generally accepted accounting principles in the United States of America, which are in effect as of the date of the indenture.

“Guarantee” means a guarantee (other than (i) by endorsement of negotiable instruments for collection or (ii) customary contractual indemnities, in each case in the ordinary course of business), direct or indirect, in any manner including, without limitation, by way of a pledge of assets or through letters of credit or reimbursement agreements in respect thereof, of all or any part of any Indebtedness (whether arising by virtue of partnership arrangements, or by agreements to keep-well, to purchase assets, goods, securities or services, to take or pay or to maintain financial statement conditions).

“Guarantor” means United.

“Guarantor Obligations” means the due and punctual payment, of the principal of (and premium, if any) and interest (including, in case of default, interest on principal and, to the extent permitted by applicable law, on overdue interest and including any additional interest required to be paid according to the terms of the notes), if any, on the notes, when and as the same shall become due and payable, whether at Stated Maturity, upon redemption, upon acceleration, upon tender for repayment at the option of any holder or otherwise, according to the terms thereof and of the indenture and all other obligations of UAL with respect to the notes to the holder or the indenture trustee hereunder or thereunder.

In addition, the term “Indebtedness” includes all Indebtedness of others secured by a Lien on any asset of the specified Person (whether or not such Indebtedness is assumed by the specified Person) and, to the extent not otherwise included, the Guarantee by the specified Person of any Indebtedness of any other Person. Indebtedness shall be calculated without giving effect to the effects of Financial Accounting Standards Board Accounting Standards Codification 815—Derivatives and Hedging and related interpretations to the extent such effects would otherwise increase or decrease an amount of Indebtedness for any purpose under the indenture as a result of accounting for any embedded derivatives created by the terms of such Indebtedness.

For the avoidance of doubt, Banking Product Obligations and a deferral of pre-delivery payments relating to the purchases of aircraft or aircraft engines do not constitute Indebtedness.

(2) the then outstanding principal amount of such Indebtedness.

Certain United States federal tax considerations

The following summary discusses certain material U.S. federal income tax considerations, in the case of U.S. holders (as defined below) certain Medicare tax considerations, and in the case of non-U.S. holders (as defined below) certain estate tax considerations, relating to the purchase, ownership and disposition of the notes. Except where noted, this summary deals only with notes held as capital assets and is applicable only to initial purchasers of notes who purchased the notes at their initial offering price. Additionally, this summary does not deal with special situations. For example, this summary does not address:

- tax consequences to holders who may be subject to special tax treatment, such as brokers and dealers in securities or currencies, financial institutions, insurance companies, tax-exempt entities, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings or U.S. holders that hold their notes through non-U.S. brokers or other non-U.S. intermediaries;
- tax consequences to persons holding notes as part of a hedging, integrated, constructive sale, conversion or other risk-reduction transaction or a straddle;
- tax consequences to U.S. holders (as defined below) of notes whose “functional currency” is not the U.S. dollar;
- alternative minimum tax consequences, if any; or
- any state, local or foreign tax consequences.

The discussion below is based upon the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), and existing and proposed Treasury regulations, administrative rulings and judicial decisions, all as of the date hereof. Any of those authorities may be changed, possibly with retroactive effect, which may result in U.S. federal income tax consequences different from those described herein.

If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) holds our notes, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) holding our notes, you should consult your tax advisors regarding the tax consequences to you in light of your particular situation.

IF YOU ARE CONSIDERING THE PURCHASE OF NOTES, YOU ARE URGED TO CONSULT YOUR OWN TAX ADVISORS CONCERNING THE U.S. FEDERAL INCOME AND ESTATE TAX CONSEQUENCES TO YOU AND ANY CONSEQUENCES ARISING UNDER THE LAWS OF ANY STATE, LOCAL, FOREIGN OR OTHER TAXING JURISDICTION.

Consequences to U.S. holders

The following is a summary of the U.S. federal income tax consequences that will apply to you if you are a U.S. holder of notes. Certain consequences to “non-U.S. holders” of notes are described under “—Consequences to non-U.S. holders” below. “U.S. holder” means a beneficial owner of a note that is for U.S. federal income tax purposes:

- an individual who is a citizen or resident alien of the U.S.;

[Table of Contents](#)

- a corporation or other entity treated as a corporation for U.S. federal income tax purposes created or organized in or under the laws of the U.S. or any political subdivision of the U.S.;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if (1) it is subject to the primary supervision of a court within the U.S. and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (2) it was in existence on August 20, 1996 and treated as a United States person and has a valid election in effect under applicable U.S. Treasury regulations to continue to be treated as a U.S. person.

Interest on the notes

Payments of stated interest on the notes will be subject to U.S. federal income taxation as ordinary income at the time such payments accrue or are received, in accordance with your method of accounting for tax purposes.

OID

The notes may be treated as issued with OID if the stated principal amount of the notes exceeds their issue price by more than a statutorily defined de minimis amount. The issue price of the notes is the first price at which a substantial amount of the notes is sold for cash, other than to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers. The amount of such OID is the excess of the stated principal amount of the notes over their issue price.

If the notes are issued with more than a de minimis amount of OID, a U.S. holder generally will be required to include the OID in income (as ordinary income) for U.S. federal income tax purposes as it accrues (regardless of the U.S. holder's accounting method for U.S. federal income tax purposes), in accordance with a constant yield method based on a compounding of interest, before the receipt of cash payments attributable to this income. Under this method, a U.S. holder of the notes generally will be required to include in income increasingly greater amounts of OID in successive accrual periods. The notes are not expected to be treated as issued with OID and the following discussion assumes this to be the case.

Change of control premium

In certain circumstances (see "Description of notes—Certain covenants—Change of control offer to purchase"), we may be obligated to pay a change of control premium on the notes. This obligation may implicate the provisions of Treasury regulations relating to "contingent payment debt instruments." We intend to take the position that the contingency that such payment will be made is "remote" or "incidental" (within the meaning of applicable Treasury regulations) and therefore that the notes are not subject to the rules governing contingent payment debt instruments. Although not entirely clear, under our position any change of control premium likely will be taxable to a U.S. holder as capital gain rather than ordinary income when received or accrued, according to such U.S. holder's method of accounting for U.S. federal income tax purposes. If our position was found to be incorrect and the notes were deemed to be contingent payment debt instruments, a U.S. holder might, among other things, be required to treat any gain recognized on the sale or other disposition of a note as ordinary income rather than capital gain and might be required to report the change of control premium as income when it accrues or becomes fixed, even if such U.S. holder is a cash method taxpayer. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Sale, redemption or other disposition of notes

You will generally recognize gain or loss upon the sale, redemption or other taxable disposition of a note equal to the difference between the amount realized upon the sale, redemption or other taxable disposition (except to the extent of any accrued but unpaid interest which is required to be treated as interest income) and your adjusted tax basis in the note. Your adjusted tax basis in a note will generally be equal to the amount paid for the note. Any gain or loss recognized on a taxable disposition of the note will be capital gain or loss and will be long-term if you have held the note for more than one year. Long-term capital gains of non-corporate U.S. holders are currently taxed at a lower rate than ordinary income. The deductibility of net capital losses is subject to limitations.

3.8% Medicare tax on “Net Investment Income”

U.S. holders that are individuals, estates, and certain trusts are subject to an additional 3.8% tax on all or a portion of their “net investment income,” which may include the interest payments and any gain realized with respect to the notes, to the extent of their net investment income that, when added to their other modified adjusted gross income, exceeds \$200,000 for an unmarried individual, \$250,000 for a married taxpayer filing a joint return (or a surviving spouse), or \$125,000 for a married individual filing a separate return. U.S. holders should consult their own tax advisors with respect to the 3.8% Medicare tax.

Consequences to non-U.S. holders

The following is a summary of the U.S. federal tax consequences that will apply to you if you are a non-U.S. holder of notes. The term “non-U.S. holder” means a beneficial owner of a note that is not a U.S. holder or a partnership (or other entity treated as a partnership for U.S. federal income tax purposes). Special rules may apply to certain non-U.S. holders such as “controlled foreign corporations” and “passive foreign investment companies.” Such entities should consult their own tax advisors to determine the U.S. federal, state, local and other tax consequences that may be relevant to them.

Interest on the notes

U.S. federal withholding tax will not apply to any payment to you of principal or interest on a note under the “portfolio interest rule,” provided that:

- you do not actually or constructively own 10% or more of the total combined voting power of all classes of our stock that are entitled to vote within the meaning of Section 871(h)(3) of the Code;
- you are not a controlled foreign corporation that is related to us (actually or constructively) through stock ownership;
- you are not a bank whose receipt of interest on a note is described in Section 881(c)(3)(A) of the Code; and
- you (a) provide your name and address, and certify, under penalties of perjury, that you are not a U.S. person (which certification may be made on an IRS Form W-8BEN (or successor form)) or (b) hold your notes through certain foreign intermediaries or certain foreign partnerships, and you satisfy the certification requirements of applicable Treasury regulations. Special rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

[Table of Contents](#)

If you cannot satisfy the requirements described above, payments of interest will be subject to the 30% U.S. federal withholding tax, unless you provide us with a properly executed (1) IRS Form W-8BEN (or successor form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (2) IRS Form W-8ECI (or successor form) stating that interest paid on the note is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the U.S.

If you are engaged in a trade or business in the U.S. and interest on a note is effectively connected with the conduct of that trade or business, you will be subject to U.S. federal income tax on that interest on a net income basis (although exempt from the 30% withholding tax) generally in the same manner as if you were a U.S. holder. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable income tax treaty rate) of your earnings and profits for the taxable year, subject to adjustments, that are effectively connected with your conduct of a trade or business in the U.S.

Sale, redemption or other disposition of notes

Any gain realized upon the sale, exchange, redemption or other disposition of a note generally will not be subject to U.S. federal income tax unless:

- that gain is effectively connected with the conduct of a trade or business in the U.S. by you; or
- you are an individual who is present in the U.S. for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

An individual non-U.S. holder described in the first bullet point above will be subject to U.S. federal income tax on the gain derived from the sale on a net income basis. An individual non-U.S. holder described in the second bullet point above will be subject to a flat 30% U.S. federal income tax on the gain derived from the sale, which may be offset by U.S. source capital losses, even though the holder is not considered a resident of the U.S. A non-U.S. holder that is a foreign corporation and is described in the first bullet point above will be subject to tax on gain at regular graduated U.S. federal income tax rates and, in addition, may be subject to a branch profits tax at a 30% rate or a lower rate if so specified by an applicable income tax treaty.

U.S. federal estate tax

Your estate will not be subject to U.S. federal estate tax on notes beneficially owned by you at the time of your death, provided that any payment to you on the notes would be eligible for exemption from the 30% U.S. federal withholding tax under the “portfolio interest rule” described above under “—Interest on the notes” without regard to the statement requirement described in the last bullet point and, at the time of your death, payments with respect to the note would not have been effectively connected with the conduct by you of a trade or business in the U.S.

Information reporting and backup withholding

Backup withholding and information reporting requirements may apply to certain payments of principal, premium, if any, and interest on notes and to certain payments of proceeds of the sale or retirement of notes. We, our paying agent or certain other parties, as the case may be, will be required to withhold tax from any payment that is subject to backup withholding (currently at a rate of 28%) if the holder fails to furnish his taxpayer identification number (social security number or employer identification number), to certify that such holder is not subject to backup

[Table of Contents](#)

withholding, or to otherwise comply with the applicable requirements of the backup withholding rules. Certain holders (including, among others, corporations) are not subject to the backup withholding and information reporting requirements.

Backup withholding and information reporting generally will not apply to payments made by us or our agent (in its capacity as such) to a holder of notes who has provided the required certification under penalties of perjury that such holder is not a U.S. person as set forth in the fourth bullet point under “—Consequences to non-U.S. holders—Interest on the notes” or has otherwise established an exemption (provided that neither we nor such agent has actual knowledge or reason to know that the holder is a U.S. person or that the conditions of any other exemption are not in fact satisfied). However, we and other payors may be required to report payments of interest on your notes on IRS Form 1042-S even if the payments are not otherwise subject to information reporting requirements.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a holder may be claimed as a credit against such holder’s U.S. federal income tax liability and, if withholding results in an overpayment of tax, the holder may be entitled to a refund, provided the required information is timely furnished to the IRS. Holders should consult their own tax advisors regarding the filing of a U.S. tax return and the claiming of a credit or refund of such backup withholding taxes.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

Foreign account tax compliance act

Legislation enacted in 2010 (“FATCA”) generally imposes a withholding tax of 30% on U.S. sourced interest paid on, and the gross proceeds of a disposition of, debt obligations paid to (i) a foreign financial institution, as defined for purposes of FATCA (whether as a beneficial owner or an entity), unless (a) such institution enters into and complies with an agreement with the United States government to collect and provide to the United States tax authorities substantial information regarding United States account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with United States owners), or (b) such institution is resident in a country that has entered into an agreement with the United States regarding the exchange of certain information with respect to United States account holders and complies with local legislation enacted to give effect to such agreement; (ii) a foreign entity that is not a financial institution, unless such entity provides the withholding agent with a certification identifying the substantial United States owners of the entity, which generally includes any U.S. person who directly or indirectly owns more than 10% of the entity or (iii) a financial or non-financial foreign entity that otherwise qualifies for an exemption from the rules. Recently finalized Treasury regulations provide that this new withholding tax will not apply (i) to interest income that is paid on or before December 31, 2013 or (ii) to gross proceeds from the disposition of debt instruments paid on or before December 31, 2016. In addition, these rules will not apply with respect to notes outstanding on January 1, 2014 unless they are treated as “significantly modified” (within the meaning of Treasury regulation §1.001-3) after such date. Investors are encouraged to consult with their own tax advisors regarding the implications of this legislation on their investment in the notes.

Certain ERISA considerations

The following is a summary of certain considerations associated with the purchase of the notes by employee benefit plans that are subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code or provisions under any federal, state, local, non-U.S. or other laws or regulations that are similar to such provisions of the Code or ERISA (collectively, “Similar Laws”), and entities whose underlying assets are considered to include “plan assets” of such plans, accounts and arrangements (each, a “Plan”).

General fiduciary matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an “ERISA Plan”) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other specified parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of an ERISA Plan or the management or disposition of the assets of an ERISA Plan, or who renders investment advice for a fee or other compensation to an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the notes of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law relating to a fiduciary’s duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Prohibited transaction issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of a Plan subject to Title I of ERISA which engages in such a non-exempt prohibited transaction may be subject to liabilities under ERISA.

The acquisition and/or holding of the notes by an ERISA Plan with respect to which UAL, United or an underwriter is considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the notes are acquired and held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the U.S. Department of Labor has issued prohibited transaction class exemptions, or “PTCEs,” that may apply to the acquisition and holding of the notes. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. In addition, the exemption pursuant to Section 4975(d)(20) of the Code and Section 408(b)(17) of

[Table of Contents](#)

ERISA respecting transactions with service providers (other than certain fiduciaries) for adequate consideration may apply to the acquisition and holding of the notes by such service providers. There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Because of the foregoing, the notes should not be purchased or held by any person investing "plan assets" of any Plan, unless such purchase and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code or similar violation of any applicable Similar Laws.

Representation

By acceptance of the notes, each purchaser and subsequent transferee of the notes will be deemed to have represented and warranted that either (i) such purchaser or transferee is not a Plan and no portion of the assets used by such purchaser or transferee to acquire and hold the notes constitutes assets of any Plan or (ii) the purchase and holding of the notes by such purchaser or transferee will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or a violation of any applicable Similar Law.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering purchasing the notes on behalf of, or with the assets of, any Plan, consult with their legal counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the purchase and holding of the notes.

Underwriting

Under the terms and subject to the conditions contained in an underwriting agreement dated the date of this prospectus supplement, the underwriters named below have agreed, severally and not jointly, to purchase, and we have agreed to sell to them the principal amount of notes set forth opposite their names below:

Underwriters	Principal amount of notes
J.P. Morgan Securities LLC	\$
Morgan Stanley & Co. LLC	
Barclays Capital Inc.	
Deutsche Bank Securities Inc.	
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
Total	\$ 300,000,000

The underwriters are offering the notes subject to their acceptance of the notes from us and subject to prior sale. The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the notes offered by this prospectus if any such notes are taken.

The underwriters initially propose to offer the notes directly to the public at the public offering price set forth on the cover page hereof. Any notes sold by the underwriters to securities dealers may be sold at a discount from the public offering price of up to % of the principal amount of the notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the public offering price of up to % of the principal amount of the notes. After the initial offering of the notes, the underwriters may from time to time vary the offering price and other selling terms.

The following table shows the underwriting discounts and commissions that we will pay to the underwriters in connection with this offering:

Per note	Paid by UAL
	%
Total	\$

In order to facilitate the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the market price of the notes. Specifically, the underwriters may bid for, and purchase, notes on the open market. In addition, the underwriters may reclaim selling concessions allowed to an underwriter or a dealer for distributing the notes in the offering if the syndicate repurchases previously distributed notes in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. The underwriters are not required to engage in these activities, and may end any of these activities at any time.

Expenses associated with this offering, all of which are to be paid by us, are estimated to be approximately \$1,200,000.

Notice to prospective investors in the European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”), no offer of notes may be made to the public in that Relevant Member State other than:

- to any legal entity that is a qualified investor as defined in the Prospectus Directive;
- to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives; or
- in any other circumstances falling within Article 3 of the Prospectus Directive,

provided that no such offer of notes shall require the Company or the representatives to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

This prospectus supplement has been prepared on the basis that any offer of notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. Neither the Company nor the underwriters have authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for the Company or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression “an offer to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (including the 2010 PD Amending Directive) and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

Other

From time to time, the several underwriters or their affiliates have performed and are performing investment banking and advisory services for, and have provided and are providing general financing and banking services to, UAL and United. In particular, J.P. Morgan Securities LLC, Morgan Stanley & Co. LLC and an affiliate of Barclays Capital Inc. serve as counterparties to certain fuel hedging arrangements with United. Affiliates of J.P. Morgan Securities LLC, Morgan Stanley & Co. LLC, Barclays Capital Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated and Deutsche Bank Securities Inc. are lenders to UAL and United. An affiliate of J.P. Morgan Securities LLC also serves as administrative agent under UAL's recent credit facility, for which several of the underwriters or their affiliates served as joint lead arrangers. In addition, certain affiliates of J.P. Morgan Securities LLC are a party to United's credit card processing agreement and a party to the Co-Branded Agreement of UAL and United, respectively.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own accounts and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of UAL and/or United. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments that the underwriters may be required to make in that respect.

Legal matters

The validity of the notes will be passed upon for us by Hughes Hubbard & Reed LLP, New York, New York. Milbank, Tweed, Hadley & McCloy LLP, New York, New York, will pass upon certain legal matters for the underwriters.

Under the shelf registration process, we, or certain of our security holders, may sell the securities described in this prospectus in one or more offerings from time to time. This prospectus provides you with a general description of the securities that we or a selling security holder may offer. On October 1, 2010, JT Merger Sub Inc. merged with and into Continental, with Continental surviving as a wholly-owned subsidiary of UAL Corporation (the “Merger”). Upon closing of the Merger, UAL Corporation became the parent company of both Continental and United and UAL Corporation’s name was changed to United Continental Holdings, Inc.

SELLING SECURITY HOLDERS

We may register securities covered by this prospectus for re-offers and resales by any selling security holders who may be named in a prospectus supplement. Because each of UAL, United and Continental is a well-known seasoned issuer, as defined in Rule 405 under the Securities Act of 1933, as amended (the “Securities Act”), we may add secondary sales of securities by any selling security holders by filing a prospectus supplement with the SEC. We may register these securities to permit selling security holders to resell their securities when they deem appropriate. A selling security holder may resell all, a portion or none of their securities at any time and from time to time. We may register those securities for sale through an underwriter or other plan of distribution as set forth in a prospectus supplement. See “Plan of Distribution.” Selling security holders may also sell, transfer or otherwise dispose of some or all of their securities in transactions exempt from the registration requirements of the Securities Act. We may pay all expenses incurred with respect to the registration of the securities owned by the selling security holders, other than underwriting fees, discounts or commissions, which will be borne by the selling security holders. We will provide you with a prospectus supplement naming the selling security holders, the amount of securities to be registered and sold and any other terms of the securities being sold by a selling security holder.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we intend to use the net proceeds from the sale of our securities for general corporate purposes, which may include possible future repayments of indebtedness, the funding of a portion of our pension liabilities, and our working capital requirements. DESCRIPTION OF UAL CAPITAL STOCK

The following description of UAL's capital stock includes a summary of certain provisions of UAL's restated certificate of incorporation and amended and restated bylaws. The following description of the terms of the Preferred Stock UAL may issue sets forth certain general terms and provisions of any series of Preferred Stock to which any prospectus supplement may relate. Particular terms of the Preferred Stock offered by any prospectus supplement and the extent, if any, to which these general terms and provisions shall apply to any series of Preferred Stock so offered will be described in the prospectus supplement relating to the applicable Preferred Stock. The applicable prospectus supplement may also state that any of the terms set forth in this description are inapplicable to such series of Preferred Stock. This description of UAL's capital stock does not purport to be complete and is subject to and qualified in its entirety by reference to applicable Delaware law and the provisions of UAL's restated certificate of incorporation and any applicable certificates of designations, which have been or will be filed with the SEC.

General

UAL is authorized to issue up to 1,000,000,000 shares of Common Stock, par value \$0.01 per share. UAL is also authorized to issue 250,000,000 shares of Preferred Stock, without par value ("Serial Preferred Stock"), one share of Class Pilot MEC Junior Preferred Stock, par value \$0.01 per share, and one share of Class IAM Junior Preferred Stock, par value \$0.01 per share.

Common Stock

Dividends

The holders of UAL Common Stock will be entitled to receive dividends, if and when declared payable, from time to time by the UAL board of directors (the "Board").

Liquidation

Upon any liquidation, dissolution or winding up of UAL, after all securities ranking prior to the Common Stock, including any shares of UAL's Serial Preferred Stock, Class Pilot MEC Junior Preferred Stock and Class IAM Junior Preferred Stock, have been paid in full that to which they are entitled, the holders of the then outstanding Common Stock will be entitled to receive, pro rata, the remaining assets of UAL available for distribution to its stockholders.

Voting Rights

Each outstanding share of Common Stock of UAL will entitle the holder thereof to one vote on each matter submitted to a vote at a meeting of stockholders. At meetings of stockholders, holders of UAL's Common Stock vote together as a single class with holders of UAL's Class Pilot MEC Junior Preferred Stock and Class IAM Junior Preferred Stock on all matters except the election of directors to the Board. The affirmative vote of holders of shares of UAL's capital stock representing a plurality of the votes cast on the matter will be required to elect the directors of the Board to be elected by the applicable class of capital stock. The affirmative vote of holders of shares of UAL's capital stock representing a majority of the votes present in person or by proxy at the meeting and entitled to be cast on the matter will be required to approve any other matters.

Other

UAL Common Stock is not convertible into, or exchangeable for, any other class or series of capital stock. Holders of Common Stock have no preemptive or other rights to subscribe for or purchase additional securities of UAL. UAL's restated certificate of incorporation contains no sinking fund provisions or redemption provisions with respect to the Common Stock. Shares of Common Stock are not subject to calls or assessments.

No personal liability will attach to holders under the laws of the State of Delaware (UAL's state of incorporation) or of the State of Illinois (the state in which UAL's principal place of business is located). There is no classification of the Board.

UAL Common Stock is subject to certain limitations on ownership and transfer. See "—Certain Limitations on Ownership and Transfer and Anti-Takeover Provisions in UAL's Restated Certificate of Incorporation and Amended and Restated Bylaws applicable to all UAL Capital Stock" below.

Serial Preferred Stock

Serial Preferred Stock may be issued independently or together with any other securities and may be attached to or separate from the securities.

Pursuant to Delaware law and UAL's restated certificate of incorporation, the Board by resolution, and without the approval of stockholders, may establish one or more series of Serial Preferred Stock, fix the number of shares constituting such series and fix the designations and the powers, preferences and relative, participating, optional or other special rights, if any, and the qualifications, limitations and restrictions thereof, of such series. Such rights, preferences, powers and limitations as may be established could have the effect of discouraging an attempt to obtain control of UAL.

If the Board approves the issuance of a series of Serial Preferred Stock to be offered hereunder, a description will be filed with the SEC and the terms of such series will be described in the prospectus supplement with respect to such series, including the following terms:

- The number of shares constituting such series and the distinctive designation of the series;
- The dividend rate on the shares of the series, the conditions and dates upon which dividends thereon shall be payable, the extent, if any, to which dividends thereon shall be cumulative, and the relative rights of preference, if any, of payment of dividends thereon;
- Whether or not the shares of the series are redeemable and, if redeemable, the time or times during which they shall be redeemable and the amount per share payable on redemption thereof, which amount may, but need not, vary according to the time and circumstances of such redemption;
- The amount payable in respect of the shares of the series, in the event of any liquidation, dissolution or winding up of UAL, which amount may, but need not, vary according to the time or circumstances of such action, and the relative rights of preference, if any, of payment of such amount;
- Any requirement as to a sinking fund for the shares of the series, or any requirement as to the redemption, purchase or other retirement by UAL of the shares of the series;
- The right, if any, to exchange or convert shares of the series into other securities or property, and the rate or basis, time, manner and condition of exchange or conversion;
- The voting rights, if any, to which the holders of shares of the series shall be entitled in addition to the voting rights provided by law; and
- Any other term, condition or provision with respect to the series not inconsistent with the provisions of Article Fourth, Part I of UAL's restated certificate of incorporation or any resolution adopted by the Board pursuant thereto.

Certain Limitations on Ownership and Transfer and Anti-Takeover Provisions in UAL's Restated Certificate of Incorporation and Amended and Restated Bylaws applicable to all UAL Capital Stock

Five-percent Ownership Limitation

UAL's restated certificate of incorporation provides, subject to certain exceptions therein, that any attempted transfer of UAL's securities prior to the earliest of (A) February 1, 2014 or such later date as may be approved by the Board, (B) the repeal, amendment or modification of Section 382 of the Internal Revenue Code of 1986, as amended ("Section 382"), in such a way as to render the restrictions imposed by Section 382 no longer applicable to UAL, (C) the beginning of a taxable year of UAL in which no Tax Benefits (as defined in the restated certificate of incorporation) are available, and (D) the date on which the limitation amount imposed by Section 382 in the event of an ownership change of UAL, would not be materially less than the net operating loss carry forward or net unrealized built-in loss of UAL (the "Restriction Release Date"), or any attempted transfer of UAL's securities pursuant to an agreement entered into prior to the Restriction Release Date, will be prohibited and void ab initio so far as it purports to transfer ownership or rights in respect of such stock to the purported transferee (y) if the transferor is a five-percent shareholder or (z) to the extent that, as a result of such transfer either (1) any person or group of persons shall become a five-percent shareholder or (2) the percentage stock ownership interest in UAL of any five-percent shareholder shall be increased. The restated certificate of incorporation provides an exception to this limitation for securities issued pursuant to UAL's Second Amended Joint Plan of Reorganization dated January 20, 2006 or the Agreement and Plan of Merger relating to the Merger. The restated certificate of incorporation defines the term "five-percent shareholder" as a person or group of persons that is identified as a "5-percent shareholder" of UAL pursuant to Treasury Regulation § 1.382-2T(g).

Foreign Ownership Limitation

UAL's restated certificate of incorporation limits the total number of shares of equity securities held by all persons who fail to qualify as citizens of the United States to having no more than 24.9% of the voting power of all outstanding equity securities of UAL.

[Table of Contents](#)

Undesignated Preferred Stock

The ability to authorize undesignated Preferred Stock makes it possible for the Board to issue Preferred Stock with super voting, dividend or other special rights or preferences on a discriminatory basis that could impede the success of any attempt to acquire UAL. These and other provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of UAL.

Requirements for Advance Notification of Stockholder Meetings, Nominations and Proposals

UAL's amended and restated bylaws provide that special meetings of the stockholders may be called only by (i) both the Chief Executive Officer and the Chairman of the Board or (ii) the Board, and prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting.

UAL's amended and restated bylaws establish advance notice procedures with respect to stockholder proposals for annual meetings and the nomination of candidates for election as directors to the Board, other than nominations by ALPA or the IAM or nominations made by or at the direction of the Board or a committee of the Board. In order for any matter to be "properly brought" before a meeting, a stockholder will have to comply with advance notice requirements and provide UAL with certain information. Additionally, vacancies and newly created directorships may be filled by a vote of a majority of the directors then in office, even though less than a quorum. UAL's amended and restated bylaws allow the Chief Executive Officer or Chairman, or his or her designee, to preside at a meeting to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions may also defer, delay or discourage a potential acquiror from conducting a solicitation of proxies to elect the acquiror's own slate of directors or otherwise attempting to obtain control of UAL.

Stockholder Action by Written Consent

Pursuant to Section 228 of the Delaware General Corporation Law (the "DGCL"), any action required to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of stock entitled to vote thereon were present and voted, unless UAL's restated certificate of incorporation provides otherwise. UAL's restated certificate of incorporation provides that any action required or permitted to be taken by UAL stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by consent in writing by such stockholders.

DESCRIPTION OF DEBT SECURITIES AND GUARANTEES

The following description of the terms of the debt securities sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which these general provisions may apply to those debt securities will be described in the prospectus supplement relating to those debt securities. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to the prospectus supplement relating thereto and, to the extent applicable, the following description.

The debt securities issued by UAL, United or Continental may be fully and unconditionally guaranteed on a secured or unsecured senior or subordinated basis, jointly and severally, by one or both of the other of such companies. Debt securities will be issued under one or more indentures between one or more of us and one or more trustees named in the prospectus supplement. A copy of the expected form of indenture has been filed as an exhibit to the registration statement filed with the SEC. The following discussion of certain provisions of the indenture is a summary only and should not be considered a complete description of the terms and provisions of the indenture. Accordingly, the following discussion is qualified in its entirety by reference to the provisions of the indenture, including the definition of certain terms used below.

The aggregate principal amount of debt securities that we may authenticate and deliver is unlimited. Securities in bearer form will be transferable only by delivery. Provisions with respect to the exchange of securities in bearer form will be described in the prospectus supplement relating to those securities in bearer form.

All funds which the issuer pays to a paying agent for the payment of principal, premium or interest with respect to any debt securities that remain unclaimed at the end of two years after that principal, premium or interest shall have become due and payable will be repaid to the issuer, and the holders of those debt securities or any related coupons will thereafter look only to the issuer for payment thereof.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities. A global security is a debt security that represents, and is denominated in an amount equal to the aggregate principal amount of, all outstanding debt securities of a series, or any portion thereof, in either case having the same terms, including the same original issue date, date or dates on which principal and interest are due, and interest rate or method of determining interest. A global security will be deposited with, or on behalf of, a depository, which will be identified in the prospectus supplement relating to such debt securities. Global securities may be issued in either registered or bearer form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security may not be transferred except as a whole by the depository to a nominee of the depository, by a nominee of the depository to the depository or another nominee of the depository, or by the depository or any nominee of the depository to a successor depository or any nominee of such successor.

The specific terms of the depository arrangement with respect to a series of debt securities will be described in the prospectus supplement relating to such debt securities. We anticipate that the following provisions will generally apply to depository arrangements.

Upon the issuance of a global security, the depository for such global security will credit, on its book entry registration and transfer system, the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with the depository (“participants”). Such accounts shall be designated by the dealers or underwriters with respect to such debt securities or, if such debt securities are offered and sold directly by the issuer or through one or more agents, by the issuer or such agents. Ownership of beneficial interests in a global security will be limited to participants or persons that hold beneficial interests through participants. Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository (with respect to interests of participants) or records maintained by participants (with respect to interests of persons other than participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limitations and laws may impair the ability to transfer beneficial interests in a global security.

So long as the depository for a global security, or its nominee, is the registered owner or holder of such global security, such depository or nominee, as the case may be, will be considered the sole owner or holder of the individual debt securities represented by such global security for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any of such debt securities in definitive form, and will not be considered the owners or holders thereof under the indenture.

Subject to the restrictions applicable to securities in bearer form described in an applicable prospectus supplement (see “Limitations on Issuance of Securities in Bearer Form” below), payments of principal, premium, and interest with respect to individual debt securities represented by a global security will be made to the depository or its nominee, as the case may be, as the registered owner or holder of such global security. Neither the issuer, the trustee, any paying agent or registrar for such debt securities nor any agent of the issuer or the trustee will have any responsibility or liability for:

- (1) any aspect of the records relating to or payments made by the depository, its nominee or any participants on account of beneficial interests in the global security or for maintaining, supervising or reviewing any records relating to such beneficial interests;
- (2) the payment to the owners of beneficial interests in the global security of amounts paid to the depository or its nominee; or
- (3) any other matter relating to the actions and practices of the depository, its nominee or its participants.

[Table of Contents](#)

None of the issuer, the trustee, any paying agent or registrar for such debt securities or any agent of the issuer or the trustee will be liable for any delay by the depositary, its nominee or any of its participants in identifying the owners of beneficial interests in the global security, and the issuer and the trustee may conclusively rely on, and will be protected in relying on, instructions from the depositary or its nominee for all purposes.

We expect that the depositary for a series of debt securities or its nominee, upon receipt of any payment of principal, premium or interest with respect to a definitive global security representing any of such debt securities, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security, as shown on the records of the depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers and registered in "street name." Such payments will be the responsibility of such participants. Receipt by owners of beneficial interests in a temporary global security of payments of principal, premium or interest with respect thereto will be subject to the restrictions described in an applicable prospectus supplement (see "—Limitation on Issuance of Securities in Bearer Form" below).

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary, the issuer shall appoint a successor depositary. If a successor depositary is not appointed by the issuer within 90 days, the issuer will issue individual debt securities of such series in exchange for the global security representing such series of debt securities. In addition, the issuer may at any time and in its sole discretion, subject to any limitations described in the prospectus supplement relating to such debt securities, determine to no longer have debt securities of a series represented by a global security and, in such event, will issue individual debt securities of such series in exchange for the global security representing such series of debt securities. Furthermore, if an event of default with respect to the debt securities of a series represented by a global security shall have happened and be continuing and owners of beneficial interests in such global security in an amount not less than a majority of the aggregate outstanding principal amount of such global security have delivered to the issuer and the trustee a notice indicating that the continuation of the book-entry system through such depositary is no longer in the best interests of the holders of the beneficial interests, such global security will be exchangeable for individual debt securities of such series.

Limitations on Issuance of Securities in Bearer Form

The debt securities of a series may be issued as securities in registered form (which will be registered as to principal and interest in the register maintained by the registrar for such debt securities) or securities in bearer form (which will be transferable only by delivery). If such debt securities are issuable as securities in bearer form, the applicable prospectus supplement will describe certain special limitations and considerations that will apply to such debt securities.

Certain Covenants

If debt securities are issued, the indenture, as supplemented for a particular series of debt securities, will contain certain covenants for the benefit of the holders of such series of debt securities, which will be applicable (unless waived or amended) so long as any of the debt securities of such series are outstanding, unless stated otherwise in the prospectus supplement. The specific terms of the covenants, and summaries thereof, will be set forth in the prospectus supplement relating to such series of debt securities.

Subordination

Debt securities of a series, and any guarantees of such securities, may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent the issuer of any debt securities

[Table of Contents](#)

conducts operations through subsidiaries of such issuer, the holders of such debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors of such subsidiaries except to the extent such subsidiary is a guarantor of such series of debt securities.

Events of Default

Each of the following constitutes an event of default under the form of indenture with respect to any series of debt securities:

- (1) default in any payment of the principal or premium, if any, on the debt securities of that series, when such amount becomes due and payable at maturity, upon acceleration, redemption or otherwise;
- (2) failure to pay interest on any debt security of that series when such interest becomes due and payable, and such failure continues for a period of 30 days;
- (3) failure to comply for 60 days after notice with any covenants or agreements applicable to the debt securities of that series (other than those referred to in (1) or (2) above) or the indenture or supplemental indenture related to that series of debt securities; or
- (4) certain events of bankruptcy, insolvency or reorganization affecting us.

A prospectus supplement may omit, modify or add to the foregoing events of default.

A default under clause (3) will not constitute an event of default until the trustee notifies the issuer or the holders of 25% in principal amount of the outstanding debt securities notify the issuer and the trustee of the default and such issuer does not cure such default within the time specified after receipt of such notice.

If any event of default (other than an event of default relating to certain events of bankruptcy, insolvency or reorganization with respect to the issuer) occurs and is continuing with respect to a particular series of debt securities, either the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of that series then outstanding by written notice to the issuer (and to the trustee if such notice is given by the holders), may declare the principal amount of (or in the case of original issue discount debt securities, the portion thereby specified in the terms thereof), and accrued interest on the debt securities of that series to be immediately due and payable. In the case of certain events of bankruptcy, insolvency or reorganization, the principal amount of and accrued interest on the debt securities of that series shall automatically become and be immediately due and payable without any declaration or other act on the part of the trustee or any holders.

The holders of a majority in aggregate principal amount of the debt securities of any series then outstanding by notice to the trustee under the indenture may on behalf of the holders of all of such series of debt securities waive any existing default or event of default and its consequences under the applicable indenture except a default in the payment of the principal of, or premium, if any, and interest on the debt securities of such series, a default arising from the failure to redeem or purchase a debt security of that series when required pursuant to the terms of the indenture, or a default in respect of a provision that cannot be amended under the indenture without the consent of each holder of the series affected.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an event of default shall occur and be continuing, the trustee is under no obligation to exercise any of its rights or powers under the indenture or debt securities at the request or direction of any of the holders of any series of debt securities, unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability or expense. Subject to such provisions for the indemnification of the trustee, the holders of at least a majority in aggregate principal amount of the outstanding debt securities of a series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to such series of debt securities. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the

rights of any other holder of such series of debt securities or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder of debt securities of a series has any right to pursue any remedy with respect to the indenture or debt securities unless:

- such holder has previously given to the trustee written notice of a continuing event of default with respect to such series of debt securities;
- the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made a written request to the trustee to pursue such remedy, and such holder or holders have offered indemnity satisfactory to the trustee against any loss, liability or expense, to the trustee; and
- the trustee has not complied with such request, and has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with such request, within 60 days after such request and offer of indemnity.

However, such limitations do not apply to a suit instituted by a holder of a debt security of such series for the enforcement of payment of the principal, premium, if any, or interest on such debt security on or after the applicable due date specified in such debt security.

The indenture provides that if a default with respect to a series of debt securities occurs and is continuing and is actually known to a trust officer of the trustee, the trustee must mail to each holder of such debt securities notice of the default within 90 days after it occurs. Except in the case of a default in the payment of principal of, or premium, if any, or interest on any debt security of a series when such amount becomes due and payable, the trustee may withhold notice if and so long as a committee of its trust officers in good faith determines that withholding notice is in the interests of the holders.

The indenture requires the issuer with respect to each outstanding series of debt securities to furnish to the trustee, within 120 days after the end of each fiscal year, a statement by certain of its officers as to whether or not such officers know of a default in the performance or observance of any of the terms, provisions and conditions with respect to such series of debt securities and, if so, specifying all such known defaults.

Street name and other indirect holders should consult their banks and brokers for information on their requirements for giving notice or taking other actions upon a default.

Modification and Waiver

Modifications and amendments of the indenture as it applies to any series of debt securities or any of the other terms of such series may be made by the applicable issuer, any applicable guarantor and the trustee with the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of such series.

No such modification or amendment may, without the consent of each holder of an affected debt security,

- make any change to the percentage of principal amount of debt securities of the applicable series the holders of which must consent to an amendment;
- reduce the principal amount of, premium, if any, or interest on, or extend the stated maturity or interest payment periods, of such debt security;
- make such debt security payable in money or securities other than that stated in such debt security;
- make any change that adversely affects such holder's right to require the applicable issuer to purchase such debt security, if any;

Table of Contents

- impair the right of such holder to institute suit for the enforcement of any payment with respect to such debt securities;
- in the case of any subordinated debt security or coupons appertaining thereto, make any change in the provisions of the indenture relating to subordination that adversely affects the rights of such holder under such provisions;
- except as provided under “—Satisfaction and Discharge of the Indenture; Defeasance” or in accordance with a guarantee, release any guarantor of such debt security or make any changes in the applicable guarantee that would adversely affect such holder; or
- change the requirements relating to waiving a default in payment of principal of, premium, if any, or interest on the debt securities of a series, the right to bring suit to enforce such payments or the provisions relating to modifications or amendments described in this sentence.

Without the consent of any holder, the issuer with respect to a series of debt securities and the trustee may amend the indenture as it applies to such series or any of the other terms of such series for one or more of the following purposes:

- to evidence the succession of another person to such issuer pursuant to the provisions of the indenture relating to consolidations, mergers and sales of assets and the assumption by such successor of such issuer’s covenants, agreements and obligations in the indenture and with respect to the debt securities;
- to surrender any right or power conferred upon such issuer, to add such further covenants, restrictions, conditions or provisions for the protection of the holders of such series of debt securities, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions or provisions a default or an event of default under the indenture with respect to such series (provided, however, that with respect to any such additional covenant, restriction, condition or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of any series of debt securities to waive such default);
- to cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture, board resolution, officers’ certificate or in any debt securities that may be defective or inconsistent with any other provision contained therein;
- to convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as shall not adversely affect the interests of any holders of debt securities of such series;
- to modify or amend the indenture in such a manner as to permit the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- to add to or change any of the provisions of the indenture to provide that securities in bearer form may be registerable as to principal, to change or eliminate any restrictions on the payment of principal, premium or interest with respect to securities in bearer form, to permit securities in registered form to be exchanged for securities in bearer form or to permit or facilitate the issuance of debt securities of such series in uncertificated form, provided that any such action shall not adversely affect the interests of the holders of debt securities or any coupons of any series in any material respect;
- in the case of subordinated debt securities, to make any change in the provisions of the indenture or any supplemental indenture, board resolution or officers’ certificate relating to subordination that would limit or terminate the benefits available to any holder of senior indebtedness under such provisions;
- to add guarantees with respect to the debt securities or to secure the debt securities;

[Table of Contents](#)

- to make any change that does not adversely affect the rights of any holder of debt securities of such series;
- to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the indenture by more than one trustee; or
- to establish the form or terms of debt securities and coupons of any series, as described under “—General” above.

UAL, United, Continental and the trustee may amend the indenture to add to, change, or eliminate any of the provisions of the indenture, so long as any such addition, change or elimination not otherwise permitted under the indenture shall (a) neither apply to any debt security of any series outstanding at the time of the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such debt security with respect to such provision or (b) become effective only when there is no such debt security outstanding.

Mergers and Sales of Assets

The indenture provides that the issuer with respect to any outstanding series of debt securities may not consolidate with or merge into any other person or convey, transfer or lease all or substantially all of its properties and assets to another person, unless among other items: (a) the resulting, surviving or transferee person is organized and existing under the laws of the United States, any state thereof or the District of Columbia and such person (if not such issuer) expressly assumes, by supplemental indenture, all obligations of such issuer under the applicable debt securities and the indenture; (b) no event of default with respect to any series of debt securities of such issuer issued under the indenture shall have occurred and be continuing; and (c) such issuer shall have provided the trustee with an officers’ certificate and an opinion of counsel confirming compliance with the indenture with respect to such transaction. Upon the assumption of the issuer’s obligations by such a person in such circumstances, subject to certain exceptions, such issuer shall be discharged from all obligations under the indenture.

Satisfaction and Discharge of the Indenture; Defeasance

Unless otherwise provided for in the prospectus supplement, the indenture shall cease to be of any further effect with respect to a series of debt securities if (1) either (a) the issuer has delivered to the trustee for cancellation all debt securities of such series (with certain limited exceptions) or (b) all debt securities and coupons of such series not theretofore delivered to the trustee for cancellation shall have become due and payable, or are by their terms to become due and payable at their stated maturity within one year or are to be called for redemption within one year, and the issuer shall have deposited with the trustee as trust funds the amount sufficient to pay and discharge the entire indebtedness on such debt securities not theretofore delivered to the trustee for cancellation, for principal (and premium, if any) and interest, if any, to the date of such deposit (in the case of debt securities which have become due and payable) or to the stated maturity or redemption date, as the case may be.

In addition, the issuer shall have a “legal defeasance option” (pursuant to which the issuer may terminate, with respect to the debt securities of a particular series, all of its obligations under such debt securities and the indenture with respect to such debt securities) and a “covenant defeasance option” (pursuant to which the issuer may terminate, with respect to the debt securities of a particular series, its obligations with respect to such debt securities under certain specified covenants with respect to such debt securities). If the legal defeasance option is exercised with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default. If the covenant defeasance option is exercised with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default related to the specified covenants.

[Table of Contents](#)

The applicable prospectus supplement will describe the procedures the issuer must follow in order to exercise its defeasance options.

Regarding the Trustee

The indenture provides that, except during the continuance of an event of default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an event of default, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act that are incorporated by reference therein contain limitations on the rights of the trustee, should it become one of an issuer's creditors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with any issuer or any of its affiliates; provided, however, that if it acquires any conflicting interest (as defined in the indenture or in the Trust Indenture Act), it must eliminate such conflict or resign.

Governing Law

The indenture and the debt securities will be governed by the laws of the State of New York.

DESCRIPTION OF DEPOSITARY SHARES

The following summary of certain provisions of the depositary shares does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the depositary agreement that will be filed with the SEC in connection with the offering of such depositary shares.

UAL may offer fractional shares of Preferred Stock, rather than full shares of Preferred Stock. If UAL decides to offer fractional shares of Preferred Stock, it will issue receipts for depositary shares. Each depositary share will represent a fraction of a share of a particular series of Preferred Stock, and the prospectus supplement will indicate that fraction. The shares of Preferred Stock represented by depositary shares will be deposited under a deposit agreement between UAL and a depositary that is a bank or trust company that meets certain requirements and is selected by UAL. The depositary will be specified in the applicable prospectus supplement. Each owner of a depositary share will be entitled to all of the rights and preferences of the Preferred Stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of Preferred Stock in accordance with the terms of the offering.

We have summarized selected provisions of the deposit agreement and the depositary receipts, but the summary is qualified by reference to the provisions of the deposit agreement and the depositary receipts. The particular terms of any series of depositary shares will be described in the applicable prospectus supplement. If so indicated in the prospectus supplement, the terms of any such series may differ from the terms set forth below.

Dividends

The depositary will distribute all cash dividends or other cash distributions received by it in respect of the Preferred Stock to the record holders of depositary shares relating to such preferred shares in proportion to the numbers of depositary shares held on the relevant record date. The amount made available for distribution will be reduced by any amounts withheld by the depositary or UAL on account of taxes.

In the event of a distribution other than in cash, the depositary will distribute securities or property received by it to the record holders of depositary shares in proportion to the numbers of depositary shares held on the relevant record date, unless the depositary determines that it is not feasible to make such distribution. In that case, the depositary may make the distribution by such method as it deems equitable and practicable. One such possible method is for the depositary to sell the securities or property and then distribute the net proceeds from the sale as provided in the case of a cash distribution.

Withdrawal of Shares

Upon surrender of depositary receipts representing any number of whole shares at the depositary's office, unless the related depositary shares previously have been called for redemption, the holder of the depositary shares evidenced by the depositary receipts will be entitled to delivery of the number of whole shares of the related series of Preferred Stock and all money and other property, if any, underlying such depositary shares. However, once such an exchange is made, the Preferred Stock cannot thereafter be redeposited in exchange for depositary shares. Holders of depositary shares will be entitled to receive whole shares of the related series of Preferred Stock on the basis set forth in the applicable prospectus supplement. If the depositary receipts delivered by the holder evidence a number of depositary shares representing more than the number of whole shares of Preferred Stock of the related series to be withdrawn, the depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares.

Redemption of Depositary Shares

Whenever UAL redeems the Preferred Stock, the depositary will redeem a number of depositary shares representing the same number of shares of Preferred Stock so redeemed. If fewer than all of the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot, pro rata or by any other equitable method as the depositary may determine.

Voting of Underlying Shares

Upon receipt of notice of any meeting at which the holders of the Preferred Stock of any series are entitled to vote, the depositary will mail the information contained in the notice of the meeting to the record holders of the depositary shares relating to that series of preferred shares. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary as to the exercise of the voting rights represented by the number of shares of Preferred Stock underlying the holder's depositary shares. The depositary will endeavor, to the extent it is practical to do so, to vote the number of whole shares of Preferred Stock underlying such depositary shares in accordance with such instructions. UAL will agree to take all action that the depositary may deem reasonably necessary in order to enable the depositary to do so. To the extent the depositary does not receive specific instructions from the holders of depositary shares relating to such preferred shares, it will abstain from voting such shares of Preferred Stock.

Amendment and Termination of Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the applicable deposit agreement may at any time be amended by agreement between UAL and the depositary. With the consent of the depositary, UAL may amend the deposit agreement from time to time in any manner that it desires. However, if the amendment would materially and adversely alter the rights of the existing holders of depositary shares, the amendment would need to be approved by the holders of at least a majority of the depositary shares then outstanding.

The deposit agreement may be terminated by UAL or the depositary if:

- all outstanding depositary shares have been redeemed; or
- there has been a final distribution in respect of the shares of Preferred Stock of the applicable series in connection with our liquidation, dissolution or winding up and such distribution has been made to the holders of depositary receipts.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to UAL notice of its election to do so. UAL may remove a depositary at any time. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of appointment.

Charges of Depositary

UAL will pay all transfer and other taxes and governmental charges arising solely from the existence of any depositary arrangements. UAL will pay all charges of each depositary in connection with the initial deposit of the preferred shares of any series, the initial issuance of the depositary shares, any redemption of such preferred shares and any withdrawals of such preferred shares by holders of depositary shares. Holders of depositary shares will be required to pay any other transfer taxes.

Notices

Each depositary will forward to the holders of the applicable depositary shares all notices, reports and communications from UAL which are delivered to such depositary and which UAL is required to furnish the holders of the preferred shares.

Limitation of Liability

The deposit agreement contains provisions that limit UAL's liability and the liability of the depositary to the holders of depositary shares. Both the depositary and UAL are also entitled to an indemnity from the holders of the depositary shares prior to bringing, or defending against, any legal proceeding pertaining to the rights of the holders of the depositary shares. UAL or any depositary may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred shares for deposit, holders of depositary shares or other persons believed by UAL or it to be competent and on documents believed by UAL or them to be genuine.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

The following summary of certain provisions of the stock purchase contracts and stock purchase units does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the stock purchase contract or stock purchase unit, as applicable, that will be filed with the SEC in connection with the offering of such securities.

UAL may issue stock purchase contracts, including contracts obligating holders to purchase from it, and obligating UAL to sell to the holders, a specified number of shares of Common Stock or other securities at a future date or dates, which we refer to in this prospectus as “stock purchase contracts.” The price per share of the securities and the number of shares of the securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, preferred securities, warrants or debt obligations of third parties, including U.S. treasury securities, securing the holders’ obligations to purchase the securities under the stock purchase contracts, which we refer to herein as “stock purchase units.” The stock purchase contracts may require holders to secure their obligations under the stock purchase contracts in a specified manner. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase units or vice versa, and those payments may be unsecured or refunded on some basis.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. The description in the prospectus supplement will not necessarily be complete, and reference will be made to the stock purchase contracts, and, if applicable, collateral or depositary arrangements, relating to the stock purchase contracts or stock purchase units, which will be filed with the SEC each time UAL issues stock purchase contracts or stock purchase units.

DESCRIPTION OF SUBSCRIPTION RIGHTS

The following summary of certain provisions of the subscription rights does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the certificate evidencing the subscription rights that will be filed with the SEC in connection with the offering of such subscription rights.

Subscription rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the subscription rights. In connection with any subscription rights offering to UAL's stockholders, UAL may enter into a standby underwriting arrangement with one or more underwriters pursuant to which such underwriters will purchase any offered securities remaining unsubscribed for after such subscription rights offering. In connection with a subscription rights offering to UAL's stockholders, UAL will distribute certificates evidencing the subscription rights and a prospectus supplement to its stockholders on the record date that UAL sets for receiving subscription rights in such subscription rights offering.

Warrants may be issued independently or together with debt securities, Preferred Stock or Common Stock offered by any prospectus supplement and may be attached to or separate from any such offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between UAL and a bank or trust company, as warrant agent. The warrant agent will act solely as UAL's agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

PLAN OF DISTRIBUTION

We and any selling security holder may offer and sell the securities covered by this prospectus from time to time, in one or more transactions, at market prices prevailing at the time of sale, at prices related to market prices, at a fixed price or prices subject to change, at varying prices determined at the time of sale or at negotiated prices, by a variety of methods, including the following:

- through agents;
- to or through underwriters;
- through brokers or dealers;
- directly by us or any selling security holders to purchasers, including through a specific bidding, auction or other process; or

Registration of the securities covered by this prospectus does not mean that those securities necessarily will be offered or sold.

In effecting sales, brokers or dealers engaged by us may arrange for other brokers or dealers to participate. Broker-dealer transactions may include:

- purchases of the securities by a broker-dealer as principal and resales of the securities by the broker-dealer for its account pursuant to this prospectus;
- ordinary brokerage transactions; or
- transactions in which the broker-dealer solicits purchasers.

In addition, we and any selling security holder may sell any securities covered by this prospectus in private transactions or under Rule 144 under the Securities Act rather than pursuant to this prospectus.

In connection with the sale of securities covered by this prospectus, broker-dealers may receive commissions or other compensation from us in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the securities for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker-dealer may be in excess of customary commissions or in amounts to be negotiated. In connection with any underwritten offering, underwriters may receive compensation in the form of discounts, concessions or commissions from us or from purchasers of the securities for whom they act as agents. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Any underwriters, broker-dealers, agents or other persons acting on our behalf that participate in the distribution of the securities may be deemed to be “underwriters” within the meaning of the Securities Act, and any profit on the sale of the securities by them and any discounts, commissions or concessions received by any of those underwriters, broker-dealers agents or other persons may be deemed to be underwriting discounts and commissions under the Securities Act.

In connection with the distribution of the securities covered by this prospectus or otherwise, we or any selling stockholder may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our securities in the course of hedging the positions they assume with us or any selling stockholder. We or any selling stockholder may also sell securities short and deliver the securities offered by this prospectus to close out our short positions. We or any selling security holder may also enter into option or other transactions with broker-dealers or other financial institutions, which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus, as supplemented or amended to reflect such transaction. We or

[Table of Contents](#)

any selling security holder may also from time to time pledge our securities pursuant to the margin provisions of our customer agreements with our brokers. Upon our default, the broker may offer and sell such pledged securities from time to time pursuant to this prospectus, as supplemented or amended to reflect such transaction.

At any time a particular offer of the securities covered by this prospectus is made, a revised prospectus or prospectus supplement, if required, will be distributed which will set forth the aggregate amount of securities covered by this prospectus being offered and the terms of the offering, including the name or names of any underwriters, dealers, brokers or agents, any discounts, commissions, concessions and other items constituting compensation from us and any discounts, commissions or concessions allowed or reallocated or paid to dealers. Such prospectus supplement, and, if necessary, a post-effective amendment to the registration statement of which this prospectus is a part, will be filed with the SEC to reflect the disclosure of additional information with respect to the distribution of the securities covered by this prospectus. In order to comply with the securities laws of certain states, if applicable, the securities sold under this prospectus may be sold only through registered or licensed broker-dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from registration or qualification requirements is available and is complied with.

We may solicit offers to purchase directly. Offers to purchase securities also may be solicited by agents designated by us from time to time. Any such agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in such prospectus supplement, any such agent will be acting on a reasonable best efforts basis for the period of its appointment. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities so offered and sold.

UAL may offer its equity securities into an existing trading market on the terms described in the applicable prospectus supplement. Underwriters, dealers and agents who may participate in any at-the-market offerings will be described in the prospectus supplement relating thereto.

Securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms ("remarketing firms") acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreement, if any, with us and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act, in connection with the securities remarketed thereby.

If so indicated in the applicable prospectus supplement, we may authorize agents, dealers or underwriters to solicit offers by certain institutions to purchase securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the applicable prospectus supplement. Such delayed delivery contracts will be subject to only those conditions set forth in the applicable prospectus supplement. A commission indicated in the applicable prospectus supplement will be paid to underwriters and agents soliciting purchases of securities pursuant to delayed delivery contracts accepted by us.

In connection with an underwritten offering, we and any selling stockholder would execute an underwriting agreement with an underwriter or underwriters. Unless otherwise indicated in the revised prospectus or applicable prospectus supplement, such underwriting agreement would provide that the obligations of the underwriter or underwriters are subject to certain conditions precedent, and that the underwriter or underwriters with respect to a sale of the covered securities will be obligated to purchase all of the covered securities, if any such securities are purchased. We or any selling security holder may grant to the underwriter or underwriters an option to purchase additional securities at the public offering price, less any underwriting discount, as may be set forth in the revised prospectus or applicable prospectus supplement. If we or any selling security holder grants any such option, the terms of that option will be set forth in the revised prospectus or applicable prospectus supplement.

Pursuant to a requirement by the Financial Industry Regulatory Authority, or “FINRA,” the maximum commission or discount to be received by any FINRA member or independent broker/dealer may not be greater than 8% of the gross proceeds received by us for the sale of any securities being registered pursuant to SEC Rule 415 under the Securities Act.

Underwriters, agents, brokers or dealers may be entitled, pursuant to relevant agreements entered into with us, to indemnification by us or any selling security holder against certain civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact, or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the underwriters, agents, brokers or dealers may be required to make.
